Mission

At Nuasin Next Generation, we believe in the unlimited talent and intellectual potential of our scholars and our community. We cultivate this talent and intellectual potential through a progressive education that focuses on deep exploration, thoughtful questioning, relentless curiosity and critical thinking. Nuasin Next Generation Charter School implements a progressive K-12 educational program and an unyielding commitment to cultivating our scholars' innate intellectual talents to empower our graduates to achieve excellence in their postsecondary paths and make positive impacts on the broader community. Every single one of our scholars have the potential to be great and change the world, at Nuasin Next Generation we prepare our scholars for that opportunity.

3 Pillars

The Mission of Nuasin Next Generation stands firmly on the foundation of our three pillars: Rigor, Self-Advocacy, and Community. These three pillars are the guiding principles for our school and culture. Please find a deeper explanation of our pillars below.

Rigor:

We use the word “rigor” not in the stringent or inflexible sense, but in the sense of an unyielding need to challenge and push our students because we understand and believe in the potential, talent, and ability of our scholars and community. We challenge our scholars to build their confidence and help them realize what they can achieve.

Self-Advocacy:

Our scholars are empowered to advocate for themselves, their families, and their communities.

As our scholars come to understand that their voices are valued and needed, they learn to advocate for themselves. Our scholars are seen and valued; they understand that not only do they have the right to express their opinions, views, and perspectives, but it is their obligation to do so.

Community:

Our scholars will embrace community and understand that as a member of a community you have certain

inalienable rights, the right to be seen, the right to be heard, the right to be protected and the right to be loved and

cherished. Our students will also learn of their obligations. As a member of a community you have the obligation to

respect, listen, support and only want and assume the best in all others. Every member of our community must understand that they are active participants in the Nuasin community and the community goes as we go.

III. Finance Committee Updates

A. General Updates

E. Mew shared the monthly update.

- Cash at the end of, cash at September 30th was just over 9 million dollars, of which \$70,000 of that is restricted. Also, including that 9 million dollars is 5.2 million dollars of investment. And the investment is held pretty flat over the past several months, not fluctuating too much in either direction.
- The audit has been presented to the finance committee and we expect to have a final draft available to be voted on early next week, probably Monday. As S. Pressley mentioned, you should expect a very clean audit, no findings, no material weaknesses, everything is looking lovely in terms of the audit for fiscal year 21. We have net assets of, just short of 11 million dollars. All the metrics look great. 4.1 is a great metric for current ratio and the asset ratio is very low, which means you have very little in the way of liabilities. So that is a great number as well, that service coverage ratio at 1.94 is outstanding. As we see through September and as of this reporting, we calculated 659 scholars, just three short of budget. And this is the reason we budget on a conservative basis at 662. So we're currently only three short of what we budgeted last year. We maintained a number around 680, 684. So definitely there's been issues with retaining students, but because we budget conservatively, once again.
