Board Meeting

Date and Time

Saturday March 26, 2022 at 10:00 AM PDT

The Charter School Board of Directors determines, in accordance with Government Code Section 54953(e)(1) (B), that meeting in person would present imminent risks to the health or safety of attendees. Pursuant to Government Code Section 54953(e)(3), the Board has also reconsidered the circumstances of the State of Emergency declared by the Governor on March 4, 2020, and finds the State of Emergency continues to directly impact the ability of the Directors to meet safely in person and/or that State or local officials continue to improve or recommend measures to promote social distancing.

Please join the meeting from your computer, tablet or smartphone:

	Purpose	Presenter	Time
<p>Addressing the Board – Board meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Board through the Chair of the Board. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Board must complete a Speaker Request Card (https://forms.gle/jEmpDNMxeZYjirg89) and submit it to Josue Garcia, Executive Assistant to the Superintendent. The Speaker Request Card must contain speaker name, contact number or email, and subject matter and submitted to the Executive Assistant to the Superintendent prior to the start of the meeting. Members of the public may address the Board on any matter within the Board’s jurisdiction and have two (2) minutes each to do so. The total time of each subject will be fifteen (15) minutes, unless additional time is requested by a Board Member and approved by the Board.</p> <p>The Board may not deliberate or take action on items that are not on the agenda. However, the Board may give direction to staff following a presentation. The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Board meeting. The Board of Directors may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Board’s ability to conduct its business in a timely manner. The Board of Directors may also allow for additional public comment and questions after reports and presentations if it deems necessary.</p>

ACKNOWLEDGMENT OF RECEIPT OF EMPLOYEE HANDBOOK

PLEASE READ THE EMPLOYEE HANDBOOK AND SUBMIT A SIGNED COPY OF THIS STATEMENT TO HUMAN RESOURCES.

EMPLOYEE NAME:

I ACKNOWLEDGE that I have received a copy of the Employee Handbook. I have read and understood the contents of the Handbook, and I agree to abide by its directions and procedures. I have been given the opportunity to ask any questions I might have about the policies in the Handbook. I understand that it is my responsibility to read and familiarize myself with the policies and procedures contained in the Handbook. I also understand that if I am ever unclear on any language, or policies and procedures in this Handbook, it is my responsibility to seek clarification from the School.

I understand that the statements contained in the Handbook are guidelines for employees concerning some of the School's policies and benefits, and are not intended to create any contractual or other legal obligations or to alter the at-will nature of my employment with the School. In the event I do have an employment contract which expressly alters the at-will relationship, I agree to the foregoing except with reference to an at-will employment status.

I understand that except for employment at-will status, any and all policies or practices can be changed at any time by the School.

I understand that other than the Superintendent & CEO of the School, no person has authority to enter into any agreement, express or implied, for employment for any specific period of time, or to make any agreement for employment other than at-will; only the Superintendent & CEO has the authority to make any such agreement and then only in writing signed by the Superintendent & CEO.

INTRODUCTION TO HANDBOOK

This Handbook is designed to help employees get acquainted with Compass Charter Schools (hereinafter referred to as “CCS” or the “School”). It explains some of our philosophies and beliefs, and describes some of our employment guidelines in general terms. Although this Handbook is not intended to be an exclusive or comprehensive policies and procedures manual, we hope that it will serve as a useful reference document for employees throughout their employment at the School. Employees should understand, however, that this Handbook is not intended to be a contract (express or implied), nor is it intended to otherwise create any legally enforceable obligations on the part of the School or its employees. In no way does the Handbook replace any official plan documents (e.g., health insurance, retirement plan, etc.) or insurance contracts, which will govern in all cases. This Handbook supersedes and replaces all previous personnel policies, practices, and guidelines.

Due to the fact that the School is a growing and changing organization, it reserves full discretion to add to, modify, or delete provisions of this Handbook, or the policies and procedures on which they may be based, at any time without advance notice. CCS also reserves the right to interpret any of the provisions set forth in this Handbook in any manner it deems appropriate.

No individual other than the Superintendent & CEO or Board of Directors has the authority to enter into any employment or other agreement that modifies School policy. Any such modification *must* be in writing.

This Handbook is the property of the School, and it is intended for personal use and reference by employees of the School. Circulation of this Handbook outside of the School requires the prior written approval of the Superintendent & CEO.

Employees must sign the acknowledgment form at the beginning of this Handbook, please complete the electronic acknowledgment form via the BambooHR system. This will provide the School with a record that each employee has received this Handbook.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Is Our Policy

CCS is an equal opportunity employer. It is the policy of the School to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned));
- Sex (including pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS);
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation, and benefits of existing employees.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a School representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job, or if unknown, what job duties the disability impairs. CCS will then conduct an investigation to identify the barriers that interfere with the equal opportunity of the applicant or employee to perform the job. CCS will identify possible accommodations if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, the School will make the accommodation.

Employment At-Will

Except if stated expressly otherwise by employment contract, it is the policy of the School that all employees are considered “at-will” employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice.

Nothing contained in this Handbook, employment applications, School memoranda or other materials provided to employees in connection with their employment shall require the School to have “cause” to terminate an employee or otherwise restrict the School’s right to release an employee from their at-will employment with the School. Statements of specific grounds for termination set forth in this Handbook or elsewhere are not all-inclusive and are not intended to restrict the School’s right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School’s policy regarding “at-will” employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents whether singly or combined, or any employment practices, shall create an express or implied contract of employment for a definite period, nor an express or implied contract concerning any terms or conditions of employment.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

CCS will provide annual training on the mandated reporting requirements, using the online training module provided by the State Department of Social Services, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in county jail, or by a fine of one thousand dollars (\$1,000), or by both that imprisonment and fine.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee’s employment.

By acknowledging receipt of this Handbook, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks

As required by law, all individuals working or volunteering at the School will be required to submit to a criminal background investigation. No condition or activity will be permitted that may compromise the School's commitment to the safety and the well-being of scholars taking precedence over all other considerations. Conditions that preclude working at the School include conviction of a controlled substance or sex offense, or a serious or violent felony. Additionally, should an employee, during their employment with the School, be arrested for, charged with, or convicted of any offense, the employee must immediately report as much to the Chief People Officer.

Tuberculosis Testing

All employees of the School must submit written proof from a physician of a risk assessment examination for tuberculosis (TB) within the last sixty (60) days. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers may be required to undergo a TB examination as necessary. The TB risk assessment and, if indicated, the examination is a condition of initial employment with the School and the cost of the exam will be borne by the applicant.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing scholar services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work with School scholars.

Immigration Compliance

CCS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, CCS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (e.g., threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law.

Further, the School shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant.

Employment Qualifications

CCS's certificated staff (i.e., supervising teachers, counselors, academic administrators) are required, as a condition of initial and continued employment, to hold a current California Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold.

It is the responsibility of each certificated staff member to ensure that all appropriate credentials and permits are cleared and/or renewed in a timely manner and remain current. Upon renewal, the original document is to be submitted to Human Resources to be copied and filed in the employee's personnel file.

Professional Boundaries: Staff/Scholar Interaction Policy

CCS recognizes its responsibility to make and enforce all rules and regulations governing scholar and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any scholar. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a scholar. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, scholars, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a scholar from fighting with another scholar;
2. Preventing a scholar from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a scholar;
4. Forcing a scholar to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a scholar as a means of control;
2. Making unruly scholars do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Scholar Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between scholars and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, scholars, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself,

“Would I be engaged in this conduct if my family or colleagues were standing next to me?”

For the purposes of this policy, the term “boundaries” is defined as acceptable professional behavior by staff members while interacting with a scholar. Trespassing the boundaries of a scholar/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member’s perspective, but can be perceived as flirtation or sexual insinuation from a scholar or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and scholars, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct. Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with scholars certainly fosters learning, scholar/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of scholar behavior that crosses boundaries or where a scholar appears to be at risk for sexual abuse.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Scholar Behaviors (Violations of this Policy)

- a. Giving gifts to an individual scholar that are of a personal and intimate nature.
- b. Kissing of any kind.
- c. Any type of unnecessary physical contact with a scholar in a private situation.
- d. Intentionally being alone with a scholar away from the school.
- e. Making or participating in sexually inappropriate comments.
- f. Sexual jokes.
- g. Seeking emotional involvement with a scholar for your benefit.
- h. Listening to or telling stories that are sexually oriented.
- i. Discussing inappropriate personal troubles or intimate issues with a scholar in an attempt to gain their support and understanding.
- j. Becoming involved with a scholar so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Scholar Behaviors without Parent and Supervisor Permission

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- a. Giving scholars a ride to/from school or school activities.
- b. Being alone in a room with a scholar at school with the door closed.
- c. Allowing scholars in your home.

Cautionary Staff/Scholar Behaviors

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practices or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

1. Remarks about the physical attributes or development of anyone.
2. Excessive attention toward a particular scholar.
3. Sending emails, text messages, or letters to scholars if the content is not about school activities.

Acceptable and Recommended Staff/Scholar Behaviors

- A. Getting parents' written consent for any after-school activity.
- B. Obtaining formal approval to take scholars off school property for activities such as field trips or competitions.
- C. Emails, text, phone, and instant messages to scholars must be very professional and pertaining to school activities or classes (Communication should be limited to school technology).
- D. Keeping the door open when alone with a scholar.
- E. Keeping reasonable space between you and your scholars.
- F. Stopping and correcting scholars if they cross your own personal boundaries.
- G. Keeping parents informed when a significant issue develops about a scholar.
- H. Keeping after-class discussions with a scholar professional and brief.
- I. Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries.
- J. Involving your supervisor if conflict arises with the scholar.
- K. Informing the Human Resources Manager about situations that have the potential to become more severe.
- L. Making detailed notes about an incident that could evolve into a more serious situation later.
- M. Recognizing the responsibility to stop unacceptable behavior of scholars or coworkers.
- N. Asking another staff member to be present if you will be alone with any type of special needs scholar.
- O. Asking another staff member to be present when you must be alone with a scholar after regular school hours.
- P. Giving scholars praise and recognition without touching them.
- Q. Pats on the back, high fives, and handshakes are acceptable.
- R. Keeping your professional conduct a high priority.
- S. Asking yourself if your actions are worth your job and career.

Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation

CCS is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. CCS's policy prohibits unlawful harassment, discrimination, and retaliation based upon race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists); color; gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned); sex (including pregnancy, childbirth, breastfeeding, and related medical conditions); sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex); religious creed (including religious dress and grooming practices); marital/registered domestic partner status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical or mental

disability (including HIV and AIDS); medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, or discriminated or retaliated against, based upon the characteristics noted above.

CCS does not condone and will not tolerate unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and managers) or third party (including independent contractors or other persons with which the School does business). Supervisors and managers are to report any complaints of unlawful harassment to the Human Resources Manager.

When CCS receives allegations of unlawful harassment, discrimination, or retaliation, the Board (if a complaint is about the Superintendent & CEO) or the Human Resources Manager will conduct a fair, timely and thorough investigation that provides all parties an appropriate process and reaches reasonable conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. CCS is committed to remediating any instances where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs; Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

CCS is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; and/or (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive two (2) hours of sexual harassment prevention training within six (6) months of hire or their assumption of a supervisory position and every two (2) years thereafter. All other employees will receive one (1) hour of sexual harassment prevention training within (6) months of hire and every two (2) years thereafter. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the

use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Human Resources Manager. See **Appendix A** for the "Harassment/Discrimination/Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
 - Rape, sexual battery, molestation or attempts to commit these assaults and
 - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:
 - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
 - Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.
 - Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
 - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;
 - Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
 - Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate CCS policy.

Code of Ethics

General

The following Code of Ethics applies to all members of the School Community including volunteers and members of all decision-making teams, as well as all staff of CCS (collectively referred to as “members”).

Preamble

All members believe in the worth and dignity of human beings. All members recognize the supreme importance of the pursuit of truth, devotion to excellence, and the nurturing of democratic citizenship. All members regard as essential to these goals the protection of freedom to learn and to teach and the guarantee of equal educational opportunity for all. All members accept the responsibility to practice “education” according to the highest ethical standards.

Principle I: Commitment to the Scholar

All members must work to stimulate the spirit of inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals. In fulfilling these goals, all members should:

- Encourage the scholars to take independent action in the pursuit of learning and provide access to varying points of view, and entrepreneurial goals and vision.
- Prepare subjects carefully, incorporating entrepreneurial curriculum and 21st century life skills. Present them to the scholar without distortion, and, within the limits of time and curriculum, give all points of view a fair hearing.
- Protect the health and safety of scholars.
- Honor the integrity of scholars and influence them through constructive criticism rather than by ridicule and harassment.
- Provide for participation in educational programs without regard to race, color, creed, sex, gender, orientation, national origin or any other protected classification - both in what is taught and how it is taught.
- Neither solicit nor involve scholars or their parents in schemes for commercial gain thereby ensuring that professional relationships with scholars shall not be used for private advantage.
- Keep in confidence from third parties (outside of CCS) information that has been obtained in the course of professional service, including scholar/parent’s address, phone number or any other contact information, unless disclosure serves professional purposes or is required by law.
- Not post on the website or share with others pictures or depictions of scholars unless a photo school waiver is on file with the School.

Principle II: Commitment to the Public

All members believe that democratic citizenship in its highest form requires dedication to the principles of our democratic heritage. All members share with all other citizens the responsibility for the development of sound public policy and assume full political and citizenship responsibilities. All members of staff bear particular responsibility for the development of policy relating to the extension of educational opportunities for all, and for interpretation of educational programs and policies to the public. In fulfilling these goals, all members:

- Have an obligation to support education and CCS, and not to misrepresent them in public discussion. When being critical in public, all members have an obligation not to distort the facts. When speaking or writing about policies, all members must take adequate precautions to distinguish members’ private views from the official position of the charter school.
- Do not interfere with a colleague’s exercise of political and citizenship rights and

- responsibilities.
- Ensure that institutional privileges shall not be used for private gain. Do not exploit scholars, their parents, colleagues, or the school system itself for private advantage. Do not accept gifts or favors that might impair or appear to impair professional judgment nor offer any favor, service, or thing of value to obtain special advantage.

Principle III: Commitment to the Profession

All members will exert every effort to raise standards, to improve service, to promote a climate in which the exercise of sound personal and professional judgment is encouraged, and to achieve conditions, which attract person's worthy of trust to careers in education. In fulfilling these goals, all members will:

- Accord just and equitable treatment to all members in the exercise of their rights and responsibilities.
- Not use coercive means or promise special treatment in order to influence the professional decisions of colleagues.
- Not misrepresent one's own professional qualifications.
- Not misrepresent the professional qualifications of their colleagues; discuss these qualifications fairly and accurately when discussion serves professional purposes. · Apply for, accept, offer, and assign positions or responsibilities on the basis of professional preparation and legal qualifications.
- Use honest and effective methods of administering educational responsibilities; conduct professional business through proper channels; use time granted for its intended purposes; not misrepresent conditions of employment; live up to the letter and spirit of contracts.

Whistleblower Policy

CCS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of the School have a responsibility to report any action or suspected action taken within the School that is illegal, unethical or violates any adopted policy of the School, or local rule or regulation. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose, information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug- and Alcohol-Free Workplace

CCS complies with applicable Federal and State law regarding drug use while on the job with respect to all School employees. The School is concerned about the use of alcohol and drugs as it affects the workplace, the School community and the scholars which CCS serves. Use of these substances whether on or off the job can adversely affect an employee's work performance, efficiency, safety, and health, and therefore seriously impair the employee's value to the School and its scholars. In addition, the use or possession of these substances on the job constitutes a potential danger to the welfare and safety of other employees and scholars and exposes the School to the risks of property loss or damage or injury to other persons.

Furthermore, the use of prescription and/or over-the-counter drugs also may affect an employee's job performance and seriously impair the employee's value to CCS. Any employee who is using prescription or over-the-counter drugs that may impair the employee's ability to safely perform the job, or affect the safety or well-being of others, must notify a supervisor of such use immediately before starting or resuming work.

The following rules and standards of conduct apply to all employees either on CCS property or during the workday (including meal and rest periods). Behavior that violates this policy includes:

- Driving a School vehicle while under the influence of alcohol or drugs.
- Distribution, sale or purchase of any drug while on the job, or in the presence of scholars.
- Possession or use of alcohol or drugs while on the job, or in the presence of scholars.
- Being under the influence of alcohol or drugs while on the job.

Notwithstanding recent changes in California law and over-the-counter availability, marijuana (including all cannabis extracts such as CBD) remains an illegal Schedule I substance under federal law. As a result, and regardless of the drug or substance, employees who violate the aforementioned prohibitions will be subject to disciplinary action up to and including termination. CCS may also bring the matter to the attention of the appropriate law enforcement authorities.

In order to enforce this policy, CCS reserves the right to conduct searches of School property and to implement other measures necessary to deter and detect abuse of this policy. As such, employees do not have a reasonable expectation of privacy while on School property.

Confidential Information

All information relating to scholars, personal information, schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties, including other CCS parents unless permission is on file. All records concerning special education scholars shall be kept strictly confidential and maintained in a separate locked cabinet. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Conflict of Interest

All employees must avoid situations involving actual or potential conflict of interest. A conflict of interest is a situation in which an employee's personal interests (or those of the employee's friends or family) are inconsistent with the interests of CCS, so that the employee's ability to act solely in the best interests

CCS is placed in doubt, giving recognition to the frailties of human conscience and the instinctive force of self-interest.

An employee involved in any relationships or situations, which may constitute a conflict of interest, should immediately and fully disclose the relevant circumstances to the Superintendent & CEO, for a determination about whether a potential or actual conflict exists. If an actual or potential conflict is determined, the School may take whatever corrective action appears appropriate according to the circumstances.

In the case of outside employment, all full-time and part-time employees may not work or consult for other entities involved in the field of education without authorization from the Superintendent & CEO. No outside employment may impede the staff member's ability to fulfill his/her job responsibilities. Outside employment may not take place during regular employee hours. Failure to disclose facts shall constitute grounds for disciplinary action that may involve action up to and including termination from CCS.

Nepotism Policy

CCS is committed to a policy of employment and advancement based on qualifications and performance. Due to potential for perceived or actual conflicts, such as favoritism or personal conflicts from outside the work environment, which can be carried into the daily working relationship, CCS will hire or consider other employment actions concerning relatives of persons currently employed only if:

1. Candidates for employment will not be working directly for or supervising a relative;
2. The relative will not be working within the same Division and or reporting to the same Supervisor; and
3. Candidates for employment will not occupy a position in the same line of authority in which employees can initiate or participate in decisions involving a direct benefit to the relative. Such decisions include hiring, retention, transfer, promotion, wages, and leave requests. This policy applies to all current employees and candidates for employment, unless prior approval has been granted by the Superintendent & CEO.

Definitions: "Family member" is defined as one of the following: relationships by blood - parent, child, grandparent, grandchild, brother, sister, uncle, aunt, nephew, niece, and first cousin; and relationships by marriage - husband, wife (as defined by state law), stepparent, stepchild, brother-in-law, sister-in-law, father-in-law, mother-in-law, son-in-law, daughter-in-law, half-brother, half-sister, uncle, aunt, nephew, niece, spouse/partner of any of the above and cohabitating couples or significant others. The hiring supervisor is responsible for ensuring policy compliance.

Department directors are responsible for monitoring changes in employee reporting relations after initial hire to ensure compliance with this policy. Employees are responsible for immediately reporting any changes to their supervisor. If any employee, after employment or change in employment, enters into one of the above relationships, one of the affected individuals must seek a transfer or a change in the reporting relationship. Such changes must be approved by the Superintendent & CEO. If a decision cannot be made by the affected employees within fourteen (14) days of reporting, reassignment will be made on direction of the department director and the Superintendent & CEO. No exception to this policy will be made without the written consent of the Superintendent & CEO.

Smoking

All School buildings and facilities are non-smoking facilities.

THE WORKPLACE

Employment Categories

The following are categories of employees that are used within this Handbook (herein “Employee Category”). More than one (1) Employee Category may apply to an employee.

Full-Time Employee

A full-time employee is an employee whose regular working hours are more than thirty-five (35) hours per week. Full-time employees are hired for an indefinite and unspecified duration of time. Full-time employees are eligible for all School employment benefits, as specified in the Employment Benefits provision of this Handbook.

Part-Time Employee

A part-time employee is an employee whose regular working hours are thirty-five (35) or fewer hours per week. Part-time employees are hired for an indefinite and unspecified duration of time. Part-time employees may be eligible for employment benefits (e.g., prorated), as specified in the Employment Benefits provision of this Handbook.

Temporary Employee

A temporary employee is an employee who is hired for a limited, but unspecified, period of time or for a specific project or set of projects. The introductory period is not applicable to temporary employees. Temporary employees are generally ineligible for School employment benefits, as specified in the Employment Benefits provision of this Handbook.

Exempt Employee

An exempt employee is an employee whose employment is not subject to the overtime and recordkeeping provisions of applicable law.

Non-Exempt Employee

A non-exempt employee is an employee whose employment is subject to the overtime and recordkeeping provisions of applicable law.

Salaried Non-Exempt Employee

The designation of an employee as “salaried, non-exempt” means that the employer is paying the employee a consistent salary that meets applicable minimum wage requirements instead of paying an hourly rate based on actual hours worked. In addition, and most importantly, the designation means the School determined that the employee’s primary job duties fail to meet the requirements for an exemption under applicable law and is classifying the employee as non-exempt.

Inactive Employee

An inactive employee is an employee who is currently on a leave of absence. When an inactive employee returns to work, the employee becomes an active employee.

Vacant Positions

CCS believes in providing opportunities for employees to advance within the organization. All new and vacant positions will be announced for internal applicants through the School’s intranet and posted on the School website, including any job boards, for external applicants.

An employee in good standing will be considered as eligible if they meet the minimum qualifications for the position.

Work Schedule

Central Office

Hours of operation for the Central Office are 8:00 a.m. - 5:00 p.m., Monday through Friday, closed daily from 12:00 - 1:00 p.m. for lunch.

Non-Exempt Employees

The regular workday schedule for non-exempt employees is eight (8) hours; the regular workweek schedule is forty (40) hours.

Exempt Employees: Twelve-month

Twelve-month exempt employees are expected to be available during business hours of 8:00 a.m. - 5:00 p.m. and to commit whatever additional time is necessary to satisfactorily complete all job requirements. The School reserves the right to alter schedules as it may require.

Exempt Employees: Eleven-month

All teachers/educational facilitators, coordinators, and counselors are exempt employees as defined by applicable law. Work schedules will be reflective of their current scholar roster, will generally coincide with regular school hours, and may require a flexible work schedule, including work on weekends, as well as before and after the regular work year or hours of the work day. Work schedules may need to be adjusted throughout the school year to accommodate changes and to best serve the needs of their scholars.

Meal and Rest Periods

CCS provides nonexempt employees with ten (10) minute paid rest periods as required by applicable law. nonexempt employees receive one (1) rest period for each four (4) hour work period or a “major fraction” of a work period (i.e., greater than two [2] hours). However, any non-exempt employee who works less than three and one-half (3½) hours in a day is not eligible to take a rest period. The number of rest periods received is as follows:

- Nonexempt employees who work between three and one-half (3½) and six (6) hours are entitled to one (1), ten (10) minute rest period.
- Nonexempt employees who work more than six (6) and up to ten (10) hours are entitled to two (2), ten (10) minute rest periods. Nonexempt employees who work more than ten (10) and up to twelve (12) hours are entitled to three (3), ten (10) minute rest periods.

A rest period is paid time when employees are relieved of all work duties and responsibilities. Rest periods may not be combined, added to a meal period, or taken at the very beginning or very end of the day. Insofar as practicable, rest periods should be in the middle of each work period. Employees must self-police their rest periods and ensure that they take their rest periods every day.

CCS also requires its employees in nonexempt positions to take a mandatory unpaid, uninterrupted meal period in accordance with California law, sixty (60) minutes per CCS policy. A meal period is an unpaid period when employees are relieved of all work duties and responsibilities, generally for the purpose of consuming a meal. During the meal period, employees may not perform any work-related activities. The meal period must be taken approximately in the middle of the workday but by no later than the end of the 5th hour of work. An employee may waive this meal period if the day’s work will be completed in no more than six (6) hours, provided the employee and CCS mutually consent to the waiver in writing.

If a nonexempt employee is unable to take their meal or rest periods, or take them in a timely manner, the employee must notify their supervisor before or at the time the employee is unable to take the meal

or rest period. Failure to follow this notification requirement may lead to discipline, at the School's discretion.

Lactation Accommodation

CCS accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the nonexempt employee shall be unpaid.

CCS will make reasonable efforts to provide employees who need lactation accommodation with the use of a room or other private location that is located close to the employee's work area. Such a room/location shall not be a bathroom, and shall have electricity. Employees shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk. Employees who desire lactation accommodations should contact their supervisor to request accommodations.

Attendance and Tardiness

All employees, whether exempt or nonexempt, are expected to arrive at work consistently and on time. Absenteeism and tardiness negatively affect the School's ability to implement its educational program and disrupts consistency in scholars' learning.

If it is necessary to be absent or late for the start of the workday or any other work functions, including but not limited to required meetings or trainings, employees are expected to notify their immediate supervisor as soon as possible but no later than one-half (1/2) hour before the start of the workday. If an employee is absent from work longer than one (1) day, he or she is expected to keep their immediate supervisor sufficiently informed of the situation. Time off requests must be entered using the Bamboo HR system.

As noted in the section of this Handbook concerning prohibited conduct, excessive or unexcused absences or tardiness may result in disciplinary action up to and including release from at-will employment with the School. Absence for more than three (3) consecutive days without notifying the Chief People Officer will be considered a voluntary resignation from employment.

Timecards/Records

By law, CCS is obligated to keep accurate records of the time worked by non-exempt employees. Such employees are required to utilize the School's timecard system.

Non-exempt employees must accurately submit their hours worked on the day they worked via Time Tracking, as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. The Time Tracking indicates when the employee arrived and when the employee departed. All non-exempt employees must submit their hours worked on the day they worked, for all paid work time including lunch.

Non-exempt employees are solely responsible for ensuring accurate timekeeping in the Bamboo HR

system and remembering to record time worked. If an employee misses a time punch, the employee must complete a Punch Correction Form, be signed by the employee, their immediate supervisor, and submitted to the Chief Operating Officer at the end of each pay period.

Non-exempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School errands after logging out.

No one may record hours worked on another's timesheet. Any employee who violates any aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with the School.

Adjunct Duties

All exempt employees will be assigned adjunct duties at the School's discretion. Satisfactory performance of these duties is a condition of continued employment.

Use of Email, Voicemail, and Internet Access

CCS permits employees to use its electronic mail, voicemail systems, and Internet access subject to the following:

- Minimal personal use as long as it does not interfere with timely job performance and is consistent with law and appropriate protocols during work hours.
- The email system and Internet access is not to be used in any way that may be disruptive, offensive to others, or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets, or anything else that may be construed as harassment or disparagement of others based on their race, national origin, sex, sexual orientation, age, religious beliefs or political beliefs may not be displayed or transmitted.
- The Internet may not be accessed on any school device outside of the United States.
- Employees may not attempt to gain access to another employee's personal file of email or voicemail messages or voicemail messages without the latter's express permission. · School staff will not enter an employee's personal email files or voicemail unless there is a business need to do so. CCS retains a copy of all passwords; passwords unknown to the School may not be used. System security features, including passwords and delete functions, do not neutralize the School's ability to access any message at any time. Employees must be aware that the possibility of such access always exists. · Employees may not change any preset user names and/or passwords established by CCS for access to School email, voicemail, or software provided to the employee by the School. · Employees may not change or alter in any way the email signature for school email as determined by the School. No additional extraneous content may be added to the email signature unless requested by the Superintendent & CEO.
- Employees should not use personal devices or email accounts for School-related communications. Such communications should only take place using School-issued devices and via the employee's CCS email account.

Social Media Policy

Permissions

At CCS, we believe in open communication and encourage you to share your work and passion with family, friends, co-workers, and your professional networks around the world. Whether you do so by participating in a blog, wiki, any social media platform, or any other form of online publishing or discussion is up to you. In order to assist you in making responsible decisions in your use of social media, and to avoid any conflicts or misunderstandings, we have come up with a few guidelines to provide helpful and practical advice for you when operating on the Internet as an identifiable employee of CCS and its brands.

This policy applies to all full-time staff, part-time staff, and external contractors employed or providing services at CCS. Each and every employee and/or contractor should use the supplemental CCS Social Media Handbook provided by the Marketing Department for additional guidance in administering the policy.

Guidelines

In the rapidly expanding world of electronic communication, social media can mean many things. Social media includes all means of communicating or posting information or content of any sort on the Internet, including to your own or someone else's web log or blog, journal or diary, personal website, social networking or affinity website, web bulletin board or a chat room, whether or not associated or affiliated with CCS, as well as any other form of electronic communication. Before creating any online content, please consider the following main guidelines:

- All employees and contractors must familiarize themselves with the CCS Social Media Handbook prior to posting any content on our social media platforms.
- You are personally responsible for the content you publish on our blog, website, or any other form of user-generated media.
- If an item features the statement "For Internal Use Only," please do not forward it to anyone outside of CCS or publish it on any social media channel.
- Do not comment on work-related legal matters unless you are an official spokesperson, and have prior written authorization from the Superintendent & CEO.
- Please remember that the Internet never forgets, meaning everything you publish will be available for the world to see for a very long time and may come back to haunt you at a later time. If you are about to publish something that makes you even the slightest bit uncomfortable, please contact the Marketing Department for guidance and approval.

Always remember to consider some of the risks and rewards that are involved with posting content to social media. Keep in mind that any of your conduct that adversely affects your job performance, the performance of co-workers or contractors, or otherwise adversely affects people who work on behalf of CCS or CCS' legitimate business interests, may result in disciplinary action up to and including termination.

Know and Follow the Rules

Carefully read these guidelines and the CCS Social Media Handbook and ensure your postings are consistent with these policies. Always make sure to respect your audience. Any and all inappropriate postings, including but not limited to discriminatory remarks, harassment, threats of violence, or similar inappropriate or unlawful conduct that would not be acceptable in the CCS workplace, will not be tolerated and may warrant disciplinary action, up to and including termination.

Be Respectful

Always be fair and courteous to fellow staff, scholars, and families of scholars, or people who work on behalf of or provide services to CCS. Also, keep in mind that you are more likely to resolve work-related complaints by speaking directly with your co-workers or by utilizing our Open Door Policy than by posting complaints to a social media outlet. Using your public voice to harass or embarrass your co-workers, CCS, scholars, families, or any other CCS stakeholders is unacceptable and may subject you to disciplinary action, up to and including termination. Examples of such unacceptable conduct include but is not limited to: offensive posts meant to intentionally harm someone's personal or professional reputation, that belittles, degrades, harasses a co-worker, or posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion, or any other status protected by applicable law.

Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Be open about any previous posts you have altered.

Please respect copyright laws. If the material is not yours, don't use it as it is that person's choice to share his or her material with the world, not yours. Before posting someone else's work, please check with the owner first and make sure you have the right to use or publish any data, images, videos, etc. When you make a reference to someone's work, where possible, link back to the source.

Respect Confidentiality and Professional Boundaries

Maintain the confidentiality of all of CCS' trade secrets, as well as private or confidential information. Trade secrets may include information regarding the development of systems, processes, products, know-how, and technology. Do not post internal reports, policies, procedures, or other internal business-related, personnel, or scholar information that is or may be confidential in nature. Do not create a link from your blog, website, or other social networking sites to any CCS website without identifying yourself as a CCS staff member. Please remember that anything you publish about CCS can potentially harm the School, including all internal media as well, like the intranet or any newsletters you send out. As soon as you act on the School's behalf by distributing information, you are responsible for upholding the School's image and fully complying with School policies. Please act responsibly when posting materials and if in doubt, contact the Community Relations Coordinator before you post or send said material.

Express only your personal opinions. Never represent yourself as a spokesperson for CCS. If CCS is a subject of the content you are creating, be clear and open about the fact that you are an employee and make it clear that your views do not represent those of CCS, fellow employees, scholars, parents, suppliers or people working on behalf of or providing services to CCS. If you publish a blog or post online related to the work you do or subjects associated with CCS, you must clearly state that you are not speaking on behalf of CCS. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of CCS."

Using Social Media at Work

You are prohibited from using your personal social media while on work time or on the equipment we provide, unless it is work-related as authorized by your immediate supervisor or consistent with the CCS Employee Handbook. All work-related posts should be made through social media accounts established for the posting of work-related posts only, separate from your personal social media accounts. Do not use CCS email addresses to register on social networks, blogs or other online tools utilized for personal use. Do not use your work social media accounts to post non-work related material including but not limited to personal family information or photos.

Retaliation is Prohibited

CCS prohibits retaliation against any employee for reporting a possible violation of this policy or for cooperating in an investigation. Any employee who engages in retaliation of any sort will be subject to disciplinary action, up to and including termination.

Technology Policy

Purpose

CCS may, in its sole discretion, provide computers and laptop computers or other hand-held or similar computing devices, as well as mobile devices, to certain employees for the express purpose of enhancing the productivity and operational efficiency of School-based and administrative activities, functions and instruction. The purpose of this policy is to establish general guidelines for the issuance and utilization of all such devices by officials, management, and personnel within the School.

Guidelines

1. All computers and devices shall be used for the sole and express purpose of conducting official business and maintaining the operations of the School. Use of all such computers and devices is subject to the School's Computing and Internet Acceptable Use Policy.
2. An employee may be issued a computer or device for the performance of specific job-related duties and responsibilities and as determined by the Superintendent & CEO or their designee and has an "active" employment status; and Employee's job-related duties and responsibilities require regular and systematic use of a computer or device; or Employee is required to perform the majority of their duties away from their primary work location.
3. Persons not directly employed by the School, including but not limited to volunteers, retired employees, employees hired on a per diem basis, consultants, vendors, or employees on extended leave or with an employment status of "inactive," shall not be eligible for the issuance of any computer or device.
4. Although issued to an individual employee, all computers or devices are considered the property of the primary of CCS and shall be returned upon termination of employment with the School, or immediately upon request at any time by an official of the School.
5. Employees are expected to take all appropriate measures and precautions to prevent the loss, theft, damage, and/or unauthorized use of services and shall include the following:
 - a. Keep all computers and devices in a locked and secured environment when not being used;
 - a. Do not leave the computer or device for prolonged periods of time in a vehicle, especially in extreme temperatures;
 - b. Keep food and drinks away from all computers and devices and work areas;
 - c. Do not leave the computer or device unattended at any time in an unsecured location;
 - d. Keep the computer or device in sight at all times while in public places, such as public transportation, airports, restaurants, etc.
6. Should an employee's computer or device be lost or stolen, the employee MUST: (i) immediately report the incident to their immediate supervisor and the Director of IT; (ii) obtain an official police report documenting the theft or loss; and (iii) provide a copy of the police report to the Director of IT. If the employee fails to adhere to these procedures, the employee will be held legally and financially responsible to the School for the replacement of such equipment.
7. For all warranty and non-warranty repairs and maintenance of all such computers and devices, the employee must contact the School IT Help Desk. All repairs and maintenance will and must be performed in accordance with the School's current repair and maintenance policies and procedures issued by the Office of Information Technology. For damage that is not covered by the School's warranty, the employee may be held responsible.
8. The School is under no legal, financial or other obligation to provide for a replacement computer or

- device to any employee whose computer or device is lost, stolen or damaged.
9. The School may add security and other tracking technology to any and all computers and devices issued by it and any and all such usage is subject to management review, monitoring, and auditing by the School. Other audits may be performed on the usage and internal controls.
 10. The IT Department will be responsible for issuance of all such computers and devices shall:
 - a. Maintain direct oversight of the inventory of equipment, service contracts, and internal controls for all computers and devices;
 - b. Fully enforce the specifications of this policy and other similar IT policies and procedures setting forth the parameters for the eligibility, approval, assignment, utilization, maintenance, and financial oversight of all such computers and devices under their direct control and supervision; and
 - c. Ensure compliance with regulatory policies and procedures as applicable.
 11. Non-compliance with any policies or procedures regarding computers and devices issued by the School will result in appropriate disciplinary action and/or reimbursement of any and all costs to the School.
 - a. Employees are prohibited from changing any of the settings programmed into the computer or device itself, or the computer or device software, without prior approval from the Information Systems Specialist. This includes (without limitation) changing desktop settings, screensaver settings, clock settings, software settings, and the like. This also includes checking the "Remember Password" box to save a password in the computer, file server, and the like.
 - b. Employees are prohibited from downloading software of any kind without prior approval from the Information Systems Specialist. This includes desktop backgrounds, screensavers, anti-virus software, and the like.
 - c. Employees are advised not to save documents or files to any locations other than the CCS Google Drive. This includes saving to the desktop, local drives, USB drives, memory cards, CDs, DVDs, and the like. In the event your computer crashes, files not saved to Google Drive cannot be recovered.
 - d. Employees are prohibited from accessing any school files from unsecured internet connections or internet connections outside the United States.

Employees acknowledge upon receipt of their computer or device, the computer or device is the property of CCS. Employees will agree to pay all costs associated with user-inflicted damage (as determined by the manufacturer) to the computer or device, or its associated peripheral equipment, or its replacement costs should it be lost or stolen. The replacement cost for a laptop computer and/or mobile device will be determined by the fair market value replacement cost of comparable equipment to that which the employee was provided by the School.

CCS reserves the right to use and disclose any electronic, non-privileged communication on its Computer and Communications Systems without the permission of or any prior notice to any user, including disclosure to law enforcement officials. Any person who discovers misuse of any of the Charter School's Computer and Communications Systems should immediately contact the Superintendent & CEO or their designee. Any user who violates any part of this policy will be subject to discipline, up to and including termination.

Computer and Device Care and Maintenance

- All computer stations are to be clean and well organized.
- All computers and devices must be maintained clean and damage-free. · There is to be no food or liquid on surfaces that share a computer or device. · Care should be taken to prevent animal hair, dirt, fine substances, and kids from damaging computers or devices.
- Mousepads on stationary computers are to be used.
- Cleaning of equipment is to be conducted regularly.

Software License

Agreement Software is to be used according to the provisions of the license agreements. Unauthorized copies of software will not be made under any circumstances. Copying software other than for backup purposes is subject to administrative and/or disciplinary action, up to and including termination. Employees should be aware that civil and criminal penalties up to \$250,000.00 per work copied are possible. Any known misuse of software is to be reported to the Superintendent & CEO immediately.

Electronic Accounts

CCS also provides electronic accounts where an Employee can access the School Internet connection, email addresses, software programs, and the like for authorized business purposes (herein "Electronic Accounts"). Electronic Accounts and all data stored on such are considered School property, even if the data is personal in nature. The School reserves the right to access, inspect, and monitor Electronic Accounts and any data stored on or transmitted through such, with or without notice. An Employee should not have any expectation of privacy or confidentiality in Electronic Accounts.

The School does not condone or endorse any material encountered on the Internet. An Employee accessing the Internet does so at the Employee's own risk and the School is not responsible for material encountered, viewed, or downloaded by the Employee from the Internet.

A. Usernames and Passwords

An Employee must take all necessary precautions to safeguard the integrity and confidentiality of usernames or passwords related to the Employee's Electronic Accounts, whether the Electronic Account is created by the School or by the Employee.

B. Email Signatures

Each Employee is required to use the School-owned email signature and email disclaimer assigned to the Employee when sending email messages from Employee's School-owned email address. In addition, an Employee may not amend any verbiage, graphic formatting, or text formatting in the Employee's email signature or email disclaimer without approval of the Superintendent & CEO.

Mobile Devices

CCS distributes School-owned mobile devices to employees as needed. Each employee who receives a mobile device (i) must keep the mobile device battery charged at all times; and (ii) may not alter any settings on any mobile device as outlined above. Although employees use mobile devices for work-related matters, whether these devices belong to the employee or are issued by CCS, employees are prohibited from using such devices for work-related matters while driving due to safety reasons. Employees may use hands-free equipment to make or answer calls while driving without violating this policy. However, safety must always be the employee's first priority. If, because of weather, traffic conditions, or any other reason, an employee is unable to concentrate fully on the road, the employee must either end the conversation, or pull over and safely park their vehicle before resuming the call. Employees must also utilize the password protection feature on mobile devices in order to safeguard any confidential School data which may be stored on their mobile device.

Personal Business

CCS facilities for handling mail and telephone calls are designed to accommodate School business. All personal mail must be directed to your home address and limit personal telephone calls to an absolute minimum. Long-distance toll calls may not be made from the School's telephone system or your school-issued mobile phone. If you need to make a personal call it should be made on a personal calling card

or mobile phone. The School's material, time or equipment may not be used for personal projects.

Personal Appointments: Whenever possible, personal appointments should be made for either first thing in the morning or late in the afternoon. Appointments should have minimal impact on office hours and availability.

Personal Purchases/Orders: Employees will not have any personal purchases, orders, invoices, bank statements or mail sent to the School. No one is permitted to use the School's name or address for personal purchases, orders, invoices or mail. "Personal" is defined as purchases, orders, invoices or mail that is non-educational and is not intended for classroom use. This excludes items purchased for use at the School.

Personal Appearance/Standards of Dress

As educators, our commitment to excellence should be reflected in our appearance. In general, a business casual style is appropriate for all employees. It is understood that different clothing may be appropriate under certain circumstances and for different work assignments. Differences may be necessary because of the type of activity done, special days, office area assignments, and other circumstances.

However, clothing that reveals cleavage, back, chest, stomach, or underwear is not appropriate for a place of business. Overall attention to modesty, professionalism, cleanliness and safety will be expected and required. Appropriate attire will demonstrate a high regard for education and the teaching profession, and will present an image consistent with job responsibilities and CCS's values and expectations.

Employees who report to work in unacceptable attire may be requested to leave work and return in acceptable attire.

Academic Freedom

Teachers must be free to think and to express ideas, free to select and employ materials and methods of instruction within the School's curriculum framework, free from undue pressures of authority, and free to act within their professional group. Such freedom should be used judiciously and prudently to the end that it is in concert with established community standards and promotes the free exercise of intelligence and scholar learning. Academic freedom is not absolute. It must be exercised within the basic ethical responsibilities of the teaching profession.

Those responsibilities include:

- An understanding of our democratic traditions and methods.
- A concern for the welfare, growth, maturity, and development of children.
- The use of accepted scholastic methods.
- Application of good taste and judgment in selecting and employing materials and methods of instruction.
- Teachers must follow the California State Standards.

Professional Learning

CCS believes in the continuing education of our staff. Professional Learning funds will be allocated in the budget by division for the employees in that Division to use for either Professional Learning, Conferences, Workshops, or Tuition Reimbursement. In order to qualify for these funds, the employee must:

- Commit to staying with CCS for at least one (1) year post Professional Learning and training (where such commitment on the employee's end in no way alters/impairs the School's authority to release on an at-will basis). Employees who receive Professional Learning funds and leave CCS either voluntarily or involuntarily will be required to reimburse CCS the full amount of Professional Learning funds used. Repayment must be made immediately upon separation.
- All Professional Learning Conferences or Workshops must directly relate to the employee's current assignment. Employees will be expected to create a Professional Learning presentation and or webinar from their conference/workshop within thirty (30) days of completion.

Employees may not leave early to attend courses unless prior approval is granted by the Superintendent & CEO. Courses taken must directly relate to the employee's current position and the employee must be prepared to create projects on how their course work will assist CCS in the future.

Media Contacts

Employees should not speak to the media on CCS' behalf without contacting the Marketing Department. All media inquiries should be directed to the Superintendent & CEO.

Health and Safety Policy

CCS is committed to providing and maintaining a healthy and safe work environment for all employees. Employees are required to know and comply with the School's General Safety Rules and to follow safe and healthy work practices at all times. Employees are required to report any potential health or safety hazards, and all injuries or accidents immediately to the Chief Operating Officer.

In compliance with Proposition 65, the School will inform employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

CCS has developed guidelines to help maintain a secure workplace. Be aware of unknown persons loitering in parking areas, walkways, entrances, exits, and service areas. Report any suspicious persons or activities to the Chief Operating Officer. Employee work areas or offices should be secured at the end of the day. When an employee is called away from his or her work area for an extended length of time, valuable or personal articles should not be left around a workstation that may be accessible. The security of facilities, as well as the welfare of employees, depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify the Chief Operating Officer when keys are missing or if security access codes or passes have been breached.

Key Procedures: When an employee loses a school office key, the following guidelines will be followed:

- 1st Incident: Written Warning
- 2nd Incident: Employee will pay for lost keys and all costs for re-keying
- 3rd Incident: Violation of Code of Ethics and appropriate disciplinary action

Occupational Safety

CCS is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every school supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, assistance should be requested. Unsafe conditions must be reported immediately.

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. CCS's management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times. Failure to comply with or enforce School safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Work Environment

All employees are entitled to work in an environment that is safe and conducive to a happy and productive workflow. For that reason, employees are expected to work from a specific, pre-approved home office location that is safe, ergonomic, secure, and appropriate. The home office location must be located in California.

Employees must report to the School if they intend to work from San Francisco as the rules for their work conditions may differ based on San Francisco-specific municipal laws/ordinances.

Requests to work out-of-state based on military relocation orders or change of station should be submitted to the Chief People Officer at least ninety (90) days prior to the estimated move date. Employees must include the date, location, and any other applicable details so information can be reviewed and submitted for approval from the Superintendent & CEO.

Employees must separate vacation/away time and work time and may not schedule an overlap of vacation and work time (e.g., going on vacation but working as needed without taking leave) as it can be distracting and disruptive to the workflow and place the employee in a non-approved work location not covered by the School's workers' compensation insurance coverage. For the employee's own safety and the continuity of school operations, such an overlap should be avoided.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident or injury occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

EMPLOYEE WAGES AND HEALTH BENEFITS

Payroll Withholdings

As required by law, the School shall withhold Federal Income Tax, State Income Tax, Social Security for non-exempt employees, State Teachers' Retirement System (STRS) for Teachers/Administration, and State Disability Insurance from each employee's pay as follows:

1. Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.
2. State Income Tax Withholding: The same factors which apply to federal withholdings apply to state withholdings.
3. Nonexempt employees: The Federal Insurance Contribution Act (FICA) requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School, for purposes of funding Social Security and Medicare. Teachers do not contribute to Social Security because they are members of STRS.
4. State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability.
5. Exempt employees: Full-time administrators, teachers, and other employees performing creditable service as defined by applicable law are required to participate in STRS via payroll withholdings.

Overtime Pay

Whether an employee is exempt from or subject to overtime pay will be determined on a case-by-case basis and will be indicated in the employee's job description. All salaried staff are considered to be exempt employees unless otherwise indicated. California overtime laws – as well as other wage and hour laws requiring meal and rest breaks – do not apply to exempt employees. Non-exempt employees may be required to work beyond the regularly scheduled workday or workweek as necessary. Only actual hours worked in a given workday or workweek apply in calculating overtime for nonexempt employees. Company Holidays or any Paid Time off is not included in the overtime pay calculation. CCS will attempt to distribute overtime evenly and accommodate individual schedules. All overtime work must be previously authorized by the Chief Operating Officer. CCS provides compensation for all overtime hours worked by non-exempt employees in accordance with state and federal law as follows:

For employees subject to overtime, all hours worked in excess of eight (8) hours in one workday or forty (40) hours in one workweek shall be treated as overtime. Compensation for hours in excess of forty (40) for the workweek or in excess of eight (8) and not more than twelve (12) for the workday, and for the first eight (8) hours on the seventh consecutive day in one workweek, shall be paid at a rate of one and one-half times the employee's regular rate of pay. Compensation for hours in excess of twelve (12) in one workday and an excess of eight (8) on the seventh consecutive workday of the workweek shall be paid at double the regular rate of pay.

Exempt employees may have to work hours beyond their normal schedules as work demands require. No overtime compensation will be paid to these exempt employees.

Paydays

All full and part-time employees of CCS are paid on the 10th and 25th of each month. When either of these days falls on a weekend or holiday, employees are paid on the first workday preceding the weekend or

Holiday. Employees should report any errors in their paycheck to the Chief Operating Officer as soon as possible.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require the School, by law, to withhold part of an employee's earnings in their favor. Employees are strongly encouraged to avoid such wage attachments and garnishments. If the school is presented with a second garnishment request concerning an employee, the Chief People Officer will discuss the situation with the employee.

Administrative Fees

CCS may charge employees up to \$1.50 per deduction as administrative costs are associated with the enforcement of a garnishment order. This charge shall be deducted from the employee's wages, and not the deduction made for the garnishment order.

Expenses

Please note that any items (i.e. non consumable office supplies or any pre-approved books) that you have purchased and have been reimbursed become the property of CCS and must have CCS Property written on them.

The following items are purchased in bulk by the school and will not be reimbursed: ink cartridges; toner cartridges, books (unless with prior approval); copy paper; office supplies; construction paper; transparency sheets and markers; wall clocks; facial tissue; paper towels; bandages.

Staff members are required to properly fill out a Purchase Request Form and to submit it along with an estimate of the purchase expense to their Supervisor prior to making any purchases.

Following the approved purchase, reimbursement information is entered into the Bamboo HR timesheet for exempt and nonexempt employees. The Additional Pay Expense feature allows employees to enter their previously approved expense reimbursements including all required backups such as the original receipts and /or Google Maps for mileage reimbursements (text only). Reimbursements must be entered into the Additional Pay Expense feature in Bamboo HR within seven (7) days of the purchase dates. The School will not honor reimbursement requests if submitted after the deadline. School-related purchases should not be combined with any personal purchases. Separate receipts for the school purchases are required. Purchase Request Forms are available on Workplace and should be filled out electronically.

Mileage Reimbursement

Mileage will only be reimbursed for official school business that has been approved in advance by the supervisor. At times employees may be required to use their personal car for business purposes. Reimbursement for the operating expenses of the car will be calculated by multiplying the number of miles traveled by the currently approved Standard Mileage Rate published by the IRS. Other expenses must be substantiated by receipts. The costs of commuting (travel between home and the work site) will not be reimbursed. Any work-related travel in excess of fifty (50) miles each way will require a rental

vehicle at the School's expense.

All CCS employees who use their cars for business purposes must have current and adequate automobile/liability insurance coverage. A copy of current car insurance must be provided to Human Resources. Employees must not transport volunteers or scholars in their personal vehicles. If transportation of this type is necessary, a rented vehicle must be used.

Mileage will be reimbursed for the round-trip distance between the employee's worksite and the location of the business function being attended. If employees depart from or return to their home instead of their worksite, only the miles in excess of the normal daily commute can be claimed as an expense. Mileage amounts must be verifiable through the use of commercially available websites (ex. Google Maps) using the "shortest route" option. Other expenses such as parking will be reimbursed at the actual costs. Original, itemized receipts must be provided. Only pre-approved mileage will be reimbursed. Staff members are required to properly fill out a Mileage Reimbursement Form and to enter the information along with the original receipts into the BambooHR Expense Management System within seven (7) days of the business trip. The School will not honor mileage reimbursement requests if submitted after the deadline.

Reimbursement Claim Process

All employees must comply with the Reimbursement Claim process for any material purchases or travel expenses. Prior to making a purchase, employees must complete the purchase request form, include the reason for purchase, estimated cost, and include an amount not to exceed, and submit to the supervisor no less than five (5) days prior to purchase. EMPLOYEES ARE PROHIBITED FROM MAKING A PURCHASE UNTIL THEY HAVE RECEIVED PRIOR APPROVAL.

After you have received approval and purchased items, complete the description section for items purchased, attach original receipt (copies shall not be accepted), sign and submit the claim form to your supervisor for approval. If the supervisor approves, the form will be routed to the Finance Department for review and final processing. Reimbursements are made directly through payroll.

The School either incurs the actual cost of travel expenses for the cost of travel expenses, when (i) the School requests that the Employee travel to a conference; (ii) the expense is incurred within the scope of Employee's employment; and (iii) the expense was made on behalf of the Employee (and no other persons) unless approved in advance and in writing by the Superintendent & CEO. Each Employee must provide original receipts for travel expenses to the School's Finance Office within five (5) calendar days of the Employee's return from travel.

The School either incurs the cost for the actual cost of lodging and applicable taxes, but not the cost of gratuity or incidental items. Lodging is arranged by the School, at the School's discretion.

Meals and Incidental Expenses

Employees in travel status on School business are reimbursed up to the per diem rate for travel-related meal expenses for their travel destination. Receipts are required for reimbursement of travel meals using per diem rates.

Meals - Conferences

The School does not reimburse meals included with a conference. If a conference includes meals, then the School reimburses only the meals where the traveler incurred an expense. If the meal provided is on the first or last day of travel the per diem should be reduced by the meal provided, then multiplied by

75%.

The School either incurs the cost or reimburses the employee for the actual cost of breakfast not to exceed \$18.00 per day; lunch not to exceed \$19.00 per day, and dinner not to exceed \$28.00 per day, and the actual cost of tax and gratuity for such. The School incurs the actual cost of these items, not to exceed \$65.00 per day, non-cumulative and non-compounding. The School does not reimburse the Employee for the purchase of any alcohol. Employee receipts for meals should not include food for anyone outside of CCS staff. Any purchase of alcohol must be on a separate receipt and is not eligible for reimbursement.

If an employee has agreed to attend a conference, the fee has been paid by the School, and the employee cannot attend he/she must: (1) advise their supervisor as soon as possible; and (2) assist in arranging for another employee to attend in their place. An employee who fails to attend conferences that have been paid for by the School shall lose their ability to attend such conferences and be responsible for reimbursing the School for the cost associated therewith. Exceptions will be made at the discretion of the Superintendent & CEO or their designee.

Payment for Meals

Tips should be no more than 20% of the bill. Any tips considered excessive will not be reimbursed. As a general rule, employees should not tip more than they would on a personal trip and tip only to the level of service received. Also, employees must check their receipt prior to adding a tip to avoid over-tipping. Expense invoices must include an itemized business meal receipt, which includes the total amount plus tip.

Incidentals

Employees may include the daily incidental amount of \$5.00 when determining the maximum M&IE rates. Gratuities for baggage carriers, porters, hotel staff (bellhops and house cleaners), as well as ATM fees, bank fees, and check cashing fees are included in the daily incidental amount. As applicable, receipts must be provided to obtain reimbursement.

Employees will be required to submit a written itemized summary of their incidentals on behalf of business for CCS, on a form provided by the school.

Health Care Insurance Coverage for Regular, Full-Time Employees

CCS offers certain insurance benefits that may include medical, dental, vision, and disability insurance benefits to its regular, full-time employees. Regular, full-time employees can access the summary descriptions of the School's benefit plans through the online benefit enrollment system, Ease. Available benefit plans may vary and may change from time to time. Affected employees will be advised of any such changes as required by applicable law.

All new employees will become eligible for medical benefits on the 1st of the month following thirty (30) days of employment. Part-time employees may be eligible for benefits per the School's policy and applicable law.

State Disability Insurance

Each employee contributes to the State of California to provide disability insurance mandated by state

law. Contributions are made through payroll deduction. Disability insurance is payable when you cannot work because of illness or injury not caused by employment at the School or when you are entitled to temporary workers' compensation at a rate less than the daily disability benefit amount. Specific rules and regulations governing disability are available from the Chief People Officer.

Retirement, Life Insurance, and Other School-Sponsored Benefits

CCS offers certain school-sponsored benefits that may include retirement and life insurance to its regular, full-time employees. Regular, full-time employees can access summary descriptions of the School's benefit plans through the online benefits enrollment system, Ease. Available benefit plans may vary and may change from time to time within the sole discretion of the School. Affected employees will be advised of any such changes as required by applicable law.

COBRA Benefits

When coverage under the School's medical and/or dental plans ends, employees or dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and the School's previous contribution plus a possible administrative charge.

- Medical coverage for an employee, their spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:
 - Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
 - Hours of employment are reduced below the amount required to be considered a full-time, employee or part-time, making an employee ineligible for the plan.
- This eighteen (18) month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18) month period may also be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.
- An employee's spouse and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:
 - The employee dies while covered by the plan;
 - The employee and their spouse become divorced or legally separated; · The employee becomes eligible for Medicare coverage, but their spouse has not yet reached age sixty-five (65), or
 - The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.
- Rights similar to those described above may apply to retirees, spouses and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.
- CCS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, dies, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are responsible for notifying the School within thirty (30) days of the event. CCS will then notify the employee or their dependents of the employee's rights.
- Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage or within sixty (60) days after the event causing the loss, whichever is later.
- There are certain circumstances under which coverage will end automatically. This happens if:
 - Premiums for continued coverage are not paid within thirty (30) days of the due date;
 - The employee (or their spouse or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or the employee's spouse or child, as applicable) may have;

- CCS stops providing group health benefits;
- The employee (or the employee's spouse or child) becomes entitled to Medicare; or
- The employee extended coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the employee is no longer disabled.

PERSONNEL EVALUATION AND RECORD-KEEPING

Employee Reviews and Evaluations

Employees will utilize the school's Performance Management System to set, and manage performance goals. Employees will meet with their supervisor to set performance goals and schedule follow-up meetings throughout the school year. Performance plans are intended to make employees aware of their progress, areas for improvement, objectives or goals for future work performance, and provide coaching, support, and resources as needed. The School's evaluation system will in no way alters the employment at-will relationship.

Due dates for employee Performance Plan submission can be found on the School's master calendar.

Personnel Files and Record-Keeping Protocols

At the time of employment, an electronic personnel file is established for each employee. It is each employee's responsibility to keep the Human Resources Department advised of changes that should be reflected in their personnel file. Such changes include: change in address, telephone number, marital status, number of dependents, and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. CCS will restrict disclosure of personnel files to authorized individuals within the School. A request for information contained in the personnel file must be directed to the Chief People Officer. Only the Chief People Officer or designee is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement or local, state, or federal agencies conducting official investigations or as otherwise legally required. Copies of an employee's personnel file can be provided upon request. A fee of .25 cents per page will be charged to the employee. Requests for digital copies of an employee file will be provided at no cost.

Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

HOLIDAYS, VACATIONS, AND LEAVES

Holidays

An employee who qualifies to receive pay for a holiday will receive one (1) day of pay at the employee's regular rate of pay. To qualify to receive pay for a holiday, an employee must meet the following conditions:

1. Be a full-time employee scheduled to work on the date of the School holiday;
2. Work all hours that the employee is scheduled to work on the last regular working day before and after the holiday or using a paid sick leave day (except for employees inactive on leave). Employees on leaves of absence (FMLA, CFRA, ADA, FEHA, etc.) are considered inactive and are ineligible for holiday pay.

Qualifying regular full-time and salaried exempt employees will receive the following twenty-eight (28) paid holidays:

- Independence Day (twelve-month staff)
- Labor Day
- Columbus/Indigenous People's Day
- Veteran's Day
- Thanksgiving Break
- Winter Break
- Martin Luther King Jr.'s Birthday
- President's Day
- Spring Break
- Memorial Day

When a holiday falls on a Saturday, the preceding Friday will be celebrated as the holiday; if it falls on a Sunday, the following Monday will be celebrated as the holiday. Employee holidays, professional development, and school days are outlined in the School Calendar.

Floating Holidays

Regular full-time and salaried exempt employees will receive the following floating holidays:

- One (1) day for the employee's birthday
- One (1) day for the employee's work anniversary
- One (1) additional day to be taken before or after a holiday
- One (1) day for religious or spiritual observance (cannot be combined with the floating holiday taken before or after a holiday)

Employee use of a floating holiday must be scheduled and approved in advance by their immediate supervisor. Floating holidays for birthdays or anniversaries must be utilized within thirty (30) days of the employee's birthday or anniversary or the holiday will be forfeited.

Floating holidays are not vacation. If unused, floating holidays do not accrue, cannot be cashed out for extra pay during the pay period, nor will they be paid out upon separation from employment.

Vacation

While the School recognizes the importance of vacation time as a period of rest and rejuvenation away from the job, vacations must be scheduled with due consideration for “peak traffic periods” in the school. For full-time twelve (12) month employee vacation will accrue as follows:

- One (1) to four (4) years of employment: Ten (10) days of paid vacation per year (3.33 hours per pay period)
- Five (5) years or more: Fifteen (15) days of paid vacation per year (5.0 hours per pay period)
- No employee will receive pay in lieu of vacation during employment. Vacation does not accrue during an unpaid leave of absence or on disability salary continuation.

Employees cannot use paid vacation leave until the ninetieth (90th) calendar day following the employee’s start date. Employees must request the use of vacation days through the Bamboo system at least two (2) weeks prior to scheduled use in one-hour increments. It is advised to wait to book travel until the immediate supervisor has granted the use of vacation time.

Vacation time may not be utilized before it is earned. An employee whose employment terminates will be paid for accrued unused vacation days. Vacation can accrue up to a maximum of one and a half times (1.5) their annual vacation accrual for full-time twelve (12) month employees. Once this cap is reached, no further vacation will accrue until some vacation is used. When some vacation is used, vacation compensation will begin to accrue again. There is no retroactive grant of vacation compensation for the period of time the accrued vacation compensation was at the cap.

Unpaid Leave of Absence

CCS recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee’s medical and dental benefits will remain in force, provided the employee pays the appropriate premiums. Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Sick Leave

CCS offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners/designated person, grandparents, grandchildren, or siblings), or any individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship, who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees may also take paid sick leave to receive medical care or other assistance to address instances of mental

health, domestic violence, sexual assault, or stalking. Paid sick leave is also available for bone marrow or organ donation by an employee or their family member, to provide care for a guide, signal or service dog of an employee or their family member, or if CCS or an employee's child care provider's business is closed due to a public health emergency, an accident involving the employee's person or property or the person or property of an immediate family member, adoption of a child, the birth of child making it necessary for an employee who is the parent of the child to be absent from their position during work hours, personal legal matters, religious observances, and business matters that cannot be conducted outside of the workday

Paid sick leave is available to all CCS employees. All full-time employees shall accrue one day per month which will accrue at the rate of four (4) hours per pay period. Part-time employees will accrue sick leave on a pro-rated basis but will never receive less than twenty-four (24) hours of sick leave per year.

Employees cannot use paid sick leave until the ninetieth (90th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of one (1) hour. Unused, accrued sick leave carries over from year-to-year up to a cap of one hundred and twenty (120) hours for full-time employees, and eighty (80) hours for all other employees.

Employees absent three (3) or more consecutive days due to illness are required to submit medical evidence of illness to Human Resources. The School may also require medical evidence of an employee's fitness to return to work.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance by the School at least fifteen (15) days in advance.

Sick leave is not to be used as vacation leave. Unused sick leave will not be paid out upon termination of employment.

Catastrophic Injury/Illness Leave

Catastrophic injury or illness is defined as a life-threatening injury or illness of an employee which totally incapacitates the employee from work, or of an employee's family member (e.g., spouse/partner, child, or parent), as verified by a licensed physician and which forces the employee to exhaust all leave time earned by that employee, resulting in the loss of compensation for the employee. Conditions that are short-term in nature (e.g., the flu, back pain, a broken limb, etc.) are not catastrophic. Acute chronic illnesses or injuries, such as cancer or major surgery, which result in intermittent absences from work, and which are long-term in nature and require long recuperation periods, may be considered catastrophic. The catastrophic leave program shall be implemented as follows:

1. Eleven (11) month employees may donate one (1) sick leave day per fiscal year and twelve (12) month employees may donate two (2) sick leave days per fiscal year to a sick leave bank for employees suffering a catastrophic illness/injury; however, each eleven (11) month employee must retain at least six (6) sick leave days, and each twelve (12) month employee must retain at least ten (10) sick leave days, for their own account. All transfers of sick leave are irrevocable.
2. Catastrophic leave requests must be submitted in writing to the School. Any employee requesting to receive donated sick leave under this program shall first exhaust all paid leave he/she has accrued.
3. The Superintendent & CEO shall determine whether or not to grant a request for catastrophic leave based on verification by a medical doctor as to the nature of the illness or injury, anticipated length of absence, and the prognosis for recovery. There is no right to receive catastrophic leave

donations. The Superintendent & CEO may in their unreviewable discretion decline an employee's request for catastrophic leave benefits for any reason.

4. All information provided by the employee requesting catastrophic leave shall be held in strict confidence by the School and shall be isolated from other employment records as required by applicable law.
5. The number of sick days that can be received by an employee from the catastrophic leave bank is limited to twenty (20) per fiscal year.
6. If an employee is also receiving any form of disability benefits, which is paid on a weekly basis, the total amount of catastrophic leave pay the employee may receive on a weekly basis, when added to the amount of disability benefits the employee is receiving, shall not exceed the employee's total weekly salary. Employees must disclose to the School whether they are receiving any such disability benefits.
7. Any reinstatement rights for employees utilizing catastrophic leave shall be in accordance with applicable law.
8. Participation in this program is voluntary. Recipient employees shall not offer anything of value to another employee in exchange for donating leave. Likewise, donating employees shall not receive anything of value from another employee in exchange for donating leave.
9. Sick pay accrued during any period of unpaid leave only until the end of the month in which unpaid leave began.

Employment during Leave

No employee, including employees on Catastrophic Illness/Injury leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

Employee Eligibility Criteria

To be eligible for FMLA/CFRA leave, the employee must have been employed by the School for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

Events That May Entitle an Employee to FMLA/CFRA Leave

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

1. To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by the School, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.
2. Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any

one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy).

- i. A "serious health condition" is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment,
 - ii. including, but not limited to, treatment for substance abuse.
 - iii. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.
 - iv. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.
 - v. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.
3. To care for a spouse, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, or sibling for CFRA purposes.
 4. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.
 5. For any "qualifying exigency" because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

Amount of FMLA/CFRA Leave Which May Be Taken

1. FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.
2. In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.
3. The "twelve-month period" in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/CFRA leave.
4. If a holiday falls within a week taken as FMLA/CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not

count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA/CFRA Leave

1. An employee on FMLA/CFRA leave because of their own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, the School and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.
2. An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.
3. If an employee has exhausted their sick leave, leave taken under FMLA/CFRA shall be unpaid leave.
4. The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid leave began.

Health Benefits

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of their group health coverage, the School will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

CCS may recover the health benefit costs paid on behalf of an employee during their FMLA/CFRA leave if:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA/CFRA leave; and
2. The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

Seniority

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority he/she had when the leave commenced.

Medical Certifications

1. An employee requesting FMLA/CFRA leave because of their own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by the School. Absent extenuating circumstances, failure to provide the required

- certification in a timely manner (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.
2. The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate a certification as needed.
 3. If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.
 4. Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA/CFRA Leave

1. An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the Chief People Officer. An employee asking for a Request for Leave form will be given a copy of the School's then-current FMLA/CFRA leave policy.
2. Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or their qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.
3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.
4. If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.
5. If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.
6. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.
7. The School will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work

1. Upon timely return at the expiration of the FMLA/CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.
2. When a request for FMLA/CFRA leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

3. Before an employee will be permitted to return from FMLA/CFRA leave taken because of their own serious health condition, the employee must obtain a certification from their health care provider that he/she is able to resume work.
4. If an employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If an accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave

No employee, including employees on FMLA/CFRA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

Employee Eligibility Criteria

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

Events That May Entitle an Employee to Pregnancy Disability Leave

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

1. The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or
2. The employee needs to take time off for prenatal care.

Duration of Pregnancy Disability Leave

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro-rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or

mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pay during Pregnancy Disability Leave

1. An employee on pregnancy disability leave must use all accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.
2. The receipt of vacation pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.
3. Vacation and sick pay accrue during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

Health Benefits

CCS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12)-month period. CCS can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

1. The employee fails to return from leave after the designated leave period expires.
2. The employee's failure to return from leave is for a reason other than the following:
 - a. The employee is taking leave under the California Family Rights Act.
 - b. There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
 - c. There is a non-pregnancy related medical condition requiring further leave. Any other circumstance beyond the control of the employee.

Seniority

An employee on pregnancy disability leave remains an employee of the School and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

Medical Certifications

1. An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.
2. Recertifications are required if leave is sought after the expiration of the time estimated by the healthcare provider. Failure to submit the required recertifications can result in termination of the leave.

Requesting and Scheduling Pregnancy Disability Leave

1. An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Chief People Officer. An employee asking for a Request for Leave form will be referred to the School's then current pregnancy disability leave policy.
2. Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the

need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.
4. Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.
5. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.
6. The School will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing, and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work

1. Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position; she must be reinstated to a comparable position unless one of the following is applicable:
 - a. The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.
 - b. There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.
 - c. A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.
2. When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above).
3. In accordance with CCS policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from their healthcare provider that they are able to resume work.
4. If the employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If an accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Industrial Injury Leave (Workers' Compensation)

CCS, in accordance with State law, provides insurance coverage for employees in case of work-

related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure employees receive any worker's compensation benefits to which they may be entitled, employees will need to:

- Immediately report any work-related injury to the Chief Operating Officer;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Chief of Staff, and
- Provide the School with a certification from a health care provider regarding the need for workers' compensation disability leave as well as the employee's eventual ability to return to work from the leave.

It is the School's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. CCS, with the help of its insurance carrier, has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high-quality medical service and a location that is convenient to the School's operation.

- If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.
- All accidents and injuries must be reported to the Chief Operating Officer and to the individual responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of their shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by their personal physician at their own expense, but he/she is still required to go to the School's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.
- When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work.
- Any time there is a job-related injury, the School's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Military and Military Spousal Leave of Absence

CCS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re-Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employees shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, CCS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

CCS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Bereavement Leave

Each full-time employee will be provided with three (3) paid bereavement days for family members per year. Family members will be defined as members of the employee's or spouse's immediate family which means the parents, grandparents, spouse, significant other, child or grandchild, brother, sister, (step or foster), or any other person living in the immediate household of the employee.

If an employee requires more than three (3) days off for bereavement leave, the employee may use accrued sick and/or vacation days.

Jury Duty or Witness Leave

Jury and Witness leave is provided for any employee who is called to serve jury or witness duty in any court during regularly assigned working hours. Prior notification to and approval by the Human Resources Department is required. The School will pay an employee up to fifteen (15) days paid per jury service term.

If an employee is asked to use the call-in jury system and he/she is not selected to appear the next morning, the employee must report to work. The employee must notify HR if he/she has been selected to serve on a jury and if possible to notify how long the trial may last in order to plan ahead.

As a reminder as of August 2004, in an effort to avoid duplicate payment of public funds, California Superior Court jurors employed by a government entity (including school districts) who receive their regular compensation during jury service may not be paid daily jury duty fees by the court (California Code of Civil Procedure, Section 215). Hence, when completing the juror affidavit questionnaire, it is your responsibility to check the "Government/Public Employee" box (rather than "Employed"). This alerts the court to withhold payment of jury fees (although you will still receive mileage reimbursement, unless

you have elected to waive it).

Note: Employees summoned to United States District Court are entitled to jury fees. Therefore, in accordance with current employee agreements, an amount equal to the jury fees paid by the court will automatically be withheld from the employee's subsequent pay.

Employees must provide a copy of Jury Summons or Witness Subpoena when requesting Jury Duty Leave and must submit employer paperwork received from the court at the completion of jury service. Employees must request time off for Jury Service using the BambooHR system.

Voting Time Off

If an employee does not have sufficient time outside of working hours to vote in an official state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. Under these circumstances, an employee will be allowed a maximum of two (2) hours of time off during an election day without loss of pay. When possible, an employee requesting time off to vote shall give their immediate supervisor at least two (2) days' notice.

School Appearance and Activities Leave

As required by law, CCS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of time off per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. Employees shall receive up to five (5) days of pay when taking School Appearance and Activities Leave. Full-time employees shall receive up to forty (40) hours of paid time off, and part-time employees shall receive a prorated amount, based on their Full-Time Equivalency (FTE).

If more than one (1) parent or guardian is an employee of CCS, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advance notice of the planned absence. The employee must use the School Appearance and Activities Leave time off bank to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave (“Donor Leave”), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Victims of Abuse Leave

CCS provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee’s own health, safety or welfare, that of the employee’s child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime had been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide CCS with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide CCS one (1) of the following certifications upon returning back to work:

- a. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
- b. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
- c. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee’s absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
- d. Any other form of documentation that reasonable verifies that the crime or abuse occurred, including but not limited to, a written statement signed by the employee, or an individual acting on the employee’s behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, CCS will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees’ safety while at work. To request an accommodation under this

policy, an employee should contact Human Resources.

Returning from Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization. When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give the Chief People Officer thirty (30) days' notice before returning from leave. Whenever the School is notified of an employee's intent to return from leave, the School will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should be sure to consult the Chief People Officer.

DISCIPLINE AND TERMINATION OF EMPLOYMENT

Rules of Conduct

The following conduct is prohibited and will not be tolerated by the School. This list of prohibited conduct is illustrative only and applies to all employees of the School; other types of conduct that threaten security, personal safety, employee welfare, and the School's operations also may be prohibited. Further, the specification of this list of conduct in no way alters the at-will employment relationship as to at-will employees of the School. If an employee is working under a contract with the School which grants procedural rights prior to termination, the procedural terms in the contract shall apply.

1. Insubordination - refusing to perform a task or duty assigned or act in accordance with instructions provided by an employee's manager or proper authority.
2. Unprofessional conduct.
3. Inefficiency - including deliberate restriction of output, carelessness or unnecessary wastes of time or material, neglect of job, duties, or responsibilities.
4. Unauthorized soliciting, collecting of contributions, distribution of literature, written or printed matter is strictly prohibited on School property by non-employees and by employees. This rule does not cover periods of time when employees are off their jobs, such as lunch periods and break times. However, employees properly off their jobs are prohibited from such activity with other employees who are performing their work tasks.
5. Acceptance, from any source, of a reward, gift, or other forms of remuneration in excess of \$100.00, in addition to regular compensation to all staff.
6. Damaging, defacing, unauthorized removal, destruction or theft of another employee's property or of School property.
7. Fighting or instigating a fight on School premises.
8. Violations of the drug and alcohol policy include using, possessing, dealing, distributing, or being under the influence of intoxicating beverages, non-prescribed drugs or any unlawful drugs while on duty or at a work location.
9. Actions which constitute an unwholesome influence on scholars or other staff members, such as harassment, which includes sexual harassment.
10. Using or possessing firearms, weapons, or explosives of any kind on school premises.
11. Gambling on school premises.
12. Tampering with or falsifying any report or record including, but not limited to, personnel, absentee, sickness or production reports or records, specifically including applications for employment and timecards.
13. Electronically clocking for another employee or permitting or arranging for another employee to record your clock time.
14. Use of profane, abusive or threatening language in conversations with other employees and/or intimidating or interfering with other employees.
15. Conducting personal business during business hours and/or unauthorized use of telephone lines for personal calls.
16. Excessive absenteeism or tardiness excused or unexcused.
17. Posting any notices on School premises without the prior written approval of management, unless posting is on a School bulletin board designated for employee postings.
18. Immoral or indecent conduct.
19. Conviction of a criminal act, especially a felony, or conviction of a misdemeanor involving moral turpitude.
20. Engaging in sabotage or espionage (industrial or otherwise)
21. Violation of the sexual harassment policy.
22. Violation of the School's policies regarding discrimination, harassment, or retaliation.
23. Failure to report a job-related accident to the employee's manager or failure to take or follow prescribed tests, procedures or treatment.

24. . Sleeping during work hours.
25. Release of confidential information relating to staff, scholars or CCS without prior authorization from the Human Resources Department and/or the Superintendent & CEO.
26. Any other conduct detrimental to other employees or the School's interests or its efficient operations.
27. Any willful act of conduct undertaken in bad faith, either during or outside of duty hours, which is of such a nature that causes discredit to the School.
28. Violation of any federal, state or local laws affecting the School or the employee's employment or fitness for employment with the School.
29. Failure to comply with the School's safety protocols and procedures.
30. Refusal to speak to supervisors or other employees.
31. Dishonesty.
32. Failure to possess or maintain the credential/certificate required of the position.

For employees who possess an employment contract which provides for other than at-will employment, the procedures and process for termination during the contract shall be specified in the contract.

Off-Duty Conduct

While the School does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the School's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by the School, employees are expected to devote their energies to their jobs with the School. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at our School.
- Additional employment that creates a conflict of interest or is incompatible with the employee's position with our School.
- Additional employment that impairs or has a detrimental effect on the employee's work performance with our School.
- Additional employment that requires the employee to conduct work or related activities on the School's property during the employer's working hours or using School facilities and/or equipment; and
- Additional employment that directly or indirectly competes with the business or the interests of our School.

Employees who wish to engage in additional employment that may create a real or apparent conflict of interest must submit a written request to the School explaining the details of the additional employment. If the additional employment is authorized, the School assumes no responsibility for it. CCS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

Termination of Employment

Should it become necessary for an employee to terminate their at-will employment with the School, employees should notify the Chief People Officer regarding their intention as far in advance as possible. At least two (2) weeks' notice is expected whenever possible.

When an employee terminates their at-will employment, they will be entitled to all earned but unused vacation pay. If an employee is participating in the medical and/or dental plan, they will be provided information on their rights under COBRA.

INTERNAL COMPLAINT REVIEW

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the Human Resources Team or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the School’s “Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation.”

Internal Complaints

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Human Resources Team:

1. The complainant will bring the matter to the attention of a member of the Human Resources Team as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed, or if not appropriate.
2. The complainant will reduce their complaint to writing, indicating all known and relevant facts. The Human Resources Team will then investigate the facts and provide a solution or explanation.
3. If the complaint is about the Chief People Officer, the complainant may file their complaint in writing to the Superintendent & CEO. The Superintendent & CEO or designee will then investigate the facts and provide a solution or explanation.
4. If the complaint is about the Superintendent & CEO, the complainant may file their complaint in writing to the Chair of the Board of Directors, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board Chair or investigator will report his or her findings to the Board for review and action, if necessary. This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, the School values each employee’s ability to express concerns and the need for resolution without fear of adverse consequences to employment.

Policy for Complaints Against Employees

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with a member of the Human Resources Team or Superintendent & CEO (if the complaint concerns the Chief People Officer) as soon as possible after the events that give rise to the complainant’s concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Human Resources Team shall abide by the following process:

1. The Human Resources Team shall use their best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
2. In the event that the Human Resources Team finds that a complaint against an employee is valid, the Human Resources Team) may take appropriate disciplinary action against the employee. As appropriate, a member of the Human Resources Team may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
3. A member of the Human Resources Team decision relating to the complaint shall be final unless it is appealed to the Superintendent & CEO. The decision of the Superintendent & CEO shall be final.

General Requirements

1. Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances, absolute confidentiality cannot be assured.
2. Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
3. Resolution: The Board (if a complaint is about the Superintendent & CEO) or member of the Human Resources Team will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENT TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

CCS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.

APPENDIX A

Harassment/Discrimination/Retaliation Complaint Form

It is the policy of the School that all of its employees be free from harassment, discrimination, and retaliation. This form is provided for you to report what you believe to be harassment, discrimination, or retaliation so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment, discrimination, or retaliation.

If you are an employee of the School, you may file this form with the Human Resources Manager or Superintendent & CEO.

Please review the School's policies concerning harassment, discrimination, and retaliation for a definition of such unlawful conduct and a description of the types of conduct that are considered unlawful.

CCS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged offender.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment, discrimination, and retaliation are taken very seriously by the School both because of the harm caused by such unlawful conduct, and because of the potential sanctions that may be taken against the offender. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

**RESOLUTION OF THE BOARD OF DIRECTORS OF
COMPASS CHARTER SCHOOLS**

Board Resolution 2021-02
Continuing Authority to Hold Virtual Meetings

The Board of Directors (“Board”) of Compass Charter Schools (“Compass”), a tax exempt, California nonprofit public benefit corporation operating public charter schools, does hereby adopt the following resolution pursuant to the provisions of the California Constitution:

WHEREAS, Compass Charter Schools operates Compass Charter Schools of Los Angeles, Compass Charter Schools of San Diego, and Compass Charter Schools of Yolo (collectively, the “Charter Schools”); and

WHEREAS, on March 4, 2020, Governor Gavin Newsom declared a statewide emergency arising from the coronavirus (COVID-19); and

WHEREAS, on March 17, 2020, Governor Newsom issued Executive Order N-29-20 suspending certain provisions of the Brown Act pertaining to teleconferenced meetings; and

WHEREAS, on June 11, 2021, Governor Newsom issued Executive Order N-08-21 which indicated that Executive Order N-29-20’s authorization for holding virtual meetings would expire on September 30, 2021; and

WHEREAS, on September 16, 2021, Governor Newsom signed AB 361 (Rivas) as urgency legislation effective immediately, which provides that legislative bodies may continue to meet remotely during a dedclared State of Emergency subject to certain continues; and

WHEREAS, AB 361 amends the Brown Act (Government Code section 54953) to add the following provision:

(e)(1) A local agency may use teleconferencing without complying with the requirements of paragraph (3) of subdivision (b) if the legislative body complies with the requirements of paragraph (2) of this subdivision in any of the following circumstances:

(B) The legislative body holds a meeting during a proclaimed state of emergency for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; and

WHEREAS, AB 361 amends the Brown Act (Government Code section 54953) to add the following provision:

(3) If a state of emergency remains active, or state or local officials have imposed or recommended measures to promote social distancing, in order to continue to teleconference without compliance with paragraph (3) of subdivision (b), the legislative body shall, not later than 30 days after teleconferencing for the first time pursuant to subparagraph (A), (B), or (C) of paragraph (1), and every 30 days thereafter, make the following findings by majority vote:

(A) The legislative body has reconsidered the circumstances of the state of emergency.

(B) Any of the following circumstances exist:

(i) The state of emergency continues to directly impact the ability of the members to meet safely in person.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of Compass Charter Schools finds that the Governor’s March 4, 2020 declaration of a state of emergency due to the COVID-19 pandemic remains active; and

BE IT FURTHER RESOLVED, that the Board of Directors of Compass Charter Schools finds that due to the state of emergency meeting in person would present imminent risks to the health or safety of attendees and/or the state of emergency continues to directly impact the ability of the members to meet safely in person due to the prevalence of the Delta variant of the COVID-19 virus, the indoor setting of meeting facilities, the potential presence of unvaccinated individuals attending meetings, the potential for noncompliance with mask wearing requirements, and desire to protect the health of immuno-compromised trustee(s), staff and the public; and

BE IT FURTHER RESOLVED, that the Superintendent & CEO hereby is authorized to certify this resolution.

Superintendent's Report March 26, 2022

Great work is happening throughout the organization. This report is meant to highlight several of the functional areas with updates for the Board of Directors:

Academic Services

- Aviva Ebner, Assistant Superintendent & Chief Academic Officer
- Academic Services Division Update Agenda
 - Academic Support Updates
 - Counseling Services Updates
 - Engagement Updates
 - Online Learning Updates
 - Options Learning Updates
 - Special Education Updates
 - Staff Support Updates

Operations

- Lisa Fishman, Chief Operations Officer
- Operations Division Update Agenda
 - Community Providers Updates
 - Finance Updates
 - IT Updates
 - Operations Updates

People

- Sophia Trivino, Chief People Officer
 - Our Training & Development Team is working on a three-part training series for supervisors:
 - Transitioning to Supervisor
 - Basic Principles of Coaching: The Compass Way
 - How to Have Productive Coaching Conversations
 - We are shifting to a competency-based hiring process, where candidates are provided an inventory of questions to respond to within a set period of time. Depending on the role, there are either two or three sections for applicants to complete. Once complete, the inventory is reviewed and

selected candidates are invited to a final interview. This process is based on a presentation at the Digital Learning Annual Conference by the team at Mountain Heights Academy. *Visit link for more information:*

<https://bit.ly/3LeMx3m>

- Organizational changes have transpired since the last meeting. *See enclosed worksheet.*

Executive

- I launched an Employee of the Month Program in January, to celebrate and recognize one certificated and one classified employee each month. We use the Staff Spotlight Group in Workplace to review the spotlights given to staff for going above and beyond and exhibiting our core values, to select our two recipients.
- We have been holding weekly #SchoolYearReady meetings with the Leadership Team and Cabinet since February, to map out changes and/or enhances to our Compass Experiences. These meetings will continue through the end of May.
- I have been facilitating meetings with our team and Snow College, to partner with them to provide concurrent enrollment opportunities for our high school scholars. With this partnership, we will be able to provide equitable access to our scholars while meeting both our LCAP and Strategic Plan goals.
- Prior to COVID, we began a marketing partnership with Charter School Capital to market and promote our Online Learning Program. We have revived that partnership for the upcoming school year, which will continue to promote our Online Learning Program.
- I attended the Digital Learning Annual Conference (DLAC) Monday, February 7 through Wednesday, February 9 in Atlanta with our Compass delegation. I was honored to have presented Mr. Thomas Arnett, our Board Chair, with the inaugural Research Impact Award for his work in the K-12 education space. Congratulations again, Mr. Arnett!
- In collaboration with our Special Events Committee, I hosted a virtual All-Staff Luncheon on Valentine's Day. Staff were provided lunch through GrubHub, and our Special Events Committee organized several activities, such as 'Finish the lyric.'
- I represented Compass at the APLUS+ Network Spring 2022 Regional Meeting on Tuesday, February 15. Topics included advocacy, universal TK mandate, the impact of the new vendor Department of Justice compliance requirement, and a few other items.
- Our Leadership Team and I represented Compass at the APLUS+ Network Statewide Meeting on Thursday, February 17. Topics included advocacy and marketing updates, as well as a presentation on assessment data, among other items.
- I am proud to have joined the planning team to assist with the development and launch of A.P.P.L.E. (Alliance of Parents for Personalized Learning Education), which is a project with members of the APLUS+ Network Advisory Council. *Visit link for more information:* <https://sites.google.com/view/applealliance/home>

- I hosted a Superintendent’s Town Hall for families on Tuesday, February 22 (Online Learning Program) and Wednesday, February 23 (Options Learning Program). I shared updates with our families and held a Q&A. The town hall was pre-recorded and shared with all of our families so everyone had access to the information presented and able to join the Q&A with questions. *See enclosed presentations.*
- Our Compass Charter Schools of Los Angeles WASC Mid-Cycle Virtual Visit was Friday, February 25. Based on the Final Shareout Meeting, it was a successful visit. *See enclosed WASC Mid-Cycle Progress Report.* Some of the highlights from the Visiting Committee include:
 - They praised our progress in supporting our English Learner scholars, highlighting gains in ELPAC assessment scores and overall support to our EL population.
 - The noted areas of strength consist of increased scholar achievement, increased academic and professional support, great synchronous and asynchronous lessons, and how our engagement efforts are building a great sense of community.
 - They noted our areas of opportunity (which we ourselves noted in our Mid-Cycle Report) as continuing to improve our EL reclassification rate and academic performance, and to continue to increase our assessment scores (particularly in mathematics).
- I held our Quarterly Committee Chair Meeting with all of our committee chairs on Monday, February 28. The topic of discussion / collaboration consisted of committee role in 2022-23 planning (reviewing and reflecting on processes and procedures, for example) and committee chair role in competency-based hiring (participating in a workshop to finalize inventories for positions).
- I attended the California School Public Relations Association (CalSPRA) Annual Conference with Kimberly Aguilar, our Community Relations Coordinator (she attended the full conference while I joined her for the Annual Awards Gala) Thursday, March 10 through Saturday, March 12 in Sacramento. During the Annual Awards Gala, Compass was recognized with an Award of Excellence (for our ‘Compass Celebrates 10 Years of Serving Scholars Campaign’ comprehensive special event campaign) and two Awards of Merit (for our Orange County Learning Center Virtual Tour and The Firebird Report Scholar Newscast).
- Our partnership with the Learner-Centered Collaborative continues. As we work on a number of projects on a number of fronts, we are working to align personnel-related items (job descriptions, performance management plan, etc.) with our scholar profile work and strategic plan. *See enclosed proposal.*
- To provide additional support to our Special Education Team while we experience growth in the program, I will be bringing on a contracted Special Education Administrator through the end of the current school year. This individual will be asked to create a comprehensive set of policies, protocols and procedures to effectively manage the Special Education Department, serve as a thought-partner to the current Special Education Department Leadership Team,

and create an onboarding program for the Director of Special Education position; assist with onboarding selected Director of Special Education.

- I attended the California Charter Schools Annual Conference Monday, March 14 through Thursday, March 17 in Long Beach with our Compass delegation. I was honored to have been invited to co-present with our thought-partners Friday on 'Respond, Adapt, Reinvent: Nimble Strategic Planning.' *See enclosed presentation.*
- I joined our CCS of Los Angeles authorizer, Acton-Agua Dulce USD, this past Monday, March 21, for an observation of our Spanish 1B Learning Lab, for scholars in our Online High School.

A lot of great work is taking place, thanks to our dedicated staff, to continue to improve the educational experience we provide our scholars. My thanks to our team for everything they do each and every day.

Our Mission and Vision

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

Appreciation / Celebration

Happy New Year From Our Superintendent J.J. Lewis!

Wishing you a Happy and Healthy 2022 Compass Families,

2021 was a year of exceptional growth and perseverance for Compass! Together, we pivoted to meet the requirements of AB 130 and AB 167 while staying focused on our mission and vision. In October, we [celebrated 10 years of Compass Charter Schools](#) serving scholars! We promoted our Orange County Learning Center with an [amazing virtual tour](#), created a new [webpage to house all of our promotional videos](#), and started the scholar-led newscast: [The Firebird Report!](#)

Moving forward into this new year and the month of January, I would like to shift focus to our core value of teamwork. Teamwork is vital as we continue our work on our school-wide Wildly Important Goal (WIG) of 100% of our eligible scholars graduating by the end of the school year! So, how can you best utilize teamwork at Compass this year?

Compass offers many support areas, including learning labs, [English Learners Support](#), [AVID Scholar Support](#), [Scholar Success](#), tutoring sessions, [counseling](#), virtual clubs, field trips, and more. So find your way to delve into Teamwork personally at Compass!

January is National School Board Recognition Month, and we are celebrating our community volunteers who dedicate countless hours and resources to ensure quality education is available for scholars. I am proud to celebrate National Board Recognition Month and am genuinely grateful for our board members. Our Board shows continued dedication to ensuring consistent growth of our educational programs and services to best support our scholars and their families.

The last week of January, we celebrate [National School Choice](#). We are so proud of Compass and the incredible choice of a personalized Gold Standard education that we provide to each and every scholar. Scholars can share why they #ChooseCompass on social media all month.

I encourage you to share your thoughts and goals for your year of possibilities with your teachers and peers! Please keep up the great work as we finish our first semester and set our second-semester sights. Thank you to each of you for your strength during this time and all you do to make Compass the Gold Standard in virtual and personalized education.

Forever Loud & Proud,

J.J. Lewis, Superintendent & CEO

Our Mission and Vision

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

Appreciation / Celebration

Happy New Year From Our Superintendent J.J. Lewis!

Wishing you a Happy and Healthy 2022 Compass Families,

2021 was a year of exceptional growth and perseverance for Compass! Together, we pivoted to meet the requirements of AB 130 and AB 167 while staying focused on our mission and vision. In October, we [celebrated 10 years of Compass Charter Schools](#) serving scholars! We promoted our Orange County Learning Center with an [amazing virtual tour](#), created a new [webpage to house all of our promotional videos](#), and started the scholar-led newscast: [The Firebird Report!](#)

Moving forward into this new year and the month of January, I would like to shift focus to our core value of teamwork. Teamwork is vital as we continue our work on our school-wide Wildly Important Goal (WIG) of 100% of our eligible scholars graduating by the end of the school year! So, how can you best utilize teamwork at Compass this year?

Compass offers many support areas, including learning labs, [English Learners Support](#), [AVID Scholar Support](#), [Scholar Success](#), tutoring sessions, [counseling](#), virtual clubs, field trips, and more. So find your way to delve into Teamwork personally at Compass!

January is National School Board Recognition Month, and we are celebrating our community volunteers who dedicate countless hours and resources to ensure quality education is available for scholars. I am proud to celebrate National Board Recognition Month and am genuinely grateful for our board members. Our Board shows continued dedication to ensuring consistent growth of our educational programs and services to best support our scholars and their families.

The last week of January, we celebrate [National School Choice](#). We are so proud of Compass and the incredible choice of a personalized Gold Standard education that we provide to each and every scholar. Scholars can share why they #ChooseCompass on social media all month.

I encourage you to share your thoughts and goals for your year of possibilities with your teachers and peers! Please keep up the great work as we finish our first semester and set our second-semester sights. Thank you to each of you for your strength during this time and all you do to make Compass the Gold Standard in virtual and personalized education.

Forever Loud & Proud,

J.J. Lewis, Superintendent & CEO

School Description

Compass Charter Schools of Los Angeles (Compass) is a free, personalized learning, public charter school that offers an alternative for scholars to thrive outside of a traditional brick and mortar environment. Compass is directly funded by the state of California and the federal government. We are currently authorized by Acton-Agua Dulce Unified School District for scholars in grades TK-12 who reside in Los Angeles county and its adjacent counties and wish to pursue high-quality, and rigorous instructional programs via virtual learning.

Our academic programs are designed with our scholars in mind and provide our families with gold standard choices in their virtual education. In our Online Learning Program our scholars use Accelerate Education as their curriculum. They are assigned a credentialed supervising teacher (ST) who acts as the Teacher of Record, and supports the scholar by providing both synchronous and asynchronous instruction to personalize scholar learning. Scholars enrolled in the Online Learning Program participate in learning labs each day where they interact with their ST and peers. During these labs, scholars participate in research-based instructional activities designed by the ST to engage in their learning. Our independent study model provides flexibility with scholar schedules, so each learning lab is recorded for scholars to view if they cannot attend live. The Online Learning Program STs also provide Q&A office hours, small group instruction, and one on one sessions to further support scholars. In our Options Learning Program, the learning coach (parent or legal guardian) is the primary instructor for their scholars and commits to providing a well-rounded education for their child that addresses state standards. The ST is there to guide the learning coach with curricular options, order requests, academic guidance, and resources for success. In compliance with AB130/167, scholars in both programs in grades TK-3 have access to daily live synchronous instruction; scholars in grades 4-8 have weekly live synchronous instruction and daily live interaction opportunities; and scholars in grades 9-12 have access to weekly live synchronous instruction. In both programs, each scholar is assigned an ST, who also acts as the Teacher of Record, who helps provide support to the scholar and learning coach on their educational journey.

Whatever the reason behind scholars' enrollment at Compass, scholars are provided an environment where they can feel safe and inspired to develop into confident, innovative,

creative, self-directed learners. Scholars find success at Compass because they have the support of a dedicated staff and their loving families.

Scholar Demographic Data

Compass Charter Schools of Los Angeles' (Compass) educational program is based on the instructional needs of the scholar profile, which includes scholars from all backgrounds in grades Transitional Kindergarten (TK) through 12. Our target scholar profile is not limited to any particular demographic. Instead, Compass is designed and organized to serve scholars and families that have chosen a personalized educational setting for any of the following reasons or other reasons relevant to the individual:

- Individuals who are self-directed and choose a wider range of academic options
- Family relationships, personal beliefs and values, and families who prefer a personalized learning instruction
- Family Schedules (i.e. sports, actors, military, extracurricular activities)
- High-risk/at-promise for successfully achieving high school graduation or equivalency
- Health reasons prohibit them from attending traditional brick and mortar classroom programs
- Scholars of all ability levels seeking additional academic and learning opportunities
- Scholars that may have faced challenges such as bullying in traditional settings

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

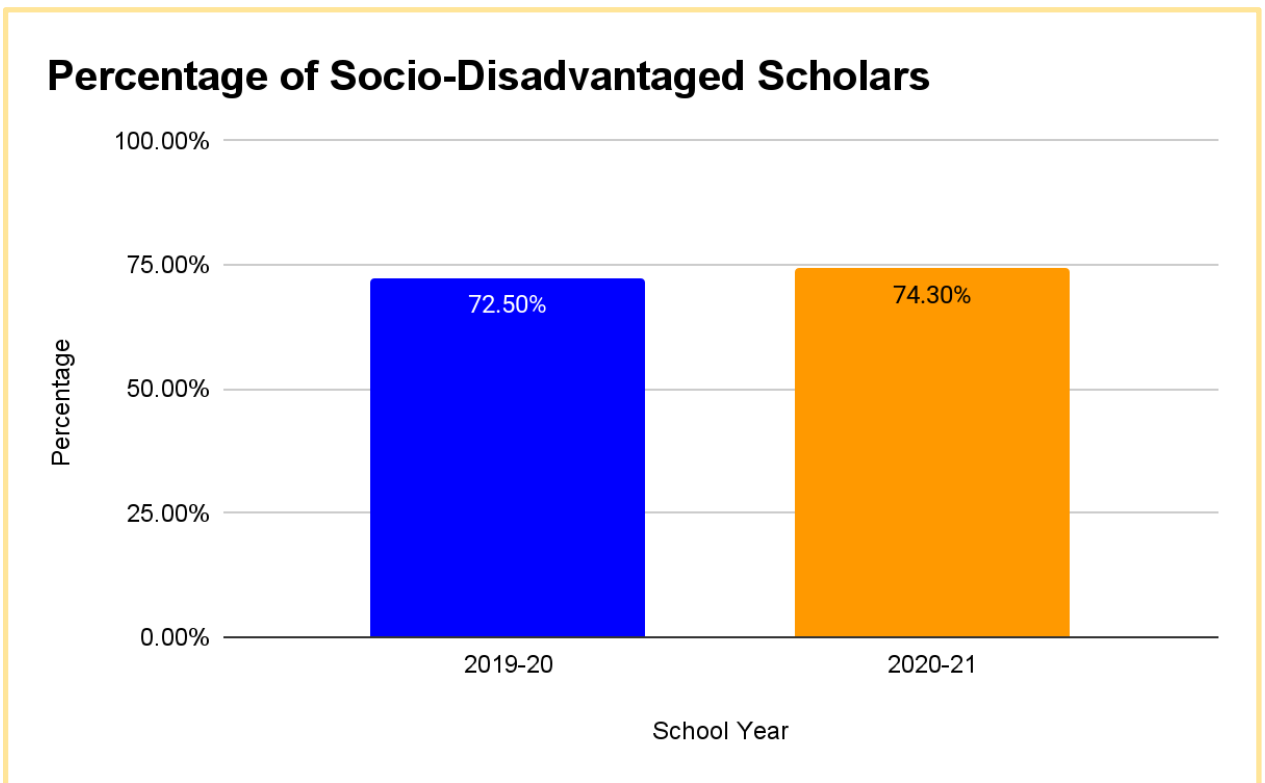

- Scholars with responsibilities such as work schedules that do not fit in an 8 am - 4 pm schedule
- Scholars from various backgrounds and ethnicities
- Scholars that might otherwise choose to drop out of school due to scheduling issues

Compass’ enrollment has fluctuated during the 2019-20 and the 2020-21 academic years, Compass offers two program for scholars, Online or Options learning. The attrition rate stayed low and steady, mainly due to family circumstances and truancy. The charts below include demographic data for Compass. Data is based on Fall 1 or EOY certified Calpads reports for academic years 2019-20 and 2020-21.

School Academic Program Data

Compass Charter Schools of Los Angeles (Compass) attracts scholars seeking a personalized learning educational program where parents or legal guardians have the role of “Learning Coach(es)” and play an important role of partnering with the supervising teachers (STs) to educate their children at home.

Compass recognizes that in education one size does not fit all. Compass is designed and organized to serve scholars and families who have chosen a personalized learning educational program that can meet an individual scholar’s unique needs. Compass educates scholars with a wide range of learning styles that allow for flexibility in pacing and are aligned with Common Core standards. Enrollment in our school is contingent on the learning coach(es) and scholar(s) both reviewing and signing the Master Agreement in acknowledgement of the outlined responsibilities.

We encourage scholars to set a schedule for their day, one that works with their individual commitments and responsibilities. Some scholars receive and execute assignments early in the morning, much like the rhythm of a traditional brick and mortar school. Others find their productivity is best in the afternoon or evenings. Though scholars have the flexibility to choose the time frame in which they study, our courses are on a semester system. Scholars finish their courses within the semester by following the pacing plan for each online course. This generally

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

means scholars need to make daily progress in their courses to finish by the end of the semester.

Regardless of when a scholar starts his or her daily learning, those utilizing our Online Learning program, Accelerate Education, typically start by logging on to get assignments, networking with their STs and classmates, and checking for subject matter lesson sessions for their courses. Scholars participate in learning labs each day where they interact with their ST and peers, take tests and quizzes, and submit papers and projects through our secure Learning Management System (LMS). Scholars' progress and grades can be viewed 24/7 so that both scholars and learning coaches are always aware of their progress. Scholars may seek support and answers to questions either through email, telephone, or by attending their STs weekly synchronous "Q&A" sessions. To provide additional support, STs in the Online Learning program may invite scholars to small group intervention sessions and one on one success where they receive direct intervention to address learning loss and performance gaps.

The Online Learning Program provides live, synchronous class sessions called "Learning Labs". These are offered to scholars each day of the week. These Learning Labs provide instruction that includes research-based strategies that engage scholars in their learning. Further, these labs meet the required synchronous instruction criteria set forth by AB 130 and 167 legislation for each grade level. The lab also serves as live interaction to comply with this legislation as well. These "Learning Labs" require attendance as part of a participation grade but are held both synchronously and asynchronously to meet the schedule of each scholar. Scholars may also schedule appointments with STs to obtain help on coursework. The combination of our Learning Labs and Q&A sessions allow our scholars to interact live with their STs, up to five hours a week, and more if they schedule appointments with their STs.

In our Options Learning Program, scholars are taught at home primarily by their learning coach and receive ongoing support from their credentialed Compass ST, who is there to guide the learning coach with curricular options, grade level standards, order requests, academic guidance, and resources for success. There is the expectation that work be completed on a daily basis per the curriculum and/or course outlines shared. Our STs offer live, homeroom instruction daily for their TK-3rd grade scholars and once a week for grades 4-12 based on AB130 and 167. The ST also meets with learning coaches and scholars on a bi-weekly basis to discuss progress and current levels. These connection meetings are often held in video conferencing platforms. In addition to these regular meetings, ongoing support is provided via daily instruction, email, phone calls, and texts. Scholars submit a body of work each learning period which consists of at least one completed assignment per enrolled subject so the ST can monitor progress towards standards mastery. Based on this submitted body of work, the ST assigns each scholar a monthly grade for each subject on their Personalized Learning Plan. Additional program supports include live Academic Support sessions, weekly tutoring sessions, and Learning Coach Support sessions. These sessions are recorded and links shared in order to provide asynchronous support for those not able to attend live.

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

Through their virtual interactions, scholars develop and pursue friendships, both during official virtual sessions and their participation in one or more of our 34 scholar-led clubs, monthly field trips, and school sponsored activities. Extracurricular school-sponsored events allow scholars to meet and build friendships based on mutual interests.

Scholar Performance

Compass Charter Schools of Los Angeles (Compass) has focused each year on data analysis to drive instructional supports. In 2019-20 and 2020-21, Compass started looking at our data sources and realized we mostly had raw data from which it was difficult to draw significant correlations. As such, Compass partnered with Parsec, a data organization that works with schools and organizations, in order to determine which data sources were most useful and how to curate that data in order to be able to run analyses on the data. During the 2021-22 school year, we hope to plan professional learning data digs with all members of our academic staff. We have analyzed several years' worth of California Assessment of Student Performance and Progress (CAASPP) data, and just examined the preview of 2020-21 CAASPP data to compare 2018-2019 to 2020-2021. In prior years, we saw some disturbing trends of below grade level performance. However, so far, in the latest available CAASPP scores from the 2020-21 school year, we have seen significant growth, and were able to share wows and wonders within trends in our data. We also look for equity gaps in our subgroups, and special populations, as we are able to disaggregate data by student groups and put resources in place so they have access.

Furthermore, by comparing our internal benchmark results to CAASPP scores, we have been able to use the data to inform on next steps, putting supports and interventions in place to close achievement gaps. Our plan for the 2021-22 school year is to adopt STAR Renaissance as our new benchmark assessment. For example, within STAR, we could pull frequent standards missed and use the Tools for supervising teachers (STs) within Smarter Balance to pull resources and lessons to supplement curriculum. With STAR, we hope to also assign scholars to tutoring groups based on their STAR performance, and utilize Freckle in conjunction with tutoring sessions. We spent 2020-21 reviewing Freckle, which is offered with STAR. Freckle is personalized for each scholar, and scholars are able to access this supplemental tool 24/7 to help close skill gaps. This intervention tool is proven to help scholars make academic progress, evidenced by growth in performance on the midyear and end of the year benchmark assessments.

Additionally, we look at scholar performance in courses, rates of passing/not passing, as data to study. We look for trends in each of our programs. As such, we opted to change our Online Learning platform to Accelerate Education with the hope of a better focus on standards in each content area.

We also look at data on our English Learner (EL) population. In the 2020-21 school year, Compass adopted Lexia as our English Language Development (ELD) program and are able to share out the progress our EL scholars are making. We look forward to cross-referencing this

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

with their English Language Proficiency Assessments for California (ELPAC) performance.

Compass has always gathered data, but now we are more focused on analyzing the data, not only within our teams, but planning for next year to do so as a whole academic staff. We analyze data to drive instruction, to react to trends, and to implement programs to support our scholars. The value in this data is that it helped us focus and refine our program to better benefit our scholars. Data, whether positive or negative, is important when making choices and decisions that benefit our educational programs, as well as our scholars.

Assessment Scores

Compass Charter Schools of Los Angeles (Compass) participates in state testing and offers internal diagnostic testing to gather data to guide course placement, to direct instruction, to implement English Learning Development (ELD), and to offer scholar support.

State Tests

Due to COVID-19, Compass Charter Schools of Los Angeles (Compass) did not administer the California Assessment of Student Performance and Progress (CAASPP) during the spring of 2020; all assessments were cancelled. However, we did administer remote testing during the 2020-21 school year, and saw significant growth from the last administered test, which was during the spring of 2019. The 2020-2021 CAASPP data is still embargoed, so we are unable to share our results publicly. However, on a global scale, the percentage of scholars in grade 3-5 who met or exceeded standards grew by over 20% in English Language Arts (ELA), and by over 40% in math. More importantly, the number of scholars who did not meet or nearly met standards (level 1 and 2) decreased by about 5% in ELA and about 8% in math for all grade levels.

Compass attributes some of this success to the addition of our Assessment ToSAs during the 2020-2021 school year. The team positively impacted scholar achievement, as they were able to share test taking strategies with our supervising teachers (STs), who then disseminated the tools to their scholars. The ToSAs also held weekly workshops for parents and scholars to review test-taking strategies and CAASPP administration, such as downloading the secure browser. The ToSAs also supported our STs by providing test prep lessons to use in live synchronous instruction.

Compass has a full time English Learner (EL) Coordinator who oversees supports for our EL population. We have also increased test prep, added intervention support opportunities, and hired tutors, with the focus on improved test preparation and an increased Reclassified Fluent English Proficient (RFEP) percentage. Our use of a research and data-based English Language Development (ELD) program, Lexia, has supported these efforts related to testing.

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

CAST

The California Science Test (CAST) is administered to grades 5 and 8, and once in high school. The CAST Pilot Test was administered in 2016-17, with no scholar scores released. The CAST test results for 2017-18 are preliminary indicators from the CAST Field Test, with no actionable data. The CAST results from the 2018-19 Operational Test are the first scores Compass Charter Schools of Los Angeles (Compass) has seen which indicate our scholars’ achievement in relation to the Next Generation Science Standards (NGSS). The scores were released December 19, 2019 and will be analyzed by a team of supervising teachers (STs) and compared with 2020-21 scores once they are released in December of 2021, to drive instruction and test preparation for our scholars.

When comparing the percent of scholars in all grades who met or exceeded the standards on the CAST in 2020-21, we see an 11.52% increase over 2018-19 scores. For grades 11 and 12, we see a 21.21% and a 4.66% increase over 2018-19 results respectively in those meeting or exceeding standards on the CAST. Grade 5 shows an increase over 2018-19 of 18.99% and grade 8 shows a slight increase over 2018-19 at 0.68% of those who met or exceeded standards.

Internal Tests

During the 2019-2020 school year, Compass Charter Schools of Los Angeles (Compass) moved forward with implementing Istation for grades K-5 and Edgenuity for grades 6-12. Both of these programs offered a diagnostic assessment in both reading and math, along with supporting targeted instruction at the achievement level of each scholar based on the assessment score.

In addition to the program changes, Compass hired additional tutors under the Multi-Tiered System of Supports (MTSS framework), to further support scholars who are identified as needing Tier 2 or 3 support after taking the diagnostic assessments.

There have been marked improvements in language proficiency evidenced in English Language Proficiency Assessments for California (ELPAC) testing, as we have increased the percentage of scholars in levels 2-4 and decreased the percentage at level 1 from the 2018-19 school year through the 2020-21 school year. In 2018-19 we tested 88.3% of our scholars, and in 2020-21 we tested 97.7% of our scholars. Test scores have been embargoed, but will be shared once the state gives permission to share them.

Counseling

Compass Charter Schools of Los Angeles (Compass) has six counselors assigned to scholars in grades 6-12 as well as a college career readiness counselor. The school counselors are vital

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

members of the educational team to maximize scholar success. Through the delivery of a comprehensive school counseling program, the counselors support scholars with intervention strategies, managing emotions and applying interpersonal skills. Each counselor meets with scholars' in their caseload individually to provide academic scholar planning, goal setting and social emotional support. In addition, counselors deliver curriculum lessons, small groups and workshops aligned with scholar success standards weekly for grades 4-12 and provide short-term counseling for our at-risk scholar population. The college career readiness counselor assists scholars on college and career exploration, concurrent enrollment within the community college system, work/entertainment permits, college applications, FAFSA and scholarship opportunities. Each counselor collaborates with families, teachers, and administrators to support the success of each scholar.

II: Significant Changes and Developments

- Include a description of any significant changes and/or developments that have had a **major impact on the school and/or any specific curricular programs since the last full visit.**
- Describe the impact these changes and/or developments have had on the school and/or specific curricular programs.

Operations Department

During the 2019-20 school year, Compass Charter Schools of Los Angeles (Compass) began to experience an increase in enrollment. In order to facilitate this increase and ensure we remained within state and district regulations, the Operations Department added the Records Clerk position. This role supported the organization by promptly collecting and maintaining educational data for scholars. To expand, the department has experienced an increased rate in collecting outstanding records and fulfilling requests. The school policy indicates five business days to process records and 10 business days to compile transcripts, Compass has been able to reduce the processing time and fulfill the request prior to these deadlines.

In the 2020-21 school year, the Operations Department organized the integration from Strong Mind, their current Student Information System (SIS) to the School Pathways SIS. This included an import of data, scholar records, and re-organization of historical information. The goal was to consolidate our data storage and house all scholar information in one system. All staff were trained and granted appropriate permissions during their virtual training all throughout August 2020.

Administrative & Faculty Changes

Compass Charter Schools of Los Angeles (Compass) has experienced some steady changes and growth when it comes to staffing. In the 2019-20 school year, we had 191 staff members and that number slowly increased to 207 staff members during the 2020-21 school year and is set to continue growing at a steady pace for the next several school years. This increase in staff

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

(certificated and classified) is directly related to an increase in the number of scholars enrolled. Additionally, this growth has led to hiring more support for supervising teachers (STs) to maximize our attendance and increase scholar participation.

Increase in Professional Development opportunities provided to staff include conferences. Our main professional development conference is the Annual All-Staff Retreat during the month of August for all new and returning staff. This conference provides an opportunity to share best practices, prepare staff for the up-coming school year, implement new systems, and focus on team building.

Financial Services

The work of the Financial Services Department is managed by the Chief Operating Officer (COO) and the Finance Coordinator in partnership with our back office provider CSMC. The Finance Coordinator is primarily responsible for executing the daily financial activities that are in compliance with the school and state standards. Working with the COO, the Finance Coordinator is responsible for all accounts payables and accounts receivables, ensuring payments are made on time, and managing reconciliation of Compass Charter Schools of Los Angeles (Compass) credit cards, as well as reconciliation of all deposits. The Finance Coordinator also helps develop strategies that assist in accomplishing the financial objectives of the school. The COO received COB designation on May 13, 2019, which provides competencies needed to successfully run the “Business” of Compass Charter Schools.

Realignment of the Financial Services Division now includes the Information Technology (IT) Department.

Enrollment Department

During the 2020-21 school year, Compass Charter Schools of Los Angeles (Compass) implemented the School Pathways Student Information System (SIS) and an online enrollment application. This enhancement allowed the Enrollment Specialists to minimize time processing applications, as well as time spent by the main office staff in handling mail. Within the School Pathways SIS, we built an Enrollment Workflow that keeps the Enrollment Specialists informed of new prospective scholars and keeps track of where they are in the process so that no scholar slips through the cracks. The workflows have allowed for fewer errors, which contributed to a clean audit.

Also during the 2020-21 school year, our Compliance Coordinator, who served as our McKinney-Vento Liaison updated the McKinney-Vento and Foster Youth identification and verification process. The Enrollment Specialist can now provide more information outlining reasons for their McKinney-Vento eligibility determinations. All McKinney Vento and Foster Youth scholars have received an introductory eMail from the Compliance Coordinator with the scholar’s assigned counselor to create awareness of community resources available to families and increase collaboration.

Academic Services Support Services

During the 2019-20 school year, Compass Charter Schools of Los Angeles (Compass) used Istation for diagnostic/benchmark assessments for elementary scholars and Edgenuity for diagnostic/benchmark assessments for middle and high school scholars. Like Istation, Edgenuity offers supporting instruction for scholars based on their level of achievement on the assessments. Compass utilized Edgenuity's Individualized Learning Paths (ILPs) for each scholar. ILPs are courses targeted at each scholar's achievement level for math and reading, based on their placement assessment score. Our tutors worked with scholars to support their learning, using Edgenuity ILPs to guide instruction. Scholars were also encouraged to access their ILPs each week and complete their learning target in order to get more exposure, ultimately closing their skill gaps.

In the 2019-20 School year, Compass became an approved Certified Advancement Via Individual Determination (AVID) Site.

- The program supports a school-wide culture built on College and Career readiness by engaging scholars in academic rigor as well as college and career exploration opportunities. In this regard, the AVID Program has developed several opportunities for our scholars such as weekly guest speakers, AVID Field Trips, College and Career Exploration Projects, weekly articles and quarterly newsletters.
- In addition, all instructional staff attended the AVID Digital XP Conference in August 2020.

In 2020-21, a testing task force was set up to evaluate, audit, and review internal benchmark assessments with specific, agreed upon criteria, to meet the "verified data" definition under AB 1505. Our final recommendation was to pursue STAR Renaissance for grades K-12 for the 2021-22 school year. Scholars are assessed three times annually, with an initial, mid-year, and final end-of-year diagnostic. The initial diagnostic data is used to provide targeted intervention for scholars identified as needing tier 2 or tier 3 support. Under our Multi-Tiered System of Supports (MTSS) framework, our tutors host weekly small group sessions (grouped by grade level) for math and reading. As part of the Renaissance suite, Freckle is being used by the tutors as curriculum to focus on strengthening skills necessary for accessing grade level curriculum.

Our English Learner (EL) population has changed significantly from year to year: 29 in 2019-20, and 79 in 2020-21. In the past, our EL scholars have been supported directly by their supervising teachers (STs) within their courses. However, with the increase of our EL population, we recognized that the support the STs were able to provide directly was not going to be sufficient. This demonstrated the increasing need to have support beyond the individual STs. Due to this realization, in the 2019-20 school year, we created a new position, the EL Coordinator. This coordinator reviews platforms to best assist with English Language Acquisition to improve our EL goals to reclassify or Reclassified Fluent English Proficient (RFEP). In the 2019-20 school year,

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

ELs were assigned ILPs as interventions to close skill gaps based on diagnostic testing. In the 2020-21 school year, we reshaped our department and offered live tutoring support for EL scholars to help with additional English language development and in preparation for the Summative English Language Proficiency Assessment for California (ELPAC). To provide support for our scholars identified as English learners (ELs), Compass provided Lexia, a research-based, targeted English Language Development (ELD) online curriculum which resulted in measurable growth among this scholar group. We also implemented Listenwise literacy and language support during our live EL support sessions. Listenwise offers standards-aligned podcast lessons with scaffolding built in for ELs. The scaffolded lessons focus on building academic vocabulary, reading comprehension, and writing. Resources continue to be built out to support our STs in providing integrated instruction.

Online Learning Program

During Fall 2019, Compass Charter Schools of Los Angeles (Compass) organized a curriculum review committee to review the current StrongMind online curriculum and three other online curriculum providers to ensure that Compass provided the most appropriate curriculum to meet scholar needs. The committee met with various curriculum providers, engaged in the curriculum with demonstration accounts, and used a standardized evaluation rubric to score each curriculum. The review committee evaluation scores determined that Accelerate Education online curriculum would best meet scholar needs. In addition to the review committee, two elementary school online supervising teachers (STs) piloted Accelerate Education online curriculum with their scholars to determine best practices and customization to personalize learning.

To increase learning coaches (parents or legal guardians) learning and understanding regarding the new curriculum that would be implemented during the 2020-21 school year, starting in March, 2020 multiple informational sessions were held. These sessions provided learning coaches and scholars with information pertaining to the choice to change online curriculum, the benefits to scholars, and how to navigate the system to best support learning needs.

STs held Parent/Teacher conferences (PTC) twice a year, once in the fall and once in the spring, to review scholar progress and set/review goals. In addition to progress discussions during PTCs, in order to provide further communication regarding scholar academic performance and proficiency, the Online Coordinators sent “at risk of failing” notices to all scholars who were at risk of not earning 70% or higher in one or more of their core content courses in the middle of the fall and spring semesters.

During each semester, STs participated in an in-service day where they attended various training sessions that targeted research-based instructional strategies to best support learner needs. These sessions also focused on specific strategies to support scholar groups with specific learning needs.

During the 2020-21 school year, the Online Learning grade span teams were supported by a

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

Charter Principal to provide support with the implementation of the new online curriculum. The Online Learning Department adopted and implemented Accelerate Education as the new online curriculum and learning management system (LMS) for online scholars in grades K-12. STs and staff were trained on utilizing this new LMS and additional resources for on-demand training were provided on the Online Department Guide Site. This new curriculum provided an opportunity to further personalize learning and increase academic achievement by enabling STs to add asynchronous lessons, assignments, and assessments to scaffold needed academic supports.

To target synchronous instruction and scholar engagement, the Online Learning Department started using the Zoom platform to host live instructional sessions. These live sessions included core content Learning Labs, small group instruction, and one on one support sessions. By using this platform, STs provided engaging live instruction that used research-based strategies to increase academic achievement.

The Online Learning Department continued to hold PTCs twice a year, once in the fall and once in the spring, to create scholar-centered plans. These plans included learning goals that followed Advancement Via Individual Determination (AVID) goal setting strategies. During these conferences, STs and learning coaches discussed benchmark assessment scores and academic progress and barriers to learning in order to support the scholar. In addition to progress discussions during PTCs, in order to provide further communication regarding scholar academic performance and proficiency, the Charter Principals sent “at risk of failing” notices to all scholars who were at risk of failing one or more of their core content courses in the middle of the fall and spring semesters.

During the 2020-21 school year, the Wildly Important Goal (WIG) - 100% of eligible scholars will graduate by June 2021 - was a schoolwide initiative and lead and lag measures were put in place for each department so progress could be tracked and measured. Each department also has a compelling scoreboard which is shared with each team and is reflected upon each month to ensure progress is being made. The lead measures reported by the Online Learning Department included monitoring scholar attendance rates, scholars on pace in online courses throughout the semesters, and scholars showing passing grades in all core content courses.

Within the Academic Division, our Professional Learning Communities (PLCs) continually reflected and shared best practices and strategies within their PLC teams to introduce this data driven practice to leverage tier 1 interventions that would be further implemented and revised for the 2021-22 school year.

Options Learning Program

In the 2019-20 school year, our Options Department began developing and piloting the Personalized Learning Plan (PLP). This shared google sheet between the supervising teacher (ST) and the learning coach (parent or legal guardian) was a communication tool to help track scholar progress for all enrolled courses for each learning period (LP). STs continued to hold bi-

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

monthly connection meetings with their learning coaches and scholars to review scholar work, discuss learning, and provide tools and guidance to the learning coaches as needed. At the end of first and third quarters, at-risk notices were sent to all learning coaches of scholars that were in danger of failing courses to provide ample time for grade improvement. STs are provided opportunities for professional development in their team meetings, as well as schoolwide, based on needs, via allocated Professional Development (PD) funds.

In the 2020-21 school year, our Options Learning and Online Learning departments merged together and the school was reorganized by charters. Our Options Advisory Committee helped refine the PLP further and it was fully implemented by all Options STs. The PLP remained a communication tool to help guide the bi-monthly connection meetings with the learning coaches and ST, as well as using it for a resource for the family with various important school related links to the CA state standards, school calendar, and their counselor's contact information, to name a few. At the end of first and third quarters, at-risk notices were sent to all learning coaches of scholars that were in danger of failing courses to provide ample time for grade improvement. We implemented the Schoolwide Wildly Important Goal (WIG) - 100% of eligible scholars will graduate by June 2021. Our Options Department's lead measures were tracking our bi-monthly connection meetings for each LP and were shared on our compelling scoreboard. By focusing on one schoolwide WIG, we have increased our collaboration cross-departmentally, and all worked together on a common goal, to positively impact scholar achievement. Options STs implemented Professional Learning Communities (PLCs) to discuss research based strategies and best practices to positively impact our Options scholars' achievement. Our Options STs provided scenario-based end-of-the-year report card connection meetings to ensure alignment between the ST and learning coaches when discussing final grades for report cards.

Special Education Services

Our scholar population with Individualized Education Plans (IEPs) has increased annually. In the second part of the 2019-2020 school year, we added a Special Education (SPED) Coordinator to the department. The goal was to allow the SPED Director to focus on more global items, while the Coordinator could provide direct support to the Educational Specialists serving the scholar.

Our SPED Director went out on leave and did not return for the 2020-21 school year. The Coordinator became our Interim Director. However, we did tap into the resources and training provided by the El Dorado Special Education Local Plan Area (SELPA). We ensured that Principals and Assistant Principals were trained to serve as the Local Education Agency (LEA) administrator during IEP meetings. This freed up the Interim Director to provide 1:1 support for each Education Specialist to better support scholars' needs. Additionally, we adopted several subscriptions for use during Specialized Academic Instruction (SAI) time. During winter break, we found a new SPED director who was able to further fine tune the supports and track scholar achievement. As our population of scholars with IEPs continued to increase, we added additional staff members and began focusing on expanding our roster of Non-public Agency (NPA) providers, as we experienced an increase in the number of scholars who required not just

our typical virtual services, but some in-person services as well.

Counseling Services

During the 2019-20 school year, counselors invested in fostering social emotional learning (SEL) at the elementary, middle and high school levels within our counseling learning labs and Multi-Tiered System of Supports (MTSS) small groups. The delivery of the SEL curriculum focused on supporting all scholars to better understand their emotions and demonstrate empathy for others. In addition, counselors responded to the crisis of the pandemic by providing direct counseling services during this phase through crisis interventions as well as providing school and community resources. Also, two Career Technical Education (CTE) pathways were piloted under the Health Science and Medical Technology sector. The pathways focused on Patient Care with a career emphasis as a Nursing Assistant or Pharmacy Technician.

During the 2020-21 school year, counselors proactively supported the mental health needs of all scholars. A focus on mitigation of trauma and mental health have been incorporated in all aspects of the direct/indirect services provided to/for scholars and the social emotional curriculum/instruction delivered in small groups as well as learning labs.

Our Counseling Department has harnessed risk assessment tools, small group settings for scholars and maintaining proactive connections and communications to support the mental health needs of our scholar populations. These strategies have helped to support the identification of warning signs and connect scholars and families to available school and community resources. The counseling department continues to monitor the mental health and well-being of scholars while continuing to be proactive in offering academic guidance, focusing on scholars' emotional and social learning, and providing specific support to scholars who are struggling with various personal and school-related issues.

The Counseling Department has been challenged with identifying scholars who need extra mental health support, especially regarding anxiety and depression, that can often be undetected under the best circumstances. Scholars have been reporting experiencing more occurrences of initial onsets of mental health illnesses and disorders. In addition, counselors have recognized a trend with coping techniques once used to manage anxiety and depression for many scholars are no longer working or aren't as effective in treating the symptoms.

To foster a stronger college career readiness culture based on early college awareness, our counseling team adopted SCOIR, a cloud-based software that connects students, families, high schools, and colleges for a better admissions experience. This tool has expanded collegiate access and improved scholar outcomes with post high school planning, which includes advisement from the College & Career Readiness Counselor on aptitude based career assessments, exploring strengths, career aspirations, college majors, and college affordability planning. Through SCOIR, the Counseling Department has also expanded scholars' access to college representatives through virtual college visits from universities across the nation. The

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

counselors continue to provide monthly college and career readiness presentations to parents, scholars and staff through our College Career Success Cafe.

In addition, the Counseling Department has increased collaborative efforts (Counselors, College Career Readiness Counselor, Scholars) to expand our concurrent enrollment in community college courses. Counseling sessions have focused on supporting scholars in advancing, preparing, and participating in rigorous academic college coursework that has resulted in connecting to scholars college and career aspirations/goals.

Counselors are helping to bridge the gap between scholars and community resources and ensure the developmental needs of scholars are being met. In addition to mental health and SEL support, this departmental structural change will support our program in maintaining a 250-1 student-to-school counselor ratio recommended by the American School Counseling Association.

Engagement Department

During the 2019-20 school year, Compass Charter Schools of Los Angeles (Compass) launched the Learning Coach (parents or legal guardians) Academy in January with four cohorts, each lasting 10 weeks. Sessions for Learning Coach Academy were delivered on-demand. We offered a lot of engagement activities for scholars and families such as Back to School Picnics, San Diego Zoo, Taylor Guitars Tour, Oasis Camel Dairy, Natural History Museum, The Getty, Fort Ross, Amazon Warehouse Tour, and many more. In regards to scholar recognition, we awarded Scholar of the Month for all months, Firebirds of the Year, Perfect Attendance for each learning period, Perfect Attendance for the year, Most Improved Attendance, Core Values (ARTIC) awards, Excellent Participation in Learning Labs, and Excellent Parent Participation awards. We celebrated our scholars at virtual ceremonies for 12th grade graduation, 8th grade promotion, 5th grade culmination, and Kindergarten celebration.

We launched 21 Scholar Clubs for the 2019-20 school year such as a Minecraft Club, Arts & Crafts Clubs (One for Elementary School and another for Middle and High School), LEGO Club and more! Our National Honor Society program had six active scholars participating in the program. As previously mentioned, we have offered a plethora of field trips that included a few community service opportunities. Due to COVID-19 the Engagement Team initially attempted to reschedule affected field trips but ultimately had to cancel all in-person engagement activities for the remainder of the school year. Instead we expanded our virtual field trip offerings and added in virtual scholar workshops such as Innovation Generation, Aerospace Innovation, Scholar Social Hours, a 3-part series from Disney about imagineering, Virtual Scavenger Hunt, a 3-part series from Pixar and much more! Additionally, we compiled and regularly updated a list of resources for enrichment options (<https://www.smore.com/fhw7b>)

During the 2020-21 school year, the Compass Engagement Department launched 25 virtual

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

scholar clubs, offering a wide variety of subjects areas including Awesome Elementary Artists Club, Adulging 101, Arts & Crafts Club (Elementary), Arts & Crafts Club (Middle & High School), Book Club, Chess Club, Computer Code Club, and so much more. All clubs hosted regular monthly meetings throughout the year. A total of 228 Compass scholars attended a virtual club meeting during Semester 1. One identified challenge for this action was Zoom bombings experienced across the country. Compass paused all live virtual events until proper safety and protocols were in place. The Compass Engagement Department ensured that all club advisors were properly trained and informed of our updated Zoom protocols to safeguard against Zoom bombing attempts. The Engagement Department has continued to support and work alongside our club advisors providing quarterly meeting and training opportunities.

The Engagement Department facilitated two cohorts of Learning Coach Academy for our 2020-21 Learning Coach Academy Program which covered Back to School Night, Internet Safety, State Testing Overview, Preparing for College, Growth Mindset and so much more. These cohorts lasted 10 weeks each. Each session included one training session and one question per week. There were weekly interactions, collaborations and support provided for those participating in the Learning Coach Academy. All Learning Coach Academy sessions were recorded and uploaded to YouTube to allow for Spanish subtitles. The only identified challenge to this action item was the pivoting of all the in-person activities to virtual, and the delay in the implementation of the ambassador program. The Ambassador program will be piloted in the 2021-22 school year.

Compass hosted Virtual Scholar Workshops twice per week during the 2020-21 school year. In collaboration with all three Compass Principals, we implemented the celebration of Heritage Months. We held our Black History Month assembly in February, where scholars had the opportunity to create poetry inspired by Black History, and we also heard from Dr. Walter Milton Jr., our guest keynote speaker. On March 19, we held a Women's History Month assembly. Scholars were invited to complete research on a "Woman in History" and were given the opportunity to present their research live at the assembly, and we also heard from Nicholette Parrish, our guest keynote speaker. Scholars have experienced a variety of hands-on and interactive workshops including: a four-part series with Garner-Holt productions, Groovy Lab in a Box, MoxieBox, Virtual Spelling Bee, Marine Science Institute, STEAM Field Trip in a Box, Cat Haven Live Virtual Tour, Vision Boarding, GameU Game Design, Big Life Journal, an Inauguration watch party, a visit from the author of The Colorado CurveBall, an environmental awareness art project and a workshop focusing on Martin Luther King's "I Have a Dream"! Workshops have included combinations of Q&A sessions, a hands-on project, and interactive activities that encourage scholar participation and socialization. One challenge that was identified was the high demand for these workshops resulting in a desire to offer more workshops in addition to our expanded workshop offerings. The challenge we faced was that we had limited bandwidth due to the amount of preparation and management required for each workshop offered.

Compass provided a variety of scholar awards to assist with our scholar engagement during the 2020-21 school year. These awards included but were not limited to Scholar of the Month, Firebird of the Year, Core Values (ARTIC) Awards by semester, Perfect Attendance, Samaritan Award, Honor Roll and more. We also engaged our scholars in monthly contests and biannual

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

spirit weeks. All Scholar of the Month announcements can be found on the “news” section of the Compass website. Each scholar recipient received a mention in our press release, a certificate, and bumper sticker via mail. Core Values (ARTC) Award recipients were submitted by Staff. For Semester 1 we received 35 scholar nominations. Perfect Attendance awards were processed for each learning period. Our Honor Roll consisted of 348 scholars. Our October contest was Spirit Week inspired. Throughout the week of October 26-30, scholars were invited to show their Compass Spirit Week by showing off their outfits during Red Ribbon Week dress-up days using themes like “Proud to Be Drug Free (wear red)” and “Compass Spirit Day (wear your orange, blue or your proud scholar shirt)”. Our January contest was Spirit Week inspired. Through the week of January 25, scholars were invited to show their Compass spirit by showing off their outfits during dress-up days highlighting our focus on the Great Kindness Challenge using themes like “Kindness Rocks: Dress Like a Rockstar” and “Team Kindness: Wear your Favorite Sports Uniform.” Additional contests that we offered included a pumpkin decorating contest, thank you poster contest, steps challenge, reading challenge and more! There were no challenges identified when implementing these actions.

Compass scholar leaders had the opportunity to participate in the Scholar Leadership Council, which is offered as one of our scholar clubs. Within this group, scholar leaders worked with the Superintendent and Chief Executive Officer (CEO) discussing ways to enhance and expand the Compass Experience for scholars. National Honor Society members were invited to attend the LEAD Spark Conference at the end of November and three of our NHS scholars participated. At LEAD, NHS scholars and NHS advisers sharpen their leadership skills to improve school culture and community while networking with peers from around the country. Training opportunities for both NHS scholars and NHS advisers will tackle a variety of topics, including leadership, scholar voice, civic engagement, service, and activities. National Honor Society members were also invited to attend the LEAD Winter Conference at the end of February and three of our NHS scholars participated. LEAD Winter was a virtual conference on February 26–27, which brought together and inspired scholars from all over the world to make a difference in their schools and communities.

Information Technology (IT) Services

Since the implementation of the ZoHo helpdesk, Compass Charter Schools of Los Angeles (Compass) has been able to create a growing number of self-help articles for our staff and scholars which has reduced our ticket numbers and our time to resolve issues. We continue to create articles and use the data from Zoho to best serve our scholars.

The IT Department released ClassLink to staff and scholars in the spring of 2020. ClassLink provides single sign-on into web and Windows applications for our scholars. Compass uses this as our central place to access everything we offer to our staff and scholars. This has streamlined the way we deliver applications to our scholars and allows us to only provide what the scholars need and are using.

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

The IT department has worked collaboratively with other departments to implement an internal website that outlines our processes and provides information to new and existing staff on the proper way to accomplish tasks. This is an evolving site that requires regular review and updates especially with the changing legislature during these challenging times.

ClassLink is now being used by all three charter schools and we are beginning to use the analytics offered to determine where changes need to be made in our offerings. The analytics help us see what is and isn't being used which allows us to make the most of our budget and service our scholars according to their needs.

The new vendor we are using, EDTech 101 to supply computers to our staff and scholars has been working extremely well. Even during the times of electronic shortages, they were able to keep us supplied with our demands and needs for our staff and scholars, even handling special requests for one-off items that no other company was able to supply. We will be continuing to work with them in the future.

Compass maintains our website in house and performs scheduled updates and ensures all relevant content about the school, staff, and program offerings is up to date. Recently there have been a number of changes and legislation that have passed, and the IT department works closely with all other departments within the organization to ensure changes are made in a timely manner to remain transparent to the public.

III: Engagement of Educational Partners in Ongoing School Improvement

- **Describe the process for developing, implementing, and monitoring the schoolwide action plan/SPSA and preparing the progress report.**
 - **How were educational partners involved in developing the schoolwide action plan/SPSA?**
 - **How were educational partners involved in implementing and monitoring the schoolwide action plan/SPSA?**
 - **How were educational partners involved in the preparation of the progress report?**

The Compass Charter Schools of Los Angeles' (Compass) Educational Partners (Board of Directors, Staff, Learning Coaches (parents or legal guardians), and scholars) provided feedback on the state of the school and ranked goals based on priorities. The leadership team creates the initial action plan, which is determined based on overall feedback and evaluations from all educational partners. The Parent Advisory Council (PAC) and Scholar Leadership Council (SLC) review and share suggestions on overall responses and initial action plan. The Board of Directors reviews and approves the final action plan at a regularly scheduled meeting.

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

The leadership team implements and monitors the action plan throughout the school year. The PAC and SAC review and share suggestions on the current action plan. Priorities and goals are monitored based on feedback and evaluations. The Board of Directors is provided updates on the action plan at the regularly scheduled meetings in September, November, January, March, and June. Compass Educational partners then come together at the end of the school year to evaluate and share suggestions on modifications to the action plan.

The leadership team collaborated with appropriate staff members to collect and compile the most accurate and up to date information. Administration worked individually and corporately to provide information that clearly communicates our current progress. The cabinet and project administrator reviewed the progress report to ensure accuracy and fluidity.

IV: Progress on the Implementation of the Schoolwide Action Plan/SPSA

The purpose of this section is to analyze progress on the identified school needs/identified student learner needs in the schoolwide action plan/SPSA since the last visit and to determine the impact on student learning and the continuous school improvement initiatives.

- **Explain how the identified student learner needs have been addressed in the schoolwide action plan/SPSA.**
- **Provide a summary of progress and impact on student learning of the schoolwide action plan's identified school needs/identified student learner needs referencing the identified growth areas for continuous improvement. Cite relevant supporting evidence.**
- **Explain how the cited relevant supporting evidence led to your conclusions on progress and impact on student learning.**
- **Note: If any recommended growth areas were not included in the school's schoolwide action plan/SPSA, indicate what actions have been taken to address these issues and provide supporting evidence, including the impact on student achievement.**

Below is the School Wide Action Plan submitted for Compass Charter Schools of Los Angeles

School Wide Action Plan

Action Plan #1 - Increase reclassification of English Language Learners by 10%

Rationale of Critical Need: When English Language Learners are reclassified it means they have demonstrated that they are able to compete effectively with their English-speaking peers. Increasing the number of scholars eligible for reclassification will have a positive impact on scholar achievement because more scholars will have mastered English Language Arts standards.

Action Plan #2 - Increase math proficiency by 5% as measured by various assessments and standardized test

Rationale of Critical Need: CAASPP and internal diagnostics data indicate gaps in math skills. Scholars are underperforming in the area of math. Determining how to help virtual scholars be successful at math is a challenging task that Compass has been working on for several years. Graduates heading to college or beginning their careers need to know how to apply mathematical concepts and how to solve real world problems, so we need to develop and continuously improve plans to ensure our scholars are successful in math.

Action Plan #3 - Compass Charter Schools will increase the academic knowledge skill set of LC/parent so that the LC/parent is able to help their scholars be academically successful in the home setting by improving their teaching/coaching skills and increasing parent and scholar engagement.

Rationale of Critical Need: Parents of scholars in virtual schools require a higher level of involvement in their scholar’s educational activities. Compass Charter Schools will provide them with trainings that will help to increase their knowledge of study skills, virtual learning, teaching methods, educational technology, assessment, curriculum, and college and career planning. By providing parent trainings, parent - scholar engagement and academic growth will improve. Our LCAP goal is to increase engagement as well.

	GOAL	RESPONSIBLE PARTY	DONE	IN PROGRESS	NOT STARTED	GOAL PROGRESS UPDATE
1a	EL scholars receive targeted support in all areas, if needed.	Scholar Success Coordinator, Counselors,		x		In Fall of 2019-20, an English Language (EL) Support

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

		Teachers				Coordinator was hired to improve the prompt identification of incoming EL scholars and to further develop our designated and integrated ELD instruction. In 2020-21 we reshaped our department and offered live tutoring support for EL scholars to help with additional English language development and in preparation for the Summative English Language Proficiency Assessments for California (ELPAC). Resources continue to be built out to support our supervising teachers (STs) in providing integrated instruction. For our designated English Language Development (ELD), Compass Charter Schools of Los Angeles (Compass) adopted Lexia in 2020-21 as our new online curriculum to focus on language acquisition, development, and overall increasing scholar performance. Lexia supports EL scholars in developing academic language to support them in all subject areas and lead to overall academic success whilst improving ELPAC Summative scores.
1b	See growth in scholar subgroups	Assessment Coordinator, Academic Coordinators, Academic Directors, Teachers		x		EL subgroup: during the 2020-2021 school year- We continued to see growth in scholar groups with semester final grades. However, we are still continuing to implement this goal to show global growth in multiple assessments and areas of data.

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

1c	Move scholars from Nearly Meeting Standards to Meeting Standards	Academic Coordinators, Academic Directors, Teachers		x		Professional Learning Communities (PLCs) meetings were held throughout the 2020-21 school year and there was a focus on helping scholars improve academically. Instructional Coach positions were created with the intent to hire for the 2021-22 school year when they will work with our supervising teachers (STs) to improve instructional practices, to enhance scholar learning and increase academic achievement. The goal is for them to hold professional learning workshops for all STs to attend, as well as 1:1 coaching sessions to target areas of growth.
1d	Analyze EL scholar test results from CAASPP, reading assessments, and Increase Professional Development opportunities for staff on English Language Acquisition	Teachers, Coordinators, ELAC (EL Advisory Committee), Teachers, Counselors, Third Party Tutoring		x		California Assessment of Student Performance and Progress (CAASPP) results are analyzed immediately upon release, and supports are put in place to provide access to our English Language Learner (ELL) population, such as tutoring and English Language Development (ELD) curriculum (Lexia).
2a	Increase Math Proficiency	Teachers, Academic Coordinators, Academic Directors		x		Compass Charter Schools of Los Angeles (Compass) continues to address the goal to increase scholar math proficiency. There are plans for the 2021-22 school year for , the Staff Support Department and Academic Departments to collaborate to target math proficiency through weekly, synchronous instruction lessons and “Daily Dose of Math’ lessons that provide scholars the opportunity to practice foundational math

2b	Move scholars from Nearly Meeting Standards to Meeting Standards	Teachers, Academic, Academic Coordinators, Academic Directors		x	<p>In 2020-21, we created job descriptions with the intent to hire Instructional Coaches for the 2021-22 school year. The plan is for these coaches to work with our supervising teachers (STs) to improve instructional practices, to enhance scholar learning and increase academic achievement. The Instructional Coaches will have several professional learning workshops for all STs to attend, as well as 1:1 coaching sessions to target areas of growth. We are also forming a new department, The Staff Support Team; the plan we created in 2020-21 will ensure that there are several professional learning sessions on Data Digs so STs can interact with their data and use the Tools for Teachers to close achievement gaps and ensure scholars are</p>

						mastering grade level standards, evidenced by CAASPP.
3a	Provide parents training on how to help their child be successful learners	Engagement Team, Teachers, PL Admin Assistant		x		In 2020-21, we saw the need to plan for the following year by adding to our Engagement team and specifically adding someone to specialize in orienting families and scholars. The plan for the 2021-22 school year is to have additional offerings that will include Weeks of Welcome (WOW) and Learning Coach Academy. Weeks of Welcome will include orientations, department open houses, and social hours for two weeks prior to the start of the 2021-22 school year. Learning Coach Academy continues to provide targeted sessions that cover relevant topics to better support learning coaches as they support their scholars. If all goes as planned, we will have a weekly orientation program to create regular onboarding for incoming families. This will also include hosting a mini-WOW for scholars that start semester 2.
3b	Plan round-table discussions	Teachers		x		Collaborative sessions have been scheduled by the teachers and instructional coaches, as they share best practices to improve live instruction. 'Teacher Talks' and Instructional coaching sessions are on-going so teachers have an opportunity to reflect and share ideas with colleagues.

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

3c	Translate all pertinent communication documents into Spanish or other necessary languages	Team Office Staff		x		In the 2020-21, a translation committee was created by a group of bilingual supervising teachers (STs) who created a process for ensuring all pertinent communication documents were translated into Spanish and reviewed for accuracy. In 2020-21, we noted the need for a dedicated translation team, and we hope, in 21/22, to partner with Alboum Translation Services to translate all major documents, while ParentSquare already allows translations to support all areas of general communication needs - we will continue to ensure that staff have access to Parentsquare and are aware of this feature.
3d	Providing parents communication and insight on educational activities and resources that they can use at home	Admin Team, Academic Departments	x			Both academic programs hold connection meetings and use a personalized learning plan to provide communication and insight regarding scholar academic progress and provide additional resources and share educational activities that families can utilize to further support scholar learning.
3e	Parents and students will be provided with college & career readiness presentations throughout the school year	Counseling team	x			Learning coaches (parents or legal guardians) and scholars are provided presentations through our monthly College Career Success Cafe and video logs (VLOG). The VLOG recordings on various college career readiness topics are posted in the MMU and housed in our Counseling Virtual Office.

V: Schoolwide Action Plan/SPSA Refinements

- **Based on the findings of the current progress report, further refine the schoolwide action plan/SPSA as needed and include a link to the school's most recent schoolwide action plan/SPSA.**
 - **LCAP GOAL 1 - Increase Academic Achievement**
 Raise % ELPAC Assessments Taken
 Temporary Flags to alert Supervising Teachers
 Increase the number of Reclassified Fluent English -Increase the number of Proficient Scholars to 10% - now 4%
 - **LCAP GOAL 2 - Scholar & Parent Engagement**
 PAC Meetings / ELAC Meetings under PAC Umbrella
 EL Clubs and Award Ceremonies

Update: We did not launch an English Learner (EL) club due to insufficient interest on the part of families and scholars; instead, we focused efforts on developing more robust EL supports school-wide. Award ceremonies have continued to be refined and we offered a virtual award ceremony for all scholar award recipients on Wednesday, June 2, 2021.

- **LCAP GOAL 3 - Achievement & Engagement in Special Populations**
 Increase Academic Achievement Test Scores and GPA
 Increase the number of Reclassified Fluent English -Proficient Scholars 4%
 Provide additional support

Update: We were unable to administer the California Assessment of Student Performance and Progress (CAASPP) for the 2019-20 school year due to COVID-19, however, we saw significant improvement in our special population scholars' academic achievement evidenced by our graduation rates and end of the year data (passing rates).

Compass Charter Schools of Los Angeles ACS WASC/CDE Mid-cycle Progress Report

Update: We are utilizing subscriptions purchased specifically for supporting our special education scholars during Specialized Academic Instruction (SAI) sessions that we are monitoring for impact on progress in academic achievement and graduation rates.

Update: By leveraging tier 1 research-based interventions and increasing supervising teacher (ST) collaboration through the professional learning community (PLC) process, the Academic Programs will target scholar English and math proficiency.

Update: By focusing on our Wildly Important Goal (WIG) our STs were tracking connection meetings with learning coaches to discuss scholars' academic progress and ensure standards mastery.

- **LCAP GOAL 4 - College & Career Readiness**
 EL, AVID & College Prep Workshops
 College Entrance Exams A-G

Note: College entrance exams are not required at this time for college admission. Our scholar population A-G completion rate has been stagnant for several years and at this time a focus on increasing concurrent/dual enrollment would better serve our scholar population in preparation for meeting college career readiness and making gains towards improving our College Career Indicator (CCI).

Update: Increased A-G course offerings in our master schedule with 21 self-authored courses in the content areas of History/Social Science, English Language Arts, Math, Science, and Electives.

Update: We have focused on implementing Advancement Via Individual Determination (AVID) schoolwide as a Tier 1 strategy. Supervising Teachers meet in Professional Learning Communities (PLCs) to share best practices on how they implement AVID through live instruction and asynchronous work. All academic staff have been trained in utilizing AVID strategies, and we continue this professional learning year round in PLCs, AVID WICOR Wednesdays, AVID XP Professional Development, and through our AVID ToSA sharing resources in our instructional GuideSite and highlighting tools in team meetings.

Compass Charter School's mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time. We do this by fostering a great place to learn, a great place to work, using great systems for efficiency and effectiveness. Our core values of achievement of staff and scholars, inclusive communication, a collaborative teamwork environment, scholars and staff of integrity, and mutual respect guide our work every day.

Our philosophy on recruiting, hiring, retaining and developing the "gold standard" in expertise includes a focus on:

- **Clarity.** Each staff member knows what role they play in the success of our staff and scholars. We value teamwork, and provide clear, written expectations and metrics to help staff understand gold standard performance for their role. We set ambitious but achievable goals and minimize major changes in the middle of the school year.
- **Autonomy.** We trust our staff to deliver gold standard results and we trust our department leaders to run their programs with a balanced focus on achieving results and care for staff. We value flexibility and empower them to make decisions to meet the needs of scholars and staff.
- **Accountability.** With deep autonomy, comes great responsibility. Staff are held responsible for results in both achievement and stakeholder satisfaction. We are passionate about progress, and we care about how we get there. We value relationships and ensure that core belief is evident in our work.
- **Growth.** We believe in growth-mindset and expect people to learn as we go. We provide scholars with all the tools they need for success, and we do the same with staff. When our staff and scholars struggle, we support them because we believe in them. We expect improvement once support has been provided and move proactively because our mission is urgent.

Welcome

— ANNIE CRANGLE, Partner, Friday

Annie specializes in organizational strategy—from public school performance to organization growth—and leadership development—developing and executing leadership and equity training for emerging leaders. She has led strategic planning engagements for over 30 public charter school organizations across the country, all of which were unanimously approved and adopted by their Board of Directors.

— ANTHONY RODRIGUEZ, Senior Strategist, Friday

Anthony Rodriguez (he/él/they) is a cross-sector collaborator, published researcher, and data-driven leader. He is passionate about harnessing partnerships, research, and stakeholder engagements to catalyze change, create effective decisions, and guide strategic planning to scale programmatic delivery and social impact. Anthony is a graduate of UC Berkeley Goldman School of Public Policy, a Coro Fellow alum, and a product of the charter school system.

Welcome

— **DAVID K RICHARDS**, Founder, Growth Public Schools

David K Richards is an innovative leadership coach and visionary who helps changemakers usher in new paradigms for learning and leadership. He has worked in education reform for over 20 years as a teacher and founder of several innovative schools with nationally recognized Summit Public Schools. He holds a BA from UC Berkeley and an MA from Stanford University. He launched Growth Public Schools, a K-8 innovative school in Sacramento in 2017. David now advises and coaches others to launch and create high quality schools and programs.

That's what Friday is all about.

— PART I

Our Reality

— FRAMING

Schools have been significantly impacted by the pandemic (maybe fundamentally changed) and have to think differently about planning for the future. As we work with schools up and down the state and across the country, here are some key strategic issues we observe:

Key Strategic Issues

**Meaningful use
of technology**

**Student-centered
instruction &
joyful
environments**

**Experiential
learning beyond
the classroom**

**Authentic
translation of
DEI**

**Recruiting,
developing, and
inspiring talent**

**High quality
coaching**

**Standard
operating
procedures**

**Branding &
communicating
differentiators**

Group Exercise

- **Which of these themes resonate with you? How is this issue showing up in your school?**
- **What have you tried doing differently? What are some opportunities for innovation?**
- **How might you collaborate with other schools and/or community partners?**

Essential Elements of Nimble Strategic Planning

Friday Approach

Phase 1: Understand

Sept-Oct

- Stakeholder engagement & external research
- Internal needs assessment & landscape analysis
- Student voice & equity audit

Phase 2: Explore

Nov - Jan

- Key insights on positioning and core model
- Define aspirational theory of change
- Begin to identify strategic priorities

Phase 3: Create

Feb - March

- Formalize 3-5 year core goals
- Develop key strategies
- Assess risk
- Highlight opportunities for innovation

Phase 4: Launch

April - May

- Financial planning
- Year 1 Action Plan
- Targeted Implementation support
- Progress monitoring

Essential Elements: **Understand**

Elicit student voice from an equity lens

- How are students experiencing school on a day-to-day basis?
- What are students' perceptions of the critical conditions of learning
- Identify and understand equity gaps

Essential Elements: Understand

Understand how the world is changing and prioritize what will affect you most

- Political, Economic, Social, Technological, (Environmental & Legal)
- Summary of National, State, and Local trends
- Eisenhower Matrix to categorize Urgency, Relevance

育 YU MING CHARTER SCHOOL

Who We Are
 One of California's top performing public schools, Yu Ming is an Oakland-based charter school teaching students through Mandarin-English bilingual immersion. Our students reflect the diversity of the greater Bay Area and our approach prepares them to contribute to an increasingly multicultural society.
 Every student graduates Yu Ming fluent in Mandarin Chinese and English (the two most-spoken languages in the world), prepared for success in any rigorous high school program, and squarely on the path to college.

Our Mission:
 As a leader in Mandarin Immersion education, we nurture our inclusive and diverse community to become empowered, engaged, and outstanding global citizens.

What We Believe
 Every student should be held to high expectations, regardless of their background, so they can perform at their best academically. Doing so requires an individualized approach: every child at Yu Ming receives the attention and support they need to succeed on every measure. We unlock each student's unique potential by anchoring our model on four pillars:

- Academic Excellence
- Mandarin Immersion Leadership
- Whole Child Education
- Diverse, Equitable, & Inclusive Community

What We Do
We guide students to mastery across core disciplines—math, science, social studies, and history—in both English and Mandarin Chinese.
We facilitate project-based learning grounded in real-world scenarios and provide opportunities for global travel and civic engagement.
We offer numerous opportunities for enriched learning, exposing our students to Visual and Performing Arts, Choral and Instrumental Music, and Design Lab.

How We Do It
Our Community celebrates the diversity of Alameda County, welcoming students from all socio-economic, ethnic, and language backgrounds.
Our Teachers and Staff are dedicated, continuous learners who care deeply about the success of all students. Our teachers have deep content knowledge and passion for teaching. We provide our teachers with coaching, mentoring, and protected time to analyze student achievement so they can continue to refine their craft.
Our Students are encouraged to be independent thinkers and creative problem-solvers who collaborate with empathy and lead with humility, guided by our graduate profile skills.
Our Parents are active partners who give their time and resources in whatever way is meaningful for them to support their child and enrich the Yu Ming community.

Short-term Impact
 Students enjoy the benefits of being bilingual: achieving substantially higher academic outcomes than their monolingual peers, regardless of race, class, gender and learning differences, and are more likely to pursue college
 Students bridge cultural borders on a daily basis and build relationships across languages and geographies
 Students demonstrate cultural empathy and are prepared for success in an increasingly interconnected world

Long-term Impact
 We contribute to a more equitable public education system and prepare global citizens to lead their peers in a multicultural society.

Translate DEI to your site for strengths and growth opportunities

- Review definitions
- Why is DEI important?
- What are our current strengths?
- What are our opportunities for improvement?

Exercise: DEI at RAFOS

Diversity	<ul style="list-style-type: none"> • Having different types of people from a wide range of backgrounds, experiences, and perspectives. • Individual differences (e.g. personality, language, culture, sexual orientation, sexual identity, cognitive style, etc.) that influence the quality of service of learning.
Equity (v)	<ul style="list-style-type: none"> • Removing the predictability of success or failure based on background, race, color, ethnicity, gender, etc. (Adopted from: National Equity Project) • Student focus: The creation of opportunities that are capable of closing the achievement gap. • Employee focus: The creation of opportunities for professional growth opportunities and resources for functioning. • Education Equity: Education equity is the absence of barriers to learning based on background, race, color, ethnicity, gender, etc. This hinges on access to quality education, and excellent educators who are committed to equity. (Adapted from: The Department of Education)
Inclusion	<ul style="list-style-type: none"> • Putting diversity into action by creating an environment where all are valued and their voices are heard. • The active, intentional and ongoing engagement of all individuals (regardless of geographical location) with which individuals understand the complex ways in which diversity impacts our organization.

Tying it together: Diversity, Equity, and Inclusion

What does diversity/equity/inclusion look like at RAFOS? In each core aspect of our school model (see below):

Core aspects of our model	Why is DEI important?	What are our current strengths?	What are our opportunities for improvement?
Academic Instruction	<ul style="list-style-type: none"> • Diverse narratives and perspectives at play in curriculum, increases buy-in from diverse audiences • Want to bring rich experiences into the classroom - provide opportunities for highlighting diversity and inclusion • Our community is changing - should emphasize how important this is; we are attracting diverse populations and should speak to that • Demonstrate we value all types of diversity 	<ul style="list-style-type: none"> • Intentional about providing multiple voices in our work, designing instruction + choosing instruction - prevent students from being sheltered from diverse thought 	<ul style="list-style-type: none"> • Diverse background of stakeholders can help control for implicit gaps of experiences among staff • Examining how grading and assessment structures are designed - are they inclusive to different types of learners, those w/ statistical gaps • How we communicate our curriculum needs - be more explicit about who we are (Ex. EL program is novel based) • Building teacher's confidence + helping to provide support for having difficult conversations • What does an inclusive curriculum look like? Should broaden our lens. How do you promote socioeconomic change when you don't teach economics? Want to remain sensitive to the needs and status of these students (levels of affluence)

Essential Elements: Explore

Create a concise & accessible overview of 3-5 year vision

- Generate laundry list of strategic priorities & group into core buckets (five or fewer)
- Reflect on the WHY to generate an outcome statement
- To define core strategies, understand what it will take to get there and associated risks/stretch opportunities

Strategic Plan Framework

Core Goal 1 (staff development)
 Build trusting relationships and a culture of collaboration, innovation, and ongoing learning.

Key Strategies:

- Articulate and reinforce Compass' vision and values
- Improve processes for staff goal setting and on-the-job coaching aligned to performance management systems
- Improve methods of reflection, sharing, and collaboration across departments
- Support staff to pursue professional learning opportunities and share back key insights

Core Goal 2 (equitable scholar outcomes)
 Provide equitable support for all scholars by leveraging the full Compass community to advance each individual scholar's academic and social emotional progress.

Key Strategies:

- Create and reinforce org-wide standard measures for scholar success (academic and social)
- Educate, and motivate families to achieve shared expectations for scholar success using diverse communications channels and community events
- Improve our ability to identify and support individualized scholar support needs (academic and social)
- Develop and track measures of equity and generate new solutions to equity gaps

Core Goal 3 (growth)
 Position Compass to meet the growing demand for personalized virtual learning while proactively adapting to political changes.

Key Strategies:

- Review composition of communities and identify new families who may benefit from personalized virtual learning
- Monitor and assess implications of federal, state, and local politics and policy changes
- Develop a communications strategy to influence the narrative of Compass and promote its status as a premier public school
- Research and apply for new charters in smart locations that expand Compass's impact

Core Goal 4 (thought leadership & model innovation)
 Become a recognized leader in personalized virtual learning within California and across the US.

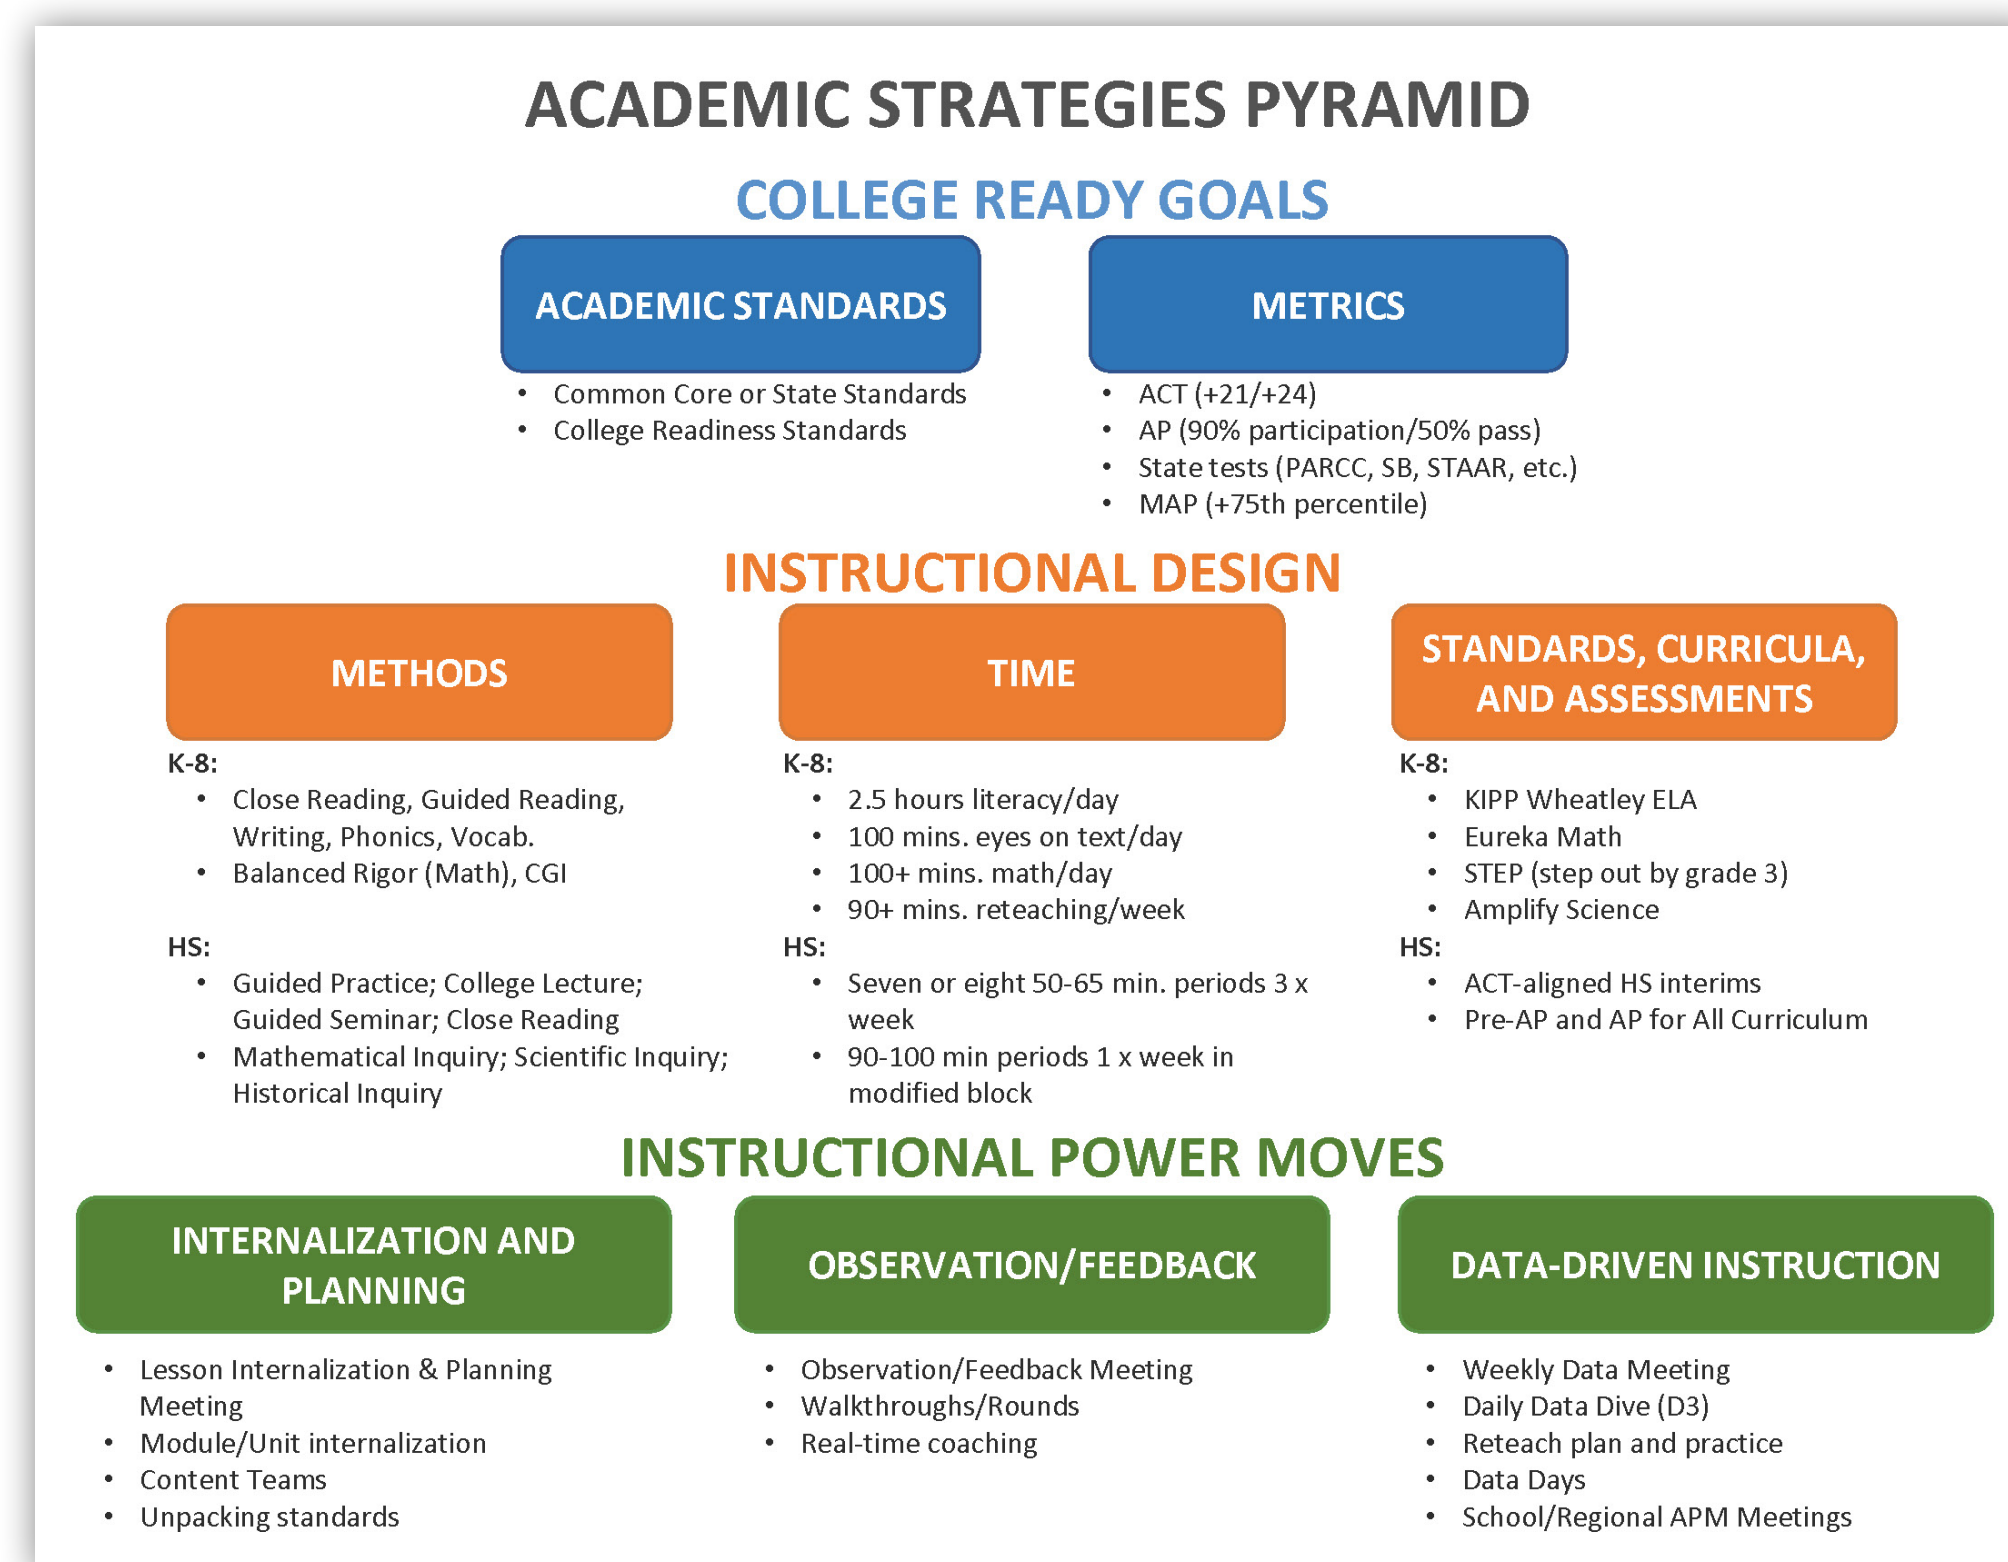

Key Strategies:

- Communicate Compass's approach, expectations, and unique benefits
- Stay up-to-date with advancements in curriculum design and delivery aligned with scholar interests and diverse backgrounds
- Explore new combinations of blended learning (virtual, in-person, on campus, and/or at home) and pilot new model enhancements
- Share Compass' key competencies with external audiences in California and beyond to improve the representation of personalized virtual learning

Essential Elements: Create

Utilize simple frameworks to refine and define core practices

- Align on core practices and common expectations
 - Academic instruction
 - Data and assessment
 - Coaching rubrics
 - K-12 “look-fors”

Reflections: Compass Charter Schools

- **Helps to align all plans to an overarching 3-5 year strategic vision**
 - A-G grant plans - we had conversations about this, plug it in, allocate dollars
 - We used to use LCAP as the northstar, but strategic planning requires nimble and responsive tactics to deploy
- **An updated narrative enriched by diverse perspectives:**
 - How you involve stakeholders in forming a story
- **Shared ownership of strategic direction**
 - “It’s not mine, it’s ours” - created buy-in and shared accountability
 - Required with LCAP but can be done in a more meaningful way - it’s broader than the 8 state priorities, more specific to our organizational identity

typography

The Spartan font is a geometric sans-serif font that has a range of versatility, so it can be used in a variety of sizes and compositions.

GPS uses Spartan Bold for headers, buttons, and call-out text. Spartan Regular is primarily used for longer body copy and smaller text. Weight variations may be applied as needed for emphasis and hierarchy purposes.

It is recommended to use the brand typeface in all collateral. However, in the event that Spartan is unavailable, please substitute with Helvetica.

“As the founder of Growth Public Schools, I knew this project would be an emotional one. In some ways, I was letting go of the GPS I first knew. But Friday’s clear process and the need to stick to a defined schedule helped me provide feedback strategically not reactively. There simply wasn’t time to look back until the end. And by that point, I was already in love with the new Growth Public Schools we had built together.”

Our Mission and Vision

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning and prepare scholars to take responsibility for their future success.

Our Values

COMPASS CHARTERS

- A**chievement: Engage in and take charge of your learning.
- R**espect: Be respectful in all interactions with fellow scholars, learning coaches, faculty, and staff.
- T**eamwork: Work cooperatively with all persons involved in your education. *Teamwork makes the Dreamwork*
- I**ntegrity: Behave following strong ethical principles, values, and academic honesty.
- C**ommunication: Frequently and proactively communicate with all persons involved in your education.

Community Providers: WIG

- Track scholar educational support fund budgets monthly to collect data on trends of spending and identify scholars with low or unusual spending.
- Provide monthly reporting to the Options Coordinators to aid in identifying opportunities to provide assistance to enable scholars to utilize the funds to meet their educational goals.

Scholar Educational Support Funds

The purpose of the educational support funds is to allow families, with the help of their credentialed supervising teachers, to choose curricula, materials, and services that are appropriate in helping the scholar reach their academic goals. This allows for flexibility in meeting the educational needs of the scholars as individuals in our personalized learning environment.

Scholar Educational Support Funds

Each scholar is allotted educational support funds according to their enrollment date. After the initial month of school, the funds begin to depreciate. These funds are seen in the learning coach's scholar's OPS portal and by their supervising teacher and the supervising teacher's coordinator. The Community Providers Team also sees the available funds when they are taking care of scholar's orders.

Scholar Educational Support Funds

Items and services requested by families to be purchased using allotted educational support funds are reviewed by the supervising teacher to ensure they provide educational value for the courses the scholar is enrolled in and that the requested items are nonsectarian, grade-level appropriate, and align to the scholar's Master Agreement. The Community Providers Department have collaborated with the Options Learning Program Department to create our Educational Support Funds Guidelines to help parents know what items are or are not permissible to order. It is noted on this shared document it is not an all-inclusive list.

Community Providers: FAQ

What is a Community Provider and how can a business become one for Compass?

We have two types of Community Providers, material providers and service providers:

- Material providers offer our scholars items including curriculum, art and school supplies, reading books, computers, science equipment (including gardening items) and PE equipment.
- Service providers offer in-person or live virtual classes.

Community Providers: FAQ

How does a business become a Community Provider?

- We require that the business is referred by either CCS staff or an enrolled CCS family.
- The business completes and submits a pre-application and the Community Provider Department “vets” the business to make sure they have been in business at least 6 months, have a working website, and that the materials or services they offer can be approved by a public charter.

Community Providers: FAQ

How does a business become a Community Provider?

- If the Community Providers Department sees the business as a good fit for Compass, the business is sent a full application to apply as a provider. Items needed on the application are a W-9, business proof, liability insurance, live scan or fingerprint clearance and TB proof.
- Once those documents are all submitted and reviewed the business is activated in OPS, our procurement platform.

Attendance

Nora Barnhart
**Attendance
Coordinator**

- **What is the most important thing you would like the board to know about your role?**

“I feel that reporting accurate attendance is very important for our school and I take that responsibility very seriously. I want to ensure that we have the best, most accurate attendance and I take pride in having a clean audit each year. I always strive to give my best to the role and want everyone working on attendance to feel confident and supported.”

- **What are some outcomes you are most proud of this year?**

“Our attendance numbers have been higher overall than in past years, especially in CCS-LA. This year in my attendance job aid I included some tips for teachers to try to prepare their parents for the expectations of completing their learning logs on time each month. I've also enabled teachers to sign the learning logs so that would help with our documentation and finalizing attendance each Learning Period. There are other factors also going in to this year with the re-engagement plans and legislation but I am trying to do my part to help contribute to our overall success and the success of our scholars.”

- **What is your favorite Compass memory?**

“I've been working here 9.5 years and it's hard to pinpoint one favorite memory, but I think I have to go with at one of the retreats when we did karaoke and a few of us sang "Don't Stop Believing" by Journey. It was a lot of fun and it's so great to have that time to socialize and get to know the people that we work with. I really appreciate having that when we are all so far apart and work virtually.”

Vanessa Plasencia
**Compliance
Coordinator**

Compliance

- **What is the most important thing you would like the board to know about your role?**

“The most important thing about my role is collaboration and communication across departments at Compass. I strive to engage teams with our data in the SIS and collaborate on ways to ensure compliance and efficiency per state reporting requirements.”

- **What are some outcomes you are most proud of this year?**

“I am proud of my ability to adapt to new changes and added duties. This year, I have added responsibilities: CA Dashboard Coordinator and Civil Rights Coordinator. In the charter world, change is constant. Amongst my already challenging duties as Compliance Coordinator, I think I have excelled in these new responsibilities for my first year.”

- **What is your favorite Compass memory?**

“I have many favorite Compass memories, but I think the one that I always think about is my first all-staff retreat because I had never been part of something like that with a company/ organization. We did a team bonding event that year where we were teamed up at random with staff members that you may not have known since we all work virtually. It was the most fun being goofy with my team!”

Records

Arianne Machgan

Silvia Neri
Records specialist

- **What is the most important thing you would like the board to know about your role?**
“I take tremendous pride in my new role and am excited for the opportunity to lead the Records team in ensuring timeliness and overall compliance in processing CCS records. I am grateful for the support that I have within my department to collaborate and feel that I have been able to take this position on pretty seamlessly.”
- **What are some outcomes you are most proud of this year?**
“So far, some of the outcomes that I am most proud of are that the Records requests have been consistently requested within days of notification and even caught up at some points (which the specialists said has not happened before). I have worked to build trust within the Records team and establish open communication as well as consistent meetings. I am always looking at ways to improve processes and more recently focused on ensuring that our documents are password secured to prohibit them from being modified.”
- **What is your favorite Compass memory?**
“My favorite compass memory is volunteering for field trips with the Reagan Library probably being my favorite. I haven't had the chance to volunteer for one yet but hope to do so soon!”

Enrollment

Vanessa Beyer
**Outreach
Coordinator**

- **What is the most important thing you would like the board to know about your role?**
“My role encompasses working well with my small team, but also being proactive and collaborating with other departments on a regular basis so that processes are refined and smooth. Without those relationships, the image we present to the public would be much more clunky.”
- **What are some outcomes you are most proud of this year?**
“So many! Re-enrollment has been very smooth so our incoming families have been able to get some extra support on their way in. We have also launched a new way of tracking incoming scholars that serves us well when someone is out--this way we never skip a beat.”
- **What is your favorite Compass memory?**
“The answer is easily any time we are all together in person. Wish we could do more of that!”

- **What is the most important thing you would like the board to know about your role?**
“The positive impact that this position offers to our scholars, parents, staff, and communities.”
- **What are some outcomes you are most proud of this year?**
 - Developed relationships with McKinney Vento families
 - Developed internal and external community partnerships relations and resources
 - 100% staff completion of McKinney Vento training
 - Becoming part of the Purple Star program in support of our military scholars
- **What is your favorite Compass memory?**
“I really enjoy our yearly retreats. Compass has become my second family and I enjoy seeing them, bonding and spending time with my colleagues.”

Operations Specialists

**Taylor

**Karina
Barbosa**

- What is the most important thing you would like the board to know about your role?

“The most important thing about our role in Compass is the fact that in our position we can help every department. We are cross trained in many areas of Compass.”

- What are some outcomes you are most proud of this year?
 1. Expanded knowledge in finance, community providers, special education, customer service, enrollment, CalPads, and audits
 2. Our skills in the SIS have grown and we are able to assist others across Compass
 3. Disney train the trainer!
 4. The chance to contribute new ideas for improving and streamlining processes
- What is your favorite Compass memory?

Academic Services Division Report
March 26, 2022

The members of the Academic Services Division continue to work hard to support scholars in having a successful school year. This report highlights several of the functional areas with updates for the Board of Directors:

- Our team is currently working on recommendations for the 2022-23 school year for anticipated staffing, resources, and expenditures to support scholar learning.
- The Leadership Mentoring program, which I lead, for the new coordinators, coaches, and administrators continued, along with additional coaching/goal-setting for coordinators being provided from the Learner-Centered Collaborative (through our board-approved Educator Effectiveness Grant Plan); we are honing in on best practices for providing support for staff to support scholars, as well as how to work synergistically with each other.
- Our Academic Support Team is working diligently to curate resources to support staff and scholars identified with potential indicators of dyslexia.
- Tiered re-engagement continues to reduce the truancy rate; the plan is regularly updated to streamline the process; while we are searching for our new Director of Options Learning, Janae Smith, our Director of Online Learning, has pitched in to support the Options coordinators with this process.
- Direct support session offerings for our English Learners (ELs) have increased.
 - ELs who attend tutoring for ELA outperform those who do not when it comes to assessments.
- Rates of ELs approaching proficiency have notably increased since last year and prior years.
- 504 scholars' benchmark assessment scores increased by 25% in early literacy, 8% in reading, and 14% in math between beginning of year and mid-year administrations.
- 67% of high school scholars are on track to graduate within their 4-year cohort; this number continues to rise.
- 28 scholars for Fall 2021 earned their high school diploma; 68% were within the 4-year cohort, with 43% being awarded a state seal of some type.
- Of those scholars participating in the Accelerated Course Options Program (ACOP) during Fall 2021, the course passing rate was 83%.
- Our new counselor position, funded through our Expanded Learning Opportunities Grant Plan, has worked with small groups in grades 4 to 8 with social-emotional supports and also facilitated short term individual counseling sessions with other scholars identified as high risk. Our Director of Counseling Services, Debra Stephan, is

currently working on an action plan to ensure that these mental health supports are expanded and in compliance with our board-approved plan.

- Graduation/Culmination: Virtual Kindergarten and 5-Grade Culminations have been scheduled for Friday, June 10; in-person 8th Grade Promotion and 12th Grade Graduation have been scheduled for June 14, 15, and 16.
- Average cumulative rating of engagement and satisfaction of Field Trips, Clubs, Virtual Scholar Workshops, and Learning Coach Academy remains high.
- The Online Learning Program has seen small increases across grade spans in scholars passing their courses, with 3% of scholars in K-8 earning a C or better, and a notable 5% increase in high schoolers who passed their courses
- The Options Learning Program has seen a continued positive shift in connection meetings to include more opportunities for showcasing scholar work, with 76% of families attending and participating in connection meetings in the first semester.
- The supervising teachers and Options scholars have anecdotally shared the positive impact that these sessions have on building relational capacity.
- As of March 16, Compass had 405 scholars with IEPs across all three schools.
- Our Curriculum Developer has compiled, modified, added standards to, and vertically aligned approximately 200 lessons in the lesson plan database.
- The Assessment Teachers on Special Assignment (ToSAs) hosted weekly scholar and learning coach CAASPP Workshops in February and March.
- The majority of grade level populations showed growth in reading and math in all three CCS schools. For grade levels that were flat, the academic teams are assessing the barriers, and putting additional supports into place.
- Small increases in achievement between Fall and Winter noted specifically for scholars with IEPs; further data analysis is required to determine barriers to more extensive growth and corresponding supports needed.

Extensive hard work is taking place, thanks to our dedicated staff, to continue to improve the educational experience we provide our scholars. My thanks to our team for everything they do each and every day.

Respectfully Submitted,

Aviva Ebner, Ph.D.
Assistant Superintendent
& Chief Academic Officer

Academic Support Highlights

- All three (3) Resource Specialists are completely onboarded and are providing additional weekly intervention sessions targeted by further skill-needs. Make-up sessions and office hours are also being provided. This support is in addition to our MTSS intervention tutoring.
- The number of weekly EL live session tutoring has tripled from what was provided to our ELL scholars in 20/21.
- EL and MTSS tutoring/resource groups are being tracked as live interaction in compliance with AB 130/167.

Academic Support Highlights

- A higher rate of TK-5 EL scholars are approaching proficiency (41%) in 21/22 compared to 20/21 (35%).
- The rate of 6-12th grade EL scholars that passed their Semester 1 ELA course increased from 78% in 20/21 to 88% in 21/22.
- Scholars that attend their live tutoring sessions outperform scholars that do not attend their sessions in their ELA courses:
 - 55% of TK-5 EL scholars that attended at least 25% of their live EL tutoring sessions are proficient or higher versus 41% that did not attend.
 - 79% of 6-12th grade EL scholars that attended at least 25% of their live EL tutoring sessions received a C or higher in their ELA course versus 63% that did not attend.

**please note that this data is further broken down by charter within our data slides*

Academic Support Highlights

- Growth in Lexia
 - TK-5 EL scholars showed considerable improvement (average of 6% increase) towards Grade Level Material from BOY to MOY in 20/21 and 21/22
 - 6-12th grade EL scholars show an improvement in all 3 Lexia areas from BOY to MOY in 20/21 and 21/22
- Scholars identified as needing intervention supports through our MTSS framework, improved in Reading, Math, and Early Literacy on the BOY to MOY STAR Benchmarks for all 3 CCS schools.
- Overall STAR benchmark scores from BOY to MOY improved for our 504 scholars by 25% for Early Literacy, 7% in Reading, and 14% in Math.

Outcome Determined at Meeting

Counseling Services Highlights

- CCS High School Credit Status Progress Data
 - February 2022 high school credit status progress data for scholars in grades 9th - 12th in meeting graduation requirements within the four year cohort at the close of the fall term.
 - 67% of high school scholars are on track to graduate within the 4-year cohort
 - 24% of high school scholars are at risk of not graduating within the 4-year cohort
 - 9% of high school scholars show severe credit deficiencies in meeting graduation requirements within the 4-year cohort

Counseling Services Highlights

- Counseling confirmed 28 scholars for Fall 2021 who earned their high school diploma and 68% were within the 4-year cohort with 43% being awarded a state seal.
- Scholar Participation in the Accelerated Course Options Program (ACOP) during Fall 2021 was 20%. The intervention program supports eligible scholars to recover lost credits or advance in meeting high school graduation requirements. The course passing rate was 83%

Counseling Services Highlights

- Through the use of ESSER Mental Health Supports, our new counselor position has supported small groups in grades 4th-8th and supported the facilitation of short term individual counseling sessions with scholars identified as high risk.
- In the process of expanding these supports with an action plan to address additional mental health supports for the 2022/23 school year.

Online Learning Highlights

- Online Learning Department WIG Update:
 - 88% (+11%) of teachers reported that the tool used to implement MTSS tier 1 strategies in their live sessions positively impacted their instruction and scholar learning.
 - 83% (+7%) of the scholars who were identified as “at risk concern” attended a connection meeting, received notices, and action plans were created during scholar collaboration meeting in efforts to support improvement.

Online Learning Highlights

- Semester 1 passing D/2 or higher
 - The Online Learning Department has seen an overall increase in passing rates in all grade levels and charters
 - This increase, especially with the Online High School scholars, in passing rates helps further meet the organizational WIG by those high school scholars earning credits towards graduation.
 - The Online high school passing rates were the highest than previous years (+5) with 75% of scholars passing courses and earning credits towards graduation.

Online Learning Highlights

- Semester 1 passing C or higher
 - These percentages represent scholar who are close to or at proficient in regard to meeting grade level standards.
 - There has been an increase (+3%) in the percentage of Online K-8 scholars earning a C or higher for semester 1 final grades than semester 1 final grades during the 2020-21 school year.
 - The increases appear to be linked to more opportunities to interact with the ST, such as synch homeroom sessions and connection meetings.

Online Learning Highlights

- Synchronous instruction and learning labs
 - The Online Learning Department has seen consistent attendance in the synchronous sessions.
 - Note that grades 4-12, scholars attend synchronous sessions in addition to their core content learning labs.
 - There is no incentive to attend these homeroom sessions, nor it is attached to a course grade like the content learning labs

Online Learning Highlights

- Synchronous instruction and learning labs continued:
 - The Online Learning Department is also continuing to see great attendance in core content learning labs
 - In grades 4-12, 68% of scholars, on average, attended learning labs during semester 1.
 - In grades 4-5, 73% of scholars, on average, attended learning labs during semester 1.
 - In grades 6-8, 76% of scholars, on average, attended learning labs during semester 1.
 - In grades 9-12, 60% of scholars, on average, attended learning labs during semester 1.

Online Learning Highlights

- Online connection meetings
 - These meetings were piloted last year and fully implemented this year.
 - The Online connection meetings have helped Supervising Teachers target scholar needs and review academic progress regularly with families.
 - Support LCAPs by providing opportunity for scholars to showcase their learning
 - Builds relational capacity with LCs and scholars

Online Learning Highlights

- Online Tiered Re-engagement
 - The Online Learning Department is continuing to see success with the Tiered Re-engagement process.
 - Tier 1 outreach and follow-up is addressing most barriers and resolving re-engagement concerns
 - Overall, only $\frac{1}{3}$ of scholars identified for tier 1 are moved to tier 2; only 3% of Online scholars progressed to tier 3.

Options Learning Highlights

- Options Learning Department WIG update
 - The Options Learning Department saw gains made on the WIG scoreboard, especially regarding scholars identified as “on watch”, per the STAR benchmark assessment, moving into the “green” for time spent addressing learning gaps by engaging in Freckle
 - Options connecting meetings held by learning period that were also in the “green” indicator.
 - The Options Advisory, Learning PLCs, and Coordinators continue to collaborate regarding addressing indicators that are in the “blue”

Options Learning Highlights

- Connection meetings
 - High rates (over 75%); opportunities for scholars to showcase learning
- Semester 1 final grades
 - Outstanding passing rates (97%) for semester 1 final grades.
 - As scholars show proficiency with grade level standards, the Options program contributes to meeting the overall WIG goal to prepare scholars for graduation and success in the next grade level.

Options Learning Highlights

- Synchronous instruction
 - Continue to see participation in attendance in synchronous sessions during our first year with AB130/167 requirements.
 - The Supervising Teachers and Options scholars have anecdotally shared the positive impact that these sessions have on building relational capacity.
 - We are seeing increases in scholar achievement correlated to the additional scholar/family interaction opportunities with STs.

Options Learning Highlights

- Tiered Re-engagement
 - The Options Learning Department continues to show success with the Tiered Re-engagement process.
 - The Tiered Re-engagement process also supports Supervising Teachers in assessing scholar academic progress.
 - The tier 1 notices have been effective in addressing the academic barriers and establishing the expectations to ensure scholars are engaged in their learning.
 - Only 2% of scholars were identified as needing tier 2 intervention; the number progressing to tier 3 was 1%.

Special Education Highlights

- Highest percentage of services across schools continue to be: Specialized Academic Instruction (SAI), followed by Speech-Language Therapy
- SAI tracked as live interaction, in compliance with AB 130.
- Supplemental curricula targeting math and reading that are available, and used during SAI, specific to scholars with IEPs include Learning Ally, Read Naturally, Ascend Math, and MaxScholar. They are all research-based and data-backed subscriptions.

Special Education Highlights

- As of March 3, 2022, Compass has 392 scholars with IEPs across all three schools.
- 14 Education Specialists, 2 full-time Special Education Coordinators, 1 Special Education Technician, and 2 Instructional Aides
- Contracted with new non-public agencies (NPAs)
- Most prevalent eligibility category is Specific Learning Disability, followed by Autism, then Speech-Language Impairment.

Special Education Highlights

- The average caseload for our Education Specialists is 25 scholars.
- CCS of Los Angeles has 151 scholars CCS of Yolo has 118 scholars, and CCS of San Diego has 105 scholars.
- There are 284 scholars with IEPs in the Options Program, and 114 scholars with IEPs in the Online Program.
- There are many NPAs Compass contracts with to provide related services to our scholars. Currently, Oxford and Presence Learning have the highest percentage of our scholars.

Special Education

- In CCS of Los Angeles, the percent of scholars with IEPs scoring at or above grade levels on benchmark increased by 8% in Reading, 6% in Math, and 9% in Early Literacy from Fall to Winter.
- In CCS of San Diego, the percent of scholars with IEPs scoring at or above grade level decreased by 1.9% in Reading, by 3.8% in Math, and by 4.9% in Early Literacy from Fall to Winter. We will research the causes.
- In CCS of Yolo, the percent of scholars with IEPs scoring at or above grade level increased by 0.9% in Reading, 10.5% in Math, and remained the same in Early Literacy from Fall to Winter.

Staff Support Highlights

- STAR Data
 - The majority of grade level populations showed growth in reading and math in all three CCS schools
 - Some grade levels were flat, so the academic teams are assessing the barriers, and putting systems in place, such as middle school Freckle learning labs, to ensure scholars are making progress in meeting their academic goals, and grade-level standards
 - The Staff Support team analyzed the mid-year data, and discussed that it is common to see a dip in performance from elementary to middle school, and then performance climbs again in high school.

Our Mission and Vision

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

Our Values

COMPASS CHARTERS

- A**chievement: Engage in and take charge of your learning.
- R**espect: Be respectful in all interactions with fellow scholars, learning coaches, faculty, and staff.
- T**eamwork: Work cooperatively with all persons involved in your education. *Teamwork makes the Dreamwork*
- I**ntegrity: Behave following strong ethical principles, values, and academic honesty.
- C**ommunication: Frequently and proactively communicate with all persons involved in your education.

A-G Completion Improvement Grant Program

The A-G Completion Improvement Grant Program provides additional supports to local educational agencies (LEAs) to help increase the number of California high school pupils, particularly unduplicated pupils, who graduate from high school with A-G eligibility requirements completed for admission to the California State University and the University of California.

A-G Completion Improvement Grant Program

School districts, county offices of education, and charter schools with 2020-21 Grades 9-12 Unduplicated Pupil Counts are eligible to receive the A-G Completion Grant. A local educational agency that is otherwise eligible and is receiving concentration grant funding as of the second principal apportionment certification for the 2020-21 fiscal year shall receive a total allocation of not less than seventy-five thousand dollars (\$75,000) for each section as applicable.

A-G Completion Improvement Grant Plan

Local Educational Agency (LEA) Name	Total Grant Allocation
Compass Charter Schools of Los Angeles	\$ 46,312

Plan Descriptions

A description of how the funds will be used to increase or improve services for foster youth, low-income students, and English learners to improve A-G eligibility

The funds will increase/improve services for the specified groups because they will have AP-certified teachers supporting them, they will have targeted tutoring available to them in English and Spanish (for English Learners), and because they will have additional support to successfully pass preparation coursework and actual A-G courses in the form of tutoring.

A description of the extent to which all students, including foster youth, low-income students, and English learners, will have access to A-G courses approved by the University of California.

Compass Charter Schools ensures A-G online course access to all scholars including foster youth, low-income scholars, and English learners. We maintain oversight and a yearly review of all A-G courses within our course list and offer a complete sequence of courses within all 15 categories (including project-based course options).

The number of students who were identified for opportunities to retake A-G approved courses in which they received a “D”, “F”, or “Fail” grade in the 2020 spring semester or the 2020-21 school year and a description of the method used to offer the opportunity retake courses.

Number of Scholars: 112

Compass Charter Schools, during the 2020-21 school year across all three charter schools, had a total of 217 scholars who were identified to retake A-G courses with a grade of “D”, “F” or Fail. Our program provides ample opportunities for scholars to retake courses during fall, spring and/or summer terms for all A-G courses. We also offer online credit recovery courses in the summer term.

A description of how the plan and described services, and associated expenditures, if applicable, supplement services in the Local Control and Accountability Plan and Learning Recovery Plan.

In addition to our existing offerings in our LCAP, we will have special tutoring service available for just our unduplicated scholars; this is in addition to our regular tutoring program offered as a support for our MTSS framework. Our LCAP includes professional development on a variety of topics, but did not specify AP certification training for staff; this will supplement the other professional development already identified in our LCAP.

Plan Expenditures

Review and Approval of the Purchase of myON and Accelerated Reader

Section: X. Academic Services
Item: C. Review and Approval of the Purchase of myON and Accelerated Reader
Purpose: Vote
Submitted by: Kasey Wingate
Related Material: Memo to the Superintendent - Proposal for myOn.pdf

RECOMMENDATION:

A motion to approve the purchase of myON and Accelerated Reader for two years.

Memorandum

To: J.J. Lewis, Superintendent & CEO
From: Kasey Wingate, Director of Staff Support
Date: March 26, 2022
RE: Proposal for Purchase of myON and Accelerated Reader

Item Requested: 2-year subscription to myON and Accelerated Reader, for the 2022-23 and 2023-24 school years.

Purpose: These subscriptions provide access to a large library of ebooks with corresponding quizzes to support reading comprehension, literacy development, vocabulary development, and reading for enjoyment.

Background Information: MyON is a digital library of over 7,000 books; the books are matched to each individual scholar's interests, grade, and reading level. We can align reading selections to the reading/lexile level of each scholar, which is available through our benchmark - STAR Renaissance. Accelerated Reader (AR) provides the quiz that scholars take after reading books in myON. The AR reports provide insights into scholars' progress, through pairing with STAR reading, to track mastery of focus skills aligned to state-specific learning standards.

Scholars will also have access to myON news, which gives them weekly age-appropriate articles. Additionally, it provides scholars with an equitable opportunity to learn and grow, reading books that match their interests and ability levels, across special populations. MyON provides an adaptive placement to deliver personalized recommendations and, subsequently, scholars will potentially enjoy reading more. MyON also has embedded supports to increase literacy and connect meaningfully with reading texts, such as highlighters, audio, annotation tools, and a dictionary.

AR works in tandem with myON, as scholars would read a book based on their reading level and interest, and complete an assessment to check understanding, giving teachers insight to make informed decisions, namely setting important personalized reading goals. AR has over 220,000 quizzes for titles in English and Spanish, as well as 2,000 nonfiction articles to support development of reading skills outlined in the Common Core State Standards. AR gives scholars the ability to take their quizzes synchronously and asynchronously, while providing immediate feedback. The teachers will be able to use this data from the reports to adjust goals, and personalize lesson plans.

We currently do not have a tool like myON/AR; we have a slightly similar subscription, Listenwise (contract ends in June and is ~\$16,000 to renew), though Listenwise targets *listening* comprehension (not reading), and it does not serve TK-1-grade scholars. We have not seen the expected usage we anticipated for Listenwise, unfortunately, despite our Supervising Teachers (STs), instructional coaches, and other staff promoting its use.

We are currently piloting myON through our partner, Renaissance, and our pilot ends next month (April 2022). Through the California myON 'Gift of Literacy' program, the California Department of Education and Renaissance provided free, statewide access to myON for all pre-K to grade twelve scholars in California for a limited time. Part of that pilot also included access to AR, which promotes reading outside of school, fostering a love of reading while supporting reading comprehension.

So far, we have seen higher usage for myON/AR than we did for comparable programs. The current usage for myOn from January, 1, 2022 through March 13, 2022 reflects the following: 805 books, 21,500 pages, and 10,400 minutes read by our scholars.

The benefits of myON and AR include, as highlighted by Common Sense Media: supporting authentic, interest-driven reading; providing real-time data on scholars' reading activities, which would help teachers motivate, differentiate, and celebrate their growth; books can also be found related to standards; and, when teachers select a standard, a list of books will show the book cover, the title, the Lexile level, lower and upper grade levels, guided reading level, page count, and the length of the recorded audio. This is important, as teachers will be able to ensure scholars are meeting grade level expectations, while also personalizing their suggested reading. Each scholar can have individual goals set for their reading.

Research: Ortlieb, Sargent, & Moreland (2014) assert that scholars who use myON digital reading outperformed their peers who did not. Engaging children in reading has been scientifically proven to increase reading comprehension in children (Metz, 2020). Providing access to books for children to read has been shown to increase academic achievement on reading assessments (Allington et al., 2010). Though AR alone does not necessarily have a direct link to improved scores, it has been a favorite of children for many years and promotes reading, not just for classes, for enjoyment (Solley, 2011). The more children read, the better their vocabulary; when aligned to a Lexile score slightly above their current levels, children's reading levels continue to increase.

Cost: The cost of myON and AR is \$194,254.20 for a 2-year subscription.

Recommendation: Due to the fact that AR is a well-known and accepted resource, current research supports access to myOn, the usage we have seen in access to the myON catalog of resources, the integration with Renaissance, the success we noted in the pilot with just a soft rollout, and the equitable access these programs provide, the recommendation is to move forward with purchasing.

Operations Division Report March 26, 2022

Great work is happening throughout the Operations Division. This report is meant to highlight several of the functional areas with updates for the Board of Directors:

- We are excited to share that Compass has moved its payroll processing to ADP. As Compass grows, the payroll needs are also increasing. While this has been a comprehensive project that has taken almost two months to complete, the benefits will impact all Compass staff. Not only can our staff see their current payroll information, we have also migrated over the last seven (7) years of information from our previous payroll company into ADP.
 - Also included with our partnership is ADP Employment Verification, powered by The Work Number® an Equifax Workforce Solutions service. We can now send verifiers, such as lenders and government agencies, to theworknumber.com for their employment and income requests. This service will provide a work reduction to both the Finance and HR Teams.
 - Staff also have access to many discounts with our new ADP partnership through Lifemart, a proprietary, members-only discount shopping website that provides discounts on over 8,000 nationally recognized brand-name products and services and local retailers. Categories include travel, electronics, tickets, family care, wellness, home & auto, financial and legal, apparel, flowers & gifts, and restaurants & dining.
- The IT Department has released a [Cyber Security Hub](#) through Linewize that provides information about the ever-evolving online safety concerns in an effort to provide awareness to the Compass community. This website is designed to provide staff and scholars with information about staying safe in the online environment and provides articles and information on various topics such as social media platforms, apps, and general cyber security.
- The IT Department has also released the Compass Data Studio, which will provide Compass staff with more visibility in both the registration and enrollment progress of scholars by grade and charter. This is a work in progress and built was internally. Updates are incorporated as needs arise from various departments.
- The Compass Curriculum Locker officially launched in February. Managed by Nicole Sendez, Office Manager, over 1,100 books including novels and curriculum have been cataloged and are available for scholars to borrow. The items in the Curriculum Locker are non-consumable books and materials returned by Options scholars.
- To date the Community Providers Department has added 98 new providers to our approved provider list. These new providers brought us to a total of 598 approved providers for our Options Learning Program scholars. The window for new

vendors closed for the 2021-22 school year on February 1; we will open the pre-application window in June 2022 for the upcoming 2022-23 school year.

- The Operations Department is made up of several teams including Attendance, Compliance, Registration, McKinney-Vento, and Outreach. The department works daily to ensure all scholars are well served. Some areas of note are:
 - Re-Enrollment - In collaboration with IT, the Operations Team rolled out a new way of processing re-enrollment. With our strategic plan in mind, we set out with a goal to make the system and process as efficient as possible. This year Compass families were given a simple survey asking if they would return for the 2022-23 school year. Families were emailed a unique hyperlink that generated a survey pre-populated with all of their information. Parents confirm their information and select returning or not returning, and that's it. Families did not have to resubmit or fill out paperwork to re-enroll. So far, the overwhelming response has been positive. Families appreciate the ease and efficiency of the new process.
 - The new process also prohibits responses from entering conflicting data into the SIS, it allows us to keep the responses outside of the SIS which protects the current data. Lastly, we set out to make all of it transparent to Compass staff. Any teacher, counselor, case manager, etc., can see if their scholar responded. IT updated the Registration Dashboard to include the data from the re-enrollment survey. So if a staff member is meeting with a family and they see the survey has not been completed, they can mention it. We have even made it possible for Compass staff to complete the survey for the family.
 - Operations Department Internal Auditing System - The Operations Team takes great pride in data integrity, always searching for ways to improve systems and processes. This year, Vanessa Plascencia took the lead in developing a comprehensive internal audit system. Each month the team is auditing over 600 data points in the SIS to include master agreements, residency, attendance, work samples, and apportionment days just to name a few. The new auditing system allows for collaboration and communication to not only spot errors but also spot trends that could lead to potential audit findings. The trends also provide information on areas that may need more support or training. Compass has a long history of clean audits and the Operations Team is committed to keeping that tradition alive.

A lot of great work is taking place, thanks to our dedicated staff, to continue to improve the educational experience we provide our scholars. My thanks to our team for everything they do each and every day.

Our Mission and Vision

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning, and prepare scholars to take responsibility for their future success.

Our Values

COMPASS CHARTERS

- A**chievement: Engage in and take charge of your learning.
- R**espect: Be respectful in all interactions with fellow scholars, learning coaches, faculty, and staff.
- T**eamwork: Work cooperatively with all persons involved in your education. *Teamwork makes the Dreamwork*
- I**ntegrity: Behave following strong ethical principles, values, and academic honesty.
- C**ommunication: Frequently and proactively communicate with all persons involved in your education.

Community Providers

Options Scholars - Educational Funds Spending

Community Providers Team

- Jeanne Hlebo is the Community Providers Department Manager. In her role Jeanne supervises (2) Coordinators, Linh Le Hass and Donnell Tyler. Jeanne directly oversees the scholar Educational Support Funds budgets to ensure that funds are correctly allocated and she works in partnerships with Online Purchasing System (OPS) for all scholar purchase tracking and reports. Jeanne also meets monthly with a cohort of Charter schools for the purpose of collaboration; various topics concerning providers are discussed.
- Linh Le Hass is one of our two Community Providers Coordinators; her area of focus is our service providers of which currently we have over 300. Kim Constanza reports to Linh and she assists with the processing of the invoices, with an average of 900 service orders per month. Kim also helps to process a monthly Amazon orders (approximately 125) and Linh reconciles the monthly Amazon statement. Additionally, Linh supervises the yearly renewal process of our service providers.
- Donnell Tyler is our other Community Providers Coordinator; her area of responsibility is our material vendors. Donnell has two direct reports, Brittany Simi and Shirley Trivino. Donnell and Brittany are responsible for the material orders and matching the invoices from our material providers. Currently, the department monthly average is 1,400 material orders. Shirley is responsible for the onboarding our new providers (98 this past year!) and she ensures our providers insurance and business licenses are all up to date. Material providers are renewed every other year – Donnell supervises this bi-yearly renewal. This year we will renewing approximately 250 materials providers.

Civil Rights Data Collection Key Highlights

The purpose of the U.S. Department of Education (ED) Civil Rights Data Collection (CRDC) is to obtain data related to the nation's public school districts and elementary and secondary schools' obligation to provide equal educational opportunity. To fulfill this goal, the CRDC collects a variety of information, including student enrollment and educational programs and services data that are disaggregated by race/ethnicity, sex, english learners, and disability.

- ZERO incidents of harassment and bullying across all 3 charters.
- ZERO suspensions and expulsions across all 3 charters.

Information reported on this survey becomes available to the public in a privacy protected format. You can see how the previous CRDC data were reported to the public by going to <http://ocrdata.ed.gov>.

Understanding the Financial Health of the Organization

The chart below explains some of the parameters that the school's leadership can evaluate to understand their financial health, and potential areas of weakness.

Current Ratio (Liquidity)

Ability to pay short-term obligations

Current: **4.3** Target: **> 1.0**

Formula:
(Current Assets) / (Current Liabilities)

Defensive Interval

Months of continued operation without incoming funds

Current: **4.4** Target: **> 4 months**

Formula:
(Cash + Securities + AR)/(Average Expenses for Past 12 Months)

Cash Ratio

Ability to meet short-term obligations with cash

Current: **398.8 %** Target: **> 100.0 %**

Formula:
(Cash) / (Current Liabilities)

At the current time, the areas of concern that the school needs to keep a close eye on are spending instructional dollars and managing restricted funds.

Funding Determination Overview

To qualify for a recommendation of 100 percent funding to the SBE, an NCB charter school must meet the following criteria:

- Spend at least 40 percent of total public revenues (which includes federal revenues, state revenues, and local revenues from in-lieu property taxes) on salaries and benefits for all employees who possess a valid teaching certificate
- Spend at least 80 percent of total revenues on instruction and related services
 - Instruction/related services do not include:
 - Operations and Facilities;
 - Administration and All Other Activities; and
 - Other Outgo and Other Financing Uses.

Memorandum

To: J.J. Lewis, Superintendent & CEO
From: David Brasch, Director of IT
Date: March 26, 2022
RE: TPX Communication Cyber Security and End Point Protection Proposal

Item Requested: Subscription for Cyber Security and End Point Protection.

Purpose: Cyber Security and End Point Protection are vital in today's ever-changing digital market. The need for effective endpoint security management and cyber security has increased substantially, with the rise in cyber security threats. As Compass Charter Schools has grown, the IT Department has found a need to have more advanced protection and cybersecurity.

Background Information: TPX is a company that offers many IT solutions and services. I have seen several of their offerings that would greatly support Compass Charter Schools.

TPX can offer us a robust device management platform with advanced End Point Protection for computers provided by Compass Charter Schools. This will also include a more organized way to keep devices updated and protected. Threat monitoring and alerts will give us notifications if something needs to be investigated.

TPX can also offer us Cyber Security Awareness and Training regularly. The program consists of training courses and randomized phishing simulation emails sent to staff. Those who are phished are automatically directed to appropriate training content to advance their skills in recognizing these scams.

I believe this platform will satisfy several of the points brought to our attention by our insurance broker regarding the Cyber Security insurance coverage requirements: regular (quarterly) training for staff on phishing and Endpoint Detection and Response software implemented. TPX offers support with both of these and more.

Cost: The cost for the Cyber Security and End Point Protection Plan has 3 options.
1 Year: \$153,405.00, 2 Year: \$255,211.50, or 3 Year \$319,287.50

Recommendation: I recommend implementing the Cyber Security Awareness Training and End Point Protection solution from TPX communication. Compass Charter Schools rely heavily on technology to operate, and we need to stay protected from current and new threats as they emerge. It is also essential

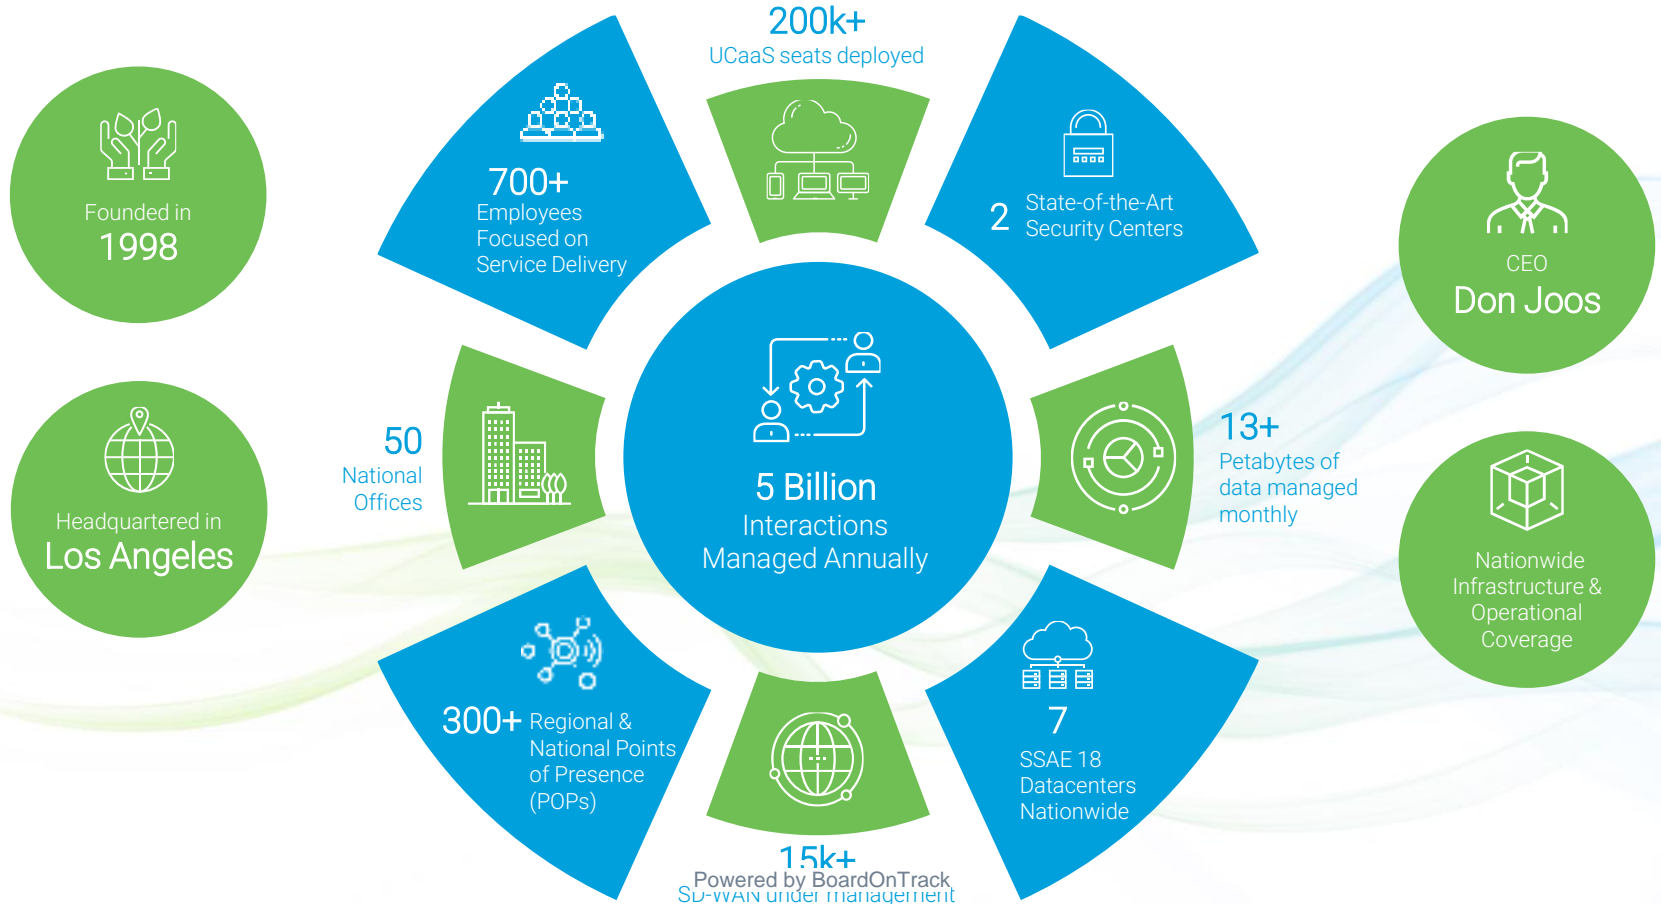

for everyone to be aware of the threats out there and for each staff member to do their part in protecting our organization.

Please see the TPX proposal.

Local Control and Accountability Plan

Goal 1

Goal #	Description
1	Increase scholar academic achievement in core academic subjects.

An explanation of why the LEA has developed this goal.

To ensure all scholars have access to rigorous curricula to prepare them for the demands of state standards, as well as a system of assessment to monitor progress and inform instruction and the implementation of responsive interventions to meet each scholar's needs.

Goal 2

Goal #	Description
2	Increase scholar and parent engagement/involvement.

An explanation of why the LEA has developed this goal.

The engagement of both scholars and parents is essential to the success of our community. Compass Charter Schools of Los Angeles (Compass) seeks to provide opportunities for parents to be meaningfully engaged in their scholar's educational journey and provide input on areas to improve the experience of students in alignment with the goals of the approved charter petition. Equally important is to maintain the engagement of our scholars to promote their academic growth, social-emotional wellness, and dedication to becoming self-motivated, life-long learners.

Goal 3

Goal #	Description
3	Increase college and career readiness for scholars.

An explanation of why the LEA has developed this goal.

Compass Charter Schools of Los Angeles scholars, as described in Goal 1, must have access to an instructional program which meets the requirements for post-secondary success, be that at an institute of higher learning or in a career of their choice. As such, ALL scholars must receive a high quality program which provides them with the requisite skills for success after graduation.

Goal 4

Goal #	Description
4	Ensure that at-promise scholars are making progress toward earning a high school diploma.

An explanation of why the LEA has developed this goal.

Compass Charter Schools of Los Angeles offers a unique model for addressing the current needs of scholars/families. This goal has been added to allow for continuous monitoring of our scholars who entered the Compass programs at various levels of high school with credit deficits and will enable our staff to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline. Compass Charter schools will monitor scholars identified as at-promise (including current scholars and late entrants) to develop strategic support systems to ensure these scholars persist to graduation albeit on an extended timeline.

How long have you been part of the Compass Community?

Charter

If you are in high school (grades 9-12), what do you plan to do after high school graduation?

I/we will be returning to CCS for the 2022-23 school year

I/we will NOT be returning because...

I believe CCS is committed to the success of each scholar.

At CCS, I believe scholars are prepared for their future success.

I believe CCS teachers are highly qualified in the fields they teach.

I believe CCS teachers are responsive to scholar needs.

I believe CCS staff members are helpful and respectful.

I am satisfied with the overall program offered at CCS.

I am satisfied with the communication between staff and family.

I would like to see more..

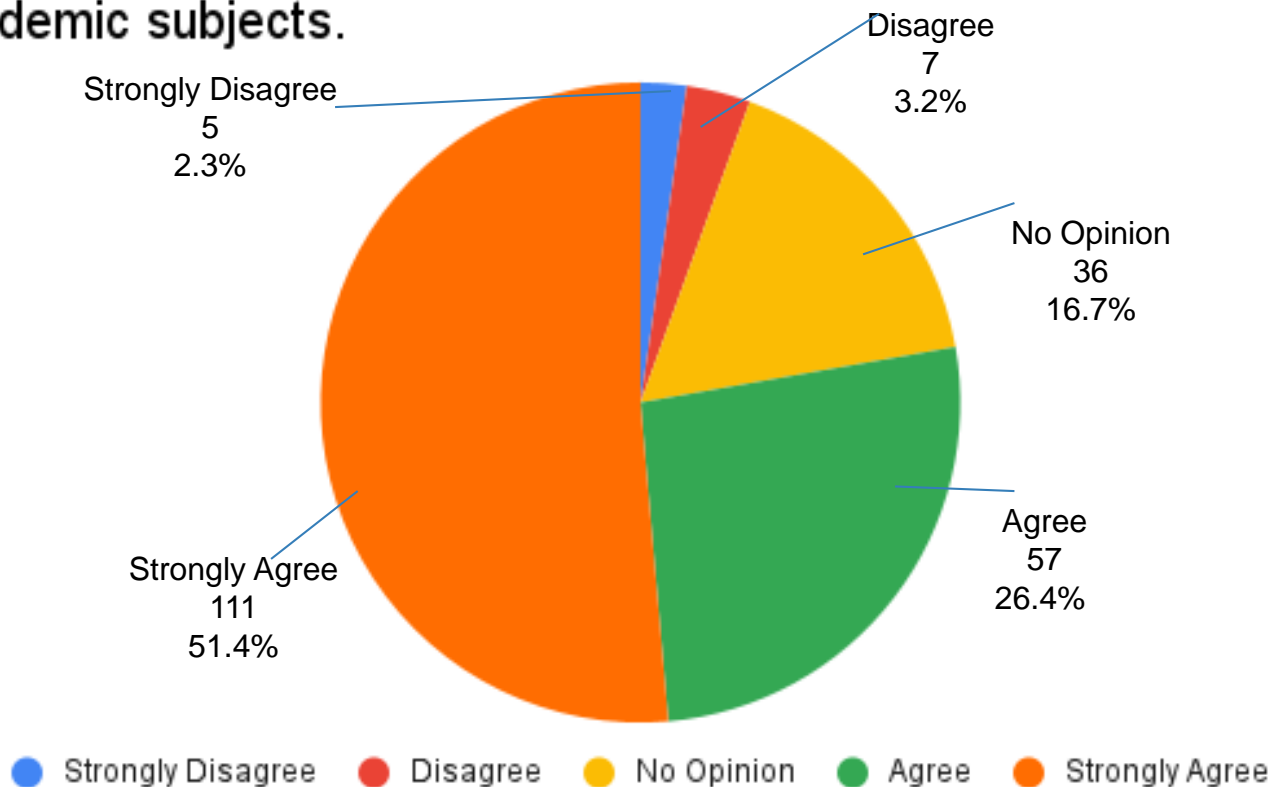

For the 2022-23 school year, Compass Charter Schools' priorities should be:

Goal 1: Increase scholar academic achievement in core academic subjects.

Goal 2: Increase scholar and parent engagement / involvement.

Goal 3: Increase college and career-readiness for scholars.

Goal 4: Ensure that at promise scholars are making progress toward earning a high school diploma.

2022-23 Planning Survey Feedback

Goal #1: Increase Academic Achievement

To what degree do you agree with this goal and its accompanying actions, be included in the 2022-23 Local Control Accountability Plan (LCAP)?

Why do you feel this way?

5	Well besides feeling like this should be our core. I believe we are rated on this by the state, by parents, by administration, by our authorizers. I agree it's important that our scholars are academically successful.
5	Very important
5	This gives our scholars a strong foundation for their future.
5	The ultimate goal of any school environment is to increase academic achievement of scholars. Thus, this goal is fitting.
5	The LC's and ST's work collaboratively to increase the scholar's academic achievement in their core subjects.
5	Strong understanding of core subjects will give students tools to succeed.
5	Sorry, i do not know how to explain.
5	So Compass is taken seriously as a school; for scholars' growth and feelings of success
5	Scholars can be successful with this goal and shows how to support scholars.
5	Scholar achievement is priority
5	Promotes growth!
5	Predicts future success
5	Porque es importante
5	Our ST has been very invested with helping Mt scholar improve her academic achievements
5	Our scholar's needs vary so greatly. I love that we have programs to address those needs.
5	Learning is hard enough we should do all we can to make it easier
5	It's important
5	It's good idea
5	It's a good goal!
5	It's important for scholars to gain knowledge to succeed in the future.
5	It seems like a good path
5	It is the way.
5	It is good to be achieving in academic subjects.
5	It is a core goal of mine for my scholar as well. I think it aligns with what most parents want for their child.

5	It can be easy for students to lose sight of their academic goals or put them on the back burner from home. However when they have the support from their school and at home it keeps them focused.
5	In our personal experience, and I know that not all parents feel this way, we have had the most amazing support in all areas of my scholars school. Compass steps in and looks for solutions, they are flexible, they listen to my concerns and ideas. They target specific supports and are very helpful with ideas and suggestions for Curriculum and how to not only help the scholar, but the parent as well.
5	In an IS Charter, Academic Achievement should be the #1 focus
5	If a student is success in one aspect of life, such as academics, they become success in other aspects of their life.
5	I've seen scholars improve from tutoring, and have worked closely to adjust lessons for scholar needs.
5	I trust the Educators to make these decisions. Core subjects are the goal.
5	I think increasing scholar achievement should always be a goal!
5	I like the inclusion
5	I feel this way because I know that it is very important to have academic achievement.
5	I believe this to be priority #1 given our role as a school.
5	I believe that students need a solid foundation in the core subjects.
5	I believe more (if not all) students should achieve academic achievements in core classes because those classes will help them with there future jobs and careers.
5	I agree with it but i think there needs to be some more support from the core teachers. They need to engage maybe have at least a 1v1 with the student and parent a semester per core class. Developing a better teacher/student relationship may encourage the kids to do better in those classes.
5	I agree because academic achievement should very important to a school.
5	I agree because academic achievement is vital to success in the scholars' futures.
5	Great supports for all scholars
5	Great plan!
5	For a scholar to succeed, they should have the motivation to learn to be able to achieve more.
5	Everyone is knowledgeable and helpful
5	es necesario buscar la excelencia.
5	Core academic subjects are keys to life.
5	Because it is a good goal.
5	Because in order to cover the achievements and success of the students. A lot of areas need to be covered.
5	Basic subjects can be basically needed in almost every career plansome students
5	All students should get equal education and opportunities to be successful
5	Academic achievement should be the foundation of everything else.
5	academic achievement should be high priority, ensuring scholars are set up for their future success

5	Academic achievement is very important!
5	Academic Achievement is the reason for school. The scholars need to be supported in their learning to compete with their academic peers.
5	Academic achievement is important.
5	A scholar's academic achievement is very important to not only the scholar but the school as well.
5	A good foundation in learning sets them up for success in the future
4	You are making us submit work with I Can statements.
4	Understanding of core subjects is essential to help children moving forward in life.
4	This identifies aligning courses to Common Core. We are not in a brick and mortar school because of their cookie-cutter approach. My daughter would not succeed if that was the only option.
4	These are real actions that can help achieve this goal
4	The school has well rounded programs catering to many needs of scholars, not just academic achievement, though it certainly aims at it, but also psychological issues, enrichment programs, field trips etc.
4	that's why they go to school.
4	Scholars need to be supported to achieve their academic success especially those who struggle.
4	Scholar academic achievement is important.
4	Not sure about the common core part
4	My daughter is thriving in the online environment but other children may need more support
4	Make these known to the scholars
4	It is also important to focus on SEL during this time of uncertainty.
4	It is also important for the scholars not only to excel but to know and understand the learning concepts in order to put their learnings into actions.
4	I think it is good to have high academic standers.
4	I think academic achievement is important.
4	I see growth
4	I like the summer academic access
4	I feel I need to be resppnsible
4	I do believe there needs to be more staffing for Vendor support. I did not have the best experience when it came to vendors. I had a specific vendor that had applied in the summer and was not approved until February.
4	I believe that all subjects, not just core, should be represented
4	I appreciate the support Compass provides to our families while also giving us freedom to teach our children as aligns with our morals and beliefs.
4	I agree because I believe that succeeding in core academic subjects sets students up for success.
4	Could a measure of happiness or satisfaction with learning also be included? It's not all about

	achieving, it's about loving to learn that will sustain us through life.
4	Active participation needs to occur first in order to increase achievement.
4	actions appear reasonable and relevant to the goal especially if you accompany data associated with the actions executed in your report.
4	Academics are important but wish there would be less focus on testing.
4	Academic Achievement is what we are striving for!
3	Where's the support for GATE?
3	Support is always welcomed.
3	Sounds good but I value the social needs of the kids
3	Not enough emphasis on arts and life skills
3	My kids thrived better when they had the choice to use K12 curriculum rather than solely online curriculum. We would be most grateful if K12 could be brought back, especially for the SPED kids, so that they can have the opportunity to hold textbooks in their hands and review/study from textbooks, and so Learning Coaches can have a teacher's manual to help facilitate the learning process more directly. We still want the online experience with the K12 software and access to Learning Labs and teacher-facilitated interaction, but we really need the hands-on aspects that the K12 curriculum provided. Being able to flip through textbook pages to find information rather than trying to click through reading screens brings a different aspect to learning that we desperately miss and need, and we would be most grateful if the "choice" between Accelerate and K12 was to be brought back, like it was a few years ago with Compass.
3	It's how I feel.
3	I know academic achievement is important to make our charter school look good in our culture that is constantly attacking charters, but honestly, academics aren't my top priority in life for my kids. I've known too many academics who thought they were smart but in reality had total mush for brains.
3	I feel this way because I think its going to be really different
3	I don't think Compass needs to be like other schools, I think the teachers passion is what separates you guys
3	I don't feel this applies to my students, but it may help others
3	I believe that each student should have the support to reach their academic goals, but I think the way we are currently rating "academic achievement" is flawed. Testing doesn't always paint an accurate picture of intelligence. Nor is it something that all kids should be forced to participate in.
3	I believe assuring my child's academic achievement is my responsibility and not Compass's responsibility. I have also never used anything listed under "support".
3	I appreciate and support the goal of increased academic achievement but would hate to see that focus take away from the flexibility that enables me as a parent to meet my children where they are in their interests and passions. I hope it wouldn't include more testing than already exists.
3	First, answer to parents, then focus on other things. This school is full of loopholes and gray areas that causes a great amount of stress. People are leaving because of it. It's all over social media. Parents are not happy that you're not answering us!
3	Academics is only one facet of learning as there are many other important facets that are equally if not more important.
3	Academic achievement is irrelevant to learning progress

2	The educational success of the child should not only rely on their academic achievement.
2	Not sure what some of those are, so I can't speak to those I do not know. Though I think Common Core is important to learn. I chose to homeschool because I want my son to have a well rounded education and learn all about what is important to know in life, and personally I do not think common core encompasses that.
2	Homeschooling is teaching to the student and not the state standards
1	To square for students.
1	That puts too much focus on forcing families to have to follow rigid public school formats instead of having the freedom learn in a way that best suits each individual child and family.
1	Scholar achievement in the core academic subjects helps better prepare a student for life and college
1	It's already a focus/ goal so no need to make it a goal... overfocused isnt good either.
1	All goals set by the school are in direct opposition with why we homeschool. We have a vision for our child's homeschooling and measuring with/by traditional school assessments is useless.

Goal #2: Scholar & Parent Engagement

To what degree do you agree with this goal and its accompanying actions, be included in the 2022-23 Local Control Accountability Plan (LCAP)?

Why do you feel this way?

<p>Goal #2</p>	<p>5 Engagement of both scholars and learning coaches is integral to being able to achieve the first goal of academic achievement. Scholars who are not engaged don't learn, period. Increasing the variety of engagement experiences will enable more scholars and coaches to participate in events/clubs/etc. I was quite surprised to hear that NHS was not already a part of the school experience at Compass. I'm happy to see that it is included in the new LCAP. I look forward to seeing community service opportunities in a variety of areas. I would also like to see more opportunities for high school students to engage with each other outside of a standard club or workshop.</p>
<p>5</p>	<p>The scholar workshops, field trips, scholar clubs, community services make an effort to nourish a scholar to grow as a healthy person rather than just a student.</p>
<p>5</p>	<p>The Sync classes are good because we are able to meet with the scholars on our end, however, the parents reach out to us asking us for clarification on issues related to Compass.</p>
<p>5</p>	<p>Socializing is an important aspect of development.</p>
<p>5</p>	<p>Parent involvement is important in a scholar's education.</p>
<p>5</p>	<p>I have benefit from this my daughter is learning more</p>
<p>5</p>	<p>The importance of parental access and engagement to the success of any school cannot be overstated. This is an area where Compass struggles as parents who work with various Community Providers express frustration. A parental liaison position in our engagement department who works directly with parents and community providers would improve parental satisfaction and scholar ability to access services and supports via our community partners.</p>
<p>5</p>	<p>Compass has thought of everything. If families want support and engagement we offer something for everyone.</p>
<p>5</p>	<p>Everyone is doing a fantastic job in this area, and our field trip options are awesome!</p>
<p>5</p>	<p>The children r our future let's invest in them</p>
<p>5</p>	<p>It is the way.</p>
<p>5</p>	<p>We all need to work together to keep the students on track.</p>
<p>5</p>	<p>I see this one as an IS Charter's number 2 challenge</p>
<p>5</p>	<p>I think scholar and parent engagement builds a better sense of community.</p>
<p>5</p>	<p>A lot of opportunities are provided for parents to become involved.</p>
<p>5</p>	<p>I trust the Educators to make these decisions. Scholars and parents must work together.</p>
<p>5</p>	<p>I think having children engaged in their education is key to success.</p>

5	Learning Coaches/Parents should always be involved.
5	I feel like if kids and their parents are both engaged then the students would feel more supported and the parents would be more aware of there kids grades and achievements which would help them do the best they can in school.
5	I really like the parent teacher monthly conference to help keep us informed and motivate us to stay on track with our students and show us what needs attention.
5	I agree because school communication is important, and parents can be more involved in their scholar's learning, which can encourage scholars to do their best.
5	Scholars need moral support.
5	hay que buscar la excelencia!
5	As parents we need to stay up to date and involved.
5	Compass gives you some opportunities other schools don't and I think that if the students aren't engaged, they'll probably not make good use of such opportunities
5	It is great to meet others
5	We need to get families and scholars involved in order to get them at a rigorous academic level.
5	I strongly believe the success of a scholar is dependent on the parents' level of involvement.
5	The parents and students should be involved when a child is learning and what they are learning.
5	When scholars and parents are involved and informed, they are more likely to feel part of the community at Compass. This invites them into the partnership with Compass, and they feel engaged.
5	Scholar and parent engagement/involvement is very important for not only the scholar and parent but for the school as well.
5	I believe more scholar and parent involvement creates a better learning environment, where scholars will be more motivated, as well as more likely to reach out and ask for help when needed.
5	All of those areas encourage engagement.
5	Love helping my child and spending time with him and seeing what he is learning
5	We do not have time for engagements
5	I like all of the options except the Awards. We teach to Mastery so it's unfair to others. Classes such as surfing and music should be available through a school contract.
5	Communication is important to create a school community
5	Because is very important scholars and parents engagement
5	Parents need help
5	More involvement usually leads to higher achievement/success.
5	It looks good.on paper. Execution is important

	I think Compass already does pretty great with this goal. I don't even use a fraction of the support that Compass provides for its families because I don't feel like I need it. I've created my own networks among the homeschooling community, but I can see these programs from Compass being helpful especially for incoming families who don't have established support locally yet. I'd probably be interested in a curriculum swap or something along those lines--that's something that would be helpful building our face-to-face community. I would definitely be game for an in-person community service project--I think that is likely our greatest tool in showing the rest of CA how important charters/homeschooling truly is and what a difference we can make (and that they should join us!) It would help decrease the anti-charter sentiment, I think. I'll have to look into the field trips. I think we'd be interested in those as a family if we can find a way to fit them into our crazy schedule. It would be nice to meet some other local families who are also with Compass since all our other friends are with PCA.
5	not sure why I agree
5	I like these ideas, but don't participate due to the hassle of the multi-part sign ups, lack of detailed plans (for field trips), confusing sign-ups/ wait-list surveys and policies. The parent meetings would be much better as drop-ins with not sign ups or commitments.
5	Too much involvement and activities gets overwhelming and takes away from what we are trying to accomplish at home.
5	Parents that need help should have access, parents that don't need help should be left to work with their child.
5	I feel like parents should always be included when it comes to their kids education.
5	Many of our families are more interested in what THEY are doing vs. HOW we can help them.
5	I think focusing on future job and college endeavors should be focused on before this.
5	It's how i feel.
5	From an options scholar, engagement is a bit more difficult but it is a great goal
5	While many people feel compelled to be involved, there are also a lot who like to work on their own and be independent, to an extent.
5	I feel like parents are already strongly engaged with school
5	Parent engagement is half of what the scholar needs.
5	To busy to do extra
4	Parents need to know what the plan is for student
4	Important
4	I think this would help make the work a lot easier.
4	I believe that in order for students to succeed, they need a strong support system at home and through the school.
4	It's important for the scholar to love learning and for the parents to be involved in the process.
4	the more scholars and LCs are engaged, the more connected they will feel to the school, and subsequently, their academic performance should should grow
4	Many parents do not understand how important their role is in making sure their scholars succeed
4	Being educated along side the student is important. The student does better when they

	have their teachers and their LC on the same page.
4	Better but still ... GATE support?
4	If scholars are more engaged, they will perform better. If they are more engaged they will connect with their teachers more. Which can result in more learning or more relationships with the teachers. If parents are more engaged then we will be able to help the scholars more as I believe it takes a team and partnership to have successful scholars.
4	These things help keep parents informed and engaged in their scholars schooling
4	It is vital to have parents and scholars on board with the goals of the school.
4	Sorry, i do not know how to explain.
4	I think parents are already so busy but of course it's very good if the stay informed about their child...
4	Engagement is important for retention, but many families are feeling increasing burdens outside of school which may result in needing to hold of on additional, optional activities.
4	Parents involvement is very important to ensure values and principles align with their children's education.
	There needs to be more informal involvement from parents/LC's and more support for the LC's/Parents. If they feel more supported and involved, it may help them to better support their scholars. School Communication: MMU/Newsletter.
4	Encourage scholars to take extra curricula activities (options funds) outside of school.
4	I see improvement over previous years
4	Up the field trips
4	engaging stakeholders via the actions noted above demonstrates a good multi-pronged approach to reach more families.
4	Parents haven't been able to be as involved in the last couple of years. Parent involvement on campus is a facet that is sorely missed!
4	My kids are the only ones who attends our STs virtual sessions.
4	I have not participated due to time limitations
4	Overall balance for student
4	As a working parent I don't always have time to participate and commit myself to more engagements.
4	You determine my student's depth of engagement in attendance and participation in homerooms. As an options student, I would say neither of those are good measurements for her engagement in her schooling. The homerooms are not skill-appropriate and are often at inconvenient times of the day. Having flexibility is a big part of learning at home.
4	Homeschooling is not about being involved with the "school"
3	I want the parents to be able to be more involved on campus at oclc , the community has a big gap bc of the rules that are keeping parents from developing community and helping on campus
3	I feel good. More comm. means a better understanding.
3	The scholars enjoy this

3	I am very involved in their day to day. I would like to see all students come prepared to the zooms etc.
3	I enjoy the virtual field trips and workshops.
3	It would be fun
3	I believe this to be true for academics, but I think we often spin our wheels trying to offer certain events or opportunities that don't align with our families intentions for involvement with the school as an organization.
3	This is important to learning progress
3	Great goal, offerings are good, but wonder if there is need to make participation more enticing
3	There are very few field trip opportunities in Yolo as compared with San Diego and Los Angeles.
3	We are doing our best, sometimes it just feels overwhelming to ask for more
3	The focus should be on getting the kids involved and providing them with a well rounded education.
3	I agree that scholars and parents need to be involved and engaged to a degree. I prefer to work independently and do not necessarily find my children's success is based upon community engagement, as we have involvement in other communities beside Compass.
3	Every family should do what works best for them
3	Field trips would be the biggest benefit
3	This year has been exceedingly disappointing in reaching this goal. Parents are still not allowed on campus and a 15 minute parent meeting in the parking lot does not constitute involvement. There are have been very few field trips offered in our local area.
3	Again already a goal/priority
2	engagement is good but sometimes people are a bit shy
2	That puts too much focus on forcing families to have to follow rigid public school formats instead of having the freedom learn in a way that best suits each individual child and family.
2	Since we're remote student/learning coaches don't get the regular meeting that they would in public. I think it's great that the school is making an effort to include the learning coaches/students.
1	I believe field trips are essential for learning and something that Compass should be offering more of. (which I'm hopeful will happen as COVID restrictions subside)
1	If we wanted to be more engaged/involved we would attend a traditional school. We homeschool to be able to do our thing, on our time, in our own way.

Goal #3: Increase college- and career-readiness for scholars in high school as evidenced by state and local indicators

To what degree do you agree with this goal and its accompanying actions, be included in the 2022-23 Local Control Accountability Plan (LCAP)?

Why do you feel this way

Goal #3	5	Important
	5	I am very familiar with A-G requirements and have homeschooled for many years. I recognize that there are many ways and alternatives to meet these requirements. I am disappointed to hear of limitations to a select couple of curricular resources. I think more work is needed in this area to expand opportunities for scholars. There are numerous providers of quality curriculum that should be available. Not every student learns well in the Accelerate Ed style, just as not all students are ready to jump into a college course. There should be alternative options to fulfill these reqs. For example, Silicon Valley High School offers online standalone courses that can be taken by homeschoolers. Why would this not be an option? Other charters accept these credits and similar courses from other providers. I don't see how taking 1-2 courses with another provider constitutes enrolling in another school.
	5	We need to produce and support scholars to be prepared, for at this point, the 22nd century. In just three years, the 21st century will be one-fourth over.
	5	Students need the tools to succeed in the future.
	5	Same as #1, and very important for scholars who are college oriented. Need more career readiness offerings! Volunteer , shadowing, internship opportunities?
	5	Scholars must be prepared for college and this information is wonderful.
	5	They are our future
	5	All of the things Compass does seems to work toward this goal.
	5	It's tough out there if u don't at least have the opportunity to go to college
	5	I think this is very important for them to succeed in life after graduation.
	5	We all need help to get to college
	5	It is important to be ready for the future.
	5	Absolutely! I have Received so much criticism in regard to choosing to homeschool my daughter and if she will be able to get into college because of this.
	5	Academic Achievement leads to success in this area as well...
5	I would love to see more career readiness implemented. I would like to see more personal finance and life skills offered, internships and partnerships with local business, etc.	

5	Many scholars need the extra support in this area, especially if they will be first generation college students.
5	I trust the Educators to make these decisions. College Preparedness is the goal.
5	Putting educated, skilled, and confident scholars out into the world after high school is very important, you want them to know that they have the knowledge and skills they need to be successful.
5	I feel this way because knowing what you're going to do in the future is extremely important and wise.
5	Career and college readiness will help ready scholars for their future. It would ease the scholars minds knowing what to expect instead of being totally unaware of what is to come. Scholars would do better adjusting to their new life.
5	I think these are very important things. I would like to also see some adult school options for certifications available and get Jr and Sr. H.S. Credit for it too for kids that are ahead on their credits. Some of these programs offer internships when they complete the certification for the top qualifiers which can help them get jobs or experience in their field of interest.
5	I agree since these things can help scholars in the long run.
5	Great plan!
5	To give scholars a headstart about their future.
5	hay que buscar la excelencia
5	The goal for my child is college.
5	It is good to have options at hand to set goals and have the tools to achieve it.
5	I personally didn't know anything about applying to colleges and universities until I asked my counselor
5	Important for our students to be prepared in order to be successful in their next steps.
5	A clear understanding of all the elements involved with college and career readiness will set our scholar up for success.
5	Another end goal of schooling. If our scholars aren't adequately prepared, they might spend college time remediating their learning. They should be able to compete with all freshmen at college, no matter their high school.
5	College needs to be pushed more.
5	College and career-readiness for scholars is very important and is a helpful thing to many.
5	It will be very helpful in preparing the for college
5	Supporting scholars through high school and into college is critical in helping scholars achieve their goals. This is a confusing process and many families need support as their students go through it.

	<p>Its wonderful how Compass is offering scholarships to high school graduates, counseling them, prepping them for college. Students are more confident with guidance from schools as many parents are not equipped with the necessary college experience nor 5 knowledgeable of changing trends in the academic arena.</p>
	<p>5 I am excited to hear more about our partnership with Snow College.</p>
	<p>5 College support will be very valuable in the coming years</p>
	<p>My daughter has big plans for college and I want her to have a lot of resources for college 5 information</p>
	<p>5 It is important to me as a homeschool parent that my daughter be prepared for college</p>
	<p>So our high-schoolers are more prepared and have a clearer motivation of what's to be 5 done after high school.</p>
	<p>5 I hope to enroll my children in dual enrollment when they are in high school.</p>
	<p>5 I feel like this can help students prepare for college more</p>
	<p>STs are having to fill in the gaps of college and career readiness because of lack of individual attention to individual needs and plans. Scholars have to seek out and reach out to get college and career advise instead of counselors meeting individually with scholars and laying out a step by step plan for college or career. Many scholars are lost in the process and some are unaware that preparation begins before they graduate. Such 5 as applying for college.</p>
	<p>5 Our scholars deserve all the help they can get in reaching their college goals!</p>
	<p>So that way more of us are prepared for college, because college is harder that 5 Highschool.</p>
	<p>All excellent goals. I was the first in my own family to graduate college and I felt like I didn't have a ton of resources to help me navigate all of the things listed above. My parents didn't know how to help and aside from an occasional school counseling session, I pretty much had to figure it out all on my own. The more encouragement and help we can give to point our students in the right direction, the better. This is far more important 5 than a focus on academics.</p>
	<p>5 I agree because I need help from people</p>
	<p>5 This is useful for college- bound students.</p>
	<p>Thinking about what comes after high school and what you can do doing high school to increase your chances of accomplishing your goals is important for scholars so they know 5 their options and can make a path.</p>
	<p>I think it's important our scholars leave our school ready to be successful in which ever 4 path they pick.</p>
	<p>4 This is crucial to our scholars' future academic success.</p>
	<p>4 Sorry, i do not know how to explain.</p>
	<p>4 I think this is the goal most parents want their children to achieve</p>

4	We are in elementary
4	College readiness is very important especially if you have kids close to getting ready for college
4	I think it covers everything that would get a scholar ready for college/University or a job. The only thing I think is missing is Lifeskills training and SEL training or courses.
4	I agree that students need equal support for college and career. Not all students are meant for college. I believe that more avenues should be made available for students to pursue apprenticeships and trades.
4	setting high expectations will change our culture to be more rigorous
4	I see some workshops on MMU.
4	This could help students feel more prepared for what comes after high school
4	Scholars need guidance, support and information on how to get to college and all the requirements they need to be admitted. The more preparation they receive the more opportunities they will have to pursue a higher education.
4	The plan should be up to the students if they want to go to college not the parents say you are going or want them too
4	Scholars need to be prepared for what comes after high school, but a lot of work needs to be done within the Options learning program to more clearly define course requirements for credit earned i.e. syllabi and pacing guides for HS coursework.
4	A better prepared scholar would be able to survive the craziness and demand of college life.
4	I think it is good to talk about collage especially for the people who are confused about what is going to happen.
4	I see it being discussed and shared more
4	Start emphasizing this conversation in 5th grade (and earlier). When my son was in brick and mortar in early elementary, they did career surveys each year. The results of those surveys really get kids excited about why they need to learn (to support their interests of future occupations!).
4	Agree, but would also like consideration for trade schools and other post-high school careers.
4	Allow younger kids that are advanced to participate
4	I do agree that scholars need to be prepped and ready for college.
4	Always good to keep options open
4	Still balance with stronger education focus
3	Not applicable to our scholar
3	Not as much as middle school down.

	3 I think we should strongly consider altering our focus from college-prep only to a joint focus with trade-directed scholars.
	3 I like to see my children succeed and be college ready, however they are still in elementary and middle school, so college preparedness is not on my radar at this time.
	3 My kids are still in elementary school so it doesn't apply yet. Great for HS scholars
	3 My scholars arent at this level just yet, so we are less exposed to these
	3 Good foundation, needs to address the options program in additional ways (highlight preferred programs/curriculum that focus on college readiness)
	3 This is good
	3 I think 'cause I'm just in 6th Grade
	3 Don't have any students near college yet
	3 College readiness helps me plan and prepare for college.
	3 This is fine
	3 Some kids are interested in vocational schools, not college
	3 Don't think this is useful
	3 Having a third and sixth grader, we're not quite there. I do not plan to stay with Compass through high school for this to be considered.
	3 I don't know i have a kindergartener.
	2 Some people don't want to go to college.
	2 Career readiness and other non-university post-secondary tracks should be given equal emphasis
	2 I still maintain that implementing rigid guidelines puts too much focus on forcing families to have to follow rigid public school formats instead of having the freedom learn in a way that best suits each individual child and family.
	2 Not every student wants to enroll in college, but it is nice that this is available for those who do.
	1 I believe that college is rarely necessary for success. While I will encourage my children to strive for academic success and that may include college, depending on their goals, I still do not think college should be the end goal for every student.
	1 College is not an end goal for our scholar, and its not a viable economic path forward with wages, student loans, and stagnant middle class wealth growth.

Goal #4: Ensure that at promise scholars are making progress toward earning a high school diploma.

To what degree do you agree with this goal and its accompanying actions, be included in the 2020-21 Local Control Accountability Plan (LCAP)?

Why do you feel this way?

Goal #4	5	Yes! Especially to the social part, so many kids that are homeschooled are missing that socializing part of school and it is crucial to their education. There is no division between academic learning and socializing they go hand-in-hand if you don't have one you will not succeed in the other. I know that for us that is a big thing is missing that social aspect of traditional school.
	5	Yes, graduation is very important.
	5	Yes important to have HS diploma
	5	Yes all scholars need to be encouraged and assisted in graduating.
	5	Wow. This feels exactly like the public school format that we left over 3 years ago. Too much state involvement, too much dictatorship, not enough freedom for families who want to homeschool. It's seeming more and more like this isn't the place for us.
	5	Wonderful that Compass has summer school! Tie in Goal #3--get kids on board with their goals/ interests.
	5	Why do you feel this way? / ¿Por qué se siente así?
	5	We as adults understand how significant a factor it is to have the diploma in hand when you are making choices about what is next. Some young people do not grasp the gravity of not having that until it's too late.
	5	We are so grateful for the social-emotional wellness focus provided by Compass Charters! This focus makes Compass stand out above the rest, and I personally believe this focus fosters an environment geared for great student success! Thank you for all you do!
	5	um, i dunno
	5	To cut dry. Maybe for older students even then I don't agree with this program.
	5	This will put parents minds at ease knowing their kids have the schools total support while they are doing their best at getting a diploma.
	5	This one seems like a no-brainer..
	5	This is very important because having these options available can really help a scholar who is struggling to make progress towards a high school diploma.
	5	This is one of the main reasons we are here, to help these scholars graduate and prepare for life outside of school.

	5 This is important to keep them on track to be successful in future endeavors and teaches them responsibility
	5 This is first time I have seen "at promise" so I don't know what that means. Again, we do not plan to stay with the charter through high school, but I can tell you, the last two years have only hurt many scholars social/emotional well-being and I have not seen much effort on Compass' behalf to remedy this.
	5 This is a priority
	5 This doesn't apply to my students
	5 These students still need to be supported throughout their high school (or younger) years.
	5 the students need to be stimulated to obtain the high school diploma.
	5 The current generation also needs emotional and psychological support with regards to modern life style and unwanted invasion of technology in students' lives. Summer school is a great way of encouraging students who need extra support.
	5 Sure. Diploma means better life.
	5 Students have a lot in their mind and can't quite remember what is needed for getting their Diploma
	5 Sounds good
	5 Sorry, i do not know how to explain.
	5 Since the day we enroll our children in school. Our goal is for them to graduate.
	5 Se deve ajudar a todo aquel que se este retrasando
	5 Scholars will need a diploma to get accepted in working Fields.
	5 Scholars scholars will be motivated to achieve this goal.
	5 Scholars need to learn hands on experience for them to be better ready and equipped out in the real world. Knowing theories about things will but hands on learning will take these scholars places.
	5 Scholars and parents need to know that their child will graduate.
	5 scholar success is critical; more so is their confidence to get over difficult situations
	5 Our ST has offered several opportunities to help our scholar with social emotional learning.
	5 One at least at the very least needs a diploma high school
	5 not sure
	5 Not really sure what this goal means?
	5 No debate on this

	5 Necessary to keep students on track.
	5 It's a very good goal!! Don't know if it the methods are working to get there.
	5 It's part of the school reputation. It helps parents and students know that you guys are working hard to make sure your students succeed.
	5 It's how i feel
	5 It shows the student what to look forward to.
	5 It is very important scholars are on the right path to graduate high school and have a clear understanding of what is needed to do so.
	5 It is important to support scholars and help them make progress
	5 It is fair
	5 Important
	5 Important
	5 I'm not worried about them graduating high school as much
	5 I trust the Educators to make these decisions. Although my child on an IEP will not be earning a diploma, from what I understand?
	5 I think this is a very important goal. But SEL should not be offered on Scholarly interested, it should be mandated into the "curriculum"
	5 There should also be Lifeskills courses offered.
	5 I think these things are very important. Especially if teachers can connect to students in a way that parents can't through assignments or class discussions where they feel like they are in a safe space in the labs and not feel like its a waste of time but a way to get to know the other kids.
	5 I think it is good to offer summer school for students that really need that
	5 I like to know that i am being taught the right things.
	5 I like the structured idea
	5 I hope so.
	5 I feel this way because earning a high school diploma is beneficial and not too difficult to achieve.
Goal #4	5 I feel that my son's counselor has not been a good advocate" and " her commitment to ACOP instead of getting him into classes immediately has caused repeated problems" Now she is trying to force him to take online summer school classes. The fact that after three years she still doesn't understand what he needs, how he learns, or what he wants is so discouraging.
	5 I feel more could be offered to target our at-promise scholars

5	I don't know what this means
5	I don't know what promise students are so I'm not sure if I agree or not but I definitely think emotional well-being should be a focus for all students.
5	I don't know what "at-promise" means.
5	I don't fully understand this.
5	I do not know what an "at-promise" scholar is, and you need a hyphen in the initial goal statement, and graphic.
5	I believe that having that extra help, time, and support would make such a difference for any at promise scholar.
5	I believe that at-promise students should be provided the help and resources needed in order for them to complete high school.
5	I am pretty sure this is emphasized in HS
5	I am not familiar with this goal or program.
5	I agree with this plan
5	I admit I am not knowledgeable about this area for "at promise" students so I can't really offer any commentary. I do wish, however, that all students were provided an opportunity to advance through summer school. Why can't a small amount of curricular funds be utilized for summer activities. All instructors complain about the slump over summer and some students really want to stay engaged or get ahead. This would be a great opportunity for all, not just struggling students.
5	High school is essential for our future and to continue college
5	High school diplomas are needed for jobs and further study
5	High school diplomas are important.
5	High school diploma is just the first of many achievements.
5	Help to stay focused is nice.
5	Good foundation, could use some additional actions on communication plans, and possibly peer-based tutoring/study group opportunities
5	For students who have struggled or are struggling these are good tools for helping them become successful students and graduates.
5	Fantastic goal.
5	Everyone should be given a chance and extra support when needed to reach their goal, in this case, their diploma.
5	Everyone needs to be 100% onboard to support this, ST's, LC's, Counselors, ELD, Coordinators, everyone.
5	everyone deserves a chance

	5	Every student deserves to accomplish a diploma. Making this a priority offers a boost of confidence for these scholars to move forward with their futures.
	5	Every scholar deserves supports and opportunities that will suit him/her to achieve great success. Expanding our offerings for at promise scholars--like developing a thriving CTE partnership, emphasizing work-friendly policies for juniors and seniors who are pursuing that route, and examining our graduation requirements to ensure that these work-force bound scholars are receiving an education most helpful to them would be ways to expand upon this critical goal.
	5	Every one needs help
	5	Earning a high school diploma is very important for every scholar.
	5	Don't know if this is already a goal
	5	Despite differing post-secondary plans, this will be necessary and important for scholars in their unique futures.
	5	At the bare minimum, students must earn a high school diploma! Not every student will be attending college, which is ok for some. A diploma is necessary for everyone!
	5	All of that sounds good.
	5	All kids should have opportunity for summer program
	5	Again, we offer so much. If scholars want tools for success they will find them at Compass.
	5	Again I believe we are heavily rated on this outcome.
	5	Absolutely essential!
	5	A High School diploma is a basic entry point for jobs in the future. It is a must for their academic progress.

Do you have any other feedback on either the 2021-22 year or feedback for the upcoming 2022-23 year that you would like to share with staff?

- "I believe that compass charter is a wonderful option for homeschooling and they are doing a wonderful job. There are a few things that I think could be better relayed for example on the what's happening this week there may be an event that we would like to attend however a link to this event or two more information would be very helpful.
- Another thing is reassuring parents and students that going to a charter school does not mean they will not be able to attend college."
- maybe less homework ☐
- I've seen a lot of turn over in case managers for IEP, how can they be better retained to best serve the scholars?
- You should be more straightforward about what the Compass Options "homeschool" program has become because it ISNT homeschooling friendly any longer. You have basically turned it into a distance learning public school and have forced the parents to sacrifice their freedom of choice for the best way to instruct their children in order to receive funding from the state.
- We've tried several clubs over the last three years. The great ones are really well thought out and include the scholars. This year there have been some disappointments--one club where the kids just talk about anime and not the subject.
- There are too many platforms and emails and different websites we need to use and a lot of important communication gets lost. I would like to be able to opt in to a secure text messaging with daily or weekly information (what is due today and this week, what events are today and this week, links to important forms sent directly, etc.)
- "My kids thrived better when they had the choice to use K12 curriculum rather than solely online curriculum. We would be most grateful if K12 could be brought back, especially for the SPED kids, so that they can have the opportunity to hold textbooks in their hands and review/study from textbooks, and so Learning Coaches can have a teacher's manual to help facilitate the learning process more directly. We still want the online experience with the K12 software and access to Learning Labs and teacher-facilitated interaction, but we really need the hands-on aspects that the K12 curriculum provided. Being able to flip through textbook pages to find information rather than trying to click through reading screens brings a different aspect to learning that we desperately miss and need, and we would be most grateful if the ""choice"" between Accelerate and K12 was to be brought back, like it was a few years ago with Compass.
- they are nice and respond quickly, except Mrs. Heinrich, she never answers my e-mails for school or anything else.
- Keep up the great work Compass!!
- You guys are doing great. Keep it up.
- I'd like to see Compass Charter's numbers compared to both the 3 authorizers and also to competing/similar charters.
- "I was a new student to Compass Charter School in the 2021-22 school year, and I have to say that I wasn't given a warning about how fast these lessons and assignments could stack up. I think new students should be more supported, especially during their first days where they are trying to figure out how everything works in this program, and they should be let known how to keep a good pace.
- I also request that there isn't that setting on the assignments where I can't go past the one that is currently not done. I'm not able to skip any quizzes or assignments, which can be hindering at times where I need to catch up. For example, it's like I'm stuck on one of the questions in the beginning of a test, but I'm being timed. The best course of action is to move forward and do what you can before the time runs out. The way it is, if I'm stuck on something, I'll be in the same spot for a long time, when more assignments and quizzes are piling up in my to-do list. "
- My families and I are super flexible and go with the flow of each year and the changes it brings! :). We're ready!
- No

- I have found this year to be incredibly frustrating and I have yet to make a clear decision about next year. I can tell you, I have not been pleased.
- I want to stay with compass but my son needs vendors local to us. That's our number one reason why we most likely will not stay. We are traditional homeschoolers and do lots of book work but we also need hands on learning. We need to be able to buy zoo tickets and museum tickets. We need to be able to do something like gymnastics.
- I wish that staff worked better with community providers and that there was better communication. Many providers have expressed their frustrations with the lack of communication to me and say that its almost impossible to contact anyone at Compass. Other potential providers have submitted paperwork and fingerprints etc and have never heard back from Compass. This is both embarrassing and frustrating and Compass needs to do better if they want to be seen as a top charter option.
- no.
- We love Compass experience. We love our Supervising teacher. She is extremely supportive and a guiding force for my girls. But we would like more field trips around our area or a little farther is fine too. Also regular meet ups pf the scholars to show their talents would be greatly appreciated.
- I want to create a student lead class for drawing, by me.
- I REALLY would like to see a higher Amazon limit or another option for curriculum and books.
- No.
- I would like to see, Coffee with Compass every month.
- No
- No
- It would be nice to see more scholar activities available in each county and recognition for achievements
- None
- Nope.
- Please please please let the Options scholars use funds for field trips next year!!
- No
- Only complaint is a simpler checklist of things parents need to do to to get the scholar set up. Also a quick go to guide for newer students to learn the system. I know a guide is given but there are numerous ones and they are fairly busy. Maybe a simpler 1...2..3 list.
- No
- It is so important that all the STs and other staff has the same information. You're using public funds for your yearly retreat yet nobody is ever on the same page. Also, maybe Compass should consider using JJs salary to pay for your Attorneys to fight parents who have children in SPED. Fix the entire special ed department. Grt rid of everyone and start over its an absolute disaster and has been for 6 years. Start bring in compliace no family should be waiting 2 years for an assessment. Stop always dropping the ball or passing the buck.
- Nope
- Please try to include more Visual learning for those who need it, like me.
- n/a
- No
- Thanks so much!
- I love the teachers at the OCLC and want then to have more freedom to do what they are meant to do- teach and love the students , not do so much paperwork and other things that don't feel as necessary for the school. It is a wonderful campus and I want it to have the freedom to fully function how it is meant to.
- First year in Options. Big transition. Love the teacher.
- I think everyone is doing a great job. Every year that we are here, the system has gotten better and easier to keep up with as a parent and for my children.
- N/A
- No
- I really appreciate how Compass is thoughtful and constantly striving to do better, always including the parents and getting our feedback

- I'm a bit disappointed with the SPED department. I feel like my son's case manager should be a Compass employee and not his outsourced Speech teacher. That department needs a lot of work and attention.
- No.
- I feel that if a child has decided to accelerate their learning. We should not deny them the opportunity to excel. My son has worked so hard to finish high school early and may have 1 elective that is holding him from graduating in June due to the counselor not being willing to add one class to get this accomplished. The only option that was given was online summer school. He has not been successful with online programs in the past.
- looking forward to targeting our school culture, as research shows strong school cultures motivate teachers, and highly motivated teachers have greater success in terms of scholar performance and outcomes.
- "I wish testing would go back to being optional. It stresses my anxiety ridden children out. Half the reason we homeschool is because of testing and my children's learning needs. Testing 4 times a year is just too much testing.
- I also wish our ST didn't ask for things that weren't actually in our Mater Agreement. I understand her reasoning, but if only two samples are required, it seems unfair to ask us for 20 samples a month. And to request they be turned in before they're actually due. If Compass puts out a schedule that says something is due the last day of the month, that should be the schedule. Having STs make their own schedule adds difficulty for planning and for projects being completed earlier just to make a sample. "
- I love seeing all the social media testimonials from the staff of Compass! Almost everyone talks about the community and family feel that we have at Compass and how they all support each other, all for the benefit of the scholars.
- No
- No
- Thanks for all you do, we love Compass, especially the OCLC.
- No none
- As someone new to the Compass family, but experienced with homeschooling and charters, I have a couple recommendations to improve the overall experience. 1) Please, please, hire someone to revamp the school website. I find it extremely cumbersome to navigate and find information as a parent. When I must resort to a Google search to find what I need from the school's website instead of using any internal search, there is a problem. An improved standard table of contents and index search should not be difficult to create. 2) The OPS vendor list is impossible to navigate. Is there a way to improve the search capabilities here as well? Multiple vendors state that they offer both virtual and in-person, but this has not been updated as options have changed. Some vendors have no description to let prospective parents know what services they offer, or the descriptions and websites are out of date. 3) Perhaps during Compass team training, work on communication tips for Counselors/ST's. When I have a question about course options and curriculum I can use, it is less than ideal to be bounced continually back and forth from counselor to ST to get answers. Encourage more thinking outside the box and creative options to get the same work done. 4) If there is a Facebook group for Compass families to connect and share, I know nothing about it. If this does not already exist, this would be a great way to increase communication and support from families in different areas throughout California. Sometimes it's nice just to meet others also homeschooling with Compass in your area. Help build friendships and share resources. Lastly, I just want to say that I am impressed with the compassion and support of staff, counselors and STs we've connected with at Compass thus far. The suggestions above are simply to further enhance the Compass experience. Sometimes it's helpful to see things as new families do. I would not offer these suggestions if I did not care to improve the outcome for others as well as ourselves.
- For the last three years our supervising teacher has quit. 1) What is wrong at Compass that so many teachers do not want to continue? 2) Some supervising teachers are not really onboard with homeschooling flexibility. 3) The mandatory testing is anti-homeschool philosophy and the emphasis placed on parents to align curriculum with state standards is a burden that should not be on the parents especially since there are no vendors selling actual California state textbooks

and you do not allow us to use funds to do so from the textbook companies, Amazon, or Abe's Books. 4) There are too many emails from Compass (ie; I don't want to be part of a parent's group or socialize.) 5) In short, homeschoolers want to be left alone to educate their children. Our kids have friends and activities and don't feel the need for virtual friendships.

- None
- Nope.
- Return to normalcy for our scholars as much as possible! Compass is doing a great job taking steps towards this but we're ready for more!
- Maybe switch to another online program.
- n/a
- Current personnel resources are not allocated in a way that best meets the needs of teachers and students. Our mission and vision are scholar centered (as they should be), but our staff structure is not meeting the felt needs of parents and their children who honor us by choosing Compass as their school. We can do better.
- Over focusing distracts energy/ motivation from parents who already care the utmost about their children's education. Support and accountability should be a priority but not overstep and frustrate parents who want their children to have the richest education possible. What's lacking is in person field trips and learning together. Online is a poor mode of engagement.
- "Glad you asked. First of all, my HST Jan Marquez is AMAZING. She has been honestly the best thing about Compass. I always know I can rely on her for help, and she gives me space and the flexibility that my family needs. And is always so kind and professional. I can't even begin to fathom her workload when I see the massive list of scholars she's responsible for on Seesaw (and knowing all the time and effort she puts in for each of my kids and every other individual kid--my brain honestly wants to explode for her). I really hope that Compass is able to do some reconfiguring in regard to the HST's workloads (maybe hire more of them to balance the intake of families?) because I know I'm not even seeing half of what is going on behind the scenes. Seeing what I've already seen, I can't imagine how the pay could possibly be worth it.
- I know there is a lot of crazy politics happening re charters in CA right now. I applaud Compass for doing their best with a really crappy situation this past year. Please continue to send us emails that help us stay abreast of the politics and the onslaught of anti-charter bills. We want to fight for Compass. Maybe there is a way to create a social media page or some sort of watchdog group of parents within Compass who can alert other parents and help us all better organize? I don't know my way around the politics of all that, so I don't know the extent of what Compass can actually do, but I am cheering for Compass either way.
- Compass has disappointed me regarding the following:
 - There was a surprise deadline regarding the onboarding of vendors this year. Honestly, with how few vendors Compass has in the San Diego area, I'd think that Compass would want to onboard AS MANY AS POSSIBLE ALL YEAR LONG. This was very frustrating to be given the vendor onboarding deadline with less than a week's notice. Absolutely no excuse for this. I know it's a process and Compass has finite resources to onboard vendors, but you really need to make some changes here. I have heard from several vendors now that Compass was the most difficult charter of ANY to become a vendor for this year--things were required by Compass that were not required by other charters, and in general the process was long and convoluted. Some vendors slowly and painfully made it through and others I know will not even bother to reapply/finish applying. This is very frustrating for me as a parent, because I don't want to have to beg a vendor to apply with Compass, and Compass already has so few vendors already in San Diego. I can't find martial arts or dance or swim--these are some REALLY basic vendors that we should have. I get that there was a big tumult when the pandemic happened (and tons of political garbage that followed), but time to clean it up and prove to vendors (and the families that want them) that Compass is on their side, because Compass is getting a bad reputation among vendors.
 - I was also very frustrated last year when my several hundred dollars of scholar's funds were wasted. In one case, had put in an order for items that were no longer available by the time they got ordered, so the company did not send them. Consequently, by the time

the rest of that order arrived and I found that those items were lacking, the deadline for making orders had passed, so I felt like I got the short end of that deal. Compass didn't think or care to make an exception/give me an extension so I could use that money. It got gobbled up and I was really upset by that. In another case, I had ordered things that I did not know were on the "do not order" list. But again, I only found this out after the ordering deadline had passed, and that money was no longer available to me. It was really unfair. Honestly, the "do not order" list is so huge, you can't expect parents to know every single thing that's on there (or even spend the hours to look through it that thoroughly every time they make an order). To negate that order after the deadline had passed and not even offer the possibility of even a single day to do a reorder was one of my most frustrating experiences with Compass yet. It felt a little like Compass betrayed my trust and did not have my best interest in mind--that it was just easier for Compass to keep that funding for Compass.

- I'm also really frustrated by the fact that I'm not able to start a 6 or 12 month subscription when I still have remaining funds at the end of the year. This MUST change. It's ridiculous that you can start a 12 month subscription in the fall (which will obviously cover the summer months that funding doesn't cover), but you can't start a 12 month subscription in the spring (which will also cover the same summer months). This is not okay. Why should I be limited by this when I find I have extra funding at the end of the year, especially if it keeps my scholar learning over the summer?"
- The support for kids that are advanced lacks. If kids in 1st grade have finished 2nd or 3rd grade standards... why are they forced to complete standards that are below skill level? There is absolutely no support for advanced kids.
- From an options ST perspective I think Compass Admin has done a good job of scaling back demands on STs to allow us space for the new requirements that have added new responsibilities to our plates this year. This is my 3rd year at Compass and I am feeling like things are more manageable. That could be because we are in the calm before the CAASPP/ELPAC, order deadline storm:)
- No.
- n/a
- No
- Be more responsive to parents concerns about their scholars learning goals.
- Me gusta ser parte de la familia Compass
- I live in Sonoma County and I don't get to go on any of the field trips because they are to far away so i would like it if there were more field trips and vendors closer to where I am
- Please provide other online options. I've said this multiple time last year and this year. Many of us can't use zoom because the government and military won't allow us to; they consider it unsecure. Therefore, we are missing out of a lot of things. Even if you were able to provide the video recordings afterwards that would help a lot. We don't participate a lot in anything because everything is on zoom.
- The amount of emails and messages gets overwhelming at times and hard to keep up with. It would be nice to be able to just get the basic information and then let our ST's give us the information they think we need.
- Just that we appreciate Compass and look forward to next year as well!
- no
- I think we have a lot of good but we do tend to sometimes make things more complicated. It is good to offer supports and additional resources, but as we add more and more, they get to be overwhelming to families and staff, and additional staff is sometimes added that complicates things even more. Also, sometimes we seem to head in directions that are not conducive or fitting to the Options program, perhaps due to not fully understanding it? I do think we need to be cautious to not make changes that are restricting us even more than upcoming state guidelines are requiring. We have really teetered on doing that several times this school year, sometimes tipping in the more restrictive direction.
- It has been challenging to order middle school curriculum. I had to personally purchase my daughter's math curriculum because McGrw Hill isn't a Compass Vendor and on Amazon it was

only sold by resellers. The format of submitting work samples is arduous and complicated. I literally have to print assignments of of Google Classroom and take pictures of them to upload to SeeSaw. Her supervisi g teacher wants us to tie each one to a specific standard. Some of these standards require multiple assignments over multiple learning periods. I would prefer to give her teacher our annual plan and submit assignments along the way. We do all the assessments so it is very clear she is progressing.

- Thank you all
- I would love to see more in-person vendors added in North County San Diego or an easier process for vendor approval
- I am thankful for our wonderful ST. She is responsive, experienced and helpful! I think vendor processes might need some help.
- Is there a forum for parents to get to know and support each other? (I may have missed it.)
- N/a
- Please bring on more vendors in the NorCal region
- Please have Lego Club Teachers actually "teach" the students something. My students get very bored in Lego Club Meetings. We assumed the teachers would be teaching the students how to construct items with Legos, or other activities such as Math with Legos, or any subject at all with Legos. All they do in the Lego Club Meetings is share whatever they have built at home, on their own time, with their Legos, without any instruction at all from the teachers. My students have to wait a whole hour, just to show whatever they have built during the month between meetings. They get bored, and sometimes actually start dozing off. Please have the Teachers teach the students something educational with Legos, such as S.T.E.A.M. or any other subject. Or at least engage the students by having them construct something while following the teacher's instructions brick by brick. Please improve the Lego Club Meeting activities, or lack thereof A.S.A.P, because as it stands, presently, my students don't want to attend Lego Club Meetings anymore. Thank you for your consideration.
- Please be clear with your New Vendor Service Request deadline. The Feb. 1st deadline was not published in your school handbook or budget guideline materials nor was it noted in any weekly communications from the school and was lacking in any email from the ST that I could find. Since this has to do with using and accessing public education funds, I strongly request highlighting that deadline to families in your school communications and materials multiple times prior to the deadline. Your other material and curriculum deadlines are noted clearly, but not this particular one. This omission lacked transparency with financial consequence .
- None
- Absolutely. I totally against the new rennacance testing. Just because a student needs to work out problem on paper or reads just a bit slower doesn't mean that they are learning less or even a ok judge of thier knowledge. The problems move by way to quickly. I think teachers should be able to give students more time if they need or the test should be changed to have more time
- There needs to be mask choice for the OCLC. I understand Compass is a public school and must abide by state guidelines. However, the school should also advocate for what is in the best interest of students. Masks are not it. There is too much data available, and now precedents set by other states, to continue to abuse our children by making them wear masks when they do not need to wear them anywhere else in their community. I will be withdrawing both my students next year if masks are mandated at the OCLC. These kids are too young and resilient to this virus to have their faces covered while trying to engage in learning. The OCLC staff and community are truly wonderful, and we will be heart broken to leave should Compass not adopt mask choice by advocating for what is best for their students.
- It takes too long for teachers to put orders in. We need our curriculum and supplies in a timely manner to teach our children. It shouldn't take weeks-months for a teacher to put in our orders.
- This was our first year with Compass and my childs first year of school. I have seen such growth in him. Compass has given me the support I needed to ensure I am giving my child the best education and experience in life.
- No

- We have loved working with CCS.
- I mentioned it earlier but it would be extremely helpful if Compass could reinstate compensating for one-on-one online classes through Outschool. Compass currently pays for "flex" classes that are not live and basically video recordings. This is less than ideal. I believe it was a safety/liability concern but I know that Outschool seriously vets all of its teachers and records all of its classes for safety and monitoring. Living in a rural area in Lake County, live Outschool classes really help my children feel more engaged and get to have a bit of social time as well.
- My feedback doesn't matter, as every single thing I've ever suggested and requested have never been heard nor answered.
- Would like to see funds able to use on independent field trips. Would like to see less reporting requirements and forms for busy Options families.
- No
- we need to have more vendors in yolo area
- It would be nice to have student ID cards and access to P-EBT cards (if they are still going to be issued next year). There also needs to be a standard set of expectations and requirements among the STs.
- I am so sorry, please disregard my answers, I have only been at the school for a couple of weeks.
- Please add more vendors to the Ventura county(Thousand Oaks). Please add vendors - IXL, Ascend Math, Read Naturally, Moby Max
- We came to compass because we did not have to do copious amounts of paper work to school our children. That has changed over the past year. It would be great if Compass could figure out how to make it so that so much paper work does not have to be done on the parent / educator side. With 3 children, 2 of which have IEP's - the paperwork is taking valuable time away from educating my children.
- We need more options for math tutoring for all ages Especially middle school.

[Resources](#) > [Charter Currents](#) > **Charter Currents: Governor's Budget Proposes Massive Funding Increases, Issues Vague Call for Charter School Funding Protection**

Sacramento, CA—Governor Newsom outlined his proposed 2022-23 state budget this morning during a lengthy press conference, including a large cost-of-living adjustment and continued implementation of massive K-12 program expansions; he also issued a vague call for protecting charter schools from pandemic-driven enrollment and attendance declines.

A large surplus of state tax revenues is fueling major expansions of many state programs causing the state to exceed its constitutional spending limit. Key features of the governor's proposals from a charter school perspective include the following:

Local Control Funding Formula (LCFF): The governor proposes to fund an estimated 5.33 percent cost-of-living adjustment (COLA) for LCFF and several other categorical funding programs.

Declining Enrollment/Average Daily Attendance (ADA): Newsom proposes to expand the protections that school districts enjoy under current law when their enrollment and attendance declines and results in corresponding ADA-driven funding losses. Specifically, Newsom proposes to extend the one-year protection that school districts enjoy under current law to fund districts based on the greater of the current, prior, second prior, or average ADA of the prior three years, whichever is greatest. For charter schools, which currently enjoy zero protection from declining enrollment/ADA, Newsom states that his “administration intends to engage in outreach and discussions with interested parties throughout the spring to explore options for providing declining enrollment protections for charter schools.” The budget includes \$1.2 billion in additional funding to pay for estimated costs of providing these funding cushions.

Independent Study: The Governor’s Budget states that “in 2022-23, independent study will continue to be an option for LEAs” and calls for streamlining independent study attendance accounting by allowing recently-mandated synchronous instruction to count toward instructional time when computing independent study ADA, whereas current law bases independent study ADA primarily on the “time-value” of student work products. The budget also calls for unspecified additional flexibility on the timeline for local education agencies (LEAs) to collect signed written independent study agreements.

Expanded Learning Opportunities Program Implementation: Newsom calls for funding an additional \$3.4 billion of ongoing funding, on top of the current year’s \$1.8 billion, to provide low-income students in grades TK-6 with 9 hours of instruction and academic enrichment every day and for 6 weeks each summer, plus an additional \$937 million of one-time funding for unspecified Expanded Learning infrastructure.

Early Education: The governor proposes to fund the planned expansion of transitional kindergarten (TK). Current law funds TK for serving students turning five years of age between September 2 and December 2. The Governor proposes to expand this starting in 2022-23 to serve students who turn five between September 2 and February 2, the first of several years of planned TK eligibility expansions toward the goal of serving all four-year-old students by 2025. The governor also emphasizes giving parents of TK-aged students the choice of attending a State Preschool program; he proposes adding \$308 million to the State Preschool program to provide additional funding to fund new requirements for preschools to serve at least 10 percent students with disabilities and provide additional support for dual language learners, among other proposed changes.

Charter School Facilities Grant and School Facilities Program: The governor proposes appropriating an additional \$30 million of ongoing funding to support the Charter School Facilities Grant Program. These funds could partially backfill the large, growing funding deficit in this popular program. Newsom also proposes spending \$1.3 billion of one-time funding to support the state’s School Facilities Program. During his press conference this morning, the governor indicated that he favors this new “pay-as-you-go approach” using current state revenues rather than California’s historic pattern of borrowing to pay for facilities by issuing periodic, multi-billion-dollar state school facilities bonds.

Career Pathways and Dual Enrollment: The governor calls for spending \$1.5 billion one-time funding to support the development of career pathways focused on technology, health care, education, and climate-related fields plus an additional \$500 million one-time funding, spread over four years, to expand community college dual enrollment options.

Electric School Busses: The budget proposes spending \$1.5 billion to provide LEAs with one-time grants of \$500 thousand or more to buy electric school busses and related charging infrastructure.

Universal Free School Meals: The budget proposal includes \$596 million of ongoing state funding, in addition to the \$54 million in the current-year budget, in order to fund previously-planned universal access to twice-daily subsidized school meals for all students, without regard to family income, plus \$450 million of one-time kitchen infrastructure grants. This proposal would support implementation of the call for a universal meal mandate for students to start during the upcoming, 2022-23 school year.

Early Literacy: The governor proposes spending over \$700 million for various one-time early literacy initiatives, of which \$500 million would be for schools to hire literacy coaches and reading specialists.

Special Education Funding/Reform: The proposal includes \$500 million additional, ongoing state special education funding, paired with various policy changes, including basing funding on LEA-specific data rather than the SELPA-wide ones currently used, allocating mental health (ERMHS) funding directly to LEAs rather than SELPAs, and developing a special education addendum to the LCAP, and other reforms. Notably, the budget includes no mention of the more radical

reforms recommended in a recent report commissioned by the state from WestEd which called for the state to eliminate SELPAs and implement other major changes.

Teacher Workforce: The budget includes over \$54 million for various teacher workforce proposals, several of which would continue current efforts to expand the supply of credentialed teachers.

CSDC’s Upcoming Governor’s Budget Webinar

While CSDC generally is pleased with the large funding increases proposed in the governor’s ambitious budget, we are also concerned with the apparent, unrealistic pace of program expansions and continue to strongly advocate for more specific protections for charter schools to cushion pandemic-related enrollment and attendance losses.

CSDC will offer a more detailed analysis of the Governor’s Budget and initial legislative reaction to it during our [upcoming Governor’s Budget Webinar](#) next Tuesday, January 18. These will include our charter-specific analyses of the text of the actual Budget Act legislation and other key details that will be made available by Newsom’s staff in coming days.

[Resources](#) > [Charter Currents](#) > **Charter Currents: Draft Budget Trailer Bill Defers Expanded Learning, Shorts Transitional Kindergarten Funding**

Sacramento, CA—Governor Newsom’s staff posted 103 pages of draft K-12 education budget “trailer” legislation this week, fleshing out some key details of his proposed 2022-23 state budget. The trailer bill includes several remarkable twists, especially related to independent study and delaying a mandate to offer expanded learning. CSDC addressed most of the governor’s proposals [during our recent webinar](#), while this article summarizes and explains the key new items of interest to charter schools revealed in the trailer bill, including the following:

Expanded Learning Opportunities Program (ELOP) Delay: The trailer bill would continue and expand funding for the huge new Expanded Learning Opportunities Program (ELOP), but also push back the deadline for local education agencies (LEAs, including charter schools) to offer the requisite services as a “condition of apportionment (funding).” This huge new program will provide funding based on counts of high needs students in grades K-6 to extend the school year to 205+ days and school day to 9 hours.

Current law is already funding LEAs to provide these programs, despite the fact that most have little or no capacity to launch them during the pandemic. Eligible schools were automatically provided funding by the state in the current 2021-22 school year to launch these programs. In practice, however, launching these programs is nearly impossible during a pandemic with associated staffing shortages. In response, the Legislature amended the ELOP laws to defer the requirement to provide the requisite services in 2021-22 by one year to 2022-23. The amended law also allows LEAs to spend the 2021-22 funds on planning/launch costs and to carry over funds into the following year.

The draft trailer bill would further defer the “condition of apportionment” deadline by a second year, until 2023-24, while technically continuing the requirements related to offering the program. It would continue and augment funding and allow carryover of funding into subsequent years.

Funding would increase to \$2,500 per ADA in grades K-6 for those schools serving a population consisting of at least 75 percent “unduplicated” pupils who qualify for supplemental funding due to low-income, English learner, and/or foster youth status. These schools would be expected to offer all students in grades K-6 with access to expanded learning by 2023-24. The trailer bill would provide unspecified smaller amounts to LEAs serving lower proportions of unduplicated pupils and these schools would be expected to provide access to expanded learning for at least half of their unduplicated pupils.

Starting in 2023-24, the trailer bill establishes pro-rata, claw-back penalties for LEAs that fail to offer compliant programs for each day they failed to provide the requisite access to expanded learning. The bill also appropriates \$800 million of one-time funds to provide additional grants based on a formula that rides piggyback on the main program formulas. The funds would be allocated over a four-year period. LEAs would be required to spend at least 75 percent of the funds on arts-related infrastructure, as defined.

For further information on this massive and complex new program and how it relates to several other key program expansions, CSDC has posted recordings of our in-depth [New Categorical Programs workshop](#) from our December conference on our website.

TK Class Size Reduction on the Cheap: The trailer bill calls for boosting the Local Control Funding Formula (LCFF) by \$2,813 per ADA in transitional kindergarten to meet a recently-adopted target of reducing the adult-to-pupil ratio in transitional kindergarten to 12:1 in 2022-23 and 10:1 in 2023-24. CSDC presumes that this modest level of funding is inadequate to fund such change. For many schools, this additional funding will not even cover facilities costs, much less the additional staffing costs.

Mixed Bag of Proposed Changes to Independent Study Laws: The trailer bill contains a curious mix of amendments to the state’s increasingly complex laws governing independent study. They amend current laws that generally express a pejorative mindset toward independent study as an instructional modality and instead express legislative intent that LEAs offer “a range of quality educational options, including classroom-based, hybrid, and non-classroom based (sic) programs.” This is a significant change in tone for a state that has long treated independent study as undesirable or worse. The verbiage goes on to encourage LEAs to “consider offering more than one independent study model for short- and long-term placements” and strikes current law prohibiting offering “an alternative curriculum” via independent study. This perhaps-significant change tone, however, comes on the heels of extensive additional restrictions heaped on independent study programs in recent years, a few of which would be further tweaked by the draft trailer bill.

Some of the other technical and substantive changes to independent study law include the following:

- Amending the recently imposed mandate to offer “synchronous instruction” to additionally require that synchronous instruction teachers of record are “appropriate to the subject matter being taught.” Under current law and widespread practice, independent study teachers often teach across the full subject-matter domain, without regard to California’s detailed subject-matter credentialing restrictions. It is not clear how this new mandate would affect this widespread current practice.
- Amending the recently imposed mandate that triggers “tiered reengagement” requirements for students who miss three days or 60 percent of the instructional days in a school week. The amendments would instead trigger the reengagement mandate when a student is absent for 10 percent or more of the instructional time or synchronous instruction in a school month. It would also expand the reengagement mandate to require referral to a local attendance review board and similar programs.
- Softening the requirement to obtain signed, written independent study agreements prior to the commencement of such study to allow short-term (<15 days) agreements to be signed within 10 days of starting independent study. CSDC presumes the intent is to facilitate rapid transitions to short-term independent study during pandemic and emergency situations.
- Reducing the number of staff who are required to sign independent study agreements. Current law calls for “all persons who have direct responsibility for providing assistance” to sign the agreement, which can be burdensome. The draft

trailer bill would focus this instead requiring the certificated employee who is responsible for “general supervision” plus the certificated employee responsible for special education programming (if applicable) to sign the agreement along with the parent/guardian and student (as required per current law).

- Amending current law which calls for teachers to compute apportionment credit (average daily attendance, or ADA) based on the “time value” of student’s work products. The bill would explicitly allow counting the time students spend on recently mandated “synchronous instruction” toward these time value computations. The draft amendments go on to attempt to define “work products” with various verbiage, including “physical or digital academic assignments,” “asynchronous instruction via videos, interactive software, and/or other methods” if pupils create notes or written documentation of them. The draft also refers to “asynchronous works,” including “reading texts, watching videos, as well as quizzes or projects” as allowing the time value of students’ work to be counted. While CSDC appreciates the attempt at clarity here, we are concerned that adding this fuzzy and open-ended language to the law may further muddy the waters.

Local Control Accountability Plan (LCAP) Special Education Addendum: The trailer bill would require those LEAs that are subject to federally-mandated monitoring for special education compliance and/or that fail to meet state achievement targets for special education students for three consecutive years to complete a new special education addendum to their local control and accountability plan (LCAP). Given widespread low testing scores for special education students across the state, CSDC presumes this could impact a high proportion of LEAs. The draft calls for the State Board to adopt a template for this addendum by January of 2024, presumably meaning the requirement will not take effect until the adoption of the 2024-25 LCAP. The bill also would expand the current mandate to post an LCAP on an LEA’s website to require that LEAs also post updates, revisions, and addenda. CSDC is concerned that the current LCAP Template is already excessively long and complex, and that adding another component, even if well-intended, exacerbates what is already a large problem.

Dual Enrollment of High School Students in Colleges: The bill contains the parameters for three types of grants to incent LEAs to create and expand dual enrollment programs wherein secondary students earn both high school and college credit. The first grant would provide LEAs with one-time grants of up to \$500 thousand, over a five-year period, to couple “robust student advising” with available dual enrollment opportunities. A second would offer grants of up to \$250 thousand to support start-up costs for early college and middle college programs. A third would provide grants of up to \$100 thousand to establish College and Career Access Pathways dual enrollment partnerships. The trailer bill would appropriate \$500 million to support these competitive grants. Priority would be granted to LEAs serving specified high-needs student populations.

Golden State Pathways Program: The bill would establish this new competitive grant program to promote the new career-technical education pathways in technology, healthcare, education, and climate-related fields. The draft bill contains the authorizing statutes for this new program, establishing it as a competitive grant program that prioritizes LEAs serving high-needs students. Recipients would agree to provide “an integrated program of study that includes all of the courses to meet A-G course requirements” (for state college admission) along with at least one career pathway that would meet the requirements to be deemed career-ready on the California School Dashboard. The trailer bill would appropriate \$1.5 billion for this program for an unspecified number of grants of unspecified size.

Relaxed Graduation Requirements for Students with Exceptional Needs: The bill would allow students with significant cognitive challenges who qualify to take the California Alternative Assessments to graduate from high school with a diploma under specified relaxed standards, effectively prohibiting LEAs from establishing graduation course requirements above state minimums for qualifying students.

State Preschool: The bill includes extensive changes to key eligibility and funding provision of California’s State Preschool program, expanding eligibility for two-year-olds, establishing a target for preschools to serve a population with at least 10 percent special needs students, guaranteeing enrollment for 24 months to families whose income rises above normal eligibility thresholds, and other substantive and technical changes.

Community Schools: The bill proposes a large number of mostly technical changes to the massive, \$3 billion (one-time) Community Schools Partnership Act competitive grant program. The trailer bill language attempts to clarify unclear features of the law governing eligibility, funding amounts, eligible expenditures, sustainability expectations, and other topics.

Expanding State Board of Education Staff: The bill would add four new senior staff positions to the Board’s staff, all of whom would be exempt from state civil service laws. It appears that some of these staff already have been hired as part of a large expansion of the Board’s historically small staff at a time when most of the board’s more experienced appointed members recently termed-off the Board.

Special Education Funding Formulas: The bill includes several changes to existing special education funding formulas, including the large “base” program and the smaller mental health ones. As noted previously, these would compute funding based on each LEA’s average daily attendance instead of the current practice of funding based on SELPA-wide figures.

CSDC presumes the governor intends to make the funding parameters within a given SELPA more transparent such that all LEAs can see who “wins” and who “loses” under locally-adopted, and often opaque, allocation formulas within a SELPA.

School Kitchen Infrastructure Funding: The bill includes language that would allocate \$450 million to LEAs to upgrade their kitchen infrastructure. These would provide one-time grants of at least \$100 thousand to LEAs who participate in federal meal programs, with additional amounts for schools to increase capacity for “scratch” and “speed scratch” cooking.

Extend Substitute Teaching Limit to 60 Days: The bill would extend for another year until July 1, 2023 a provision that allows substitute teachers to serve for 60 days in lieu of the usual 30-day cap.

Literacy/Reading Coach Grants: The bill includes proposed parameters for this one-time grant program. It calls for focusing the funding on schools serving “unduplicated” student populations that constitute at least 95 percent of the students, apportioning on a per-ADA basis for grades K-6 such that each qualifying LEA receives at least \$300 thousand. Recipient LEAs would be required to provide a 50 percent local match, either cash or in-kind.

Budget Hearings Moving Quickly

The Legislature appears to be moving early to start budget deliberations this year. CSDC is weighing-in on key issues with relevant staff and during budget subcommittee public comment periods. BUDGET BRIEF

2022-23 Governor's Budget Proposal: Record Proposition 98 Spending Continues Program Expansions

Background

On January 10, 2022, Governor Gavin Newsom released his budget proposal for the 2022-23 fiscal year. The Governor's Budget is the "kick-off" to the 2022-23 budget cycle which will result in the state budget that will take effect on July 1, 2022. This proposal will be debated in the Legislature over the coming months, and updated in May, and likely amended before final budget adoption in June. [You can read CCSA's Statement on the Governor's Budget here.](#) [The full Governor's Budget Summary and detail can be found here.](#) All of the Governor's proposals are subject to legislative approval and amendment. This Brief provides a summary of the Governor's plan as it relates to education and charter schools.

Budget Overview

The State budget contains \$213 billion in General Fund expenditures in 2022-23, According to the governor, the State now has a projected surplus of \$45.7 billion, which includes \$20.6 billion in General Fund for discretionary purposes. The budget includes \$102 billion for Transitional Kindergarten (TK) through community college education under the Proposition 98 school funding guarantee- the highest level of school funding ever. This provides an average of \$15,261 per K-12 pupil from Proposition 98 funding.

TK-12 Highlights

The Proposition 98 funding guarantee for TK-12 schools and community colleges for 2022-23 is \$102 billion. This is a \$8.2 billion increase from the funded guarantee in the 2021-22 Budget Act. Further, there are one-time settle-up adjustments to Proposition 98 which increase the guarantee in the 2019-20 and 2020-21 fiscal years for a three-year total increase of \$16.1 billion over the 2021-22 Budget Act.

Specifically, for 2022-23, the budget proposes to provide a cost-of-living adjustment (COLA) of 5.33 percent to the Local Control Funding Formula (LCFF) and many other categorical programs and funds. In 2021, the budget initiated significant new investments to begin expansion of TK, Expanded Learning Opportunities, and school meals for all. The Governor's Budget provides funding to continue the expansion and implementation of these programs as planned.

For charter schools, the budget includes a base augmentation to the SB 740 Facility Grant Program of \$39 million, increasing the total program to \$183 million. This program has historically been oversubscribed, so this increase will be a huge benefit to the charter schools that access these funds for lease reimbursement. The budget does not specifically provide hold harmless protections for charter schools in parity with school districts for ADA losses experienced by charter schools in 2021-22. However, the governor has stated his intent to "to engage in outreach and discussions with interested

parties throughout the spring to explore options for providing declining enrollment protections for charter schools.” We are encouraged by this opportunity to continue discussions on this critical issue.

Key funding and policy highlights include:

- \$3.3 Billion for a 5.33% cost-of-living adjustment (COLA) to the Local Control Funding Formula (LCFF), and \$295 million for COLAs for several other K-12 categorical programs, such as special education, nutrition, and the mandates block grant.
- Funding for the continued expansion of Transitional Kindergarten (TK) as initiated last year. Additionally, the Budget proposes \$383 million to add one additional certificated or classified staff person to every TK class to address changes to the required student to teacher ratios in TK.
- \$3.4 billion funding for the continued implementation of the Expanded Learning Opportunity Program as initiated last year, and \$937 million in one-time funding for arts and music integration into the program.
- \$596 million for the continuation of access to universal subsidized school meals as initiated last year.
- \$1.5 billion one-time funding for development and expansion of Career Pathways.
- \$1.5 billion for electric school buses and related infrastructure.
- \$800 million in one-time funds for various early literacy efforts, including \$500 million for high-needs schools to train and hire literacy coaches and reading specialists.
- \$54.4 million to build on various teacher workforce investments.
- \$500 million in a base increase for Special Education and several recommended funding formula changes.

These highlights and other issues are discussed in greater detail below.

Proposition 98 Adjustments

The provisions of Proposition 98 (1988) establish a minimum funding guarantee for TK through community college education based on complex calculations, and the interactions of various economic and demographic variables. The budget contains a Proposition 98 school funding guarantee of \$102 billion for the 2022-23 fiscal year. Ongoing Proposition 98 expenditures for TK through grade 12 in 2022-23 are projected to average \$15,261 per pupil, though individual school funding will vary based on grade span, pupil need, and program.

- **Proposition 98 Adjustments for the Current Year (2021-22):** As a result of much more state revenue than anticipated when the budget was enacted, the Governor’s Budget contains an upward adjustment to the Proposition 98 guarantee in the current year. The revised guarantee is \$99.1 billion. This will result in about \$5.3 billion in one time funding to settle-up to the new guarantee level.
- **Proposition 98 Projection for the Budget Year (2022-23):** The Proposition 98 guarantee in 2022-23 is \$102 billion. This is an increase of \$2.9 billion over the revised 2021-22 guarantee of \$99.1 billion. The budget also makes a technical adjustment to “rebench” the Proposition 98 base to accommodate the higher level of service required by the expansion on TK. This adjustment increases the calculation of the annual guarantee from 38.02 percent to 38.40 percent of the total General Fund. The budget includes mandated contributions to the Proposition 98 Rainy

Day Fund, in accordance with Proposition 2 (2014). The contribution in 2022-23 is \$3.1 billion for a total reserve balance of \$9.7 billion. The Governor's proposal uses the funding increase to provide a COLA of 5.33 percent for the Local Control Funding Formula and other categorical programs, and to support planned expansion of TK-12, Expanding Learning Opportunities, and other priorities as discussed below.

Proposition 98 Guarantee 2022-23 Governor's Budget (Dollars in Billions)			
	2020-21	2021-22	2022-23
Total Prop. 98	\$95.936	\$99.064	\$101.980

Local Control Funding Formula (LCFF)

The Governor's Budget contains a \$3.3 billion Proposition 98 General Fund increase for a LCFF COLA of 5.33 percent. The Governor does not propose any additional increase to the base of LCFF nor any significant program changes.

The LCFF provides a base target per-pupil rate by grade level span (TK-3, 4-6, 7-8 and 9-12) and additional grade span adjustments for K-3 and high school average daily attendance (ADA). Each pupil, who is identified as an English Learner, eligible for free or reduced priced meals (FRPM), or a foster youth, generates an additional supplement. Finally, in addition to the base and supplement, districts and charter schools receive an additional weighted grant if they have a high concentration of high-needs pupils overall. In 2021-22, the concertation grant rate was increased from 50 percent to 65 percent of the base grant.

Below are the estimated rates, supplements, and multipliers under the LCFF for 2022-23. Grade level rates per ADA are revised annually for inflation, including a 5.33 percent COLA for 2022-23. Actual funding to be received by each school will vary depending on the pupil population.

LCFF Funding Element	LCFF Amounts for 2022-23
Grade TK-3 Base	\$ 8,528
Grade K-3 Grade Span Adjustment	\$ 887 (10.4% of K-3 target)
Grade 4-6 Base	\$ 8,655
Grade 7-8 Base	\$ 8,913
Grade 9-12 Base	\$10,328
Grade 9-12 Grade Span Adjustment	\$ 269 (2.6% of 9-12 target)
Supplement per unduplicated Free or Reduced Priced Meal Eligible Pupil, English Learner or Foster Youth	20% of average base and add-on funding per eligible ADA
Concentration Supplement per pupil above 55% of the lesser of total district or charter percent high need	65% of average base and add-on funding per eligible ADA above 55%

The information above provides a brief overview of the LCFF and the estimated component rates for 2022-23. However, an additional tool available is an LCFF simulator developed by the state Fiscal Crisis and Management Assistance Team (FCMAT) to assist schools in estimating LCFF funding. The FCMAT simulator is a downloadable interactive spreadsheet. The Governor's Budget version will be available at: <https://www.fcma.org/lcff>.

In building budgets, charter schools should also include non-LCFF funding sources such as federal funds, special education funds, the mandate block grant, facility grants, and any other funding the school may receive.

Adjustments to Other K-12 Base Programs

- **Charter School Facility Grants:** Ensuring adequate funding in the charter school facility grant program has been a top priority for CCSA. We are grateful that the Governor has recognized the tremendous benefit of this program by proposing a significant funding increase to address chronic shortfalls. The budget contains a total of about \$39 million in ongoing increases to SB 740 Charter School Facility Grant Program. These increases include \$2.9 million for a COLA of 5.33 percent, \$6 million for a base increase for estimated need for lease costs, and \$30 million for estimated need of unfunded eligible nonlease facility costs. With these adjustments, total program funding will be \$182.5 million. This program has been oversubscribed for several years, resulting in the reduction of grant amounts, and the program is likely to experience a funding shortfall in the current year (2021-22). However, this new funding for 2022-23 will significantly reduce the funding gap on lease costs and should allow reimbursements in the category of “other eligible facilities costs” to resume. More program information can be found at: <http://www.treasurer.ca.gov/csfa/csfgp/index.asp>.
- **Special Education:** The budget contains \$500 million in an ongoing increase for Special Education and several recommended funding formula changes which would include:

 - Amending the special education funding formula to calculate the special education base funding allocations at the local educational agency level rather than the SELPA level.
 - Consolidating two special education extraordinary cost pools into a single cost pool to simplify the current funding formula.
 - Allocating Educationally Related Mental Health Services funding directly to local educational agencies rather than to SELPAs.
 - Developing a Special Education Addendum to the Local Control and Accountability Plan.
- **Independent Study (IS):** In 2021, the budget enacted major reforms to IS programs. For 2022-23, the governor proposes some additional changes to IS law intended to provide flexibility on timelines for signing IS agreements and to allow synchronous instruction to count as instructional time in addition to the time value of student work product. Details of this proposal will be released with the Budget Trailer Bill in the coming weeks, and the Legislature may have additional proposals to improve the operation of IS programs.

Continuation of New and Expanded Programs: In 2021, the budget enacted sweeping expansion of several large categorical programs over multiple years. The Governor’s Budget includes investment of additional resources to continue the expansion and implementation of these programs as initiated in last years’ budget.

- **Expanded Learning Opportunity Grants:**
In 2021, the budget included \$1 billion ongoing funds and \$753.1 million in one-time funds, to expand afterschool and summer school enrichment programming for high-need students in

grades TK-6 in classroom-based Local Education Agencies (LEAs). The budget's stated intent is to increase ongoing funding to \$5 billion at full implementation for classroom-based LEAs, based on the average daily attendance (ADA) count of low-income, English learner and foster youth students in grades TK-6. The program combined with the educational day shall offer nine-hours of combined service time on regular instructional days, plus 30 days of non-school day opportunities and no less than 9 hours per day during intersessional periods. LEAs are encouraged to coordinate with community-based organizations and other programs to maximize these opportunities.

Beginning in 2022-23, all LEAs must offer all pupils in K through 6th grade access to expanded learning opportunities programs and provide them to all pupils who request placement in a program. The budget proposes an additional \$3.4 billion to increase per pupil funding for the program and expanding the number of local educational agencies offering no-cost services. This brings total ongoing program funding to \$4.4 billion, with additional funds anticipated in future years. The Budget also proposes \$937 million one-time funds to integrate more arts and music programming. The details of these changes should be provided in the Budget Trailer Bill in the coming weeks.

- **Transitional Kindergarten (TK):** The 2021 Budget initiated the phase, beginning with 2022-23 to 2025-26, TK eligibility to all four-year-old children and provided \$300 million for expansion planning grants. Starting in the 2022-23 school year, and each year from 2022-23 to 2025-26, the eligibility date for TK students will expand by three months until all four-year-olds born by September 1 are eligible for a full year of TK before kindergarten. The law also caps TK class size to 24 pupils and reduces the adult to student ratio in TK to 1 to 12 starting in 2022-23 and 1 to 10 starting in 2023-24. Other existing laws and standards around TK participation and implementation remain in place.

The 2021-22 Governor's Budget takes steps to continue this program expansion as planned by proposing \$639.2 million to expand TK eligibility, from all children turning five-years-old between September 2 and December 2 to all children turning five-years-old between September 2 and February 2, beginning in the 2022-23 school year. The budget also proposes \$383 million to add one additional certificated or classified staff person to every TK class to address new student-to-adult ratios noted above.

- **Universal School Meals:** In 2021, the budget increased state meal reimbursements by \$54 million to cover the costs of offering breakfast and lunch for all students beginning in 2022-23 and provided \$150 million for grants for food service infrastructure so that starting in 2022-23 school districts and charter schools will provide two school meals free of charge during each school day to any pupil who requests a meal, without consideration of the pupil's eligibility for free or reduced-price meals.

The 2022-23 Budget proposes \$596 million in additional funds for universal access to subsidized school meals. Further, all schools eligible for the Community Eligibility Provision, the federal universal meals provision, will be required to apply for the program by June 30, 2022 (if they are not already participating) to reduce volatility in costs to the state and to maximize federal reimbursement. The state will then cover any remaining unreimbursed costs up to the

combined state and federal free per-meal rate. The budget also proposes an additional \$450 million in one-time funds available over three years, to upgrade school kitchen infrastructure and equipment.

- **Quality Teachers and Teacher Pipeline:** In 2021, the budget contained significant investment in teacher preparation and quality with a \$1.5 billion Educator Effectiveness Block Grant and \$1.3 billion in for various teacher recruitment, retention, and professional development programs. Most of these one-time funds were made available over five years, so these efforts will continue in 2022-23.

The Governor's Budget for 2022-23 proposes \$54.4 million to build upon the multi-year investments, including \$24 million to waive certain teacher examination fees, \$12 million to extend the waiver of select credentials fees and \$10 million for competitive grants to develop and implement integrated teacher preparation programs. The Governor also proposes to extend the statute authorizing any holder of a credential or permit issued by the CTC to serve in a substitute teaching assignment aligned with their authorization, including for staff vacancies, for up to 60 cumulative days for any one assignment.

New Programs Proposed for 2022-23

While much of the budget investment proposed for 2022-23 focuses on continuation of prior commitments, the Governor has proposed a few new items as well. Here are a few of the larger issues in the Governor's plan.

- **Declining Enrollment Protections:** The Governor recognizes that demographic trends toward declining K12 enrollment have only been exacerbated through the pandemic. He states that the current ADA funding calculation does not provide local educational agencies with the ability to make gradual changes over a series of years to adjust instructional programming and that some school districts over the next few years will be faced with difficult choices to remain fiscally solvent. Therefore, the Budget proposes \$1.2 billion to change to the LCFF calculation to consider the greater of a school district's current year, prior year, or the average of three prior years' ADA. While charter schools are not specifically included in that proposal, the Administration specifically states its intent "to engage in outreach and discussions with interested parties throughout the spring to explore options for providing declining enrollment protections for charter schools." We are encouraged by the Administration's acknowledgement that declining enrollment protections for charter schools to be addressed and we look forward to continuing engagement with them on this top priority issue.
- **Literacy Initiatives:** To improve success in increasing grade-level reading proficiency among young readers, the budget proposes a package of new one-time supports, including:
 - \$500 million for five years grants to high-needs schools to train and hire literacy coaches and reading specialists.
 - \$200 million for a grant program for LEAs to create or expand multi-lingual libraries offering culturally relevant materials.
 - \$60 million to provide training for educators on effective use of tools for early identification of learning disabilities.

- College and Career Pathways:** The Budget proposes \$1.5 billion over four years to enhance and expand the offering of educational pathways to provide the workforce needed for economic growth, through the development of pathway programs focused on technology (including computer science, green technology, and engineering), health care, education (including early education), and climate-related fields and \$500 million to strengthen and expand student access, and participation in dual enrollment opportunities that are also coupled with student advising and support services.

Other Base Adjustments and Figures

- Cost of Living Adjustment (COLA):** The education COLA for 2022-23 is estimated at 5.33 percent. However, given the volatility of the state's economic situation due to the pandemic, this factor will likely be updated at the May Revision to the Budget. The COLA provides about \$3.3 billion to increase the LCFF base and \$295 million more for several categorical programs that remain outside of the LCFF such as special education, nutrition, mandate block grant and the Charter School Facility Grant Program. The Department of Finance has projected the following COLA estimates for future years, which may assist in budget planning:

Year	Estimated COLA
2021-22	5.07%
2022-23	5.33%
2023-24	3.61%

- TK-12 Average Daily Attendance (ADA):** Department of Finance's statewide TK-12 ADA projections are provided in the following table:

Year	Estimated TK-12 ADA	Change
2020-21	5,871,581	-0.43%
2021-22	5,711,791	-2.72%
2022-23	5,715,844	0.07%

- Minimum Wage Increase:** Another issue that schools should consider in longer range budget planning is the continued increase in the minimum wage to reach \$15.00 per hour. Schools will need to plan for both the wage increase, and related benefits to wages for minimum-wage employees. Some local jurisdictions may have increases not reflected here, so schools should also monitor any local action on minimum wage. The following table shows the increase in the minimum wage under state law.

Year	Minimum Wage for Employers with less than 26 Employees	Minimum Wage for Employers with 26 or more Employees
January 1, 2022	\$14.00	\$15.00
January 1, 2023	\$15.00	\$15.00

STRS/ PERS Contributions: As you may recall, to provide LEAs with increased fiscal relief, the 2020 Budget redirected \$2.3 billion to further reduce employer pension contribution rates in 2020-21 and 2021-22. However, no additional or extended relief is proposed for employer contributions for 2022-23 and the previous reduction relief for school employers is scheduled to expire this year. While the budget does include continued state payments to reduce unfunded pension liabilities, those payments do not impact employer payments or contribution rates.

Legislative Analyst's Office Response

The State's Legislative Analyst's Office (LAO) has provided an initial assessment of the Governor's Budget and raises issues for legislative consideration on the major budget proposals. The complete LAO summary is [available here](#) or at: www.lao.ca.gov. The LAO believes that the Governor's revenue projections are generally reasonable, but is concerned that some spending proposals may exceed revenue capacity. The LAO also recommends that the Legislature consider building general purpose reserves above the level currently proposed. The LAO also notes that the Governor's Budget was developed before Omicron surfaced, which may affect budget priorities and revenue estimates. In their summary, they note that Governor's Budget includes nearly \$13 billion in discretionary spending proposals for schools but cautions on expanding or adding new programs beyond schools' capacity to effectively implement them. The LAO will provide a more detailed analysis of each program area, including education, in the coming weeks.

Next Steps

The Governor's Budget is only the first step in enacting the State budget for 2022-23. The Legislature must act on this proposal, and will no doubt have its own priorities and ideas for managing the state's finances. The Department of Finance is expected to release more programmatic details in the Budget Trailer Bill soon. Economic assumptions, including the COLA, will be updated in mid-May. We note specifically that the economic impact of the Omicron COVID variant was not factored into the Governor's Budget assumptions and volatility the budget situation caused by this new variant may have a unique impact on the May Revision. The Legislature must adopt the 2022-23 budget by June 15. CCSA will provide regular updates in our **Capitol Update** newsletter and CCSA member portal as the budget moves forward, and we will keep you informed on how you can participate in advocating for positive budget outcomes for charter schools.
