AI Summary:

[1:24](#) The group discussed approving the minutes from the previous meeting on April 9th.

[2:33](#) Elizabeth Brenner recognized the efforts of the council members, especially Taia as the leader, and Zahra for stepping into the co-chair role. She invited the group to share one thing they enjoyed or learned from being part of the council this year. Several members, including Joseph and Zahra, provided positive feedback about the experience and value they gained.

[8:03](#) The group discussed plans for the first meeting of the 2024-2025 school year. They decided to hold the first meeting a bit later in September, after the school's club rush, to allow more students to learn about and join the council. They tentatively planned the first meeting for September 17th or 24th, and will then continue with the regular second Tuesday of the month schedule.

[11:17](#) The group expressed gratitude for the productive year and excitement to continue the council's work in the next school year. Taia and Zahra thanked the members and staff for their contributions. Tami Wrigley noted that there is still work to be done, but appreciated the input and effort from the council. The meeting was then adjourned.

[13:20](#) Zahra asked about the status of the Discord platform for scholar communication. Elizabeth Brenner shared that the school is implementing a new, more robust cybersecurity system that will enable better platforms for scholars to connect in a safe environment. She said this is in response to learnings from a previous presentation, and that more details will be available next year.
