Our Mission and Vision

MISSION STATEMENT

Our mission is to inspire and develop innovative, creative, self-directed learners, one scholar at a time.

VISION STATEMENT

Our vision is to create a collaborative virtual learning community, inspiring scholars to appreciate the ways in which arts and sciences nurture a curiosity for life-long learning and prepare scholars to take responsibility for their future success.

Our Values

COMPASS CHARTERS

-  **A**chievement: Engage in and take charge of your learning.
-  **R**espect: Be respectful in all interactions with fellow scholars, learning coaches, faculty, and staff.
-  **T**eamwork: Work cooperatively with all persons involved in your education. *Teamwork makes the Dreamwork*
-  **I**ntegrity: Behave following strong ethical principles, values, and academic honesty.
-  **C**ommunication: Frequently and proactively communicate with all persons involved in your education.

Community Providers: WIG

- Track scholar educational support fund budgets monthly to collect data on trends of spending and identify scholars with low or unusual spending.
- Provide monthly reporting to the Options Coordinators to aid in identifying opportunities to provide assistance to enable scholars to utilize the funds to meet their educational goals.

Scholar Educational Support Funds

The purpose of the educational support funds is to allow families, with the help of their credentialed supervising teachers, to choose curricula, materials, and services that are appropriate in helping the scholar reach their academic goals. This allows for flexibility in meeting the educational needs of the scholars as individuals in our personalized learning environment.

Scholar Educational Support Funds

Each scholar is allotted educational support funds according to their enrollment date. After the initial month of school, the funds begin to depreciate. These funds are seen in the learning coach's scholar's OPS portal and by their supervising teacher and the supervising teacher's coordinator. The Community Providers Team also sees the available funds when they are taking care of scholar's orders.

Scholar Educational Support Funds

Items and services requested by families to be purchased using allotted educational support funds are reviewed by the supervising teacher to ensure they provide educational value for the courses the scholar is enrolled in and that the requested items are nonsectarian, grade-level appropriate, and align to the scholar's Master Agreement. The Community Providers Department have collaborated with the Options Learning Program Department to create our Educational Support Funds Guidelines to help parents know what items are or are not permissible to order. It is noted on this shared document it is not an all-inclusive list.

Community Providers: FAQ

What is a Community Provider and how can a business become one for Compass?

We have two types of Community Providers, material providers and service providers:

- Material providers offer our scholars items including curriculum, art and school supplies, reading books, computers, science equipment (including gardening items) and PE equipment.
- Service providers offer in-person or live virtual classes.

Community Providers: FAQ

How does a business become a Community Provider?

- We require that the business is referred by either CCS staff or an enrolled CCS family.
- The business completes and submits a pre-application and the Community Provider Department “vets” the business to make sure they have been in business at least 6 months, have a working website, and that the materials or services they offer can be approved by a public charter.

Community Providers: FAQ

How does a business become a Community Provider?

- If the Community Providers Department sees the business as a good fit for Compass, the business is sent a full application to apply as a provider. Items needed on the application are a W-9, business proof, liability insurance, live scan or fingerprint clearance and TB proof.
- Once those documents are all submitted and reviewed the business is activated in OPS, our procurement platform.
