### **A. Principal Update - MetLCS K - 8**

- K. Davidson discussed how he priority number one is supporting families and students after the tragic event that happened last week. The second priority is reopening and answering staff and family questions.
- The K-8 is currently fully staffed. However, there are two teachers were are slightly uncomfortable with coming into the building multiple days a week.
- Student orientation begins on Monday. K comes in on Monday and the rest of the grades will cycle in and out the following days of the week. The week after, K-8 will move into the remote environment.

### **B. Principal Update - MetLCS 9 - 11**

- T. Williams gave an update on what students and families are feeling given the recent tragedy
- T. Williams feels that family fear of having their students leave the home will cause families to want to stay home rather than choose a hybrid option
- CPA has been focusing on re-opening primarily
- Parent calls began yesterday to help the staff get a gauge of which families are choosing to be fully remote or hybrid
- Families must make a decision. If a family chooses hybrid, they are allowed to go remote. However, if a family chooses remote, they will not have the opportunity to switch to hybrid until the end of the first quarter
- PDI was paused for two days because of the tragedy. But, teachers are working on scope and sequence and syllabi for students' first semester. Providing this clarity will be extremely helpful for students to feel prepared.
- CPA is fully staffed and staff has not expressed concern about returning to school on 9/14
- Approximately 69-70% were able to pass summer school and receive a Regents extension
- In the Fall, some students will be able to make up Apex work because DOE allowed for more time to complete
- Director of Scholar Support Services is hired and she started yesterday

- The Manager of Academic Operations was hired and will start at the end of August
- A. Khatiwada asked if we have any further guidance on how and what testing is going to look like (and how data is going to be reviewed) over the next few days and weeks
- K. Davidson shared that the only guidance he's gotten is around keeping accurate records and understanding who has been in school when
- A. Bothner asked if there has been any word on what future testing will look like at the schools
- K. Davidson and T. Williams have not heard any news but A. Bothner will send emails to other Board members across NYC to get a gauge of anything they've heard
- A. Bothner approved inviting M. Alston to Board meetings going forward
