II. Education Committee Updates

A. K-12 Update

K. Davidson:

- Update on attendance
- 9-12 IAs last week
- Lower school the next two weeks after break
- Update on seniors, working with Ms. Webb
- Partnerships and training- requesting a budget amendment for additional Lavinia PD for short term CPA support for instructional support for teachers
- Linkit was a data warehouse the school utilized. After partnering with Board member partners, the school is looking to engage in a partnership with Illuminate for a K-12 comprehensive data dashboard through the system without having to create a separate dashboard. A review will be present to anyone that is interested on the board. Connects directly to Power School our new student information system for 2021-2022.
- Winter break packet pick up, novels for K-8, refresh of school supplies this week.
- First virtual house day is Friday, December 18, 2020.
- Wednesday and Thursday this week is our K-4 Christmas show from the drama classes.

J. Boulet asked K. Davidson about an update on hybrid and remote instruction. K. Davidson reported that the school decided to stay remote. Two weeks are built into the return of school after the holiday break for a built in quarantine so the school decided to stay remote so that families weren't going to make plans for in and our instruction. K. Davidson reported that we are trying to get to in person hybrid learning as soon as possible. The school has been purposely planning for remote and if we can be hybrid that is ideal. K. Davidson shared that scholar success in person is greater and that is on top of mind. J. Boulet asked if there was anything unexpected good or bad with the transition. K. Davidson said everything is within the same expectations. Staff was happy. The school hasn't had any major concerns. New Covid-19 testing requirements will be a challenge and maintaining the permission lists and consent for that. A. Bothner asked K. Davidson to add a bullet on for the board meeting to include an update on hybrid/remote. A. Bothner also requested an update on the conversation with Pasek Consulting and what is being worked on. K. Davidson reported that he has a weekly meeting with Pasek and he will be prepared to speak to that. J. Boulet asked to hear about any particular challenges with the 9-12. K. Davidson recognized M. Alston for her support through this time. K.

Davidson reported that there are a variety of challenges and some that need to be addressed quickly. Ultimately the biggest challenge is that, after digging deep/speaking with teachers and meeting with leaders, there are a lot of layers that we need to work on and the prioritization of those layers. K. Davidson reported that culture is important for strong academics. Good news is that there are a lot of talent and pieces in place. K. Davidson will work on building a stronger scholar culture but not losing site of the fact that there are newer teachers that are in need of intensive support but they seem ready and willing to receive the information. K. Davidson has been taking the K-12 leaders on classroom walk throughs together and improvements have been identify. Step one is identify the list to prioritize and the next two weeks time.

VI. Executive Session

A. Executive Session Updates

The purpose of the Executive Session will be for a personnel matter. Jessica B. outlined that under Open Meeting Law, we must be as specific as possible in stating the purpose of the executive session on the Agenda and in the Board meeting. In this case, we must specify that the session is to consider a personnel matter relating to a particular person (or corporation as the case may be). Also, the agenda shouldn't say "executive session;" rather, it should say something along the lines of "Executive session proposed." This is because executive sessions are subject to a vote, so we can't assume the outcome of the vote. Jessica B. said she is happy to answer any questions, or direct them to Susan (counsel) as needed.
