SESSION I

9:15-10:50a

(Group A) Using the 4 A's to Develop Digital Lessons

Description: Participants will engage with AVID's Digital Learning Framework, the 4 A's, exploring how instructors Adopt, Adapt, Accelerate, and Advocate while integrating digital tools with WICOR instructional practices. They will participate in a well-known AVID activity with a digital component and then work to incorporate technology into their lesson plans, with an emphasis on differentiating instruction and increasing student ownership of their learning.

(Group B) Academic Language & Literacy

Description: This module is designed for schoolwide content teachers to support academic language and literacy in elementary through higher education classroom settings. Participants will connect WICOR with intentional language development practices and routines to strengthen listening, speaking, reading, and writing literacy for all scholars. AVID Schoolwide team members will experience opportunities to gain insight and align philosophies, resulting in students navigating rigorous content, achieving academically, and adequately preparing for career success.

(Group C) Critical Reading Digitally

Description: The purpose of this module is to introduce the 4 A's framework and experience a digital critical reading process.

(Group D) Culture Building

Description: Facilitated by Altitude Learning, a six-part journey for our classified staff.

SESSION I

8:30-9:15a

(Group C) The Edumagic of CUE Craft and Eduprotocols

Description: CUE's Chief Learning Officer and best-selling education author Jon Corippo is excited to share ways you can *teach better* and *work less* using the CUE Craft and Eduprotocols mindset. Jon will be sharing several make-and-take style Eduprotocols that will ignite all the FOUR Cs (Creativity, Collaboration, Critical Thinking and Communication) in your classroom that will also dramatically lower your grading workload. These Eduprotocols gently weave the best of AVID, PBL, UDL and integrate edtech into a magical approach that has kids begging for more (and you'll be able to teach your parent-leaders how to use these skills easily as well). Academic results can jump between 20-50% per day using these time-tested, easy to adopt mindsets and pedagogical practices. Join Jon and change the way you teach!

(Group A) Eduprotocols and AVID

Description: Travis Engstrand, one of the phenomenal Digital Learning coaches in the Grossmont Union High School District, has experience teaching AVID and is an outstanding and charismatic leader of professional learning. Travis will be sharing several Eduprotocols that have been optimized for use in an AVID teaching environment. In this hands-on session, you'll learn several popular Eduprotocols that can easily be adapted to a range of subject areas and grade levels. Being able to have students work in Eduprotocols across grade ranges will dramatically reduce your need for planning and also reduce the cognitive load on your students. These lesson frames are also very effective in a remote setting, such as independent study. And the best part? Kids love doing Eduprotocols.

(Group B) Google Skills and Tools for Educators

Description: With G Suite for Education, fast and easy collaboration empowers educators to create opportunities for deeper learning. Bonus: These tools make teachers' lives easier by streamlining administrative tasks! Gain knowledge as well as practical strategies to engage and empower learners, build a classroom community, and make collaboration a natural way of learning in your classroom. This session will be a rich source of ideas, resources, and information about these collaborative tools.

(Group D) Reconnections and Connections

Description: Facilitated by Altitude Learning, a six-part journey for our classified staff.

SESSION II
