<b>K.</b> Authorization for Executive Director to Execute Charter School/Non Profit Public Benefit Corporation Certification (IRS Notice 2015-07)	Vote	Matthew Brown	2 m

CalSTRS has issued a new Charter School/Nonprofit Public Benefit Corporation Certification form related to IRS Notice 2015-07 and the continued participation of charter school employees in the CalSTRS retirement system. The certification requires the nonprofit public benefit corporation operating the charter school to affirm compliance with various requirements concerning governance, public purpose, employee eligibility, funding sources, regulatory oversight, and asset disposition.

The certification also confirms that eligible employees participate in CalSTRS pursuant to written employment agreements and that the organization maintains documentation supporting employee eligibility for retirement system participation.

While the certification does not expressly require governing board approval, staff believes it is appropriate to present the certification to the Board for review due to the significance of the representations being made and the importance of CalSTRS participation to employees of TEACH Inc. and its affiliated charter schools.

Staff has reviewed the certification and believes TEACH Inc. satisfies the applicable requirements contained in the certification.

Recommended Action

Authorize the Executive Director to execute and submit the CalSTRS Charter School/Nonprofit Public Benefit Corporation Certification on behalf of TEACH Inc. and its affiliated charter schools and to take any actions reasonably necessary to implement the certification requirements.
