B. Reimagine Follow Up, Communication

- Communication to community regarding Reimagine write up was shared to Board, need to make changes as needed.
- Discussed when to send:
 - Last week of August once mass beginning of the year emails settle and revisit email when we have Strategic Plan in October to show the work it is driving

- Send once we meet for Strategic Planning and can tie the work done at Strategic Plan to the goals and overview done by Reimagine
- Decided to send at the end of August and will send updated email once we meet for Strategic Planning and will share ideas, goals and future planning. Felt it important to get it out to the community sooner as that is what we said we would do once we had results to share.

C. Evaluation Rubrics and Process

- Looked at Board OnTrack's questions, DPS leader tools, and ultimately went back to CDE quality standards.
- First going to go through and revise the standards to reflect the ED's jobs at Stargate

- Will add a Board relationship piece
- A full draft form will be shared with Wayne and Robin to get their ideas on ways they've been evaluated in the past and get their feedback.
- Brought in the Smart Goal, 5 pointed star, KPI and discussed how those are all related and connected.
- Ideal to have it to approved at September board meeting

D. Bylaw Revisions Process and Timeline

- Will address proposed changes to the Bylaws at the State of the School. Based on terms set forth in the Bylaws, these changes are best made in connection with the spring election.
- Will consult with the League of Charter Schools and legal counsel to address the Bylaws to get rid of confusing language, remove gaps and to not be so specific that we are constantly needing to make changes.
- Goal is to write policies that we are able to change but have bylaws be a long standing document that doesn't get changed often.
- Want to involve the community to see what their opinions are regarding changes to the Bylaws, will send out survey
- Get to the bare minimum in the Bylaws to remove holes and ambiguity. Want them to be timeless and leave the rest to be written in policies.
