IV. Reports

A. Staff Report

Mr. Lewis led the council in an overview of the Staff Report. He gave an update on the enrollment process(94% of current scholars have re-enrolled), the new number of scholars attending CCS for next year is 3130.

Lottesse was conducted on Tuesday, April 27 at 2pm with 571 seats set for 2021 Fall. Compass is planning to hire at least 16 more supervising teachers.

Mr. Lewis then explained that this week there are promotions for charter schools such as CCS partnering with Panda Express where 28% of the funds when using a code will go back to Compass.

Mr. Lewis then mentioned that tomorrow is California Day of Teacher and next week will be Classified School Employee Week.

We have received our 2021 Rising Firebird and Loud and Proud scholarship submissions and will be up for review where next Friday, May 21st will be the announcing the scholar.

Mr. Lewis then talked about National Charter School Week and how we are highlighting Ms. Chavez and welcomed scholars to submit themselves to be featured in Compass experience blogs and highlights.

Mr. Lewis then continued and spoke about a summer enrichment program we are working with called "Fired Up" for grade levels 2-9 with Claremont Graduate University to combat distant learning for social change and mentioned Compass will also be paying the registration fee for qualifying scholars.

V. Unfinished Business

A. 2020-21 SLC Survey

Ms. Elizabeth Christopher gave the following proposal:

- Reconstruct & reorganize the Monday Morning Update by:
 - Organize information by charter, program (Online & Options), and by grade level (Elementary, Middle school, & High school).
 - Include SLC information, such as Meeting Minutes from previous meetings and invitations to the public to join & participate in meetings.
 - Consider a new or additional form of the MMU, in video format.
- Improve the SLC by:
 - Advertising the SLC in places like the MMU (see above) & in Learning Labs.

- Reconsider & reorganize the topics & issues the SLC addresses from the beginning of the year. For example, a strong recommendation would be to discuss graduation & graduation plans by the start of the second semester, so there is time to consider graduation rates & celebrations before it is too late.
- Introduce an end-of-year summary to present to the public (perhaps via the MMU).
- Reword the SLC Scholar Survey by placing an emphasis on how and why the SLC & CCS can & should make specific adjustments & improvements.

VI. New Business

A. Review and Discussion on the Expanded Learning Opportunities Grant Plan

Mr. Lewis reviewed the Expanded Learning Opportunities Grant Plan. He then opened up for ideation on strategies and ideas to use these funds. We could hire tutors, offer more scholarships, additional subscriptions, more training for staff, or not use (keeping in mind that the grants would end within (1)one year).

Alexis G. stated, "Putting money into more scholarships would be a good idea."

Kate V. stated she liked the idea of more training for staff.

Michael E. Jr. agreed with the idea of tutoring and an additional counselor.

Email jgarcia@compasscharters.org for more ideas or information on how to use funds for the upcoming school year.

LCAP - Due to COVID-19 there was no ELCAP this school year. Four goals and associated action; increase scholar academic and achievement, increase scholar and parent engagement and involvement, increase career and college readiness for our scholars, ensure late entrance to CCS with short of credits can graduate with a high school diploma.

B. Review and Discussion on the 2021-24 Local Control & Accountability Plan

Mr. Lewis began the discussion by reviewing Compass's goals for 2021-24.

Goal #1 is to increase scholar achievement in core academic subjects by providing scholars with basic services such as teachers, core curriculum, summer academic services, interventions, support on duplicate scholars, and include staff development onboarding for 90 days. Also, offer professional development through workshops, avid training, scholar engagement and demonstration of learning.

Mr. Lewis began discussing Goal #2, to increase scholar engagement and parent involvement by providing parent/scholar awards, enrichment activities, school communication, and providing the end of year celebrations.

Goal #3 for Compass is to increase college career readiness for scholars by providing summer school, a 4-year academic plan through A-G approved courses, and community

service opportunities. Also, by potentially piloting with a University for dual enrollment, and becoming a RAMP school for school counseling.

Goal #4 is to ensure late entrance to Compass Charter Schools to scholars who have faced challenges and are completing a course of study leading to a diploma can make progress towards earning their high school diploma by caring for emotional needs first so the scholar can then focus academically, and support the supervising teachers.

C. Council Member Feedback

Alexis G. asked if we can put more money into scholarships and include more funds for staff training.

Kate V. mentioned she wants more funds for teacher/staff training.

Airis Y. asked if we can use funds for the Options Learning.

A WORD FROM OUR SUPERINTENDENT & COUNCIL CHAIR

Here at Compass Charter Schools, what we value most is the scholar's voice; listening to and learning from our scholars is what fuels us to strive for greatness and improve in every way possible. Thus, the Scholar Leadership Council (SLC) provides scholar feedback on school policies and procedures at Compass to ensure that they are consistent with its Mission, Vision, and Values. Members act as a committed group of advisors to the staff and administration regarding issues that affect their peer scholars at Compass. They provide feedback and insight from the scholar's perspective on school processes, policies, and initiatives to ensure that the needs of scholars are included as decisions are made.

SLC serves as an advisory, not a decision-making body, that makes recommendations, encourages brainstorming, and provides opportunities for scholar involvement on committees. Within the past year, the SLC has heard from various members of Compass to gain insight and perspective in regards to the activities and interests of the school and has used this information to make better-informed decisions and recommendations.

The SLC is composed of scholars from multiple grade levels in both the Online and Options Learning Programs. They use these scholars' experiences to learn from one another and explore every perspective. They conducted their elections this past October and elected Elizabeth Christopher, Michael Effie, and KristiLynn Effie as Chair, Vice-Chair, and Secretary.

The SLC also conducted its annual scholar survey and used the results and feedback to address issues Compass scholars have expressed. As a result of many in-depth conversations, the SLC has made multiple recommendations to Compass in the hopes of addressing these issues and improving the scholar experience as a whole. In reflecting upon this past year, the SLC is excited and hopeful for the next year and generation of Firebirds and is looking forward to continuing their work to improve Compass. The SLC is always open and accepting of new members and encourages Compass scholars to become involved in the SLC's goal of improving Compass Charter Schools.

Forever Loud and Proud,

J.J. Lewis, Superintendent & CEO

HIGHLIGHTS OF THE YEAR

The Scholar Leadership Council serves to provide scholar feedback on school policies and procedures at Compass Charter Schools to ensure that they are consistent with its mission, vision, and values. Members act as a committed group of advisors to the staff and administration regarding issues that affect their peer scholars at Compass. They also serve as an advisory, not a decision-making body, that makes recommendations, encourages brainstorming, and provides opportunities for scholar involvement on committees.

During the 2020-21 school year, the Scholar Leadership Council met on the second Tuesday of the month at 2 pm. At each meeting, recurring agenda items included hearing updates from the Superintendent and the opportunity to share scholar feedback on the Compass Experience with staff. There are several highlights from meetings this year:

The Scholarship Leadership Council:

- Provided input on the Learning Continuity & Learning Plan, which included asking staff to develop and host mental health workshops for scholars and their families.
- Elected their officers for the year. They were led by Elizabeth Christopher (chair), Michael Effie (vice-chair), and KristiLynn Effie (secretary).
- Heard from Mrs. Erin Smith, Director of Curriculum & Instruction, who shared an overview of new UC requirements, Options a-g courses, and Accelerate Education a-g online classes and proctoring. Council members had the opportunity to ask questions and provide feedback on courses and the proctoring set-up.
- Heard from Ms. Kiki Helton and Mrs. Mandi Shwartzberg, counselors, who led the council to discuss finding your motivation in challenging times.
- Launched their annual scholar survey and included questions this year on the support provided by Compass during the COVID-19 Pandemic.
- Spent time at each meeting in the Spring to review and analyze the results of the scholar survey.
- Based on their review of the scholar survey results, they recommended the following for the upcoming 2021-22 school year:

HIGHLIGHTS OF THE YEAR, CONT.

- Include SLC information, such as meeting minutes from previous meetings and invitations to the public to join and participate in meetings.
- Consider a new or additional form of the MMU in video format.

Improve the SLC by:

- Advertising the SLC in places like the MMU and learning labs.
- Reconsider and reorganize the topics and issues the SLC addresses from the beginning of the year. For example, a strong recommendation would be to discuss graduation plans by the start of the second semester, so there is time to consider graduation rates and celebrations.
- Introduce an end-of-year summary to present to the public (perhaps via the MMU).
- Re-word the SLC Scholar Survey by emphasizing how and why the SLC and Compass can and should make specific adjustments and improvements.
- Provided input on the Expanded Learning Opportunities Grant Plan, which included additional training opportunities for staff, hiring additional tutors, and hiring an additional counselor.
- Provided input on the 2021-24 Local Control & Accountability Plans, which included ideation on funds for staff training and opportunities for subscriptions for scholars in both the Online Learning and Options Learning programs.

TEACHER OF THE YEAR

CONGRATULATIONS SHARON ROSEN!
Mrs. Rosen was voted by scholars as
Scholars' Choice Employee of the Year!

Rosen is a beloved social studies teacher at Compass; listen to what some of her scholars and families have to say:

"We could not have asked for a better homeroom teacher than Ms. Rosen! She is kind, engaging, supportive, and always there when we need her. I have thoroughly enjoyed getting to know her better during our monthly meetings and feel so lucky to have had her on our side during Elizabeth's high school years."

"Ms. Rosen rocks! I should know since I've had the pleasure to sit in on several of her learning labs, and she always plays good tunes before she starts. I find her learning labs very accurate, insightful, highly educational yet easy to understand. She makes learning fun! Thank you, Ms. Rosen!"

"Ms. Rosen is an absolute treasure, and I am so grateful to have had her as my teacher for these past few years! She teaches with excitement and compassion and never fails to make learning fun. I am extremely thankful for all of her kind words of encouragement and her astute insights; I will miss her dearly!"

School districts, county offices of education, or charter schools, collectively known as LEAs, that receive Elementary and Secondary School Emergency Relief (ESSER) funds under the American Rescue Plan Act, referred to as ESSER III funds, are required to develop a plan for how they will use their ESSER III funds. In the plan, an LEA must explain how it intends to use its ESSER III funds to address students' academic, social, emotional, and mental health needs, as well as any opportunity gaps that existed before, and were worsened by, the COVID-19 pandemic.
