II. Principal's Report

A. K - 9 Update

Tyra reported on the PAL report. The school had a visit from the DOE. This visit was a pre-visit to prepare the school for the upcoming charter renewal. Tyra states the visit went well. The DOE wants to make sure the school is properly prepared for charter renewal. Aaron ask what are the next steps. The DOE will create a dashboard that will help guide the school with the renewal. The renewal visit will take two days. One concern the DOE had was the number of SpEd scholars we currently have enrolled. The DOE wants our school to match our school district's number which is which is 25%. We currently are at 14%. The DOE also suggest we make ELL students priority on our school application. If the subgroups are not matched to the district, the charter renewal will be only a 3 year renewal. The DOE suggests the school change the application to make SpEd a priority also. Tyra continues to report on the PAL report and states reports that there are no suspensions for the month. Aaron suggest we hear more the DOE and the charter renewal at next month's meeting. If the applications need to be updated, there will need to be a board approval to make the changes. Jessica ask if there is a policy about changing a school application. The lottery application reflects the school's inclusive policy to allow/encourage all scholars and families to apply and consider the school.
