Search Process

Executive Summary

McPherson & Jacobson L.L.C. provides a comprehensive search process. Below are some of the highlights of our process:

- Our process is comprehensive and provides critical support for the most time-consuming aspects of recruiting and screening the candidates, so the board can focus on interviewing and selection.
- Transparency is a hallmark of our protocol. Stakeholder participation emphasizes the transparency of our process.
- We take the entire board through a consensus decision-making process to identify the top criteria for the selection of the new superintendent.
- We meet with groups to ensure broad-based stakeholder input in the selection process. In addition, we provide an online survey to reach out to anyone who could not attend a stakeholder meeting. The consultants will present a comprehensive written report to the board, which includes all of the comments recorded during the input sessions.
- McPherson & Jacobson's consultants actively recruit candidates that meet the selection criteria. If desired, we will recruit non-traditional candidates.
- Applicant confidentiality is important to attract top candidates. Names remain confidential until the board selects their finalists.
- We continue to work with your organization until a superintendent is hired and in place.
- Phase V provides a continued commitment to work with your board and new superintendent for one year. We help you collaboratively establish annual performance objectives for the new superintendent's first year. Evidence from previous searches shows this phase to be very positive as it fosters a good transition.
- We are so confident of our ability to identify the organization's criteria, recruit and screen applicants against those criteria, and assist during the transition period, that we guarantee our service. If your superintendent leaves for whatever reason during the guarantee period, we will repeat the process for no charge except for actual expenses.

***Our mission is to ensure your search results in quality
leadership for education excellence.***

Five Phases of a Superintendent Search

Phase I—Initiating the Search Process

- ✓ **Using a group process with the board, identify the most important characteristics of the future superintendent.**

The consultants will assist the board in identifying the most important characteristics the board would like the new superintendent to possess. These characteristics will be used as a template for recruiting and selecting candidates.

- ✓ **Establish appropriate timelines and target dates for the selection process.**

The consultants will prepare a proposed calendar for the search process. Dates for advertising the announcement of vacancy, closing date, dates for interviewing, a target date for selecting the new superintendent, and a date for the new superintendent to begin will be determined.

- ✓ **Determine, with the board, appropriate advertising venues.**

The consultants will assist the board in determining the scope of the search. Appropriate media venues (professional journals, trade papers, newspapers, and websites) and associated costs will be presented for consideration.

- ✓ **Identify appropriate stakeholder groups.**

The board will identify the various stakeholder groups that they want McPherson & Jacobson's consultants to meet with to solicit input into the process.

- ✓ **Assist the board in determining compensation parameters.**

In order to recruit and select top candidates, compensation packages need to be competitive. Our consultants will present data indicating what organizations in the same geographic region and similar size are paying superintendents. Whenever possible, they will also present compensation information for organizations that recently hired a superintendent. This information is provided for the board's consideration of compensation parameters.

Final compensation decisions will be determined by the board and the selected candidate.

- ✓ **Identify the point of contact for the organization**

The board will identify an appropriate staff person to work with the consultants to coordinate the logistics of the search. This includes tasks such as assisting with information for the promotional brochure and coordinating details for stakeholder input and other meetings within the organization.

Phase II—Stakeholder Input, Advertising the Position, Recruiting Applicants

- ✓ **Work with the organization to schedule the stakeholder input meetings.**

The consultants will work with the organization's point of contact to determine the stakeholder input schedule and coordinate notifying the stakeholders about the meetings.

✓ **Meet with groups identified by the board to provide stakeholder input into the selection process.**

The consultants will meet with the stakeholder groups identified by the board and solicit their input into the selection process. Each group is asked to identify the strengths of the organization and community, the issues facing the new superintendent, and the characteristics they would like to see the new superintendent possess.

The board chooses which groups it would like the consultants to meet with, but the most common groups include central office administrators, building administrators, teachers, classified staff, students, and community and business groups. The consultants will assist the board in choosing which groups it wishes to include.

For any unable to attend a stakeholder meeting, we provide an online version of the questions we ask the groups. At the request of the organization, the survey can be available in multiple languages.

The results of the stakeholder meetings and online stakeholder input are summarized by the consultants and presented to the board.

✓ **Develop promotional literature and brochures announcing the vacancy.**

In order to attract quality applicants, it is important to promote your school system and community. With on-site assistance from the organization, the consultants will assist in preparing an announcement of vacancy that highlights the strengths of your school system and community. Our graphic artist will prepare a professional color brochure that highlights the organization and community, including the board's selection criteria, the board members, and the application procedures and timelines.

✓ **Prepare and place announcement of vacancy.**

McPherson & Jacobson's staff will prepare and place the announcement of vacancy. It will be sent to the state school board and administrator associations, as well as media venues selected by the board. Additionally, McPherson & Jacobson maintains an interactive website (www.macnjake.com) that allows applicants to access all the application materials and apply online. The website averages over 225,000 hits per month.

✓ **Develop an application unique to your vacancy that reflects the selection criteria determined by the board.**

McPherson & Jacobson's staff will create an application form requiring applicants to describe their strengths and experiences relating to each criterion identified by the board. This will be one of the preliminary screening devices used by the consultants when assessing potential candidates.

✓ **Post application information and notify interested applicants.**

McPherson & Jacobson's staff contacts potential applicants and manages all the application materials using our online application software. Our office staff handles this task without assistance from your organization.

✓ **Actively recruit applicants who meet the organization’s needs.**

While McPherson & Jacobson does not represent candidates, we actively maintain a data bank of quality candidates. Once the board has chosen its selection criteria, we will send the information to all of our consultants across the United States, asking them to nominate candidates who would be a good match. We will encourage those candidates to apply. Some of the best candidates may not be actively seeking another position and will need to be recruited.

McPherson & Jacobson stays current with trends in educational leadership by being an active participant and presenter at national and state education conferences. We participate in Job Central at the American Association of School Administrators conference, the National School Boards Association annual conference, and others such as the AASA Women’s Leadership Conference.

✓ **Confidentiality of Applicants**

McPherson & Jacobson proposes an open process for the search. We believe the public business should be done in public with transparency. We also understand the need for applicants’ confidentiality. Our process keeps the names of all applicants confidential until they are named a finalist for the position, at which time the names of the finalists are made public.

If the board believes that the names of the finalists should be kept confidential until they make their selection, we can do that. This is your search and we will adapt our process to fit your unique needs.

✓ **Keep all applicants informed of their status in the selection process.**

During the application process, McPherson & Jacobson’s staff monitors applicants and notifies them of what is still needed to complete the process.

✓ **Communicate with all Board Members in a timely manner**

The consultants will communicate with all board members keeping them informed of the status of the search throughout the process.

Phase III—Applicant Screening

✓ **Evaluate each applicant against the selection criteria.**

The consultants will read and evaluate all of the completed files submitted by applicants. They will read the application form and all of the additional material in each file and begin reviewing against the selection criteria.

✓ **Conduct reference checks.**

We understand that applicants do not submit references who will not speak highly of them. We begin with the references given and ask them a list of questions relevant to the selection criteria. After asking those questions, we ask each reference to give us the names of other people who can speak of the applicant’s qualifications. We then call those individuals and ask them the same set of questions, including asking them to give us the names of other people who can speak of the applicant’s qualifications. We go a minimum of three people removed from the primary references. What we are

looking for is consistency of answers that will verify the applicant's strengths and weaknesses.

In addition to contacting references, the consultants conduct an extensive Internet search of the applicants.

✓ **Pre-Interview and Video of Shortlist Applicants.**

The consultants will pre-interview applicants to be submitted on the shortlist. We will have these applicants submit a video which the consultants can share with the board.

✓ **Assist the board in developing a set of interview questions that reflect the identified selection criteria and characteristics.**

The consultants will present an extensive list of potential interview questions that reflect the selection criteria and characteristics desired by the board. The board members choose interview questions that reflect their criteria and priorities.

If the board chooses to conduct two rounds of interviews, the consultants will assist in developing interview questions for both rounds of interviews.

Phase IV—Reviewing Candidates with the Board, Interviews

✓ **Review candidates with the board and assist board members in determining which candidates they will interview.**

The consultants will present a complete list of applicants, who completed the application process, to the board for its review. We do not eliminate any applicants; however, a short list will be submitted of those applicants who we found most closely met the organization's criteria. The consultants will present a reference profile demonstrating the consistent feedback for each short list applicant.

Upon reviewing the recommendations, the consultants will assist the board members in identifying which applicants they wish to consider as candidates for interviews.

✓ **Assist the board in determining interview procedures.**

After the board selects their final candidates to interview, the names of these candidates will be made public upon confirming the interviews (if the board chooses to release the names). During the interview process, the stakeholder groups will have an opportunity to meet the individual candidates.

If the board chooses to conduct semi-finalist interviews, the candidates will only meet with the board. The names of the semi-finalist candidates will remain confidential (in states where an executive session is allowed), and stakeholders will not meet the semi-finalists. The finalist interviews will be conducted as described in the paragraph above.

✓ **Coordinate interview and visitation procedures.**

If the board chooses, McPherson & Jacobson will schedule semi-finalist interviews. Semi-finalist interviews are typically conducted with the board only. After the semi-finalist interviews, the board will select their finalists.

If the board chooses to involve stakeholder groups in the interview process, the consultants will assist in establishing the finalist interview schedule that includes organization staff, students, and community groups. A typical interview day will include a tour of the organization and community, meeting with stakeholder groups, and a formal interview with the board.

✓ **Assist the groups identified by the board in planning for meeting each candidate and providing feedback to the board.**

If the board chooses to involve stakeholder groups in the interview process, representatives will be selected from the stakeholder groups identified by the board. The purpose of these groups is two-fold: 1) to promote the organization and community to the candidate; and 2) to form an impression of each candidate, which they will share with the board. The board will identify chairpersons for each stakeholder group. The consultants will meet with the chairpersons to discuss their roles and responsibilities. The consultants will also provide the chairpersons with a form to record the group's consensus impressions of each candidate's strengths and any concerns or questions the group may have. Each form will be sealed in an envelope and turned in to the organization contact person.

✓ **Coordinate visitation procedures for the candidate's spouse/significant other.**

We encourage boards to invite spouse/significant others to attend the interview day. The consultants will coordinate, with the point of contact, a portion of the interview day for the spouse/significant other to have an expanded visitation of the community. Tours typically include available housing, medical facilities, churches, recreational opportunities, and areas of interest unique to your community.

✓ **Assist the board in making final arrangements for each candidate's visit.**

It is common practice for the organization to pay interview expenses for the candidates and their spouse/significant others. To ensure that expenses stay within established guidelines, the consultants will assist the point of contact in making lodging and travel arrangements for each candidate.

✓ **Contact all finalists and schedule their interview dates.**

The consultants will contact the final candidates, notifying them they are finalists for the position and scheduling their interview dates. The consultants will be the contact for answering any questions and coordinating the candidates' visits to the organization.

✓ **Notify all applicants not selected for an interview.**

Once the board has selected its final candidates, all other applicants will receive, on behalf of the board, a personalized notification thanking them for taking the time to complete the application materials and notifying them that they are not a finalist.

✓ **Personally contact each finalist who was not offered the position.**

Once a contract has been offered by the board and accepted, the consultants will call each of the other final candidates and thank them on behalf of the board for interviewing for the position. *These candidates are not notified until an offer has been accepted.* If by chance you lose your top candidate, we want to keep viable candidates available.

✓ **Conduct background checks.**

Included in the fee is a criminal/financial/credential verification background check for the selected candidate. For an additional fee, the board can choose background checks for all of the finalists.

Phase V—Transition with Success

✓ **Establish performance objectives for new superintendent.**

Working with the board and new superintendent, the consultant will assist in establishing two or three performance objectives the board wants the superintendent to focus on during the first year. These objectives are beyond the day-to-day organization operations.

Once the performance objectives have been identified, board members will be asked what they will accept as evidence of progress towards the accomplishment of the identified objectives.

The superintendent will take the information generated from this session and develop an action plan for achieving the performance objectives.

✓ **Provide a guarantee.**

If the board chooses to use our complete service, we will guarantee our process for **two (2) years**. If the person selected leaves the position, **FOR WHATEVER REASON**, within the guarantee period, we will repeat the process at no charge except actual expenses.

We are convinced that our process of identifying your most important selection criteria, meaningfully involving stakeholders, screening candidates against the criteria, and working with you during the critical first year, will ensure your search results in quality leadership for education excellence.

Timeline

The timeline for the search process is established when we meet with the board, so we can address the unique needs of the organization. However, the time from our first meeting with the board until the finalist is selected is typically a minimum of two to three months.

Stakeholder Involvement

Obtaining stakeholder input is an integral part of McPherson & Jacobson's search process. Since 1991, McPherson & Jacobson has conducted over 870 superintendent searches for school districts ranging from 10 to over 300,000 students. For each search, we have coordinated stakeholder input sessions. Besides meeting with stakeholder groups designated by the board, an online input survey is also available for those who cannot attend the meetings. After the meetings have been completed, the board will receive a written report with the findings of the meetings and online input.

Initial stakeholder input sessions

The consultants will meet with groups identified by the board to solicit their input into the selection process. Each group is asked to identify the strengths of the organization and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board. The board chooses which groups it would like the consultants to meet with, but the most common groups include central office administrators, building administrators, teachers, classified staff, students, and community and business groups. The consultants will assist the board in choosing which groups it wishes to include. An online survey option will be provided to stakeholders who are unable to attend the scheduled meetings.

Meeting the candidates

A representative group of eight to twelve people will be selected to represent each of the groups identified by the board. The consultants will meet with a chairperson for each group to discuss their roles and responsibilities. The purposes of these groups are two-fold: one, to promote the organization and community to the candidate; and two, to form an impression of each candidate, which they will share with the board. The consultants will coach each group on how to conduct the meeting with each candidate and what questions they can or cannot ask. The consultants will also provide the chairpersons with a form in which, using group consensus, they will record their impressions of each candidate. The forms will be sealed in an envelope after meeting with each candidate and turned in to the organization contact person. Upon completing the interview process with all candidates, the board will receive and open the forms from each group.

Process for Obtaining Staff Input

The consultants will meet with central office administrators, building administrators, teachers, classified staff, and students, to solicit their input into the selection process. Each group is asked to identify the strengths of the organization and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board.

Our normal protocol is to host meetings for the teachers and classified staff in the afternoon, right after school dismissal to give the maximum opportunity for the staff to participate. Central office and building administrator meetings are scheduled at multiple locations to maximize the opportunities for their input. Student input sessions are not scheduled during class time, they are normally held during lunch breaks.

Process for Obtaining Parent and Community Input

The consultants will meet with parents and community stakeholders, to solicit their input into the selection process. Each group is asked to identify the strengths of the organization and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board.

Our normal protocol is to host meetings for the parents and community stakeholders in the evenings at multiple locations to allow as many stakeholders as possible to give their input.

McPherson & Jacobson will also allow stakeholders to submit their input online.

Process for Including Ethnically Diverse Communities

McPherson & Jacobson will work with the organization to determine the best practices to obtain input from ethnically diverse communities in the organization. If in-person meetings are required, McPherson & Jacobson will work with the organization to obtain the necessary translators.

Process for Obtaining Online Stakeholder Input

McPherson & Jacobson will create an online input survey to allow stakeholders to submit their input. At the request of the organization, surveys for multiple languages can be developed and posted.

NOTE:

- Expenses may increase if the organization chooses additional media advertising.

Transparency—The McPherson & Jacobson Difference

One of the hallmarks of McPherson & Jacobson, L.L.C. is the belief that the search for a public executive should be conducted with as much transparency as possible. We have designed a process, which keeps the board in complete control of the search, while inviting various stakeholder groups to provide input and become meaningfully involved in the process. The openness of the process has not gone unnoticed. The following article discusses McPherson & Jacobson’s stakeholder involvement.

Report details what community members want in new Elk Grove district superintendent

Residents, teachers and students in the Elk Grove Unified School District are all looking for the same characteristics in a new superintendent, according to report from McPherson & Jacobson LLC, an executive search firm hired by the district.

They want someone who is collaborative, culturally competent, approachable, has integrity and strong communication skills and is visible at schools. They also want someone who can lobby for legislation, policy and resources at the state and federal level, according to the report.

...

The report, compiled from more than 20 meetings with community members and stakeholders, was distributed to board members and others at a school board workshop Wednesday afternoon.

“It’s a good process – to get a feel for the community, employees and students,” said board President Priscilla Cox.

The report also says that stakeholders are in sync about issues at the district that they would like a new superintendent to know about. They list the achievement gap at the top of their list of concerns, as well as institutional racism and equity in the distribution of resources between schools.

They want the new superintendent to know that there is a split on the school board that makes it difficult for staff to work with trustees and that there is a need to re-establish trust between the administration and staff, according to the report.

The report will be used to help select a superintendent and will be distributed to the candidates so they can understand the community’s needs, said Bob Ferguson, a consultant for McPherson and Jacobson LLC. The new superintendent also will receive a copy as a guide to taking the helm of the district.

The process is very effective, said William Huyett, a consultant for McPherson and Jacobson. By the third or fourth meeting, common themes began to emerge.

“It’s a healthy thing to talk to your stakeholders and to find out what the issues are,” Huyett said.

The school board adjourned to a closed session with the expectation that it would identify finalists for interviews that will begin Friday.

...

The entire board will conduct formal interviews of candidates in closed sessions.

Interviews could continue Monday if the board selects more than four finalists.

Representatives of employee, district and community organizations have also been selected to participate in the interviews.

To Whom It May Concern:

It is my pleasure to write this letter of support for Mr. Ben Johnson. I had the opportunity to work with Mr. Johnson and McPherson and Associates as a candidate for the Superintendent of Hemet Unified School District.

Mr. Johnson provided guidance throughout the application process while working with the District to ensure that the District and I were a good fit. He continued to stay in touch throughout my first year as Superintendent to ensure I had the support needed in my new position.

Mr. Johnson has a kind and caring manner. He is committed to pairing potential candidates with Districts that will grow their skills and expertise as the Superintendent and move the District in a forward direction.

Sincerely,

To Whom It May Concern:

We have just completed a successful search for our new superintendent with the able assistance of Anita Johnson and Ed Velasquez, our consultants from the search firm McPherson & Jacobson, LLC.

The entire process was handled in a highly professional manner. Every question was answered, every concern addressed. Rather than following a scripted process, the board remained in control of the style and substance of the search but without the burden of its execution. As board president, I worked closely with our consultants and came to depend on them for insight and advice. Their experience, with the search process and with the issues faced by education agencies was invaluable.

We were on a tight timeline and, like many board members, I have a demanding schedule outside of my school board responsibilities. Anita and Ed were available to me in the evening and on weekends when questions and conflicts arose. They did the detail work and planning so that we didn't have to. The level of support and encouragement provided was extraordinary. I cannot imagine doing a search without them.

The number and quality of the applicants was reassuring to the board and spoke to the success of the initial planning process and the skillful execution of our plan. I believe that our consultants represented us enthusiastically to potential candidates, thus helping to develop a high quality candidate pool. Our board constructed a rigorous candidate assessment that no doubt placed additional burdens on our consultants. They didn't waiver or complain. During our post interview discussion of the applicants, our consultants provided insight and guidance without attempting to influence the final outcome. Honestly, with such a difficult and important decision, it was critical to have their advice and support.

That support didn't stop with the selection of a finalist. Anita kept in touch with me, and with our selected candidate, as we worked through the contract development and public announcement process. It is for these reasons, and many more, that I give our consultants and their firm, my enthusiastic endorsement.

We are thrilled with the new Superintendent that MacPherson & Jacobson found for us. I thoroughly enjoyed working closely with Ben Johnson. He is especially skilled at helping school boards work together and effectively find consensus -- and that is so important in the final weeks of a high stakes search. I am grateful for their partnership.

From the very beginning of the search firm selection process I appreciated Ben for really laying a foundation that the Board makes the decision. This was very evident throughout the entire process. Whenever we got stuck or were hesitate [sic] to speak candidly he reminded us the Board makes the decisions. The helped us to trust and own our decision making process. Thank you Ben and company.

Dr. Jacqueline Reid, Santa Barbara Unified School District, CA

"I highly recommend Ben Johnson II and Dr. Daryl Adams of McPherson and Jacobson to any district doing a superintendent search. Throughout the process, Mr. Johnson and Dr. Adams offered us advice that helped us to make better decisions. Overall the service was excellent."

Project Proposal

Process

For an equity-driven organization to be truly successful, we believe a diverse group of people must lead the work. When paired with the right opportunity, a person's unique identity becomes one of their greatest professional assets. We focus on candidates' experience, skills, knowledge and career goals, rather than who they know and where they went to school.

By introducing a more objective process that challenges biases and assumptions, people who most experience structural racism and discrimination have greater opportunity to reach an organization's highest levels. And this means they're more reflective of the communities they serve.
