

Compass Committees 2023-2024

Year Round Committees (Main)

These committees meet throughout the year and will each have the opportunity to report to the Board of Directors during a public meeting. Committees must have specific goals that support our WIGS and the general improvement of Compass as an organization. Staff who are members of a committee are expected to attend all meetings and must communicate with the chair if they cannot attend a meeting.

Committee chairs are responsible for creating meeting agendas, preparing reports to the Compass Board of Directors, taking attendance, and working with the designated liaison to ensure that there is adequate support for the committee to reach its goals.
