Compass is also offering new supports for scholars: Adventure to Fitness for fitness resources for online elementary and options program scholars, and ThinkingStorm for tutoring resources for online middle and high school scholars.

Compass also shared with the SLC that based on suggestions from scholars and learning coaches, they have opened Employee of the Year nominations for scholars and learning coaches to nominate teachers, counselors, staff, and administrators for the honor, to be awarded at the Annual Meeting in June.

In its inaugural year, the Scholar Leadership Council shared valuable feedback with Compass staff and had an opportunity to share a reflection of the year at our May meeting. It has been an honor to lead the SLC and serve my peer scholars this school year!

The Scholar Leadership Council will reconvene at the start of the 2018-19 school year.
