Actions / Services

Action 1.1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
All scholars will have all basic services to include 100% of teachers appropriately credentialed and assigned maintaining the 25:1 required ratio, access to 100% of core curriculum including ELD State Standards-aligned, 100% of scholars having access to sufficient materials to include technology support, virtual lab materials, learning lab materials, science kits, visual and performing arts materials, and an online library in a safe, orderly environment.	Actions/Services were implemented as planned.	3,591,663 LCFF Base LCFF S&C Title I 1100, 4100, 4200, 4410	Actuals: $2,374,039* Estimate: $1,695,742 TOTAL: $4,069,781 *Actuals through 1/31/2020 (+13.3%)

Action 1.2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Identify scholars through Multi-Tier System of Supports (MTSS) who need additional support and interventions based on results of internal assessments and work completion and provide support sessions with the teacher, access to online support resources (such as ThinkingStorm) and tutoring. All teachers will complete deficiency notices for any grade 6-12 scholars who are receiving a grade of C or lower every quarter. Deficiency notices will be sent to the parent at the semester mid-point.	Actions/Services were implemented as planned.	81,206 LCFF S&C Title I 1200, 2100	Actuals: $47,803* Estimate: $33,403 TOTAL: $81,206 *Actuals through 1/31/2020 (+261.3%)

Action 1.4

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Strategies to improve attendance and ensure that scholars receive the required instructional time and that scholars complete the required assignments by learning period will be implemented. The supervising teachers, educational facilitators, Scholar Services Technicians, counselors, educational facilitators and academic coordinators will hold scholars accountable by monitoring attendance, communicating with parents, sending warning letters, holding conferences, and having scholars and parents sign attendance contracts (as part of the Scholar's Master Agreement). Scholars will be incentivized for attendance and participation. In the Online Program, 10% of grade will be based on attendance at Learning Labs. quiz, test or project for attending a study or tutoring session. In an effort to continuously improve attendance and participation in the Compass Options program, each Educational Facilitator will decide on a way to recognize those in their class that complete their activity logs and work samples by the date. Examples include a note of thanks, class message, recognition in the Compass Newsletter and/or class challenge.			

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Use actual annual measurable outcome data, including performance data from the Local Control Funding Formula (LCFF) Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.
All actions/services for Goal 1 were implemented as planned.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Overall, the data indicates that CCS is having a positive impact on student achievement when the data is examined by student cohorts. In the area of ELA when the data is examined by cohort from 2018 to 2019, we see that scholars increased as much as 13% in grades 3 through 8. The year-over-year data comparison shows gains in grades 5, 6 and 8 in English.

In the area of mathematics, the strongest cohort growth was seen in grades 4 and 8. Gains for year-over-year mathematics performance were demonstrated in grades 3, 4, and 7.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between budgeted and estimated actual expenditures based on current financial projections through June 30, 2020.

Reflecting upon the progress of this goal and an analysis of the data provided in the California School Dashboard, describe the relationship of this goal and related metrics and actions with the development of new goals in the 2020–23 LCAP, as applicable.

Based on the results of the California Dashboard for 2019 and our own internal data, this goal will require continued focus into the new plan. Specifically, the English Language Arts Indicator schoolwide performance improved from Orange to Yellow as a result of a 10.2 increase in DF3. The Mathematics Indicator shifted from Yellow to Orange, signaling there remains significant work to be done in this area. While we will continue our efforts to meet this goal, the metrics will be refined to provide differentiated data according to the specific Compass program (ie. Online and Options). Additionally, we will implement additional scholar touchpoints to increase their personal monitoring and ownership of their Personalized Learning Plans (PLP).

Goal 2

Increase scholar retention and scholar and parent engagement and involvement as measured by local indicators

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Use actual annual measurable outcome data, including performance data from the Local Control Funding Formula (LCFF) Evaluation Rubrics, as applicable.
Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions/services for Goal 2 were implemented as planned.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

In reflecting on the data/metrics for this LCAP goal, the CCS community believes that our actions and services have been effective in increasing stakeholder engagement and involvement to support the success of scholars. As a non-traditional public charter school with two different instructional delivery models, the data bears out that families are satisfied and maintain strong ties to CCS.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between budgeted and estimated actual expenditures based on current financial projections through June 30, 2020.

Reflecting upon the progress of this goal and an analysis of the data provided in the California School Dashboard, describe the relationship of this goal and related metrics and actions with the development of new goals in the 2020–23 LCAP, as applicable.

While the CA Dashboard data is positive as measured by the Suspension Indicator, the goal for the 2020-23 plan will be revised to focus solely on family engagement and involvement. Additionally, the metrics for this goal will be revised; we will remove the attendance as it is already captured in goal 1, and the Scholar Retention metric will be added to a new goal.

Goal 3

Increase academic achievement and engagement for scholars in special populations to include English Learners, Socioeconomically Disadvantaged students, Foster Youth, Homeless Youth, and Students with Disabilities as measured by state and local indicators.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between budgeted and estimated actual expenditures based on current financial projections through June 30, 2020.

Reflecting upon the progress of this goal and an analysis of the data provided in the California School Dashboard, describe the relationship of this goal and related metrics and actions with the development of new goals in the 2020–23 LCAP, as applicable.

We will be deleting this goal but will retain the actions and metrics through inclusion in the goals of the new 2020-23 plan. We will also be removing CAST, and moving actions for unduplicated pupil groups metrics to Goal 1.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Use actual annual measurable outcome data, including performance data from the Local Control Funding Formula (LCFF) Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions/services were implemented as planned for Goal 4.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

*To be completed by June 2020 Board meeting.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

There were no material differences between budgeted and estimated actual expenditures based on current financial projections through June 30, 2020.

Reflecting upon the progress of this goal and an analysis of the data provided in the California School Dashboard, describe the relationship of this goal and related metrics and actions with the development of new goals in the 2020–23 LCAP, as applicable.
The goal will become "Goal 3" in the 2020-23 LCAP. To accurately reflect the performance of non-traditional students (ie. parenting, credit deficient, etc.) who require additional time and support to earn a CCS diploma, a new goal 4 will be added next year to focus on the progress of these scholars.
DRAFT #1

Instructions:

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.
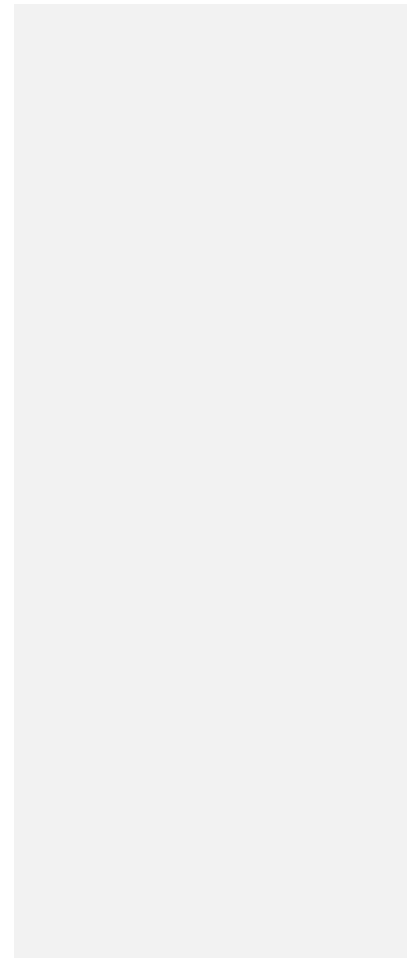

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.

- Reflecting upon the progress of this goal and an analysis of the data provided in the California School Dashboard, describe the relationship of
this goal and related metrics and actions with the development of new goals
in the 2020–23 LCAP, as applicable.
