A.	Public Comment	FYI	Martin Suarez	10 m

		Purpose	Presenter	Time

Addressing the Board – Board meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Board through the Chair of the Board. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Board must complete a Speaker Request Card (https://forms.gle/jEmpDNMxeZYjirg89) and submit it to Josue Garcia, Executive Assistant to the Superintendent. The Speaker Request Card must contain speaker name, contact number or email, and subject matter and submitted to the Executive Assistant to the Superintendent prior to the start of the meeting. Members of the public may address the Board on any matter within the Board's jurisdiction and have **two (2) minutes each** to do so. The total time of each subject will be fifteen (15) minutes, unless additional time is requested by a Board Member and approved by the Board.

The Board may not deliberate or take action on items that are not on the agenda. However, the Board may give direction to staff following a presentation. The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Board meeting. The Board of Directors may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Board's ability to conduct its business in a timely manner. The Board of Directors may also allow for additional public comment and questions after reports and presentations if it deems necessary.

Superintendent's Report
May 23, 2021

Great work is happening throughout the organization. This report is meant to highlight several of the functional areas with updates for the Board of Directors:

Human Resources

- Sophia Trivino, Chief of Staff
  - Our Talent Manager represented Compass at the San Diego County Office of Education Virtual Teaching Job Fair in early April.
  - In anticipation of reaching our capacity limits in scholar enrollment for the upcoming school year, eligibility pools for all positions have been opened for prospective candidates. HR is vetting candidates as they come in, as well as conducting first, second, and third round interviews, as appropriate.
  - We are continuing our partnership with Harvard University, to offer all of our coordinators and above the opportunity to earn their Certificate in School Management & Leadership. Our goal is to have all of our leaders earn this certificate by June, 2022.
  - Organizational changes have transpired since the last meeting. *See enclosed worksheet.*

Executive

- I was honored to have been invited to speak on the Central Michigan University Diversity Equity and Inclusion Symposium Alumni Panel, which was held on Wednesday, April 7.
- We are working with Edgility Consulting on an organizational structure review. This review will assist Compass in making decisions to best support our scholars as well as support our staff as they support our scholars. Anticipated completion of this review is early June, 2021.
- We are working with Friday on strategic planning and equity support. This review is multifaceted, with a number of deliverables to support Compass throughout the next year.
- Members of our Leadership Team met with our CCS of Los Angeles authorizer, Acton-Ague Dulce USD, on Wednesday, April 14. Our authorizer shared points of pride in the work of Compass, based on both our Self-Assessment Checklist from our authorizer, items shared throughout the year, and conversation during the virtual visit itself.

- We conducted an in-person Cabinet Culture-Building Retreat on Friday, April 16. This was facilitated by our partners Altitude Learning.
- I represented Compass at the APLUS+ Network Special Meeting on Tuesday, April 20. Topics included AB 1316 and the Network's advocacy strategy.
- I attended the American Association of School Personnel Administrators Diversity, Equity & Inclusion Summit from Wednesday, April 21 through Friday, April 23 with Sophie Trivino.
- We conducted our Public Lottery for prospective scholars on Tuesday, April 27 at 2 pm. Based on the results of the lottery, we do anticipate reaching our capacity limits set by Board Resolution 2020-02 as well as having a number of prospective scholars on our waitlist.
- I served on a virtual WASC Accreditation Visiting Committee Wednesday, April 28 through Friday, April 30 for Grand View Christian Academy in Oregon.
- We have received our Interim Audit Update, from our auditors Christy White Associates. It is a fairly clean memo, with some work needed in our cash deposit process and attendance reviews. As a matter of process, we are in audit season until the final audit is presented in the fall.
- I attended the virtual CCSA Governance Academy on Tuesday, May 4 and Thursday, May 6 with Josue Garcia.
- I hosted my final Virtual Coffee with the Superintendent with our families on Friday, May 14 as part of our National Charter Schools Week celebrations.

A lot of great work is taking place, thanks to our dedicated staff, to continue to improve the educational experience we provide our scholars. My thanks to our team for everything they do each and every day.

Respectfully Submitted,

J.J. Lewis
Superintendent & CEO

In the Online Program, 10% of grade will be based on attendance at Learning Labs. Extra Credit points will be given to scholars' next quiz, test or project for attending a study or tutoring session. In an effort to continuously improve attendance and participation in the Compass Options program, each Educational Facilitator will decide on a way to recognize those in their class that complete their activity logs and work samples by the date. Examples include a note of thanks, class message, recognition in the Compass Newsletter and/or class challenge.		(+32.3%)

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

The Multi-Tiered System of Supports (MTSS) framework has been a successful implementation to support our goal of increasing scholar academic achievement. The MTSS framework supports all scholars in order to proactively and effectively target behavioral, social-emotional, and academic support. Our Compass Charter Schools of Yolo (CCS) framework provides increasing levels of instructional time and intensity, so that all scholars have the opportunity to learn and succeed. As scholars are flagged for needing tier 2 or tier 3 support, resources are provided to support their academic achievement, including counseling referrals, tutoring, and 1:1 sessions. Utilizing our Positive Behavior Interventions and Supports (PBIS) system and social-emotional learning, has also supported scholars for social-emotional and behavioral needs.

Goal 2

Increase scholar retention and scholar and parent engagement and involvement as measured by local indicators.

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

In reflecting on the data/metrics for this goal, the Compass Charter Schools of Yolo (CCS) community believes that our actions and services have been effective in increasing stakeholder engagement and involvement to support the success of scholars. As a non classroom based public charter school with two different instructional delivery models, qualitative data from parent surveys and feedback from our Parent Advisory Council (PAC) suggest that families are satisfied and maintain strong ties to CCS, evidenced by our satisfaction rate of 93%, listed on our CCS website.The feedback opportunities and continuous input of active parents and scholars have been invaluable for both the PAC, Scholar Leadership Council (SLC) and the CCS Leadership Team.

Learning Coach Academy was a great success as we covered a variety of topics during four (4) cohorts that each lasted 10-weeks. Topics covered during our Learning Coach Academy cohorts included Back to School Night (Options/Online), How to Help your Child, Internet Safety, Time Management for Scholars, State Testing Overview, Attendance Overview, Social Emotional Learning - Growth Mindset, Preparing for Parent/Teacher Conferences and/or Connection Meetings (Online) (Options), Encouraging and Enhancing

Scholar Success along with Preparing for College. Learning Coaches who completed all 10 sessions were awarded with a certificate of completion.

Prior to the Pandemic, we enjoyed a wide variety of field trip opportunities which included but were not limited to Back to School Picnics, WildCare Center Tour, LA Clippers AVID Night, Santa Ana Zoo, Discovery Cube, The Sawdust Factory, Environmental Nature Center, Sherman Library and Gardens, Logan's Candies and many more! Also, a community service opportunity that we provided was offered during a virtual scholar workshop where we created toys to donate to animal shelters. A challenge that we experienced with the pandemic was bringing field trip experiences to our scholars home. We worked tirelessly to provide kitted virtual scholar workshops that had tangible items along with group Zoom sessions in order to still provide meaningful and engaging enrichment experiences despite COVID-19.

In addition to the recognition mentioned in the metrics section, we also awarded six (6) Learning Coach Academy Certificates, nine (9) Excellent Parent Participation Awards and two (2) Learning Coaches of the Year. In regards to our scholar celebration ceremonies, we experienced a handful of successes and challenges as we responded to the challenges presented to us as a result of COVID-19. We experienced great success as we pivoted to offer "graduation in a box" along with a virtual commencement ceremony and reception for our Class of 2021. To celebrate our Kindergarten, 5-grade and 8-grade scholars, we intended to commemorate their success at our Fall 2020 Back to School picnics but ended up having to pivot those to be a virtual experience. All family communication about these offerings were shared out in the Monday Morning Update (MMU) as well as made available on our ParentSquare website.

Goal 3

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

While the actions/services for this goal were implemented, based on reflections by all of Compass Charter Schools of San Diego (CCS) stakeholders, there was an acknowledgement that the metrics were redundant of goal 1, and would be better accounted for/analyzed through the lens of basic services to meet the needs of these special student groups targeted by LCFF. We have established clearer metrics moving forward into future years.

Distance Learning Program

Actions Related to the Distance Learning Program

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
2.01 Curriculum and Instruction: Purchase curriculum to support our English Learners (EL) scholars. LLM Funds	$2,000.00	$5,043.34	Y
2.02 Professional Development: Provide staff training to support distance learning. LCFF S&C Funds	$139,526.00	$ 24,118.18	Y
2.03 IT Hardware, Software and Services: Purchase IT-related support for scholars and staff as needed to ensure access to high quality academic offerings. LLM Funds	$32,093.00	$ 10,512.64	Y
2.04 Curriculum Assessment and Software: Purchase curriculum to support K-3 scholars experiencing reading difficulties. LLM Funds	$1,396.00	$ 0.00	Y

A description of any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions.

Funds spent in these action items varied due to factors such as COVID-19. Due to COVID-19 in person training/conferences were either cancelled or moved to virtual only and the demand for IT support for scholars and staff increased.

Analysis of the Distance Learning Program

A description of the successes and challenges in implementing each of the following elements of the distance learning program in the 2020-21 school year, as applicable: Continuity of Instruction, Access to Devices and Connectivity, Pupil Participation and Progress, Distance Learning Professional Development, Staff Roles and Responsibilities, and Support for Pupils with Unique Needs.

In order to help scholars achieve academic success, Compass Charter Schools of Yolo (Compass) added on three new positions for Teacher in Residence. The role of the Teacher in Residence is to offer assistance to scholars (students) as Tutors, as well as acting as support to STs as needed. In addition, another counselor was hired to provide scholar support. Scholars were identified through the Multi-Tier System of Supports (MTSS) who needed additional support and interventions based on results of internal assessments and work completion. These scholars were provided access to weekly online tutoring sessions to address specific skill gaps. By providing these additional tutoring services to our scholars, we have seen a significant increase in their assessment performance. Of those

scholars attending ELA tutoring sessions, 25% performed at or above grade level on their mid-year reading diagnostic assessment (as opposed to 13% at the beginning of the year). 36% of scholars attending math tutoring sessions scored at or above grade level on their mid-year math diagnostic assessment. An identified challenge that continues with this action is the participation rate and attendance of identified scholars needing Tier 2 and 3 support in tutoring sessions. Compass will continue to collaborate and discuss strategies that will increase participation and engagement in tutoring sessions. Further, Compass will re-evaluate scholars qualifying for MTSS based on the mid-year diagnostic assessment, which was conducted the week of February 2nd. A revision plan will include offering weekly study hall sessions for scholars in need of support on completing class assignments and maintaining passing status.

Compass provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum which resulted in measurable growth among this scholar group. This growth has been measured with participation in the Lexia curriculum, completion of lessons within this online curriculum, and final grades from semester 1. Overall, TK-5 scholars moved from 50% working at or above grade level material in September 2020 to 25% working at and 25% above grade level in February 2021. Similarly, scholars in grades 6-12 showed growth in performing at intermediate/advanced levels from September to February in the Word Study domain within an improvement of 50%. For Compass, the percentage of scholars who attended at least one or more live EL support sessions were 33.3% for grades TK-5 and 100% for grades 6-12. Of those scholars who attended the EL support sessions from October 2020 to January 2021, these scholars received a final semester grade of ‘C’/3 or higher: 100% for TK-5 grades and 50% for scholars in 6-12 grades. With the proven efficacy of live EL support sessions, the need for additional learning opportunities and modalities for EL scholars through live sessions was an identified challenge. Therefore, the EL Support Coordinator will implement Listenwise literacy and language support. Listenwise offers standards-aligned podcast lessons with scaffolding built in for English Learners. The scaffolded lessons focus on building academic vocabulary, reading comprehension, and writing.

Compass used the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) screener to meet the goal of pre-screen scholars to address dyslexia concerns prior to Special Education referrals. Learning Ally and Listenwise supplemental subscriptions were purchased to specifically target skill gaps with reading instruction and differentiation of instruction for this population of scholars. Compass has increased collaboration and alignment between the Scholar Support Coordinator, Special Education Department (SPED), and STs to best support scholar needs. The administering of DIBELS 8 screen has provided valuable data which is considered in the decision process for scholars who may need further assessments. Early identification for scholars with Dyslexia is a challenge. Further research regarding early detection pre-screening for Dyslexia is needed to address this challenge.

The SPED team has provided over 1,468 hours of virtual Specialized Academic Instruction (SAI). Scholars were seen virtually in all services areas of qualification. In-person services and assessments continued for scholars that have this service in their Individualized Education Plan (IEP). Requests for assessments from the Scholar Success Team (SST) process as well as learning coaches (parents) will receive Assessment Plans. Current systems have impacted the efficacy with assessment plan execution. To address this challenge, systems will be created and implemented to ensure appropriate assessment plans are executed for scholars with exceptional needs.

The Compliance Coordinator, who serves as our McKinney-Vento Liaison updated the McKenny-Vento and Foster Youth identification and verification process. The Enrollment Specialist will now provide more information outlining reasons for their McKinney-Vento eligibility determinations. All McKinney Vento and Foster Youth scholars have received an introductory eMail from the Compliance Coordinator with the scholar's assigned counselor to create awareness of community resources available to families and increase collaboration. The Compliance Coordinator routinely checked in with eligible families and provided assistance with the re-enrollment process. These check-ins included a phone call, needs assessment survey, and a follow up eMail including current engagement event information. An identified challenge for this action was the ability to identify this scholar group. There was the need to update the enrollment information and forms that helped identify this scholar group. In order to address this challenge, the Compliance Coordinator created the Immediate Enrollment Form in Jotform in both English and Spanish for rollout in the 2021-22 academic year.

Scholars and families who were in need of a laptop and/or hotspot were able to submit the Computer Loan Form located on the Compass website. The IT department purchased this equipment as needed and were able to typically ship the items out the next business day minimizing any delays in the scholars learning experience. Staff, scholars and families have access to the Compass IT Support Department through the Compass helpdesk for any connectivity/technology questions or issues available regarding the website. Classlink was implemented and created for all scholars and staff to provide an efficient means of navigation to complete school-wide processes, organization of usernames and passwords.

All instructional staff attended the Advancement Via Individual Determination (AVID) Digital XP Conference in August. All Compass staff attended the ASCD Foundations of Building Trauma-Sensitive Schools to address social-emotional learning. Also, Compass sent a delegation to Fall CUE, the California Charter Schools Virtual Conference, and Spring CUE.

As a direct result from stakeholder feedback, virtual scholar workshops and field trips were added to supplement the inability to host in-person field trips due to COVID-19. The Counseling department added counseling learning labs that targeted the various social-emotional needs of our scholars. By increasing these virtual offerings, Compass was able to provide additional resources for support.

Pupil Learning Loss

Actions Related to the Pupil Learning Loss

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
3.01 Scholar Services and Support: Provide scholars with virtual college tutors to help bridge any educational gap they are experiencing. LCFF S&C Funds	$12,000.00	$ 0.00	Y
3.02 Professional Development: Provide staff training to support pupil learning loss strategies. LLM Funds	$16,204.00	$ 3,025.31	Y
3.03 Scholar Services and Support: Increase our subscription access to ensure our scholars have the tools they need to improve their academic outcomes. LLM Funds	$3,900.00	$ 8,928.22	Y
3.04 Scholar Services and Support: Purchase AVID Summer Bridge to strengthen scholars' math and science skills. This program will also provide support for English language learners. LCFF S&C Funds	$3, 100.00	$ 0.00	Y

A description of any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions.

A need for scholar services and support increased in response to COVID-19 which can contribute as to why our expenditures in 3.03 were over the total budgeted funds. However, professional development opportunities decreased significantly due to COVID-19.

Analysis of Pupil Learning Loss

A description of the successes and challenges in addressing Pupil Learning Loss in the 2020-21 school year and an analysis of the effectiveness of the efforts to address Pupil Learning Loss to date.

Due to the nature of our program, we did not see drastic pupil learning loss. Compass Charter Schools of Yolo (Compass) is an independent-study, learning model whereby scholars (students) have accessed curricula, resources, and their supervising teachers (STs) virtually. While brick-and-mortar schools were trying to navigate distance learning, Compass STs were the experts in providing personalized and effective instruction.

However, scholars identified as needing increased academic support were identified during our diagnostic assessments and by ST referral. A variety of resources were offered to these scholars, including small group tutoring, 1:1 sessions, recorded tutoring lessons, open office hours and focused virtual study halls. Scholars with significant academic, behavioral or social/emotional challenges were referred for a collaborative A Scholar Intervention Team (ASIT) meeting, giving all stakeholders a chance to collaborate on concerns and possible interventions. The Multi-Tier System of Supports (MTSS) committee began compiling a library of instructional videos for learning coaches (parents) highlighting best teaching practices and instructional strategies. These videos were made available to families via our weekly newsletter, Monday Morning Updates (MMU) and YouTube channel. We increased access to virtual tools and subscriptions for all scholars by adding additional seats to current subscriptions and broadening our subscriptions package to include a larger variety of intervention tools and resources. All identified English Learner (EL) scholars were given access to Lexia, an online English Language Development (ELD) program, in addition to live support sessions and frequent check-ins. This has resulted in over 90% of EL scholars passing their ELD courses and making progress toward English language proficiency. In addition, as a result of our ability to navigate unprecedented circumstances, we have seen a significant increase in the number of eligible graduates for the 2020-21 school year.

Ongoing collaboration with stakeholders continued throughout the year at monthly committee meetings, leadership advances, Scholar Leadership Council (SLC) meetings, and Parent Advisory Council (PAC) meetings. During these meetings all stakeholders reviewed and discussed the implementation of our pupil learning loss plan, provided feedback on student programs, reviewed assessments and benchmark data, and the overall progress being made. Compass made all adjustments based on the feedback provided by the stakeholders during these meetings.

An identified challenge to implementing this action was the freeze to all weekly live learning labs, scholar club meetings and engagement activities hosted on Zoom due to Zoom bombing. This freeze lasted for several weeks while Compass Charter Schools of Los Angeles developed safety protocols for using Zoom and training staff on new protocols. This resulted in a decrease in attendance by scholars (students) post freeze. Another identified challenge was a delay in our EL Scholars accessing the Lexia curriculum due to not signing their master agreement during Semester 1, access to a computer, or access to the internet. Correctly identifying the scholar and properly placing with a Spanish speaking ST.

Analysis of Mental Health and Social and Emotional Well-Being

A description of the successes and challenges in monitoring and supporting mental health and social and emotional well-being in the 2020-21 school year.

Compass Charter Schools of Yolo (Compass) Counselors have proactively supported the mental health needs of all scholars (students). A focus on mitigation of trauma and mental health have been incorporated in all aspects of the direct/indirect services provided to/for scholars and the social emotional curriculum/instruction delivered in small groups as well as learning labs.

Our counseling department has harnessed risk assessment tools, small group settings for scholars and maintaining proactive connections and communications to support the mental health needs of our scholar populations. These strategies have helped to support the identification of warning signs and connect scholars and families to available school and community resources. The counseling department continues to monitor the mental health and well-being of scholars while continuing to be proactive in offering academic guidance, focusing on scholars' emotional and social learning, and providing specific support to scholars who are struggling with various personal and school-related issues.

The counseling department has been challenged with Identifying scholars who need extra mental health support, especially regarding anxiety and depression, that can often be undetected under the best circumstances. Scholars have been reporting experiencing more occurrences of initial onsets of mental health illnesses and disorders. In addition, counselors have recognized a trend with coping techniques once used to manage anxiety and depression for many scholars are no longer working or are as effective in treating the symptoms.

Analysis of Pupil and Family Engagement and Outreach

A description of the successes and challenges in implementing pupil and family engagement and outreach in the 2020-21 school year.

The Compass Charter Schools of Yolo (Compass) Engagement Department launched 25 virtual scholar (student) clubs during the 2020-21 school year, offering a wide variety of subjects areas including Awesome Elementary Artists Club, Adulting 101, Arts & Crafts Club (Elementary), Arts & Crafts Club (Middle & High School), Book Club, Chess Club, Computer Code Club, and so much more. All clubs hosted regular monthly meetings throughout the year. A total of 145 Compass scholars attended a virtual club meeting during Semester 1. One identified challenge for this action was Zoom bombings experienced across the country. Compass paused all live virtual events until proper safety and protocols were in place. The Compass Engagement Department ensured that all club advisors were properly trained and informed of our updated Zoom protocols to safeguard against Zoom bombing attempts. The Engagement Department has continued to support and work alongside our club advisors providing quarterly meeting and training opportunities.

The Compass Engagement Department facilitated two cohorts of Learning Coaches (parents) Academy for our 2020-21 Learning Coach Academy Program which covered Back to School Night, Internet Safety, State Testing Overview, Preparing for College, Growth

Mindset and so much more. These cohorts lasted 10 weeks each. Each session included one training session and one question per week. There were weekly interactions, collaborations and support provided for those participating in the Learning Coach Academy. All Learning Coach Academy sessions were recorded and uploaded to YouTube to allow for Spanish subtitles. The only identified challenge to this action item was the pivoting of all the in-person activities to a virtual format only delayed the implementation of the ambassador program. The Ambassador program will be piloted in the 2021-22 school year.

Compass hosted Virtual Scholar Workshops twice per week during the 2020-21 school year. In collaboration with all three Compass Principals, we implemented the celebration of Heritage Months. We held our Black History Month assembly in February, where scholars had the opportunity to create poetry inspired by Black History, and we also heard from Dr. Walter Milton Jr., our guest keynote speaker. On March 19, we held a Women's History Month assembly. Scholars were invited to complete research on a "Woman in History" and were given the opportunity to present their research live at the assembly, and we also heard from Nicholette Parrish, our guest keynote speaker. Scholars have experienced a variety of hands-on and interactive workshops including: a four-part series with Garner-Holt productions, Groovy Lab in a Box, MoxieBox, Virtual Spelling Bee, Marine Science Institute, STEAM Field Trip in a Box, Cat Haven Live Virtual Tour, Vision Boarding, GameU Game Design, Big Life Journal, an Inauguration watch party, a visit from the author of The Colorado CurveBall, an environmental awareness art project and a workshop focusing on Martin Luther King's "I Have a Dream"! Workshops have included combinations of Q&A sessions, a hands-on project, and interactive activities that encourage scholar participation and socialization. One challenge that was identified was the high demand for these workshops resulting in a desire to offer more workshops in addition to our expanded workshop offerings. The challenge we are faced with is that we have limited bandwidth due to the amount of preparation and management required for each workshop offered.

Compass provided a variety of scholar awards to assist with our scholar engagement during the 2020-21 school year. These awards included but were not limited to Scholar of the Month, Firebird of the Year, Core Values (ARTIC) Awards by semester, Perfect Attendance, Samaritan Award, Honor Roll and more. We also engaged our scholars in monthly contests and biannual spirit weeks. All Scholar of the Month announcements can be found on the "news" section of the Compass website. Each scholar recipient received a mention in our press release, a certificate, and bumper sticker via mail. Core Values (ARTC) Award recipients were submitted by Staff. For Semester 1 we received 14 scholar nominations. Perfect Attendance awards were processed for each Learning Period. Our Honor Roll consisted of 302 scholars. Our October contest was Spirit Week inspired. Throughout the week of October 26-30, scholars were invited to show their Compass Spirit Week by showing off their outfits during Red Ribbon Week dress-up days using themes luke "Proud to Be Drug Free (wear red)" and "Compass Spirit Day (wear your orange, blue or your proud scholar shirt)". Our January contest was Spirit Week inspired. Through the week of January 25, scholars were inverted to show their Compass spirit by showing off their outfits during dress-up days highlighting our focus on the Great Kindness Challenge using themes like "Kindness Rocks: Dress Like a Rockstar" and "Team Kindness: Wear your Favorite Sports Uniform." Additional contests that we offered included a pumpkin decorating contest, thank you poster contest, steps challenge, reading challenge and more! There were no challenges identified when implementing these actions.

Compass scholar leaders had the opportunity to participate in the Scholar Leadership Council, which is offered as one of our scholar clubs. Within this group, scholar leaders worked with the Superintendent and Chief Executive Officer (CEO) discussing ways to enhance and expand the Compass Experience for scholars. National Honor Society members were invited to attend the LEAD Spark Conference at the end of November and three of our NHS scholars participated. At LEAD, NHS scholars and NHS advisers sharpen their leadership skills to improve school culture and community while networking with peers from around the country. Training opportunities for both NHS scholars and NHS advisers will tackle a variety of topics, including leadership, scholar voice, civic engagement, service, and activities. National Honor Society members were also invited to attend the LEAD Winter Conference at the end of February and three (3) of our NHS scholars participated. LEAD Winter was a virtual conference on February 26–27, which brought together and inspired scholars from all over the world to make a difference in their schools and communities.

Analysis of School Nutrition

A description of the successes and challenges in providing school nutrition in the 2020-21 school year.

As a nonclassroom-based public charter school, Compass Charter Schools of Yolo (Compass) coordinated with our authorizer to provide information and updates on local food service options during the current pandemic. Since our program is based on virtual learning, we have worked with county agencies to ensure families are aware of local resources to provide nutritional meals to scholars through our Virtual Resource Guide (https://www.smore.com/fhw7b) which is continually updated.

A description of any substantive differences between the planned actions and budgeted expenditures for the additional plan requirements and what was implemented and expended on the actions.

COVID-19 resulted in limited access among engagement. Needed PPE was purchased and scholar engagement-virtual scholar workshops slowly increased throughout the school year; moreso in 2021 of this year. Compass Charter Schools did partner with one mental health service/support for All staff called Wellness for Educators, though because of COVID-19 access to community providers offering mental health services virtually was limited.

Overall Analysis

An explanation of how lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.

In the development of goals for the 2021-21 Local Control and Accountability Plan (LCAP) we learned from our previous LCAP that many of our metrics were unclear and existing systems for data reporting were not adequate to monitor progress at the scholar (student) level and instructional programs (Online and Options). The 2021-24 LCAP will have metrics attached to goals that are tightly aligned to the eight state priorities and our internal data protocol will ensure that data is tracked in a manner which allows us to more accurately assess our progress over time.

In reflecting on our previous LCAP and the lessons from the pandemic, the new goals will be driven by a focus on staff training and development to increase efficacy and quality implementation. All instructional staff attended AVID XP training to focus on implementing AVID academic strategies in all direct learning opportunities across all subjects and grade levels.

Regarding scholars who have participated in the support to address learning loss, those scholars have shown an increase in academic achievement. Identifying these scholars who need extra support will continue to be evaluated and addressed by LCAP goals. Through the implementation of counseling learning labs that focus on social-emotional learning and needs for scholars, mental health and well being of scholars is supported. Also, the risk assessment tools and training provided by the counseling department has increased awareness for staff to continue to support scholar mental health and well being. The need to further identify scholars with anxiety and depression and provide additional coping skills will be addressed in LCAP 2021-24 goals.

Lastly, the pivot from in-person engagement (i.e. Field trips, Welcome Back Picnics) to virtual provided opportunities for reflection regarding how scholars and learning coaches (parents) can continue to participate in engagement activities that will contribute to increasing engagement and retention. With scholar clubs, virtual workshops, learning coach academy, and scholar leadership opportunities, increasing scholar retention and scholar and family engagement will continue to be a goal for the 2021-24 LCAP.

An explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs.

To provide support for our scholars (students) identified as English learners (ELs), assessments and progress monitoring will continue. Lexia placement is conducted during initial scholar log in. Monthly progress reports regarding reaching goals, time spent in course, placement, accuracy, and overall progress is shared by our EL Coordinator and included on Personalized Learning Plan (PLP) for supervising teachers (STs) to follow up during connection meetings. Pass/Fail grading is provided for each scholar. Lexia implementation and follow up by the EL Coordinator and ST will continue to drive LCAP goals.

For scholars with special needs, support subscriptions will continue to be in place and regularly accessed including Read Naturally for 65 hours, Max Scholar for 34 hours, Learning Ally, and Ascend Math for 65 hours. SAI continues to be implemented and provided for scholars with an Individualized Education Plan (IEP). Annual IEPs and Tri-annual assessments continue to drive the IEP creation, set IEP goals, and IEP services. In addition, end of the semester progress reports are sent out regularly to scholars and Learning Coaches (parents) that focus on IEP goals and progress towards those goals. Progress on present levels as indicated by school-wide internal diagnostics and informal assessments regarding progress are also indicated on progress reports and end of the semester final grade data. In addition, IEP amendments are provided to address learning loss or lack of progress on IEP goals. As needed, in person services are provided where appropriate. Regular communications and collaboration between Special Education (SPED) case managers and general education teachers to ensure appropriate and effective accommodations and modifications are being implemented.

Lastly, for scholars identified as McKinney-Vento eligible, internal diagnostics for math and reading will continue to be administered three times a year. Scholars who are identified as needing Tier 2 or 3 support will receive tutoring through the Multi-Tier System of Supports (MTSS) framework. During A Scholar Intervention Team (ASIT) meetings, scholars identified as foster youth or McKinney-Vento are indicated and supports for social emotional learning (SEL) and academic support are provided.

A description of any substantive differences between the description of the actions or services identified as contributing towards meeting the increased or improved services requirement and the actions or services implemented to meet the increased or improved services requirement.

Compass Charter Schools of Yolo (Compass) provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum for our English Learner (EL) scholar (student) group and held EL learning labs with 100% participation rate from our EL Scholars. Monthly progress reports for EL progress in the Lexia curriculum ensured progress monitoring to increase achievement. Gaps were identified and addressed usings “Skill Builders” to focus on targeted skill development. Further, there was an English Language Proficiency Assessments for California (ELPAC) increase in responsiveness and ELPAC meeting in Spanish/English including process explanation to support families in completing this assessment. With the creation of the translation committee, the committee members reviewed school documents and provided translated versions for Spanish speaking families and scholars.

Listenwise has been piloted for evaluation and determination for further implementation (subscription). Listenwise offers standards-aligned podcasts lessons with scaffolding built in for ELs. The scaffolded lessons focus on building academic vocabulary, reading, comprehension, and writing. These actions and services were aligned with those that were initially identified.

In addition, for our scholars with special needs, support subscriptions were implemented and many were piloted. Specialized Academic Instruction (SAI) sessions continued to be offered as an Individualized Education Plan (IEP) service to support scholars in reaching their IEP goals. These actions and services also align with those that were initially identified.

K-3 online scholars have access to physical readers and personalized learning “kits” to increase reading and math proficiency. Further, implementation of IXL has been provided to address scholar learning needs. These actions and services align with those initially identified.

College Tutors were planned and budgeted, however, no action was taken on this initiative due to health concerns as vaccinations were not readily available.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

A description of how the analysis and reflection on student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP.

In order to increase academic achievement for our scholar (student) population, Compass Charter Schools of Yolo (Compass) has implemented several initiatives to support each scholar group to meet their needs: a Multi-Tiered System of Support (MTSS) framework, a Wildly Important Goal (WIG) to increase graduation rates, and an English learner (EL) support program through a partnership with Lexia, a research-based, targeted English Language Development (ELD) online curriculum, to address literacy development for our EL population. We also created a new position, an EL Coordinator, to support our scholars who are ELs by providing asynchronous and synchronous sessions in order to improve ELD. To further support our EL population and provide an equitable experience to our Spanish-speaking stakeholders, we have implemented a translation committee which translates all Compass facing documents. The implementation of this committee has strengthened our communication and provided access for all stakeholders. Our MTSS framework is driven by our Scholar Success Coordinator who oversees our tutoring program. Tutors utilize benchmark results for screening in order to support scholars who need Tier 3 support by holding weekly live sessions in both math and reading. They also hold open office hours for 1:1 sessions to help address skill gaps. This implementation and framework has drastically increased academic achievement and personalized instruction has been made available due to this framework. Finally, our Wildly Important Goal (WIG) - 100% of eligible scholars will graduate by June 2021 - has been a schoolwide initiative and lead and lag measures have been put in place for each department so progress can be tracked and measured. Each department also has a compelling scoreboard which is shared with each team and is reflected upon each month to ensure progress is being made. Within the academic division, our Professional Learning Communities (PLCs) continually reflect and share best practices and strategies within their PLC teams - these strategies and constant reflection of what is working and what is not, will ultimately increase scholar achievement.

In addition, the translation committee has supported the goal to increase scholar retention and scholar and family engagement through the translated Compass scholar facing document. The transition from in-person engagement opportunities for scholars to strictly virtual has continued to provide enrichment to enhance student learning which increased engagement. Virtual clubs, workshops, and learning coach (parent) academy provided an opportunity for both scholars and learning coaches to collaborate together and socialize to build community and increase engagement. Further, the scholar recognition each month highlights the Compass Achievement, Respect,

Teamwork, Integrity, and Communication (ARTIC) core values and contribute to a positive school culture. All of these engagement outcomes provided a baseline to determine the expected outcomes with the implementation of these action items to meet this LCAP goal for the 2021-24 LCAP.

A number of actions have been taken by Compass to address college and career readiness for our scholars. Compass has implemented the Advancement Via Individual Determination (AVID) College and Career readiness program as both a stand alone elective course open to scholars grades 8-12 as well as incorporating AVID strategies school-wide in all direct learning opportunities. Moreover, all Compass instructional staff attend AVID professional development (AVID XD, Compass AVID Mini-Retreat, AVID Summer Institute) and the school had dedicated resources for a dedicated AVID Program Coordinator that leads the AVID Site Team and is comprised of representatives across programs and grade levels. In addition, our Counseling Services Department. offers an expansive offering of College and Career readiness supports which include, weekly live sessions focused on topics related to college entry and career exploration. The Counseling Department has a dedicated College and Career Readiness counselor who supports several college and career readiness efforts including, the creation of personalized learning plans, advising working scholars and authorizing work permits, and supporting scholars in our concurrent enrollment program. Compass has also focused on the development of college level curriculum by developing the school's catalogue of college level courses including A-G and Advanced Placement (AP) courses. To evaluate the effectiveness of these efforts Compass administers internal diagnostic testings for all scholars and facilitates the California Assessment of Student Performance and Progress (CAASPP) testing workshops for scholars and Learning Coaches.

Instructions: Introduction

The Annual Update Template for the 2019-20 Local Control and Accountability Plan (LCAP) and the Annual Update for the 2020–21 Learning Continuity and Attendance Plan must be completed as part of the development of the 2021-22 LCAP. In subsequent years, the Annual Update will be completed using the LCAP template and expenditure tables adopted by the State Board of Education.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Instructions: Annual Update for the 2019–20 Local Control and Accountability Plan Year

Annual Update

The planned goals, state and/or local priorities, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the approved 2019-20 Local Control and Accountability Plan (LCAP). Minor typographical errors may be corrected. Duplicate the Goal, Annual Measurable Outcomes, Actions / Services and Analysis tables as needed.

Annual Measurable Outcomes

For each goal in 2019-20, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in 2019-20 for the goal. If an actual measurable outcome is not available due to the impact of COVID-19 provide a brief explanation of why the actual measurable outcome is not available. If an alternative metric was used to measure progress towards the goal, specify the metric used and the actual measurable outcome for that metric.

Actions/Services

Identify the planned Actions/Services, the budgeted expenditures to implement these actions toward achieving the described goal and the actual expenditures to implement the actions/services.

Goal Analysis

Using available state and local data and input from parents, students, teachers, and other stakeholders, respond to the prompts as instructed.

- If funds budgeted for Actions/Services that were not implemented were expended on other actions and services through the end of the school year, describe how the funds were used to support students, including low-income, English learner, or foster youth

students, families, teachers and staff. This description may include a description of actions/services implemented to mitigate the impact of COVID-19 that were not part of the 2019-20 LCAP.

- Describe the overall successes and challenges in implementing the actions/services. As part of the description, specify which actions/services were not implemented due to the impact of COVID-19, as applicable. To the extent practicable, LEAs are encouraged to include a description of the overall effectiveness of the actions/services to achieve the goal.

Instructions: Annual Update for the 2020–21 Learning Continuity and Attendance Plan

Annual Update

The action descriptions and budgeted expenditures must be copied verbatim from the 2020-21 Learning Continuity and Attendance Plan. Minor typographical errors may be corrected.

Actions Related to In-Person Instructional Offerings

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to in-person instruction and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for in-person instruction and what was implemented and/or expended on the actions, as applicable.

Analysis of In-Person Instructional Offerings

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing in-person instruction in the 2020-21 school year, as applicable. If in-person instruction was not provided to any students in 2020-21, please state as such.

Actions Related to the Distance Learning Program

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to the distance learning program and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions, as applicable.

Analysis of the Distance Learning Program

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing distance learning in the 2020-21 school year in each of the following areas, as applicable:
    - Continuity of Instruction,
    - Access to Devices and Connectivity,
    - Pupil Participation and Progress,
    - Distance Learning Professional Development,
    - Staff Roles and Responsibilities, and
    - Supports for Pupils with Unique Needs, including English learners, pupils with exceptional needs served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness

  To the extent practicable, LEAs are encouraged to include an analysis of the effectiveness of the distance learning program to date. If distance learning was not provided to any students in 2020-21, please state as such.

Actions Related to Pupil Learning Loss

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to addressing pupil learning loss and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions, as applicable.

Analysis of Pupil Learning Loss

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in addressing Pupil Learning Loss in the 2020-21 school year, as applicable. To the extent practicable, include an analysis of the effectiveness of the efforts to address pupil learning loss, including for pupils who are English learners; low-income; foster youth; pupils with exceptional needs; and pupils who are experiencing homelessness, as applicable.

Analysis of Mental Health and Social and Emotional Well-Being

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in monitoring and supporting Mental Health and Social and Emotional Well-Being of both pupils and staff during the 2020-21 school year, as applicable.

Analysis of Pupil and Family Engagement and Outreach

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges related to pupil engagement and outreach during the 2020-21 school year, including implementing tiered reengagement strategies for pupils who were absent from distance learning and the efforts of the LEA in reaching out to pupils and their parents or guardians when pupils were not meeting compulsory education requirements or engaging in instruction, as applicable.

Analysis of School Nutrition

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in providing nutritionally adequate meals for all pupils during the 2020-21 school year, whether participating in in-person instruction or distance learning, as applicable.

Analysis of Additional Actions to Implement the Learning Continuity Plan

- In the table, identify the section, the planned actions and the budgeted expenditures for the additional actions and the estimated actual expenditures to implement the actions, as applicable. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the additional actions to implement the learning continuity plan and what was implemented and/or expended on the actions, as applicable.

Overall Analysis of the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompts are to be responded to only once, following an analysis of the Learning Continuity and Attendance Plan.

- Provide an explanation of how the lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.
    - As part of this analysis, LEAs are encouraged to consider how their ongoing response to the COVID-19 pandemic has informed the development of goals and actions in the 2021–24 LCAP, such as health and safety considerations, distance learning, monitoring and supporting mental health and social-emotional well-being and engaging pupils and families.

- Provide an explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs (including low income students, English learners, pupils with disabilities served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness).
- Describe any substantive differences between the actions and/or services identified as contributing towards meeting the increased or improved services requirement, pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496, and the actions and/or services that the LEA implemented to meet the increased or improved services requirement. If the LEA has provided a description of substantive differences to actions and/or services identified as contributing towards meeting the increased or improved services requirement within the In-Person Instruction, Distance Learning Program, Learning Loss, or Additional Actions sections of the Annual Update the LEA is not required to include those descriptions as part of this description.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompt is to be responded to only once, following the analysis of both the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan.

- Describe how the analysis and reflection related to student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP, as applicable.

Plan Summary [LCAP Year]

General Information

A description of the LEA, its schools, and its students.

Compass Charter Schools of San Diego (Compass) is a free, nonclassroom-based, public charter school which is directly funded by the State of California and the federal government. Compass provides 21st century online and home study learning programs authorized by Mountain Empire USD for scholars (students) in grades TK-12 who reside in Los Angeles county and its adjacent counties and wish to pursue high-quality, and rigorous instructional programs via virtual learning.

The academic program provides choices for families who enroll. The Online Learning Program is a virtual program where scholars use Accelerate Education as their curriculum. A credentialed supervising teacher (ST) supports the scholar and provides live, online learning labs once a week. The weekly live labs are 1-hour long per content area. These labs are held once a day and are recorded for scholars to access if they cannot attend the live session. In our Options Learning Program, the learning coach (parent or guardian) is the primary instructor for their scholars and commits to providing a well-rounded education for their child. The ST is there to guide the learning coach with curricular options, order requests, and academic guidance. In both programs, each scholar is assigned a ST who helps provide support to the scholar and learning coach on their educational journey. The ST is there to provide as much or as little support as needed to support scholars and as the family's go-to person for all the scholars' educational needs. The enrollment is currently 832 scholars across grades TK through 12. Similar to the authorizing district, as of Census Day 2020 we serve 46.6% Socioeconomically Disadvantaged, 10.2% homeless, 0% foster youth, 5.04% English Learners,11.4% Students with Disabilities.

The mission of Compass is to inspire and develop innovative, creative, self-directed learners, one scholar at a time. Our vision is to create a collaborative virtual learning community, which inspires scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success. We support our scholars, learning coaches, teachers, staff

and community through our core values of Achievement, Respect, Teamwork, Integrity, and Communication (ARTIC). Scholars will attend school primarily from home, supervised by a learning coach, following a Personalized Learning Plan (PLP) that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated STs.

According to the California Department of Education, Independent Study is a different way of learning. In independent study, a scholar is guided by a ST but usually does not take classes with other scholars every day. The scholar works independently. Scholars who participate in independent study take the same courses as scholars in traditional public schools. Some reasons why scholars choose Independent study programs are because:

- benefits scholars who have health issues
- scholars who are parenting,
- scholars qualified as gifted and/or talented,
- scholars may require more time in certain subjects,
- scholar activities such as acting, dancing, and athletics require time during the normal school day,
- scholars who are working,
- scholars in need of an educational program with flexibility,
- scholars who find regular classroom settings do not meet their needs, or
- scholars seeking to learn in a secure and safe environment.

Independent study is a viable option for many because it offers scholars the freedom to explore various subjects, free from the confines of a classroom. Additionally, the self-paced learning environment allows scholars to go as quickly or slowly as they need to for standard mastery. In the Online Learning Program, the state-standard aligned curriculum is provided through texts and online platforms, and progress is supervised by both the credentialed course instructor and the Assistant Superintendent and Chief Academic Officer. In the Options Learning Program, families use instructional funds and choose their curriculum(s) from our approved vendor list, with support and progress supervised by both the credentialed ST and the Assistant Superintendent and Chief Academic Officer.

It is important to note that many high school scholars whose families choose an independent study charter school because the scholar was not successful in comprehensive high schools. This is important because many of the scholars in the high school program will come to us deficient in credits required to graduate, so we will make high school courses and credit recovery an option for all scholars who are deficient in credits. This continues to be an area of focus for Compass as we transition to the 2021-24 Local Control Accountability Plan.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Based on the 2019 California School Dashboard, Compass Charter Schools of San Diego (Compass) has demonstrated success in the following areas:

Chronic Absenteeism Indicator – Compass has decreased the schoolwide chronic absenteeism rate by 0.9% which resulted in the rating of "green" with only 4% of scholars in a pattern of irregular attendance. We attribute this positive trend to our focus on increasing the number of touchpoints with families to ensure our scholars are maintaining regular engagement with our online learning platforms;

Suspension Rate – We have maintained a 0% suspension rate for all years of reporting on the CA Dashboard as our program of distance learning allows scholars to be self-directed learners who value education.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

According to the CA School Dashboard enrollment demographics for 2019, Compass Charter Schools of San Diego (Compass) has a statistically significant number of scholars in the Socioeconomically Disadvantaged student group. As such, there are five indicators on the Dashboard which are in need of increased attention

(NOTE: Data suppression of African-American, Asian, English Learners, Foster Youth, Homeless, 2+ Races, Pacific Islander, Students with Disabilities)

Graduation – Although Compass graduation rates increased by 3.8%, our graduation rate was 46.7% which resulted in the rating of "red": All data suppressed for color gauges for these groups – Hispanic 41.7% (increased 8.3%), SED 40% graduated (declined 2.9%), White 50% graduated (declined 3.9%)

College/Career – The percentage of scholars considered prepared for college/career was 7%, a decline of 4.1% which resulted in the rating of "red". All student group gauges suppressed: Hispanic 8.7% prepared (maintained -0.4%), Socioeconomically Disadvantaged 6.9% prepared (declined 5.1%) White 8.3% prepared. It is important to note, although our rating is red for College/Career, Compass' concurrent enrollment increased from 4.3% in the 2019-2020 school year to 11.5% in the 2020-21 school year.

English/Language Arts – Compass scored 48.6 points below standard school wide, a decline of 26.4 points, which resulted in the rating of “orange”. All student group gauges suppressed: Socioeconomically Disadvantaged scholar group rated at 50.7 points below, a decline of 12.2 points, resulting in an “orange” rating. Our White scholar group rated at 29.6 points below, a decline of 6.3 points, resulting in an “orange” rating. Our Hispanic scholar group rated at 70 points below, a decline of 44.7 points, resulting in an “orange” rating. Gauges suppressed for following groups 2+ Races 53.8 below (declined 50.9 points), Students with Disabilities 94.9 below (declined 17.1 points), English Learners 136.7 below, English Only 39.3 below (declined 19.3 points).

Mathematics – Compass scored 98.8 points below standard school wide, a decline of 27.2 points, which resulted in the rating of “red”. All student group gauges suppressed: Our Hispanic scholar group scored 116.7 points below standard, a decline of 14.1 points, resulting in a “red” rating. Our Socioeconomically Disadvantaged scholar group scored 104.7 points below standard, a decline of .05 points, resulting in a “red” rating. Our White scholar group scored 77.9 points below standard, maintaining 2 points, resulting in a “orange” rating. Gauges suppressed for following groups: English Learners 156.6 below standard, 2+ Races 111.1 below, a decline of 28.9 points, Students with Disabilities 155.9 below standard, maintaining 2.7 points, and English Only 91.9 below, a decline of 3.1 points. With that being said, it is important to note scholars identified through the Multi-Tier System of Supports (MTSS) who needed additional support and interventions based on results of internal assessments and work completion were provided access to weekly online tutoring sessions to address specific skill gaps. By providing these additional tutoring services to our scholars, we have seen a significant increase in their assessment performance. Of those scholars attending tutoring sessions 14% performed at or above grade level on their mid-year reading diagnostic assessment (as opposed to 10% at the beginning of the year). 13% of scholars attending math tutoring sessions scored at or above grade level on their mid-year math diagnostic assessment (as opposed to 6% at the beginning of the year).

English Learner Progress Indicator – 33.3% making progress towards English language proficiency. In order to address this, Compass provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum which resulted in measurable growth among this scholar group. This growth has been measured with participation in the Lexia curriculum, completion of lessons within this online curriculum, and final grades from semester 1. Overall, TK-5 scholars moved from 35% working at above grade level material in September 2020 to 51% working at or above grade level in February 2021. Similarly, scholars in grades 6-12 showed growth in performing at intermediate/advanced levels from September to February in all three domains. Word Study improved by 35%, Grammar by 12%, and Reading Comprehension by 16%. For Compass, the percentage of scholars who attended at least one or more live EL support sessions were 58.3% for grades TK-5 and 55.6% for grades 6-12. Of those scholars who attended the EL support sessions from October 2020 to January 2021, these scholars received a final semester grade of ‘C’/3 or higher: 75% for TK-5 grades and 82.4% for scholars in 6-12 grades. With the proven efficacy of live EL support sessions, the need for additional learning opportunities and modalities for EL scholars through live sessions was an identified challenge. Therefore, the EL Support Coordinator will implement Listenwise literacy and language support. Listenwise offers standards-aligned podcast lessons with scaffolding built in for English Learners. The scaffolded lessons focus on building academic vocabulary, reading comprehension, and writing.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

As the Local Control and Accountability Plan (LCAP) is a three-year plan that is designed and meant to provide full transparency at the local level and encourage valuable input from all stakeholders in the community, Compass Charter Schools of San Diego (Compass) engaged all stakeholders (see “Stakeholder Engagement” for more information) to develop a streamlined, three-year plan aligned to the California Eight State Priorities.

Based on the feedback from our stakeholders, Compass developed the following LCAP goals for the 2021-24 academic years:

1. Increase scholar academic achievement in core academic subjects.

2. Increase scholar and parent engagement/involvement.

3. Increase college and career readiness for scholars.

4. Ensure that at-promise scholars are making progress toward earning a high school diploma.

Compass also ensured to include actions in response to the lessons learned from the COVID-19 pandemic and the lingering impacts from the on-going pandemic challenges such as social-emotional/well being and pupil learning loss.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Compass Charter Schools of San Diego was identified for CSI Graduation on January 31, 2020. The graduation rate for 2019 was 46.7% which was a decline of 3.8%..

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Compass Charter Schools of San Diego (Compass) was identified for Comprehensive Support and Improvement (CSI) on January 31, 2020 due to the following school indicators: Red level for all student group in Graduation (46.7%, a 3.8% increase), College/Career (7% prepared, a 4.1% decline) and Math (98.8% Below Standards, a 7.2 points decline). And Orange level for English/Language Arts (48.6 Points Below, a 26.1 point decline). Finally, our English Learner Progress at 33.3% making progress towards English language proficiency. Although our

school indicators may show our progress has declined in the previous year, we remain steadfast in our devotion and commitment to our scholars' success. As a result of this commitment, this year we have implemented a school-wide Wildly Important Goal (WIG): by focusing on scholar engagement, 100% of our eligible scholars will graduate by the end of the 2020-21 school year. Through this school-wide WIG, all departments have developed their own aligned WIG that will guide the goals of our Supervising Teachers (STs) and Professional Learning Communities (PLCs) data collection. Lead and lag measures will determine the development and data reporting for this WIG. This WIG data, at the department level, will be shared bimonthly to provide a compelling scoreboard to indicate the lead and lag measures. The overall Compass' WIG goal will be shared with Compass staff on a monthly basis during the Compass Deep Dive, and each team will have direct access to their scoreboard to monitor goal achievement. The WIG progress share outs during the Compass Deep Dive have been very successful, as all Compass staff take accountability and personal responsibility for the goal progress. All staff are invested in getting each lead measure to "the green" and out of the red zone, and there is an element of competition and pride as a result of moving out of the red. To further involve the stakeholders in the implementation and progress of the WIG, the goal will provide the focus for all collaborative ideation and work completed in staff committees, divisions and departments, the Parent Advisory Council (PAC), and the Scholar Leadership Council (SLC).

As a non-classroom-based public charter school, Compass seeks to provide opportunities for learning coaches (parents) to be meaningfully engaged in their scholar's educational journey and provide input on areas to improve the experience of scholars in alignment with the goals of the approved charter petition. Equally important is to maintain the engagement of our scholars to promote their academic growth, social-emotional wellness, and dedication to becoming self-motivated, life-long learners. Compass continuously engages all stakeholders in their evidence planning and decision-making processes. For example, Compass holds various Leadership Team meetings to review data for initial planning. Survey results are discussed as a team and taken into account for planning for the next school year, during Strengths Weakness Opportunities Threats (SWOT) meetings with the Superintendent. The SWOT meetings were highly effective, as each member of the leadership team provided ideas on increasing academic achievement, while ensuring we were implementing stakeholder feedback.Town Halls are held monthly in which updates are presented and questions by staff are answered by our Superintendent. Leadership councils led by scholars, learning coaches and staff examine data, propose initiatives, and receive feedback. Compass also utilizes planning surveys of scholars, learning coaches and staff. The engagement of both scholars and learning coaches is essential to the success of our community.

It is through this process of stakeholder engagement that Compass completed an in-depth needs assessment and analyzed the data to gauge the effectiveness of our evidence-based interventions and practices. This needs assessment was conducted to better understand the performance data, assess the effectiveness of the interventions in place, and determine additional needs to be addressed along with how resources may be reallocated to improve scholar performance. Through the use of the Annual Planning Survey, Parent/Town Hall Meetings, PAC, and SLC, input was provided on both statewide and internal assessment data, through Edgenuity and Istation. The feedback from these meetings and the survey included the following: (1) increased course offerings, (2) engagement opportunities through community service and scholar-led clubs, (3) college preparedness testing. Feedback from the staff included (1) regular data review at monthly staff meetings, (2) regular roundtable discussions on school/scholar needs, and (3) regular involvement in discussions with the PAC to review the CSI Plan.

Additionally, stakeholders are regularly surveyed or polled to help identify resource inequities. We have the PAC, SLC, and a Staff Advisory Committee (SAC) who meet regularly and collect, then share, information regarding resource inequity concerns as part of their function.

Recent resource inequities identified were that more documents need to be translated into Spanish for our English Learner (EL) population. As a result, an internal Translation Committee was formed to identify, track, and translate relevant documents. As resource inequities are identified and reported to these councils and to the Leadership Team, committees and/or task forces are formed or the tasks are assigned to the appropriate individuals to address. Actions taken are then shared with staff through our Superintendent's Weekly Update and actions pertaining to families are shared in communications from the school, which currently uses ParentSquare as the platform for such communication. Staff and families are made aware via such communications and via the Employee Handbook and Scholar Handbook, respectively, as to whom to report any resource inequities. As for our evidence-based interventions and practices, Compass will continue with the implementation of our tutoring program under the MTSS framework. Scholars are identified as needing tier 2 and tier 3 interventions based on diagnostic assessments. This diagnostic assessment uses a bank of questions that are skill-based which is determined through grade-level skill mastery. These questions and the scholar's grade level determine which questions should be answered correctly to show skill mastery. Those questions that are not answered correctly show a skill gap and contribute to the determination of the tier level and interventions needed. From these assessments, skill gaps will be identified and an Individual Learning Path (ILP) curriculum will be assigned based on those gaps. The completion of this curriculum, which will be used to fill learning gaps specific to reading and math, will be monitored by the tutors under the MTSS framework and Supervising Teachers. Also, through our Positive Behavior Interventions and Support (PBIS) model, scholars who show engagement and improvement through this curriculum will be recognized with rewards. The incentives through our PBIS model have contributed to scholar growth and academic achievement, as well as improvement to our school-wide recognition program.

By providing these additional tutoring services to our scholars, we have seen a significant increase in their assessment performance. Of those scholars attending tutoring sessions 14% performed at or above grade level on their mid-year reading diagnostic assessment (as opposed to 10% at the beginning of the year). 13% of scholars attending math tutoring sessions scored at or above grade level on their mid-year math diagnostic assessment (as opposed to 6% at the beginning of the year). An identified challenge that continues with this action is the participation rate and attendance of identified scholars needing Tier 2 and 3 support in tutoring sessions. 15% of invited scholars needing Tiered support attended K-12 math sessions and 14% of invited scholars attended K-12 LEA sessions during the months of October through March. Compass will continue to collaborate and discuss strategies that will increase participation and engagement in tutoring sessions. Further, Compass re-evaluated scholars qualifying for MTSS based on the mid-year diagnostic assessment, which was conducted the week of February 2nd. A revision plan included offering weekly study hall sessions for scholars in need of support on completing class assignments and maintaining passing status. By providing Lexia, a research-based, targeted English Language Development (ELD) online curriculum which resulted in measurable growth among this scholar group. This growth has been measured with participation in the Lexia curriculum, completion of lessons within this online curriculum, and final grades from semester 1. Overall, TK-5 scholars moved from 35% working at above grade level material in September 2020 to 51% working at or above grade level in February 2021. Similarly, scholars in grades 6-12 showed growth in performing at intermediate/advanced levels from September to February in all three domains. Word Study improved by 35%, Grammar by 12%, and Reading Comprehension by 16%. For Compass, the percentage of scholars who attended at least one or more live EL support sessions were 58.3% for grades TK-5 and 55.6% for grades 6-12. Of those scholars who attended the EL support sessions from October 2020 to January 2021, these scholars received a final semester grade of 'C'/3 or higher: 75% for TK-5 grades and 82.4% for scholars in 6-12 grades. With the proven efficacy of live EL support sessions, the need for additional learning opportunities and modalities for EL scholars through live sessions was an identified challenge. Therefore, the EL Support Coordinator will implement Listenwise literacy and language support. Listenwise offers standards-aligned podcast lessons with scaffolding built in for English Learners. The scaffolded lessons focus on building academic vocabulary, reading comprehension, and writing.

Based on these results, Compass will implement a consistent system of internal assessment for benchmarking, provide additional professional development to increase the capacity of staff to respond to scholar academic and social-emotional needs, expansion of the MTSS, and data-aligned review of instructional resources in both the core and supplemental instruction. Compass will modify the previous Local Control Accountability Plan (LCAP) goals, actions, and metrics slightly while maintaining a rigorous academic program, high-quality professional development, and increasing scholar achievement of targeted populations. Additionally, Compass has added a new goal to focus on the unique needs of scholars who need additional year(s) of study to successfully complete the academic program and earn a diploma.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Compass Charter Schools of San Diego (Compass) will monitor the implementation of the CSI plan to support scholars and school-wide improvement by partnering with Altitude Learning. Through monthly meetings, the Compass Leadership Team and the Altitude Learning Team will build capacity in the instructional systems through continuous improvement, incorporate a holistic and integrated approach, apply technical and adaptive methods to attain immediate and transformational change, focus on collaboration and solution building, and utilizing innovation to drive equity and access for all scholars. Compass plans to monitor the effectiveness of the plan in numerous ways. First, we will continue to include all stakeholders in the monitoring process by holding various Leadership Team meetings to review data collected thus far, monthly Town Halls to provide updates and allow time for questions to be asked by staff and answered by our Superintendent. We will also continue to hold monthly leadership council meetings led by our scholars, learning coaches (parents) and staff to examine data, propose initiatives, and receive feedback. Second, the teams will utilize the systems created to review what the scholars are doing, what the supervising teachers (STs) are doing, how the scholars and STs are interacting with each other and with the core content, and what the instructional content looks like. The teams will review work completion during learning periods, feedback provided to scholars, quarterly benchmarks, attendance rates, and personalized learning plans. The Leadership Team will implement specific reporting systems to collect these specific data points to monitor scholar growth and progress. As strengths are identified through these reporting systems and Professional Learning Communities (PLCs), the PLC teams will reflect on the factors that are making progress possible. PLCs have been highly effective this year, as each team discusses strategies and best practices to support scholar achievement. The leadership team provides talking points and ideas to keep the team on task, however, the PLC facilitators are empowered to run each meeting. Roles also changed biweekly whereby members are empowered to develop their leadership skills by becoming facilitators of their group. As a result, each PLC member is learning from each other in order to improve their instructional practices. Furthermore, the representatives from the PLCs teams share their big ideas with the larger team so that professional learning continually occurs. The effectiveness of PLCs is evidenced by our scholar achievement, as 83% of Compass scholars received a C or better in their classes during semester 1. More importantly, as a direct result of the collaboration in PLCs, 84% of Compass scholars are eligible to graduate this year, an increase of 68% from September to May. As areas of opportunity for growth are identified, the PLC teams will reflect and evaluate the evidence-based strategies implemented to effectively promote academic growth and progress. Through the continued evaluation of these strategies, those which are not effectively showing scholars growth will be discontinued or replaced with evidence-based strategies and/or interventions. Compass has a comprehensive Multi-Tiered System of Supports (MTSS) framework, supported by the Advancement Via Individual Determination (AVID) mindset, whereby scholars needing Tier 2 or Tier 3 support are invited to tutoring sessions to address math and reading skill gaps whereby tutors use supplemental curriculum through Istation and Edgenuity to address scholar needs. Scholars qualify for Tier 2 and 3 supports based on

data gathered through diagnostic assessments and observations by the instructional staff and learning coaches. These can include regularly scheduled grade level subject specific synchronous learning labs or specialized workshops offered to support a range of skills necessary for scholar success. Tier 1 includes all core instruction held in various subjects for all grade levels. Progress is monitored at regular intervals and referrals for additional assessments or interventions are made as needed. The effectiveness is determined by course progress and improvement on supplemental assessments and benchmark data. And lastly, scholars will complete the diagnostic assessment three times a year to show growth. After each diagnostic assessment, scholars will be assigned to a specific ILP tutoring group and will complete the ILP curriculum to close skill gaps in reading and math. This data will be shared through a compelling scoreboard so all STs can recognize growth. The STS will monitor scholars' completion of these assignments, tutoring attendance in reading and math, curriculum completion, and growth through data analysis of each assessment. The Assessment Coordinator will collect and disseminate the data from each diagnostic assessment to the ST, Scholar Success Coordinator, and tutors. Tutors under the MTSS framework will provide targeted, 30-minute synchronous sessions that target specific skill gaps, as indicated in the diagnostic assessment and ILP supplemental curriculum to provide additional support and instruction to address needs. The LEA will monitor the effectiveness and implementation of this program by collecting specific data at-risk scholars determined through diagnostic assessment tier identification and academic progress to meet standards and close skill gaps from the supervising teachers bi-monthly. Likewise, the LEA will collect and share data collected from the scholar success coordinator that will show scholar growth through diagnostic assessments, ILP course completion, and tutoring participation. This data will be also shared with all of the staff through a compelling scoreboard.

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

Leadership Team Meeting (March 9 - 11, 2021). During this leadership meeting, the leadership team was asked to review the goals they had previously set for the LCAPs and everyone attending the meeting, representing various divisions and departments of the organization, had input on adjusting goals and actions. The leadership team also began planning for professional and staff development for all staff to address the needs outlined in the LCAPs. During division breakout times, the Academic Division discussed the results of a staff needs survey in terms of professional development needed to support staff in serving scholars and meeting the goals of the LCAPs.

Parent Advisory Council (March 19, 2021). During this month's meeting, we discussed the parent survey results. There was an awareness that learning labs and virtual workshops are having an increase in engagement for both scholars and learning coaches (parents or guardian). The Parent Advisory Council will be reflecting on the survey results and bringing suggestions to their May meeting for consideration for inclusion into the LCAP goals and actions.

Board of Directors Meeting (March 28, 2021). During this Board of Directors meeting, the results of the Parent Survey, Scholar Survey, and 2021-22 Planning Survey were shared with the Board. The Board will use the results of these various surveys as they prepare for the Public Hearing on Sunday, May 23.

Scholar Leadership Council (April 13, 2021). During this month's meeting, we discussed communication and the scholar survey results. Based on feedback from the survey and the council, Compass leadership and staff will review communication to scholars, including the content and layout of the Monday Morning Update (MMU). We will be looking toward new content and reminders of content, considering formatting to address grade-level and/or grade-span. We also discussed the need to review the promotion of the Scholar Leadership Council, both to scholars as well as staff. This includes more staff awareness, which will be shared via weekly cabinet notes where there is access to meeting minutes. We may also consider having staff promote the council during Learning Labs. As far as the Scholar Survey, the consensus included adding opportunities for proposed solutions in future surveys to help drive stakeholder input. These ideas were taken into consideration while drafting the LCAP goals and actions.

Leadership Team Meeting (May 11 - 13, 2021). During this leadership meeting, the exact actions and measures were reviewed line by line with the leadership team and every team member had the opportunity to provide feedback on the LCAP goals, actions, and measures. There was also a focus on engagement goals and how to achieve those goals. This was discussed more in depth during division breakout meetings by the Academic Leadership team.

Scholar Leadership Council (May 11, 2021). During this month's meeting, the members finalized their recommendations for the 2021-22 school year and presented them to the Superintendent. They also reviewed the draft 2021-24 LCAP goals and actions, and provided their support for all four goals and their associated actions.

Parent Advisory Council (May 21, 2021). TBD

Board of Directors Public Hearing (May 23, 2021). TBD

Board of Directors Meeting (June 27, 2021). Final Local Control and Accountability Plan approval.

Goals and Actions

Goal 1

Goal #	Description
1	Increase scholar academic achievement in core academic subjects.

An explanation of why the LEA has developed this goal.

To ensure all scholars have access to rigorous curricula to prepare them for the demands of state standards, as well as a system of assessment to monitor progress and inform instruction and the implementation of responsive interventions to meet each scholar's needs.

Goal 2

Goal #	Description
2	Increase scholar and parent engagement/involvement.

An explanation of why the LEA has developed this goal.

The engagement of both scholars and parents is essential to the success of our community. Compass Charter Schools of San Diego (Compass) seeks to provide opportunities for parents to be meaningfully engaged in their scholar's educational journey and provide input on areas to improve the experience of students in alignment with the goals of the approved charter petition. Equally important is to maintain the engagement of our scholars to promote their academic growth, social-emotional wellness, and dedication to becoming self-motivated, life-long learners.

Goal 3

Goal #	Description
3	Increase college and career readiness for scholars

An explanation of why the LEA has developed this goal.

Compass Charter Schools of San Diego (Compass) scholars, as described in Goal 1, must have access to an instructional program which meets the requirements for post-secondary success, be that at an institute of higher learning or in a career of their choice. As such, ALL scholars must receive a high quality program which provides them with the requisite skills for success after graduation.

Goal 4

Goal #	Description
4	Ensure that at-promise scholars are making progress toward earning a high school diploma.

An explanation of why the LEA has developed this goal.

Compass Charter Schools of San Diego (Compass) offers a unique model for addressing the current needs of scholars/families. This goal has been added to allow for continuous monitoring of our scholars who entered the Compass programs at various levels of high school with credit deficits and will enable our staff to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline. Compass Charter schools will monitor scholars identified as at-promise (including current scholars and late entrants) to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (*EC* 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* 52064(b)(4-6)).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* 52064(b)(7)).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student*"* performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some

metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.
- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

> ***Actions for English Learners:*** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.
>
> ***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the “Increased or Improved Services” section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

***Percentage to Increase or Improve Services*:** Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

"A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required."

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering “All”, or by entering a specific student group or groups.
- **Increased / Improved**: Type “Yes” if the action **is** included as contributing to meeting the increased or improved services; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services.
- If “Yes” is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span**: Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense**: This column will be automatically calculated based on information provided in the following columns:
    - **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
    - **Total Non-Personnel**: This amount will be automatically calculated.
- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

administrators will attend conferences like the CCSA Conference, CUE Conference, Digital Learning Annual Conference, and Advanced Placement.		
Strategies to improve attendance and ensure that scholars receive the required instructional time and that scholars complete the required assignments by learning period will be implemented. The supervising teachers, educational facilitators, Scholar Services Technicians, counselors, educational facilitators and academic coordinators will hold scholars accountable by monitoring attendance, communicating with parents, sending warning letters, holding conferences, and having scholars and parents sign attendance contracts (as part of the Scholar's Master Agreement). Scholars will be incentivized for attendance and participation. In the Online Program, 10% of grade will be based on attendance at Learning Labs. Extra Credit points will be given to scholars' next quiz, test or project for attending a study or tutoring session. In an effort to continuously improve attendance and participation in the Compass Options program, each Educational Facilitator will decide on a way to recognize those in their class that complete their activity logs and work samples by the date. Examples include a note of thanks, class message, recognition in the Compass Newsletter and/or class challenge.	16,153 LCFF Base 2200, 2400	Actuals: $17,301* Estimate: $0 TOTAL: $17,301

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services for Goal 1 were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

The Multi-Tiered System of Supports (MTSS) framework has been a successful implementation to support our goal of increasing scholar academic achievement. The MTSS framework supports all scholars in order to proactively and effectively target behavioral, social-emotional, and academic support. Our Compass Charter Schools of Los Angeles (CCS) framework provides increasing levels of instructional time and intensity, so that all scholars have the opportunity to learn and succeed. As scholars are flagged for needing tier 2 or tier 3 support, resources are provided to support their academic achievement, including counseling referrals, tutoring, and 1:1 sessions. Utilizing our Positive Behavior Interventions and Supports (PBIS) system and social-emotional learning, has also supported scholars for social-emotional and behavioral needs.

Goal 2

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services for Goal 2 were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

In reflecting on the data/metrics for this goal, the Compass Charter Schools of Los Angeles (CCS) community believes that our actions and services have been effective in increasing stakeholder engagement and involvement to support the success of scholars. As a non classroom based public charter school with two different instructional delivery models, qualitative data from parent surveys and feedback from our Parent Advisory Council (PAC) suggest that families are satisfied and maintain strong ties to CCS, evidenced by our satisfaction rate of 93%, listed on our CCS website.The feedback opportunities and continuous input of active parents and scholars have been invaluable for both the PAC, Scholar Leadership Council (SLC) and the CCS Leadership Team.

Learning Coach Academy was a great success as we covered a variety of topics during four (4) cohorts that each lasted 10-weeks. Topics covered during our Learning Coach Academy cohorts included Back to School Night (Options/Online), How to Help your Child, Internet Safety, Time Management for Scholars, State Testing Overview, Attendance Overview, Social Emotional Learning - Growth Mindset, Preparing for Parent/Teacher Conferences and/or Connection Meetings (Online) (Options), Encouraging and Enhancing Scholar Success along with Preparing for College. Learning Coaches who completed all 10 sessions were awarded with a certificate of completion.

Prior to the Pandemic, we enjoyed a wide variety of field trip opportunities which included but were not limited to Back to School Picnics, WildCare Center Tour, LA Clippers AVID Night, Santa Ana Zoo, Discovery Cube, The Sawdust Factory, Environmental Nature Center, Sherman Library and Gardens, Logan's Candies and many more! Also, a community service opportunity that we provided was offered during a virtual scholar workshop where we created toys to donate to animal shelters. A challenge that we experienced with the pandemic was bringing field trip experiences to our scholars home. We worked tirelessly to provide kitted virtual scholar workshops that had tangible items along with group Zoom sessions in order to still provide meaningful and engaging enrichment experiences despite COVID-19.

In addition to the recognition mentioned in the metrics section, we also awarded six (6) Learning Coach Academy Certificates, nine (9) Excellent Parent Participation Awards and two (2) Learning Coaches of the Year. In regards to our scholar celebration ceremonies, we experienced a handful of successes and challenges as we responded to the challenges presented to us as a result of COVID-19. We experienced great success as we pivoted to offer "graduation in a box" along with a virtual commencement ceremony and reception for our Class of 2021. To celebrate our Kindergarten, 5-grade and 8-grade scholars, we intended to commemorate their success at our Fall

2020 Back to School picnics but ended up having to pivot those to be a virtual experience. All family communication about these offerings were shared out in the Monday Morning Update (MMU) as well as made available on our ParentSquare website.

While the actions/services for this goal were implemented, based on reflections by all of Compass Charter Schools of Los Angeles (CCS) stakeholders, there was an acknowledgement that the metrics were redundant of goal 1, and would be better accounted for/analyzed through the lens of basic services to meet the needs of these special student groups targeted by LCFF. We have established clearer metrics moving forward into future years.

A description of any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions.

Funds spent in these action items varied due to factors such as COVID-19. Due to COVID-19 in person training/conferences were either cancelled or moved to virtual only and the demand for IT support for scholars and staff increased.

Analysis of the Distance Learning Program

A description of the successes and challenges in implementing each of the following elements of the distance learning program in the 2020-21 school year, as applicable: Continuity of Instruction, Access to Devices and Connectivity, Pupil Participation and Progress, Distance Learning Professional Development, Staff Roles and Responsibilities, and Support for Pupils with Unique Needs.

In order to help scholars achieve academic success, Compass Charter Schools of Los Angeles (Compass) added on three new positions for Teacher in Residence. The role of the Teacher in Residence is to offer assistance to scholars (students) as Tutors, as well as acting as support to STs as needed. In addition, another counselor was hired to provide scholar support. Scholars were identified through the Multi-Tier System of Supports (MTSS) who needed additional support and interventions based on results of internal assessments and work completion. These scholars were provided access to weekly online tutoring sessions to address specific skill gaps. By providing these additional tutoring services to our scholars, we have seen a significant increase in their assessment performance. Of those scholars attending ELA tutoring sessions 26% performed at or above grade level on their mid-year reading diagnostic assessment (as opposed to 10% at the beginning of the year). 21% of scholars attending math tutoring sessions scored at or above grade level on their mid-year math diagnostic assessment (as opposed to 8% at the beginning of the year). An identified challenge that continues with this action is the participation rate and attendance of identified scholars needing Tier 2 and 3 support in tutoring sessions. 15% of invited scholars needing Tiered support attended K-12 math sessions and 14% of invited scholars attended K-12 ELA sessions during the months of October through March. Compass will continue to collaborate and discuss strategies that will increase participation and engagement in tutoring sessions. Further, Compass will re-evaluate scholars qualifying for MTSS based on the mid-year diagnostic assessment, which was conducted the week of February 2nd. A revision plan will include offering weekly study hall sessions for scholars in need of support on completing class assignments and maintaining passing status.

Compass provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum which resulted in measurable growth among this scholar group. This growth has been measured with participation in the Lexia curriculum, completion of lessons within this online curriculum, and final grades from semester 1. Overall, TK-5 scholars moved from 17% working at above grade level material in September 2020 to 33% working at or above grade level in February 2021. Similarly, scholars in grades 6-12 showed growth in performing at intermediate/advanced levels from September to February in all three domains. Word Study improved by 45%, Grammar by 11%, and Reading Comprehension by 15%. For Compass, the percentage of scholars who attended at least one or more live EL support sessions were 58.3% for grades TK-5 and 55.6% for grades 6-12. Of those scholars who attended the EL support sessions from October 2020 to January 2021, these scholars received a final semester grade of ‘C’/3 or higher: 71.4% for TK-5 grades and 73.3% for scholars in 6-12 grades. With the proven efficacy of live EL support sessions, the need for additional learning opportunities and modalities for EL scholars through live sessions was an identified challenge. Therefore, the EL Support Coordinator will implement Listenwise literacy and language support. Listenwise offers standards-aligned podcast lessons with scaffolding built in for English Learners. The scaffolded lessons focus on building academic vocabulary, reading comprehension, and writing.

Compass used the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) screener to meet the goal of pre-screen scholars to address dyslexia concerns prior to Special Education referrals. Learning Ally and Listenwise supplemental subscriptions were purchased to specifically target skill gaps with reading instruction and differentiation of instruction for this population of scholars. Compass has increased collaboration and alignment between the Scholar Support Coordinator, Special Education Department (SPED), and STs to best support scholar needs. The administering of DIBELS 8 screen has provided valuable data which is considered in the

decision process for scholars who may need further assessments. Early identification for scholars with Dyslexia is a challenge. Further research regarding early detection pre-screening for Dyslexia is needed to address this challenge.

The SPED team has provided over 1,468 hours of virtual Specialized Academic Instruction (SAI). Scholars were seen virtually in all services areas of qualification. In-person services and assessments continued for scholars that have this service in their Individualized Education Plan (IEP). Requests for assessments from the Scholar Success Team (SST) process as well as learning coaches (parents) will receive Assessment Plans. Current systems have impacted the efficacy with assessment plan execution. To address this challenge, systems will be created and implemented to ensure appropriate assessment plans are executed for scholars with exceptional needs.

The Compliance Coordinator, who serves as our McKinney-Vento Liaison updated the McKenny-Vento and Foster Youth identification and verification process. The Enrollment Specialist will now provide more information outlining reasons for their McKinney-Vento eligibility determinations. All McKinney Vento and Foster Youth scholars have received an introductory eMail from the Compliance Coordinator with the scholar's assigned counselor to create awareness of community resources available to families and increase collaboration. The Compliance Coordinator routinely checked in with eligible families and provided assistance with the re-enrollment process. These check-ins included a phone call, needs assessment survey, and a follow up eMail including current engagement event information. An identified challenge for this action was the ability to identify this scholar group. There was the need to update the enrollment information and forms that helped identify this scholar group. In order to address this challenge, the Compliance Coordinator created the Immediate Enrollment Form in Jotform in both English and Spanish for rollout in the 2021-22 academic year.

Scholars and families who were in need of a laptop and/or hotspot were able to submit the Computer Loan Form located on the Compass website. The IT department purchased this equipment as needed and were able to typically ship the items out the next business day minimizing any delays in the scholars learning experience. Staff, scholars and families have access to the Compass IT Support Department through the Compass helpdesk for any connectivity/technology questions or issues available regarding the website. Classlink was implemented and created for all scholars and staff to provide an efficient means of navigation to complete school-wide processes, organization of usernames and passwords.

All instructional staff attended the Advancement Via Individual Determination (AVID) Digital XP Conference in August. All Compass staff attended the ASCD Foundations of Building Trauma-Sensitive Schools to address social-emotional learning. Also, Compass sent a delegation to Fall CUE, the California Charter Schools Virtual Conference, and Spring CUE.

As a direct result from stakeholder feedback, virtual scholar workshops and field trips were added to supplement the inability to host in-person field trips due to COVID-19. The Counseling department added counseling learning labs that targeted the various social-emotional needs of our scholars. By increasing these virtual offerings, Compass was able to provide additional resources for support.

Pupil Learning Loss

Actions Related to the Pupil Learning Loss

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
3.01 Scholar Services and Support: Provide scholars with virtual college tutors to help bridge any educational gap they are experiencing. LCFF S&C Funds	$30,048.00	$ 0.00	Y
3.02 Professional Development: Provide staff training to support pupil learning loss strategies. LLM Funds	$60,000.00	$ 4,578.15	Y
3.03 Scholar Services and Support: Increase our subscription access to ensure our scholars have the tools they need to improve their academic outcomes. LLM Funds	$5,000.00	$ 10,505.57	Y
3.04 Scholar Services and Support: Purchase AVID Summer Bridge to strengthen scholars' math and science skills. This program will also provide support for English language learners. LCFF S&C	$3,100.00	$ 0.00	Y

A description of any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions.

A need for scholar services and support increased in response to COVID-19 which can contribute as to why our expenditures in 3.03 were over the total budgeted funds. However, professional development opportunities decreased significantly due to COVID-19.

Analysis of Pupil Learning Loss

A description of the successes and challenges in addressing Pupil Learning Loss in the 2020-21 school year and an analysis of the effectiveness of the efforts to address Pupil Learning Loss to date.

Due to the nature of our program, we did not see drastic pupil learning loss. Compass Charter Schools of Los Angeles (Compass) is an independent-study, learning model whereby scholars (students) have accessed curricula, resources, and their supervising teachers (STs) virtually. While brick-and-mortar schools were trying to navigate distance learning, Compass STs were the experts in providing personalized and effective instruction.

However, scholars identified as needing increased academic support were identified during our diagnostic assessments and by ST referral. A variety of resources were offered to these scholars, including small group tutoring, 1:1 sessions, recorded tutoring lessons, open office hours and focused virtual study halls. Scholars with significant academic, behavioral or social/emotional challenges were referred for a collaborative A Scholar Intervention Team (ASIT) meeting, giving all stakeholders a chance to collaborate on concerns and possible interventions. The Multi-Tier System of Supports (MTSS) committee began compiling a library of instructional videos for learning coaches (parents) highlighting best teaching practices and instructional strategies. These videos were made available to families via our weekly newsletter, Monday Morning Updates (MMU) and YouTube channel. We increased access to virtual tools and subscriptions for all scholars by adding additional seats to current subscriptions and broadening our subscriptions package to include a larger variety of intervention tools and resources. All identified English Learner (EL) scholars were given access to Lexia, an online English Language Development (ELD) program, in addition to live support sessions and frequent check-ins. This has resulted in over 90% of EL scholars passing their ELD courses and making progress toward English language proficiency. In addition, as a result of our ability to navigate unprecedented circumstances, we have seen a significant increase in the number of eligible graduates for the 2020-21 school year.

Ongoing collaboration with stakeholders continued throughout the year at monthly committee meetings, leadership advances, Scholar Leadership Council (SLC) meetings, and Parent Advisory Council (PAC) meetings. During these meetings all stakeholders reviewed and discussed the implementation of our pupil learning loss plan, provided feedback on student programs, reviewed assessments and benchmark data, and the overall progress being made. Compass made all adjustments based on the feedback provided by the stakeholders during these meetings.

An identified challenge to implementing this action was the freeze to all weekly live learning labs, scholar club meetings and engagement activities hosted on Zoom due to Zoom bombing. This freeze lasted for several weeks while Compass Charter Schools of

Los Angeles developed safety protocols for using Zoom and training staff on new protocols. This resulted in a decrease in attendance by scholars (students) post freeze. Another identified challenge was a delay in our EL Scholars accessing the Lexia curriculum due to not signing their master agreement during Semester 1, access to a computer, or access to the internet. Correctly identifying the scholar and properly placing with a Spanish speaking ST.

Analysis of Mental Health and Social and Emotional Well-Being

A description of the successes and challenges in monitoring and supporting mental health and social and emotional well-being in the 2020-21 school year.

Compass Charter Schools of Los Angeles (Compass) Counselors have proactively supported the mental health needs of all scholars (students). A focus on mitigation of trauma and mental health have been incorporated in all aspects of the direct/indirect services provided to/for scholars and the social emotional curriculum/instruction delivered in small groups as well as learning labs.

Our counseling department has harnessed risk assessment tools, small group settings for scholars and maintaining proactive connections and communications to support the mental health needs of our scholar populations. These strategies have helped to support the identification of warning signs and connect scholars and families to available school and community resources. The counseling department continues to monitor the mental health and well-being of scholars while continuing to be proactive in offering academic guidance, focusing on scholars' emotional and social learning, and providing specific support to scholars who are struggling with various personal and school-related issues.

The counseling department has been challenged with Identifying scholars who need extra mental health support, especially regarding anxiety and depression, that can often be undetected under the best circumstances. Scholars have been reporting experiencing more occurrences of initial onsets of mental health illnesses and disorders. In addition, counselors have recognized a trend with coping techniques once used to manage anxiety and depression for many scholars are no longer working or are as effective in treating the symptoms.

Analysis of Pupil and Family Engagement and Outreach

A description of the successes and challenges in implementing pupil and family engagement and outreach in the 2020-21 school year.

The Compass Charter Schools of Los Angeles (Compass) Engagement Department launched 25 virtual scholar (student) clubs during the 2020-21 school year, offering a wide variety of subjects areas including Awesome Elementary Artists Club, Adulting 101, Arts & Crafts Club (Elementary), Arts & Crafts Club (Middle & High School), Book Club, Chess Club, Computer Code Club, and so much more. All clubs hosted regular monthly meetings throughout the year. A total of 228 Compass scholars attended a virtual club meeting during Semester 1. One identified challenge for this action was Zoom bombings experienced across the country. Compass paused all live virtual events until proper safety and protocols were in place. The Compass Engagement Department ensured that all club advisors were properly trained and informed of our updated Zoom protocols to safeguard against Zoom bombing attempts. The Engagement Department has continued to support and work alongside our club advisors providing quarterly meeting and training opportunities.

The Compass Engagement Department facilitated two cohorts of Learning Coaches (parents) Academy for our 2020-21 Learning Coach Academy Program which covered Back to School Night, Internet Safety, State Testing Overview, Preparing for College, Growth Mindset and so much more. These cohorts lasted 10 weeks each. Each session included one training session and one question per week. There were weekly interactions, collaborations and support provided for those participating in the Learning Coach Academy. All Learning Coach Academy sessions were recorded and uploaded to YouTube to allow for Spanish subtitles. The only identified challenge to this action item was the pivoting of all the in-person activities to virtual only delayed the implementation of the ambassador program. The Ambassador program will be piloted in the 2021-22 school year.

Compass hosted Virtual Scholar Workshops twice per week during the 2020-21 school year. In collaboration with all three Compass Principals, we implemented the celebration of Heritage Months. We held our Black History Month assembly in February, where scholars had the opportunity to create poetry inspired by Black History, and we also heard from Dr. Walter Milton Jr., our guest keynote speaker. On March 19, we held a Women's History Month assembly. Scholars were invited to complete research on a "Woman in History" and were given the opportunity to present their research live at the assembly, and we also heard from Nicholette Parrish, our guest keynote speaker. Scholars have experienced a variety of hands-on and interactive workshops including: a four-part series with Garner-Holt productions, Groovy Lab in a Box, MoxieBox, Virtual Spelling Bee, Marine Science Institute, STEAM Field Trip in a Box, Cat Haven Live Virtual Tour, Vision Boarding, GameU Game Design, Big Life Journal, an Inauguration watch party, a visit from the author of The Colorado CurveBall, an environmental awareness art project and a workshop focusing on Martin Luther King's "I Have a Dream"! Workshops have included combinations of Q&A sessions, a hands-on project, and interactive activities that encourage scholar participation and socialization. One challenge that was identified was the high demand for these workshops resulting in a desire to offer more workshops in addition to our expanded workshop offerings. The challenge we are faced with is that we have limited bandwidth due to the amount of preparation and management required for each workshop offered.

Compass provided a variety of scholar awards to assist with our scholar engagement during the 2020-21 school year. These awards included but were not limited to Scholar of the Month, Firebird of the Year, Core Values (ARTIC) Awards by semester, Perfect

Attendance, Samaritan Award, Honor Roll and more. We also engaged our scholars in monthly contests and biannual spirit weeks. All Scholar of the Month announcements can be found on the “news” section of the Compass website. Each scholar recipient received a mention in our press release, a certificate, and bumper sticker via mail. Core Values (ARTC) Award recipients were submitted by Staff. For Semester 1 we received 35 scholar nominations. Perfect Attendance awards were processed for each Learning Period. Our Honor Roll consisted of 348 scholars. Our October contest was Spirit Week inspired. Throughout the week of October 26-30, scholars were invited to show their Compass Spirit Week by showing off their outfits during Red Ribbon Week dress-up days using themes luke “Proud to Be Drug Free (wear red)” and “Compass Spirit Day (wear your orange, blue or your proud scholar shirt)”. Our January contest was Spirit Week inspired. Through the week of January 25, scholars were inverted to show their Compass spirit by showing off their outfits during dress-up days highlighting our focus on the Great Kindness Challenge using themes like “Kindness Rocks: Dress Like a Rockstar” and “Team Kindness: Wear your Favorite Sports Uniform.” Additional contests that we offered included a pumpkin decorating contest, thank you poster contest, steps challenge, reading challenge and more! There were no challenges identified when implementing these actions.

Compass scholar leaders had the opportunity to participate in the Scholar Leadership Council, which is offered as one of our scholar clubs. Within this group, scholar leaders worked with the Superintendent and Chief Executive Officer (CEO) discussing ways to enhance and expand the Compass Experience for scholars. National Honor Society members were invited to attend the LEAD Spark Conference at the end of November and three of our NHS scholars participated. At LEAD, NHS scholars and NHS advisers sharpen their leadership skills to improve school culture and community while networking with peers from around the country. Training opportunities for both NHS scholars and NHS advisers will tackle a variety of topics, including leadership, scholar voice, civic engagement, service, and activities. National Honor Society members were also invited to attend the LEAD Winter Conference at the end of February and three (3) of our NHS scholars participated. LEAD Winter was a virtual conference on February 26–27, which brought together and inspired scholars from all over the world to make a difference in their schools and communities.

Analysis of School Nutrition

A description of the successes and challenges in providing school nutrition in the 2020-21 school year.

As a nonclassroom-based public charter school, Compass Charter Schools of Los Angeles (Compass) has coordinated with our authorizer to provide information and updates on local food service options during the current pandemic. Since our program is based on virtual learning, we have worked with county agencies to ensure families are aware of local resources to provide nutritional meals to scholars through our Virtual Resource Guide (https://www.smore.com/fhw7b) which is continually updated.

Additional Actions and Plan Requirements

Additional Actions to Implement the Learning Continuity Plan

Section	Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
Pupil and Family Engagement and Outreach	4.01 Personal Protective Equipment (PPE) and First Aid Kits: Purchase of protective equipment, first aid kits and additional sanitation agents to safely follow in-person instructional and engagement events guidelines. LLM Funds	$40,000.00	$ 4,839.68	Y
Pupil and Family Engagement and Outreach/Mental Health and Social Well Being	4.02 Mental Health Supports: Partner with community providers to offer mental health services and support to our scholars, learning coaches, and staff. LLM Funds	$50,637.00	$ 1,640.82	Y
Pupil and Family Engagement	4.03 Scholar Engagement: Increase virtual scholar workshops for scholars throughout the year. LCFF S&C	$70,000.00	$11,187.19	Y
Pupil and Family Engagement	4.04 Scholar Engagement: Workshops throughout the year for scholar leaders. LCFF S&C	$10,000.00	$ 0.00	Y

A description of any substantive differences between the planned actions and budgeted expenditures for the additional plan requirements and what was implemented and expended on the actions.

COVID-19 resulted in limited engagement. Needed PPE was purchased. Scholar engagement-virtual scholar workshops slowly increased throughout the school year; more so in 2021 of this year. Compass Charter Schools did partner with one mental health service/support for staff called Wellness for Educators, though because of COVID-19 access to virtual community providers offering mental health services was limited.

Overall Analysis

An explanation of how lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.

In the development of goals for the 2021-21 Local Control and Accountability Plan (LCAP) we learned from our previous LCAP that many of our metrics were unclear and existing systems for data reporting were not adequate to monitor progress at the scholar (student) level and instructional programs (Online and Options). The 2021-24 LCAP will have metrics attached to goals that are tightly aligned to the eight state priorities and our internal data protocol will ensure that data is tracked in a manner which allows us to more accurately assess our progress over time.

In reflecting on our previous LCAP and the lessons from the pandemic, the new goals will be driven by a focus on staff training and development to increase efficacy and quality implementation. All instructional staff attended AVID XP training to focus on implementing AVID academic strategies in all direct learning opportunities across all subjects and grade levels.

Regarding scholars who have participated in the support to address learning loss, those scholars have shown an increase in academic achievement. Identifying these scholars who need extra support will continue to be evaluated and addressed by LCAP goals. Through the implementation of counseling learning labs that focus on social-emotional learning and needs for scholars, mental health and well being of scholars is supported. Also, the risk assessment tools and training provided by the counseling department has increased awareness for staff to continue to support scholar mental health and well being. The need to further identify scholars with anxiety and depression and provide additional coping skills will be addressed in LCAP 2021-24 goals.

Lastly, the pivot from in-person engagement (i.e. Field trips, Welcome Back Picnics) to virtual provided opportunities for reflection regarding how scholars and learning coaches (parents) can continue to participate in engagement activities that will contribute to increasing engagement and retention. With scholar clubs, virtual workshops, learning coach academy, and scholar leadership opportunities, increasing scholar retention and scholar and family engagement will continue to be a goal for the 2021-24 LCAP.

An explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs.

To provide support for our scholars (students) identified as English learners (ELs), assessments and progress monitoring will continue. Lexia placement is conducted during initial scholar log in. Monthly progress reports regarding reaching goals, time spent in course, placement, accuracy, and overall progress is shared by our EL Coordinator and included on Personalized Learning Plan (PLP) for supervising teachers (STs) to follow up during connection meetings. Pass/Fail grading is provided for each scholar. Lexia implementation and follow up by the EL Coordinator and ST will continue to drive LCAP goals.

For scholars with special needs, support subscriptions will continue to be in place and regularly accessed including Read Naturally for 65 hours, Max Scholar for 34 hours, Learning Ally, and Ascend Math for 65 hours. SAI continues to be implemented and provided for scholars with an Individualized Education Plan (IEP). Annual IEPs and Tri-annual assessments continue to drive the IEP creation, set IEP goals, and IEP services. In addition, end of the semester progress reports are sent out regularly to scholars and Learning Coaches (parents) that focus on IEP goals and progress towards those goals. Progress on present levels as indicated by school-wide internal diagnostics and informal assessments regarding progress are also indicated on progress reports and end of the semester final grade data. In addition, IEP amendments are provided to address learning loss or lack of progress on IEP goals. As needed, in person services are provided where appropriate. Regular communications and collaboration between Special Education (SPED) case managers and general education teachers to ensure appropriate and effective accommodations and modifications are being implemented.

Lastly, for scholars identified as McKinney-Vento eligible, internal diagnostics for math and reading will continue to be administered three times a year. Scholars who are identified as needing Tier 2 or 3 support will receive tutoring through the Multi-Tier System of Supports (MTSS) framework. During A Scholar Intervention Team (ASIT) meetings, scholars identified as foster youth or McKinney-Vento are indicated and supports for social emotional learning (SEL) and academic support are provided.

A description of any substantive **differences between the description of the actions or services identified** as contributing towards meeting the increased or improved services requirement and the actions or services implemented to meet the increased or improved services requirement.

Compass Charter Schools of Los Angeles (Compass) provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum for our English Learner (EL) scholar (student) group and held EL learning labs with 100% participation rate from our EL Scholars. Monthly progress reports for EL progress in the Lexia curriculum ensured progress monitoring to increase achievement. Gaps were identified and addressed usings “Skill Builders” to focus on targeted skill development. Further, there was an English Language Proficiency Assessments for California (ELPAC) increase in responsiveness and ELPAC meeting in Spanish/English including process explanation to support families in completing this assessment. With the creation of the translation committee, the committee members reviewed school documents and provided translated versions for Spanish speaking families and scholars.

Listenwise has been piloted for evaluation and determination for further implementation (subscription). Listenwise offers standards-aligned podcasts lessons with scaffolding built in for ELs. The scaffolded lessons focus on building academic vocabulary, reading, comprehension, and writing. These actions and services were aligned with those that were initially identified.

In addition, for our scholars with special needs, support subscriptions were implemented and many were piloted. Specialized Academic Instruction (SAI) sessions continued to be offered as an Individualized Education Plan (IEP) service to support scholars in reaching their IEP goals. These actions and services also align with those that were initially identified.

K-3 online scholars have access to physical readers and personalized learning “kits” to increase reading and math proficiency. Further, implementation of IXL has been provided to address scholar learning needs. These actions and services align with those initially identified.

College Tutors were planned and budgeted, however, no action was taken on this initiative due to health concerns as vaccinations were not readily available.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

A description of how the analysis and reflection on student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP.

In order to increase academic achievement for our scholar (student) population, Compass Charter Schools of Los Angeles (Compass) has implemented several initiatives to support each scholar group to meet their needs: a Multi-Tiered System of Support (MTSS) framework, a Wildly Important Goal (WIG) to increase graduation rates, and an English learner (EL) support program through a partnership with Lexia, a research-based, targeted English Language Development (ELD) online curriculum, to address literacy development for our EL population. We also created a new position, an EL Coordinator, to support our scholars who are ELs by providing asynchronous and synchronous sessions in order to improve ELD. To further support our EL population and provide an equitable experience to our Spanish-speaking stakeholders, we have implemented a translation committee which translates all Compass facing documents. The implementation of this committee has strengthened our communication and provided access for all stakeholders. Our MTSS framework is driven by our Scholar Success Coordinator who oversees our tutoring program. Tutors utilize benchmark results for screening in order to support scholars who need Tier 3 support by holding weekly live sessions in both math and reading. They also hold open office hours for 1:1 sessions to help address skill gaps. This implementation and framework has drastically increased academic achievement and personalized instruction has been made available due to this framework. Finally, our Wildly Important Goal (WIG) - 100% of eligible scholars will graduate by June 2021 - has been a schoolwide initiative and lead and lag measures have been put in place for each department so progress can be tracked and measured. Each department also has a compelling scoreboard which is shared with each team and is reflected upon each month to ensure progress is being made. Within the academic division, our Professional Learning Communities (PLCs) continually reflect and share best practices and strategies within

their PLC teams - these strategies and constant reflection of what is working and what is not, will ultimately increase scholar achievement.

In addition, the translation committee has supported the goal to increase scholar retention and scholar and family engagement through the translated Compass scholar facing document. The transition from in-person engagement opportunities for scholars to strictly virtual has continued to provide enrichment to enhance student learning which increased engagement. Virtual clubs, workshops, and learning coach (parent) academy provided an opportunity for both scholars and learning coaches to collaborate together and socialize to build community and increase engagement. Further, the scholar recognition each month highlights the Compass Achievement, Respect, Teamwork, Integrity, and Communication (ARTIC) core values and contribute to a positive school culture. All of these engagement outcomes provided a baseline to determine the expected outcomes with the implementation of these action items to meet this LCAP goal for the 2021-24 LCAP.

A number of actions have been taken by Compass to address college and career readiness for our scholars. Compass has implemented the Advancement Via Individual Determination (AVID) College and Career readiness program as both a stand alone elective course open to scholars grades 8-12 as well as incorporating AVID strategies school-wide in all direct learning opportunities. Moreover, all Compass instructional staff attend AVID professional development (AVID XD, Compass AVID Mini-Retreat, AVID Summer Institute) and the school had dedicated resources for a dedicated AVID Program Coordinator that leads the AVID Site Team and is comprised of representatives across programs and grade levels. In addition, our Counseling Services Department. offers an expansive offering of College and Career readiness supports which include, weekly live sessions focused on topics related to college entry and career exploration. The Counseling Department has a dedicated College and Career Readiness counselor who supports several college and career readiness efforts including, the creation of personalized learning plans, advising working scholars and authorizing work permits, and supporting scholars in our concurrent enrollment program. Compass has also focused on the development of college level curriculum by developing the school's catalogue of college level courses including A-G and Advanced Placement (AP) courses. To evaluate the effectiveness of these efforts Compass administers internal diagnostic testings for all scholars and facilitates the California Assessment of Student Performance and Progress (CAASPP) testing workshops for scholars and Learning Coaches.

Instructions: Introduction

The Annual Update Template for the 2019-20 Local Control and Accountability Plan (LCAP) and the Annual Update for the 2020–21 Learning Continuity and Attendance Plan must be completed as part of the development of the 2021-22 LCAP. In subsequent years, the Annual Update will be completed using the LCAP template and expenditure tables adopted by the State Board of Education.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Instructions: Annual Update for the 2019–20 Local Control and Accountability Plan Year

Annual Update

The planned goals, state and/or local priorities, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the approved 2019-20 Local Control and Accountability Plan (LCAP). Minor typographical errors may be corrected. Duplicate the Goal, Annual Measurable Outcomes, Actions / Services and Analysis tables as needed.

Annual Measurable Outcomes

For each goal in 2019-20, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in 2019-20 for the goal. If an actual measurable outcome is not available due to the impact of COVID-19 provide a brief explanation of why the actual measurable outcome is not available. If an alternative metric was used to measure progress towards the goal, specify the metric used and the actual measurable outcome for that metric.

Actions/Services

Identify the planned Actions/Services, the budgeted expenditures to implement these actions toward achieving the described goal and the actual expenditures to implement the actions/services.

Goal Analysis

Using available state and local data and input from parents, students, teachers, and other stakeholders, respond to the prompts as instructed.

- If funds budgeted for Actions/Services that were not implemented were expended on other actions and services through the end of the school year, describe how the funds were used to support students, including low-income, English learner, or foster youth

students, families, teachers and staff. This description may include a description of actions/services implemented to mitigate the impact of COVID-19 that were not part of the 2019-20 LCAP.

- Describe the overall successes and challenges in implementing the actions/services. As part of the description, specify which actions/services were not implemented due to the impact of COVID-19, as applicable. To the extent practicable, LEAs are encouraged to include a description of the overall effectiveness of the actions/services to achieve the goal.

Instructions: Annual Update for the 2020–21 Learning Continuity and Attendance Plan

Annual Update

The action descriptions and budgeted expenditures must be copied verbatim from the 2020-21 Learning Continuity and Attendance Plan. Minor typographical errors may be corrected.

Actions Related to In-Person Instructional Offerings

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to in-person instruction and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for in-person instruction and what was implemented and/or expended on the actions, as applicable.

Analysis of In-Person Instructional Offerings

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing in-person instruction in the 2020-21 school year, as applicable. If in-person instruction was not provided to any students in 2020-21, please state as such.

Actions Related to the Distance Learning Program

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to the distance learning program and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions, as applicable.

Analysis of the Distance Learning Program

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing distance learning in the 2020-21 school year in each of the following areas, as applicable:
    - Continuity of Instruction,
    - Access to Devices and Connectivity,
    - Pupil Participation and Progress,
    - Distance Learning Professional Development,
    - Staff Roles and Responsibilities, and
    - Supports for Pupils with Unique Needs, including English learners, pupils with exceptional needs served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness

  To the extent practicable, LEAs are encouraged to include an analysis of the effectiveness of the distance learning program to date. If distance learning was not provided to any students in 2020-21, please state as such.

Actions Related to Pupil Learning Loss

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to addressing pupil learning loss and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions, as applicable.

Analysis of Pupil Learning Loss

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in addressing Pupil Learning Loss in the 2020-21 school year, as applicable. To the extent practicable, include an analysis of the effectiveness of the efforts to address pupil learning loss, including for pupils who are English learners; low-income; foster youth; pupils with exceptional needs; and pupils who are experiencing homelessness, as applicable.

Analysis of Mental Health and Social and Emotional Well-Being

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in monitoring and supporting Mental Health and Social and Emotional Well-Being of both pupils and staff during the 2020-21 school year, as applicable.

Analysis of Pupil and Family Engagement and Outreach

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges related to pupil engagement and outreach during the 2020-21 school year, including implementing tiered reengagement strategies for pupils who were absent from distance learning and the efforts of the LEA in reaching out to pupils and their parents or guardians when pupils were not meeting compulsory education requirements or engaging in instruction, as applicable.

Analysis of School Nutrition

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in providing nutritionally adequate meals for all pupils during the 2020-21 school year, whether participating in in-person instruction or distance learning, as applicable.

Analysis of Additional Actions to Implement the Learning Continuity Plan

- In the table, identify the section, the planned actions and the budgeted expenditures for the additional actions and the estimated actual expenditures to implement the actions, as applicable. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the additional actions to implement the learning continuity plan and what was implemented and/or expended on the actions, as applicable.

Overall Analysis of the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompts are to be responded to only once, following an analysis of the Learning Continuity and Attendance Plan.

- Provide an explanation of how the lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.
    - As part of this analysis, LEAs are encouraged to consider how their ongoing response to the COVID-19 pandemic has informed the development of goals and actions in the 2021–24 LCAP, such as health and safety considerations, distance learning, monitoring and supporting mental health and social-emotional well-being and engaging pupils and families.

- Provide an explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs (including low income students, English learners, pupils with disabilities served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness).
- Describe any substantive differences between the actions and/or services identified as contributing towards meeting the increased or improved services requirement, pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496, and the actions and/or services that the LEA implemented to meet the increased or improved services requirement. If the LEA has provided a description of substantive differences to actions and/or services identified as contributing towards meeting the increased or improved services requirement within the In-Person Instruction, Distance Learning Program, Learning Loss, or Additional Actions sections of the Annual Update the LEA is not required to include those descriptions as part of this description.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompt is to be responded to only once, following the analysis of both the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan.

- Describe how the analysis and reflection related to student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP, as applicable.

Plan Summary [LCAP Year]

General Information

A description of the LEA, its schools, and its students.

Compass Charter Schools of Los Angeles (Compass) is a free, nonclassroom-based, public charter school which is directly funded by the State of California and the federal government. Compass provides 21st century online and home study learning programs authorized by Acton-Agua Dulce USD for scholars in grades TK-12 who reside in Los Angeles county and its adjacent counties and wish to pursue high-quality, and rigorous instructional programs via virtual learning.

The academic program provides choices for families who enroll. The Online Learning Program is a virtual program where scholars use Accelerate Education as their curriculum. A credentialed supervising teacher (ST) supports the scholar and provides live, online learning labs once a week. The weekly live labs are 1-hour long per content area. These labs are held once a day and are recorded for scholars to access if they cannot attend the live session. In our Options Learning Program, the learning coach (parent or guardian) is the primary instructor for their scholars and commits to providing a well-rounded education for their child. The ST is there to guide the learning coach with curricular options, order requests, and academic guidance. In both programs, each scholar is assigned a ST who helps provide support to the scholar and learning coach on their educational journey. The ST is there to provide as much or as little support as needed to support scholars and as the family's go-to person for all the scholars' educational needs. The enrollment is currently 832 scholars across grades TK through 12. Similar to the authorizing district, as of Census Day 2020 we serve 46.6% Socioeconomically Disadvantaged, 10.2% homeless, 0% foster youth, 5.04% English Learners,11.4% Students with Disabilities.

The mission of Compass is to inspire and develop innovative, creative, self-directed learners, one scholar at a time. Our vision is to create a collaborative virtual learning community, which inspires scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-

long learning, and prepare scholars to take responsibility for their future success. We support our scholars, learning coaches, teachers, staff and community through our core values of Achievement, Respect, Teamwork, Integrity, and Communication (ARTIC). Scholars will attend school primarily from home, supervised by a learning coach, following a Personalized Learning Plan (PLP) that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated STs.

According to the California Department of Education, Independent Study is a different way of learning. In independent study, a scholar is guided by a ST but usually does not take classes with other scholars every day. The scholar works independently. Scholars who participate in independent study take the same courses as scholars in traditional public schools. Some reasons why scholars choose Independent study programs are because:

- benefits scholars who have health issues
- scholars who are parenting,
- scholars qualified as gifted and/or talented,
- scholars may require more time in certain subjects,
- scholar activities such as acting, dancing, and athletics require time during the normal school day,
- scholars who are working,
- scholars in need of an educational program with flexibility,
- scholars who find regular classroom settings do not meet their needs, or
- scholars seeking to learn in a secure and safe environment.

Independent study is a viable option for many because it offers scholars the freedom to explore various subjects, free from the confines of a classroom. Additionally, the self-paced learning environment allows scholars to go as quickly or slowly as they need to for standard mastery. In the Online Learning Program, the state-standard aligned curriculum is provided through texts and online platforms, and progress is supervised by both the credentialed course instructor and the Assistant Superintendent and Chief Academic Officer. In the Options Learning Program, families use instructional funds and choose their curriculum(s) from our approved vendor list, with support and progress supervised by both the credentialed ST and the Assistant Superintendent and Chief Academic Officer.

It is important to note that many high school scholars whose families choose an independent study charter school because the scholar was not successful in comprehensive high schools. This is important because many of the scholars in the high school program will come to us deficient in credits required to graduate, so we will make high school courses and credit recovery an option for all scholars who are deficient in credits. This continues to be an area of focus for Compass as we transition to the 2021-24 Local Control Accountability Plan.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Based on the 2019 California School Dashboard, Compass Charter Schools of Los Angeles (Compass) has demonstrated success in the following areas:

(1) Chronic Absenteeism Indicator - Compass has decreased the schoolwide chronic absenteeism rate by 4.5% which resulted in the rating of “green” with only 5.2% of scholars in a pattern of irregular attendance. We attribute this positive trend to our focus on increasing the number of touchpoints with families to ensure our scholars are maintaining regular engagement with our online learning platforms;

(2) Suspension Rate - We have maintained a 0% suspension rate for all years of reporting on the CA Dashboard as our program of distance learning allows scholars to be self-directed learners who value education;

(3) English/Language Arts - Compass improved its color gauge rating from “orange” in 2018 [schoolwide 35.5 points below DF3, Hispanic 50.9 points DF3, SED 49.1 DF3] to “yellow” in 2019 [schoolwide 25.3 points DF3, Hispanic 43.3 points DF3, SED 41.7 points DF3]. All of our significant student groups demonstrated increases on the SBAC ELA as a result of increased support in this area and professional development of staff to meet the varied needs of our scholars/alignment with the assessment demands of the SBAC.

(4) College/Career Readiness - For the two years for which CA School Dashboard data is available, Compass has shown growth from “orange” in 2018 [8.3% schoolwide, 9.3% SED] to “yellow” in 2019 [15.7% schoolwide, SED 13.5%]. Concurrent enrollment increased from 7.8% in 2019/2020 to 17.2% in 2020/2021.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

According to the CA School Dashboard enrollment demographics for 2019, Compass Charter Schools of Los Angeles (Compass) has a statistically significant number of scholars in the Socioeconomically Disadvantaged student group. There are two indicators on the Dashboard which are in need of increased attention, and they are as follows:

(1) Mathematics - The schoolwide performance in mathematics continues to be an area of need (“Orange”) with a slight decline of 2.6 points (92.5 below DF3), and Hispanic and Socioeconomically Disadvantaged student groups in “Red” performance level. As such, Compass will continue to progress monitor data more frequently and implement timely responses such as interventions to address scholar performance. As a result of our monitoring progress and participation in math tutoring through our MTSS framework, 21% of scholars who regularly attend

tutoring in grades 6-12 are at or above grade level in math, as determined by our internal diagnostic data, an increase of 13% for scholars that do not attend math tutoring.

(2) Graduation - Compass graduation declined slightly with the schoolwide color-gauge rating of “red” remaining unchanged. That said, it is important to note that the 2018 School Dashboard graduation rate was originally captured/reported as 51.7%, but was adjusted in retrospect by the State to be 59.2% to capture 5-year cohort graduates who were awarded diplomas within the 2018 cut-off period. Compass will review/revise the academic planning process to support all scholars with programming leading to graduation with a CA diploma including establishing a dual enrollment program and increase family engagement around post-secondary educational and career options. The 2021-24 plan will include, where appropriate, metrics which will analyze the Socioeconomically Disadvantaged (SED) student group in comparison to the schoolwide performance.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

As the Local Control and Accountability Plan (LCAP) is a three-year plan that is designed and meant to provide full transparency at the local level and encourage valuable input from all stakeholders in the community, Compass Charter Schools of Los Angeles (Compass) engaged all stakeholders (see “Stakeholder Engagement” for more information) to develop a streamlined, three-year plan aligned to the California Eight State Priorities.

Based on the feedback from our stakeholders, Compass developed the following LCAP goals for the 2021-24 academic years:

1. Increase scholar academic achievement in core academic subjects.

2. Increase scholar and parent engagement/involvement.

3. Increase college and career readiness for scholars.

4. Ensure that at-promise scholars are making progress toward earning a high school diploma.

Compass also ensured to include actions in response to the lessons learned from the COVID-19 pandemic and the lingering impacts from the on-going pandemic challenges such as social-emotional/well being and pupil learning loss.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Compass Charter Schools of Los Angeles was identified for CSI Graduation on January 31, 2020. The graduation rate for 2019 was 52.5% which was a decline of 6.6% (as a result of the CDE adjustment of the 2018 Cohort Graduation Rate from 51.7% to 59.2%).

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Compass Charter Schools of Los Angeles (Compass) was identified for Comprehensive Support and Improvement (CSI) on January 31, 2020 due to the following school indicators: Red level for all scholar groups in Graduation (52.5%, a 6.6% decline) and Orange level for all scholar groups in Mathematics (92.5 points below standard, maintaining at -2.6 points). Although our school indicators may show our progress has declined in the previous year, we remain steadfast in our devotion and commitment to our scholars' success. As a result of this commitment, this year we have implemented a school-wide Wildly Important Goal (WIG): by focusing on scholar engagement, 100% of our eligible scholars will graduate by the end of the 2020-21 school year. Through this school-wide WIG, all departments have developed their own aligned WIG that will guide the goals of our supervising teachers (STs) and Professional Learning Communities (PLCs) data collection. Lead and lag measures will determine the development and data reporting for this WIG. This WIG data, at the department level, will be shared bimonthly to provide a compelling scoreboard to indicate the lead and lag measures. The overall Compass' WIG goal will be shared with Compass staff on a monthly basis during the Compass Deep Dive, and each team will have direct access to their scoreboard to monitor goal achievement. The WIG progress share outs during the Compass Deep Dive have been very successful, as all Compass staff take accountability and personal responsibility for the goal progress. All staff are invested in getting each lead measure to "the green" and out of the red zone, and there is an element of competition and pride as a result of moving out of the red. To further involve the stakeholders in the implementation and progress of the WIG, the goal will provide the focus for all collaborative ideation and work completed in staff committees, divisions and departments, the Parent Advisory Council (PAC), and the Scholar Leadership Council (SLC).

As a non-classroom-based public charter school, Compass seeks to provide opportunities for learning coaches (parents or guardian) to be meaningfully engaged in their scholar's educational journey and provide input on areas to improve the experience of scholars in alignment with the goals of the approved charter petition. Equally important is to maintain the engagement of our scholars to promote their academic growth, social-emotional wellness, and dedication to becoming self-motivated, life-long learners. Compass continuously engages all stakeholders in their evidence based planning and decision-making processes. For example, Compass holds various Leadership Team meetings to review data for initial planning. Survey results are discussed as a team and taken into account for planning for the next school year, during Strength Weaknesses Opportunities Threats (SWOT) meetings with the Superintendent. The SWOT meetings were highly effective, as each member of the leadership team provided ideas on increasing academic achievement, while ensuring we were implementing stakeholder feedback. Town Halls are held monthly in which updates are presented and questions by staff are answered by our Superintendent. Leadership councils led by scholars, learning coaches and staff examine data, propose initiatives, and receive feedback.

Compass also utilizes planning surveys of scholars, learning coaches and staff. The engagement of both scholars and learning coaches is essential to the success of our community.

It is through this process of stakeholder engagement that Compass completed an in-depth needs assessment and analyzed the data to gauge the effectiveness of our evidence-based interventions and practices. This needs assessment was conducted to better understand the performance data, assess the effectiveness of the interventions in place, and determine additional needs to be addressed along with how resources may be reallocated to improve scholar performance. Through the use of the Annual Planning Survey, Parent/Town Hall Meetings, PAC, and SLC, input was provided on both statewide and internal assessment data, through Edgenuity and Istation. The feedback from these meetings and the survey included the following: (1) increased course offerings, (2) engagement opportunities through community service and scholar-led clubs, (3) college preparedness testing. Feedback from the staff included (1) regular data review at monthly staff meetings, (2) regular roundtable discussions on school/scholar needs, and (3) regular involvement in discussions with the PAC to review the CSI Plan.

Additionally, stakeholders are regularly surveyed or polled to help identify resource inequities. We have the PAC, SLC, and a Staff Advisory Committee (SAC) who meet regularly and collect, then share, information regarding resource inequity concerns as part of their function. Recent resource inequities identified were that more documents need to be translated into Spanish for our English Learner (EL) population. As a result, an internal Translation Committee was formed to identify, track, and translate relevant documents. As resource inequities are identified and reported to these councils and to the Leadership Team, committees and/or task forces are formed or the tasks are assigned to the appropriate individuals to address. Actions taken are then shared with staff through our Superintendent's Weekly Update and actions pertaining to families are shared in communications from the school, which currently uses ParentSquare as the platform for such communication. Staff and families are made aware via such communications and via the Employee Handbook and Scholar Handbook, respectively, as to whom to report any resource inequities. As for our evidence-based interventions and practices, Compass will continue with the implementation of our tutoring program under the MTSS framework. Scholars are identified as needing tier 2 and tier 3 interventions based on diagnostic assessments. This diagnostic assessment uses a bank of questions that are skill-based which is determined through grade-level skill mastery. These questions and the scholar's grade level determine which questions should be answered correctly to show skill mastery. Those questions that are not answered correctly show a skill gap and contribute to the determination of the tier level and interventions needed. From these assessments, skill gaps will be identified and an Individual Learning Path (ILP) curriculum will be assigned based on those gaps. The completion of this curriculum, which will be used to fill learning gaps specific to reading and math, will be monitored by the tutors under the MTSS framework and Supervising Teachers. Also, through our Positive Behavior Interventions and Support (PBIS) model, scholars who show engagement and improvement through this curriculum will be recognized with rewards. The incentives through our PBIS model have contributed to scholar growth and academic achievement, as well as improvement to our school-wide recognition program.

By providing these additional tutoring services to our scholars, we have seen a significant increase in their assessment performance. Of those scholars attending tutoring sessions 26% performed at or above grade level on their mid-year reading diagnostic assessment (as opposed to 10% at the beginning of the year). 21% of scholars attending math tutoring sessions scored at or above grade level on their mid-year math diagnostic assessment (as opposed to 8% at the beginning of the year). An identified challenge that continues with this action is the participation rate and attendance of identified scholars needing Tier 2 and 3 support in tutoring sessions. 15% of invited scholars needing

Tiered support attended K-12 math sessions and 14% of invited scholars attended K-12 LEA sessions during the months of October through March. Compass will continue to collaborate and discuss strategies that will increase participation and engagement in tutoring sessions. Further, Compass re-evaluated scholars qualifying for MTSS based on the mid-year diagnostic assessment, which was conducted the week of February 2nd. A revision plan included offering weekly study hall sessions for scholars in need of support on completing class assignments and maintaining passing status.

Based on these results, Compass will implement a consistent system of internal assessment for benchmarking, provide additional professional development to increase the capacity of staff to respond to scholar academic and social-emotional needs, expansion of the MTSS, and data-aligned review of instructional resources in both the core and supplemental instruction. Compass will modify the previous Local Control Accountability Plan (LCAP) goals, actions, and metrics slightly while maintaining a rigorous academic program, high-quality professional development, and increasing scholar achievement of targeted populations. Additionally, Compass has added a new goal to focus on the unique needs of scholars who need additional year(s) of study to successfully complete the academic program and earn a diploma.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Compass Charter Schools of Los Angeles (Compass) will monitor the implementation of the CSI plan to support scholars and school-wide improvement by partnering with Altitude Learning. Through monthly meetings, the Compass Leadership Team and the Altitude Learning Team will build capacity in the instructional systems through continuous improvement, incorporate a holistic and integrated approach, apply technical and adaptive methods to attain immediate and transformational change, focus on collaboration and solution building, and utilizing innovation to drive equity and access for all scholars. Compass plans to monitor the effectiveness of the plan in numerous ways. First, we will continue to include all stakeholders in the monitoring process by holding various Leadership Team meetings to review data collected thus far, monthly Town Halls to provide updates and allow time for questions to be asked by staff and answered by our Superintendent. We will also continue to hold monthly leadership council meetings led by our scholars, learning coaches (parents or guardian) and staff to examine data, propose initiatives, and receive feedback. Second, the teams will utilize the systems created to review what the scholars are doing, what the supervising teachers (STs) are doing, how the scholars and STs are interacting with each other and with the core content, and what the instructional content looks like. The teams will review work completion during learning periods, feedback provided to scholars, quarterly benchmarks, attendance rates, and personalized learning plans. The Leadership Team will implement specific reporting systems to collect these specific data points to monitor scholar growth and progress. As strengths are identified through these reporting systems and Professional Learning Communities (PLCs), the PLC teams will reflect on the factors that are making progress possible. PLCs have been highly effective this year, as each team discusses strategies and best practices to support scholar achievement. The leadership team provides talking points and ideas to keep the team on task, however, the PLC facilitators are empowered to run each meeting. Roles also change biweekly whereby members are empowered to develop their leadership skills by becoming facilitators of their group. As a result, each PLC member is learning from each other in order to improve their instructional practices. Furthermore, the representatives from the PLCs teams share their big ideas with the larger team so that professional learning continually occurs. The effectiveness of PLCs is evidenced by our scholar achievement, as 80% of Compass scholars received a C or better in their classes during semester 1. More importantly, as a direct result of the collaboration in PLCs, 65% of Compass scholars are eligible to graduate this year, an increase of 44% from September to May. As areas of opportunity for growth are identified, the PLC teams will reflect and evaluate the evidence-based strategies implemented to effectively promote academic growth and progress. Through the continued evaluation of these strategies, those which are not effectively showing scholars growth will be discontinued or

replaced with evidence-based strategies and/or interventions. Compass has a comprehensive Multi-Tiered System of Supports (MTSS) framework, supported by the Advancement Via Individual Determination (AVID) mindset, whereby scholars needing Tier 2 or Tier 3 support are invited to tutoring sessions to address math and reading skill gaps whereby tutors use supplemental curriculum through Istation and Edgenuity to address scholar needs. Scholars qualify for Tier 2 and 3 supports based on data gathered through diagnostic assessments and observations by the instructional staff and learning coaches. These can include regularly scheduled grade level subject specific synchronous learning labs or specialized workshops offered to support a range of skills necessary for scholar success. Tier 1 includes all core instruction held in various subjects for all grade levels. Progress is monitored at regular intervals and referrals for additional assessments or interventions are made as needed. The effectiveness is determined by course progress and improvement on supplemental assessments and benchmark data. And lastly, scholars will complete the diagnostic assessment three times a year to show growth. After each diagnostic assessment, scholars will be assigned to a specific ILP tutoring group and will complete the ILP curriculum to close skill gaps in reading and math. This data will be shared through a compelling scoreboard so all Supervising Teachers can recognize growth. The STs will monitor scholars completion of these assignments, tutoring attendance in reading and math, curriculum completion, and growth through data analysis of each assessment. The Assessment Coordinator will collect and disseminate the data from each diagnostic assessment to the ST, Scholar Success Coordinator, and tutors. Tutors under the MTSS framework will provide targeted, 30-minute synchronous sessions that target specific skill gaps, as indicated in the diagnostic assessment and ILP supplemental curriculum to provide additional support and instruction to address needs. The LEA will monitor the effectiveness and implementation of this program by collecting specific data at-risk scholars determined through diagnostic assessment tier identification and academic progress to meet standards and close skill gaps from the supervising teachers bi-monthly. Likewise, the LEA will collect and share data collected from the scholar success coordinator that will show scholar growth through diagnostic assessments, ILP course completion, and tutoring participation. This data will be also shared with all of the staff through a compelling scoreboard.

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

Leadership Team Meeting (March 10 - 11, 2021): During this leadership meeting, the leadership team was asked to review the goals they had previously set for the LCAPs and everyone attending the meeting, representing various divisions and departments of the organization, had input on adjusting goals and actions. The leadership team also began planning for professional and staff development for all staff to address the needs outlined in the LCAPs. During division breakout times, the Academic Division discussed the results of a staff needs survey in terms of professional development needed to support staff in serving scholars and meeting the goals of the LCAPs.

Parent Advisory Council (March 19, 2021): During this month's meeting, we discussed the parent survey results. There was an awareness that learning labs and virtual workshops are having an increase in engagement for both scholars and learning coaches (parents or guardian). The Parent Advisory Council will be reflecting on the survey results and bringing suggestions to their May meeting for consideration for inclusion into the LCAP goals and actions.

Board of Directors Meeting (March 28, 2021): During this Board of Directors meeting, the results of the Parent Survey, Scholar Survey, and 2021-22 Planning Survey were shared with the Board. The Board will use the results of these various surveys as they prepare for the Public Hearing on Sunday, May 23.

Scholar Leadership Council (April 13, 2021): During this month's meeting, we discussed communication and the scholar survey results. Based on feedback from the survey and the council, Compass leadership and staff will review communication to scholars, including the content and layout of the Monday Morning Update (MMU). We will be looking toward new content and reminders of content, considering formatting to address grade-level and/or grade-span. We also discussed the need to review the promotion of the Scholar Leadership Council, both to scholars as well as staff. This includes more staff awareness, which will be shared via weekly cabinet notes where there is access to meeting minutes. We may also consider having staff promote the council during Learning Labs. As far as the Scholar Survey, the consensus included adding opportunities for proposed solutions in future surveys to help drive stakeholder input. These ideas were taken into consideration while drafting the LCAP goals and actions.

Leadership Team Meeting (May 11 - 13, 2021): During this leadership meeting, the exact actions and measures were reviewed line by line with the leadership team and every team member had the opportunity to provide feedback on the LCAP goals, actions, and measures. There was also a focus on engagement goals and how to achieve those goals. This was discussed more in depth during division breakout meetings by the Academic Leadership team.

Scholar Leadership Council (May 11, 2021): During this month's meeting, the members finalized their recommendations for the 2021-22 school year and presented them to the Superintendent. They also reviewed the draft 2021-24 LCAP goals and actions, and provided their support for all four goals and their associated actions.

Parent Advisory Council (May 21, 2021): TBD

Board of Directors Public Hearing (May 23, 2021): TBD

Goals and Actions

Goal 1

Goal #	Description
1	Increase scholar academic achievement in core academic subjects.

An explanation of why the LEA has developed this goal.

To ensure all scholars have access to rigorous curricula to prepare them for the demands of state standards, as well as a system of assessment to monitor progress and inform instruction and the implementation of responsive interventions to meet each scholar's needs.

Goal 2

Goal #	Description
2	Increase scholar and parent engagement/involvement.

An explanation of why the LEA has developed this goal.

The engagement of both scholars and parents is essential to the success of our community. Compass Charter Schools of Los Angeles (Compass) seeks to provide opportunities for parents to be meaningfully engaged in their scholar's educational journey and provide input on areas to improve the experience of students in alignment with the goals of the approved charter petition. Equally important is to maintain the engagement of our scholars to promote their academic growth, social-emotional wellness, and dedication to becoming self-motivated, life-long learners.

Goal 3

Goal #	Description
3	Increase college and career readiness for scholars.

An explanation of why the LEA has developed this goal.

Compass Charter Schools of Los Angeles scholars, as described in Goal 1, must have access to an instructional program which meets the requirements for post-secondary success, be that at an institute of higher learning or in a career of their choice. As such, ALL scholars must receive a high quality program which provides them with the requisite skills for success after graduation.

Goal 4

Goal #	Description
4	Ensure that at-promise scholars are making progress toward earning a high school diploma.

An explanation of why the LEA has developed this goal.

Compass Charter Schools of Los Angeles offers a unique model for addressing the current needs of scholars/families. This goal has been added to allow for continuous monitoring of our scholars who entered the Compass programs at various levels of high school with credit deficits and will enable our staff to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline. Compass Charter schools will monitor scholars identified as at-promise (including current scholars and late entrants) to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (*EC* 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* 52064(b)(4-6)).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* 52064(b)(7)).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student*"* performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some

metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.
- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

> ***Actions for English Learners:*** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.
>
> ***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the “Increased or Improved Services” section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

***Percentage to Increase or Improve Services*:** Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

"A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required."

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering “All”, or by entering a specific student group or groups.
- **Increased / Improved**: Type “Yes” if the action **is** included as contributing to meeting the increased or improved services; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services.
- If “Yes” is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span**: Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense**: This column will be automatically calculated based on information provided in the following columns:
    - **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
    - **Total Non-Personnel**: This amount will be automatically calculated.
- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

Plan Summary [LCAP Year]

General Information

A description of the LEA, its schools, and its students.

Compass Charter Schools of Yolo (Compass) is a free, nonclassroom-based, public charter school which is directly funded by the State of California and the federal government. Compass provides 21st century online and home study learning programs authorized by Winters Joint USD for scholars (students) in grades TK-12 who reside in Los Angeles county and its adjacent counties and wish to pursue high-quality, and rigorous instructional programs via virtual learning.

The academic program provides choices for families who enroll. The Online Learning Program is a virtual program where scholars use Accelerate Education as their curriculum. A credentialed supervising teacher (ST) supports the scholar and provides live, online learning labs once a week. The weekly live labs are 1-hour long per content area. These labs are held once a day and are recorded for scholars to access if they cannot attend the live session. In our Options Learning Program, the learning coach (parent or guardian) is the primary instructor for their scholars and commits to providing a well-rounded education for their child. The ST is there to guide the learning coach with curricular options, order requests, and academic guidance. In both programs, each scholar is assigned a ST who helps provide support to the scholar and learning coach on their educational journey. The ST is there to provide as much or as little support as needed to support scholars and as the family's go-to person for all the scholars' educational needs. The enrollment is currently 832 scholars across grades TK through 12. Similar to the authorizing district, as of Census Day 2020 we serve 46.6% Socioeconomically Disadvantaged, 10.2% homeless, 0% foster youth, 5.04% English Learners,11.4% Students with Disabilities.

The mission of Compass is to inspire and develop innovative, creative, self-directed learners, one scholar at a time. Our vision is to create a collaborative virtual learning community, which inspires scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-

long learning, and prepare scholars to take responsibility for their future success. We support our scholars, learning coaches, teachers, staff and community through our core values of Achievement, Respect, Teamwork, Integrity, and Communication (ARTIC). Scholars will attend school primarily from home, supervised by a learning coach, following a Personalized Learning Plan (PLP) that integrates technology and standards-aligned curriculum under the supervision of professional, fully qualified, certificated STs.

According to the California Department of Education, Independent Study is a different way of learning. In independent study, a scholar is guided by a ST but usually does not take classes with other scholars every day. The scholar works independently. Scholars who participate in independent study take the same courses as scholars in traditional public schools. Some reasons why scholars choose Independent study programs are because:

- benefits scholars who have health issues
- scholars who are parenting,
- scholars qualified as gifted and/or talented,
- scholars may require more time in certain subjects,
- scholar activities such as acting, dancing, and athletics require time during the normal school day,
- scholars who are working,
- scholars in need of an educational program with flexibility,
- scholars who find regular classroom settings do not meet their needs, or
- scholars seeking to learn in a secure and safe environment.

Independent study is a viable option for many because it offers scholars the freedom to explore various subjects, free from the confines of a classroom. Additionally, the self-paced learning environment allows scholars to go as quickly or slowly as they need to for standard mastery. In the Online Learning Program, the state-standard aligned curriculum is provided through texts and online platforms, and progress is supervised by both the credentialed course instructor and the Assistant Superintendent and Chief Academic Officer. In the Options Learning Program, families use instructional funds and choose their curriculum(s) from our approved vendor list, with support and progress supervised by both the credentialed ST and the Assistant Superintendent and Chief Academic Officer.

It is important to note that many high school scholars whose families choose an independent study charter school because the scholar was not successful in comprehensive high schools. This is important because many of the scholars in the high school program will come to us deficient in credits required to graduate, so we will make high school courses and credit recovery an option for all scholars who are deficient in credits. This continues to be an area of focus for Compass as we transition to the 2021-24 Local Control Accountability Plan.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Compass Charter Schools of Yolo (Compass) opened in Fall 2019. As a result of the COVID-19 pandemic, the California Department of Education suspended all assessments in Spring of 2020. Because of that, Compass was not able to obtain any reports from the California Dashboard. Instead we have used internal data to highlight our successes.

(1) Reading – Compass scholars demonstrated significant improvement in reading scores as indicated by internal assessment data. Scholars in TK-5 had an 4% increase from beginning of the year compared to mid-year assessment data, and scholar in grades 6-12 increased 3% between the two assessments during the 2020-2021 academic year.

(2) Multi-tiered Support Systems (MTSS) - Compass has developed a tiered support system for scholars across grade levels and programs to ensure scholars' needs are identified and supported. The school has adopted Advancement Via Individual Determination (AVID) instructional strategies in all direct learning opportunities, sets time aside each month to identify scholars at-risk to not pass, discuss available support, and set goals.

(3) College and Career Readiness - Compass has developed a robust College and Career Readiness program in order to prepare scholars for post-secondary pathways. The program includes weekly workshops, career exploration activities, A-G courses, Advanced Placement courses, college preparatory courses, and opportunities to take college courses through concurrent enrollment which has increased from 38.3% in the 2019-20 school year to 66.0% in the 2020-21 school year.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Compass Charter Schools of Yolo (Compass) opened in Fall 2019. The first year of California Dashboard reporting will be in December 2020. Below is a summary of the identified needs for Compass based on our internal data:

(1) Mathematics - Compass scholars demonstrate a need in mathematics as indicated by internal assessment data. The data from these diagnostics exams indicate 72% of our TK-5 scholars are at or above grade level in math (a decrease of 7% from beginning to mid-year assessment). However that percentage drops off significantly for our 6-12 scholars of whom 34% are at grade level in math (a decrease of 1% from beginning to mid-year assessment).

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

As the Local Control and Accountability Plan (LCAP) is a three-year plan that is designed and meant to provide full transparency at the local level and encourage valuable input from all stakeholders in the community, Compass Charter Schools of Yolo (Compass) engaged all stakeholders (see “Stakeholder Engagement” for more information) to develop a streamlined, three-year plan aligned to the California Eight State Priorities.

Based on the feedback from our stakeholders, Compass developed the following LCAP goals for the 2021-24 academic years:

1. Increase scholar academic achievement in core academic subjects.

2. Increase scholar and parent engagement/involvement.

3. Increase college and career readiness for scholars.

4. Ensure that at-promise scholars are making progress toward earning a high school diploma.

Compass also ensured to include actions in response to the lessons learned from the COVID-19 pandemic and the lingering impacts from the on-going pandemic challenges such as social-emotional/well being and pupil learning loss.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Compass Charter Schools of Yolo was not identified for CSI.

Support for Identified Schools

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

Leadership Team Meeting (March 9 - 11, 2021). During this leadership meeting, the leadership team was asked to review the goals they had previously set for the LCAPs and everyone attending the meeting, representing various divisions and departments of the organization, had input on adjusting goals and actions. The leadership team also began planning for professional and staff development for all staff to address the needs outlined in the LCAPs. During division breakout times, the Academic Division discussed the results of a staff needs survey in terms of professional development needed to support staff in serving scholars and meeting the goals of the LCAPs.

Parent Advisory Council (March 19, 2021). During this month's meeting, we discussed the parent survey results. There was an awareness that learning labs and virtual workshops are having an increase in engagement for both scholars and learning coaches (parents or guardian). The Parent Advisory Council will be reflecting on the survey results and bringing suggestions to their May meeting for consideration for inclusion into the LCAP goals and actions.

Board of Directors Meeting (March 28, 2021). During this Board of Directors meeting, the results of the Parent Survey, Scholar Survey, and 2021-22 Planning Survey were shared with the Board. The Board will use the results of these various surveys as they prepare for the Public Hearing on Sunday, May 23.

Scholar Leadership Council (April 13, 2021). During this month's meeting, we discussed communication and the scholar survey results. Based on feedback from the survey and the council, Compass leadership and staff will review communication to scholars, including the content and layout of the Monday Morning Update (MMU). We will be looking toward new content and reminders of content, considering formatting to address grade-level and/or grade-span. We also discussed the need to review the promotion of the Scholar Leadership Council, both to scholars as well as staff. This includes more staff awareness, which will be shared via weekly cabinet notes where there is access to meeting minutes. We may also consider having staff promote the council during Learning Labs. As far as the Scholar Survey, the consensus included adding opportunities for proposed solutions in future surveys to help drive stakeholder input. These ideas were taken into consideration while drafting the LCAP goals and actions.

Leadership Team Meeting (May 11 - 13, 2021). During this leadership meeting, the exact actions and measures were reviewed line by line with the leadership team and every team member had the opportunity to provide feedback on the LCAP goals, actions, and measures. There was also a focus on engagement goals and how to achieve those goals. This was discussed more in depth during division breakout meetings by the Academic Leadership team.

Scholar Leadership Council (May 11, 2021). During this month's meeting, the members finalized their recommendations for the 2021-22 school year and presented them to the Superintendent. They also reviewed the draft 2021-24 LCAP goals and actions, and provided their support for all four goals and their associated actions.

Parent Advisory Council (May 21, 2021). TBD.

Public Hearing at Board (May 23, 2021). TBD.

Goals and Actions

Goal 1

Goal #	Description
1	Increase scholar academic achievement in core academic subjects.

An explanation of why the LEA has developed this goal.

To ensure all scholars have access to rigorous curricula to prepare them for the demands of state standards, as well as a system of assessment to monitor progress and inform instruction and the implementation of responsive interventions to meet each scholar's needs.

Goal 2

Goal #	Description
2	Increase scholar and parent engagement/involvement.

An explanation of why the LEA has developed this goal.

The engagement of both scholars and parents is essential to the success of our community. Compass Charter Schools of Yolo (Compass) seeks to provide opportunities for parents to be meaningfully engaged in their scholar's educational journey and provide input on areas to improve the experience of students in alignment with the goals of the approved charter petition. Equally important is to maintain the engagement of our scholars to promote their academic growth, social-emotional wellness, and dedication to becoming self-motivated, life-long learners.

Goal 3

Goal #	Description
3	Increase college and career readiness for scholars

An explanation of why the LEA has developed this goal.

Compass Charter Schools of Yolo (Compass) scholars, as described in Goal 1, must have access to an instructional program which meets the requirements for post-secondary success, be that at an institute of higher learning or in a career of their choice. As such, ALL scholars must receive a high quality program which provides them with the requisite skills for success after graduation.

Goal 4

Goal #	Description
4	Ensure that at-promise scholars are making progress toward earning a high school diploma.

An explanation of why the LEA has developed this goal.

Compass Charter Schools Yolo (Compass) offers a unique model for addressing the current needs of scholars/families. This goal has been added to allow for continuous monitoring of our scholars who entered the Compass programs at various levels of high school with credit deficits and will enable our staff to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline. Compass Charter schools will monitor scholars identified as at-promise (including current scholars and late entrants) to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (*EC* 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* 52064(b)(4-6)).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* 52064(b)(7)).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student*"* performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some

metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.
- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

> ***Actions for English Learners:*** School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.
>
> ***Actions for Foster Youth***: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the “Increased or Improved Services” section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

***Percentage to Increase or Improve Services*:** Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

"A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required."

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering “All”, or by entering a specific student group or groups.
- **Increased / Improved**: Type “Yes” if the action **is** included as contributing to meeting the increased or improved services; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services.
- If “Yes” is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span**: Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense**: This column will be automatically calculated based on information provided in the following columns:
    - **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
    - **Total Non-Personnel**: This amount will be automatically calculated.
- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

Actions / Services

Planned Action/Service	Budgeted Expenditures	Actual Expenditures
All scholars will have all basic services to include 100% of teachers appropriately credentialed and assigned maintaining the 25:1 required ratio, access to 100% of core curriculum including ELD State Standards-aligned, 100% of scholars having access to sufficient materials to include technology support, virtual lab materials, learning lab materials, science kits, visual and performing arts materials, and an online library in a safe, orderly environment.	4,073,331 LCFF Base LCFF S&C Title I 1100, 4100, 4200, 4410	Actuals: $2,744,537* Estimate: $1,328,794 TOTAL: $4,073,331 *Actuals through 1/31/2020
Identify scholars through Multi-Tier System of Supports (MTSS) who need additional support and interventions based on results of internal assessments and work completion and provide support sessions with the teacher, access to online support resources (such as ThinkingStorm) and tutoring. All teachers will complete deficiency notices for any grade 6-12 scholars who are receiving a grade of C or lower every quarter. Deficiency notices will be sent to the parent at the semester mid-point.	92,096 LCFF S&C Title I 1200, 2100	Actuals:$55,598* Estimate: $36,311 TOTAL: $92,096 *Actuals through 1/31/2020
All staff, teachers and administrators will receive Professional Development sessions. All staff will receive mandated training. New Teachers will be offered to clear their credential through an Induction Program, a veteran teacher who will serve as a mentor and support meetings once a week for the first month, then once a month for the first 5 months. All teachers will be provided professional development sessions on curriculum, MTSS, SEL, PBIS in virtual instruction, writing and scoring constructed responses, data analysis and informing instruction, pacing guides, grading and communication with parents and learning coaches, strategies for ELs, SWD, FY and Homeless Youth, SED and culturally relevant proficiency. implemented. The supervising teachers, educational facilitators, Scholar Services Technicians, counselors, educational facilitators and academic coordinators will hold scholars accountable by monitoring attendance, communicating with parents, sending warning letters, holding conferences, and having scholars and parents sign attendance contracts (as part of the Scholar's Master Agreement). Scholars will be incentivized for attendance and participation. In the Online Program, 10% of grade will be based on attendance at Learning Labs. Extra Credit points will be given to scholars' next quiz, test or project for attending a study or tutoring session. In an effort to continuously improve attendance and participation in the Compass Options program, each Educational Facilitator will decide on a way to recognize those in their class that complete their activity logs and work samples by the date. Examples include a note of thanks, class message, recognition in the Compass Newsletter and/or class challenge.	2200, 2400	TOTAL: $18,319 *Actuals through 1/31/2020

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services for Goal 1 were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

The Multi-Tiered System of Supports (MTSS) framework has been a successful implementation to support our goal of increasing scholar academic achievement. The MTSS framework supports all scholars in order to proactively and effectively target behavioral, social-emotional, and academic support. Our Compass Charter Schools of San Diego (CCS) framework provides increasing levels of instructional time and intensity, so that all scholars have the opportunity to learn and succeed. As scholars are flagged for needing tier 2 or tier 3 support, resources are provided to support their academic achievement, including counseling referrals, tutoring, and 1:1 sessions. Utilizing our Positive Behavior Interventions and Supports (PBIS) system and social-emotional learning, has also supported scholars for social-emotional and behavioral needs.

Goal 2

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

All actions/services for Goal 2 were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

In reflecting on the data/metrics for this goal, the Compass Charter Schools of San Diego (CCS) community believes that our actions and services have been effective in increasing stakeholder engagement and involvement to support the success of scholars. As a non classroom based public charter school with two different instructional delivery models, qualitative data from parent surveys and feedback from our Parent Advisory Council (PAC) suggest that families are satisfied and maintain strong ties to CCS, evidenced by our satisfaction rate of 93%, listed on our CCS website.The feedback opportunities and continuous input of active parents and scholars have been invaluable for both the PAC, Scholar Leadership Council (SLC) and the CCS Leadership Team.

Learning Coach Academy was a great success as we covered a variety of topics during four (4) cohorts that each lasted 10-weeks. Topics covered during our Learning Coach Academy cohorts included Back to School Night (Options/Online), How to Help your Child, Internet Safety, Time Management for Scholars, State Testing Overview, Attendance Overview, Social Emotional Learning - Growth Mindset, Preparing for Parent/Teacher Conferences and/or Connection Meetings (Online) (Options), Encouraging and Enhancing Scholar Success along with Preparing for College. Learning Coaches who completed all 10 sessions were awarded with a certificate of completion.

Prior to the Pandemic, we enjoyed a wide variety of field trip opportunities which included but were not limited to Back to School Picnics, WildCare Center Tour, LA Clippers AVID Night, Santa Ana Zoo, Discovery Cube, The Sawdust Factory, Environmental Nature Center, Sherman Library and Gardens, Logan's Candies and many more! Also, a community service opportunity that we provided was offered during a virtual scholar workshop where we created toys to donate to animal shelters. A challenge that we experienced with the pandemic was bringing field trip experiences to our scholars home. We worked tirelessly to provide kitted virtual scholar workshops that had tangible items along with group Zoom sessions in order to still provide meaningful and engaging enrichment experiences despite COVID-19.

In addition to the recognition mentioned in the metrics section, we also awarded six (6) Learning Coach Academy Certificates, nine (9) Excellent Parent Participation Awards and two (2) Learning Coaches of the Year. In regards to our scholar celebration ceremonies, we experienced a handful of successes and challenges as we responded to the challenges presented to us as a result of COVID-19. We experienced great success as we pivoted to offer "graduation in a box" along with a virtual commencement ceremony and reception for our Class of 2021. To celebrate our Kindergarten, 5-grade and 8-grade scholars, we intended to commemorate their success at our Fall 2020 Back to School picnics but ended up having to pivot those to be a virtual experience. All family communication about these offerings were shared out in the Monday Morning Update (MMU) as well as made available on our ParentSquare website.

Goal 3

Increase academic achievement and engagement for scholars in special populations to include English Learners, Socioeconomically Disadvantaged students, Foster Youth, Homeless Youth, and Students with Disabilities as measured by state and local indicators.

All actions/services for Goal 3 were implemented as planned.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

While the actions/services for this goal were implemented, based on reflections by all of Compass Charter Schools of San Diego (CCS) stakeholders, there was an acknowledgement that the metrics were redundant of goal 1, and would be better accounted for/analyzed through the lens of basic services to meet the needs of these special student groups targeted by LCFF. We have established clearer metrics moving forward into future years.

Covid-19 suspended in person instruction

Analysis of In-Person Instructional Offerings

A description of the successes and challenges in implementing in-person instruction in the 2020-21 school year.

Due to COVID-19 In-Person instruction was suspended, pausing any expenditures for IT-related support for in-person instruction at Orange County Learning Center (OCLC). However, our OCLC in-person learning center reopened in the Spring per California Department of Education (CDE), Centers for Disease Control and Prevention (CDC), and local county/district guidelines, following a highly detailed Board-approved reopening plan that included dividing scholars into pods, having scholars only attend one day per week as part of the pods, using PPE, following sanitizing guidelines, and all other requirements. The reopening did not face any major challenges, except for ensuring that the constantly changing rules were all being followed, and we did not see any closures occur. Families were quite happy to return to in-person instruction and look forward to a full reopening in the fall. While the OCLC was closed for in-person instruction, additional supports were put into place for the scholars, including special virtual sessions for those scholars.

Distance Learning Program

Actions Related to the Distance Learning Program

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
2.01 Curriculum and Instruction: Purchase curriculum to support our English Learners (EL) scholars. LLM Funds	$6,000.00	$ 5,091.11	Y
2.02 Professional Development: Provide staff training to support distance learning. LCFF S&C Funds	$530,000.00	$ 94,681.06	Y

2.03 IT Hardware, Software and Services: Purchase IT-related support for scholars and staff as needed to ensure access to high quality academic offerings. LLM Funds	$40,000.00	$ 44,336.07	Y
2.04 Curriculum Assessment and Software: Purchase curriculum to support K-3 scholars experiencing reading difficulties. LLM Funds	$2,000.00	$ 0.00	Y

A description of any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions.

Funds spent in these action items varied due to factors such as COVID-19. Due to COVID-19 in person training/conferences were either cancelled or moved to virtual only and the demand for IT support for scholars and staff increased.

Analysis of the Distance Learning Program

A description of the successes and challenges in implementing each of the following elements of the distance learning program in the 2020-21 school year, as applicable: Continuity of Instruction, Access to Devices and Connectivity, Pupil Participation and Progress, Distance Learning Professional Development, Staff Roles and Responsibilities, and Support for Pupils with Unique Needs.

In order to help scholars achieve academic success, Compass Charter Schools of San Diego (Compass) added on three new positions for Teacher in Residence. The role of the Teacher in Residence is to offer assistance to scholars (students) as Tutors, as well as acting as support to STs as needed. In addition, another counselor was hired to provide scholar support. Scholars were identified through the Multi-Tier System of Supports (MTSS) who needed additional support and interventions based on results of internal assessments and work completion. These scholars were provided access to weekly online tutoring sessions to address specific skill gaps. By providing these additional tutoring services to our scholars, we have seen a significant increase in their assessment performance. Of those scholars attending tutoring sessions 14% performed at or above grade level on their mid-year reading diagnostic assessment (as opposed to 10% at the beginning of the year). 13% of scholars attending math tutoring sessions scored at or above grade level on their mid-year math diagnostic assessment (as opposed to 6% at the beginning of the year). An identified challenge that continues with this action is the participation rate and attendance of identified scholars needing Tier 2 and 3 support in tutoring sessions. Compass will continue to collaborate and discuss strategies that will increase participation and engagement in tutoring sessions. Further, Compass will re-evaluate scholars qualifying for MTSS based on the mid-year diagnostic assessment, which was conducted the week of February 2nd. A revision plan will include offering weekly study hall sessions for scholars in need of support on completing class assignments and maintaining passing status.

Compass provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum which resulted in measurable growth among this scholar group. This growth has been measured with participation in the Lexia curriculum, completion of

lessons within this online curriculum, and final grades from semester 1. Overall, TK-5 scholars moved from 35% working at above grade level material in September 2020 to 51% working at or above grade level in February 2021. Similarly, scholars in grades 6-12 showed growth in performing at intermediate/advanced levels from September to February in all three domains. Word Study improved by 35%, Grammar by 12%, and Reading Comprehension by 16%. For Compass, the percentage of scholars who attended at least one or more live EL support sessions were 58.3% for grades TK-5 and 55.6% for grades 6-12. Of those scholars who attended the EL support sessions from October 2020 to January 2021, these scholars received a final semester grade of 'C'/3 or higher: 75% for TK-5 grades and 82.4% for scholars in 6-12 grades. With the proven efficacy of live EL support sessions, the need for additional learning opportunities and modalities for EL scholars through live sessions was an identified challenge. Therefore, the EL Support Coordinator will implement Listenwise literacy and language support. Listenwise offers standards-aligned podcast lessons with scaffolding built in for English Learners. The scaffolded lessons focus on building academic vocabulary, reading comprehension, and writing.

Compass used the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) screener to meet the goal of pre-screen scholars to address dyslexia concerns prior to Special Education referrals. Learning Ally and Listenwise supplemental subscriptions were purchased to specifically target skill gaps with reading instruction and differentiation of instruction for this population of scholars. Compass has increased collaboration and alignment between the Scholar Support Coordinator, Special Education Department (SPED), and STs to best support scholar needs. The administering of DIBELS 8 screen has provided valuable data which is considered in the decision process for scholars who may need further assessments. Early identification for scholars with Dyslexia is a challenge. Further research regarding early detection pre-screening for Dyslexia is needed to address this challenge.

The SPED team has provided over 1,468 hours of virtual Specialized Academic Instruction (SAI). Scholars were seen virtually in all services areas of qualification. In-person services and assessments continued for scholars that have this service in their Individualized Education Plan (IEP). Requests for assessments from the Scholar Success Team (SST) process as well as learning coaches (parents) will receive Assessment Plans. Current systems have impacted the efficacy with assessment plan execution. To address this challenge, systems will be created and implemented to ensure appropriate assessment plans are executed for scholars with exceptional needs.

The Compliance Coordinator, who serves as our McKinney-Vento Liaison updated the McKenny-Vento and Foster Youth identification and verification process. The Enrollment Specialist will now provide more information outlining reasons for their McKinney-Vento eligibility determinations. All McKinney Vento and Foster Youth scholars have received an introductory eMail from the Compliance Coordinator with the scholar's assigned counselor to create awareness of community resources available to families and increase collaboration. The Compliance Coordinator routinely checked in with eligible families and provided assistance with the re-enrollment process. These check-ins included a phone call, needs assessment survey, and a follow up eMail including current engagement event information. An identified challenge for this action was the ability to identify this scholar group. There was the need to update the enrollment information and forms that helped identify this scholar group. In order to address this challenge, the Compliance Coordinator created the Immediate Enrollment Form in Jotform in both English and Spanish for rollout in the 2021-22 academic year.

Scholars and families who were in need of a laptop and/or hotspot were able to submit the Computer Loan Form located on the Compass website. The IT department purchased this equipment as needed and were able to typically ship the items out the next business day minimizing any delays in the scholars learning experience. Staff, scholars and families have access to the Compass IT Support Department through the Compass helpdesk for any connectivity/technology questions or issues available regarding the website. Classlink was implemented and created for all scholars and staff to provide an efficient means of navigation to complete school-wide processes, organization of usernames and passwords.

All instructional staff attended the Advancement Via Individual Determination (AVID) Digital XP Conference in August. All Compass staff attended the ASCD Foundations of Building Trauma-Sensitive Schools to address social-emotional learning. Also, Compass sent a delegation to Fall CUE, the California Charter Schools Virtual Conference, and Spring CUE.

As a direct result from stakeholder feedback, virtual scholar workshops and field trips were added to supplement the inability to host in-person field trips due to COVID-19. The Counseling department added counseling learning labs that targeted the various social-emotional needs of our scholars. By increasing these virtual offerings, Compass was able to provide additional resources for support.

Pupil Learning Loss

Actions Related to the Pupil Learning Loss

Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing
3.01 Scholar Services and Support: Provide scholars with virtual college tutors to help bridge any educational gap they are experiencing. LCFF S&C Funds	$32,403.00	$ 0.00	Y

3.04 Scholar Services and Support: Purchase AVID Summer Bridge to strengthen scholars' math and science skills. This program will also provide support for English language learners. LCFF S&C Funds	$3,100.00	$ 0.00	Y

A description of any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions.

A need for scholar services and support increased in response to COVID-19 which can contribute as to why our expenditures in 3.03 were over the total budgeted funds. However, professional development opportunities decreased significantly due to COVID-19.

Analysis of Pupil Learning Loss

A description of the successes and challenges in addressing Pupil Learning Loss in the 2020-21 school year and an analysis of the effectiveness of the efforts to address Pupil Learning Loss to date.

Due to the nature of our program, we did not see drastic pupil learning loss. Compass Charter Schools of San Diego (Compass) is an independent-study, learning model whereby scholars (students) have accessed curricula, resources, and their supervising teachers (STs) virtually. While brick-and-mortar schools were trying to navigate distance learning, Compass STs were the experts in providing personalized and effective instruction.

However, scholars identified as needing increased academic support were identified during our diagnostic assessments and by ST referral. A variety of resources were offered to these scholars, including small group tutoring, 1:1 sessions, recorded tutoring lessons, open office hours and focused virtual study halls. Scholars with significant academic, behavioral or social/emotional challenges were referred for a collaborative A Scholar Intervention Team (ASIT) meeting, giving all stakeholders a chance to collaborate on concerns and possible interventions. The Multi-Tier System of Supports (MTSS) committee began compiling a library of instructional videos for learning coaches (parents) highlighting best teaching practices and instructional strategies. These videos were made available to families via our weekly newsletter, Monday Morning Updates (MMU) and YouTube channel. We increased access to virtual tools and subscriptions for all scholars by adding additional seats to current subscriptions and broadening our subscriptions package to include a larger variety of intervention tools and resources. All identified English Learner (EL) scholars were given access to Lexia, an online English Language Development (ELD) program, in addition to live support sessions and frequent check-ins. This has resulted in over 90% of EL scholars passing their ELD courses and making progress toward English language proficiency. In addition, as a result of our ability to navigate unprecedented circumstances, we have seen a significant increase in the number of eligible graduates for the 2020-21 school year.

Ongoing collaboration with stakeholders continued throughout the year at monthly committee meetings, leadership advances, Scholar Leadership Council (SLC) meetings, and Parent Advisory Council (PAC) meetings. During these meetings all stakeholders reviewed and discussed the implementation of our pupil learning loss plan, provided feedback on student programs, reviewed assessments and benchmark data, and the overall progress being made. Compass made all adjustments based on the feedback provided by the stakeholders during these meetings.

An identified challenge to implementing this action was the freeze to all weekly live learning labs, scholar club meetings and engagement activities hosted on Zoom due to Zoom bombing. This freeze lasted for several weeks while Compass Charter Schools of Los Angeles developed safety protocols for using Zoom and training staff on new protocols. This resulted in a decrease in attendance by scholars (students) post freeze. Another identified challenge was a delay in our EL Scholars accessing the Lexia curriculum due to not signing their master agreement during Semester 1, access to a computer, or access to the internet. Correctly identifying the scholar and properly placing with a Spanish speaking ST.

Analysis of Mental Health and Social and Emotional Well-Being

A description of the successes and challenges in monitoring and supporting mental health and social and emotional well-being in the 2020-21 school year.

Compass Charter Schools of San Diego (Compass) Counselors have proactively supported the mental health needs of all scholars (students). A focus on mitigation of trauma and mental health have been incorporated in all aspects of the direct/indirect services provided to/for scholars and the social emotional curriculum/instruction delivered in small groups as well as learning labs.

Our counseling department has harnessed risk assessment tools, small group settings for scholars and maintaining proactive connections and communications to support the mental health needs of our scholar populations. These strategies have helped to support the identification of warning signs and connect scholars and families to available school and community resources. The counseling department continues to monitor the mental health and well-being of scholars while continuing to be proactive in offering academic guidance, focusing on scholars' emotional and social learning, and providing specific support to scholars who are struggling with various personal and school-related issues.

The counseling department has been challenged with Identifying scholars who need extra mental health support, especially regarding anxiety and depression, that can often be undetected under the best circumstances. Scholars have been reporting experiencing more occurrences of initial onsets of mental health illnesses and disorders. In addition, counselors have recognized a trend with coping

techniques once used to manage anxiety and depression for many scholars are no longer working or are as effective in treating the symptoms.

Analysis of Pupil and Family Engagement and Outreach

A description of the successes and challenges in implementing pupil and family engagement and outreach in the 2020-21 school year.

The Compass Charter Schools of San Diego (Compass) Engagement Department launched 25 virtual scholar (student) clubs during the 2020-21 school year, offering a wide variety of subjects areas including Awesome Elementary Artists Club, Adulting 101, Arts & Crafts Club (Elementary), Arts & Crafts Club (Middle & High School), Book Club, Chess Club, Computer Code Club, and so much more. All clubs hosted regular monthly meetings throughout the year. A total of 120 Compass scholars attended a virtual club meeting during Semester 1. One identified challenge for this action was Zoom bombings experienced across the country. Compass paused all live virtual events until proper safety and protocols were in place. The Compass Engagement Department ensured that all club advisors were properly trained and informed of our updated Zoom protocols to safeguard against Zoom bombing attempts. The Engagement Department has continued to support and work alongside our club advisors providing quarterly meeting and training opportunities.

The Compass Engagement Department facilitated two cohorts of Learning Coaches (parents) Academy for our 2020-21 Learning Coach Academy Program which covered Back to School Night, Internet Safety, State Testing Overview, Preparing for College, Growth Mindset and so much more. These cohorts lasted 10 weeks each. Each session included one training session and one question per week. There were weekly interactions, collaborations and support provided for those participating in the Learning Coach Academy. All Learning Coach Academy sessions were recorded and uploaded to YouTube to allow for Spanish subtitles. The only identified challenge to this action item was the pivoting of all the in-person activities to virtual only delayed the implementation of the ambassador program. The Ambassador program will be piloted in the 2021-22 school year.

Compass hosted Virtual Scholar Workshops twice per week during the 2020-21 school year. In collaboration with all three Compass Principals, we implemented the celebration of Heritage Months. We held our Black History Month assembly in February, where scholars had the opportunity to create poetry inspired by Black History, and we also heard from Dr. Walter Milton Jr., our guest keynote speaker. On March 19, we held a Women’s History Month assembly. Scholars were invited to complete research on a “Woman in History” and were given the opportunity to present their research live at the assembly, and we also heard from Nicholette Parrish, our guest keynote speaker. Scholars have experienced a variety of hands-on and interactive workshops including: a four-part series with Garner-Holt productions, Groovy Lab in a Box, MoxieBox, Virtual Spelling Bee, Marine Science Institute, STEAM Field Trip in a Box, Cat Haven Live Virtual Tour, Vision Boarding, GameU Game Design, Big Life Journal, an Inauguration watch party, a visit from the author of The Colorado CurveBall, an environmental awareness art project and a workshop focusing on Martin Luther King’s “I Have a Dream”!

Workshops have included combinations of Q&A sessions, a hands-on project, and interactive activities that encourage scholar participation and socialization. One challenge that was identified was the high demand for these workshops resulting in a desire to offer more workshops in addition to our expanded workshop offerings. The challenge we are faced with is that we have limited bandwidth due to the amount of preparation and management required for each workshop offered.

Compass provided a variety of scholar awards to assist with our scholar engagement during the 2020-21 school year. These awards included but were not limited to Scholar of the Month, Firebird of the Year, Core Values (ARTIC) Awards by semester, Perfect Attendance, Samaritan Award, Honor Roll and more. We also engaged our scholars in monthly contests and biannual spirit weeks. All Scholar of the Month announcements can be found on the “news” section of the Compass website. Each scholar recipient received a mention in our press release, a certificate, and bumper sticker via mail. Core Values (ARTC) Award recipients were submitted by Staff. For Semester 1 we received 56 scholar nominations. Perfect Attendance awards were processed for each Learning Period. Our Honor Roll consisted of 388 scholars. Our October contest was Spirit Week inspired. Throughout the week of October 26-30, scholars were invited to show their Compass Spirit Week by showing off their outfits during Red Ribbon Week dress-up days using themes luke “Proud to Be Drug Free (wear red)” and “Compass Spirit Day (wear your orange, blue or your proud scholar shirt)”. Our January contest was Spirit Week inspired. Through the week of January 25, scholars were inverted to show their Compass spirit by showing off their outfits during dress-up days highlighting our focus on the Great Kindness Challenge using themes like “Kindness Rocks: Dress Like a Rockstar” and “Team Kindness: Wear your Favorite Sports Uniform.” Additional contests that we offered included a pumpkin decorating contest, thank you poster contest, steps challenge, reading challenge and more! There were no challenges identified when implementing these actions.

Compass scholar leaders had the opportunity to participate in the Scholar Leadership Council, which is offered as one of our scholar clubs. Within this group, scholar leaders worked with the Superintendent and Chief Executive Officer (CEO) discussing ways to enhance and expand the Compass Experience for scholars. National Honor Society members were invited to attend the LEAD Spark Conference at the end of November and three of our NHS scholars participated. At LEAD, NHS scholars and NHS advisers sharpen their leadership skills to improve school culture and community while networking with peers from around the country. Training opportunities for both NHS scholars and NHS advisers will tackle a variety of topics, including leadership, scholar voice, civic engagement, service, and activities. National Honor Society members were also invited to attend the LEAD Winter Conference at the end of February and three (3) of our NHS scholars participated. LEAD Winter was a virtual conference on February 26–27, which brought together and inspired scholars from all over the world to make a difference in their schools and communities.

Analysis of School Nutrition

A description of the successes and challenges in providing school nutrition in the 2020-21 school year.

As a nonclassroom-based public charter school, Compass Charter Schools of San Diego (Compass) coordinated with our authorizer to provide information and updates on local food service options during the current pandemic. Since our program is based on virtual learning, we have worked with county agencies to ensure families are aware of local resources to provide nutritional meals to scholars through our Virtual Resource Guide (https://www.smore.com/fhw7b) which is continually updated.

Additional Actions and Plan Requirements

Additional Actions to Implement the Learning Continuity Plan

Section	Description	Total Budgeted Funds	Estimated Actual Expenditures	Contributing

A description of any substantive differences between the planned actions and budgeted expenditures for the additional plan requirements and what was implemented and expended on the actions.

COVID-19 resulted in limited access among engagement. Needed PPE was purchased. Virtual scholar workshops slowly increased throughout the school year; more so in 2021 of this year. Compass Charter Schools did partner with one mental health service/support

for staff called Wellness for Educators, though because of COVID-19 access to virtual community providers offering mental health services was limited.

Overall Analysis

An explanation of how lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.

In the development of goals for the 2021-21 Local Control and Accountability Plan (LCAP) we learned from our previous LCAP that many of our metrics were unclear and existing systems for data reporting were not adequate to monitor progress at the scholar (student) level and instructional programs (Online and Options). The 2021-24 LCAP will have metrics attached to goals that are tightly aligned to the eight state priorities and our internal data protocol will ensure that data is tracked in a manner which allows us to more accurately assess our progress over time.

In reflecting on our previous LCAP and the lessons from the pandemic, the new goals will be driven by a focus on staff training and development to increase efficacy and quality implementation. All instructional staff attended AVID XP training to focus on implementing AVID academic strategies in all direct learning opportunities across all subjects and grade levels.

Regarding scholars who have participated in the support to address learning loss, those scholars have shown an increase in academic achievement. Identifying these scholars who need extra support will continue to be evaluated and addressed by LCAP goals. Through the implementation of counseling learning labs that focus on social-emotional learning and needs for scholars, mental health and well being of scholars is supported. Also, the risk assessment tools and training provided by the counseling department has increased awareness for staff to continue to support scholar mental health and well being. The need to further identify scholars with anxiety and depression and provide additional coping skills will be addressed in LCAP 2021-24 goals.

Lastly, the pivot from in-person engagement (i.e. Field trips, Welcome Back Picnics) to virtual provided opportunities for reflection regarding how scholars and learning coaches (parents) can continue to participate in engagement activities that will contribute to increasing engagement and retention. With scholar clubs, virtual workshops, learning coach academy, and scholar leadership opportunities, increasing scholar retention and scholar and family engagement will continue to be a goal for the 2021-24 LCAP.

An explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs.

To provide support for our scholars (students) identified as English learners (ELs), assessments and progress monitoring will continue. Lexia placement is conducted during initial scholar log in. Monthly progress reports regarding reaching goals, time spent in course, placement, accuracy, and overall progress is shared by our EL Coordinator and included on Personalized Learning Plan (PLP) for supervising teachers (STs) to follow up during connection meetings. Pass/Fail grading is provided for each scholar. Lexia implementation and follow up by the EL Coordinator and ST will continue to drive LCAP goals.

For scholars with special needs, support subscriptions will continue to be in place and regularly accessed including Read Naturally for 65 hours, Max Scholar for 34 hours, Learning Ally, and Ascend Math for 65 hours. SAI continues to be implemented and provided for scholars with an Individualized Education Plan (IEP). Annual IEPs and Tri-annual assessments continue to drive the IEP creation, set IEP goals, and IEP services. In addition, end of the semester progress reports are sent out regularly to scholars and Learning Coaches (parents) that focus on IEP goals and progress towards those goals. Progress on present levels as indicated by school-wide internal diagnostics and informal assessments regarding progress are also indicated on progress reports and end of the semester final grade data. In addition, IEP amendments are provided to address learning loss or lack of progress on IEP goals. As needed, in person services are provided where appropriate. Regular communications and collaboration between Special Education (SPED) case managers and general education teachers to ensure appropriate and effective accommodations and modifications are being implemented.

Lastly, for scholars identified as McKinney-Vento eligible, internal diagnostics for math and reading will continue to be administered three times a year. Scholars who are identified as needing Tier 2 or 3 support will receive tutoring through the Multi-Tier System of Supports (MTSS) framework. During A Scholar Intervention Team (ASIT) meetings, scholars identified as foster youth or McKinney-Vento are indicated and supports for social emotional learning (SEL) and academic support are provided.

A description of any substantive differences between the description of the actions or services identified as contributing towards meeting the increased or improved services requirement and the actions or services implemented to meet the increased or improved services requirement.

Compass Charter Schools of San Diego (Compass) provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum for our English Learner (EL) scholar (student) group and held EL learning labs with 100% participation rate from our EL Scholars. Monthly progress reports for EL progress in the Lexia curriculum ensured progress monitoring to increase achievement. Gaps were identified and addressed usings “Skill Builders” to focus on targeted skill development. Further, there was an English Language Proficiency Assessments for California (ELPAC) increase in responsiveness and ELPAC meeting in Spanish/English including process explanation to support families in completing this assessment. With the creation of the translation committee, the committee members reviewed school documents and provided translated versions for Spanish speaking families and scholars.

Listenwise has been piloted for evaluation and determination for further implementation (subscription). Listenwise offers standards-aligned podcasts lessons with scaffolding built in for ELs. The scaffolded lessons focus on building academic vocabulary, reading, comprehension, and writing. These actions and services were aligned with those that were initially identified.

In addition, for our scholars with special needs, support subscriptions were implemented and many were piloted. Specialized Academic Instruction (SAI) sessions continued to be offered as an Individualized Education Plan (IEP) service to support scholars in reaching their IEP goals. These actions and services also align with those that were initially identified.

K-3 online scholars have access to physical readers and personalized learning “kits” to increase reading and math proficiency. Further, implementation of IXL has been provided to address scholar learning needs. These actions and services align with those initially identified.

College Tutors were planned and budgeted, however, no action was taken on this initiative due to health concerns as vaccinations were not readily available.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

A description of how the analysis and reflection on student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP.

In order to increase academic achievement for our scholar (student) population, Compass Charter Schools of San Diego (Compass) has implemented several initiatives to support each scholar group to meet their needs: a Multi-Tiered System of Support (MTSS) framework, a Wildly Important Goal (WIG) to increase graduation rates, and an English learner (EL) support program through a partnership with Lexia, a research-based, targeted English Language Development (ELD) online curriculum, to address literacy development for our EL population. We also created a new position, an EL Coordinator, to support our scholars who are ELs by providing asynchronous and synchronous sessions in order to improve ELD. To further support our EL population and provide an equitable experience to our Spanish-speaking stakeholders, we have implemented a translation committee which translates all Compass facing documents. The implementation of this committee has strengthened our communication and provided access for all stakeholders. Our MTSS framework is driven by our Scholar Success Coordinator who oversees our tutoring program. Tutors utilize

benchmark results for screening in order to support scholars who need Tier 3 support by holding weekly live sessions in both math and reading. They also hold open office hours for 1:1 sessions to help address skill gaps. This implementation and framework has drastically increased academic achievement and personalized instruction has been made available due to this framework. Finally, our Wildly Important Goal (WIG) - 100% of eligible scholars will graduate by June 2021 - has been a schoolwide initiative and lead and lag measures have been put in place for each department so progress can be tracked and measured. Each department also has a compelling scoreboard which is shared with each team and is reflected upon each month to ensure progress is being made. Within the academic division, our Professional Learning Communities (PLCs) continually reflect and share best practices and strategies within their PLC teams - these strategies and constant reflection of what is working and what is not, will ultimately increase scholar achievement.

In addition, the translation committee has supported the goal to increase scholar retention and scholar and family engagement through the translated Compass scholar facing document. The transition from in-person engagement opportunities for scholars to strictly virtual has continued to provide enrichment to enhance student learning which increased engagement. Virtual clubs, workshops, and learning coach (parent) academy provided an opportunity for both scholars and learning coaches to collaborate together and socialize to build community and increase engagement. Further, the scholar recognition each month highlights the Compass Achievement, Respect, Teamwork, Integrity, and Communication (ARTIC) core values and contribute to a positive school culture. All of these engagement outcomes provided a baseline to determine the expected outcomes with the implementation of these action items to meet this LCAP goal for the 2021-24 LCAP.

A number of actions have been taken by Compass to address college and career readiness for our scholars. Compass has implemented the Advancement Via Individual Determination (AVID) College and Career readiness program as both a stand alone elective course open to scholars grades 8-12 as well as incorporating AVID strategies school-wide in all direct learning opportunities. Moreover, all Compass instructional staff attend AVID professional development (AVID XD, Compass AVID Mini-Retreat, AVID Summer Institute) and the school had dedicated resources for a dedicated AVID Program Coordinator that leads the AVID Site Team and is comprised of representatives across programs and grade levels. In addition, our Counseling Services Department. offers an expansive offering of College and Career readiness supports which include, weekly live sessions focused on topics related to college entry and career exploration. The Counseling Department has a dedicated College and Career Readiness counselor who supports several college and career readiness efforts including, the creation of personalized learning plans, advising working scholars and authorizing work permits, and supporting scholars in our concurrent enrollment program. Compass has also focused on the development of college level curriculum by developing the school's catalogue of college level courses including A-G and Advanced Placement (AP) courses. To evaluate the effectiveness of these efforts Compass administers internal diagnostic testings for all scholars and facilitates the California Assessment of Student Performance and Progress (CAASPP) testing workshops for scholars and Learning Coaches.

Instructions: Introduction

The Annual Update Template for the 2019-20 Local Control and Accountability Plan (LCAP) and the Annual Update for the 2020–21 Learning Continuity and Attendance Plan must be completed as part of the development of the 2021-22 LCAP. In subsequent years, the Annual Update will be completed using the LCAP template and expenditure tables adopted by the State Board of Education.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Instructions: Annual Update for the 2019–20 Local Control and Accountability Plan Year

Annual Update

The planned goals, state and/or local priorities, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the approved 2019-20 Local Control and Accountability Plan (LCAP). Minor typographical errors may be corrected. Duplicate the Goal, Annual Measurable Outcomes, Actions / Services and Analysis tables as needed.

Annual Measurable Outcomes

For each goal in 2019-20, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in 2019-20 for the goal. If an actual measurable outcome is not available due to the impact of COVID-19 provide a brief explanation of why the actual measurable outcome is not available. If an alternative metric was used to measure progress towards the goal, specify the metric used and the actual measurable outcome for that metric.

Actions/Services

Identify the planned Actions/Services, the budgeted expenditures to implement these actions toward achieving the described goal and the actual expenditures to implement the actions/services.

Goal Analysis

Using available state and local data and input from parents, students, teachers, and other stakeholders, respond to the prompts as instructed.

- If funds budgeted for Actions/Services that were not implemented were expended on other actions and services through the end of the school year, describe how the funds were used to support students, including low-income, English learner, or foster youth

students, families, teachers and staff. This description may include a description of actions/services implemented to mitigate the impact of COVID-19 that were not part of the 2019-20 LCAP.

- Describe the overall successes and challenges in implementing the actions/services. As part of the description, specify which actions/services were not implemented due to the impact of COVID-19, as applicable. To the extent practicable, LEAs are encouraged to include a description of the overall effectiveness of the actions/services to achieve the goal.

Instructions: Annual Update for the 2020–21 Learning Continuity and Attendance Plan

Annual Update

The action descriptions and budgeted expenditures must be copied verbatim from the 2020-21 Learning Continuity and Attendance Plan. Minor typographical errors may be corrected.

Actions Related to In-Person Instructional Offerings

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to in-person instruction and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for in-person instruction and what was implemented and/or expended on the actions, as applicable.

Analysis of In-Person Instructional Offerings

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing in-person instruction in the 2020-21 school year, as applicable. If in-person instruction was not provided to any students in 2020-21, please state as such.

Actions Related to the Distance Learning Program

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to the distance learning program and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions, as applicable.

Analysis of the Distance Learning Program

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing distance learning in the 2020-21 school year in each of the following areas, as applicable:
    - Continuity of Instruction,
    - Access to Devices and Connectivity,
    - Pupil Participation and Progress,
    - Distance Learning Professional Development,
    - Staff Roles and Responsibilities, and
    - Supports for Pupils with Unique Needs, including English learners, pupils with exceptional needs served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness

  To the extent practicable, LEAs are encouraged to include an analysis of the effectiveness of the distance learning program to date. If distance learning was not provided to any students in 2020-21, please state as such.

Actions Related to Pupil Learning Loss

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to addressing pupil learning loss and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions, as applicable.

Analysis of Pupil Learning Loss

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in addressing Pupil Learning Loss in the 2020-21 school year, as applicable. To the extent practicable, include an analysis of the effectiveness of the efforts to address pupil learning loss, including for pupils who are English learners; low-income; foster youth; pupils with exceptional needs; and pupils who are experiencing homelessness, as applicable.

Analysis of Mental Health and Social and Emotional Well-Being

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in monitoring and supporting Mental Health and Social and Emotional Well-Being of both pupils and staff during the 2020-21 school year, as applicable.

Analysis of Pupil and Family Engagement and Outreach

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges related to pupil engagement and outreach during the 2020-21 school year, including implementing tiered reengagement strategies for pupils who were absent from distance learning and the efforts of the LEA in reaching out to pupils and their parents or guardians when pupils were not meeting compulsory education requirements or engaging in instruction, as applicable.

Analysis of School Nutrition

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in providing nutritionally adequate meals for all pupils during the 2020-21 school year, whether participating in in-person instruction or distance learning, as applicable.

Analysis of Additional Actions to Implement the Learning Continuity Plan

- In the table, identify the section, the planned actions and the budgeted expenditures for the additional actions and the estimated actual expenditures to implement the actions, as applicable. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the additional actions to implement the learning continuity plan and what was implemented and/or expended on the actions, as applicable.

Overall Analysis of the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompts are to be responded to only once, following an analysis of the Learning Continuity and Attendance Plan.

- Provide an explanation of how the lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.
    - As part of this analysis, LEAs are encouraged to consider how their ongoing response to the COVID-19 pandemic has informed the development of goals and actions in the 2021–24 LCAP, such as health and safety considerations, distance learning, monitoring and supporting mental health and social-emotional well-being and engaging pupils and families.

- Provide an explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs (including low income students, English learners, pupils with disabilities served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness).
- Describe any substantive differences between the actions and/or services identified as contributing towards meeting the increased or improved services requirement, pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496, and the actions and/or services that the LEA implemented to meet the increased or improved services requirement. If the LEA has provided a description of substantive differences to actions and/or services identified as contributing towards meeting the increased or improved services requirement within the In-Person Instruction, Distance Learning Program, Learning Loss, or Additional Actions sections of the Annual Update the LEA is not required to include those descriptions as part of this description.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompt is to be responded to only once, following the analysis of both the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan.

- Describe how the analysis and reflection related to student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP, as applicable.

Acceptance of Testing Task Force Report & Recommendation

Section: X. Academic Services
Item: A. Acceptance of Testing Task Force Report & Recommendation
Purpose: Vote
Submitted by: Beth Sneyd
Related Material:

RECOMMENDATION:
A motion to approve Star by Renaissance as our internal diagnostic provider for the 2021-24 school years.

Testing Task Force Internal Benchmark Assessments Review Report and Recommendation
Beth Sneyd, Assessment Coordinator

Background:
The Testing Task Force was set up to evaluate, audit, and review internal benchmark assessments with specific, agreed upon criteria, which will meet the “verified data” definition under AB 1505. All team members were provided the opportunity to evaluate and provide feedback on criteria consisting of measures created by the team.

The Testing Task Force committee members:
Beth Sneyd, Assessment Coordinator
Heather Hardy, OCLC Co-Coordinator
Stephanie Lee, Supervising Teacher
Brenda Lasley, Supervising Teacher & Assessment ToSA
Carrie Badescu, Assessment Specialist
Carrie Talcott, Online Middle School Teacher
Christina Vert, Supervising Teacher & Assessment ToSA
Danielle Arnheiter, Supervising Teacher
Danielle Kiefner, Supervising Teacher
Erin Smith, Director of Curriculum & Instruction
Holly Dong, Supervising Teacher
Jennifer Tatum, Online Middle School Teacher & Assessment ToSA
Lindsey Chalco-Paz, Scholar Success Coordinator

Platforms Evaluated:
Fastbridge by Illuminate
Let’s Go Learn
iReady
STAR by Renaissance/Freckle
NWEA Map

Performance:
Once initial presentations were completed by the 5 different platforms, the TTF selected 3 to fully vet and rate using the Assessment Audit 2020-21 TTF sheet: iReady, Let’s Go Learn, and STAR by Renaissance. The other two providers did not have an integrated supporting instructional tool, and we felt that was very important to supporting our scholars under MTSS.

Results: Based on the ratings by the TTF members, average scores and sums for each criteria is seen below:

	iReady			STAR			LGL	
	Average	Sum		Average	Sum		Average	Sum

Our enrollment caps for next year will be:

LA- 1027 About 70% = 720

SD- 1303 About 70% = 915

Yolo- 800 About 70% = 560

* We typically only reach about 70% testing participation, so we asked for quotes to reflect those numbers.

Recommendation:
Our final recommendation is for Compass Charter Schools to cancel our existing partnership with Istation & Edgenuity and pursue STAR by Renaissance for grades K-12 for the upcoming 2021-22 school year.

We have use of Edgenuity until 8/31/2021 and of Istation until 7/31/2021. Istation is aware of our shift, and has been exploring how to be added to the SBEs approved list, but without results.

Along with input from teachers on the Testing Task Force, STAR by Renaissance provides access to Reading, Math, Spanish, and Curriculum Based Measure (CBM) testing. In addition to the assessments, access to Accelerated Reader is included in the All-Suite package along with Freckle, the supporting instruction that is integrated with STAR which places scholars in the correct learning path based on their assessments. While we have based our quote on providing Freckle only to those scholars demonstrating a need for academic support (Tier 2 or 3), we can edit our contract to include Freckle for all K-8 scholars, if requested. To address the fact that Freckle tops out at grade 9 in math and grade 8 in science, we would refer those scholars to their content area teachers for support if they are struggling with grade-level high school content. If they are below grade level, Freckle can remediate and fill the gaps to get them back to grade level and ready for high school content.

While all three of the vendors provided similar products that offered computer-adaptive assessments with supporting instruction, we were excited about the entire STAR Suite. Accelerated Reader is a program that can motivate and monitor scholars' independent reading. STAR Spanish can be used to assess EL scholars in Spanish to compare with their English Reading assessment to determine knowledge versus fluency. The CBM testing is 1:1 testing that can screen for dyslexia or assess oral reading fluency.

Our hope in having STAR by Renaissance for all grades K-12 online is to provide a consistent, all-in-one platform that all teachers and scholars will benefit from with a more teacher-guided approach with access to a vast assortment of reporting features and top of the line curriculum. Although many teachers and families are comfortable with Istation and Edgenuity, we feel that STAR by Renaissance will provide more engagement with families as well as more oversight and academic support on behalf of the teachers to help increase state testing scores and ensure we are meeting our LCAP goals. Ultimately, this will ensure a truly personalized education with abilities to support the needs of each and every scholar.

Expanded Learning Opportunities Grant - What is it?

- The California Legislature provided $6.6 billion in the Assembly Bill 86 COVID-19 relief package, including $4.6 billion for Expanded Learning Opportunities (ELO) Grants.
- ELA's will receive an apportionment that represents 50% of their allocation for the ELO grants in May 2021.
- The other 50% will be received in August 2021.
- LEAs must implement a learning recovery program, that a minimum, provides supplemental instruction, support for social and emotional well-being, meals and snacks to specified student groups, as defined in Education Code Section 43522, who have faced adverse learning and social-emotional circumstances.
- ELO Grants must address and be expended only for seven specific supplemental instruction and support strategies. All seven strategies do not need to be implemented. ELA's can choose the ones that best fit their goals and priorities.

COMPASS CHARTER SCHOOLS

The Seven Supplemental Instruction and Support Strategies

- Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.

- Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
  - Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
  - Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
  - Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.

COMPASS CHARTER SCHOOLS

The Seven Supplemental Instruction and Support Strategies

- Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

- Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.

- Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.

- Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.

- Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

Expanded Learning Opportunities Grant Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Compass Charter Schools of San Diego 850 Hampshire Road, Suite R Thousand Oaks, CA 91361 Website: https://www.compasscharters.org	J.J. Lewis, Superintendent & CEO	jlewis@compasscharters.org (855) 937-4227

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

Compass Charter Schools of San Diego (Compass) developed this Expanded Learning Opportunity Grant plan in consultation with all stakeholders to identify needs and priorities for supplemental and support strategies embedded within this plan. Staff members from each department were surveyed during their Staff Advisory Committee meeting on May 4, 2021. Scholars (students) were surveyed during their Scholar Leadership Council (SLC) meeting held on May 11th. Learning Coaches (parents) were surveyed at their Parent Advisory Council (PAC) meeting on May 21st. The Leadership Team was surveyed and provided their feedback during their May Leadership Advance. All feedback provided by all stakeholders was incorporated into the plan for the Public Hearing held on May 23rd.

Ongoing collaboration with stakeholders will continue throughout the year at monthly committee meetings, leadership advances, SLC meetings, and PAC meetings. During these meetings all stakeholders will review and discuss the implementation of the plan, feedback

on student programs, review assessments and benchmark data, and overall progress being made, and will make adjustments as needed. Updates to the board will be provided during their quarterly meetings for the 2021-22 school year.

A description of how students will be identified and the needs of students will be assessed.

Compass Charter Schools of San Diego (Compass) certified staff will use the student information system, School Pathways, to identify our Socioeconomically Disadvantaged (SED) scholars (students), English Learners (EL) scholars, Foster Youth (FY) scholars, McKinney-Vento scholars, Students With Disabilities (SWD), and our disengaged scholars (attendance). The needs of scholars will be assessed by STAR by Renaissance K-12 in addition to layered supports through the MTSS framework. Compass has a comprehensive Multi-Tiered System of Supports (MTSS) framework used to provide enhanced identification of scholars needing additional support, whereby scholars needing Tier 2 or Tier 3 support are invited to tutoring sessions to address math and reading skill gaps. Freckle will be used as the supplemental tool used in conjunction with tutoringScholars qualify for Tier 2 and 3 supports based on data gathered through diagnostic assessments and observations by the instructional staff and learning coaches (parents). These can include regularly scheduled grade level subject specific synchronous learning labs or specialized workshops offered to support a range of skills necessary for scholar success. Tier 1 includes all core instruction held in various subjects for all grade levels, and AVID strategies are used as a Tier 1 support to increase academic achievement. Progress is monitored at regular intervals and referrals for additional assessments of interventions are made as needed.

The effectiveness is determined by progress and improvement monitored by course and class progress, supplemental instructional courses that align with the MTSS framework, and benchmark diagnostic data. Scholars will complete the diagnostic assessment three times a year to show growth. After each diagnostic assessment, scholars will get immediate access to differentiated Freckle content that meets them at their level based on their diagnostic performance. MTSS tutors will align live sessions based on these leveled groups. The supervising teacher (ST) will monitor scholars' progress in Freckle, tutoring attendance in reading and math, curriculum completion, and growth data analysis of each assessment. The Assessment Coordinator will collect and disseminate the data from each diagnostic assessment to the STs, Scholar Success Coordinator and tutors. Tutors under the MTSS framework will provide targeted, 30-minute synchronous sessions that target specific skill gaps, as indicated in the diagnostic assessment and supplemental curriculum to provide additional support and instruction to address needs.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

To communicate the Expanded Learning Opportunities Grant Plan, Compass Charter Schools of San Diego (Compass) will communicate the supplemental instruction and support through multiple platforms. The assessment coordinator will communicate with staff, teachers, parents, and guardians regarding the diagnostic benchmark assessment that scholars complete three times a year. Further, this communication will include the purpose regarding these diagnostic benchmarks. The scholar success coordinator who oversees the Compass MTSS framework will communicate with staff and teachers to coordinate tutoring sessions that target identified

instructional needs based on diagnostic benchmark data. The scholar success coordinator and teacher will further communicate these tutoring sessions and attendance with parents and guardians to increase participation with this supplemental instruction and support. .

A description of the LEA's plan to provide supplemental instruction and support.

Compass Charter Schools of San Diego (Compass) will provide supplemental instruction and support in various ways which include but are not limited to: extended instructional time, accelerating progress, and increasing options for integrated scholar (student) supports. Our certified staff will continue to use the student information system, School Pathways, to identify our Socioeconomically Disadvantaged (SED) scholars (students), English Learners (EL) scholars, Foster Youth (FY) scholars, McKinney-Vento scholars, Students With Disabilities (SWD), and our disengaged scholars (attendance) to monitor their progress based on our benchmark data.

Compass will continue to provide enhanced identification with the continuation of its Multi-Tiered System of Supports (MTSS) to support all scholars. All scholars who are identified as part of a special population and their learning coach will receive an additional orientation at the start of the academic year to showcase additional areas of support from Compass to aid in their learning. All high school scholars are given the option to enroll in a-g courses. The Accelerate Education curriculum is a-g approved, and utilized by scholars in both our Online and Options Learning Programs. Options Learning Program scholars may also choose to take Compass authored a-g approved courses with an emphasis on project based learning. The Advancement Via Individual Determination (AVID) program will be enhanced to support the scholars who are in special populations, especially scholars who are nearly meeting standard mastery, the first in the family to attend college, and those without rigorous academic support at home. Compass will offer Summer School for 1) All scholars wishing to accelerate their progress by earning additional credits towards graduation through the online learning platform. and 2) for scholars identified as needing additional support, credit deficient, or facing other significant barriers to earning a high school diploma. In addition, all Compass scholars will have access to iStation for grades TK through 5, and Edgenuity for grades 6-12 during the summer of 2021.

All supervising teachers (STs) will receive professional development sessions on curriculum, MTSS, Social-Emotional Learning (SEL), Positive Behavior Interventions and Supports (PBIS) in virtual instruction, writing and scoring constructed responses, data analysis and informing instruction, pacing guides, grading and communication with scholars and learning coaches (parents), strategies for ELs, SWD, FY and HY, SED and culturally relevant proficiency. All Compass instructional staff will attend the Advancement Via Individual Determination (AVID) Digital XP Conference, while some ST's and administrators will attend conferences like Digital Learning and Advanced Placement and CUE. One key aspect is to ensure attendance and incentivize attendance and participation which will increase retention of scholars in grade spans by supporting scholar and learning coach engagement.

Expenditure Plan

The following table provides the LEA's expenditure plan for how it will use ELO Grant funds to support the supplemental instruction and support strategies being implemented by the LEA.

Supplemental Instruction and Support Strategies	Planned Expenditures	Actual Expenditures
Extending instructional learning time	$0	[Actual expenditures will be provided when available]
Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports	$94,237	[Actual expenditures will be provided when available]

Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.	$0	[Actual expenditures will be provided when available]
Supports for at promise scholars to complete graduation or grade promotion requirements and to increase or improve scholars' college and career readiness.	$0	[Actual expenditures will be provided when available]
Additional academic services for scholars.	$0	[Actual expenditures will be provided when available]
Training for school staff on strategies to engage scholars and families in addressing scholars' social-emotional wellbeing and academic needs	$0	[Actual expenditures will be provided when available]
Total Funds to implement the Strategies	$141,355	[Actual expenditures will be provided when available]

A description of how ELO Grant funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA.

Compass Charter Schools of San Diego (Compass) has established a meticulous internal reporting process through the use of Google Sheets and folders in addition to using an established financial tracking software. In addition, Compass uses its authorizing charter petition, WASC goals, LCAP goals, local data, California Dashboard information, and stakeholder input to align ESSER funds and our ELO plan to create a comprehensive programming plan to close learning gaps. We also ensure that various committees have input to ensure alignment between the various funding programs. Compass has partnered with CSMC Charter Vision to ensure the ELO Grant

and other federal ESSER funds are carefully tracked and assigned by budgeting all funding sources across several categories to best meet the needs of the local district, staff, scholars, and community.

Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code* (*EC*) Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact ELOGrants@cde.ca.gov.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
    a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
    b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
    c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students’ college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students’ social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

Compass Charter Schools of Yolo (Compass) developed this Expanded Learning Opportunity Grant plan in consultation with all stakeholders to identify needs and priorities for supplemental and support strategies embedded within this plan. Staff members from each department were surveyed during their Staff Advisory Committee meeting on May 4, 2021. Scholars (students) were surveyed during their Scholar Leadership Council (SLC) meeting held on May 11th. Learning Coaches (parents) were surveyed at their Parent Advisory Council (PAC) meeting on May 21st. The Leadership Team was surveyed and provided their feedback during their May Leadership Advance. All feedback provided by all stakeholders was incorporated into the plan for the Public Hearing held on May 23rd.

Ongoing collaboration with stakeholders will continue throughout the year at monthly committee meetings, leadership advances, SLC meetings, and PAC meetings. During these meetings all stakeholders will review and discuss the implementation of the plan, feedback

on student programs, review assessments and benchmark data, and overall progress being made, and will make adjustments as needed. Updates to the board will be provided during their quarterly meetings for the 2021-22 school year.

A description of how students will be identified and the needs of students will be assessed.

Compass Charter Schools of Yolo (Compass) certified staff will use the student information system, School Pathways, to identify our Socioeconomically Disadvantaged (SED) scholars (students), English Learners (EL) scholars, Foster Youth (FY) scholars, McKinney-Vento scholars, Students With Disabilities (SWD), and our disengaged scholars (attendance). The needs of scholars will be assessed by STAR by Renaissance K-12 in addition to layered supports through the MTSS framework. Compass has a comprehensive Multi-Tiered System of Supports (MTSS) framework used to provide enhanced identification of scholars needing additional support, whereby scholars needing Tier 2 or Tier 3 support are invited to tutoring sessions to address math and reading skill gaps. Freckle will be used as the supplemental tool used in conjunction with tutoringScholars qualify for Tier 2 and 3 supports based on data gathered through diagnostic assessments and observations by the instructional staff and learning coaches (parents). MTSS tutors will align live sessions based on these leveled groups. The supervising teacher (ST) will monitor scholars' progress in Freckle, tutoring attendance in reading and math, curriculum completion, and growth data analysis of each assessment. The Assessment Coordinator will collect and disseminate the data from each diagnostic assessment to the STs, Scholar Success Coordinator and tutors. Tutors under the MTSS framework will provide targeted, 30-minute synchronous sessions that target specific skill gaps, as indicated in the diagnostic assessment and supplemental curriculum to provide additional support and instruction to address needs.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

To communicate the Expanded Learning Opportunities Grant Plan, Compass Charter Schools of Yolo (Compass) will communicate the supplemental instruction and support through multiple platforms. The assessment coordinator will communicate with staff, teachers, parents, and guardians regarding the diagnostic benchmark assessment that scholars complete three times a year. Further, this communication will include the purpose regarding these diagnostic benchmarks. The scholar success coordinator who oversees the Compass MTSS framework will communicate with staff and teachers to coordinate tutoring sessions that target identified instructional

needs based on diagnostic benchmark data. The scholar success coordinator and teacher will further communicate these tutoring sessions and attendance with parents and guardians to increase participation with this supplemental instruction and support.

A description of the LEA's plan to provide supplemental instruction and support.

Compass Charter Schools of Yolo (Compass) will provide supplemental instruction and support in various ways which include but are not limited to: extended instructional time, accelerating progress, and increasing options for integrated scholar (student) supports. Our certified staff will continue to use the student information system, School Pathways, to identify our Socioeconomically Disadvantaged (SED) scholars (students), English Learners (EL) scholars, Foster Youth (FY) scholars, McKinney-Vento scholars, Students With Disabilities (SWD), and our disengaged scholars (attendance) to monitor their progress based on our benchmark data.

Compass will continue to provide enhanced identification with the continuation of its Multi-Tiered System of Supports (MTSS) to support all scholars. All scholars who are identified as part of a special population and their learning coach will receive an additional orientation at the start of the academic year to showcase additional areas of support from Compass to aid in their learning. All high school scholars are given the option to enroll in a-g courses. The Accelerate Education curriculum is a-g approved, and utilized by scholars in both our Online and Options Learning Programs. Compass will offer Summer School for 1) All scholars wishing to accelerate their progress by earning additional credits towards graduation through the online learning platform. and 2) for scholars identified as needing additional support, credit deficient, or facing other significant barriers to earning a high school diploma. In addition, all Compass scholars will have access to iStation for grades TK through 5, and Edgenuity for grades 6-12 during the summer of 2021.

All supervising teachers (STs) will receive professional development sessions on curriculum, MTSS, Social-Emotional Learning (SEL), Positive Behavior Interventions and Supports (PBIS) in virtual instruction, writing and scoring constructed responses, data analysis and informing instruction, pacing guides, grading and communication with scholars and learning coaches (parents), strategies for ELs, SWD, FY and HY, SED and culturally relevant proficiency. All Compass instructional staff will attend the Advancement Via Individual Determination (AVID) Digital XP Conference, while some ST's and administrators will attend conferences like Digital Learning and Advanced Placement and CUE. One key aspect is to ensure attendance and incentivize attendance and participation which will increase retention of scholars in grade spans by supporting scholar and learning coach engagement.

Expenditure Plan

The following table provides the LEA's expenditure plan for how it will use ELO Grant funds to support the supplemental instruction and support strategies being implemented by the LEA.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
    a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
    b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
    c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students’ college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students’ social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

Expanded Learning Opportunities Grant Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Compass Charter Schools of Los Angeles 850 Hampshire Road, Suite R Thousand Oaks, CA 91361 Website: https://www.compasscharters.org	J.J. Lewis, Superintendent & CEO	jlewis@compasscharters.org (855) 937-4227

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

Compass Charter Schools of Los Angeles (Compass) developed this Expanded Learning Opportunity Grant plan in consultation with all stakeholders to identify needs and priorities for supplemental and support strategies embedded within this plan. Staff members from each department were surveyed during their Staff Advisory Committee meeting on May 4, 2021. Scholars (students) were surveyed during their Scholar Leadership Council (SLC) meeting held on May 11th. Learning Coaches (parents) were surveyed at their Parent Advisory Council (PAC) meeting on May 21st. The Leadership Team was surveyed and provided their feedback during their May Leadership Advance. All feedback provided by all stakeholders was incorporated into the plan for the Public Hearing held on May 23rd.

Ongoing collaboration with stakeholders will continue throughout the year at monthly committee meetings, leadership advances, SLC meetings, and PAC meetings. During these meetings all stakeholders will review and discuss the implementation of the plan, feedback

on student programs, review assessments and benchmark data, and overall progress being made, and will make adjustments as needed. Updates to the board will be provided during their quarterly meetings for the 2021-22 school year.

A description of how students will be identified and the needs of students will be assessed.

Compass Charter Schools of Los Angeles (Compass) certified staff will use the student information system, School Pathways, to identify our Socioeconomically Disadvantaged (SED) scholars (students), English Learners (EL) scholars, Foster Youth (FY) scholars, McKinney-Vento scholars, Students With Disabilities (SWD), and our disengaged scholars (attendance). The needs of scholars will be assessed by STAR by Renaissance K-12 in addition to layered supports through the MTSS framework. Compass has a comprehensive Multi-Tiered System of Supports (MTSS) framework used to provide enhanced identification of scholars needing additional support, whereby scholars needing Tier 2 or Tier 3 support are invited to tutoring sessions to address math and reading skill gaps. Freckle will be used as the supplemental tool used in conjunction with tutoring. Scholars qualify for Tier 2 and 3 supports based on data gathered through diagnostic assessments and observations by the instructional staff and learning coaches (parents). These can include regularly scheduled grade level subject specific synchronous learning labs or specialized workshops offered to support a range of skills necessary for scholar success. Tier 1 includes all core instruction held in various subjects for all grade levels, and AVID strategies are used as a Tier 1 support to increase academic achievement. Progress is monitored at regular intervals and referrals for additional assessments of interventions are made as needed.

The effectiveness is determined by progress and improvement monitored by course and class progress, supplemental instructional courses that align with the MTSS framework, and benchmark diagnostic data. Scholars will complete the diagnostic assessment three times a year to show growth. After each diagnostic assessment, scholars will get immediate access to differentiated Freckle content that meets them at their level based on their diagnostic performance. MTSS tutors will align live sessions based on these leveled groups. The supervising teacher (ST) will monitor scholars' progress in Freckle, tutoring attendance in reading and math, curriculum completion, and growth data analysis of each assessment. The Assessment Coordinator will collect and disseminate the data from each diagnostic assessment to the STs, Scholar Success Coordinator and tutors. Tutors under the MTSS framework will provide targeted, 30-minute synchronous sessions that target specific skill gaps, as indicated in the diagnostic assessment and supplemental curriculum to provide additional support and instruction to address needs.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

To communicate the Expanded Learning Opportunities Grant Plan, Compass Charter Schools of Los Angeles (Compass) will communicate the supplemental instruction and support through multiple platforms. The assessment coordinator will communicate with staff, teachers, parents, and guardians regarding the diagnostic benchmark assessment that scholars complete three times a year. Further, this communication will include the purpose regarding these diagnostic benchmarks. The scholar success coordinator who oversees the Compass MTSS framework will communicate with staff and teachers to coordinate tutoring sessions that target identified

instructional needs based on diagnostic benchmark data. The scholar success coordinator and teacher will further communicate these tutoring sessions and attendance with parents and guardians to increase participation with this supplemental instruction and support.

A description of the LEA's plan to provide supplemental instruction and support.

Compass Charter Schools of Los Angeles (Compass) will provide supplemental instruction and support in various ways which include but are not limited to: extended instructional time, accelerating progress, and increasing options for integrated scholar (student) supports. Our certified staff will continue to use the student information system, School Pathways, to identify our Socioeconomically Disadvantaged (SED) scholars (students), English Learners (EL) scholars, Foster Youth (FY) scholars, McKinney-Vento scholars, Students With Disabilities (SWD), and our disengaged scholars (attendance) to monitor their progress based on our benchmark data.

Compass will continue to provide enhanced identification with the continuation of its Multi-Tiered System of Supports (MTSS) to support all scholars. All scholars who are identified as part of a special population and their learning coach will receive an additional orientation at the start of the academic year to showcase additional areas of support from Compass to aid in their learning. All high school scholars are given the option to enroll in a-g courses. The Accelerate Education curriculum is a-g approved, and utilized by scholars in both our Online and Options Learning Programs. Options Learning Program scholars may also choose to take Compass authored a-g approved courses with an emphasis on project based learning. The Advancement Via Individual Determination (AVID) program will be enhanced to support the scholars who are in special populations, especially scholars who are nearly meeting standard mastery, the first in the family to attend college, and those without rigorous academic support at home. Compass will offer Summer School for 1) All scholars wishing to accelerate their progress by earning additional credits towards graduation through the online learning platform. and 2) for scholars identified as needing additional support, credit deficient, or facing other significant barriers to earning a high school diploma. In addition, all Compass scholars will have access to iStation for grades TK through 5, and Edgenuity for grades 6-12 during the summer of 2021.

All supervising teachers (STs) will receive professional development sessions on curriculum, MTSS, Social-Emotional Learning (SEL), Positive Behavior Interventions and Supports (PBIS) in virtual instruction, writing and scoring constructed responses, data analysis and informing instruction, pacing guides, grading and communication with scholars and learning coaches (parents), strategies for ELs, SWD, FY and HY, SED and culturally relevant proficiency. All Compass instructional staff will attend the Advancement Via Individual Determination (AVID) Digital XP Conference, while some ST's and administrators will attend conferences like Digital Learning and Advanced Placement and CUE. One key aspect is to ensure attendance and incentivize attendance and participation which will increase retention of scholars in grade spans by supporting scholar and learning coach engagement.

Expenditure Plan

The following table provides the LEA's expenditure plan for how it will use ELO Grant funds to support the supplemental instruction and support strategies being implemented by the LEA.

Supplemental Instruction and Support Strategies	Planned Expenditures	Actual Expenditures
Extending instructional learning time	$0	[Actual expenditures will be provided when available]
Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports	$64,111	[Actual expenditures will be provided when available]

Additional academic services for scholars.	$0	[Actual expenditures will be provided when available]
Training for school staff on strategies to engage scholars and families in addressing scholars' social-emotional wellbeing and academic needs	$0	[Actual expenditures will be provided when available]
Total Funds to implement the Strategies	$96,167	[Actual expenditures will be provided when available]

A description of how ELO Grant funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA.

Compass Charter Schools of Los Angeles (Compass) has established an internal reporting process through the use of Google Sheets and folders in addition to using an established financial tracking software. In addition, Compass uses its authorizing charter petition, WASC goals, LCAP goals, local data, California Dashboard information, and stakeholder input to align ESSER funds and our ELO plan to create a comprehensive programming plan to close learning gaps. We also ensure that various committees have input to ensure alignment between the various funding programs. Compass has partnered with CSMC Charter Vision to ensure the ELO Grant and

other federal ESSER funds are carefully tracked and assigned by budgeting all funding sources across several categories to best meet the needs of the local district, staff, scholars, and community.

Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code* (*EC*) Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact ELOGrants@cde.ca.gov.

Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.

- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

EC Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
    a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
    b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
    c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students’ college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students’ social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

Fiscal Requirements

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.
- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

A description of how parents, teachers, and school staff were involved in the development of the plan

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

A description of how students will be identified and the needs of students will be assessed

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

A description of the LEA's plan to provide supplemental instruction and support

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will to work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

RECOMMENDATION:
A motion to approve Resolution 2020-03: Discretionary Bonuses to Staff.

RESOLUTION OF THE BOARD OF DIRECTORS OF COMPASS CHARTER SCHOOLS

Board Resolution 2020-03

Discretionary Bonuses to Staff

The Board of Directors ("Board") of Compass Charter Schools ("Compass"), a tax exempt, California nonprofit public benefit corporation operating public charter schools, does hereby adopt the following resolution pursuant to the provisions of the California Constitution:

WHEREAS, charter school and public school employees across California, including employees of Compass Charter Schools ("Compass") have experienced a unique and challenging school year in light of the COVID-19 pandemic; and

WHEREAS**,** staff at Compass have made extraordinary efforts and commitment to promoting the best interest of scholars and the successful operations of the School during this challenging time; and

WHEREAS, the Governing Board wishes to recognize the efforts and commitment of staff during this exceptional school year by providing employees with a one-time discretionary cash bonus of a reasonable amount.

NOW, THEREFORE, BE IT RESOLVED by the Governing Board that:

1. The Board shall provide employees with a discretionary bonus to recognize their dedication during the 2020-21 school year as follows:

   Regular, full-time employees shall receive a discretionary bonus of $7,500 Employees must be a minimum 1 Full Time Equivalency ("FTE") to be considered "full-time" for purposes of this bonus.

   Regular, part-time employees shall receive a discretionary bonus of $3,500. Employees who are employed as a .1 FTE to a .9 FTE are considered "part-time" for purposes of this bonus.

2. Employees must be in active work status for at least seventy-five (75%) percent of their work year to be eligible for a discretionary bonus under this Resolution.

3. Bonuses shall be paid to eligible employees no later than Tuesday, June 1, 2021 in a lump sum, subject to any related payroll deductions.

4. Workers employed as vendors or contractors are excluded from eligibility for this bonus.

Bonuses are provided on a one-time non-precedent setting basis in gratitude and recognition of the dedicated work of Compass staff in the 2020-21 school year.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors hereby adopts the foregoing resolution.

BE IT FURTHER RESOLVED, that the Superintendent & CEO hereby is authorized to certify this resolution.

RECOMMENDATION:
A motion to approve the 2021-26 At-Will Employment Agreement for the Superintendent & CEO.

FIXED TERM EMPLOYMENT AGREEMENT
Between
COMPASS CHARTER SCHOOLS & J.J. LEWIS

This Employment Agreement ("Agreement") is entered into by and between the above-named employee ("Employee") and the Governing Board ("Board") of Compass Charter Schools ("CCS" or the "School"), a California nonprofit public benefit corporation operating public charter schools. The Board desires to hire employees who will assist the Board in achieving the goals and meeting the requirements of CCS's charters, and in implementing CCS's policies and procedures. The parties recognize that the provisions of the California Education Code do not govern CCS, except as expressly set forth in the Charter Schools Act of 1992 and its successors.

R E C I T A L S

WHEREAS, CCS operates charter schools that are governed by the provisions of their charters and applicable law; and

WHEREAS, CCS is authorized pursuant to the terms of the charters to appoint and hire the Employee to assist the Board and to carry out the duties and functions as outlined in the job description; and

WHEREAS, CCS desires to retain the services of the Employee by way of this Agreement and the Employee is qualified to perform such duties;

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual terms and conditions contained herein, the parties hereto do agree as follows:

AGREEMENT

1. **TERM AND WORK SCHEDULE**

Subject to Section 12, "Termination of Contract" herein, CCS hereby employs the Employee to serve as the Superintendent & CEO for a term of five (5) school years commencing on July 1, 2021 and ending June 30, 2026.

The Superintendent & CEO position is a full-time position exempt from overtime law. As a minimum performance requirement, the work schedule for the Employee shall be Monday through Friday, with daily work hours reflecting the business hours of the School. As this position is exempt from overtime, additional duties of the Employee may need to be performed outside of the work schedule on weekends, as well as before and after the regular work year or hours of the workday.

The Employee will not render services in person or by electronic means, paid or otherwise, for any other person or entity during contracted work hours with CCS.

2. **COMPENSATION.** The Employee will receive a gross base salary of $176,052, Step 1 on the Administration Salary Schedule, to be paid bi-monthly, subject to all regular withholdings, for the 2021-22 school year. The Employee's compensation may be prorated depending on whether the Employee remains employed, or in active work status, for all scheduled workdays of the position. As noted above, the Employee is exempt from overtime law and shall not be entitled to additional compensation for performing duties outside of the scheduled work year/day. Based upon the financial stability of CCS, and the annual performance of the Employee as documented

Powered by BoardOnTrack

in the performance evaluation and any other goals established by the Board, the Employee may be eligible to receive additional compensation in the form of a salary increase and/or bonus, in addition to the Administration Salary Step Schedule below:

		Superintendent
School Year	STEP	233
2021-22	1	$176,052
2022-23	2	$180,453
2023-24	3	$184,965
2024-25	4	$189,589
2025-26	5	$194,329

3. **BENEFITS.**

a. **Health/Retirement Benefits.** At CCS's expense, the Employee shall be afforded such health and other benefits of employment as shall be granted to CCS's employees, including entitlement to participation in STRS or PERS as applicable, subject to program and eligibility requirements.

b. **Vacation and Sick Leave.** The Employee is entitled to such vacation and sick leave as is granted to other certificated employees at the School. Vacation days may be used by the Employee subject to prior approval of the Board. Sick days carry over from year to year, but are not paid out upon separation from employment.

c. **Car Allowance.** The Employee shall be entitled to a monthly car allowance of $750, which shall be paid bi-monthly.

d. **Higher Education Stipend.** The Employee shall be entitled to a Higher Education Stipend of $1,500, which shall be paid bi-monthly.

e. **Longevity Stipend.** The Employee shall be entitled to aa Longevity Stipend of $2,000, which shall be paid bi-monthly.

4. **DUTIES.** The Employee shall perform the duties as outlined herein, directed by the Board, Board Policy or procedures, prescribed by the charter, and specified in the Board Policy Manual. This description and the job duties for the Employee may be altered from time to time by the Board.

5. **WORK YEAR.** In accordance with the term of this Agreement, the Employee shall be required to work a minimum of 233 days throughout each year.

6. **EVALUATION.** The Board shall evaluate the performance of the Employee at least once annually. This evaluation shall be based on the job description and goals within BoardonTrack. If applicable, the evaluation shall include recommendations as to areas of improvement in all instances where the Board deems such to be necessary or appropriate. A copy of the written evaluation shall be delivered to the Employee and he shall have the right to make an oral or written response to the evaluation. Within thirty (30) days of the delivery of the written evaluation to the Employee, the Board shall meet with the Employee to discuss the evaluation. Failure to evaluate the Employee shall not impair the Board's right to terminate this Agreement

Powered by BoardOnTrack

pursuant to Section 12.

7. **EXPENSE REIMBURSEMENT.** CCS shall reimburse the Employee for all documented actual and necessary expenses personally incurred within the scope of employment in accordance with applicable CCS policy and authorization.

8. **FINGERPRINTING/TB CLEARANCE.** Fingerprint clearance for the Employee will be acquired through submitting the Employee's fingerprints to the California Department of Justice. The Employee will be required to assume the cost of all fees related to the fingerprinting process and will be required to submit evidence from a licensed physician that the Employee was found to be free from tuberculosis risk factors, or active tuberculosis if risk factors were identified. Both clearances must be in place prior to the first day of service.

9. **CHILD ABUSE AND NEGLECT REPORTING.** California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident. By executing this Agreement, the Employee acknowledges he is a child care custodian and is certifying that he has knowledge of California Penal Code section 11166 and will comply with its provisions.

10. **CONFLICTS OF INTEREST.** The Employee understands that, while employed at the School, he shall have access to confidential and proprietary information. The Employee therefore shall not maintain employment or contracts for employment, or engage in any consultant or independent contractor relationship, with any other agency or school that will in any way conflict with the Employee's employment with CCS.

11. **OUTSIDE PROFESSIONAL ACTIVITIES.** Upon obtaining prior written approval of the Board, the Employee may undertake for consideration outside professional activities, including consulting, speaking, and writing. The outside activities shall not occur during regular work hours. CCS shall in no way be responsible for any expenses attendant to the performance of such outside activities.

12. **TERMINATION OF CONTRACT**

This Agreement may be terminated by any of the following:

a. **Termination For Cause**: The Employee may be terminated by the Board at any time for cause. In addition, Employee may be disciplined (e.g. reprimand, suspension without pay) for cause during the term of this Agreement. "Cause" shall include, but is not limited to, breach of this Agreement; misconduct or dishonest behavior; conviction of a crime involving dishonesty, breach of trust, or physical or emotional harm to any person; any ground enumerated in the Employee Handbook; or the Employee's failure to satisfactorily perform his duties as set forth in this Agreement, as defined by law, or as specified in the above-mentioned and incorporated by reference job description.

The Board shall not terminate this Agreement pursuant to this paragraph until a written statement of the grounds of termination has first been served upon the Employee. The Employee shall have the right to a representative of his choice at a conference with the Board. The conference with the Board shall be the Employee's exclusive right to any

Powered by BoardOnTrack

hearing otherwise required by law.

b. **Early Termination Without Cause**: The Board may unilaterally and without cause or advance notice terminate this Agreement. In consideration of the Board's right to terminate this Agreement without cause, the Board shall pay to the Employee the remainder of his salary (based upon any remaining calendared work days) for the term of this Agreement or for a period of three (3) months following the effective date of termination, whichever is less.

c. **Death or Incapacitation of the Employee**: The death of the Employee shall terminate this Agreement and all rights entitled under this Agreement. In the event that the Employee becomes incapacitated to the extent that, in the judgment of the Board, the Employee may no longer perform the essential functions of his job with or without reasonable accommodation, as set forth in job specifications, the Board may terminate this Agreement.

13. **NON-RENEWAL/EXPIRATION OF TERM.** The Board may elect not to offer future employment agreements to the Employee at its sole discretion, without cause, and this Agreement will lapse by its own terms.

14. **REQUIRED CONTRACT PROVISIONS.** The following provisions are required to be included in this Agreement by the California Government Code:

a. **Limitations on Cash Settlement.** In no case upon termination of this Agreement shall the maximum cash settlement exceed an amount equal to the monthly salary of the Employee multiplied by twelve (12).

b. **Required Reimbursements.** The Employee shall be required to reimburse CCS for any salary or fees received from CCS in relation to the Employee's placement on paid administrative leave pending criminal charges if the Employee is convicted of a crime involving the abuse of office/position. Regardless of the term of this Agreement, if the Agreement is terminated, the Employee must reimburse CCS for any cash settlement received in relation to the Employee's termination if the Employee is convicted of a crime involving the abuse of office/position.

15. **ENTIRE AGREEMENT.** This Agreement supersedes any and all other Agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other Agreement, statement or promise related to the subject matter of this Agreement which is not contained in this Agreement shall be valid or binding.

16. **WAIVER.** Either party to this Agreement may specifically and expressly waive, in writing, compliance by the other party thereto with any term, condition or requirements set forth in this Agreement. Either party to this Agreement may specifically and expressly waive, in writing, any breach of any term, condition or requirement of this Agreement by the other party hereto. However, in the event that either party makes or gives such a waiver, such action shall not constitute a further or continuing waiver of any preceding or succeeding breach, or requirement of compliance with, the same or any other provision or contractual requirement, unless a specific statement to the contrary is contained with such waiver. No waiver or consent shall be implied from the silence or from the failure of any party to act, except as otherwise specified in this Agreement.

17. **JURISDICTION.** The parties hereby understand and agree that this Agreement, and the

attachments hereto, have been negotiated and executed in the State of California and shall be governed by, and construed under, the laws of the State of California.

18. **AMENDMENTS.** No addition to, or modification of, any provision contained in this Agreement shall be effective unless fully set forth in writing ***and*** signed by the authorized representative of both of the parties hereto.

19. **INTERPRETATION AND OPPORTUNITY TO COUNSEL.** The parties hereto acknowledge and agree that each has been given an opportunity to independently review this Agreement with legal counsel. In the event of a controversy or dispute between the parties concerning the provisions herein, this document shall be interpreted according to the provisions herein and no presumption shall arise concerning the draftsman of such provision.

20. **SEVERABILITY.** If any term, provision, condition or covenant of the Agreement shall, to any extent, be held invalid or unenforceable, the remainder of the Agreement shall not be affected thereby, and each term and provision of this Agreement shall be valid and enforceable to the fullest extent provided by law.

21. **EXECUTION OF COUNTERPARTS.** This Agreement may be executed in any number of counterparts, each of which shall be deemed a duplicate original when all counterparts are executed, but all of which constitute a single instrument.

22. **SIGNATURES**. In witness therein, we affix our signatures to this Agreement with the full and complete understanding of the relationship between the parties hereto.
