V. PUBLIC COMMENT

A. Public Comment

Addressing the Committee – Committee meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Committee through the Chair of the Committee. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Committee must send a Speaker Request Message through the form of a text message or chat box message to Miguel Aguilar, Executive Assistant to the CEO (805-807-8199). Messages must contain speaker name, contact number or email, and subject matter and sent prior to the beginning of the Public Comment section of the meeting. Members of the public may address the Committee on any matter within the Committee’s jurisdiction and have **three (3) minutes each** to do so. The total time of each subject

will be fifteen (15) minutes, unless additional time is requested by a Committee Member and approved by the Committee.

The Committee may not deliberate or take action on items that are not on the agenda. However, the Committee may give direction to staff following a presentation. The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Committee meeting. The Academic Affairs Committee may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Committee's ability to conduct its business in a timely manner. The Academic Affairs Committee may also allow for additional public comment and questions after reports and presentations if it deems necessary.

IV. REPORTS

A. Staff Report

Mr. Lewis shared that 45 scholars are enrolled in our AVID Elective class. Members of our AVID Site Team have attended numerous trainings to better support our scholars, including training on critical reading and collaborative study groups. Teachers in our Online High School have been incorporating AVID into their classrooms, such as philosophical chairs and the use of Cornell notes. He also shared that both the Counseling Services and Engagement Departments have been hosting a number of workshops, field trips and enrichment activities for our scholars. He also shared that we are hosting synchronous and asynchronous biology, chemistry, and physics labs every month this school year (days, time, and locations to be determined). They will be held in Fresno, Los Angeles and Santa Ana. We currently have 42 scholars enrolled in biology, 15 enrolled in chemistry and 5 enrolled in physics.

B. Response to Intervention (RTI) Presentation

Ms. Ashley Daugherty and Mrs. Kasey Wingate, Scholar Success Coordinators, shared a presentation on our Response to Intervention (RTI) program. They walked the committee through an example of the weekly bulletin, which is meant to support teachers in their support for scholars, the new truancy policy, and an overview of RTI. They also shared the indicators for Tier 1 scholars and examples of what the reporting currently looks like.

C. StrongMind Walk-Through

Mr. Lewis provided a walk-through of the new StrongMind system, including the Scholar Information System (SIS) and Learning Management System (LMS) / Parent Scholar Portal (PSP). He shared how staff, especially teachers, can access key information to support our scholars through this unified system. He will share a similar walk-through to the full Board of Directors at the November 27 board meeting.

V. PUBLIC COMMENT

A. Public Comment

No public comment.

VI. NEW BUSINESS

A. Review and Discussion of Committee Charge

Mr. Lewis reviewed the committee charge and opened the floor for discussion. This is the second year of operation for the Academic Affairs Committee, and the first with the current membership. Mr. Brown requested a monthly update on attendance, test data, and other relevant data points. Dr. Granger mentioned monthly would be good to start, and also asked that the report include RTI updates.

B. Review and Discussion of 9th Grade Math Placement Policy Check-Up

Mr. Lewis reviewed the 9th grade math placement checkpoint update from the Counseling Services Department, who performed the 30-day checkpoint for our 9th grade scholars per our 9th Grade Math Placement Policy. The checkpoint resulted in zero (0) scholar course level changes.

VII. Closing Items

A. Upcoming Meetings

B. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 3:55 PM.

Respectfully Submitted,
J. Lewis

Staff Report
January 17, 2018

This report is meant to provide updates to the Board of Directors Academic Affairs Committee:

Attendance – P-1 Reporting

Our Information Services Team worked on our P-1 Reports with assistance from CSMC. Each authorizer had a different deadline in December for submission, as they review the report and submit it on our behalf to the County Office of Education.

	<u>Total ADA</u>	<u>Average Daily Attendance Rate</u>
CCS of Fresno	123.13	95.04%
CCS of LA	409.51	91.47%
CCS of San Diego	367.99	95.78%

California Special Education Management Information System (CASEMIS)

CASEMIS is an information reporting and retrieval system in special education, developed by the CDE. The system provides the LEAs a statewide standard for maintaining a common core of special education data at the local level. Furthermore, at regular intervals it provides the CDE quality data that can be used for meeting many data needs as funding, educational standards, and program needs. In December and June, the entire system gets an extensive audit. We completed our December reporting and had a clean report thanks to the diligence and dedication of the entire Special Education Team.

Class of 2018

Graduation dates have been secured for the Class of 2018. Save the Date!

Monday, June 11: San Diego
Tuesday, June 12: Los Angeles
Wednesday, June 13: Fresno

Counseling Services Workshops

The Counseling Services Team is hosting a number of workshops throughout the month of January. Topics are geared toward either middle school or high school scholars. *See attached flyer for more information.*

Engagement Events

The Engagement Team has scheduled a number of field trips and enrichment activities for scholars throughout the state. *See attached flyer for more information, along with flyers for School Spirit Week and National School Choice Week.*

i-Ready Diagnostic Testing

Mid-year i-Ready testing is scheduled. All scholars will be completing the i-Ready math and reading tests the week of February 5, 2018.

Options Roundtables

Our Options Program held their first Options Roundtable discussions with Learning Coaches, allowing them to share their experiences with some of the vendor options that we offer. We plan to hold these on a regular basis in the spring semester, using their feedback to determine the types of vendors and curricula to focus on at each session.

Parent/Teacher Conferences

Our inaugural Online Parent/Teacher Conferences were held between November 6th and November 17th. These were very well received by Learning Coaches and teachers. Final participation percent totals: 66% (Elementary School: 74%, Middle School: 82%, High School: 41%).

Student Accountability Report Cards

Our Information Services Team worked on our Student Accountability Report Cards (SARCs). These are due by February 1, 2018. A presentation and review is under New Business.

Truancy Update

Per our Independent Study Policy, and in our signed Master Agreements between scholars, learning coaches and supervising teachers, if a scholar fails to submit at least five (5) assignments within a 10-day span, they are considered truant and meet with the President & CEO to see if independent study is an appropriate and supportive learning environment.

Here is a breakdown of the number of scholars who have been withdrawn based on this policy and process through December:

- Online Elementary School: 5 scholars
- Online Middle School: 7 scholars
- Online High School: 30 scholars
- Options Program: 1 scholar

WASC Re-Accreditation

Both Compass Charter Schools of Fresno and Compass Charter Schools of Los Angeles has Self-Study Accreditation Visits by WASC during the 2018-19 school year. We have submitted preferred dates for these visits to WASC and are awaiting confirmation. Our goal is to achieve the full six-year accreditation from WASC following these visits, similar to last year and Compass Charter Schools of San Diego.

RECOMMENDATION:

A motion to recommend approval of the 2016-17 School Accountability Report Cards by the Board of Directors.

Compass Charter Schools of Fresno

California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

J.J. Lewis, President & CEO

Principal, Compass Charter Schools of Fresno

About Our School

We are happy scholars and families choose to make Compass Charter Schools (CCS) their school of choice. I am proud to be the President & CEO of CCS, and look forward working with our faculty and staff to provide a quality independent study program to every scholar we serve. Everyone at CCS is committed to creating a nurturing environment as we work with our scholars to meet their unique learning needs. There are a few vocabulary words that we use which make our school culture unique to many others.

CCS VOCABULARY

Like any school CCS has its own unique culture. To help you understand part of the culture of CCS it is important you understand our use of the following key terms:

Learning Coach

Parents/guardians are known as the "Learning Coach" for their children and they are an integral part of their children's success at CCS. Since we are an independent study virtual school much of the learning is facilitated by the Learning Coach.

Scholar

At CCS we choose to refer to students as "scholar." Scholar is defined as a person who is highly educated or has an aptitude for study; a distinguished academic. We refer to students as scholars because we want to emphasize our commitment to helping every individual be academically successful.

We look forward to being part of our scholars educational journey, and invite you to learn more about us through this School Accountability Report Card and by visiting us online at www.compasscharters.org!

Respectfully,

J.J. Lewis, M.Ed.

School Description and Mission Statement (School Year 2017-18)

In 2012, Compass Charter Schools (CCS) began with a small team of educators in southern California committed to providing a safe, family-centered alternative to the traditional brick and mortar school for scholars throughout the state. While CCS has evolved over the years, the desire to provide excellent educational options has remained strong with our online and home school programs. Over the past five years, we have educated the highly gifted, the bullied, the athlete, the actor, the academically-challenged, the chronically ill, and many other scholars who sought a personalized educational experience outside traditional classroom walls.

Today we work diligently to grow our learning community with families, scholars and staff who value each other and exemplify respect, kindness, teamwork and open communication. We believe in running a school built on integrity and ethical decision-making. We nurture those who have been wounded in some way by the traditional school setting, those not able to find flexible academic programs to fit their needs, and those in need of guidance as they tread on unfamiliar ground as homeschoolers. CCS truly cares about our scholars and is not only dedicated to their academic success but to their social and emotional development.

Whatever the reason behind our scholars' enrollment in Compass Charter Schools, we are here to provide an environment where our scholars can feel safe and inspired to develop into confident, innovative, creative, self-directed scholars. Our scholars find success here at Compass Charter Schools because they have the support of a dedicated staff and their loving families. The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

We are proud to have opportunities available for parental involvement:

Coaches' Corner

Coaches' Corner is a bi-weekly online meeting presented by our staff that teaches parents the skills and knowledge they need to help their scholar(s) succeed at Compass Charter Schools.

Coaches' Corners are every other Wednesday at 1 pm. This virtual presentation lasts 10-20 minutes, and is followed by a live Q & A with presenters and learning coaches afterwards.

Parent Advisory Council

The Parent Advisory Council serves to provide parent feedback on school policies and procedures at Compass Charter Schools to ensure that they are consistent with its Mission, Vision, and Values.

Members act as a committed group of advisors to the staff and administration, regarding issues that affect the scholars and school of CCS. They provide feedback and insight from the parent's perspective on school process, policies and initiatives to ensure that the needs of parents and their families are included as decisions are made. They also serve as an advisory, not a decision-making body, that makes recommendations, encourages brainstorming and provides opportunities for parent involvement on committees.

School Safety Plan (School Year 2017-18)

While we are a virtual academy, we do have a School Safety Plan for our Learning Centers. The plan outlines emergency exits, designated meeting places near the building, and locations of emergency kits and fire extinguishers. In addition, we have phone trees created to notify all staff of emergencies and other situations.

Professional Development

In order to cultivate a culture of lifelong learning, Compass Charter Schools provides constant and relevant professional development for its staff. We host a week-long in-person All-Staff Retreat in August. In addition to this school-wide training, we provide each division a professional development budget for staff to utilize to attend conferences and workshops. Staff are encouraged to share what they have learned in either a department, division or all-staff setting once they return from these self-selected opportunities. We strive to enhance our offerings to ensure all staff are equipped with the necessary information to best serve and support our scholars and each other.

Compass Charter Schools of Los Angeles

California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

J.J. Lewis, President and CEO

Principal, Compass Charter Schools of Los Angeles

About Our School

We are happy scholars and families choose to make Compass Charter Schools (CCS) their school of choice. I am proud to be the President & CEO of CCS, and look forward working with our faculty and staff to provide a quality independent study program to every scholar we serve. Everyone at CCS is committed to creating a nurturing environment as we work with our scholars to meet their unique learning needs. There are a few vocabulary words that we use which make our school culture unique to many others.

CCS VOCABULARY

Like any school CCS has its own unique culture. To help you understand part of the culture of CCS it is important you understand our use of the following key terms:

Learning Coach

Parents/guardians are known as the "Learning Coach" for their children and they are an integral part of their children's success at CCS. Since we are an independent study virtual school much of the learning is facilitated by the Learning Coach.

Scholar

At CCS we choose to refer to students as "scholar." Scholar is defined as a person who is highly educated or has an aptitude for study; a distinguished academic. We refer to students as scholars because we want to emphasize our commitment to helping every individual be academically successful.

We look forward to being part of our scholars educational journey, and invite you to learn more about us through this School Accountability Report Card and by visiting us online at www.compasscharters.org!

Respectfully,

J.J. Lewis, M.Ed.
President & CEO

School Description and Mission Statement (School Year 2017-18)

In 2012, Compass Charter Schools (CCS) began with a small team of educators in southern California committed to providing a safe, family-centered alternative to the traditional brick and mortar school for scholars throughout the state. While CCS has evolved over the years, the desire to provide excellent educational options has remained strong with our online and home school programs. Over the past five years, we have educated the highly gifted, the bullied, the athlete, the actor, the academically-challenged, the chronically ill, and many other scholars who sought a personalized educational experience outside traditional classroom walls.

Today we work diligently to grow our learning community with families, scholars and staff who value each other and exemplify respect, kindness, teamwork and open communication. We believe in running a school built on integrity and ethical decision-making. We nurture those who have been wounded in some way by the traditional school setting, those not able to find flexible academic programs to fit their needs, and those in need of guidance as they tread on unfamiliar ground as homeschoolers. CCS truly cares about our scholars and is not only dedicated to their academic success but to their social and emotional development.

Whatever the reason behind our scholars' enrollment in Compass Charter Schools, we are here to provide an environment where our scholars can feel safe and inspired to develop into confident, innovative, creative, self-directed scholars. Our scholars find success here at Compass Charter Schools because they have the support of a dedicated staff and their loving families. It is a privilege that each and every day we get to help our scholars charter their educational future. We are loud and proud about making a difference in the lives of our scholars!

Mission Statement

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

Vision Statement

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Opportunities for Parental Involvement (School Year 2017-18)

We are proud to have opportunities available for parental involvement:

Coaches' Corner

Coaches' Corner is a bi-weekly online meeting presented by our staff that teaches parents the skills and knowledge they need to help their scholar(s) succeed at Compass Charter Schools.

Coaches' Corners are every other Wednesday at 1 pm. This virtual presentation lasts 10-20 minutes, and is followed by a live Q & A with presenters and learning coaches afterwards.

Parent Advisory Council

The Parent Advisory Council serves to provide parent feedback on school policies and procedures at Compass Charter Schools to ensure that they are consistent with its Mission, Vision, and Values.

Members act as a committed group of advisors to the staff and administration, regarding issues that affect the scholars and school of CCS. They provide feedback and insight from the parent's perspective on school process, policies and initiatives to ensure that the needs of parents and their families are included as decisions are made. They also serve as an advisory, not a decision-making body, that makes recommendations, encourages brainstorming and provides opportunities for parent involvement on committees.

Professional Development

In order to cultivate a culture of lifelong learning, Compass Charter Schools provides constant and relevant professional development for its staff. We host a week-long in-person All-Staff Retreat in August. In addition to this school-wide training, we provide each division a professional development budget for staff to utilize to attend conferences and workshops. Staff are encouraged to share what they have learned in either a department, division or all-staff setting once they return from these self-selected opportunities. We strive to enhance our offerings to ensure all staff are equipped with the necessary information to best serve and support our scholars and each other.

California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

J.J. Lewis, President & CEO

Principal, Compass Charter Schools of San Diego

About Our School

We are happy scholars and families choose to make Compass Charter Schools (CCS) their school of choice. I am proud to be the President & CEO of CCS, and look forward working with our faculty and staff to provide a quality independent study program to every scholar we serve. Everyone at CCS is committed to creating a nurturing environment as we work with our scholars to meet their unique learning needs. There are a few vocabulary words that we use which make our school culture unique to many others.

CCS VOCABULARY

Like any school CCS has its own unique culture. To help you understand part of the culture of CCS it is important you understand our use of the following key terms:

Learning Coach

Parents/guardians are known as the "Learning Coach" for their children and they are an integral part of their children's success at CCS. Since we are an independent study virtual school much of the learning is facilitated by the Learning Coach.

Scholar

At CCS we choose to refer to students as "scholar." Scholar is defined as a person who is highly educated or has an aptitude for study; a distinguished academic. We refer to students as scholars because we want to emphasize our commitment to helping every individual be academically successful.

We look forward to being part of our scholars educational journey, and invite you to learn more about us through this School Accountability Report Card and by visiting us online at www.compasscharters.org!

Respectfully,

J.J. Lewis, M.Ed.
President & CEO

School Description and Mission Statement (School Year 2017-18)

In 2012, Compass Charter Schools (CCS) began with a small team of educators in southern California committed to providing a safe, family-centered alternative to the traditional brick and mortar school for scholars throughout the state. While CCS has evolved over the years, the desire to provide excellent educational options has remained strong with our online and home school programs. Over the past five years, we have educated the highly gifted, the bullied, the athlete, the actor, the academically-challenged, the chronically ill, and many other scholars who sought a personalized educational experience outside traditional classroom walls.

Today we work diligently to grow our learning community with families, scholars and staff who value each other and exemplify respect, kindness, teamwork and open communication. We believe in running a school built on integrity and ethical decision-making. We nurture those who have been wounded in some way by the traditional school setting, those not able to find flexible academic programs to fit their needs, and those in need of guidance as they tread on unfamiliar ground as homeschoolers. CCS truly cares about our scholars and is not only dedicated to their academic success but to their social and emotional development.

Whatever the reason behind our scholars' enrollment in Compass Charter Schools, we are here to provide an environment where our scholars can feel safe and inspired to develop into confident, innovative, creative, self-directed scholars. Our scholars find success here at Compass Charter Schools because they have the support of a dedicated staff and their loving families. It is a privilege that each and every day we get to help our scholars charter their educational future. We are loud and proud about making a difference in the lives of our scholars!

Mission Statement

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

Vision Statement

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

Core Values

- Achievement
- Communication
- Integrity
- Respect
- Teamwork

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

School Safety Plan (School Year 2017-18)

While we are a virtual charter school, we do have a School Safety Plan for our Learning Centers. The plan outlines emergency exits, designated meeting places near the building, and locations of emergency kits and fire extinguishers. In addition, we have phone trees created to notify all staff of emergencies and other situations.

Professional Development

In order to cultivate a culture of lifelong learning, Compass Charter Schools provides constant and relevant professional development for its staff. We host a week-long in-person All-Staff Retreat in August. In addition to this school-wide training, we provide each division a professional development budget for staff to utilize to attend conferences and workshops. Staff are encouraged to share what they have learned in either a department, division or all-staff setting once they return from these self-selected opportunities. We strive to enhance our offerings to ensure all staff are equipped with the necessary information to best serve and support our scholars and each other.
