- They are the providers we have brought to Compass. The selection currently available is very limited.
- Firestorm was great, but they raised their price so our funds would only cover 4 months for the entire year. My daughter really wants to do gymnastics, but there are no gymnastics vendors in Orange county.
- There are none in my city

- Explorer field trips
- Beltran Spanish Tutoring, Creative Creatures & Co, Leading Notes Studio, Jessica Moller
- Lewis Music Academy
- I will note, we love all 3 that we are using. Sienna Rach, Rebel Art and liberty Gym. that said, there really isn't much else to choose from up here in Contra Costa.
- Timberdoodle
- Briana Guardino and Moving Beyond the Pages
- Friends of the willow tree
- Outschool was very useful, but its no longer an option which really is a tragedy.
- Learn beyond the book
- There is barely any selection for dance, sports and music in my areas, so we are unable to use services. The selection of vendors for curriculum and supplies has been positive.

- Before the pandemic, our son took gymnastics lessons with charter funds, and it was fantastic. Sadly, the gym no longer exists, but it was particularly great for Daylon when it did.
- We also GREATLY enjoyed the field trip packages that were provided to the entire family via annual family passes. We used them A LOT, and it enhanced and enriched Daylon's learning experiences. We had annual passes to Mendocino Botanical Gardens, Monterey Bay Aquarium, San Francisco Academy of Sciences, zoos, and we frequented all of those places.
- Daylon is really into building with Legos, and it is clear that his math skills have improved as a result.
- My son takes flying lessons from our local aviation school, and it would wonderful if those lessons were covered with charter funds.
