## **II. Principal Updates**

### **A. Principal Update - MetLCS K - 8**

### **B. Principal Update - MetLCS 9 - 11**

Tyra noted that there was good attendance (74%) for the start of summer school, and that principals are hoping to increase attendance rates before the board mtg next week by following up with parents this week. Tyra noted that a lot of kids are making up their gym credit from the spring semester.

A Bothner inquired about the difference between this year and years past for summer school; the number of kids this year is significantly higher (15 vs 47%) because a lot of kids were not prepared to adjust to a remote tech-based learning approach

E Chen inquired as to whether any research has been published on improving remote engagement for parents and students

J Boulet asked about any recent developments for back-to-school planning for the fall. Principals reported that they are still planning on a hybrid remote approach, with the anticipation that it may end up being fully remote. Melissa is preparing for operational safety.

## **III. Governance**

### **A. Governance**

J Boulet shared that the Gov Comm will be working to crystalize concrete benchmarks for the goals developed at last month's meeting, and that Trustees can expect to hear more on this in coming weeks.
