A. DEI Training

DEI Team introduced their company and the work that the board will be doing this afternoon.

A social identity exercise was given to connect with ourselves through our attributes given, chosen and core identities that we have. Social Identity is what gives us the power to be our true selves within our core values.

Everyone went into break out rooms for 15 minutes to share our responses from the exercise. After, we came back into the main room to share our responses from the break out rooms.

The main insights from the advantages and disadvantages of our social identities were:

- Religion
- Gender
- Education
- Ethnicity
- Language
- Nationality
- Occupation

The outcome of this exercise was to come together as one and reflect on our core values as a whole.

K. Shabazz arrived at 12:28 PM.

III. Annual Board Assessment

A. Board Assessment

J. Boulet shared the overall outcomes of the board assessment that the board members were given before this meeting. After the break, J. Boulet would like to go further and discuss the categories and responses that scored a level 1. There were a few questions that everyone answered at a level 1, that may be due to not having the knowledge or certainty of the area. These are areas that board members had basic knowledge or may need clarity. The levels for the assessment were from 1 to 5. Level 1 being "basic" and Level 5 "Excellent"
