C. Public Comment Discuss Lori Butler 5 m

Board meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Board through the Chair of the Board. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Board must complete a Speaker Request Card and submit it to Matt Brown, Chief Operating Officer of TEACH Public Schools. The Speaker Request Card must contain speaker name, contact number or email, and subject matter and submitted to the COO or Superintendent prior to the start of the meeting. Members of the public may address the Board on any matter within the Board's jurisdiction and have three (3) minutes each to do so. The total time of each subject will be fifteen (15) minutes, unless additional time is requested by a Board Member and approved by the Board. The Board may not deliberate or take action on items that are not on the agenda. However, the Board may give direction to staff following a presentation. The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Board meeting. The Board of Directors may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Board's ability to conduct its business in a timely manner. The Board of Directors may also allow for additional public comment and questions after reports and presentations if it deems necessary.

DRAH

OVERVIEW AND GENERAL BUSINESS POLICIES

The Board of TEACH Public Schools, governing TEACH Academy of Technologies, TEACH Tech High School and TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary School (or "School") has reviewed and adopted the following policies and procedures to ensure the most effective use of the funds of the School to support the mission and to ensure that the funds are budgeted, accounted for, expended, and maintained appropriately.

- 1. The Board approves financial policies and procedures, delegate's administration of the policies and procedures to the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and reviews operations and activities on a regular basis.
- 2. The Executive Director has responsibility for all operations and activities related to financial management. However, the Board and Executive Director can appoint or delegate someone else to perform the responsibilities.
- 3. Financial duties and responsibilities must be separated so that no one employee has sole control authorizing transactions, recording financial transactions and custody of assets.
- 4. The School will maintain in effect the following principles in its ongoing fiscal management practices to ensure that:
 - a. expenditures are authorized by and in accord with amounts specified in the board-adopted budget,
 - b. the school's funds are managed and held in a manner that provides a high degree of protection of the school's assets, and
 - c. all transactions are recorded and documented in an appropriate manner.

Budget Development, Oversight Calendar and Responsibilities

The School will develop and monitor its budget in accord with the annual budget development and monitoring calendar as specified below.

January - April

Charter Impact works with Executive Director, Superintendent and Chief Operating Officer/Chief Financial Officer to review Governor's proposed state budget for the upcoming fiscal year, and identify the likely range of revenues for the school's upcoming fiscal year (July 1 - June 30) based on projected enrollment. Once the revenue estimates are complete, Charter Impact and the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer develop the remainder of the budget including staffing levels, review of fixed costs and discretionary spending. Then a five-year budget

projection is developed in accordance with the schools' established strategic and growth plans.

Budget Development, Oversight Calendar and Responsibilities (continued)

May – June

Charter Impact and the Executive Director, Superintendent and Chief Operating Officer/Chief Financial Officer reviews revenue projections subsequent to the Governor's annual "May Revise" budget figures, fine-tunes the upcoming fiscal year budget to accommodate any changes. This budget will include monthly cash flow projections. The Board reviews and formally adopts a budget for upcoming fiscal year before June 20. A copy of the final budget is provided to the charter-granting agency.

July – August

Books for prior fiscal year are closed by Charter Impact, all transactions are posted, and records assembled for audit.

The budget is reviewed subsequent to the adoption of the state Budget Act and necessary adjustments are made. A copy of the revised final budget is provided to the charter-granting agency, if applicable.

September – December

The independent auditor performs audit of the closed fiscal year and prepares audit report for submission to the Audit Committee.

At the end of the first full week of school, the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer reviews the Charter School's actual attendance figures and notifies the Board if actual attendance is below budget projections. If needed, the school's budget is revised to match likely revenues.

The Audit Committee of the Board reviews a copy of the audit. The Executive Director address any audit exceptions or adverse findings. Once the Board approves the audit report, it is submitted to charter-granting agency.

On a monthly basis, the Executive Director, Superintendent and Chief Operating Officer/Chief Financial Officer and Board reviews current year actual versus budgeted revenues and expenditures and other financial reports as presented by Charter Impact. The Board approves any needed changes to the annual budget.

Budget Transfers

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer may transfer up to \$10,000 from one unrestricted budget item to another without board approval, but shall notify the Board of the transfer at the next regularly scheduled meeting.

Banking Arrangements

The School will maintain its accounts either in the County Treasury or at a federally insured commercial bank or credit union. Funds will be deposited in non-speculative accounts including federally-insured savings or checking accounts or invested in non-speculative federally-backed instruments or in the County's Pooled Money Investment Fund. If funds are held in accounts outside of the County Treasury, the Board must appoint and approve all individuals authorized to sign checks or warrants in accord with these policies and all checks over \$50,000 must be signed by two authorized signatories. Charter Impact will reconcile the school's ledger(s) with its bank accounts or accounts in the county treasury on a monthly basis.

Record Keeping

Transaction ledgers, duplicate unsigned checks, attendance and entitlement records, payroll records, and any other necessary fiscal documents will be maintained by school staff in a secure location for at least three years, or as long as required by applicable law, whichever is longer.

Appropriate back-up copies of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored in a secure off-site location, separate from the school.

Charter Impact will retain electronic records at their site for a minimum of two (2) years; after which, the remaining five years will be the responsibility of the School.

Property Inventory

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer shall establish and maintain an inventory of all non-consumable goods and equipment worth over \$1,000. This inventory shall include the original purchase price and date, a brief description, serial numbers, and other information appropriate for documenting the school's assets. This property will be inventoried on an annual basis and lists of any missing property shall be presented to the Board.

All non-consumable school property lent to students shall be returned to the school no later than 5 working days after end of the school year. Any excess or surplus property owned by the school may be sold or auctioned by the Executive Director, Superintendent or Chief Operating

Officer/Chief Financial Officer provided the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer engages in due diligence to maximize the value of the sale or auction to the school. The sale or auction of property owned by the school with a fair market value in excess of \$1,000 shall be approved in advance by the Board.

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will immediately notify Charter Impact of all cases of theft, loss, damage or destruction of assets.

Attendance Accounting

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will establish and maintain an appropriate attendance accounting system to record the number of days students are actually in attendance at the School and engaged in the activities required of them by the School. The annual audit will review actual attendance accounting records and practices to ensure compliance. The attendance accounting practices will be in conformance with the Charter Schools Act and the applicable California Administrative Code sections defining Charter School Average Daily Attendance. Therefore:

- 1. ADA will be computed by dividing the actual number of days of student attendance by the number of calendar days of instruction by the School.
- 2. The School's instructional calendar will include at least 175 days of instruction to avoid the fiscal penalty for providing fewer than 175 days of instruction as provided by the Administrative Code regulation. The calendar must also document that the school offers an amount of annual minutes of instruction as required pursuant to applicable law.
- 3. Independent study must be pre-arranged by the student's adult guardian and the School and that the adult guardian will be required to complete and submit documentation of engagement in instructional activity to the school on forms prepared by the school. As applicable, such study shall be in full compliance with law governing independent study.

Annual Financial Audit

The Board will annually appoint an audit committee by January 1 to oversee the independent auditors for that fiscal year. Any persons with expenditure authorization or recording responsibilities within the school may not serve on the committee. The committee shall annually contract for the services of an independent certified public accountant to perform an annual fiscal audit. The audit shall include, but not be limited to (1) an audit of the accuracy of school's financial statements, (2) an audit of the school's attendance accounting and revenue claims practices, and in conjunction with (1) and (2) above, review the school's internal controls over financial reporting. The audit shall be prepared in accordance with any relevant Office of Management and Budget audit circulars if the School spends in excess of the amount which requires an audit. The Audit shall be completed, reviewed by the Board, and submitted to the

charter-granting agency, the County Office of Education, the Office of the State Controller, and California Department of Education prior to December 15 of each year.

Required Budget and Other Fiscal Reports

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer, working in conjunction with Charter Impact, will produce and submit to the charter granting agency any and all required fiscal reports as may be required by state or federal law, or mandated by the terms of the school's charter. These include, but are not limited to, attendance reports, enrollment and other data reports required by the California Basic Education Date System, and other related data.

Property and Liability Insurance

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer shall ensure that the school retains appropriate property and liability insurance coverage. Property insurance shall be obtained and address business interruption and casualty needs, including flood, fire, earthquake, and other hazards with replacement cost coverage for all assets listed in the school's Property Inventory and consumables. Premises and Board errors and omissions liability insurance shall also be obtained and kept in force at all times on a "claims made" form with a self-insured retention of no more than \$50,000 per occurrence and limit of no less than \$5 million per occurrence. The school's Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and other staff who manage funds shall be placed under a fidelity bond.

Board Compensation

Board members may not receive compensation for their services as directors or officers. They may receive reimbursement of expenses by resolution to be just and reasonable as to the time the resolution is adopted.

Fundraising, Grant Solicitation, and Donation Recognition

All fundraising or grant solicitation activities on behalf of the school must be approved in advance by the Board. The Board shall be informed of any conditions, restrictions, or compliance requirements associated with the receipt of such funds, including grants or

categorical programs sponsored by the state or federal government. The Board shall be notified no later than the next regular board meeting of the award or receipt of any funds and shall approve the receipt of any grants, donations, or receipts of fundraising proceeds prior to their deposit in the school's accounts.

Contracts

Consideration will be made of in-house capabilities to accomplish services before contracting for them. Except as otherwise provided in these policies, the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer may enter into contracts and agreements not to exceed \$50,000 without Board approval, provided funds sufficient for the contract or agreement are authorized and available within the school's board-adopted budget. Contracts and agreements in excess of \$50,000 must be submitted for board approval and may be executed by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer or other person specifically designated by the Board after the Board has duly approved the contract or agreement. Board approval is only required if a contract is entered into that exceeds \$50,000 in value or an individual transaction exceeds the \$50,000 threshold. The \$50,000 board approval threshold does not apply to cumulative expenditures that may exceed \$50,000 in a fiscal year if no contract exists.

Office staff will keep and maintain a contract file evidencing the competitive bids obtained (if any) and the justification of need for any contracts over \$25,000. Competitive bids will be obtained where required by law or otherwise deemed appropriate and in the best interests of the school.

Written contracts clearly defining work to be performed will be maintained for all contract service providers (i.e. consultants, independent contractors, subcontractors). Contract service providers must show proof of being licensed and bonded, if applicable, and of having adequate liability insurance and worker's compensation insurance currently in effect. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer may also require that contract service providers list the school as an additional insured.

If the contract service provider is a sole proprietor or a partnership (including LP, and LLP), the Office Manager will obtain a W-9 from the contract service provider prior to submitting any requests for payments to Charter Impact.

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will approve proposed contracts and modifications in writing. Contract service providers will be paid in accordance with approved contracts as work is performed. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will be responsible for ensuring the terms of the contracts are fulfilled. Potential conflicts of interest will be disclosed upfront, and the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and/or Member(s) of the Governing Board with the conflict will excuse themselves from discussions and from voting on the contract.

PURCHASING AND VENDOR PAYMENT

Segregation of Duties

The School will develop and maintain purchase order forms to document the authorization of non-payroll expenditures. All proposed expenditures must be approved by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer, who will review the proposed expenditure to determine whether it is consistent with the Board-adopted budget. In the absence of a vendor invoice, the School will develop and maintain a check request form to document the approval of payment for specific items.

All transactions will be posted in an electronic general ledger maintained by Charter Impact. To ensure segregation of recording and authorization, the bookkeeper may not co-sign check requests for purchase orders.

General Purchasing Procedures

Purchases of individual items and services over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer shall not approve purchase orders or check requests lacking such documentation. Documentation shall be attached to all check and purchase order requests showing that at least two vendors were contacted and such documentation shall be maintained for three years. Purchases in excess of \$50,000 must be bid by a board-approved process, except in the case of emergencies that necessitate the purchase of emergency response supplies, equipment, or services. While the lowest possible cost will always be reasonably secured, bidding and documentation of a good faith effort is not needed for cumulative expenditures that may exceed \$50,000 in a fiscal year if no contract exists or if no individual good or service exceeds \$50,000 in cost.

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer may authorize expenditures and may sign related contracts within the approved budget. The Governing Board must review all expenditures. This will be done via approval of a check register which lists all checks written during a set period of time and includes check #, payee, date, and amount. The Governing Board must also approve contracts and non-budgeted expenses over \$50,000.

When approving purchases, the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer must:

- a. Determine if the expenditure is budgeted
- b. Determine if funds are currently available for expenditures (i.e. cash flow)
- c. Determine if the expenditure is allowable under the appropriate revenue source

- d. Determine if the expenditure is appropriate and consistent with the vision, approved charter, school policies and procedures, and any related laws or applicable regulations
- e. Determine if the price is competitive and prudent.

Any individual making an authorized purchase on behalf of the school must provide Charter Impact with appropriate documentation of the purchase. Individuals other than those specified above are not authorized to make purchases without pre-approval.

Individuals who use personal funds to make unauthorized purchases will not be reimbursed. Authorized purchases will be promptly reimbursed by a bank check upon receipt of appropriate documentation of the purchase.

The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer may authorize an individual to use a school debit card to make an authorized purchase on behalf of the school, consistent with guidelines provided by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and/or Governing Board. The following provisions apply to debit card purchases:

- 1. The school card will be kept under locked supervision in the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer's office, and authorized individuals must sign the debit card out and must return the debit card and related documentation of all purchases within 24 hours of the purchases, unless otherwise authorized by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer.
- 2. If receipts are not available or are "missing", the individual making the charge will be held responsible for payment.
- 3. Debit cards will bear the names of both the Schools and the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer.

Petty Cash

The Office Manager will manage the petty cash fund, which will be capped at \$200. All petty cash will be kept in a locked petty cash box in a locked drawer or file cabinet. Only the Office Manager and Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will have keys to the petty cash box and drawer or file cabinet. All disbursements will require documentation of purchase. A register receipt for all purchases must be provided. The following are general petty cash operating procedures:

1. At all times the petty cash box will contain receipts and cash totaling \$200. A register receipt must support the petty cash slip. The individual using the petty cash to make a purchase is responsible for submitting the receipt for the petty cash slip to the Office Manager within 24 hours of withdrawing the petty cash.

- 2. When expenditures total \$200 (when cash balance is reduced to \$0), the Office Manager will total the disbursements, complete a Petty Cash Reimbursement Form, and obtain the approval of the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer. This should be done on at least a quarterly basis. The supporting receipts will be attached to the reimbursement request form and forwarded to Charter Impact.
- 3. Petty cash fund reimbursement checks will be made payable to the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer.
- 4. Any irregularities in the petty cash fund will be immediately reported in writing to the Executive Director, Superintendent and Chief Operating Officer/Chief Financial Officer.
- 5. Charter Impact will conduct surprise counts of the petty cash fund.

Purchase Orders

Non-recurring purchases should be accompanied by a purchase order, which must be approved by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer.

- 1. The Principals, Assistant Principals, Directors, Coordinators and Office Mangers all have the ability to generate a PO request in Office Books.
- 2. The PO is then automatically sent in Office Books to the Executive Director, Superintendent and/or Chief Operating Officer/Chief Financial Officer for approval.
- 3. Once approved, the PO is then emailed to the vendor or copied and mailed for confirmation.

Payment Authorization

All original invoices will be forwarded to the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer for approval.

- 1. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will carefully review each invoice, attach all supporting documentation (including a PO), and verify that the specified services and/or goods were received. When receiving tangible goods from a vendor, the person designated to receive deliveries should trace the merchandise to the packing list and note any items that were not in the shipment. The packing list should be submitted to Charter Impact with the invoice.
- 2. Once approved by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer, he/she will stamp a check authorization on the invoice and complete the required information, including noting the specific budget line item that is to be charged for the specified expenditures. The invoice and supporting documentation will be sent to Charter Impact on at least a weekly basis (Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer should be

- aware of invoice due dates to avoid late payments). Charter Impact will then process the invoices with sufficient supporting documentation.
- 3. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer may authorize Charter Impact to pay recurring expenses (e.g. utilities, leases, etc.) without the Executive Director, Superintendent of Chief Operating Officer/Chief Financial Officer's formal approval (signature) on the invoice when dollar amounts fall within a predetermined range. A list of the vendors and the dollar range for each vendor must be provided to Charter Impact in writing and updated on an annual basis.

Accounts Payable Checks

The Governing Board will approve, in advance, the list of authorized signers on the school account. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and any other employee authorized by the Governing Board may sign bank checks within established limitations.

- 1. Charter Impact does not use pre-printed check stock to avoid the risk of theft.
- 2. When there is a need to generate a check, the District Office Manager will send appropriate approved documentation to Charter Impact. This is usually an approved invoice or Check Request Form.
- 3. Once approved by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer, Charter Impact prepares the check based on the check authorization prior to obtaining the appropriate signature(s).
- 4. The Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and Board Treasurer/Chief Financial Officer will co-sign checks in excess of \$50,000 for all non-recurring items. All checks less than \$50,000 require only the signature of the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer.
- 5. Checks may not be written to cash, bearer, or petty cash. Under no circumstance will any individual sign a blank check.
- 6. Charter Impact will record the check transaction(s) into the appropriate checkbook and in the general ledger.
- 7. Charter Impact will distribute the checks and vouchers as follows:
 - a. Original mailed or delivered to payee
 - b. Duplicate or voucher attached to the invoice and filed by vendor name by a Charter Impact accountant.
 - c. Cancelled Checks maintained with the banking institution.
 - d. Voided checks will have the signature line cut out and will have VOID written in ink. The original check will be attached to the duplicate and forwarded to Charter Impact who will attach any other related documentation as appropriate.

Bank Reconciliations

Bank statements will be received directly, unopened, by a district office staff member that does not have access to cash or the authority to approve payments or electronically. This staff member then scans and emails the statement to Charter Impact (or Charter Impact may be granted view-only online access). Once the statement is received:

- 1. Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system.
- 2. Charter Impact will prepare the bank reconciliation, verifying the bank statements and facilitating any necessary reconciliation.
- 3. Charter Impact will compare the reconciled bank balance to the cash in the bank account and to the general ledger, immediately reporting any discrepancies to the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer.

CASH RECEIPT MANAGEMENT

Only items with prior written authorization from the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer will be paid/reimbursed.

Returned Check Policy

A returned-check processing fee will be charged for checks returned as non-sufficient funds (NSF). Unless otherwise pre-approved by Charter Impact or the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer, payment of the NSF check and processing fee must be made by money order or certified check.

In the event that a second NSF check is received for any individual, in addition to the processing fee, the individual will lose check-writing privileges. Payment of the NSF check, the processing fee and any subsequent payment(s) by that individual must be made by money order or certified check.

In the case of NSF checks written by parents of students, failure to pay may result in the withholding of report cards/transcripts at the end of the semester and/or school year until payment is received, unless other mutually agreeable arrangements are approved by the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and/or Governing Board. If unsuccessful in collecting funds owed, the school may initiate appropriate collection and/or legal action at the discretion of the Executive Director, Superintendent or Chief Operating Officer/Chief Financial Officer and/or Governing Board.

INTERSCHOOL TRANSFERS AND LOANS

Background:

The use of intercompany transfers or loans from one charter school to another charter school operated by the same nonprofit charter school management organization has been deemed appropriate by various charter school authorizers, review by the IRS and the California State Controller's Office. Furthermore, according to the legal counsel for the California State Auditor's Office, 'a nonprofit public-benefit corporation that operates multiple charter schools may temporarily loan state apportionment funds between schools, so long as the loan does not adversely affect the public school purposes of the charter school that loans the funds.

The Board of Directors of TEACH Public Schools has established a policy that permits schools that it operates to obtain temporary working capital. This is accomplished by transferring reserve funds from one or more schools with a surplus to a school with a financial need. In addition, due to the nature of operating related schools, transactions such as payroll, taxes, split invoices, etc. will need to be paid from a single bank, while the expenses belong to multiple schools/business segments. Such transactions create intercompany receivables and liabilities.

These interschool loans, receivables and liabilities will be subject to Board approval if the balance exceeds \$350,000 at any one point in time. This includes balances between schools and related management organization under TEACH Inc. Lending will not be allowed unless the lending school has sufficient capital to lend without having an adverse impact on the educational program. The borrowing school must demonstrate a specific need and shall repay the entire loan in a timely manner. A monthly update on any and all outstanding interschool loans and balances shall be provided to the Board of Directors that shall include an update on each schools financial position, amount that has been repaid, amount outstanding and anticipated repayment date.

Each adopting Employer must complete and execute the Adoption Agreement. Employers adopting the Plan (other than the Employer that executes the Signature Page of the Adoption Agreement) must execute a Participating Employer Signature Page under the Adoption Agreement. (See Section 16 for rules applicable to adoption by multiple Employers.) An Employer may adopt more than one Adoption Agreement associated with this Plan document. Each executed Adoption Agreement is treated as a separate Plan. All elections the Employer makes under the Adoption Agreement are subject to the terms of the governing Investment Arrangement(s).
- **1.06** After-Tax Contributions. Employee Contributions that may be made to the 403(b) Plan by a Participant that are included in the Participant's gross income in the year such amounts are contributed to the Plan and are maintained under a separate After-Tax Contribution Account to which earnings and losses are allocated. - 1.13 Annuity Starting Date. The date a Participant (or Beneficiary) commences distribution from the Plan. If a Participant (or Beneficiary) commences distribution with respect to a portion of his/her Account Balance, a separate Annuity Starting Date applies to any subsequent distribution. If distribution is made in the form of an annuity, the Annuity Starting Date may be treated as the first day of the first period for which annuity payments are made.

- Automatic Contribution Arrangement. An Automatic Contribution Arrangement is a Plan that provides for automatic deferrals for eligible Participants who do not make an affirmative election to defer (or not to defer) under the Plan. The Employer may elect under AA §6A-8 to designate the Plan as an Automatic Contribution Arrangement. - 1.20 Break in Service. However, if the Employer elects under the AA to require less than 1,000 Hours of Service to earn a Year of Service for eligibility or vesting purposes, a Break in Service will occur for any Computation Period during which the Employee does not complete more than one-half (1/2) of the Hours of Service required to earn a Year of Service for eligibility or vesting purposes, as applicable. However, if the Elapsed Time method applies under AA §4-3(c) (for purposes of eligibility) or AA §8-5(c) (for purposes of vesting), an Employee will incur a Break in Service if the Employee incurs at least a one year Period of Severance.
- 1.21 <u>Cash-Out Distribution.</u> A total distribution made to a terminated Participant in accordance with Section 8.
- **1.22** <u>Church.</u> An organization described in Code §3121(w)(3)(A) and the Treasury Regulations thereunder, and generally refers to a church, a convention or association of churches, or an elementary, secondary school or seminary that is controlled, operated, or principally supported by a church or a convention or association of churches.

Such Employees may be excluded from the Plan if designated under AA §3-1(b). (See Section 2.02(b)(1) for additional requirements related to the exclusion of Collectively Bargained Employees.)
- 1.29 <u>Compensation Limit.</u> The Compensation Limit is \$265,000, as adjusted for cost-of-living increased in accordance with Code \$401(a)(17)(B). In determining the Compensation Limit for any applicable period (the "determination period"), the cost-of-living adjustment in effect for a calendar year applies to any determination period that begins with or within such calendar year.

If a determination period consists of fewer than 12 months, the Compensation Limit for such period is an amount equal to the otherwise applicable Compensation Limit multiplied by a fraction, the numerator of which is the number of months in the short determination period, and the denominator of which is 12. A determination period will not be considered to be less than 12 months merely because compensation is taken into account only for the period the Employee is a Participant. If Salary Deferrals, Matching Contributions, or After-Tax Contributions are separately determined on the basis of specified periods within the determination period (e.g., on the basis of payroll periods), no proration of the Compensation Limit is required with respect to such contributions.

If compensation for any prior determination period is taken into account in determining a Participant's allocations for the current Plan Year, the compensation for such prior determination period is subject to the applicable Compensation Limit in effect for that prior period.

In determining the amount of a Participant's Salary Deferrals, a Participant may defer on Plan Compensation that exceeds the Compensation Limit, provided the total deferrals made by the Participant satisfy the Elective Deferral Dollar Limit and any other limitations under the Plan.

The Compensation Limit applies to Governmental Plans and to Employers that are Non-Qualified Church-Controlled Organizations. The Compensation Limit does not apply to Employers that are Churches or Qualified Church-Controlled Organizations.

For a Governmental Plan, this Section 1.29 will not apply to an eligible Participant to the extent it would reduce the Participant's Plan Compensation taken into account to an amount less than the amount allowed under the Plan as in effect on July 1, 1993, as provided under Treas. Reg. §1.401(a)(17)-1(d)(4)(ii). An "eligible Participant" is a Participant who first became a Participant during a Plan Year beginning before January 1, 1996 (or, if earlier, the first Plan Year in which the Employer amended the Plan to reflect the limitation of Code §401(a)(17)).

Unless otherwise described under the Adoption Agreement, if a Participant separates from service before satisfying the age requirement for early retirement, but has satisfied the service requirement, the Participant will be entitled to elect an early retirement benefit upon satisfaction of such age requirement. The Plan is not required to have an Early Retirement Age.

A contribution that is made pursuant to an Employee's one-time irrevocable election made on or before the Employee's first becoming eligible to participate under the Plan and a contribution made as a condition of employment that reduces an Employee's compensation is not an Elective Deferral and is treated as an Employer Contribution to the Plan.

- **1.49** Eligible Rollover Distribution. An amount distributed from the Plan that is eligible for rollover to an Eligible Retirement Plan.
- **Employee.** An Employee is any individual employed by the Employer (including any Related Employers) as a common law employee. An independent contractor is not an Employee. An Employee is not eligible to participate under the Plan if the individual is not an Eligible Employee under Section 2.02.

For a Public School, Employee means each individual who is a common law employee of a State performing services for a Public School of the State, including an individual who is appointed or elected. This definition is not applicable unless the Employee's compensation for performing services for a Public School is paid by the State. Further, a person occupying an elective or appointive public office is not an Employee performing services for a Public School unless such office is one to which an individual is elected or appointed only if the individual has received training, or is experienced, in the field of education. - **Hardship.** A heavy and immediate financial need which meets the requirements of Section 8.09(e).
- Highly Compensated. An Employee or Participant is Highly Compensated for a Plan Year if he/she has Total Compensation above the compensation limit. For purposes of this determination, an individual is Highly Compensated if, at any time during the Lookback Year, such individual has Total Compensation from the Employer in excess of \$120,000 (for 2016 and as adjusted for future years) and, if elected under AA \$11-2, is in the Top Paid Group, as defined in subsection (d) below. The \$120,000 amount is adjusted at the same time and in the same manner as under Code \$415(d), except that the base period is the calendar quarter ending September 30, 1996. The definition of Highly Compensated only applies if the Plan is subject to the nondiscrimination rules under Code \$401(a)(4).

- (a) <u>Determination Year.</u> The Determination Year is the Plan Year for which the Highly Compensated determination is being made.
- (b) <u>Lookback Year.</u> The Lookback Year is the 12-month period immediately preceding the Determination Year. - (c) <u>Total Compensation.</u> Total Compensation as defined under Section 1.137.
- (d) <u>Top Paid Group.</u> The Top Paid Group is the top 20% of Employees ranked by Total Compensation. - **1.67** Highly Compensated Group. The group of Highly Compensated Employees who are included in the ACP Test.

 - (c) <u>Back pay award.</u> Hours of Service include each hour for which back pay, irrespective of mitigation of damages, is either awarded or agreed to by the Employer. The same Hours of Service will not be credited both under subsection (a) or subsection (b), as the case may be, and under this subsection (c). These hours will be credited to the Employee for the Computation Period(s) to which the award or agreement pertains rather than the Computation Period in which the award, agreement or payment is made.
 - (d) Related Employers. Hours of Service will be credited for employment with any Related Employer.

- (e) Maternity/paternity leave. Solely for purposes of determining whether a Break in Service has occurred in a Computation Period, an individual who is absent from work for maternity or paternity reasons will receive credit for the Hours of Service which would otherwise have been credited to such individual but for such absence, or in any case in which such hours cannot be determined, 8 Hours of Service per day of such absence. For purposes of this paragraph, an absence from work for maternity or paternity reasons means an absence (1) by reason of the pregnancy of the individual, (2) by reason of a birth of a child of the individual, (3) by reason of the placement of a child with the individual in connection with the adoption of such child by such individual, or (4) for purposes of caring for such child for a period beginning immediately following such birth or placement. The Hours of Service credited under this paragraph will be credited (1) in the Computation Period in which the absence begins if the crediting is necessary to prevent a Break in Service in that period, or (2) in all other cases, in the following Computation Period.

The terms governing each Investment Arrangement under the Plan, excluding those terms that are inconsistent with the Plan or Code §403(b), are hereby incorporated by reference in the Plan. A contribution made as a condition of employment that reduces an Employee's compensation, pursuant to an employment contract or otherwise, in order for the Employee to participate in the 403(b) Plan. These contributions will be maintained under a separate Mandatory Contribution Account to which earnings and losses are allocated.
- 1.77 <u>Matching Contributions.</u> Matching Contributions are contributions made by the Employer on behalf of a Participant on account of Salary Deferrals or After-Tax Contributions made by such Participant, as designated under AA §6B or AA §6C (if applicable). *Matching Contributions also include any Safe Harbor/QACA Safe Harbor Matching Contributions the Employer makes pursuant to AA §6C (if applicable).*

A contribution will not be considered a Matching Contribution if such contribution is contributed before the underlying Salary Deferral or After-Tax Contribution election is made or before an Employee performs the services with respect to which the underlying Salary Deferrals or After-Tax Contributions are made (or when the cash that is subject to such election would be currently available, if earlier). A Matching Contribution will not be treated as failing to satisfy the requirements of this paragraph merely because contributions are occasionally made before the Employee performs the services with respect to which the underlying Salary Deferral or After-Tax Contribution election is made (or when the cash that is subject to such elections would be currently available, if earlier) in order to accommodate bona fide administrative considerations (and such amounts are not paid early for the principal purpose of accelerating deductions).

- 1.79 <u>Minimum Gateway Contribution.</u> The minimum allocation described under the new comparability allocation method that must be provided to each Benefiting Participant in order to use cross-testing to demonstrate compliance with the nondiscrimination requirements under Treas. A Participant also includes any Employee (or former Employee) who has an Account Balance under the Plan, including an Account Balance derived from a rollover or transfer from another plan or IRA. A Participant is entitled to share in an allocation of contributions or forfeitures under the Plan for a given year only if the Participant is an Eligible Employee as defined in Section 2.02, and satisfies the applicable allocation conditions.

An Employee is treated as a Participant with respect to Salary Deferrals and After-Tax Contributions once the Employee has satisfied the eligibility conditions under AA §4-1 for making such contributions, even if the Employee chooses not to actually make such contributions to the Plan. An Employee is treated as a Participant with respect to Matching Contributions once the Employee has satisfied the eligibility conditions under AA §4-1 for receiving such contributions, even if the Employee does not receive a Matching Contribution because of the Employee's failure to make contributions eligible for the Matching Contribution.

- **Period of Severance.** A continuous period of time during which the Employee is not employed by the Employer and which is used to determine an Employee's Participation under the Elapsed Time method.
- 1.92 Plan. The Plan is the retirement plan established or continued by the Employer for the benefit of its Employees under this Plan document. The Employer must be an Eligible Employer to establish the Plan and the Plan must satisfy the requirements of Treas. Reg. §1.403(b)-3. The Plan consists of the basic plan document and the elections made under the Adoption Agreement. The basic plan document is the portion of the Plan that contains the non-elective provisions. The Employer may supplement or modify the basic plan document through its elections in the Adoption Agreement or by separate governing documents that are expressly authorized by the Plan. If the Employer adopts more than one Adoption Agreement under this Plan, then each executed Adoption Agreement represents a separate Plan. This Plan is a Volume Submitter Plan under Revenue Procedure 2013-22.

- Plan Administrator. The Plan Administrator is the person designated to be responsible for the administration and operation of the Plan. Unless otherwise designated by the Employer, the Plan Administrator is the Employer. If another Employer has executed a Participating Employer Adoption Page, the Employer referred to in this Section is the Employer that executes the Employer Signature Page of the Adoption Agreement. Functions of the Plan Administrator, including those described in the Plan, may be performed by Vendors, designated agents of the Plan Administrator, or others (including Employees a substantial portion of whose duties is administration of the Plan) pursuant to the terms of Investment Arrangements, written service agreements or other documents under the Plan. For this purpose, an Employee is treated as having a substantial portion of his or her duties devoted to administration of the Plan if the Employee's duties with respect to administration of the Plan are a regular part of the Employee's duties and the Employee's duties relate to Participants and Beneficiaries generally (and the Employee only performs those duties for himself or herself as a consequence of being a Participant or Beneficiary).
- 1.94 Plan Compensation. Plan Compensation is Total Compensation, as modified under AA §5-3, which is actually paid to an Employee during the determination period. In determining Plan Compensation, the Employer may elect under AA §5-3(b) to exclude all Elective Deferrals (as defined in Section 1.44), pre-tax contributions to a Code §125 cafeteria plan or a Code §457 plan, and qualified transportation fringes under Code§132(f)(4). In addition, the Employer may elect under AA §5-3 to exclude other designated elements of compensation.

Plan Compensation generally includes amounts an Employee earns with a Participating Employer and amounts earned with a Related Employer (even if the Related Employer has not executed a Participating Employer Adoption Page under the Adoption Agreement). However, the Employer may elect under AA §5-3 to exclude all amounts earned with a Related Employer that has not executed a Participating Employer Adoption Page.

Generally, the Plan may use any definition of Plan Compensation for allocation purposes, even if such definition does not meet the requirements of Code §414(s). However, if Plan Compensation is also used as Testing Compensation for purposes of demonstrating compliance with the nondiscrimination requirements under Code §401(a)(4) or the ACP Tests, or if the contribution formulas under the Plan is designed to satisfy a nondiscrimination safe harbor, and compensation elements are excluded from the definition of Plan Compensation that do not meet the safe harbor exclusions set forth in Treas. Reg. §1.414(s)-1, additional nondiscrimination testing may be required.

In no case may Plan Compensation for any Participant exceed the Compensation Limit.

(a) Application to safe harbor formulas. If the Plan provides for Employer Contributions using the permitted disparity allocation method or if the Plan is a Safe Harbor Plan, the compensation used for Plan Compensation must meet a definition of compensation as set forth in Treas. Reg. §1.414(s)-1. Failure to use a definition of Plan Compensation that satisfies the nondiscrimination requirements under Treas. Reg. §1.414(s)-1 will cause the Plan to fail to qualify for any contribution safe harbors, such as the permitted disparity allocation or Safe Harbor Plan safe harbors. To ensure the definition of Plan Compensation satisfies a nondiscriminatory definition under Code §414(s), the Employer may elect to exclude only compensation elements that meet the safe harbor exclusions set forth in Treas. Reg. §1.414(s)-1. Alternatively, the Employer may elect under AA §5-3(l) or under AA §6C-4, as applicable, to restrict the application of any compensation adjustments only to Highly Compensated Employees.

If the Employer elects to apply a definition of Plan Compensation under a Safe Harbor Plan that does not satisfy a nondiscriminatory definition under Code §414(s) for a given Plan Year, the Employer will be deemed to have elected to use Total Compensation for purposes of determining the Safe Harbor Contribution under the Plan for such Plan Year. In addition, any election to exclude compensation above a specific dollar amount under AA §5-3(d) or under AA §6C-4(a)(6) will not apply for purposes of determining Safe Harbor Contributions for Nonhighly Compensated Employees. The Employer may elect to restrict any of the exclusions under AA §5-3 or AA §6C-4 solely to Highly Compensated Employees by designating such restriction in AA §5-3(l) or AA §6C-4(b), if applicable.

The Employer may elect to exclude specific types of compensation for purposes of determining the amount that may be made as Salary Deferrals under a Safe Harbor Plan, provided that each eligible Nonhighly Compensated Employee is permitted to make Salary Deferrals under a definition of Plan Compensation that would be a reasonable definition of compensation within the meaning of Treas. Reg. §1.414(s)-1(d)(2). Thus, the definition of Plan Compensation from which Salary Deferrals may be made is not required to satisfy the nondiscrimination requirement of §1.414(s)-1(d)(3).

(b) <u>Determination period.</u> Unless designated otherwise under AA §5-4, Plan Compensation is determined based on the Plan Year. Alternatively, the Employer may elect under AA §5-4 to determine Plan Compensation on the basis of the calendar year ending in the Plan Year or any other 12-month period ending in the Plan Year. If the determination period is the calendar year or other 12-month period ending in the Plan Year, for any Employee whose date of hire is less than 12 months before the end of the designated 12-month period, Plan Compensation will be determined over the Plan Year.

- (c) Partial period of participation. If an Employee is a Participant for only part of a Plan Year, Plan Compensation may be determined over the entire Plan Year or over the period during which such Employee is a Participant. In determining whether an Employee is a Participant for purposes of applying this subsection, the Employee's status will be determined solely with respect to the contribution type for which the definition of Plan Compensation is being determined. To the extent this subsection applies to Salary Deferrals, any limitations on the amount of Salary Deferrals permitted under AA §6A-2 will be determined using the definition of Plan Compensation as determined under AA §5-4. However, this subsection does not affect the amount of Salary Deferrals elected under the Salary Reduction Agreement which is generally determined for each separate payroll period. Plan Compensation does not include any amounts earned for any period while an individual is not an Eligible Employee.
- 1.95 Plan Year. The 12-consecutive month period designated under AA §2 on which the records of the Plan are maintained. If the Plan Year is amended to create a Short Plan Year or if a new Plan has an initial Short Plan Year, the Employer may document such Short Plan Year under AA §2-4(c).

- 1.110 <u>Qualified Preretirement Survivor Annuity (QPSA).</u> A QPSA is an annuity payable over the life of the surviving Spouse that is purchased using 50% of the Participant's vested Account Balance as of the date of death. The Employer may modify the 50% QPSA level under the AA.

This determination is made consistent with the principles set forth under Treas. Reg.§1.414(c)-5 and any other guidance issued by the IRS relating to control groups of tax-exempt organizations or Electing Churches. If the Employer is a Public School, a Church, or a QCCO, the Employer shall determine which entities are Related Employers based on a reasonable, good faith standard and taking into account the special rules applicable under IRS Notice 89-23, 1989-1 C.B. 654. For purposes of applying the provisions under this Plan, the Employer and any Related Employers are treated as a single Employer, unless specifically stated otherwise. (See Section 16.06 for operating rules that apply when the Employer is a member of a Related Employer group. Also, see Section 16 for rules regarding participation of Employees of Related Employers.)
- **Retirement Income Account.** A defined contribution program established and maintained by a Church-Related Organization to provide benefits under Code §403(b) for its Employees and beneficiaries as described under Treas. Reg. §1.403(b)-9.

- 1.121 Salary Deferrals. Amounts contributed to the Plan at the election of the Participant, in lieu of cash compensation, which are made pursuant to a Salary Reduction Agreement or other deferral mechanism. Salary Deferrals include Roth Deferrals and Pre-Tax Deferrals. Salary Deferrals shall not include any amounts properly distributed as an Excess Annual Addition under Code §415. An Employee's Salary Deferrals are treated as employer contributions for all purposes under this Plan, except as otherwise provided under the Code or Treasury regulations. A contribution that is made pursuant to an Employee's one-time irrevocable election made on or before the Employee's first becoming eligible to participate under the Plan or a Mandatory Contribution is not a Salary Deferral and is treated as an Employer Contribution to the Plan.
- 1.122 Salary Reduction Agreement. A written agreement between a Participant and the Employer, whereby the Participant elects to have a specific percentage or dollar amount withheld from his/her Plan Compensation and the Employer agrees to contribute such amount into the §403(b) Plan. - Employer where either (a) such Related Employer is not an eligible employer or (b) the Employee is employed or in a capacity that is not employment with an Eligible Employer.
- **Short Plan Year.** Any Plan Year that is less than 12 months long, either because of the amendment of the Plan Year, or because the Effective Date of a new Plan is less than 12 months prior to the end of the first Plan Year. However, a former Spouse of the Participant will be treated as the Spouse or surviving Spouse and any current Spouse will not be treated as the Spouse or surviving Spouse to the extent provided under a valid QDRO.
- 1.129 State. A State, a political subdivision of a State, or any agency or instrumentality of a State.
- **Student Employee.** A student enrolled and regularly attending classes at the school, college or university, and performing services for such school, college or university as described in Code §3121(b)(10).

- 1.132 <u>Taxable Wage Base.</u> The maximum amount of wages taken into account for Social Security purposes. The Taxable Wage Base is used to determine the Integration Level for purposes of applying the permitted disparity allocation formula.
- **1.133** Taxable Year. The annual accounting period for keeping records and reporting income and expenses. A Taxable Year may be a calendar year 12 consecutive months beginning January 1 and ending December 31 or a fiscal year 12 consecutive months ending on the last day of any month except December.
- 1.134 <u>Temporary Employee.</u> Any Employee performing services under a contractual arrangement with the Employer of two years or less duration. Possible contract extensions may be considered in determining the duration of a contractual arrangement, but only if, under the facts and circumstances, there is a significant likelihood that the Employee's contract will be extended. Future contract extensions are considered significantly likely to occur for purposes of this rule if:
 - (a) on average 80 percent of similarly situated Employees have had bona fide offers to renew their contracts in the immediately preceding two academic or calendar years; or
 - (b) the Employee with respect to whom the determination is being made has a history of contract extensions with respect to his or her current position.

An Employee is not considered a Temporary Employee solely because he or she is included in a unit of Employees covered by a collective bargaining agreement of two years or less duration.

1.135 <u>Testing Compensation.</u> The compensation used for purposes of the nondiscrimination tests under Code §401(a)(4) and the ACP Tests. In determining the Testing Compensation used for purposes of applying the nondiscrimination and ACP Tests, the Plan Administrator is not bound by any elections made under AA §5 with respect to Total Compensation or Plan Compensation under the Plan. Thus, the Plan Administrator may use Total Compensation or any other nondiscriminatory definition of compensation under Code §414(s) and the regulations thereunder. The Plan Administrator may determine on an annual basis (and within its discretion) the components of Testing Compensation, provided such definition is applied consistently to all Participants.

In determining whether a definition of Plan Compensation or Testing Compensation satisfies a nondiscriminatory definition of compensation under Code §414(s), the Plan may use any allowable exclusion under Treas. Reg. §1.414(s)-1. For this purpose, an exclusion of any of the following compensation items is deemed to qualify as a safe harbor nondiscriminatory definition of compensation under Code §414(s):

- (a) All Elective Deferrals, pre-tax contributions to a Code §125 cafeteria plan or a Code §457 plan, and qualified transportation fringes under Code §132(f)(4);
- (b) All fringe benefits (cash and noncash), reimbursements or other expense allowances, moving expenses, deferred compensation, and welfare benefits;

- (c) Differential Pay as defined in Section 1.137(e);
- (d) Compensation above a specific dollar amount; and
- (e) Any other amounts to the extent such exclusions are limited to only Highly Compensated Employees.

In addition, a definition of Plan Compensation or Testing Compensation will satisfy a nondiscriminatory definition of compensation under Code \$414(s) if the definition of compensation qualifies as a reasonable definition of compensation as set forth in Treas. Reg. \$1.414(s)-1(d), including the additional nondiscrimination testing required under Treas. Reg. \$1.414(s)-1(d)(3).

Testing Compensation may be determined over the Plan Year for which the applicable test is being performed or the calendar year ending within such Plan Year. In determining Testing Compensation, the Plan Administrator may take into consideration only the compensation received while the Employee is a Participant under the component of the Plan being tested. In no event may Testing Compensation for any Participant exceed the Compensation Limit defined in Section 1.29.

- **1.136** Top Paid Group. The top 20% of Employees ranked by Total Compensation for purposes of determining status as a Highly Compensated Employee.
- 1.137 Total Compensation. A Participant's compensation for services with the Employer. Total Compensation may be defined in AA §5-1 to be either W-2 Wages, Wages under Code §3401(a), or Code §415 Compensation. Each definition of Total Compensation includes Elective Deferrals, elective contributions to a cafeteria plan under Code §125 or to an eligible deferred compensation plan under Code §457, and elective contributions that are not includible in the Employee's gross income as a qualified transportation fringe under Code §132(f)(4). Total Compensation does not include nontaxable amounts paid to Ministers as a housing allowance under Code §107.
 - (a) <u>Total Compensation definitions.</u> The Employer may elect under AA §5-1 to define Total Compensation as any of the following definitions:
 - (1) <u>W-2 Wages.</u> Wages within the meaning of Code §3401(a) and all other payments of compensation to an Employee by the Employer (in the course of the Employer's trade or business) for which the Employer is required to furnish the Employee a written statement under Code §6041(d), 6051(a)(3), and 6052, determined without regard to any rules under Code §3401(a) that limit the remuneration included in wages based on the nature or location of the employment or the services performed.
 - (2) <u>Wages under Code §3401(a)</u>. Wages within the meaning of Code §3401(a) for the purposes of income tax withholding at the source but determined without regard to any rules that limit the remuneration included in wages based on the nature or location of the employment or the services performed.
 - (3) <u>Code §415 Compensation.</u> Wages, salaries, fees for professional services and other amounts received for personal services actually rendered in the course of employment with the Employer (without regard to whether or not such amounts are paid in cash) to the extent that the amounts are includible in gross income, including amounts that are includible in the gross income of an Employee under the rules of Code §409A or §457(f)(1)(A) or because the amounts are constructively received by the Employee. Such amounts include, but are not limited to, commissions, compensation for services on the basis of a percentage of profits, tips, bonuses, fringe benefits, and reimbursements or other expense allowances under a nonaccountable plan (as described in Treas. Reg. §1.62-2(c)), and excluding the following:
 - (i) Employer contributions (other than elective contributions described in Code §402(e)(3), §408(k)(6), §408(p)(2)(A)(i), or §457(b)) to a plan of deferred compensation (including a SEP described in Code §408(k) or a SIMPLE IRA described in Code §408(p), and whether or not qualified) to the extent such contributions are not includible in the Employee's gross income for the taxable year in which contributed, and any distributions (whether or not includible in gross income when distributed) from a plan of deferred compensation (whether or not qualified); and
 - (ii) Other amounts which received special tax benefits, or contributions made by the Employer (other than Elective Deferrals) towards the purchase of an annuity contract described in Code §403(b) (whether or not the contributions are actually excludable from the gross income of the Employee).
 - (b) <u>Post-severance compensation.</u> Total Compensation includes compensation that is paid after an Employee severs employment with the Employer, provided the compensation is paid by the later of 2½ months after Severance from Employment with the Employer maintaining the Plan or the end of the Limitation Year that includes such date of Severance from Employment. For this purpose, compensation paid after Severance of Employment may only be

included in Total Compensation to the extent such amounts would have been included as compensation if they were paid prior to the Employee's Severance from Employment.

For purposes of applying this subsection (b), unless designated otherwise under AA §5-2, the following amounts that are paid after a Participant's severance of employment are included in Total Compensation:

- (1) Regular pay. Compensation for services during the Employee's regular working hours, or compensation for services outside the Employee's regular working hours (such as overtime or shift differential), commissions, bonuses, or other similar payments;
- (2) <u>Unused leave payments.</u> Payment for unused accrued bona fide sick, vacation, or other leave, but only if the Employee would have been able to use the leave if employment had continued; and
- (3) <u>Deferred compensation.</u> Payments received by an Employee pursuant to a nonqualified unfunded deferred compensation plan, but only if the payment would have been paid to the Employee at the same time if the Employee had continued in employment and only to the extent that the payment is includible in the Employee's gross income.

Other post-severance payments (such as severance pay, parachute payments within the meaning of Code §280G(b)(2), or post-severance payments under a nonqualified unfunded deferred compensation plan that would not have been paid if the Employee had continued in employment) are not included as Total Compensation, even if such amounts are paid within the time period described in this subsection (b).

In determining the amount of a Participant's Employer Contributions, Matching Contributions, Salary Deferrals or After-Tax Contributions, Plan Compensation may not include any amounts that do not satisfy the requirements of this subsection (b) or subsection (c). If Total Compensation is defined to include post-severance compensation, the Employer may elect to exclude all such compensation paid after termination of employment from the definition of Plan Compensation under AA §5-3(j) or may elect to exclude any of the specific types of post-severance compensation defined in subsections (1), (2) and/or (3) above, by designating such compensation types under AA §5-3(l). The exclusion of post-severance compensation from the definition of Plan Compensation that is otherwise includible in Total Compensation may cause the Plan to fail the nondiscriminatory compensation rules under Treas. Reg. §1.414(s)-1.

(c) Continuation payments for disabled Participants. Unless designated otherwise under AA §5-2(b), Total Compensation does not include compensation paid to a Participant who is permanently and totally disabled (as defined in Code §22(e)(3)). If elected under AA §5-2(b), the Plan may take into account compensation the Participant would have received for the year if the Participant was paid at the rate of compensation paid immediately before becoming permanently and totally disabled (if such compensation is greater than the Participant's compensation determined without regard to this subsection (c)), provided contributions made with respect to amounts treated as compensation under this subsection (c) are nonforfeitable when made.

If so elected under AA §5-2(b), payment to disabled Participants will be included as Total Compensation, notwithstanding the rules under subsection (b). The Employer may elect under AA §5-2(b) to apply this rule only to Nonhighly Compensated Employees or to all Participants.

- (d) <u>Deemed §125 compensation.</u> A reference to elective contributions under a Code §125 cafeteria plan includes any amounts that are not available to a participant in cash in lieu of group health coverage because the Participant is unable to certify that he or she has other health coverage. Such deemed §125 compensation will be treated as an amount under Code §125 only if the Employer does not request or collect information regarding the Participant's other health coverage as part of the enrollment process for the health plan. If the Employer elects under AA §5-3(i) to exclude deemed §125 compensation from the definition of Plan Compensation, such exclusion also will apply for purposes of determining Total Compensation under this Section and Includible Compensation.
- (e) <u>Differential Pay.</u> In the case of an individual who receives Differential Pay from the Employer:
 - (1) such individual will be treated as an Employee of the Employer making the payment, and
 - (2) the Differential Pay shall be treated as wages and will be included in calculating an Employee's Total Compensation under the Plan.

If all Employees performing service in the Uniformed Services are entitled to receive Differential Pay on reasonably equivalent terms and are eligible to make contributions based on the payments on reasonably equivalent terms, the Plan shall not be treated as failing to meet the requirements of any provision described in Code §414(u)(1)(C) by reason of

Powered by BoardOnTrack

any contribution or benefit based on Differential Pay. However, for purposes of applying this subparagraph, the provisions of Code §§410(b)(3), (4), and (5) shall apply. The Employer may elect to exclude Differential Pay from the definition of Plan Compensation.

For purposes of this subsection (e), Differential Pay means any payment which is made by an Employer to an individual while the individual is performing service in the Uniformed Services while on active duty for a period of more than 30 days, and represents all or a portion of the wages the individual would have received from the Employer if the individual were performing services for the Employer. In applying the provisions of this subsection (e), Uniformed Services are services as described in Code §3401(h)(2)(A).

- 1.138 <u>Valuation Date.</u> The date or dates upon which Plan assets are valued. Plan assets will be valued as of the last day of each Plan Year. In addition, the Employer may elect under AA §11-1 to establish additional Valuation Dates. Notwithstanding any election under AA §11-1, the Custodian and the Employer and/or the Plan Administrator may agree to more frequent valuation dates.
- **1.139 Vendor.** The provider of an Annuity Contract or Custodial Account under the Plan.
- 1.140 <u>Volume Submitter Sponsor.</u> A person meeting the eligibility requirements of Section 11.02 or Section 11.03 of Revenue Procedure 2013-22 (or subsequent IRS guidance) that submits an application for an advisory letter for a Code §403(b) Volume Submitter Plan.
- **1.141 Volume Submitter Plan.** This Basic Plan Document #08 and the applicable Adoption Agreement that qualifies for an advisory letter under Revenue Procedure 2013-22.
- 1.142 Year of Service. For purposes of determining Includible Compensation or Special Catch-Up Contributions, "Year of Service" means each full year during which an individual is a full-time Employee of the Employer, plus fractional credit for each part of a year during which the individual is either a full-time Employee of the Employer for a part of a year or a part-time Employee of the Employer. The Employee must be credited with a full Year of Service for each year during which the Employee is a full-time Employee and a fraction of a year for each part of a work period during which the Employee is a full-time Employee of the Employer. An Employee's number of Years of Service equals the aggregate of the annual work periods during which the Employee is employed by the Employer. The work period is the Employer's annual work period.

For purposes of applying the eligibility, vesting and allocation rules, a "Year of Service" is a 12-consecutive month period ("Computation Period") during which an Employee completes 1,000 Hours of Service. For purposes of applying the eligibility rules under Section 2.03 of the Plan, an Employee will earn a Year of Service if he/she completes 1,000 Hours of Service with the Employer during an Eligibility Computation Period (as defined in Section 2.03(a)(3)). For purposes of applying the vesting rules under Section 7.03, an Employee will earn a Year of Service if he/she completes 1,000 Hours of Service with the Employer during a Vesting Computation Period (as defined in Section 7.04). The Employer may elect under AA §4-3(a) (for eligibility purposes) and AA §8-5(a) (for vesting purposes) to require the completion of any lesser number of Hours of Service to earn a Year of Service. Alternatively, the Employer may elect to apply the Elapsed Time method (for eligibility and/or vesting purposes) in calculating an Employee's Years of Service under the Plan.

SECTION 2 ELIGIBILITY AND PARTICIPATION

- **Eligibility.** In order to participate in the Plan, an Employee must be an Eligible Employee (as defined in Section 2.02) and must satisfy the Plan's minimum age and service conditions (as defined in Section 2.03). Once an Employee satisfies the Plan's minimum age and service conditions, such Employee shall become a Participant on the appropriate Entry Date (as selected in AA §4-2). An Employee who meets the minimum age and service requirements set forth herein, but who is not an Eligible Employee, will be eligible to participate in the Plan only upon becoming an Eligible Employee.
 - (a) Salary Deferrals. Each Employee (other than an Employee excluded from participation under Section 2.02(b)) is an Eligible Participant, without regard to any age or service conditions applicable to other types of contributions to the Plan. An Eligible Participant shall be eligible to make Salary Deferrals as of his/her Employment Commencement Date. The Employer will contribute a Participant's Salary Deferrals to the Plan on behalf of the Participant. To be eligible to make Salary Deferrals, an Eligible Participant must complete a Salary Reduction Agreement. The Employer has a reasonable period of time to begin withholding Salary Deferrals with respect to an Eligible Participant.
 - (b) Employer Contributions and Matching Contributions. An Employee who is not excluded from participation under Section 2.02(b) will become an Eligible Participant under the Plan for purposes of receiving Employer Contributions and Employer Matching Contributions (as applicable) as of the Entry Date elected in the Adoption Agreement following the satisfaction of the age and service conditions specified in AA §4-1. If the Employer is an educational organization described in Code §170(b)(1)(A)(ii) exempt from tax under Code §501(a), the maximum age cannot exceed age 26, provided the Plan does not require more than one Year of Service to participate and all Participants are immediately vested in their Accounts.
 - (c) <u>After-Tax Contributions</u>. If the Plan provides for After-Tax Contributions, the same eligibility conditions that apply with respect to Salary Deferrals will also apply to the After-Tax Contributions. The Employer may elect to provide different eligibility conditions for After-Tax Contributions under the AA §6C-2.
- **Eligible Employees.** Unless specifically excluded under AA §3-1 or this Section 2.02, all Employees of the Employer are Eligible Employees. AA §3-1 lists various classes of Employees that may be excluded from Plan participation. If an Employee is not an Eligible Employee (e.g., such Employee is a member of a class of Employees excluded under AA §3-1), that individual may not participate under the Plan, unless he/she subsequently becomes an Eligible Employee.
 - (a) Only Employees may participate in the Plan. To participate in the Plan, an individual must be an Employee. If an individual is not an Employee (e.g., the individual performs services with the Employer as an independent contractor) such individual may not participate under the Plan. If an individual's status as a non-Employee is challenged by the IRS, the reclassification of such individual as an Employee will not create retroactive rights to participate in the Plan. Thus, for example, if the IRS should find that an independent contractor is really an Employee, such individual will be eligible to participate in the Plan as of the date the IRS issues a final determination declaring such individual to be an Employee (provided the individual has satisfied all conditions for participating in the Plan (as described in Section 2.01). For periods prior to the date of such final determination, the reclassified Employee will not have any rights to accrued benefits under the Plan, except as agreed to by the Employer and the IRS, or as set forth in an amendment adopted by the Employer.
 - **(b)** Excluded Employees. The Employer may elect under AA §3-1 to exclude designated classes of Employees. The Employer may elect to exclude different classes of Employees for different contribution sources under the Plan.
 - (1) Collectively Bargained Employees. Unless the applicable collective bargaining agreement provides otherwise, the Employer may elect under AA §3-1(b) to exclude Collectively Bargained Employees with respect to Employer Contributions and Matching Contributions. For this purpose, a Collectively Bargained Employee is an Employee who is included in a unit of Employees covered by a collective bargaining agreement between the Employer and Employee representatives and whose retirement benefits are subject to good faith bargaining. For this purpose, an Employee will not be considered a Collectively Bargained Employee for a Plan Year if more than two percent of the Employees who are covered pursuant to the collective bargaining agreement are professionals as defined in Treas. Reg. §1.410(b)-9. For this purpose, the term "Employee representatives" does not include any organization more than half of whose members are Employees who are owners, officers, or executives of the Employer.
 - (2) Nonresident aliens. The Employer may elect under AA §3-1(c) to exclude Employees who are nonresident aliens with respect to Salary Deferrals, Employer Contributions and Matching Contributions. For this purpose, a nonresident alien is neither a citizen of the United States nor a resident of the United States for U.S. tax purposes (as defined in Code §7701(b)), and who does not have any earned income (as defined in Code §911) for the Employer that constitutes U.S. source income (within the meaning of Code §861). If a nonresident alien

- Employee has U.S. source income, he/she is treated as satisfying this definition if all of his/her U.S. source income from the Employer is exempt from U.S. income tax under an applicable income tax treaty.
- (3) Student Employees. The Employer may elect under AA §3-1(d) (subject to the conditions in Code §410(b)(4)) to exclude Employees who are Student Employees with respect to Salary Deferrals, Employer Contributions and Matching Contributions. A Student Employee is an Employee of the Employer who is a student enrolled and regularly attending classes at the school, college or university, and performs services for the school, college or university as described in Code §3121(b)(10).
- (4) Employees who normally work fewer than 20 hours per week. The Employer may elect under AA §3-1(e) (subject to the conditions in Code §410(b)(4)) to exclude Employees who normally work fewer than 20 hours per week (or such lower number of hours per week as elected in the Adoption Agreement) with respect to Salary Deferrals, Employer Contributions and Matching Contributions. An Employee normally works fewer than 20 hours per week if and only if (1) for the 12-month period beginning on the date of the Employee's Employment Commencement date, the Employer reasonably expects the Employee to work fewer than 1,000 Hours of Service and (2) for each Plan Year after the close of the 12-month period beginning on the date of the Employee's Employment Commencement date, the Employee worked fewer than 1,000 Hours of Service in the preceding 12-month period.
- (5) <u>Additional exclusions for Salary Deferral contributions.</u> With respect to Employees eligible to make Salary Deferrals, the Employer may elect to exclude from the Plan any person:
 - who participates in an eligible governmental deferred compensation plan within the meaning of Code §457(b) sponsored by the Employer;
 - (ii) who is eligible to participate in a 401(k) plan or another 403(b) plan sponsored by the Employer which provides for contributions pursuant to a Salary Reduction Agreement; or
 - (iii) whose contribution to the Plan under its maximum deferral percentage would be \$200 or less.
- (6) <u>Inclusion of excludable Employee.</u> If the Employer does not exclude an individual excludable from participation under categories in Sections 2.02(b)(3) and 2.02(b)(4), then all Employees within the same category must be eligible to participate in the Plan.
- (7) <u>Leased Employees.</u> Leased employees as defined in Code §414(n) are not common law employees of the Employer and not eligible to participate in the Plan.
- (c) <u>Employees of Related Employers.</u> If the Employer is a member of a Related Employer group, Employees of each member of the Related Employer group may participate under this Plan, provided the Related Employer executes a Participating Employer Adoption Page under the Adoption Agreement. If a Related Employer does not execute a Participating Employer Adoption Page, any Employees of such Related Employer are not eligible to participate in the Plan. (See Section 16.06 for operating rules that apply when the Employer is a member of a Related Employer group. Also see Section 16 for rules regarding participation of Employees of Related Employers.)
- (d) Ineligible Employee becomes Eligible Employee. If an Employee changes status from an ineligible Employee to an Eligible Employee, such Employee will become a Participant immediately on the date he/she changes status to an Eligible Employee, provided the Employee has satisfied the Plan's minimum age and service conditions (with respect to Employer Contributions and Employer Matching Contributions) and has passed the Entry Date (as defined in AA §4-2) that would otherwise have applied had the Employee been an Eligible Employee. If the Employee's original Entry Date (determined as if the Employee was always an Eligible Employee) has not passed as of the date the Employee becomes an Eligible Employee, the Employee will not become a Participant until such Entry Date. This requirement is deemed satisfied with respect to Salary Deferrals under the Plan if the Employee is permitted to commence making deferrals under the Plan within a reasonable period of time after the Employee becomes an Eligible Employee. If an ineligible Employee has not satisfied the Plan's minimum age and service conditions applicable to Employee, such Employee will become a Participant on the appropriate Entry Date following satisfaction of the Plan's minimum age and service requirements.
- (e) <u>Eligible Employee becomes ineligible Employee.</u> If an Employee ceases to qualify as an Eligible Employee (i.e., the Employee changes status from an eligible class to an ineligible class of Employees), such Employee will immediately cease to participate in the Plan. If such Employee should subsequently become an Eligible Employee, he/she will be able to participate in the Plan in accordance with subsection (d) above.
- (f) <u>Improper exclusion of eligible Participant.</u> If the Plan improperly excludes a Participant who has satisfied the requirements under this Section 2 for participating under the Plan, the Employer may take reasonable action to correct

such violation, provided such corrective action is consistent with the requirements of the Employee Plans Compliance Resolution System (EPCRS) program. For example, the violation may be corrected by making an additional contribution to the Plan on behalf of the omitted Participant or by allocating any available forfeitures under the Plan to such Participant to restore any missed contributions under the Plan. (See Rev. Proc. 2013-12 or subsequent IRS guidance for a description of the EPCRS program.)

2.03 <u>Minimum Age and Service Conditions.</u> AA §4-1 contains specific elections as to the minimum age and service conditions which an Employee must satisfy prior to becoming eligible to participate under the Plan. The Employer may not impose age or service conditions on an Employee's ability to make Salary Deferrals.

As a Governmental Plan, this Plan is not subject to the minimum age and service under the Code and Title I of ERISA.

- (a) Application of age and service conditions. The Employer may elect under AA §4-1 to impose minimum age and service conditions that an Employee must satisfy in order to participate under the Plan. The Plan may not require an Employee to attain an age older than age 21 (or 26 for a qualified educational institution as provided under Code §410(a)(1)(B)(ii)) or to complete more than two Years of Service.
 - (1) Year of Service. In applying the minimum service requirements under AA §4-1, an Employee will earn a Year of Service if the Employee completes at least 1,000 Hours of Service with the Employer during an Eligibility Computation Period (as defined in subsection (3) below). The Employer may modify the definition of Year of Service under AA §4-3(a) to require a lesser number of Hours of Service to earn a Year of Service. An Employee will receive credit for a Year of Service, as of the end of the Eligibility Computation Period during which the Employee completes the required Hours of Service needed to earn a Year of Service. An Employee need not be employed for the entire Eligibility Computation Period to receive credit for a Year of Service, provided the Employee completes the required Hours of Service during such period.
 - (2) Months of service. The Employer may elect under AA§4-1(a) to require a specific number of Hours of Service during a designated number of months of employment. If an Employee is required under AA §4-1(a) to complete a certain number of Hours of Service during a designated period, an Employee generally will satisfy the eligibility conditions as of the end of the designated period, regardless of whether the Employee is employed during the entire period. Alternatively, the Employer may elect under AA §4-1(a)(3)(ii) to require an Employee to be employed continuously throughout the designated period, provided the Employee is eligible to participate in the Plan upon completing a Year of Service.

If an Employee does not complete the required Hours of Service during the designated period or does not work continuously during the designated period, if required under AA §4-1(a)(3)(ii), the Employee will satisfy eligibility upon completion of a Year of Service. For purposes of applying the Year of Service requirement, an Employee need not be employed during the entire measuring period as long as the Employee completes the required Hours of Service. For example, an Employee who is not employed throughout the designated period, if required under AA §4-1(a)(3)(ii), would still satisfy the eligibility conditions as of the end of the Eligibility Computation Period if the Employee completes a Year of Service, regardless of whether the Employee is employed during the entire period.

- (3) Eligibility Computation Periods. In determining whether an Employee has earned a Year of Service for eligibility purposes, an Employee's initial Eligibility Computation Period is the 12-month period beginning on the Employee's Employment Commencement Date. Subsequent Eligibility Computation Periods will either be based on Plan Years or Anniversary Years (as set forth in AA §4-3(b)).
 - (i) Plan Years. If the Employer bases subsequent Eligibility Computation Periods on Plan Years, the Plan will begin measuring Years of Service on the basis of Plan Years beginning with the first Plan Year commencing after the Employee's Employment Commencement Date. Thus, for the first Plan Year following the Employee's Employment Commencement Date, the initial Eligibility Computation Period and the first Plan Year Eligibility Computation Period may overlap.
 - (ii) <u>Anniversary Years.</u> If the Employer elects under AA §4-3(b) to base subsequent Eligibility Computation Periods on Anniversary Years, the Plan will measure Years of Service after the initial Eligibility Computation Period on the basis of 12-month periods commencing with the anniversaries of the Employee's Employment Commencement Date.
 - (iii) Two Years of Service requirement. If a two Years of Service eligibility condition applies under AA §4-1(a)(6), subsequent Eligibility Computation Periods will be based on Anniversary Years as defined in subsection (ii) above. However, if an Employee fails to earn a Year of Service during the first or second Eligibility Computation Period, subsequent Eligibility Computation Periods will be determined on the

- basis of the Plan Year commencing within the first or second Eligibility Computation Period, as applicable, and subsequent Plan Years. The Employer may elect under AA §4-3(b) to determine subsequent Eligibility Computation Periods on the basis of Anniversary Years, rather than Plan Years.
- (iv) Rehired Employee. If an Employee is rehired following a Break in Service, the Employee's initial Eligibility Computation Period following the Employee's return to employment will be measured from the Employee's Reemployment Commencement Date. Subsequent Eligibility Computation Periods will be measured based on the Plan Year or anniversaries of the Reemployment Commencement Date, as designated under subsection (i) or (ii) above. For this purpose, an Employee's Reemployment Commencement Date is the first day the Employee is entitled to be credited with an Hour of Service after the first Eligibility Computation Period in which the Employee incurs a Break in Service.
- (4) <u>Hours of Service.</u> In calculating an Employee's Hours of Service for purposes of applying the eligibility rules under this Section 2.03, the Employer will count the actual Hours of Service an Employee works during the year. The Employer may elect under AA §4-3(c) or (d) to use the Elapsed Time Method or Equivalency Method (instead of counting the actual Hours of Service an Employee works). (See subsections (5) and (6) below for a description of the Equivalency Method and Elapsed Time method of crediting service.)
- (5) Equivalency Method. Instead of counting actual Hours of Service in applying the minimum service conditions under this Section 2.03, the Employer may elect under AA §4-3(d) to determine Hours of Service based on the Equivalency Method. Under the Equivalency Method, an Employee receives credit for a specified number of Hours of Service based on the period worked with the Employer.
 - (i) <u>Monthly.</u> Under the monthly Equivalency Method, an Employee is credited with 190 Hours of Service for each calendar month during which the Employee completes at least one Hour of Service with the Employer.
 - (ii) <u>Daily.</u> Under the daily Equivalency Method, an Employee is credited with 10 Hours of Service for each day during which the Employee completes at least one Hour of Service with the Employer.
 - (iii) <u>Weekly.</u> Under the weekly Equivalency Method, an Employee is credited with 45 Hours of Service for each week during which the Employee completes at least one Hour of Service with the Employer.
 - (iv) <u>Semi-monthly.</u> Under the semi-monthly Equivalency Method, an Employee is credited with 95 Hours of Service for each semi-monthly period during which the Employee completes at least one Hour of Service with the Employer.
- (6) Elapsed Time method. Instead of counting actual Hours of Service in applying the minimum service requirements under this Section 2.03, the Employer may elect under AA §4-3(c) to apply the Elapsed Time method for calculating an Employee's service with the Employer. Under the Elapsed Time method, an Employee receives credit for the aggregate period of time worked for the Employer commencing with the Employee's first day of employment (or reemployment, if applicable) and ending on the date the Employee begins a Period of Severance which lasts at least 12 consecutive months. In calculating an Employee's aggregate period of service, an Employee receives credit for any Period of Severance that lasts less than 12 consecutive months. If an Employee's aggregate period of service includes fractional years, such fractional years are expressed in terms of days.
 - (i) Period of Severance. For purposes of applying the Elapsed Time method, a Period of Severance is any continuous period of time during which the Employee is not employed by the Employer. A Period of Severance begins on the date the Employee retires, quits or is discharged, or if earlier, the 12-month anniversary of the date on which the Employee is first absent from service for a reason other than retirement, quit or discharge.
 - In the case of an Employee who is absent from work for maternity or paternity reasons, the 12-consecutive month period beginning on the first anniversary of the first date of such absence shall not constitute a Period of Severance. For purposes of this paragraph, an absence from work for maternity or paternity reasons means an absence (i) by reason of the pregnancy of the Employee, (ii) by reason of the birth of a child of the Employee, (iii) by reason of the placement of a child with the Employee in connection with the adoption of such child by the Employee, or (iv) for purposes of caring for a child of the Employee for a period beginning immediately following the birth or placement of such child.
 - (ii) <u>Related Employers.</u> For purposes of applying the Elapsed Time method, service will be credited for employment with any Related Employer.

- (7) Amendment of age and service requirements. If the Plan's minimum age and service conditions are amended, an Employee who is a Participant immediately prior to the effective date of the amendment is deemed to satisfy the amended requirements. This provision may be modified under the special Effective Date provisions under Appendix A of the Adoption Agreement.
- (b) Entry Dates for Employer Contributions and Matching Contributions. Once an Eligible Employee satisfies the minimum age and service conditions (as set forth in AA §4-1), the Employee will be eligible to participate under the Plan as of his/her Entry Date (as set forth in AA §4-2). The Employer may elect different Entry Dates with respect to Matching Contributions and Employer Contributions.
 - (1) Entry Date requirements. In no event may a Participant's Entry Date be later than: (i) the first day of the Plan Year beginning after the date on which the Participant satisfies the minimum age and service conditions described in subsection (a) above, or (ii) six months after the date the Participant satisfies such age and service conditions. An Eligible Employee must be employed by the Employer on his/her Entry Date to begin participating in the Plan on such date.
 - (2) <u>Single annual Entry Date.</u> If the Employer elects a single annual Entry Date under AA §4-2(f), the maximum permissible age and service conditions described in subsection (a) above are reduced by one-half (1/2) year, unless: (1) the Employer elects under AA §4-2(i) to use the Entry Date *nearest* the date the Employee satisfies the Plan's minimum age and service conditions *and* the Entry Date is the first day of the Plan Year or (2) the Employer elects under AA §4-2(j) to use the Entry Date *preceding* the date the Employee satisfies the Plan's minimum age and service conditions.
- 2.04 Participation on Effective Date of Plan. An Employee who has satisfied the minimum age and service conditions and reached his/her Entry Date as of the Effective Date of the Plan will be eligible to participate in the Plan as of such Effective Date. If an Employee has satisfied the minimum age and service conditions as of the Effective Date of the Plan but has not yet reached his/her Entry Date, the Employee will be eligible to participate on the appropriate Entry Date. The Employer may modify this rule under AA §4-2 by electing to treat all Employees employed on the Effective Date of the Plan as Participants (regardless of whether they have satisfied the Plan's minimum age and service conditions) or by designating a specific date as of which all Eligible Employees will be deemed to be a Participant, (regardless of whether the Employee has otherwise satisfied the minimum age and service conditions).
- Rehired Employees. Subject to the Break in Service rules under Section 2.07, if a terminated Employee is subsequently rehired, such Employee will be eligible to participate in the Plan on his/her reemployment date, if the Employee is an Eligible Employee and the Employee had satisfied the Plan's minimum age and service conditions and reached his/her Entry Date prior to termination of employment. If the Employee had satisfied the Plan's minimum age and service conditions but terminated prior to reaching his/her Entry Date, the Employee will be eligible to participate on his/her reemployment date or the original Entry Date, if later. If a rehired Employee had not satisfied the Plan's minimum age and service conditions prior to termination of employment, such Employee is eligible to participate in the Plan on the appropriate Entry Date following satisfaction of the eligibility requirements under this Section 2. For purposes of Salary Deferrals, the requirement to participate on the reemployment date is deemed satisfied if a rehired Employee is permitted to commence making Salary Deferrals within a reasonable period following reemployment.
- 2.06 Service with Predecessor Employers. If the Employer maintains the plan of a Predecessor Employer, any service with such Predecessor Employer may be treated as service with the Employer for purposes of applying the provisions of this Plan. If the Employer does not maintain the plan of a Predecessor Employer, service with such Predecessor Employer does not count for eligibility purposes under this Section 2, unless the Employer specifically designates under AA §4-5 to credit service with such Predecessor Employer for eligibility. Unless designated otherwise under AA §4-5, if the Employer takes into account service with a Predecessor Employer, such service will count for purposes of eligibility under this Section 2, vesting under Section 7 (see Section 7.06) and for purposes of the minimum allocation conditions under Section 3.07.

The Employer may designate under AA §4-5(a)(1) to count service with all Employers acquired *as part of a Code* §410(b)(6)(C) transaction or may elect specific Employers for whom service will not be credited. Alternatively, the Employer may designate under AA §4-5(a)(2) specific Predecessor Employers for which service will be credited. The Employer may designate to credit predecessor service only for purposes of eligibility, vesting and/or any minimum allocation conditions under the Plan.

Governmental and Church Plans are not subject to coverage and nondiscrimination rules applicable to the crediting of service with Predecessor Employers under Title I of ERISA.

2.07 Break in Service Rules. Generally, an Employee will be credited with all service earned for the Employer, including service earned prior to the effective date of the Plan and service earned while the Employee is an ineligible Employee. However, the

Employer may elect under AA §4-3 to disregard an Employee's service with the Employer under the Break in Service rules set forth in this Section 2.07. Governmental and Church Plans are not subject to the break in service rules applicable under Title I of ERISA.

- (a) <u>Break in Service.</u> An Employee incurs a Break in Service for any Eligibility Computation Period (as defined in Section 2.03(a)(3)) during which the Employee does not complete more than five hundred (500) Hours of Service with the Employer. However, if the Employer elects under AA §4-3(a) to require less than 1,000 Hours of Service to earn a Year of Service for eligibility purposes, a Break in Service will occur for any Eligibility Computation Period during which the Employee does not complete more than one-half (1/2) of the Hours of Service required to earn an eligibility Year of Service.
- (b) Nonvested Participant Break in Service rule. Under the Nonvested Participant Break in Service rule, if a Participant is totally nonvested (i.e., 0% vested) in his/her entire Account Balance, and such Participant incurs five (5) or more consecutive one-year Breaks in Service (or, if greater, a consecutive period of Breaks in Service at least equal to the Participant's aggregate number of Years of Service with the Employer), the Plan will disregard all service earned prior to such consecutive Breaks in Service for purposes of determining eligibility to participate in the Plan. If the Employee returns to employment with the Employer, such Employee will be treated as a new Employee for purposes of determining eligibility under the Plan. For this purpose, a Participant who has made Salary Deferrals under the Plan will be treated as having a vested interest in the Plan. Thus, the Nonvested Participant Break in Service rule may not be used with respect to any contributions under the Plan (even if such Employee is totally nonvested in such contributions) for a Participant who has made Salary Deferrals under the Plan. The Employer must elect to apply the Nonvested Participant Break in Service rule under AA §4-3(e).
- (c) Special Break in Service rule for Plans using two Years of Service for eligibility. If the Employer has elected under AA §4-1(a)(6) to require Employees to complete two Years of Service to become eligible to participate in the Plan, any Employee who incurs a one-year Break in Service before satisfying the two Years of Service eligibility condition will not be credited with service earned before such one-year Break in Service.
- (d) One-Year Break in Service rule. Under the One-Year Break in Service rule, if an Employee incurs a one-year Break in Service, such Employee will not be credited with any service earned prior to such one-year Break in Service for purposes of determining eligibility to participate under the Plan until the Employee has completed a Year of Service after the Employee's return to employment. The Employer must elect to apply the One-Year Break in Service rule under AA §4-3(f).
 - (1) <u>Temporary disregard of service</u>. If a Participant has service disregarded under the One-Year Break in Service rule, such Participant will have his/her service reinstated upon returning to employment as of the first day of the Eligibility Computation during which the Participant completes a Year of Service. For this purpose, the Eligibility Computation Period is the 12-month period commencing on the date the Employee first performs an Hour of Service following the Break in Service. If a Participant does not complete a Year of Service during the first Eligibility Computation Period following his/her return to employment, subsequent Eligibility Computation Periods will be determined based on Plan Years beginning with the first Plan Year following the Employee's return to employment (unless the Employer selects Anniversary Years as the Eligibility Computation Period under AA §4-3(b).
 - (2) <u>Application to Salary Deferrals.</u> The One-Year Break in Service rule will not apply to Salary Deferrals under the Plan.
- Waiver of Participation. An Employee may not waive participation under the Plan unless specifically permitted under AA §11. For this purpose, the mere failure to make Salary Deferrals or After-Tax Employee Contributions under the Plan is not a waiver of participation. The Employer may elect under AA §11 to permit Employees to make a one-time irrevocable election to not participate under the Plan. Such election must be made upon inception of the Plan or at any time prior to the time the Employee first becomes eligible to participate under any plan maintained by the Employer. An Employee, in accordance with the regulations under Code §403(b), who makes a one-time irrevocable election not to participate may not subsequently elect to participate under the Plan. Waiver of participation by an Employee who makes a one-time irrevocable election does not violate the universal availability rule.

SECTION 3 PLAN CONTRIBUTIONS

This Section 3 describes the type of contributions that may be made to the Plan. The type of contributions that may be made to the Plan and the method for allocating such contributions may vary depending on the type of Plan involved. (See Section 5 for a discussion of the limits that apply to any contributions made under the Plan.)

3.01 Types and Timing of Contributions.

- (a) Types of Contributions. An Employer may designate under AA §6 the amount and type of contributions that may be made under this Plan. To share in a contribution under the Plan, an Employee must satisfy all of the conditions for being a Participant (as described in Section 2) and must satisfy any allocation conditions applicable to the particular type of contribution. A contribution that is made pursuant to an Employee's one-time irrevocable election made on or before the Employee's first becoming eligible to participate under the Plan and a Mandatory Contribution made as a condition of employment that reduces an Employee's compensation are treated as Employer Contributions to the Plan. All types of contributions are subject to the terms of the governing Investment Arrangement(s).
- (b) <u>Timing of Contributions.</u> The Employer must make contributions to the Plan within a reasonable period of time for the proper administration of the Plan. With regard to Salary Deferrals, a reasonable period of time is no longer than 15 business days following the month in which the Employer otherwise would have paid the Salary Deferrals to the Employee.
- (c) Contributions for former Employees. If so provided under AA §6-5(a), the Employer may continue to make Employer Contributions on behalf of a former Employee. For purposes of determining Employer Contributions for a former Employee, the former Employee is deemed to have monthly Total Compensation for the period through the end of the Taxable Year of the Employee in which he or she ceases to be an Employee and through the end of each of the next five Taxable Years. The amount of monthly Total Compensation is equal to 1/12 of the former Employee's Total Compensation during the former Employee's most recent year of service, as defined in Treas. Reg. §1.403(b)-4(e).
- (d) <u>Contributions of Accrued Unpaid Sick and/or Vacation Leave.</u> If so provided under AA §6-5(b), the Employer may make Employer Contributions of amounts of accrued unpaid sick and/or vacation leave to the Plan. The Employer must describe the manner in which such Employer Contributions will be made to the Plan under AA §6-5(b).
- 3.02 <u>Employer Contribution Formulas.</u> If permitted under AA §6 and subject to the terms of the applicable Investment Arrangement(s), the Employer may make an Employer Contribution to the Plan, in accordance with the contribution formula selected under AA §6-2. To receive an allocation of Employer Contributions, a Participant must satisfy any allocations conditions designated under the Plan, as described below.

As a Governmental Plan, the Plan is not subject to the nondiscrimination and coverage rules (other than the universal availability rule under Code §403(b)(12)(A)(ii)) under the Code and Title I of ERISA.

- (a) Employer Contribution formulas. The Employer may elect under AA §6-2 to make any of the following Employer Contributions. If the Employer elects more than one Employer Contribution formula, each formula is applied separately. The Employer's aggregate Employer Contribution for a Plan Year will be the sum of the Employer Contributions under all such formulas.
 - (1) <u>Discretionary Employer Contribution.</u> If a discretionary contribution is selected under AA §6-2(a), the Employer may decide on an annual basis how much (if any) it wishes to contribute to the Plan as an Employer Contribution. If the Employer elects to make a discretionary contribution, such amount may be allocated under the pro rata, permitted disparity, Employee group, age-based or uniform points allocation method (as selected in AA §6-3).
 - (i) Pro rata allocation formula. Under the pro rata allocation formula, a pro rata share of the Employer Contribution is allocated to each Participant's Employer Contribution Account. A Participant's pro rata share may be determined based on the ratio such Participant's Plan Compensation bears to the total Plan Compensation of all Participants or as a uniform dollar amount, as designated in AA §6-3(a).
 - (ii) Permitted disparity allocation formula. Under the permitted disparity allocation formula, the Employer Contribution is allocated to Participants' Employer Contribution Accounts using a two-step method.

Notwithstanding any other provision under this subsection, for any Plan Year this Plan benefits any Participant who benefits under another Code §403(b) plan maintained by the Employer that provides for

permitted disparity (or imputes disparity), Employer Contributions and forfeitures will be allocated to the account of each Participant who either completes more than 500 Hours of Service during the Plan Year or who is employed on the last day of the Plan Year in the ratio that such Participant's Total Compensation bears to the Total Compensation of all Participants.

- (A) <u>Two-step method.</u> Under the two-step method, the discretionary Employer Contribution is allocated under the following method:
 - (I) <u>Step one.</u> The Employer Contribution is allocated to each Participant's Employer Contribution Account in the ratio that the sum of each Participant's Plan Compensation plus Excess Compensation (as defined in subsection (B) below) bears to the sum of the total Plan Compensation plus Excess Compensation of all Participants, but not in excess of the Maximum Disparity Rate (as defined in subsection (D) below).
 - (II) <u>Step two.</u> Any Employer Contribution remaining after the allocation in subsection (I) above one will be allocated in the ratio that each Participant's Plan Compensation bears to the total Plan Compensation of all Participants.
- **(B)** Excess Compensation. The amount of Plan Compensation that exceeds the Integration Level.
- (C) <u>Integration Level.</u> The Taxable Wage Base, unless specified otherwise under AA §6-3(c)(1).
- (D) <u>Maximum Disparity Rate.</u> The Maximum Disparity Rate is the maximum amount that may be allocated with respect to Excess Compensation. The amount allocated as a percentage of Plan Compensation and Excess Compensation may not exceed the following percentage:

Integration Level (as a percentage of the Taxable Wage Base)	Maximum <u>Disparity Rate</u>
100%	5.7%
More than 80% but less than 100%	5.4%
More than 20% and not more than 80%	4.3%
20% or less	5.7%

- (E) <u>Taxable Wage Base.</u> The maximum amount of wages that are considered for Social Security purposes as in effect at the beginning of the Plan Year.
- (iii) <u>Uniform points allocation.</u> Under the uniform points allocation, the Employer will allocate the discretionary Employer Contribution on the basis of each Participant's total points for the Plan Year, as determined under AA §6-3(d). A Participant's allocation of the Employer Contribution is determined by multiplying the Employer Contribution by a fraction, the numerator of which is the Participant's total points for the Plan Year and the denominator of which is the sum of the points for all Participants for the Plan Year.

A Participant will receive points for each year(s) of age and/or each Year(s) of Service designated under AA §6-3(d). In addition, a Participant also may receive points based on his/her Plan Compensation. Each Participant will receive the same number of points for each designated year of age and/or service and the same number of points for each designated level of Plan Compensation.

(iv) Employee group allocation. Under the Employee group allocation method, the Employer may make a different discretionary contribution to each Participant's Employer Contribution Account based on the Employee allocation groups designated under AA §6-3(e). The Employer Contribution made for an allocation group will be allocated as a uniform percentage of Plan Compensation or as a uniform dollar amount. If the Employer Contribution is allocated as a percentage of Plan Compensation, the amount that will be allocated to each Participant within an allocation group is determined by multiplying the Employer Contribution made for that allocation group by the following fraction:

Plan Compensation of all Participants in the allocation group

Alternatively, the Employer may set forth in the description of the Employee groups under AA §6-3(e)(2) a fixed contribution amount for a designated Employee group. If a fixed contribution is provided for a specific Employee group, the amount designated as the fixed contribution will be allocated to each Participant within the designated Employee group.

- (v) <u>Age-based allocation formula.</u> Under the age-based allocation formula, the Employer will allocate the discretionary Employer Contribution on the basis of each Participant's adjusted Plan Compensation.
 - (A) <u>Adjusted Plan Compensation.</u> For this purpose, a Participant's adjusted Plan Compensation is determined by multiplying the Participant's Plan Compensation by an Actuarial Factor (as described in subsection (B) below).
 - (B) Actuarial Factor. Unless designated otherwise under AA §6-3(f), a Participant's Actuarial Factor is determined based on an 8.5% interest rate and the UP-1984 mortality table. (See Appendix A of the Plan for the Actuarial Factors associated with an 8.5% interest rate and the UP-1984 mortality table and a testing age of 65.
- (2) <u>Fixed Employer Contribution.</u> The Employer may elect under AA §6-2 to make a fixed contribution to the Plan. The Employer may elect under AA §6-2 to make a fixed contribution as a designated percentage of Plan Compensation or as a uniform dollar amount. In addition, the contribution may be allocated in accordance with a Collective Bargaining Agreement. If a fixed contribution is selected under AA §6-2, the Employer Contribution will be allocated under the fixed contribution formula under AA §6-3 in accordance with the selections made in AA §6-2.
- (3) <u>Outside Agreements, Contracts or Arrangements.</u> The Employer may elect under AA §6-2(c) to determine contributions in accordance with any Collective Bargaining Agreement(s) addressing retirement benefits of Collectively Bargained Employees under the Plan, or in accordance with any applicable employment contract or other arrangement the Employer has with the Participant(s). Any contribution based on the provisions of a Collective Bargaining Agreement or employment contract will be allocated in accordance with the provisions of the Collective Bargaining Agreement(s) or employment contract.
- (4) <u>Service-based Employer Contribution.</u> If elected in AA §6-2(d), the Employer may make a contribution based on an Employee's service with the Employer during the Plan Year (or other period designated under AA §6-4). The Employer may elect to make the service-based contribution as a discretionary contribution or as a fixed contribution. Any such contribution will be allocated on the basis of Participants' Hours of Service, weeks of employment or other measuring period selected under AA §6-2(d). The Employer Contribution will be allocated under the service-based allocation formula under AA §6-3(g).
- (5) Year of Service Employer Contribution. The Employer may elect under AA §6-2(e) to provide an Employer Contribution based on an Employee's Years of Service with the Employer. Unless designated otherwise under AA §6-2(e), an Employee earns a Year of Service for each Plan Year during which the Employee completes at least 1,000 Hours of Service. The Employer may designate an alternative definition of Year of Service under AA §6-2(e). The Employer Contribution will be allocated under the Year of Service allocation formula under AA §6-3(h).
- (6) Frozen Plan. The Employer may designate under AA §2 that the Plan is a frozen Plan. As a frozen Plan, the Employer will not make any Employer Contributions with respect to Plan Compensation earned after the date identified in AA §2. In addition, if the Plan allows Salary Deferrals, no Participant will be permitted to make Elective Deferrals or After-Tax Employee Contributions to the Plan for any period following the effective date of the freeze as identified in AA §2. All amounts credited to an affected Participant's Account become 100% vested, regardless of the Participant's vested percentage. If the Plan holds any unallocated forfeitures at the time of the freeze, such forfeitures may be allocated to all eligible Participants in the year of the freeze, regardless of any contrary selections under AA §8-6.
- (b) <u>Mandatory Contributions.</u> The Employer may elect under AA §6 to have Mandatory Contributions under the Plan. Mandatory Contributions are treated as Employer Contributions under the Plan.
- (c) <u>Period for determining Employer Contributions</u>. In determining the amount of Employer Contributions to be allocated to Participants under the Plan, the Plan will take into account Plan Compensation for the Plan Year. The

Employer may designate under the AA alternative periods for determining the allocation of Employer Contributions. If alternative periods are designated, a Participant's allocation of Employer Contributions will be determined separately for each designated period based on Plan Compensation earned during such period. If an alternative period is designated, the Employer need not actually make the Employer Contribution during the designated period, provided the total Employer Contribution for the Plan Year is allocated based on the proper Plan Compensation.

- (d) Offset of Employer Contributions. If the Employer maintains any other qualified plan(s) which cover any Participants under this Plan, the Employer may elect under the AA to reduce such Participants' allocation under this Plan to take into account the benefits provided under the Employer's other qualified plan(s). The Employer may attach an addendum to the Adoption Agreement describing how the offset will be applied.
- 3.03 <u>Salary Deferrals.</u> Subject to the terms of the applicable Investment Arrangement(s), the Employer may elect under AA §6A to authorize Participants to make Salary Deferrals under the Plan. A Participant's total Salary Deferrals under this Plan may not exceed the Elective Deferral Dollar Limit described under Section 5.02 or the amount permitted under the Code §415 Limitation described under Section 5.03. Subject to the universal availability requirements, the Employer may elect under AA §6A-2 to apply a different limit on Salary Deferrals.
 - Salary Reduction Agreement. In order to make Salary Deferrals under the Plan, a Participant must enter into a Salary Reduction Agreement which authorizes the Employer to withhold a specific dollar amount or a specific percentage from the Participant's Plan Compensation. The Salary Reduction Agreement may permit a Participant to specify a different percentage or dollar amount be withheld from specified components of Plan Compensation, such as base pay, bonuses, commissions, etc. The Employer may apply special limits on the amount of Salary Deferrals that may be deferred from bonus payments or may apply special deferral limits applicable to bonus payments under the Salary Reduction Agreement, without regard to any limitations selected under the Adoption Agreement. The Employer will deposit any amounts withheld from a Participant's Plan Compensation as Salary Deferrals into the Participant's Salary Deferral Account under the Plan. A Salary Reduction Agreement may only relate to Plan Compensation that is not currently available at the time the Salary Reduction Agreement is completed. The Salary Reduction Agreement may provide that the Employee's deferral election will increase by a designated amount unless the Employee affirmatively elects otherwise. In determining the amount to be withheld from a Participant's Plan Compensation, the Plan Administrator may round any Salary Reduction Agreement election to the next highest or lowest whole dollar amount and may require that any Salary Reduction Agreement election must designate a whole percentage of Plan Compensation for a Salary Deferral. The Employer may designate under AA §6A-9 to apply a special effective date as of which Participants may begin making Salary Deferrals under the Plan. Regardless of any special effective date designated under AA §6A-9, a Salary Reduction Agreement may not be effective prior to the later of:
 - (1) the date the Employee becomes a Participant;
 - (2) the date the Participant executes the Salary Reduction Agreement; or
 - (3) the date the Plan is first adopted or effective.

For this purpose, Salary Deferrals may be taken into account for a Plan Year only if the Salary Deferrals are allocated to the Employee's Account as of a date within that Plan Year. For this purpose, Salary Deferrals are considered allocated as of a date within a Plan Year only if the allocation is not contingent on the Employee's participation in the Plan or performance of services on any subsequent date and the Salary Deferrals are actually paid to the Plan no later than the end of the 12-month period immediately following the year to which the contribution relates. In addition, the Salary Deferrals must relate to Plan Compensation that either would have been received by the Employee in the Plan Year but for the Employee's election to defer or are attributable to services performed by the Employee in the Plan Year and, but for the Employee's election to defer, would have been received by the Employee within 2½ months after the close of the Plan Year.

In addition, Salary Deferrals made pursuant to a Salary Reduction Agreement may not be made earlier than the date the Participant performs the services to which such Salary Deferrals relate or the date the compensation subject to such Salary Reduction Agreement would be currently available to the Participant absent the deferral election (if earlier). Regardless of when a Participant elects to commence making Salary Deferrals, the Employer may delay commencement for a reasonable period of time in order to implement the Salary Reduction Agreement.

A Salary Reduction Agreement is valid even though it is executed by an Employee before he/she actually has qualified as a Participant, so long as the Salary Reduction Agreement is not effective before the date the Employee is a Participant.

Unless a Salary Reduction Agreement is otherwise revised, if an Employee is absent from work by leave of absence, Salary Deferrals under the Plan shall continue to the extent that Plan Compensation continues.

- (b) Change in deferral election. An Employee must be permitted to enter into a new Salary Reduction Agreement or to modify or terminate an existing Salary Reduction Agreement at least once a year. The Employer may designate additional dates on the Salary Reduction Agreement form (or other written procedures) as to when a Participant may modify or terminate a Salary Reduction Agreement. Any election to modify or terminate a Salary Reduction Agreement will take effect within a reasonable period following such election and will apply only on a prospective basis. The Employer may allow an Employee to increase his/her deferral election up to the Elective Deferral Dollar Limit at any time during the last two months of the Plan Year. The rules for modifying a Salary Reduction Agreement are subject to the terms governing the applicable Investment Arrangement.
- (c) <u>Automatic Contribution Arrangement.</u> The Employer may elect under AA §6A-8 to provide for an automatic deferral election under the Plan. If the Employer elects to apply an automatic deferral election, the Employer will automatically withhold the amount designated under AA §6A-8 from Participants' Plan Compensation, unless the Participant completes a Salary Reduction Agreement electing a different deferral amount (including a zero deferral amount). Unless provided otherwise under AA §6A-8, an Employee who is automatically enrolled under a prior plan document will continue to be automatically enrolled under the current Plan document.
 - (1) Eligible Automatic Contribution Arrangement (EACA). To the extent an Automatic Contribution Arrangement satisfies the requirements of an EACA for a Plan Year, as set forth below, such Automatic Contribution Arrangement will automatically qualify as an EACA for purposes of applying the special rules applicable to EACAs described in subsection (2) below. If an Automatic Contribution Arrangement does not satisfy the requirement for an EACA for an entire Plan Year, the Automatic Contribution Arrangement will not be eligible for the special EACA provisions under subsection (3) for such Plan Year. However, the Automatic Contribution Arrangement continues to apply for such Plan Year and the failure to qualify as an EACA has no impact on the qualified status of the Plan or on the Employer's ability to rely on the Favorable IRS Letter issued with respect to the Plan. Thus, the provisions under subsection (2) will continue to apply as selected in AA 6A-8 for the Plan Year, even if the Automatic Contributions Arrangement does not qualify as an EACA for the entire Plan Year.
 - (2) <u>Definition of Eligible Automatic Contribution Arrangement (EACA).</u> The Plan will qualify as an EACA if the Plan provides for an automatic deferral election (as described in subsection (i)) and provides an annual written notice as described in subsection (iv) below. Any Salary Deferrals withheld pursuant to an automatic deferral election will be deposited into the Participant's Salary Deferral Account.
 - (i) Automatic deferral election. To qualify as an EACA, each Employee eligible to participate in the Plan must have a reasonable opportunity after receipt of the notice described in subsection (iv) to make an affirmative election to defer (or an election not to defer) under the Plan before any automatic deferral election goes into effect. If an automatic deferral election applies under the Plan, such election will not apply to Participants who have entered into a Salary Reduction Agreement for an amount equal to or greater than the automatic deferral amount designated under AA §6A-8. The Employer also may elect to apply the automatic deferral election only to Participants who become eligible to participate after a specified date.

An automatic deferral election ceases to apply with respect to any Employee who makes an affirmative election (that remains in effect) to make Salary Deferrals or to not have any Salary Deferrals made on his/her behalf. Salary Deferrals made pursuant to an automatic deferral election will cease as soon as administratively feasible after an Eligible Employee makes an affirmative deferral election. In addition, automatic deferrals will be reduced or stopped to meet the limitations under Code §\$402(g), and 415 and to satisfy any suspension period required after a distribution.

Unless elected otherwise under AA §6A-8(a)(5)(i), a Participant's affirmative election to defer (or to not defer) will cease upon termination of employment. If a terminated Participant's affirmative election to defer (or to not defer) ceases upon termination of employment, the Participant will be subject to the automatic deferral provisions of this subsection (i) upon rehire, including the default election provisions and the notice requirements under subsection (iv) below.

- (ii) <u>Uniformity requirement.</u> If an Eligible Employee does not make an affirmative deferral election, such Employee will be treated as having elected to make Salary Deferrals in an amount equal to a uniform percentage of Plan Compensation as set forth in AA §6A-8. For this purpose, an automatic deferral election will not fail to be a uniform percentage of Plan Compensation merely because:
 - (A) The deferral percentage varies based on the number of years an eligible Employee has participated in the Plan (e.g., due to the application of an automatic increase provisions);

- (B) The automatic deferral election does not reduce a Salary Deferral election in effect immediately prior to the effective date of the automatic deferral election;
- (C) The rate of Salary Deferrals is limited so as not to exceed the limits of Code §402(g) (determined with or without Catch-Up Contributions) and 415; or
- (**D**) The automatic deferral election is not applied during the period an employee is not permitted to make Salary Deferrals.
- (iii) Automatic increase. The Plan may provide under AA §6A-8 that the automatic deferral amount will automatically increase by a designated percentage each Plan Year. Unless designated otherwise under AA §6A-8(a)(4), in applying any automatic deferral increase under AA §6A-8, the initial deferral amount will apply for the period that begins when the employee first participates in the automatic contribution arrangement and ends on the last day of the following Plan Year. The automatic increase will apply for each Plan Year beginning with the Plan Year immediately following the initial deferral period and for each subsequent Plan Year. For example, if an Employee makes his/her first automatic deferral for the period beginning July 1, 2017, and no special election is made under AA §6A-8(a)(), the first automatic increase would take effect on January 1, 2019 (assuming the Plan is using a calendar Plan Year) which is the first day of the Plan Year beginning after the first Plan Year following the period for which the Employee makes his/her first automatic deferral under the Plan.
- (iv) Annual notice requirement. Each eligible Employee must receive a written notice describing the Participant's rights and obligations under the Plan which is sufficiently accurate and comprehensive to apprise the Employee of such rights and obligations, and is written in a manner calculated to be understood by the average Plan Participant. The annual notice only needs to be provided to those Employees who are covered under the Automatic Contribution Arrangement. If it is impractical to provide the annual notice to a newly eligible Participant before the date such individual becomes eligible to participate under the Plan, the notice will be treated as timely if it is provided as soon as practicable after such date and the Employee is permitted to defer from Plan Compensation earned beginning on the date of participation.
 - (A) Contents of annual notice. To qualify as an EACA, the annual notice must contain the same information as applies for purposes of the safe harbor notice described under Treas. Reg. §1.401(k)-(3)(d)(2). However, to qualify as an EACA, the annual notice must also include a description of:
 - (I) the level of Salary Deferrals which will be made on the Employee's behalf if the Employee does not make an affirmative election:
 - (II) the Employee's right under the EACA to elect not to have Salary Deferrals made on the Employee's behalf (or to elect to have such Salary Deferrals made in a different amount or percentage of Plan Compensation);
 - (III) how contributions under the EACA will be invested and, if the Plan provides for Participant direction of investment, how Salary Deferrals made pursuant to an automatic deferral election will be invested in the absence of an investment election by the Employee; and
 - (IV) the Employee's right to make a permissible withdrawal (as described under subsection (3)(i) below), if applicable, and the procedures to elect such a withdrawal.
 - (B) Timing of annual notice. The annual notice described under this subsection (iv)(B) must be provided at the same time and in the same manner as the annual safe harbor notice described under Treas. Reg. §1.401(k)-(3)(d)(2). The annual notice must be provided within a reasonable period before the beginning of each Plan Year (or, in the year an Employee becomes an eligible Employee, within a reasonable period before the Employee becomes an eligible Employee). In addition, a notice satisfies the timing requirements only if it is provided sufficiently early so that the Employee has a reasonable period of time after receipt of the notice and before the first Salary Deferral made under the arrangement to make an alternative deferral election.

The annual notice will be deemed timely if it is provided to each eligible Employee at least 30 days (and no more than 90 days) before the beginning of each Plan Year. In the case of an Employee who does not receive the notice within such period because the Employee becomes an

eligible Employee after the 90th day before the beginning of the Plan Year, the timing requirement is deemed to be satisfied if the notice is provided no more than 90 days before the Employee becomes an eligible Employee (and no later than the date the Employee becomes an eligible Employee).

- (v) <u>Timing of automatic deferral.</u> Generally, the automatic deferral will commence as of the date the Employee is otherwise eligible to make Salary Deferrals under the Plan, if the Employee had completed a Salary Reduction Agreement. However, the automatic deferral will be treated as timely if the automatic deferral commences no later than the earlier of the pay date for the second payroll period or the pay date that occurs at least 30 days following the later of:
 - (A) the date on which the Employee first becomes an Eligible Employee (or becomes an Eligible Employee following a rehire); or
 - **B)** the date on which such Employee is provided notice of the automatic deferral.
- (3) Special Rules for Eligible Automatic Contribution Arrangement (EACA). If the Plan provides for an automatic deferral election provision under AA §6A-8 and such automatic deferral election qualifies as an EACA, the Employer may elect to offer special permissible withdrawals (as set forth in subsection (i) below). To qualify as an EACA, the Plan must satisfy the provisions of subsection (2) for the entire Plan Year.
 - (i) Permissible Withdrawals under EACA. If so elected under AA §6A-8(b), any Employee who has Salary Deferrals contributed to the Plan pursuant to an automatic deferral election under an EACA may elect to withdraw such contributions (and earnings attributable thereto) in accordance with the requirements of this subsection (i). A permissible withdrawal under this subsection (i) may be made without regard to any elections under AA §10 and will not cause the Plan to fail the prohibition on inservice distribution applicable to Salary Deferrals under Section 8.09(c).
 - (A) <u>Amount of distribution.</u> A distribution satisfies the requirement of this subsection (i) if the distribution is equal to the amount of Salary Deferrals made pursuant to the automatic deferral election through the effective date of the withdrawal election (as described in subsection (C)) adjusted for allocable gains and losses as of the date of the distribution.
 - The distribution amount determined under this subsection (A) may be reduced by any generally applicable fees. However, the Plan may not charge a greater fee for a permissible distribution under this subsection (i) than applies with respect to other Plan distributions.
 - (B) <u>Timing of permissive withdrawal election.</u> An election to withdraw Salary Deferrals under this subsection (i) must be made no later than 90 days after the date of the first default Salary Deferral under the EACA. The date of the first default Salary Deferral is the date that the Plan Compensation from which such Salary Deferrals are withheld would otherwise have been included in gross income. The Employer may designate an alternative period for making permissive withdrawals under AA §6A-8(b)(3).
 - (C) Effective date of permissible withdrawal. The effective date of a permissible withdrawal election cannot be later than the pay date for the second payroll period that begins after the election is made or, if earlier, the first pay date that occurs at least 30 days after the election is made. If an Employee does not make automatic deferrals to the Plan for an entire Plan Year (e.g., due to termination of employment), the Plan may allow such Employee to take a permissive withdrawal, but only with respect to default contributions made after the Employee's return to employment.
 - (D) Consequences of permissible withdrawal. Any amount distributed under this subsection (i) is includible in the Employee's gross income for the Taxable Year in which the distribution is made. However, the portion of any distribution consisting of Roth Deferrals is not included in an Employee's gross income a second time. In addition, a permissible withdrawal under this subsection (i) is not subject to any penalty tax under Code §72(t). Unless the Employee affirmatively elects otherwise, any withdrawal request will be treated as an affirmative election to stop having Salary Deferrals made on the Employee's behalf as of the date specified in subsection (C) above.
 - (E) <u>Forfeiture of Matching Contributions.</u> In the case of any withdrawal made under this subsection (i), any Matching Contributions made with respect to such withdrawn Salary Deferrals must be

forfeited. Any forfeiture of Matching Contributions under this subsection (E) will be made in accordance with the requirements of Section 7.11.

- (d) Age 50 Catch-Up Contributions. If permitted under AA §6A-4 and subject to the terms of the applicable Investment Arrangement(s), a Participant who is aged 50 or over by the end of his/her Taxable Year beginning in the calendar year may make Age 50 Catch-Up Contributions under the Plan, provided such Age 50 Catch-Up Contributions are in excess of an otherwise applicable limit under the Plan. For this purpose, an otherwise applicable Plan limit is a limit in the Plan that applies to Salary Deferrals without regard to Age 50 Catch-up Contributions, such as the Code §415 Limitation (described in Section 5.03) and the Elective Deferral Dollar Limit (described in Section 5.02).
 - (1) Age 50 Catch-Up Contribution Limit. Age 50 Catch-up Contributions for a Participant for a Taxable Year may not exceed the Age 50 Catch-Up Contribution Limit. The Age 50 Catch-Up Contribution Limit for Taxable Years beginning in 2015 is \$6,000. For Taxable Years beginning after 2015, the Age 50 Catch-Up Contribution Limit will be adjusted for cost-of-living increases under Code \$414(v)(2)(C).
 - (2) Special treatment of Catch-Up Contributions. Age 50 Catch-up Contributions are not subject to the Elective Deferral Dollar Limit or the Code §415 Limitation.
- (e) Special Catch-Up Contributions for certain Employees of Qualified Organizations. If permitted under AA §6A-4 and subject to the terms of the applicable Investment Arrangement(s), solely for a Participant who is an Employee with 15 years of service (as defined in Treas. Reg. §1.403(b)-4(c)(3)) with an Employer that is a Qualified Organization (a "Qualified Employee"), the limit under Code §402(g) for a Participant's Taxable Year is increased by the least of the following:
 - **(1)** \$3,000;
 - (2) The excess of:
 - (i) \$15,000, reduced by
 - (ii) The total Special §403(b) Catch-up Contributions made for the Qualified Employee by the Qualified Organization for prior years; or
 - (3) The excess of:
 - \$5,000 multiplied by the number of Years of Service of the Employee with the Qualified Organization, reduced by
 - (ii) The total Salary Deferrals made for the Employee by the Qualified Organization for prior years.
- (f) Coordination of Age 50 Catch-Up Contributions and Special Catch-Up Contributions. The Plan will treat any catch-up amount that is contributed by an Employee who is eligible for both the Age 50 Catch-Up Contribution and Special Catch-Up Contribution first as a Special Catch-Up Contribution to the extent permitted and then as an Age 50 Catch-Up Contribution. However, in no event may the amount of Salary Deferrals for a year exceed the Participant's Plan Compensation for the year.
- (g) Roth Deferrals. If permitted under AA §6A-5 and subject to the terms of the applicable Investment Arrangement(s), a Participant may designate all or a portion of his/her Salary Deferrals as Roth Deferrals. For this purpose, a Roth Deferral is a Salary Deferral that satisfies the following conditions.
 - (1) <u>Irrevocable election.</u> The Participant makes an irrevocable election (at the time the Participant enters into his/her Salary Reduction Agreement) designating all or a portion of his/her Salary Deferrals as Roth Deferrals. The irrevocable election applies with respect to Salary Deferrals that are made pursuant to such election. A Participant may modify or change a Salary Reduction Agreement to increase or decrease the amount of Salary Deferrals designated as Roth Deferrals, provided such change or modification applies only with respect to Salary Deferrals made after such change or modification. (See subsection (b) above for rules regarding the timing of permissible changes or modifications to a Participant's Salary Reduction Agreement.)
 - (2) <u>Subject to immediate taxation.</u> To the extent a Participant designates all or a portion of his/her Salary Deferrals as Roth Deferrals, such amounts will be includible in the Participant's income at the time the Participant would have received the contribution amounts in cash if the Employee had not made the Salary Deferral election.

- (3) Separate account. Any amounts designated as Roth Deferrals will be maintained by the Plan in a separate Roth Deferral Account. The Plan will credit and debit all contributions and withdrawals of Roth Deferrals to such separate Account. The Plan will separately allocate gains, losses, and other credits and charges to the Roth Deferral Account on a reasonable basis that is consistent with such allocations for other Accounts under the Plan. However, in no event may the Plan allocate forfeitures under the Plan to the Roth Deferral Account. The Plan will separately track Participants' accumulated Roth Deferrals and the earnings on such amounts.
- (4) <u>Satisfaction of Salary Deferral requirements.</u> Roth Deferrals are subject to the same requirements as apply to Salary Deferrals. Thus, Roth Deferrals are subject to the following requirements:
 - (i) Roth Deferrals are always 100% vested;
 - (ii) Roth Deferrals are subject to the Elective Deferral Dollar Limit. For this purpose, all Salary Deferrals (both Pre-Tax Deferrals and Roth Deferrals) are aggregated in applying the Elective Deferral Dollar Limit;
 - (iii) Roth Deferrals are subject to the same distribution restrictions as apply to Salary Deferrals under Section 8.09(c); and
 - (iv) Roth Deferrals are subject to the required minimum distribution requirements under Code §401(a)(9).

(5) Rollover of Roth Deferrals.

- (i) Rollovers from this Plan. For purposes of the rollover rules under Section 8.05, a Direct Rollover of a distribution from a Participant's Roth Deferral Account will only be made to another Roth Deferral Account under a qualified plan described in Code §401(a) or an annuity contract or custodial account described in Code §403(b) or to a Roth IRA described in §408A, and only to the extent the rollover is permitted under the rules of Code §402(c).
- (ii) Rollovers to this Plan. Subject to the provisions under Article 4, a Participant may make a Rollover Contribution to his/her Roth Deferral Account only if the rollover is a Direct Rollover from another Roth Deferral Account under a qualified retirement plan (as described in Article 4) and only to the extent the rollover is permitted under the rules of Code §402(c). A rollover of Roth Deferrals may not be made to this Plan from a Roth IRA. Any rollover of Roth Deferrals to this Plan will be held in a separate Roth Rollover Account.
- (iii) Minimum rollover amount. The Plan will not provide for a Direct Rollover (including an Automatic Rollover) for distributions from a Participant's Roth Deferral Account if it is reasonably expected (at the time of the distribution) that the total amount the Participant will receive as a distribution during the calendar year will total less than \$200. In addition, any distribution from a Participant's Roth Deferral Account is not taken into account in determining whether distributions from a Participant's other Accounts are reasonably expected to total less than \$200 during a year. However, Eligible Rollover Distributions from a Participant's Roth Deferral Account are taken into account in determining whether the total amount of the Participant's Account Balances under the Plan exceeds \$1,000 for purposes of applying the Automatic Rollover provisions under Section 8.06.
- (iv) Separate treatment of Roth Deferrals. The provisions under Section 8.05 that allow a Participant to elect a Direct Rollover of only a portion of an Eligible Rollover Distribution but only if the amount rolled over is at least \$500 is applied by treating any amount distributed from the Participant's Roth Deferral Account as a separate distribution from any amount distributed from the Participant's other Accounts in the Plan, even if the amounts are distributed at the same time.
- (h) In-Plan Roth Conversions. The Employer may elect under the Adoption Agreement to permit In-Plan Roth Conversions under the Plan. For this purpose, an In-Plan Roth Conversion is a conversion of amounts held in a Participant's Plan Account, other than a Roth Deferral Account or Roth Rollover Account, into the Participant's In-Plan Roth Conversion Account under the Plan, pursuant to Code \$402A(c)(4). Any election to make an In-Plan Roth Conversion during a Taxable Year may not be changed after the In-Plan Roth Conversion is completed. (For In-Plan Roth Conversions completed prior to January 1. 2013, a Participant had to be eligible to receive a distribution of the converted amounts at the time of the In-Plan Roth Conversion.)

An In-Plan Roth Conversion may be elected by a Participant, a Spousal beneficiary, or an Alternate Payee who is a Spouse or former Spouse. To the extent the term "Participant" is used for purposes of determining eligibility to make an

In-Plan Roth Conversion, such term will also include a Spousal beneficiary and an Alternate Payee who is a Spouse or former Spouse.

To permit In-Plan Roth Conversions, the Plan must provide for Roth Deferrals under AA §6A-5(a) as of the date the In-Plan Roth Conversion is permitted under the Plan. If In-Plan Roth Conversions are not specifically authorized under AA §6A-5(c), Participants may not make an In-Plan Roth Conversion.

(1) Amounts Eligible for In-Plan Roth Conversion. If permitted under the Adoption Agreement, a Participant may convert any portion of his/her vested Account Balance (other than amounts attributable to Roth Deferrals or Roth Deferral rollovers) to an In-Plan Roth Conversion Account. Unless elected otherwise under the Adoption Agreement, a Participant need not be eligible to receive a distribution from the Plan at the time of the In-Plan Roth Conversion.

In addition, an In-Plan Roth Conversion will not be treated as a distribution for the following purposes:

- (i) Participant loans. A Participant loan directly transferred in an In-Plan Roth Conversion without changing the repayment schedule is not treated as a new loan. The Employer may elect in the Adoption Agreement to not permit Participant loans to be distributed as part of an In-Plan Roth Conversion.
- (ii) Spousal consent. An In-Plan Roth Conversion is not treated as a distribution for purposes of applying the spousal consent requirements under the Plan. Thus, a married Plan Participant is not required to obtain spousal consent in connection with an election to make an In-Plan Roth Conversion, even if the Plan is otherwise subject to spousal consent requirements.
- (iii) Participant consent. An In-Plan Roth Conversion is not treated as a distribution for purposes of applying the participant consent requirements under Code §411(a)(11). Thus, amounts that are converted as part of an In-Plan Roth Conversion continue to be taken into account in determining whether the Participant's vested Account Balance exceeds \$5,000 for purposes of applying the Involuntary Cash-Out provisions and will not trigger the requirement for a notice of the Participant's right to defer receipt of the distribution.
- (2) <u>Mandatory withholding.</u> An In-Plan Roth Conversion is not subject to 20% mandatory withholding under Code §3405(c).
- (3) <u>Distribution restrictions.</u> Generally, a distribution will be permitted from the In-Plan Roth Conversion Account to the extent permitted for regular Roth Deferrals under AA §10-1. The distribution restrictions normally applicable to Roth Deferrals, as described in Section 8.09(c), do not apply to the extent the conversion is from a contribution source that is not otherwise subject to the distribution restrictions applicable to Roth Deferrals. In addition, distribution restrictions that otherwise apply with respect to a specific contribution source will continue to apply if such contribution source is converted to Roth Deferrals.
- (4) <u>Effect of In-Plan Roth Conversion.</u> A Participant must include in gross income the taxable amount of an In-Plan Roth Conversion. For this purpose, the taxable amount of an In-Plan Roth Conversion is the fair market value of the distribution reduced by any basis in the converted amounts. If an outstanding loan is rolled over as part of an In-Plan Roth Conversion, the amount includible in gross income includes the balance of the loan.

Generally, the taxable amount of an In-Plan Roth Conversion is includible in gross income in the Taxable Year in which the conversion occurs.

- (5) Application of Early Distribution Penalty under Code §72(t). An In-Plan Roth Conversion is not subject to the early distribution penalty under Code §72(t) at the time of the conversion. However, if an amount allocable to the taxable amount of an In-Plan Roth Conversion is subsequently distributed within the 5-taxable-year period beginning with the first day of the Participant's Taxable Year in which the conversion was made, the amount distributed is treated as includible in gross income for purposes of applying the Code §72(t) early distribution penalty. For this purpose, the 5-taxable-year period ends on the last day of the Participant's fifth Taxable Year in the period. This subsection (5) will not apply to the extent the distribution is rolled over to a Roth account in another qualified plan or is rolled over to a Roth IRA. However, the rule under this subsection (5) will apply to any subsequent distributions made from such other Roth account or Roth IRA within the 5-taxable-year period.
- (6) <u>Contribution Sources.</u> Unless elected otherwise under the Adoption Agreement, an In-Plan Roth Conversion may be made from any contribution source under the Plan, other than a Roth Deferral Account or Roth Rollover Account. The Employer may elect to limit the contribution sources that are eligible for In-Plan Roth Conversion.

In addition, the Employer may elect to limit In-Plan Roth Conversions to contribution accounts that are 100% vested

3.04 <u>Matching Contributions.</u> The Employer may elect under AA §6B to authorize Matching Contributions under the Plan. If the Employer elects more than one Matching Contribution formula under AA §6B-2, each formula is applied separately. A Participant's aggregate Matching Contributions will be the sum of the Matching Contributions under all such formulas. Any Matching Contribution made under the Plan will be allocated to Participants' Matching Contribution Account. To receive an allocation of Matching Contributions, a Participant must satisfy any allocations conditions designated under the Plan.

A contribution will not be considered a Matching Contribution if such contribution is contributed before the underlying Salary Deferral or After-Tax Employee Contribution election is made or before an Employee performs the services with respect to which the underlying Salary Deferrals or After-Tax Employee Contributions are made (or when the cash that is subject to such election would be currently available, if earlier). A Matching Contribution will not be treated as failing to satisfy the requirements of this paragraph merely because contributions are occasionally made before the Employee performs the services with respect to which the underlying Salary Deferral or After-Tax Employee Contribution election is made (or when the cash that is subject to such elections would be currently available, if earlier) in order to accommodate bona fide administrative considerations (and such amounts are not paid early for the principal purpose of accelerating deductions).

(a) Contributions eligible for Matching Contributions. The Matching Contribution formula(s) apply to Salary Deferrals made under the Plan, to the extent authorized under the Adoption Agreement. The Employer may elect under AA §6C-2(c) to include After-Tax Employee Contributions in the Matching Contribution formula(s). If the Matching Contribution formula(s) applies to both Salary Deferrals and After-Tax Employee Contributions, such contributions are aggregated to determine the Matching Contributions under the Plan. Any reference to Salary Deferrals under the Matching Contribution formula(s) includes After-Tax Employee Contributions to the extent such amounts are eligible for Matching Contributions under the Plan.

In addition, the Employer may elect under AA §6B-3(b) to match Elective Deferrals under another 403(b) plan, a qualified plan under Code §401(a) or 457 plan maintained by the Employer. If the Employer elects to make a Matching Contribution based on the Employee's Elective Deferrals or Roth Deferrals under another 403(b) plan, a qualified plan under Code §401(a) or §457 plan, the Employer shall make a Matching Contribution on behalf of any eligible Participant who makes Elective Deferrals or Roth Deferrals to the plan designated under AA §6B-3(b). Any such Matching Contribution made to the Plan will be allocated in accordance with any special provisions added under AA §6B-3(b). Any such Matching Contributions will be in addition to any Matching Contributions made with respect to Salary Deferrals or After-Tax Employee Contributions under this Plan.

- (b) Period for determining Matching Contributions. AA §6B-5 sets forth the period for which the Matching Contribution formula(s) applies. For this purpose, the period designated in AA §6B-5 applies for purposes of determining the amount of Salary Deferrals (and After-Tax Employee Contributions, if applicable) taken into account in applying the Matching Contribution formula(s) and in applying any limits on the amount of Salary Deferrals that may be taken into account under the Matching Contribution formula(s).
 - If the Employer elects a discretionary Matching Contribution under AA §6B-2, the Employer may elect to make a different Matching Contribution for each period designated in AA §6B-5. Thus, for example, if the discretionary Matching Contribution is based on the Plan Year quarter under AA §6B-5, the Employer may elect to make a different level of Matching Contribution for each Plan Year quarter.
- (c) <u>True-up contributions.</u> If the Employer makes Matching Contributions more frequently than annually, the Employer may have to make true-up contributions for Participants. True-up contributions will be required if the Employer actually contributes Matching Contributions to the Plan on a more frequent basis than the period that is used to determine the amount of the Matching Contributions under AA §6B-5. For example, if Matching Contributions apply with respect to Salary Deferrals made for the Plan Year, but the Employer contributes the Matching Contributions on a quarterly basis, the Employer may have to make a true-up contribution to any Participant based on Salary Deferrals for the Plan Year. If a true-up contribution is required under this subsection, the Employer may make such additional contribution as required to satisfy the contribution requirements under the Plan.

If a period other than the Plan Year is selected under AA §6B-5, the Employer may make an additional discretionary Matching Contribution equal to the true-up contribution that would otherwise be required if Plan Year was selected under AA §6B-5. If an additional discretionary Matching Contribution is made under this subsection (c), such contribution must be provided to all eligible Participants who would otherwise be entitled to a true-up contribution based on Plan Compensation for the Plan Year.

3.05 After-Tax Employee Contributions. The Employer may elect under AA §6C-2 to allow Participants to make After-Tax Employee Contributions under the Plan. If permitted under AA §6C-2, as applicable, a Participant's compensation will be reduced by the amount the Participant elects to contribute as an After-Tax Employee Contribution. Any After-Tax Employee Contributions made under the Plan will be held in Participants' After-Tax Employee Contribution Account, which are always 100% vested. The Employer has a reasonable period of time to begin withholding After-Tax Employee Contributions with respect to an Eligible Participant.

A Participant may increase, decrease, discontinue or resume his/her After-Tax Employee Contributions as set forth in AA §6C-2(d), as applicable. An Employee must be permitted to modify or terminate an existing After-Tax Employee Contribution election at least once a year. The Employer may designate additional dates on the After-Tax Employee Contribution election form (or other written procedures) as to when a Participant may commence, modify or terminate After-Tax Employee Contributions. Alternatively, the Employer may designate under the Adoption Agreement, specific dates as of which a Participant may commence, modify or terminate After-Tax Employee Contributions. Any election to modify or terminate an After-Tax Employee Contribution election will take effect within a reasonable period following such election and will apply only on a prospective basis.

A Participant may withdraw amounts from his/her After-Tax Employee Contribution Account at any time, in accordance with the distribution rules under Section 8.09(a), except as otherwise provided under AA §10. No forfeitures will occur solely as a result of an Employee's withdrawal of After-Tax Employee Contributions. The Employer may collect Participants' After-Tax Employee Contributions using payroll reduction or other collection procedures. The Employer may designate in the Adoption Agreement or in separate administrative procedures any special rules regarding the acceptance of After-Tax Employee Contributions.

- 3.06 Allocation Conditions. In order to receive an allocation of Employer Contributions (other than Salary Deferrals) or an allocation of Matching Contributions, a Participant must satisfy any allocation conditions designated under AA §6-7 or AA §6B-7, as applicable. If the Employer elects under AA §6-7(c) or AA §6B-7(c) to apply a minimum service requirement, the Employer may elect to base such minimum service requirement on the basis of Hours of Service or on the basis of consecutive days of employment under the Elapsed Time method.
 - (a) Application to designated period. Instead of applying the allocation conditions on the basis of the Plan Year, the Employer may elect in AA §6-7(d) or AA §6B-7(d) to apply the allocation conditions on the basis of designated periods. If the Employer elects to apply a last day of employment condition on the basis of designated periods, a Participant will not be entitled to an allocation of Employer Contributions or Matching Contributions for any period designated under AA §6-7(d)(1) or AA §6B-7(d)(1), as applicable, unless the Participant is employed by the Employer at the end of such designated period. If the Employer elects to apply an Hours of Service allocation condition on the basis of designated periods, a Participant will not be entitled to an allocation of Employer Contributions or Matching Contributions for any period designated under AA §6-7(d)(1) or AA §6B-7(d)(1), as applicable, unless the Participant satisfies the required service condition before the end of such designated period.

If the Employer elects to apply the allocation conditions on the basis of designated periods, the Employer may elect to apply any Hours of Service condition using the cumulative method (as described in subsection (1) below) or the period-by-period method (as described in subsection (2) below). The Employer may elect operationally to use either method in applying the Hours of Service condition, provided the Employer uses the same method for all affected Employees during any given period.

- Cumulative method. Under the cumulative method, the Hours of Service condition is applied with respect to each designated period on a cumulative basis for the Plan Year. The required service condition for any period is determined by multiplying the required Hours of Service (or days of employment, if applicable) by a fraction, the numerator of which is the total number of periods completed during the Plan Year (including the current period) and the denominator of which is the total number of periods during the Plan Year. For example, if a Participant must complete 1,000 Hours of Service to receive an Employer Contribution or Matching Contribution under the Plan, and the Employer elects to apply such condition on the basis of Plan Year quarters under AA §6-7(d)(1)(i) or AA §6B-7(d)(1)(i), as applicable, a Participant would have to complete 250 Hours of Service by the end of the first Plan Year quarter [1/4 x 1,000], 500 Hours of Service by the end of the second Plan Year quarter [2/4 x 1,000], 750 Hours of Service by the end of the third Plan Year quarter [3/4 x 1,000] and 1,000 Hours of Service by the end of the Plan Year [4/4 x 1,000] to receive an allocation of the Employer Contribution or Matching Contribution for such period. If a Participant does not satisfy the required service condition for any designated period during the Plan Year, no Employer Contribution or Matching Contribution will be allocated to that Participant for such period.
- (2) <u>Period-by-period method.</u> Under the period-by-period method, the minimum service allocation condition is applied separately for each designated period. The required service condition for any period is determined by multiplying the required Hours of Service (or days of employment, if applicable) by a fraction, the numerator of

which is one (1) and the denominator of which is the total number of periods during the Plan Year. For example, if a Participant must complete 1,000 Hours of Service to receive an Employer Contribution or Matching Contribution under the Plan, and the Employer elects to apply such condition on the basis of Plan Year quarters under AA §6-7(d)(1)(i) or AA §6B-7(d)(1)(i), as applicable, a Participant would have to complete 250 Hours of Service in each Plan Year quarter [1/4 x 1,000] to receive an allocation of the Employer Contribution or Matching Contribution for such period. If a Participant does not satisfy the required service condition for any designated period during the Plan Year, no Employer Contribution or Matching Contribution will be allocated to that Participant for such period.

- (b) Special rule for year of termination. A last day employment condition automatically applies for any Plan Year in which the Plan is terminated, regardless of whether the Employer has elected to apply a last day employment condition under AA §6-7(b) or AA §6B-7(b), as applicable. Thus, the Employer will not be obligated to make an Employer Contribution or Matching Contribution for the Plan Year in which the Plan terminates, unless the Employer provides for an Employer Contribution and/or Matching Contribution in its termination amendment. If there are unallocated forfeitures at the time of Plan termination, such forfeitures will be allocated to Participants under the Plan's procedures for allocating forfeitures.
- 3.07 Service with Predecessor Employers. If the Employer maintains the plan of a Predecessor Employer, any service with such Predecessor Employer is treated as service with the Employer for purposes of applying the allocation conditions under this Section. If the Employer does not count for purposes of applying the allocation conditions under this Section, unless the Employer specifically designates under AA §4-5 to credit service with such Predecessor Employer. Unless designated otherwise under AA §4-5, if the Employer takes into account service with a Predecessor Employer, such service will count for purposes of eligibility under Section 2 (see Section 2.06), vesting under Section 7 (see Section 7.06) and for purposes of the minimum allocation conditions under this Section.

SECTION 4 ROLLOVER CONTRIBUTIONS AND TRANSFERS

This Section provides the rules regarding Rollover Contributions and transfers that may be made under this Plan. The Plan Administrator has the authority under Section 11 to accept Rollover Contributions under this Plan and to enter into transfer agreements concerning the transfer of assets from another plan to this Plan.

4.01 Rollover Contributions. Subject to the terms governing the applicable Investment Arrangement, an Employee (or former Employee) may make a Rollover Contribution to this Plan from a qualified retirement plan or from an IRA, if the acceptance of rollovers is permitted under AA §C-2 or if the Plan Administrator adopts administrative procedures regarding the acceptance of Rollover Contributions. Any Rollover Contribution an Employee (or former Employee) makes to this Plan will be held in the Employee's Rollover Contribution Account (or Roth Rollover Account), which is always 100% vested. Subject to the terms governing the applicable Investment Arrangement a Participant may withdraw amounts from his/her Rollover Contribution Account at any time, in accordance with the distribution rules under Section 8, except as prohibited under AA §10. Any amounts received as a Rollover Contribution under this Section will not be treated as an Annual Addition for purposes of applying the Code §415 Limitation.

For purposes of this Section, a qualified retirement plan is a tax-qualified retirement plan described in Code §401(a) or Code §403(a), an annuity contract described in §403(b) of the Code, or an eligible plan under §457(b) of the Code which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state. To qualify as a Rollover Contribution under this Section, the Rollover Contribution must be transferred directly from the qualified retirement plan or IRA in a Direct Rollover or must be transferred to the Plan by the Employee within sixty (60) days following receipt of the amounts from the qualified plan or IRA. The Plan will not accept rollovers of non-deductible IRA contributions.

If Rollover Contributions are permitted, an Employee (or former Employee) may make a Rollover Contribution to the Plan even if the Employee is not a Participant with respect to any or all other contributions under the Plan, unless otherwise prohibited under AA §C-2 or separate administrative procedures adopted by the Plan Administrator. An Employee who makes a Rollover Contribution to this Plan prior to becoming a Participant shall be treated as a Participant only with respect to such Rollover Contribution Account, but shall not be treated as a Participant with respect to other contribution sources under the Plan until he/she otherwise satisfies the eligibility conditions under the Plan. To the extent Participant loans are authorized under the Plan, a "limited Participant" under this paragraph may request a Participant loan from the Rollover Contribution Account, unless provided otherwise under AA §B-3 or separate administrative procedures adopted by the Plan Administrator.

The Plan Administrator may refuse to accept a Rollover Contribution if the Plan Administrator reasonably believes the Rollover Contribution:

- (a) is not being made from a proper plan or IRA;
- (b) is not being made within sixty (60) days from receipt of the amounts from a qualified retirement plan or IRA;
- (c) could jeopardize the tax-exempt status of the Plan; or
- (d) could create adverse tax consequences for the Plan or the Employer.

Prior to accepting a Rollover Contribution, the Plan Administrator may require the Employee to provide satisfactory evidence establishing that the Rollover Contribution meets the requirements of this Section.

Under Treas. Reg. §1.401(a)(31)-1, Q&A-14, if the Plan accepts an invalid Rollover Contribution, the contribution will be treated, for purposes of applying the qualification requirements of Code §401(a) to the Plan, as if it were a valid Rollover Contribution if two conditions are satisfied:

- (a) When accepting the amount from the Employee as a Rollover Contribution, the Plan Administrator must reasonably conclude that the contribution is a valid Rollover Contribution; and
- (b) If the Plan Administrator later determines that the contribution was an invalid Rollover Contribution, the Plan Administrator must distribute the amount of the invalid Rollover Contribution, plus any earnings attributable thereto, to the Employee within a reasonable time after such determination.

The Plan Administrator may use reasonable criteria in determining whether a Rollover Contribution is valid. Thus, the Plan Administrator may access the EFAST2 database maintained by the Department of Labor to assist in determining whether a potential Rollover Contribution was distributed by a plan intended to be a qualified plan. If the Plan Administrator later determines that the Rollover Contribution was not valid, the Plan Administrator must have the amount rolled over plus any

attributable earnings distributed within a reasonable period of time after such determination.

The Plan Administrator may apply different conditions for accepting Rollover Contributions from qualified retirement plans and IRAs. For example, the Plan Administrator may decide in its discretion whether to accept a Direct Rollover of a loan note from another retirement plan. Any conditions on Rollover Contributions must be applied uniformly to all Employees under the Plan.

4.02 <u>Contract Exchanges and Transfers.</u> Provided that the Plan allows contract exchanges or plan-to-plan transfers and subject to the terms governing the applicable Investment Arrangement, the Plan Administrator may accept such exchange or transfer from one Code §403(b) investment to another investment, provided the requirements under Sections 14.04 and 14.05 are satisfied. The Employer may set forth restrictions on contract exchanges and transfers in Addendum B.

SECTION 5 LIMITS ON CONTRIBUTIONS

- **Limits on Employer Contributions.** Any contributions the Employer makes under the Plan are subject to the limitations set forth in this Section 5.
 - (a) <u>Limitation on Salary Deferrals.</u> Any Salary Deferrals made under the Plan are subject to the Elective Deferral Dollar Limit, as described in Section 5.02 below.
 - (b) <u>Limitation on total Employer Contributions.</u> All Employer Contributions the Employer makes under the Plan are subject to the Code §415 Limitation, as described in Section 5.03 below. For purposes of applying the Code §415 Limitation, Employer Contributions include any Employer Contributions, Salary Deferrals, or Matching Contributions made under the Plan.
- 5.02 <u>Elective Deferral Dollar Limit.</u> No Participant may contribute as Elective Deferrals to this Plan (and any other plan, contract or arrangement maintained by the Employer) during any calendar year, an amount that exceeds the Elective Deferral Dollar Limit in effect for the Participant's Taxable Year beginning in such calendar year. Additional restrictions apply if a Participant participates in a plan maintained by an unrelated employer.

The Elective Deferral Dollar Limit is \$18,000 for Taxable Years beginning in 2015. For Taxable Years beginning after 2015, the Elective Deferral Dollar Limit will be adjusted for cost-of-living increases under Code \$402(g)(4). Any such adjustments will be in multiples of \$500.

If elected under the Adoption Agreement, the Elective Deferral Dollar Limit is increased by the Age 50 Catch-Up Contribution Limit and the Special Catch-Up Contribution Limit for eligible Participants. If the Plan does not provide for Age 50 Catch-up Contributions or the Special Catch-Up Contributions, the Elective Deferral Dollar Limit is not increased.

- (a) Excess Deferrals. Excess Deferrals are Elective Deferrals made during the Participant's Taxable Year that exceed the Elective Deferral Dollar Limit (as described above) for such year; counting only Elective Deferrals made under this Plan and any other plan, contract or arrangement maintained by the Employer. (See subsection (b)(6) below for provisions that apply when a Participant makes Elective Deferrals to a plan of an unrelated Employer.)
- (b) <u>Correction of Excess Deferrals.</u> If a Participant makes Excess Deferrals (i.e., Elective Deferrals in excess of the Elective Deferral Dollar Limit) under this Plan and any other plan maintained by the Employer, such Excess Deferrals (plus allocable income or loss) shall be distributed to the Participant no later than April 15 of the following calendar year.
 - (1) Amount of corrective distribution. The amount to be distributed from this Plan as a correction of Excess Deferrals equals the amount of Elective Deferrals the Participant contributes during the Taxable Year to this Plan and any other plan maintained by the Employer in excess of the Elective Deferral Dollar Limit, reduced by any corrective distribution of Excess Deferrals the Participant receives during the calendar year from this Plan or other plan(s) maintained by the Employer.
 - (2) Allocable gain or loss. A corrective distribution of Excess Deferrals must include any allocable gain or loss for the Taxable Year in which the Excess Deferrals are contributed to the Plan. The gain or loss allocable to Excess Deferrals may be determined in any reasonable manner, provided the manner used to determine allocable gain or loss is applied consistently for all Participants and in a manner that is reasonably reflective of the method used by the Plan for allocating income to Participants' Accounts.
 - (3) Taxation of corrective distribution. If a corrective distribution of Excess Deferrals is made by April 15 of the following calendar year, amounts attributable to the Excess Deferrals will be includible in the Participant's gross income in the Taxable Year in which such amounts are deferred under the Plan and amounts attributable to income or loss on the Excess Deferrals will be includible in gross income in the year of distribution. If a corrective distribution of Excess Deferrals is made after April 15, the amount of the corrective distribution attributable to Excess Deferrals will be includible in the Participant's gross income in both the Taxable Year in which such amounts are deferred under the Plan and the Taxable Year in which such amounts are distributed.
 - (4) <u>Coordination with other provisions.</u> A corrective distribution of Excess Deferrals made by April 15 of the following calendar year may be made without consent of the Participant or the Participant's Spouse, and without regard to any distribution restrictions applicable under Section 8. A corrective distribution of Excess Deferrals made by the appropriate April 15 also is not treated as a distribution for purposes of applying the required minimum distribution rules.

- (5) <u>Suspension of Salary Deferrals.</u> If a Participant's Salary Deferrals under this Plan, in combination with any Elective Deferrals the Participant makes during the calendar year under any other plan maintained by the Employer, equal or exceed the Elective Deferral Dollar Limit, the Employer may suspend the Participant's Salary Deferrals under this Plan for the remainder of the calendar year without the Participant's consent.
- (6) Correction of Excess Deferrals under plans not maintained by the Employer. The correction provisions under this subsection (b) apply only if a Participant makes Excess Deferrals under this Plan (or under this Plan and other plans maintained by the Employer). However, if a Participant has Excess Deferrals for a calendar year on account of making Elective Deferrals to a plan of an unrelated employer, the Participant may assign to this Plan any portion of his/her Elective Deferrals made under all plans during the calendar year to the extent such Elective Deferrals exceed the Elective Deferral Dollar Limit. The Participant must notify the Plan Administrator in writing on or before March 1 of the following calendar year of the amount of the Excess Deferrals to be assigned to this Plan. Upon receipt of a timely notification, the Excess Deferrals assigned to this Plan will be distributed (along with any allocable income or loss) to the Participant in accordance with the corrective distribution provisions under this subsection (b). A Participant is deemed to notify the Plan Administrator of Excess Deferrals to the extent such Excess Deferrals arise only under this Plan and any other plan maintained by the Employer.

5.03 Code §415 Limitation on Annual Additions.

- (a) General Limitation on Annual Additions. A Participant's Annual Additions under the Plan for a Limitation Year may not exceed the Maximum Annual Addition as set forth below.
- (b) Aggregation of §403(b) Plans of the Employer. If Annual Additions are credited to a Participant under any §403(b) plans of the Employer in addition to this Plan for a Limitation Year, the sum of the Participant's Annual Additions for the Limitation Year under this Plan and such other §403(b) plans may not exceed the Maximum Annual Addition as set forth below.
- (c) Aggregation Where Participant is in Control of Any Employer. If a Participant is in control of any employer for a Limitation Year, the sum of the Participant's Annual Additions for the Limitation Year under this Plan, any other §403(b) plans of the Employer, any defined contribution plans maintained by controlled employers, and any §403(b) plans of any other employers may not exceed the Maximum Annual Addition as set forth below. For purposes of this paragraph, a Participant is in control of an employer based upon the rules of Code §\$414(b), 414(c), and 415(h); and a defined contribution plan means a defined contribution plan that is qualified under Code §401(a) or §403(a), a §403(b) plan, or a simplified employee pension within the meaning of Code §408(k).
- (d) Annual Notice to Participants. The Plan Administrator will provide written or electronic notice to Participants that explains the limitation in Section 5.03(c) in a manner calculated to be understood by the average Participant and informs Participants of their responsibility to provide information to the Plan Administrator that is necessary to satisfy Section 5.03(c). The notice will advise Participants that the application of the limitations in Section 5.03(c) will take into account information supplied by the Participant and that failure to provide necessary and correct information to the Plan Administrator could result in adverse tax consequences to the Participant, including the inability to exclude contributions to the Plan under Code §403(b). The notice will be provided annually, beginning no later than the year in which the Employee becomes a Participant.
- (e) Coordination of Limitation on Annual Additions Where Employer Has Another §403(b) Pre-Approved Plan or Participant is in Control of Employer. The Annual Additions which may be credited to a Participant under this Plan for any Limitation Year will not exceed the Maximum Annual Addition, reduced by the Annual Additions credited to the Participant under any other §403(b) Pre-Approved Plans of the Employer in addition to this Plan and, if the Participant is in control of an employer, any defined contribution plans maintained by controlled employers and §403(b) plans of any other employers. Contributions to the Participant's Accounts under this Plan will be reduced to the extent necessary to prevent this limitation from being exceeded.

(f) Excess Annual Additions.

(1) If, notwithstanding Sections 5.03(a)-(e), a Participant's Annual Additions under this Plan, or under this Plan and plans aggregated with this Plan under Sections 5.03(b) and (c), result in an Excess Annual Addition for a Limitation Year, the Excess Annual Addition will be deemed to consist of the Annual Additions last credited, except Annual Additions to a defined contribution plan qualified under §401(a) of the Internal Revenue Code or a simplified employee pension maintained by an employer controlled by the Participant will be deemed to have been credited first.

- (2) If an Excess Annual Addition is credited to a Participant under this Plan and another Section 403(b) preapproved plan of the Employer on the same date, the Excess Annual Addition attributable to this Plan will be the product of:
 - (i) the total Excess Annual Addition credited as of such date, times
 - (ii) the ratio of (i) the Annual Additions credited to the Participant for the Limitation Year as of such date under this Plan to (ii) the total Annual Additions credited to the Participant for the Limitation Year as of such date under this Plan and all other §403(b) Pre-Approved Plans of the Employer.
- (3) Any Excess Annual Addition attributable to this Plan will be corrected in the manner described in Section 5.03(h).
- (g) Coordination of Limitation on Annual Additions Where Employer Has Another §403(b) Plan that is Not a PreApproved Plan. If Annual Additions are credited to the Participant for the Limitation Year under another §403(b) plan
 of the Employer which is not a §403(b) Pre-Approved Plan, the Annual Additions which may be credited to the
 Participant under this Plan for the Limitation Year will be limited in accordance with Sections 5.03(e) and (f) as though
 the other plan were a §403(b) Pre-Approved Plan unless the Employer provides other limitations in the Adoption
 Agreement.
- (h) Correction of Excess Annual Additions. A Participant's Excess Annual Additions for a Taxable Year are includible in the Participant's gross income for that Taxable Year. A Participant's Excess Annual Additions attributable to this Plan will be credited in the year of the excess to a separate account under the Plan for such Excess Annual Additions which will be maintained by the Vendor until the Excess Annual Additions are distributed. This separate account will be treated as a separate contract to which Code §403(c) (or another applicable provision of the Code) applies. Amounts in the separate account may be distributed at any time, notwithstanding any other provisions of the Plan.

(i) <u>Definitions.</u>

- (1) <u>Annual Additions.</u> The sum of the following amounts credited to a Participant's Account for the Limitation Year:
 - (i) Employer Contributions, including Matching Contributions, Salary Deferrals, Special Catch-Up Contributions, Mandatory Contributions, QNECs, and Safe Harbor Contributions (but not including Age 50 Catch-Up Contributions and contributions that have been distributed to the Participant as Excess Elective Deferrals);
 - (ii) After-Tax Contributions;
 - (iii) Forfeitures;
 - (iv) Amounts allocated to an individual medical account, as defined in Code§415(1)(2), which is part of a pension or annuity plan, and amounts derived from contributions paid or accrued which are attributable to post-retirement medical benefits, allocated to the separate account of a key employee, as defined in Code §419A(d)(3), under a welfare benefit fund, as defined in Code §419(e); and
 - (v) Allocations under a simplified employee pension.

Amounts described in (i), (ii), (iii), and (v) are annual additions for purposes of both the dollar limitation under Section 5.03(i)(6)(i) and the percentage of compensation limitation under Section 5.03(i)(6)(i). Amounts described in (iv) are annual additions solely for purposes of the dollar limitation under Section 5.03(i)(6)(i).

For this purpose, any Excess Amount applied in the Limitation Year to reduce Employer Contributions will be considered Annual Additions for such Limitation Year.

An Annual Addition is credited to a Participant's Account for a particular Limitation Year if such amount is allocated to the Participant's Account as of any date within that Limitation Year. An Annual Addition will not be deemed credited to a Participant's Account for a particular Limitation Year unless such amount is actually contributed to the Plan no later than 30 days after the time prescribed by law for filing the Employer's income tax return (including extensions) for the Taxable Year with or within which the Limitation Year ends. In the case of After-Tax Contributions, such amount shall not be deemed credited to a Participant's Account for a particular Limitation Year unless the contributions are actually contributed to the Plan no later than 30 days after the close of that Limitation Year.

- (2) Employer. For purposes of this Section 5.03, Employer shall mean the Employer that adopts this Plan, and all members of a controlled group of corporations (as defined in §414(b) of the Code as modified by §415(h)), all commonly controlled trades or businesses (as defined in §414(c) of the Code as modified by §415(h)) or affiliated service groups (as defined in §414(m)) of which the adopting Employer is a part, and any other entity required to be aggregated with the Employer pursuant to regulations under §414(o) of the Code.
- (3) Excess Annual Addition. The excess of the Annual Additions credited to the Participant for the Limitation Year under the Plan and plans aggregated with the Plan under Sections 5.03(b) and (c) over the Maximum Annual Addition for the Limitation Year under Section 5.03(i)(6).
- Includible Compensation. An Employee's compensation received from the Employer that is includible in the Participant's gross income for Federal income tax purposes (computed without regard to §911 of the Internal Revenue Code, relating to United States citizens or residents living abroad), including differential wage payments under §3401(h) of the Internal Revenue Code for the most recent period that is a Year of Service. Includible Compensation for a Minister who is self-employed means the Minister's earned income as defined in Code §401(c)(2) (computed without regard to Code §911). Includible Compensation also includes any Elective Deferral or other amount contributed or deferred by the Employer at the election of the Employee that would be includible in gross income but for the rules of Code §§125, 132(f)(4), 402(e)(3), 402(h)(1)(B), 402(k), or 457(b). Includible Compensation does not include any compensation received during a period when the Employer was not an eligible employer within the meaning of §1.403(b)-2(b)(8) of the Treasury Regulations. The amount of Includible Compensation is determined without regard to any community property laws. Except as provided in §1.401(a)(17)-1(d)(4)(ii) of the Treasury Regulations with respect to eligible participants in Governmental Plans, the amount of Includible Compensation of each Participant taken into account in determining contributions shall not exceed \$265,000, as adjusted for cost-of-living increases in accordance with Code §401(a)(17)(B) for periods after 2015. Includible Compensation does not include Employer Pick-Up Contributions to a qualified plan under Code §401(a).

For purposes of applying the limitations on Annual Additions to nonelective Employer Contributions pursuant to Code §415, Includible Compensation for a Participant who is permanently and totally disabled (as defined in Code §22(e)(3)) is the compensation such Participant would have received for the Limitation Year if the Participant had been paid at the rate of compensation paid immediately before becoming permanently and totally disabled.

(5) <u>Limitation Year.</u> The Plan Year, unless the Employer elects another 12-consecutive month period under AA §11. All retirement plans under Code §403(b) maintained by the Employer must use the same Limitation Year. If there is a change of Limitation Year, a "short" Limitation Year exists for the period beginning with the first day of the Limitation Year and ending on the day before the change in Limitation Year is effective. For this purpose, if the Plan is terminated effective as of a date other than the last day of the Limitation Year, the Plan is treated as if it were amended to change its Limitation Year.

If the Plan has an initial Plan Year that is less than 12 months, the Limitation Year for such first Plan Year is the 12-month period ending on the last day of that Plan Year, unless otherwise specified in AA §11.

If the Participant is in control of an Employer pursuant to Section (c) above, the Limitation Year shall be the Limitation Year in the defined contribution plan controlled by the Participant.

- (6) <u>Maximum Annual Addition.</u> The Annual Addition that may be contributed or allocated to a Participant's account under the Plan for any Limitation Year shall not exceed the lesser of:
 - (i) \$53,000, as adjusted for increases in the cost-of-living under Code §415(d) for periods after 2015, or
 - (ii) 100 percent of the Participant's Includible Compensation for the Limitation Year.

The Includible Compensation limit referred to in (ii) shall not apply to any contribution for medical benefits after separation from service (within the meaning of Code \$\$401(h) or 419A(f)(2)) which is otherwise treated as an Annual Addition.

- (7) <u>§403(b) Pre-Approved Plan.</u> A §403(b) plan the form of which is the subject of a favorable advisory or opinion letter from the Internal Revenue Service.
- (8) <u>Year of service.</u> For purposes of determining Includible Compensation under this Section 5.03, the year of service used to determine Includible Compensation is based on the most recent period during which the Employee is credited with a year of service under the following rules. For this purpose, such period may not end

after the close of the Employee's Taxable Year and may not precede the Taxable Year by more than five years. The period used to calculate a year of service under this subsection may not exceed 12 months.

- (i) An Employee is credited with a year of service for each full year during which the individual is a full-time Employee of the Employer. For this purpose, a full year of service for a particular position is based on the usual annual work period of individuals employed full-time in that general type of employment at the place of employment.
- (ii) An Employee is credited with a fractional year of service for each full year during which the individual is a part-time Employee of the Employer and for each part of a year during which the individual is a fulltime or part-time Employee of the Employer. (See Treas. Reg. §1.403(b)-4(e) for additional rules for determining years of service.)
- (iii) If at the close of a Taxable Year, an Employee has a period of service less than one year, such Employee will be considered as having one year of service for purposes of determining Includible Compensation.

(j) Special Rules.

- (1) <u>Few weeks rule.</u> If elected under the Adoption Agreement, Includible Compensation for a Limitation Year may include amounts earned during that Limitation Year but not paid during that Limitation Year solely because of the timing of pay periods and pay dates if:
 - (i) These amounts are paid during the first few weeks of the next Limitation Year;
 - (ii) The amounts are included on a uniform and consistent basis with respect to all similarly situated Employees; and
 - (iii) No compensation is included in more than one Limitation Year.
- (2) <u>Disabled Participants.</u> Includible Compensation does not include any imputed compensation for the period a Participant is Disabled. However, the Employer may elect under the AA to include under the definition of Includible Compensation, the amount a terminated Participant who is permanently and totally Disabled would have received for the Limitation Year if the Participant had been paid at the rate of Includible Compensation paid immediately before becoming permanently and totally Disabled.

SECTION 6 SPECIAL RULES AFFECTING GOVERNMENTAL 403(b) PLANS

- 6.01 <u>Universal Availability for Salary Deferrals.</u> No special nondiscrimination rules apply to Salary Deferrals, other than the universal availability requirements set forth under Treas. Reg. §1.403(b)-5(b)(2), to make such Salary Deferrals as provided under Section 2.01(a) and this Section 6.01. The Employer will timely provide Eligible Participants with any applicable notice relating to the universal availability requirement.
 - (a) <u>Eligible Participants.</u> Each Employee (other than an Employee excluded from participation under Section 2.02(b)) is an Eligible Participant, without regard to any age or service conditions applicable to other types of contributions to the Plan. An Eligible Participant shall be eligible to make Salary Deferrals as of his/her Employment Commencement Date.
 - (b) Implementation of Participant's election to make Salary Deferrals. The Plan Administrator may establish reasonable administrative procedures to implement a Participant's election to make Salary Deferrals. Such reasonable procedures will not cause the plan to violate the universal availability rule under Treas. Reg. §1.403(b)-5(b)(2). If the Plan provides notice of the right to defer no later than 30 days after his/her Employment Commencement Date, allows the Participant to make an election up to 30 days after notice is provided, and provides that the Participant's election will be effective as soon as administratively practicable, then the Plan will be treated as having reasonable administrative procedures that do not cause the plan to fail to satisfy Treas. Reg. §1.403(b)-5(b)(2).
 - (c) <u>Effective opportunity.</u> For purposes of the universal availability requirement, an Eligible Participant is not treated as being permitted to make Salary Deferrals to the Plan unless the Eligible Participant is provided an effective opportunity to make Salary Deferrals to the Plan. Whether an Eligible Participant has an effective opportunity is determined based on all the relevant facts and circumstances, including notice of the availability of the election, the period of time during which an election may be made, and any other conditions on elections. An effective opportunity is not considered to exist if there are any other rights or benefits (other than rights or benefits listed in Treasury Regulation §1.401(k)-1(e)(6)(i)(A), (B), or (D)) that are conditioned (directly or indirectly) upon an Eligible Participant making or failing to make a cash or deferred election with respect to a contribution to the Plan.

(d) Special Rules.

- (1) <u>Code §501(c)(3) Organizations.</u> In the case of a Plan that covers the employees of more than one Code §501(c)(3) Organization, the universal availability requirement of this paragraph (d) applies separately to each common law entity (that is, applies separately to each Code §501(c)(3) Organization).
- (2) <u>State entities.</u> In the case of a Plan that covers the employees of more than one State entity, the universal availability requirement applies separately to each entity that is not part of a common payroll.
- (3) Historical Treatment. For purposes of the universal availability requirement, an Employer that historically has treated one or more of its various geographically distinct units as separate for Employee benefit purposes may treat each unit as a separate organization if the unit is operated independently on a day-to-day basis. Units are not geographically distinct if such units are located within the same Standard Metropolitan Statistical Area (SMSA).
- **Governmental Plan.** Provided the Plan is properly adopted by an entity that meets the requirements for establishing and maintaining a Governmental Plan under Code §414(d), this Plan is a Governmental Plan and qualifies under Code §403(b).
 - (a) Governmental Plan exemptions. As a Governmental Plan, this Plan is exempt from Title I of ERISA and certain rules under Code §403(b), including (but not limited to):
 - (1) The minimum age and service rules.
 - (2) The minimum vesting requirements.
 - (3) The minimum coverage requirements under Code §410(b) and the nondiscrimination requirements under Code §401(a)(4), and 401(m).
 - (4) The joint and survivor annuity rules.
 - (5) The requirements for protecting benefits pursuant to a plan merger or a transfer of plan assets and liabilities.

- (6) The anti-assignment rules.
- (7) The commencement of benefit requirements.
- (b) <u>Adoption Agreement elections.</u> An Employer's election of provisions similar to requirements applicable to plans covered under Title I of ERISA or to otherwise inapplicable qualification requirements under Code §403(b) will not affect the Plan's status as a Governmental Plan. Provided the Employer is qualified to maintain a Governmental Plan, the Plan remains exempt from ERISA and certain Code requirements as a Governmental Plan.
- **Public School Plan of Indian Tribal Government Treated as Governmental Plan.** A Plan of a Public School established and maintained by:
 - (a) an Indian Tribal Government, as defined in Code §7701(a)(40),
 - (b) a subdivision of an Indian Tribal Government, determined in accordance with Code §7871(d), or
 - (c) an agency or instrumentality of either subsection (a) or (b) is treated as a Governmental Plan, provided the following conditions are satisfied.

The Plan must cover only Employees substantially all of whose services are in the performance of essential government functions, but not in the performance of commercial activities (whether or not essential government functions). The interpretation of these conditions, including the meaning of essential government function and commercial activities, is determined under applicable regulations. Provided the requirements of this Sections 6.03 are satisfied, the Plan may include a cash or deferred arrangement as provided under Code §403(b).

- **FICA Replacement Plan.** An Employee who satisfies the requirements as a Qualified Participant under subsection (b) will be exempt from FICA tax as provided under Code §3121(b)(7)(F) if the requirements under this Section 6.04 are satisfied. The Plan may be identified as a FICA Replacement Plan under AA §2.
 - (a) <u>Minimum benefit requirement.</u> The Plan must provide a minimum retirement benefit as set forth under this subsection (a). For this purpose, the Plan satisfies the minimum retirement benefit requirement with respect to an Employee if allocations to the Employee's Account (without regard to any earnings allocated to the Employee's Account) are at least 7.5% of the Employee's Plan Compensation for service with the Employer. Matching Contributions by the Employer may be taken into account for this purpose.
 - (1) <u>Definition of Plan Compensation.</u> The definition of Plan Compensation used in determining whether the minimum retirement benefit requirement under this subsection (a) is satisfied must be at least equal to the Employee's base pay, provided such designation is reasonable under all the facts and circumstances. Thus, the Employer may elect under AA §5-3 to exclude items such as overtime pay, bonuses, or fringe benefits. In addition, the Employer may elect under AA §5-3(1) to exclude any compensation in excess of the contribution base described in Code §3121(x) as of the beginning of the Plan Year.
 - (2) Reasonable rate of earnings. An Employee's Account must be credited with a reasonable rate of earnings.
 - (3) Employee Contributions. Contributions from both the Employer and Employee may be used to make up the 7.5% allocation requirement under subsection (a). If the Plan only provides for Employee Contributions, the Plan will satisfy the minimum benefit requirement under subsection (a) if the total Employee Contributions are at least 7.5% of Plan Compensation.
 - (b) Qualified Participant. An Employee is a Qualified Participant under the Plan with respect to the services performed on a given day if, on that day, the Employee has satisfied all conditions (other than vesting) for receiving an allocation under the Plan that meets the minimum retirement benefit requirement under subsection (a). An Employee will be a Qualified Participant on any day with respect to compensation earned during a period ending on that day and beginning on or after the beginning of the Plan Year, regardless of whether the allocations were made or accrued before the effective date of Code §3121(b)(7)(F).
 - (1) Part-Time, Seasonal and Temporary Employees. A Part-Time, Seasonal, or Temporary Employee is not a Qualified Participant on a given day unless any benefit relied upon to meet the minimum benefit requirement under subsection (a) is 100% vested. A Part-Time, Seasonal or Temporary Employee's benefit is considered 100% vested on a given day if on that day the Employee is unconditionally entitled to a single-sum distribution on account of death or separation from service of an amount that is at least equal to 7.5% of Plan Compensation for all periods of

- service taken into account in determining whether the Employee's benefit meets the minimum retirement benefit requirement under subsection (a).
- (2) Alternative lookback rule. The Employer may elect to apply the alternative lookback rule described in Treas. Reg. §31.3121(b)(7)-2(d)(3) in determining whether an Employee is a Qualified Participant. Under the alternative lookback rule, an Employee may be treated as a Qualified Participant throughout a calendar year if the Employee is a Qualified Participant at the end of the Plan Year ending in the previous calendar year. For this purpose, if the alternative lookback rule is used, an Employee may be treated as a Qualified Participant on any given day during the first Plan Year of participation if it is reasonable on such day to believe that the Employee will be a Qualified Participant on the last day of such Plan Year.
- (c) Special rule for short period. An Employee may not be treated as a Qualified Participant if Plan Compensation for less than a full plan year or other 12-month period is regularly taken into account in determining allocations to the Employee's Account for the Plan Year unless, under all of the facts and circumstances, such arrangement is not a device to avoid the imposition of FICA taxes. For example, an arrangement under which Plan Compensation taken into account under AA \$5-3 is limited to the contribution base described in Code §3121(x) is not considered a device to avoid FICA taxes by reason of such limitation.

SECTION 7 PARTICIPANT VESTING AND FORFEITURES

7.01 <u>Vesting of Contributions.</u> A Participant's vested interest in his/her Employer Contribution Account and Matching Contribution Account is determined based on the vesting schedule elected in AA §8. A Participant is always fully vested in his/her Salary Deferral Account, After-Tax Contribution Account, and Rollover Contribution Account.

As a Governmental Plan, this Plan is not subject to the minimum vesting rules under the Code and Title I of ERISA, but must satisfy the pre-ERISA vesting requirements.

- 7.02 <u>Vesting Schedules.</u> A Participant's vested interest in his/her Employer Contribution Account and/or Matching Contribution Account is determined by multiplying the Participant's vesting percentage (determined under the applicable vesting schedule selected in AA §8) by the total amount under the applicable Account.
 - (a) <u>Vesting schedule.</u> The Employer may choose any of the vesting schedules described in this subsection (a) as the normal vesting schedule with respect to Employer Contributions.
 - (1) <u>Full and immediate vesting schedule.</u> Under the full and immediate vesting schedule, the Participant is always 100% vested in his/her Account Balance.
 - (2) <u>5-year graded vesting schedule.</u> Under the 5-year graded vesting schedule, an Employee vests in his/her Employer Contribution Account and/or Matching Contribution Account in the following manner:

```
After 1 Year of Service – 20% vesting
After 2 Years of Service – 40% vesting
After 3 Years of Service – 60% vesting
After 4 Years of Service – 80% vesting
After 5 Years of Service – 100% vesting
```

(3) <u>6-vear graded vesting schedule.</u> Under the 6-year graded vesting schedule, an Employee vests in his/her Employer Contribution Account and/or Matching Contribution Account in the following manner:

```
After 2 Years of Service – 20% vesting
After 3 Years of Service – 40% vesting
After 4 Years of Service – 60% vesting
After 5 Years of Service – 80% vesting
After 6 Years of Service – 100% vesting
```

- (4) <u>3-year cliff vesting schedule.</u> Under the 3-year cliff vesting schedule, an Employee is 100% vested after 3 Years of Service. Prior to the third Year of Service, the vesting percentage is zero.
- (5) <u>Modified vesting schedule.</u> Under the modified vesting schedule, the Employer may designate in the Adoption Agreement the vesting percentage that applies for each Year of Service.
- (b) Special vesting rules.
 - (1) Normal Retirement Age. Regardless of the Plan's vesting schedule, a Participant's right to his/her Account Balance is fully vested upon the date he/she attains Normal Retirement Age (as defined in AA §7-1), provided the Participant is an Employee on or after such date.
 - (2) Separate Accounting. The Plan Administrator will maintain separate bookkeeping account for each type of contribution made by the Employer on behalf of a Participant that is subject to a different vesting schedule. Any portion of such account in which the Participant is not vested shall be accounted for separately and treated as a contract to which Code §403(c) (or another applicable provision of the Internal Revenue Code) applies. On or after the date on which the Participant's interest in the separate account becomes nonforfeitable, the contract shall be treated as a Code §403(b) Annuity Contract if:
 - (i) No election has been made under Code §83(b) with respect to the contract;
 - (ii) The Participant's interest in the separate account has been subject to a substantial risk of forfeiture before becoming nonforfeitable;
 - (iii) Contributions subject to different vesting schedules have been maintained in separate accounts; and

(iv) The separate account at all times satisfied the requirements of section 403(b) except for the nonforfeitability requirement in Code §403(b)(1)(C).

If only a portion of the Participant's interest in a separate account becomes nonforfeitable in a year, then that portion of the contract will be considered a Code \$403(b) Annuity Contract and the remaining forfeitable portion will be considered a separate contract to w Code \$403(c) (or another applicable provision of the Internal Revenue Code) applies. Each contribution (and earning thereon) that is subject to a different vesting schedule must be maintained in a separate account for the Participant.

- (3) 100% vesting upon death, or becoming Disabled. The Employer may elect under AA §8-4 to allow a Participant's vesting percentage to automatically increase to 100% if the Participant dies, becomes Disabled while employed by the Employer or reaches Early Retirement Age while employed with the Employer.
- (4) Vesting upon merger, consolidation or transfer. No accelerated vesting will be required solely because a Code \$403(b) Plan is merged with another Code \$403(b) Plan, or because assets are transferred from a Code \$403(b) Plan to another Code \$403(b) Plan.
- 7.03 Year of Service. An Employee's position on the vesting schedule is dependent on the Employee's Years of Service with the Employer. Generally, an Employee will earn a vesting Year of Service for each Vesting Computation Period during which the Employee completes at least 1,000 Hours of Service. Alternatively, the Employer may elect under AA §8-5 to modify the definition of Year of Service to require completion of any lesser number of Hours of Service or may elect to calculate Years of Service using the Elapsed Time method (as defined in subsection (b) below).
 - (a) <u>Hours of Service.</u> Unless the Employer elects to use the Elapsed Time method under AA §8-5(c), vesting Years of Service will be determined based on an Employee's Hours of Service earned during the Vesting Computation Period.
 - (1) <u>Actual Hours of Service.</u> In determining an Employee's vesting Years of Service, the Employer will credit an Employee with the actual Hours of Service earned during the Vesting Computation Period, unless the Employer elects under AA §8-5(d) to determine Hours of Service using the Equivalency Method.
 - (2) <u>Equivalency Method.</u> Instead of counting actual Hours of Service in applying the Plan's vesting schedules, the Employer may elect under AA §8-5(d) to determine Hours of Service based on the Equivalency Method. Under the Equivalency Method, an Employee receives credit for a specified number of Hours of Service based on the period worked with the Employer.
 - (i) <u>Monthly.</u> Under the monthly Equivalency Method, an Employee is credited with 190 Hours of Service for each calendar month during which the Employee completes at least one Hour of Service with the Employer.
 - (ii) <u>Daily.</u> Under the daily Equivalency Method, an Employee is credited with 10 Hours of Service for each day during which the Employee completes at least one Hour of Service with the Employer.
 - (iii) <u>Weekly.</u> Under the weekly Equivalency Method, an Employee is credited with 45 Hours of Service for each week during which the Employee completes at least one Hour of Service with the Employer.
 - (iv) <u>Semi-monthly.</u> Under the semi-monthly Equivalency Method, an Employee is credited with 95 Hours of Service for each semi-monthly period during which the Employee completes at least one Hour of Service with the Employer.
 - (3) Employee need not be employed for entire Vesting Computation Period. If an Employee completes the required Hours of Service during a Vesting Computation Period, the Employee will receive credit for a Year of Service as of the end of such Vesting Computation Period, even if the Employee is not employed for the entire Vesting Computation Period.
 - (b) Elapsed Time method. Instead of using Hours of Service in applying the Plan's vesting schedules, the Employer may elect under AA §8-5(c) to apply the Elapsed Time method for calculating an Employee's vesting service with the Employer. Under the Elapsed Time method, an Employee receives credit for the aggregate period of time worked for the Employer commencing with the Employee's first day of employment (or reemployment, if applicable) and ending on the date the Employee begins a Period of Severance which lasts at least 12 consecutive months. In calculating an Employee's aggregate period of service, an Employee receives credit for any Period of Severance that lasts less than 12 consecutive months. If an Employee's aggregate period of service includes fractional years, such fractional years are expressed in terms of days.

- (1) Period of Severance. For purposes of applying the Elapsed Time method, a Period of Severance is any continuous period of time during which the Employee is not employed by the Employer. A Period of Severance begins on the date the Employee retires, quits or is discharged, or if earlier, the 12-month anniversary of the date on which the Employee is first absent from service for a reason other than retirement, quit or discharge.
 - In the case of an Employee who is absent from work for maternity or paternity reasons, the 12-consecutive month period beginning on the first anniversary of the first date of such absence shall not constitute a Period of Severance. For purposes of this paragraph, an absence from work for maternity or paternity reasons means an absence (i) by reason of the pregnancy of the Employee, (ii) by reason of the birth of a child of the Employee, (iii) by reason of the placement of a child with the Employee in connection with the adoption of such child by the Employee, or (iv) for purposes of caring for a child of the Employee for a period beginning immediately following the birth or placement of such child.
- (2) Related Employers. For purposes of applying the Elapsed Time method, service will be credited for employment with any Related Employer.
- (c) <u>Change in service crediting method.</u> If the service crediting method is changed from an Hours of Service method to the Elapsed Time method or from the Elapsed Time method to an Hours of Service method, the amount of service credited to an Employee will be determined under subsection (1) or (2) below. For this purpose, a change in service crediting method will occur if the Plan is amended to change the service crediting method or if the service crediting method is changed as a result of an Employee's change in employment status.
 - (1) <u>Change to Elapsed Time method.</u> If the service crediting method is changed from an Hours of Service method to the Elapsed Time method, the amount of vesting service credited to an Employee will equal the sum of the service under subsections (i) and (ii) below:
 - (i) The number of Years of Service equal to the number of Years of Service credited under the Hours of Service method before the Vesting Computation Period during which the change to the Elapsed Time method occurs.
 - (ii) For the Vesting Computation Period in which the change occurs, the greater of:
 - (A) the period of service that would be credited under the Elapsed Time method from the first day of that Vesting Computation Period through the date of the change, or
 - **(B)** the service that would be taken into account under the Hours of Service method for the Vesting Computation Period which includes the date of the change.

If the period of service described in subsection (A) is the greater amount, then subsequent periods of service are credited under the Elapsed Time method beginning with the date of the change. If the period of service described in subsection (B) applies, the Elapsed Time method will be used beginning with the first day of the Vesting Computation Period that would have followed the Vesting Computation Period in which the change to the Elapsed Time method occurred.

If the change to the Elapsed Time method occurs as of the first day of a Vesting Computation Period, the use of the Elapsed Time method begins as of the date of the change, and the calculation in subsection (B) above does not apply. In such case, the Employee's service is determined under subsection (A) above plus the subsequent periods of service determined under the Elapsed Time method, starting with the effective date of the change.

- (2) <u>Change to Hours of Service method.</u> If the service crediting method is changed from the Elapsed Time method to an Hours of Service method, the Employee's Elapsed Time service earned as of the date of the change is converted into Years of Service under the Hours of Service method, determined as the sum of subsections (i) and (ii), below:
 - (i) A number of Years of Service is credited that equals the number of 1-year periods of service credited under the Elapsed Time method as of the date of the change.
 - (ii) For the Vesting Computation Period which includes the date of the change, the Employee is credited with an equivalent number of Hours of Service, using one of the Equivalency Methods defined in Section 7.03(a)(2) above for any fractional year that was credited under the Elapsed Time method as of the date of the change.

For the portion of the Vesting Computation Period following the date of the change, actual Hours of Service are counted. The Hours of Service credited for the portion of the Vesting Computation Period in which the Elapsed Time method was in effect are added to the actual Hours of Service credited for the remaining portion of the Vesting Computation Period to determine if the Employee has a Year of Service for that Vesting Computation Period.

- 7.04 <u>Vesting Computation Period.</u> Generally, the Vesting Computation Period is the Plan Year. Alternatively, the Employer may elect under AA §8-5(b) to use the 12-month period commencing on the Employee's date of hire (or reemployment date, if applicable) and each subsequent 12-month period commencing on the anniversary of such date or the Employer may elect to use any other 12-consecutive month period as the Vesting Computation Period.
- 7.05 Excluded service. Generally, except as provided under Section 7.07 with respect to service excluded under the Break in Service rules, all service with the Employer counts for purposes of applying the Plan's vesting schedules. However, the Employer may elect under AA §8-3 to exclude certain service with the Employer in calculating an Employee's vesting Years of Service.
 - (a) Service before the Effective Date of the Plan. The Employer may elect under AA §8-3(a) to exclude service earned during any period prior to the date the Employer established the Plan or a Predecessor Plan. For this purpose, a Predecessor Plan is a plan maintained by the Employer that is terminated within the 5-year period immediately preceding or following the establishment of this Plan. A Participant's service under a Predecessor Plan must be counted for purposes of determining the Participant's vested percentage under this Plan.
 - (b) Service before a specified age. The Employer may elect under AA §8-3(b) to exclude service before an Employee attains a specified age (not to exceed age 18). An Employee will be credited with a Year of Service for the Vesting Computation Period during which the Employee attains the required age, provided the Employee satisfies all other conditions required for a Year of Service.
- Service with Predecessor Employers. If the Employer maintains the plan of a Predecessor Employer, any service with such Predecessor Employer is treated as service with the Employer for purposes of applying the provisions of this Plan. If the Employer does not maintain the plan of a Predecessor Employer, service with such Predecessor Employer does not count for vesting purposes under this Section 7, unless the Employer specifically designates under AA §4-5 to credit service with such Predecessor Employer for vesting. Unless designated otherwise under AA §4-5, if the Employer takes into account service with a Predecessor Employer, such service will count for purposes of eligibility under Section 2 (see Section 2.06) vesting under this Section 7, and for purposes of the minimum allocation conditions under Section 3.06.
- 7.07 <u>Break in Service Rules.</u> In addition to any service excluded under Section 7.05, the Employer may elect under AA §8-5 to disregard an Employee's vesting service with the Employer under the Break in Service rules set forth in this Section 7.07. Governmental and Church Plans are not subject to the Break in Service rules under Title I of ERISA and can modify the Break in Service rules of the Plan accordingly.
 - (a) <u>Break in Service.</u> An Employee incurs a Break in Service for any Vesting Computation Period (as defined in Section 7.04) during which the Employee does not complete more than five hundred (500) Hours of Service with the Employer. However, if the Employer elects under AA §8-5(a) to require less than 1,000 Hours of Service to earn a vesting Year of Service, a Break in Service will occur for any Vesting Computation Period during which the Employee does not complete more than one-half (1/2) of the Hours of Service required to earn a vesting Year of Service. In applying these Break in Service rules, Years of Service and Breaks in Service are measured on the same Vesting Computation Period.
 - (b) One-Year Break in Service rule. Under the One-Year Break in Service rule, if an Employee incurs a one-year Break in Service, such Employee will not be credited with any service earned prior to such one-year Break in Service for purposes of applying the Plan's vesting schedules until the Employee has completed a Year of Service after the Employee's return to employment. The Employer must elect to apply the One-Year Break in Service rule under AA §8-5(f).
 - If a Participant has service disregarded under the One-Year Break in Service rule, such Participant will have his/her service reinstated upon returning to employment as of the first day of the Vesting Computation Period during which the Participant completes a Year of Service.
 - (c) Nonvested Participant Break in Service rule. Under the Nonvested Participant Break in Service rule, if an Employee is totally nonvested (i.e., 0% vested) in his/her Account Balance attributable to Employer and Matching Contributions, and such Employee incurs five (5) or more consecutive one-year Breaks in Service (or, if greater, a consecutive period of Breaks in Service at least equal to the Employee's aggregate number of Years of Service with the Employer), the Plan will disregard all service earned prior to such consecutive Breaks in Service for purposes of applying the vesting

schedules under the Plan. If the Employer elects the Elapsed Time method of crediting service, an Employee will be treated as incurring five consecutive Breaks in Service when he/she incurs a Period of Severance of at least 60 months.

If the Employee continues in employment with the Employer after incurring the requisite Break in Service, such Employee will be treated as a new Employee for purposes of determining vesting under the Plan. For this purpose, a Participant who has made Salary Deferrals under the Plan will be treated as having a vested interest in the Plan. Thus, the Nonvested Participant Break in Service rule may not be used with respect to any contributions under the Plan (even if such Participant is totally nonvested in his/her Account Balance attributable to Employer and Matching Contributions) for a Participant who has made Salary Deferrals under the Plan. The Employer must elect to apply the Nonvested Participant Break in Service rule under AA §8-5. Unless elected otherwise under AA §8-5, the Nonvested Participant Break in Service rule applies only with respect to an Employee who has terminated employment. In determining an Employee's aggregate Years of Service for purposes of applying the Nonvested Participant Break in Service rule, any Years of Service otherwise disregarded under a previous application of this rule are not counted.

- (d) <u>Five-Year Forfeiture Break in Service.</u> A Participant's vesting service also may be disregarded if the Participant incurs a Five-Year Forfeiture Break in Service, as described in Section 7.09(b) below.
- 7.08 Special Vesting Rule In-Service Distribution When Account Balance is Less than 100% Vested. If amounts are distributed from a Participant's Employer Contribution Account or Matching Contribution Account at a time when the Participant's vested percentage in such amounts is less than 100% and the Participant may increase the vested percentage in the Account Balance:
 - (a) A separate Account will be established for the Participant's interest in the Plan as of the time of the distribution, and
 - (b) At any relevant time, the Participant's vested portion of the separate Account will be equal to an amount ("X") determined by the formula:

$$X = P (AB + D) - D$$

Where:

P is the vested percentage at the relevant time;

AB is the Account Balance at the relevant time; and

D is the amount of the distribution.

- 7.09 Forfeiture of Benefits. A Participant will forfeit the nonvested portion of his/her Employer Contribution and/or Matching Contribution Account upon the occurrence of any of the events described below. The Plan Administrator has the responsibility to determine the amount of a Participant's forfeiture. Until an amount is forfeited pursuant to this Section, a Participant's entire Account must remain in the Plan and continue to share in gains and losses. A Participant will not forfeit any of his/her nonvested Account until the occurrence of one of the following events.
 - (a) <u>Cash-Out Distribution.</u> Following termination of employment, a Participant may receive a total distribution of his/her vested benefit under the Plan (a Cash-Out Distribution) in accordance with the distribution and Participant consent provisions under Section 8. If a Participant receives a Cash-Out Distribution upon termination of employment, the Participant's nonvested benefit under the Plan will be forfeited in accordance with subsection (1) below. If at the time of termination, a Participant is totally nonvested in his/her entire Account Balance, the Participant will be deemed to receive a total Cash-Out Distribution of his/her entire vested Account Balance (i.e., a deemed Cash-Out Distribution of zero dollars) as of the date of termination, subject to the forfeiture provisions under subsection (1) below.

A Cash-Out Distribution does not occur until such time as the Participant receives a distribution of his/her entire vested Account Balance, including amounts attributable to Salary Deferrals. If a Participant receives a distribution of less than the entire vested portion of his/her Account Balance (including any additional amounts to be allocated under subsection (1)(ii) below), the Participant will not be treated as receiving a Cash-Out Distribution until such time as the Participant receives a distribution of the remainder of the vested portion of his/her Account Balance.

(1) <u>Timing of forfeiture.</u> Unless elected otherwise under AA §8-7(b), if a Participant receives a Cash-Out Distribution of his/her vested Account Balance, the Participant will immediately forfeit the nonvested portion of such Account Balance, as of the date of the distribution or deemed distribution (as determined under subsection (i) or (ii) below, whichever applies). (See Section 7.11 below for a discussion of the treatment of forfeitures under the Plan.)

- (i) No further allocations. For purposes of applying the Cash-Out Distribution rules, a terminated Participant who receives a total distribution of his/her vested Account Balance will be treated as receiving the Cash-Out Distribution as of the date the Participant receives such distribution (or in the case of a deemed Cash-Out Distribution as of the date the Participant terminates employment), provided the Participant is not entitled to any further allocations under the Plan for the Plan Year in which the Participant terminates employment. The Participant will forfeit his/her nonvested benefit as of the date the Participant receives the Cash-Out Distribution, in accordance with the provisions under Section 7.11.
- (ii) Additional allocations. For purposes of applying the Cash-Out Distribution rules, if upon termination of employment, a Participant is entitled to an additional allocation for the Plan Year in which the Participant terminates, such Participant will not be deemed to receive a Cash-Out Distribution until such time as the Participant receives a distribution of his/her entire vested Account Balance, including any amounts that are still to be allocated under the Plan. Thus, a terminated Participant who is entitled to an additional allocation (e.g., an additional Employer Contribution) for the Plan Year of termination will not be deemed to have a total Cash-Out Distribution until the Participant receives a distribution of such additional amounts. In the case of a deemed Cash-Out Distribution, if the Participant is entitled to an additional allocation under the Plan for the Plan Year in which the Participant terminates employment, the deemed Cash-Out Distribution is deemed to occur on the first day of the Plan Year following the Plan Year in which the termination occurs, provided the Participant is still totally nonvested in his/her Account Balance.
- (iii) Modification of Cash-Out Distribution rules. The Employer may elect under AA §8-7(a) to modify the Cash-Out Distribution provision under subsection (a) above to provide that the Cash-Out Distribution and related forfeiture occur immediately upon distribution (or deemed distribution) of the terminated Participant's vested Account Balance, without regard to whether the Participant is entitled to an additional allocation under the Plan.
- (2) Repayment of Cash-Out Distribution. If a Participant receives a Cash-Out Distribution that results in a forfeiture under subsection (a) above, and the Participant resumes employment covered under the Plan, such Participant may repay to the Plan the amount received as a Cash-Out Distribution. For this purpose, to be entitled to a restoration of benefits (as described below), the Participant must repay the entire amount of the Cash-Out Distribution, including any amounts attributable to Salary Deferrals. A Participant will only be permitted to repay his/her Cash-Out Distribution if such repayment is made before the earlier of:
 - (i) five (5) years after the first date on which the Participant is subsequently re-employed by the Employer, or
 - (ii) the date the Participant incurs a Five-Year Forfeiture Break in Service (as defined in subsection (b) below).

If a Participant receives a deemed Cash-Out Distribution, and the Participant resumes employment covered under this Plan before the date the Participant incurs a Five-Year Forfeiture Break in Service, the Participant is deemed to repay the Cash-Out Distribution immediately upon his/her reemployment.

- (3) Restoration of forfeited benefit. If a rehired Participant repays a Cash-Out Distribution in accordance with subsection (2) above, any amounts that were forfeited on account of such Cash-Out Distribution (unadjusted for any interest that might have accrued on such amounts after the distribution date) will be restored to the Plan no later than the end of the Plan Year following the Plan Year in which the Participant repays the Cash-Out Distribution (or is deemed to repay the Cash-Out Distribution under subsection (2) above). No amount will be restored under the Plan, however, until such time as the Participant repays the entire amount of the Cash-Out Distribution. (However, see subsection (d) below for a discussion of special rules that apply if a Participant's Cash-Out Distribution includes a distribution of Salary Deferrals.) In no event will a Participant be entitled to a restoration under this subsection (3) if the Participant returns to employment after incurring a Five-Year Forfeiture Break in Service (as defined in subsection (b) below).
- (4) <u>Sources of restoration.</u> If a Participant's forfeited benefit is required to be restored under subsection (3), the restoration of such forfeited benefits will occur from the following sources. If the following sources are not sufficient to completely restore the Participant's benefit, the Employer must make an additional contribution to the Plan.
 - (i) Any unallocated forfeitures for the Plan Year of the restoration.
 - (ii) Any unallocated earnings for the Plan Year of the restoration.

- (iii) Any portion of a discretionary Employer Contribution to the extent such contribution has not been allocated to Participants' Accounts for the Plan Year of the restoration.
- (b) Five-Year Forfeiture Break in Service. If a Participant has five (5) consecutive one-year Breaks in Service (a "Five-Year Forfeiture Break in Service"), all Years of Service after such Breaks in Service will be disregarded for the purpose of vesting in the portion of the Participant's Employer Contribution Account and/or Matching Contribution Account that accrued before such Breaks in Service. A Participant who incurs a Five-Year Forfeiture Break in Service will forfeit the nonvested portion of his/her Employer Contribution and/or Matching Contribution Account as of the end of the Vesting Computation Period in which the Participant incurs the fifth consecutive Break in Service. Except as provided under Section 7.07, a Participant who is rehired after incurring a Five-Year Forfeiture Break in Service will be credited with both pre-break and post-break service for purposes of determining his/her vested percentage in amounts that accrue under the Plan after the Five-Year Forfeiture Break in Service.
- (c) <u>Missing Participant or Beneficiary.</u> If the Plan is able to make a distribution to a Participant or Beneficiary without consent (as permitted under Section 8.04) and such Participant or Beneficiary cannot be located within a reasonable period following a reasonable diligent search, the Plan Administrator may forfeit the missing Participant's or Beneficiary's Account, as provided in subsection (2) below. An Employer will be deemed to have performed a reasonable diligent search if it performs the actions described in subsection (1) below. However, the Plan Administrator will be deemed to have waited a reasonable period following a reasonable diligent search if the Plan Administrator waits at least 6 months following the completion of the actions described in subsection (1) below. For purposes of applying this subsection (c), a Participant or Beneficiary is considered missing only if the Plan may make a distribution to such Participant or Beneficiary without consent. (See Section 8.06 for the availability of Automatic Rollover rules that permit the Plan Administrator to automatically rollover a Participant's Involuntary Cash-Out Distribution to an IRA upon the Participant's failure to consent to a distribution, without the need to locate the Participant.)
 - (1) Reasonable diligent search. The Plan Administrator will be deemed to have performed a reasonable diligent search if it performs the following actions:
 - (i) Send a certified letter to the Participant's or Beneficiary's last known address.
 - (ii) Check related plan records of the Employer (e.g., health plan records) to determine if a more current address exists for the Participant or Beneficiary.
 - (iii) If the Participant cannot be located, the Plan Administrator may attempt to identify and contact any individual that the Participant has designated as a Beneficiary under the Plan for updated information concerning the location of the missing Participant.
 - (iv) In addition to the search methods discussed above, the Plan Administrator may use other search methods, including the use of Internet search tools, commercial locator services, and credit reporting agencies to locate the missing Participant.
 - (2) Forfeiture of Account of missing Participant or Beneficiary. If a Participant or Beneficiary is deemed to be missing (as described in subsection (c) above), the Plan Administrator may forfeit the distributable amount attributable to such missing Participant or Beneficiary, as permitted under applicable laws and regulations and subject to the terms of the applicable Investment Arrangement. If, after an amount is forfeited under this subsection (2), the missing Participant or Beneficiary is located, the Plan will restore the forfeited amount (unadjusted for gains or losses) to such Participant or Beneficiary within a reasonable time. However, if a missing Participant or Beneficiary has not been located by the time the Plan terminates, the forfeiture of such Participant's or Beneficiary's distributable amount will be irrevocable.
 - (3) Expenses attributable to search for missing Participant. Reasonable expenses attendant to locating a missing Participant may be charged to such Participant's Account, provided that the amount of such expenses is reasonable. The Plan Administrator may take into account the size of a Participant's Account in relation to the cost of the search when deciding how extensive a search is required before declaring such Participant as missing under subsection (c).
- (d) Excess Deferrals. If a Participant receives a distribution of Excess Deferrals, the Employer will forfeit the portion of his/her Matching Contribution Account (whether vested or not) which is attributable to such distributed amounts. A forfeiture of Matching Contributions under this subsection (d) occurs in the Plan Year in which the Participant receives the distribution of Excess Deferrals.

7.10 [Reserved]

- 7.11 Allocation of Forfeitures. The Employer may elect in AA §8-6 how it wishes to allocate forfeitures under the Plan. Forfeitures may be allocated in the Plan Year in which the forfeitures occur or in the Plan Year following the Plan Year in which the forfeitures occur. In applying the forfeiture provisions under the Plan, if there are any unused forfeitures as of the end of the Plan Year designated in AA §8-6, as applicable, any remaining forfeiture will be used (as designated in AA §8-6) in the immediately following Plan Year.
 - (a) Reallocation as additional contributions. The Employer may elect in AA §8-6 to reallocate forfeitures as additional contributions under the Plan. If the Employer elects to reallocate forfeitures as additional contributions, the Employer may elect, in its discretion, to allocate such amounts as additional Employer Contributions and/or additional Matching Contributions. Forfeitures allocated under this subsection (a) will be allocated in the same manner as selected under AA §6-3 or AA §6B-2 with respect to the contribution type being allocated. If no allocation method is selected for a particular contribution type, forfeitures will be reallocated as a pro rata allocation (as described in AA §6-3(a)) if such amount is reallocated as an additional Employer Contribution or as a discretionary Matching Contribution (as described in AA §6B-2(a)) if such amount is reallocated as an additional Matching Contribution. In applying the provisions of this subsection (a), no allocation of forfeitures will be made to any Participant with respect to forfeitures that arise out of his/her own Account.
 - (b) Reduction of contributions. The Employer may elect in AA §8-6 to use forfeitures to reduce Employer Contributions and/or Matching Contributions under the Plan. If the Employer elects to use forfeitures to reduce contributions, the Employer may, in its discretion, use such forfeitures to reduce Employer Contributions, Matching Contributions, or both. The Employer may adjust its contribution deposits in any manner, provided the total Employer Contributions made for the Plan Year properly take into account the forfeitures that are to be used to reduce such contributions for that Plan Year. If contributions are allocated over multiple allocation periods, the Employer may reduce its contribution for any allocation periods within the Plan Year in which the forfeitures are to be allocated so that the total amount allocated for the Plan Year is proper. If the Employer elects to use forfeitures to reduce contributions and there are forfeitures remaining after all required contributions have been reduced to zero, then Employer may elect to reallocate any remaining forfeitures as additional contributions, pursuant to subsection (a).
 - (c) Payment of Plan expenses. The Employer may elect under AA §8-6 to first use forfeitures to pay Plan expenses for the Plan Year in which the forfeitures would otherwise be applied. If any forfeitures remain after the payment of Plan expenses under this subsection, the remaining forfeitures will be allocated as selected under AA §8-6.
 - (d) Forfeiture rules for other contribution types.
 - (1) Prior Employer and/or Matching Contributions. If the Plan maintains Employer Contribution and/or Matching Contribution Accounts, but the Plan no longer provides for such contributions, such amounts will continue to vest under the vesting schedule applicable to such contributions under the prior Plan or under any vesting schedule designated under Appendix A of the Adoption Agreement. If there are any forfeitures related to such prior contributions, such amounts may be reallocated as an additional Employer Contribution or as an additional Matching Contribution in accordance with the provisions of subsection (a), to the extent such contributions are authorized under the Plan, or may be used to reduce any Employer Contribution or Matching Contribution, consistent with the provisions of subsection (b) above. If the Plan does not provide for either Employer Contributions or Matching Contributions, the Employer may reallocate forfeitures of prior contributions as an Employer Contribution (using the pro rata allocation formula) or as a discretionary Matching Contribution. Alternatively, the Employer may use such forfeitures to pay Plan expenses as authorized under subsection (c). The Employer may elect to use such forfeitures in the Plan Year the forfeiture occurs or in the following Plan Year.
 - (2) Other contributions. If a Participant has any other amounts under the Plan which are treated as forfeited (e.g., a forfeiture for a missing Participant), such amounts may be forfeited.

SECTION 8 PLAN DISTRIBUTIONS

Subject to the terms of any Investment Arrangement associated with the Plan, a Participant may receive a distribution of his/her vested Account Balance at the time and in the manner provided under this Section 8. A Participant must begin receiving required minimum distributions under the Plan (in accordance with the provisions of Section 8.11).

8.01 [Reserved]

8.02 Available Forms of Distribution. Subject to the terms governing the applicable Investment Arrangement, the Employer may elect under AA §9-1 the forms of distribution that are available to a Participant or Beneficiary under the Plan. Different distribution options may apply depending on whether a distribution is made upon termination of employment, death, disability or as an in-service withdrawal. Available distribution options under AA §9-1 may include a lump sum of all or a portion of the Participant's vested Account Balance, installments, annuity payments, or any other form designated in AA §9-1. Any distribution options selected under the Plan must comply with the required minimum distribution rules under Section 8.11.

If the Plan provides for installment payments as an optional form of distribution, such payments may be made in monthly, quarterly, semi-annual, or annual payments over a period not exceeding the life expectancy of the Participant and his/her designated Beneficiary. The Plan Administrator may permit a Participant or Beneficiary to accelerate the payment of all, or any portion, of an installment distribution. If the Plan provides for annuity payments, the Plan must purchase an annuity that provides for payments over a period that does not extend beyond either the life of the Participant (or the lives of the Participant and his/her designated Beneficiary) or the life expectancy of the Participant (or the life expectancy of the Participant and his/her designated Beneficiary). (The availability of installments and or annuity payments may be restricted under AA §9-1(c).)

- 8.03 Amount Eligible for Distribution. For purposes of determining the amount a Participant may receive as a distribution from the Plan, a Participant's Account Balance is determined as of the Valuation Date which immediately precedes the date the Participant receives his/her distribution from the Plan. For this purpose, the Participant's Account Balance must be increased for any contributions allocated to the Participant's Account since the most recent Valuation Date and must be reduced for any distributions the Participant received from the Plan since the most recent Valuation Date. A Participant does not share in any allocation of gains or losses attributable to the period between the Valuation Date and the date of the distribution under the Plan, unless the Plan Administrator establishes an alternative policy.
 - (a) <u>Individual or Participant-Directed Accounts.</u> In the case of a Participant-directed Account, an individual Custodial Account or individual Annuity Contract, the determination of the value of the Participant's Account for distribution purposes is subject to the funding and valuation procedures applicable to such directed Account, individual Custodial Account or individual Annuity Contract.
 - (b) <u>Permissible distribution events.</u> In no event may Participants receive distributions under the Plan until the conditions set forth below are satisfied. The Employer and the terms of the applicable Investment Arrangement may further restrict the distribution conditions under the Adoption Agreement.
 - (1) <u>Salary Deferral Account.</u> A Participant may not receive a distribution of any amounts held under a Salary Deferral Account unless the Participant satisfies one of the following conditions:
 - (i) The Participant has a Severance from Employment with the Employer.
 - (ii) The Participant has attained age 59 ½.
 - (iii) The Participant dies or becomes Disabled.
 - (iv) The Participant qualifies for a Hardship distribution.
 - (2) <u>Custodial Account.</u> A Participant may not receive a distribution of any amounts attributable to Matching Contributions or Employer Contributions held under a Custodial Account unless the Participant satisfies one of the following conditions:
 - (i) The Participant has a Severance from Employment with the Employer.
 - (ii) The Participant has attained age 59 ½.
 - (iii) The Participant dies or becomes Disabled.

- (3) Annuity Contract. A Participant may not receive a distribution of any amounts attributable to Matching Contributions or Employer Contributions held under an Annuity Contract unless the Participant satisfies one of the following conditions:
 - (i) The Participant has a Severance from Employment with the Employer.
 - (ii) The Participant qualifies for a distribution due to the occurrence of some event, such as after affixed number of years or the attainment of a stated age, as specified under the Adoption Agreement.
 - (iii) The Participant dies or becomes Disabled.
 - (iv) The Participant qualifies for a Hardship distribution.
- (4) Special rule regarding deemed Severance from Employment for military service. For purposes of Plan distributions, a Participant shall be treated as having a deemed Severance from Employment during any period the Participant is performing service in the uniformed services described in Code §3401(h)(2)(A). A Participant who elects to receive a distribution pursuant to the preceding sentence may not make an Elective Deferral or an After-Tax Employee Contribution during the 6-month period beginning on the date of the distribution.
- 8.04 Participant Consent. If the value of a Participant's entire vested Account Balance exceeds the Involuntary Cash-Out threshold (as defined in subsection (a) below), the Participant must consent to any distribution of such Account Balance prior to his/her required beginning date for minimum distribution purposes or, if so provided in AA §9, as of the date the Participant attains (or would have attained if not deceased) the later of Normal Retirement Age or age 62. If a distribution is subject to Participant consent, the Participant must consent in writing to the distribution within the 180-day period ending on the annuity starting date. In any event, the Participant's consent must be obtained before any distribution regardless of the amount, if such participant is the sole owner of the investment vehicle under the Plan.
 - (a) <u>Involuntary Cash-Out threshold.</u> For purposes of determining whether a distribution is subject to the Participant consent requirements as described in Section 8.04, the Involuntary Cash-Out threshold is \$5,000 unless another amount is designated under AA §9-2. (See Section 8.06 for a discussion of the Automatic Rollover rules that apply if a Participant does not consent to a distribution that does not exceed the Involuntary Cash-Out threshold.)
 - (b) Rollovers disregarded in determining value of Account Balance for Involuntary Cash-Outs. For purposes of determining whether a Participant's vested Account Balance exceeds the Involuntary Cash-Out threshold described in subsection (a), the value of the Participant's vested Account Balance shall be determined without regard to that portion of the Account Balance that is attributable to Rollover Contributions (and earnings allocable thereto) within the meaning of Code §§402(c), 403(a)(4), 403(b)(8), 408(d)(3)(A)(ii), and 457(e)(16). The Employer may elect in the AA to include Rollover Contributions (and earnings allocable thereto) in determining whether the Participant's vested Account Balance exceeds the Involuntary Cash-Out threshold.
 - (c) Participant notice. Prior to receiving a distribution from the Plan, a Participant must be notified of his/her right to defer any distribution from the Plan. The notification shall include a general description of the material features, the consequences of a Participant's decision not to defer the receipt of a distribution, and the relative values of the optional forms of benefit available under the Plan (consistent with the requirements under Code §417(a)(3)). The notice must be provided no less than 30 days and no more than 180 days prior to the Participant's Annuity Starting Date. However, distribution may commence less than 30 days after the notice is given, if the Participant is clearly informed of his/her right to take 30 days after receiving the notice to decide whether or not to elect a distribution (and, if applicable, a particular distribution option), and the Participant, after receiving the notice, affirmatively elects to receive the distribution prior to the expiration of the 30-day minimum period. The notice requirements described in this paragraph may be satisfied by providing a summary of the required information, so long as the conditions described in applicable regulations for the provision of such a summary are satisfied, and the full notice is also provided (without regard to the 180-day period described in this subsection).
 - (d) Special rules. The consent rules under this Section 8.04 apply to distributions made after the Participant's termination of employment and to distributions made prior to the Participant's termination of employment. However, the consent of the Participant (and the Participant's Spouse, if applicable) shall not be required to the extent that a distribution is required to satisfy the required minimum distribution rules under Section 8.11 or to satisfy the requirements of Code §415, as described in Section 5.03.
- **8.05** <u>Direct Rollovers.</u> Notwithstanding any provision in the Plan to the contrary, a Participant may elect, at the time and the manner prescribed by the Plan Administrator, to have all or any portion of an Eligible Rollover Distribution paid directly to an Eligible Retirement Plan in a Direct Rollover. If an Eligible Rollover Distribution is less than \$500, the Participant may not elect a Direct Rollover of only a portion of such distribution (i.e., a Participant must elect a complete Direct Rollover if the

Eligible Rollover Distribution is less than \$500). For purposes of this Section 8.05, a Participant includes a Participant or former Participant. In addition, this Section applies to any distribution from the Plan made to a Participant's surviving Spouse or to a Participant's Spouse or former Spouse who is the Alternate Payee under a QDRO.

(a) <u>Definitions.</u>

- (1) <u>Eligible Rollover Distribution.</u> An Eligible Rollover Distribution is any distribution of all or any portion of a Participant's Account Balance, except an Eligible Rollover Distribution does not include:
 - (i) any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the Participant or the joint lives (or joint life expectancies) of the Participant and the Participant's Beneficiary, or for a specified period of ten years or more:
 - (ii) any distribution to the extent such distribution is a required minimum distribution under Code §401(a)(9), as described under Section 8.11;
 - (iii) any Hardship distribution, as described in Section 8.09;
 - (iv) any distribution if it is reasonably expected (at the time of the distribution) that the total amount the Participant will receive as a distribution during the calendar year will total less than \$200; or
 - a distribution made to satisfy the requirements of Code §415 or a distribution to correct Excess Deferrals or Excess Aggregate Contributions.
- (2) <u>Eligible Retirement Plan.</u> For purposes of applying the Direct Rollover provisions under this Section 8.05, an Eligible Retirement Plan is:
 - (i) a qualified plan described in Code §401(a);
 - (ii) an individual retirement account described in Code §408(a);
 - (iii) an individual retirement annuity described in Code §408(b);
 - (iv) an annuity plan described in Code §403(a);
 - (v) a simple retirement account to the extent rollovers are allowed under Code §408(p)(1)(B);
 - (vi) an annuity contract described in Code §403(b); or
 - (vii) an eligible plan under Code \$457(b) which is maintained by a state, political subdivision of a state, or any agency or instrumentality of a state or political subdivision of a state and which agrees to separately account for amounts transferred into such plan from this Plan.

The definition of Eligible Retirement Plan also applies in the case of a distribution to a surviving Spouse, or to a Spouse or former Spouse who is the Alternate Payee under a QDRO.

To the extent any portion of an Eligible Rollover Distribution is attributable to Roth Deferrals, an Eligible Retirement Plan with respect to such portion of the distribution shall include only another designated Roth account of the Participant or a Roth IRA. To the extent any portion of an Eligible Rollover Distribution is attributable to After-Tax Employee Contributions, an Eligible Retirement Plan with respect to such portion of the distribution shall include only an individual retirement account or annuity described in Code §408(a) or (b) or a qualified defined contribution plan described in Code §401(a) or §403(a) that agrees to separately account for amounts so transferred, including separately accounting for the portion of such distribution which is includible in gross income and the portion of such distribution which is not includible in gross income.

- (3) <u>Direct Rollover.</u> A Direct Rollover is a payment made directly from the Plan to the Eligible Retirement Plan specified by the Participant. The Plan Administrator may develop reasonable procedures for accommodating Direct Rollover requests.
- (b) <u>Direct Rollover notice.</u> A Participant entitled to an Eligible Rollover Distribution must receive a written explanation of his/her right to a Direct Rollover, the tax consequences of not making a Direct Rollover, and, if applicable, any available special income tax elections. The notice must be provided within 30 180 days prior to the Participant's

Annuity Starting Date, in the same manner as described in Section 8.04(c). The Direct Rollover notice must be provided to all Participants, unless the total amount the Participant will receive as a distribution during the calendar year is expected to be less than \$200.

If a Participant terminates employment and is eligible for a distribution which is not subject to Participant consent, and the Participant does not respond to the Direct Rollover notice indicating whether a Direct Rollover is desired and the name of the Eligible Retirement Plan to which the Direct Rollover is to be made, the Plan Administrator may distribute the Participant's entire vested Account Balance in the form of an Automatic Rollover (pursuant to Section 8.06). (However, see Section 8.06(b) for special rules that apply to Involuntary Cash-Out Distributions below \$1,000.) If a distribution would qualify for Automatic Rollover, the Direct Rollover notice must describe the procedures for making an Automatic Rollover, including the name, address, and telephone number of the IRA trustee and information regarding IRA maintenance and withdrawal fees and how the IRA funds will be invested. The Direct Rollover notice also must describe the timing of the Automatic Rollover and the Participant's ability to affirmatively opt out of the Automatic Rollover.

- (c) <u>Direct Rollover by non-Spouse beneficiary.</u> Effective for Plan Years beginning after December 31, 2009, the Plan must permit a non-Spouse beneficiary (as defined in Code §401(a)(9)(E)) to make a direct rollover of an eligible rollover distribution to an individual retirement account under Code §408(a) or an individual retirement annuity under Code §408(b) that is established on behalf of the designated beneficiary and that will be treated as an inherited IRA pursuant to the provisions of Code §402(c)(11). A non-Spouse rollover made after December 31, 2009 will be subject to the direct rollover requirements under Code §401(a)(31), the rollover notice requirements under Code §402(f) or the mandatory withholding requirements under Code §3405(c).
- (d) <u>Direct Rollover of non-taxable amounts.</u> Notwithstanding any other provision of the Plan, effective for Taxable Years beginning on or after January 1, 2007, an Eligible Rollover Distribution may include the portion of any distribution that is not includible in gross income. For this purpose, an Eligible Retirement Plan includes a Defined Contribution or Defined Benefit Plan qualified under Code §401(a) and a tax-sheltered annuity plan under Code §403(b), provided the rollover is accomplished through a direct rollover and the recipient Eligible Retirement Plan separately accounts for any amounts attributable to the rollover of any nontaxable distribution and earnings thereon.
- (e) Rollovers to Roth IRA. For distributions occurring on or after January 1, 2008, a Participant or beneficiary (including a non-spousal beneficiary to the extent permitted under subsection (c) above), may rollover an Eligible Rollover Distribution (as defined in subsection (a)(1)) to a Roth IRA, provided the Participant (or beneficiary) satisfies the requirements for making a Roth contribution under Code §408A(c)(3)(B). Any amounts rolled over to a Roth IRA will be included in gross income to the extent such amounts would have been included in gross income if not rolled over (as required under Code §408A(d)(3)(A)). For purposes of this subsection (e), the Plan Administrator is not responsible for assuring the Participant (or beneficiary) is eligible to make a rollover to a Roth IRA.
- **8.06** Automatic Rollover. The Automatic Rollover rules in this Section 8.06 are effective for all Involuntary Cash-Out Distributions (as defined in subsection (b)) made on or after March 28, 2005.
 - (a) Automatic Rollover requirements. If a Participant is entitled to an Involuntary Cash-Out Distribution (as defined in subsection (b)), and the Participant does not elect to receive a distribution of such amount (either as a Direct Rollover to an Eligible Retirement Plan or as a direct distribution to the Participant), then the Plan Administrator may pay the distribution in a Direct Rollover to an individual retirement plan (IRA) designated by the Plan Administrator. (The Automatic Rollover provisions under this subsection (a) apply to any Involuntary Cash-Out Distribution for which the Participant fails to consent to a distribution, without regard to whether the Participant can be located. See Section 7.09(c) for alternatives if the Participant cannot be located after a reasonable diligent search.)
 - (b) <u>Involuntary Cash-Out Distribution.</u> An Involuntary Cash-Out Distribution is any distribution that is made from the Plan without the Participant's consent. Unless elected otherwise under the AA, an Involuntary Cash-Out Distribution, for purposes of applying the Automatic Rollover requirements under this Section 8.06, does not include any amounts below \$1,000. (See Section 8.04 for the Participant consent requirements with respect to distributions under the Plan.)
 - (c) <u>Treatment of Rollover Contributions.</u> Unless elected otherwise under the AA, for purposes of determining whether a mandatory distribution is greater than \$1,000, the portion of the Participant's distribution attributable to any Rollover Contribution is excluded.
- 8.07 <u>Distribution Upon Termination of Employment.</u> Subject to the required minimum distribution provisions under Section 8.11 and the terms governing the applicable Investment Arrangement, a Participant who terminates employment for any reason (other than death) is entitled to receive a distribution of his/her vested Account Balance in accordance with this Section 8.07. (See Section 8.08 for the applicable rules when a Participant dies before distribution of his/her vested Account Balance is completed.)

- (a) Account Balance not exceeding \$5,000. If a Participant's vested Account Balance does not exceed \$5,000 (or other Cash-Out threshold designated under AA §9) at the time of distribution, the only distribution option available under the Plan is a lump sum option. The Participant will be eligible to receive a distribution of his/her vested Account Balance as of the date selected in AA §9. The Employer may elect in AA §9 to require a Participant to consent to a distribution where his/her vested Account Balance does not exceed \$5,000. However, this will not change the distribution options described in this subsection (a), unless the Employer specifically modifies such options under AA §9. In any event, the Participant's consent must be obtained before any distribution regardless of the amount, if such participant is the sole owner of the investment vehicle under the Plan.
- (b) Account Balance exceeding \$5,000. If a Participant's vested Account Balance exceeds \$5,000 (or other Cash-Out threshold designated under AA §9) at the time of distribution, the Participant may elect to receive a distribution of his/her vested Account Balance in any form permitted under AA §9. The Participant will be eligible to receive a distribution of his/her vested Account Balance as of the date selected in AA §9.
- 8.08 <u>Distribution Upon Death.</u> Subject to the required minimum distribution rules in Section 8.11 and the terms governing the applicable Investment Arrangement, a Participant's vested Account Balance will be distributed to the Participant's Beneficiary(ies) in accordance with this Section 8.08. (See subsection (c) for rules regarding the determination of Beneficiaries upon the death of the Participant.) The form of benefit payable with respect to a deceased Participant will depend on whether the Participant dies before or after distribution of his/her Account Balance has commenced.
 - (a) <u>Death after commencement of benefits.</u> If a Participant begins receiving a distribution of his/her benefits under the Plan, and subsequently dies prior to receiving the full value of his/her vested Account Balance, the remaining benefit will continue to be paid to the Participant's Beneficiary(ies) in accordance with the form of payment that has already commenced. If a Participant commences distribution prior to death only with respect to a portion of his/her Account Balance, then the rules in subsection (b) apply to the rest of the Account Balance.
 - (b) Death before commencement of benefits. If a Participant dies before commencing distribution of his/her benefits under the Plan, the form and timing of any death benefits will depend on whether the value of the death benefit exceeds \$5,000 (or other threshold designated under AA §9). In no event will any death benefit be paid in a manner that is inconsistent with the required minimum distribution rules under Section 8.11. The Beneficiary of any pre-retirement death benefit described in this subsection (b) may postpone the commencement of the death benefit to a date that is not later than the latest commencement date permitted under Section 8.11, unless such election is prohibited in AA §9-1.
 - (c) <u>Determining a Participant's Beneficiary.</u> Subject to the terms governing the applicable Investment Arrangement, the determination of a Participant's Beneficiary(ies) to receive any death benefits under the Plan will be based on the Participant's Beneficiary designation under the Plan. If a Participant does not designate a Beneficiary to receive the death benefits under the Plan, distribution will be made to the default Beneficiaries, as set forth in subsection (3) below. However, any designation of a Beneficiary other than the Participant's Spouse, must satisfy the consent requirements under subsection (1) and (2) below.
 - (1) Post-retirement death benefit. If a Participant dies after commencing distribution of benefits under the Plan (but prior to receiving a distribution of his/her entire vested Account Balance under the Plan), the Beneficiary of any post-retirement death benefit is the Participant's surviving Spouse, unless (i) there is no surviving Spouse, (ii) the surviving Spouse has consented to the designation of an alternate Beneficiary(ies), or (iii) the surviving Spouse makes a valid disclaimer of the death benefit.
 - (2) <u>Pre-retirement death benefit.</u> If a Participant dies before commencing distribution of his/her benefits under the Plan, the determination of the Participant's Beneficiary will be determined as follows:
 - The surviving Spouse (determined at the time of the Participant's death) will be treated as the sole Beneficiary, regardless of any contrary Beneficiary designation, unless there is no surviving Spouse, or the Spouse has consented to the Beneficiary designation or makes a valid disclaimer. (See Section 9.03 for rules regarding the determination of a Participant's marital status.)
 - (3) <u>Default beneficiaries.</u> Subject to the terms governing the applicable Investment Arrangement and to the extent a Beneficiary has not been named by the Participant and is not designated under the terms of this Plan to receive all or any portion of the deceased Participant's death benefit, such amount shall be distributed to the Participant's surviving Spouse (if the Participant was married at the time of death). If the Participant does not have a surviving Spouse at the time of death, distribution will be made to the Participant's surviving children, in equal shares. If the Participant has no surviving children, distribution will be made to the Participant's estate. The Employer may modify the default beneficiary rules described in this subparagraph under AA §9-5(a).

- (4) <u>Identification of Beneficiaries.</u> The Plan Administrator may request proof of the Participant's death and may require the Beneficiary to provide evidence of his/her right to receive a distribution from the Plan in any form or manner the Plan Administrator may deem appropriate. The Plan Administrator's determination of the Participant's death and of the right of a Beneficiary to receive payment under the Plan shall be conclusive. If a distribution is to be made to a minor or incompetent Beneficiary, payments may be made to the person's legal guardian, conservator recognized under state law, or custodian in accordance with the Uniform Gifts to Minors Act or similar law as permitted under the laws of the state where the Beneficiary resides. The Plan Administrator will not be liable for any payments made in accordance with this subsection (4) and will not be required to make any inquiries with respect to the competence of any person entitled to benefits under the Plan.
- (5) <u>Death of Beneficiary.</u> Unless specified otherwise in the Participant's Beneficiary designation form or under AA §9-5(a), if a Beneficiary does not predecease the Participant but dies before distribution of the death benefit is made to the Beneficiary, the death benefit will be paid to the Beneficiary's estate. If the Participant and the Participant's Beneficiary die simultaneously, and the Participant's Beneficiary designation form does not address simultaneous death, the determination of the death beneficiary will be determined under any state simultaneous death laws, to the extent applicable. If no applicable state law applies, the death benefit will be paid to the any contingent beneficiaries named under the Participant's beneficiary designation. If there are no contingent beneficiaries, the death benefit will be paid to the Participant's default beneficiaries, as described in subsection (3).
- (6) Divorce from Spouse. Unless designated otherwise under AA §9-5(c), if a Participant designates his/her Spouse as Beneficiary and subsequent to such Beneficiary designation, the Participant and Spouse are divorced, the designation of the Spouse as Beneficiary under the Plan is automatically rescinded unless specifically provided otherwise under a divorce decree or QDRO, or unless the Participant enters into a new Beneficiary designation naming the prior Spouse as Beneficiary. In addition, the provisions under this subsection (6) will not apply if the Participant has entered into a Beneficiary designation that specifically overrides the provisions of this subsection (6). For periods prior to the date this Plan is executed by the Employer, this subsection (6) also applies to situations where the Participant and Spouse are legally separated.
- **8.09** In-Service Distributions. Subject to the terms governing the applicable Investment Arrangement, the Employer may elect under AA §10 to permit in-service distributions under the Plan. If an in-service distribution is not specifically permitted under AA §10, a Participant may not receive a distribution from the Plan until termination of employment, death or disability.
 - (a) <u>After-Tax Contributions and Rollover Contributions.</u> A Participant may withdraw at any time, upon written request, all or any portion of his/her Account Balance attributable to After-Tax Contributions or Rollover Contributions. No forfeiture will occur solely as a result of an Employee's withdrawal of After-Tax Contributions.
 - (b) Employer Contributions. The Employer may elect under AA §10 the extent to which in-service distributions will be permitted from Employer Contributions (including Matching Contributions, if applicable) under the Plan. (See subsection (c) below for the in-service distribution rules applicable to Salary Deferrals.) If permitted under AA §10, Employer Contributions may be withdrawn upon the occurrence of a specified event (including a Hardship, as defined in subsection (e)) or upon the completion of a certain number of years, provided no distribution on account of years may be made with respect to Employer Contributions that have been accumulated in the Plan for less than 2 years, unless the Participant has been a Participant in the Plan for at least 5 years. (See Section 7.08 for special vesting rules that apply if a Participant takes an in-service distribution prior to becoming 100% vested in such contributions.)

 Mandatory Contributions are treated as Employer Contributions for purposes of in-service distributions, unless otherwise specified in the Adoption Agreement.
 - (c) <u>Salary Deferrals.</u> Any Salary Deferrals (including any earnings on such amounts) generally may not be distributed prior to the Participant's severance from employment, death, or disability. However, the Employer may elect under AA § 10 to permit an in-service distribution of such amounts upon attainment of a specified age (no earlier than age 59½) or upon a Hardship (as defined in subsection (e)).
 - (d) Penalty-free withdrawals for individuals called to active duty. The distribution provisions applicable to Salary Deferrals include a Qualified Reservist Distribution, as defined in subsection (1) below. If a Participant takes a Qualified Reservist Distribution, such distributions will not be subject to the 10% penalty tax under Code §72(t). A Qualified Reservist Distribution is only available if permitted under AA §10-1.
 - (1) <u>Qualified Reservist Distribution.</u> For purposes of this subsection (d), a Qualified Reservist Distribution means any distribution to an individual if:
 - such distribution is from amounts attributable to elective deferrals described in Code §402(g)(3)(A) or
 or Code §501(c)(18)(D)(iii),

- (ii) such individual was (by reason of being a member of a reserve component (as defined in §101 of Title 37 of the United States Code)) ordered or called to active duty for a period in excess of 179 days or for an indefinite period, and
- (iii) such distribution is made during the period beginning on the date of such order or call and ending at the close of the active duty period.
- (2) Active duty. A Qualified Reservist Distribution will only be available for individuals who are ordered or called into active duty after September 11, 2001.
- (e) <u>Hardship distribution.</u> Subject to the terms governing the applicable Investment Arrangement, the Employer may elect under AA §10 to authorize an in-service distribution upon the occurrence of a Hardship event. A Hardship distribution must meet the requirements of a safe harbor Hardship as described under subsection (1) below.
 - (1) <u>Safe harbor Hardship distribution.</u> To qualify for a safe harbor Hardship, a Participant must demonstrate an immediate and heavy financial need, as described in subsection (i), and the distribution must be necessary to satisfy such need, as described in subsection (ii).
 - (i) <u>Immediate and heavy financial need.</u> To be considered an immediate and heavy financial need, the Hardship distribution must be made to satisfy one of the following financial needs:
 - (A) to pay expenses incurred or necessary for medical care (as described in Code §213(d)) of the Participant, the Participant's Spouse or dependents (determined without regard to whether the expenses exceed 7.5% of adjusted gross income);
 - (B) for the purchase (excluding mortgage payments) of a principal residence for the Participant;
 - (C) for payment of tuition and related educational fees (including room and board) for the next 12 months of post-secondary education for the Participant, the Participant's Spouse, children or dependents;
 - (D) to prevent the eviction of the Participant from, or a foreclosure on the mortgage of, the Participant's principal residence;
 - (E) to pay funeral or burial expenses for the Participant's deceased parent, Spouse, child or dependent;
 - (F) to pay expenses to repair damage to the Participant's principal residence that would qualify for a casualty loss deduction under Code §165 (determined without regard to whether the loss exceeds the 10% of adjusted gross income limit); or
 - (G) for any other event that the IRS recognizes as a safe harbor Hardship distribution event under ruling, notice or other guidance of general applicability, provided the event sets forth nondiscriminatory and objective standards for determining the existence of an immediate and heavy financial need.

For purposes of determining eligibility of a Hardship distribution under this subsection (i), a dependent is determined under Code §152. However, the determination of dependent for purposes of tuition and education fees under subsection (C) above will be made without regard to Code §152(b)(1), (b)(2), and (d)(1)(B) and the determination of dependent for purposes of funeral or burial expenses under subsection (E) above will be made without regard to Code §152(d)(1)(B).

A Participant must provide the Plan Administrator with a written request for a Hardship distribution. The Plan Administrator may require written documentation, as it deems necessary, to sufficiently document the existence of a proper Hardship event.

- (ii) <u>Distribution necessary to satisfy need.</u> A distribution will be considered as necessary to satisfy an immediate and heavy financial need of the Participant if:
 - (A) The distribution is not in excess of the amount of the immediate and heavy financial need (including amounts necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the distribution);

- (B) The Participant has obtained all available distributions, other than Hardship distributions, and all nontaxable loans under the Plan and all plans maintained by the Employer; and
- (C) The Participant is suspended from making Salary Deferrals (and After-Tax Contributions) for 6 months after the receipt of the Hardship distribution.
- (2) Non-safe harbor Hardship distribution. The Employer may elect in the Adoption Agreement to permit Participants to take a Hardship distribution of Employer Contributions without satisfying the requirements of subsection (1) above, provided the hardship distribution event sets forth nondiscriminatory and objective standards for determining the existence of an immediate and heavy financial need. A non-safe harbor Hardship distribution is not available for QNECs or Safe Harbor Contributions.
 - (i) <u>Immediate and heavy financial need.</u> For purposes of determining whether a Hardship exists under this subsection (2), the same Hardship distribution events described in subsection (1)(i) will qualify as a Hardship distribution event under this subsection (2). The Employer may modify the permissible Hardship distribution events under the Adoption Agreement.
 - (ii) <u>Distribution necessary to satisfy need.</u> A Hardship distribution under this subsection (2) need not satisfy the requirements under subsection (1)(ii) above. Instead, all relevant facts and circumstances are considered to determine whether the Employee has other resources reasonably available to relieve or satisfy the need. For this purpose, resources include assets of the Employee's Spouse and minor children that are reasonably available to the Employee. In addition, the amount withdrawn for hardship may include amounts necessary to pay federal, state or local income taxes, or penalties reasonably anticipated to result from the distribution.

The Employer may rely upon the Employee's written representation that the need cannot be reasonably relieved through the following sources:

- (A) Reimbursement or compensation by insurance;
- **(B)** Liquidation of the Employee's assets;
- (C) Cessation of Salary Deferrals or After-Tax Employee Contributions under the Plan;
- **(D)** Other currently available distributions or nontaxable loans from the Plan or any other plan maintained by the Employer (or any other employer); or
- (E) Borrowing from commercial sources on reasonable commercial terms in an amount sufficient to satisfy the need.

The Employer may not rely upon the written representation under this subsection (ii) if the Employer has actual knowledge to the contrary.

- (3) Amount available for Hardship distribution. A Participant in an Annuity Contract (but not a Custodial Account) may receive a Hardship distribution of any portion of his/her vested Employer Contribution Account or Matching Contribution Account (including earnings thereon), as permitted under AA §10. A Participant may receive a Hardship distribution of Salary Deferrals provided such distribution, when added to other Hardship distributions from Salary Deferrals, does not exceed the total Salary Deferrals the Participant has made to the Plan (increased by income allocable to such Salary Deferrals as of the later of December 31, 1988 or the end of the last Plan Year ending before July 1, 1989).
- (4) Application of Hardship distributions rules with respect to primary beneficiaries. If elected under AA §10-3(e), if the Plan otherwise permits Hardship distributions based on the safe harbor hardship provisions under subsection (1), the existence of an immediate and heavy financial need under subsection (1)(i) may be determined with respect to a primary beneficiary under the Plan. For this purpose, a primary beneficiary is an individual who is named as a beneficiary under the Plan and has an unconditional right to all or a portion of a Participant's Account Balance upon the death of the Participant. Hardship distributions with respect to primary beneficiaries under this subsection (4) are limited to hardship distributions on account of medical expenses, educational expenses and funeral expenses. Any Hardship distribution with respect to a primary beneficiary must satisfy all the other requirements applicable to Hardship distributions.
- (f) Qualified Distributions for Retired Public Safety Officers. A Participant who is an eligible retired public safety officer may elect, after separation from service, to have qualified health insurance premiums deducted from amounts to

be distributed from the Plan that would otherwise be includible in gross income, and to have such amounts paid directly to the insurer or group health plan. The distribution shall be excluded from the Participant's gross income to the extent that the aggregate amount of the distribution does not exceed the lesser of the amount used to pay the qualified health insurance premiums of the Participant, the Participant's Spouse, and the Participant's dependents (as defined in Code §152), or \$3,000, determined by aggregating all distributions with respect to the Participant that are used to pay qualified health insurance premiums from all eligible retirement plans of the Employer.

- (1) Qualified health insurance premiums. The term "qualified health insurance premiums" means premiums for coverage for the Participant, the Participant's Spouse, and the Participant's dependents (as defined in Code Section 152) by an accident or health insurance plan (including under a self-insured plan) or qualified long-term care insurance contract (within the meaning of Code Section 7702B(b)).
- (2) Eligible retired public safety officer. The term "eligible retired public safety officer" means an individual who separated from service, either by reason of disability or after attainment of Normal Retirement Age, as a public safety officer with the Employer. For this purpose, a public safety officer is an individual serving the Employer in an official capacity, with or without compensation, as a law enforcement officer, a firefighter, a chaplain, or a member of a rescue squad or ambulance crew.
- 8.10 Sources of Distribution. Unless provided otherwise in separate administrative provisions adopted by the Plan Administrator, in applying the distribution provisions under this Section 8.10, distributions will be made on a pro rata basis from all Accounts from which a distribution is permitted under this Section 8. Alternatively, the Plan Administrator may permit Participants to direct the Plan Administrator as to which Account the distribution is to be made. Regardless of a Participant's direction as to the source of any distribution, the tax effect of such a distribution will be governed by Code §72 and the regulations thereunder.
 - (a) Exception for Hardship withdrawals. If the Plan permits a Hardship withdrawal from both Salary Deferrals (including Roth Deferrals) and Employer Contributions (including Employer Matching Contributions), a Hardship distribution will first be treated as having been made from a Participant's Employer Contribution Account and then from the Employer's Matching Contribution Account, to the extent such Hardship distribution is available with respect to such Accounts. Only when all available amounts have been exhausted under the Participant's Employer Contribution Account and/or Matching Contribution Account will a Hardship distribution be made from a Participant's Pre-Tax Deferral Account and/or Roth Deferral Account. (See subsection (b) below for the ordering rules for distributions from the Pre-Tax Deferral and Roth Deferral Accounts.) The Plan Administrator may modify the ordering rules under this subsection (a) under separate administrative procedures.
 - (b) Roth Deferrals. Unless designated otherwise under AA §6A-5 or separate administrative procedures, if a Participant has both a Pre-Tax Deferral Account and a Roth Deferral Account, the Participant may designate the extent to which a distribution or withdrawal of Salary Deferrals will come from the Pre-Tax Deferral Account or the Roth Deferral Account. Alternatively, the Employer may provide under AA §6A-5 (or under separate administrative procedures) that any distribution or withdrawal of Salary Deferrals will be made on a pro rata basis from the Pre-Tax Deferral Account and the Roth Deferral Account. Alternatively, the Employer may designate any other order of distribution and withdrawals under AA §6A-5 or separate administrative procedures.
 - (c) <u>In-kind distributions.</u> Nothing in this Section 8 precludes the Plan Administrator from making a distribution in the form of property, or other in-kind distribution.
- **Required Minimum Distributions.** The Plan shall comply with the minimum distribution requirements of Code §401(a)(9) and the regulations thereunder in accordance with the terms governing each Investment Arrangement (if applicable), unless and to the extent otherwise permitted by law and in regulations or other rules of general applicability published by the Department of the Treasury or the Internal Revenue Service. For purposes of applying the distribution rules of Code §401(a)(9) of the Code, each Investment Arrangement is treated as an individual retirement account (IRA) and distributions shall be made in accordance with the provisions of Treas. Reg. §1.408-8, except as provided in Treas. Reg. §1.403(b)-6(e).
- 8.12 <u>Correction of Plan Defects.</u> Nothing in this Section 8 precludes the Plan Administrator from making a distribution to a Participant to correct a Plan defect consistent with the correction procedures under the IRS' voluntary compliance programs. Thus, for example, if an Employee is permitted to enter the Plan prior to his/her proper Entry Date under Section 2.03(b) and the Plan Administrator determines that a corrective distribution is a proper means of correcting the operational violation, nothing in this Section 8 would prevent the Plan from making such corrective distribution. Any such distribution must be made in accordance with the correction procedures applicable under the IRS' voluntary correction programs.

SECTION 9 JOINT AND SURVIVOR ANNUITY REQUIREMENTS

- 9.01 Application of Joint and Survivor Annuity Rules. The Joint and Survivor Annuity rules do not apply to the Plan since the Plan is not subject to such rules under Title I of ERISA. An Employer may elect under the Adoption Agreement to require spousal consent to distributions and alternate beneficiaries.
- 9.02 Spousal consent. If the Employer elects under AA §9-2(b) to require spousal consent to a Plan distribution, the Spouse's consent will be required with respect to a distribution as designated in AA §9-2(b). A Spouse's consent, if required, must be provided pursuant to a Qualified Election. For this purpose, a Qualified Election is a written election signed by both the Participant and the Participant's Spouse that specifically acknowledges the effect of the election. The Spouse's consent must be witnessed by a plan representative or notary public. If the Qualified Election permits the Participant to change a payment form or Beneficiary designation without any further consent by the Spouse, the Qualified Election must acknowledge that the Spouse has the right to limit consent to a specific Beneficiary, and a specific form of benefit, as applicable, and that the Spouse voluntarily elects to relinquish either or both of such rights.
- **9.03 Identification of surviving Spouse.** If it is established to the satisfaction of the Plan Administrator that there is no Spouse or that the Spouse cannot be located, any waiver signed by the Participant is deemed to be a Qualified Election.
 - (a) <u>Definition of Spouse.</u> For this purpose, a Participant will be deemed to not have a Spouse if the Participant is legally separated or has been abandoned and the Participant has a court order to such effect. However, a former Spouse of the Participant will be treated as the Spouse or surviving Spouse and any current Spouse will not be treated as the Spouse or surviving Spouse to the extent provided under a QDRO.
 - (b) One-year marriage rule. The Employer may elect under AA §9-5(b), for purposes of applying the spousal consent rules under this Section 9, that an individual will not be considered the surviving Spouse of the Participant if the Participant and the surviving Spouse have not been married for the entire one-year period ending on the date of the Participant's death.

SECTION 10 INVESTMENT ARRANGEMENTS AND PARTICIPANT ACCOUNTS

10.01 Permissible Investment Arrangements. Amounts contributed to this Plan may only be invested in Annuity Contracts, Custodial Accounts or a combination of these Investment Arrangements. The 403(b) Fund will consist of all Annuity Contracts and Custodial Accounts held under the Plan and identified under Addendum B of the Adoption Agreement. The terms of each Investment Arrangement under the Plan, excluding those terms that are inconsistent with the Plan or Code §403(b), are incorporated by reference in the Plan.

10.02 Annuity Contract Requirements.

- (a) An Annuity Contract must meet the requirements of Code §403(b)(1).
- **(b)** An Annuity Contract may only be offered by an Insurance Company.
- (c) The Annuity Contract may be owned by the Participant, or in the case of a group annuity contract, by the Employer maintaining the Annuity Contract may hold variable or guaranteed annuities.
- (d) The Annuity Contract must provide that it is nontransferable and meets the requirements of Code §401(g).

A life insurance contract, an endowment contract, a health or accident insurance contract, or a property, casualty, or liability insurance contract do not constitute an Annuity Contract. However, this does not apply for contracts issued before September 24, 2007.

10.03 Custodial Account Requirements.

- (a) The Custodial Account must meet the requirements of Code §403(b)(7).
- (b) The assets of a Custodial Account must be held by a bank or approved non-bank trustee or custodian under Code \$401(f).
- (c) The assets of the Custodial Account must be invested exclusively in regulated investment company within the meaning of Code §851(a).
- 10.04 Participant Accounts. The Plan Administrator will direct the Custodian/Insurance Company to establish and maintain a separate Account (or multiple Accounts, if appropriate) for each Participant to reflect the Participant's entire interest under the Plan. To the extent applicable, the Plan Administrator may direct the Custodian and/or Insurance Company to establish and maintain separate sub-Accounts for a Participant. Accounts may include, but are not limited to:
 - Pre-Tax Deferral Account
 - Roth Deferral Account
 - Employer Contribution Account
 - Matching Contribution Account
 - After-Tax Contribution Account
 - Mandatory Contribution Account
 - Rollover Contribution Account
 - Roth Rollover Account
 - In-Plan Roth Conversion Account
 - Transfer Account

The Plan Administrator will maintain separate Accounts for the vested and non-vested portions of any Employer Contribution Account and Matching Contribution Account, for any excess amounts under Code §415 and for Retirement Income Accounts.

- 10.05 <u>Value of Participant Accounts.</u> The value of a Participant's Account consists of the fair market value of the Participant's share of the Plan assets.
 - (a) <u>Periodic valuation.</u> The Custodian/Insurance Company must value Plan assets at least annually.
 - (b) <u>Daily valuation.</u> If the Employer elects daily valuation under AA §11-1(a) or, if in operation, the Employer elects to have the Plan daily valued, the Plan Administrator may adopt reasonable procedures for performing such valuations. Unless otherwise set forth in the written procedures, a daily valued Plan will have its assets valued at the end of each business day during which the New York Stock Exchange is open. The Plan Administrator has authority to interpret the provisions of this Plan in the context of a daily valuation procedure. This includes, but is not limited to, the

- determination of the value of the Participant's Account for purposes of Participant loans, distribution and consent rights, and corrective distributions.
- (c) <u>Interim valuations.</u> The Plan Administrator may perform interim valuations.
- **10.06** Adjustments to Participant Accounts. As of each Valuation Date under the Plan, each Participant's Account is adjusted in the following manner.
 - (a) <u>Distributions and forfeitures from a Participant's Account.</u> A Participant's Account will be reduced by any distributions and forfeitures from the Account since the previous Valuation Date.
 - (b) <u>Contributions and forfeitures allocated to a Participant's Account.</u> A Participant's Account will be credited with any contribution or forfeiture allocated to the Participant since the previous Valuation Date.
 - (c) <u>Net income or loss.</u> A Participant's Account will be adjusted for any net income or loss in accordance with the provisions under Section 10.07.
- 10.07 Procedures for Determining Net Income or Loss. The Plan Administrator may establish any reasonable procedures for determining net income or loss under Section 10.06(c). Such procedures may be reflected in a funding agreement governing the applicable investments under the Plan and the terms of any applicable Investment Arrangement under the Plan.

10.08 <u>Investments under the Plan</u>

- (a) <u>Investment options.</u> Amounts contributed to this Plan may only be invested in Annuity Contracts, Custodial Accounts or a combination of these investment vehicles. The choice of investments is subject to the terms governing the applicable Investment Arrangement.
- (b) <u>Individual/Pooled Accounts.</u> The Plan may maintain individual or pooled accounts for Participants.
- 10.09 <u>Information Sharing.</u> Each Vendor and the Plan Administrator shall exchange such information as may be necessary to satisfy Code §403(b) or other requirements of applicable law. In the case of a Vendor which is not eligible to receive Elective Deferrals under the Plan (including a Vendor which has ceased to be a Vendor eligible to receive Elective Deferrals under the Plan and a Vendor holding assets under the Plan), the Eligible Employer shall keep the Vendor informed of the name and contact information of the Plan Administrator in order to coordinate information necessary to satisfy Code §403(b) or other requirements of applicable law.
- 10.10 Participant-directed investments. If the Plan (by election in AA §C-1, under separate investment procedures or under the applicable Investment Arrangement) permits Participant direction of investments, each Participant shall have the exclusive right, in accordance with the provisions of the Plan, to direct the investment of all or a portion of the amounts allocated to the separate Accounts of the Participant under the Plan. (A reference to Participant under this Section 10.10 also applies to any Beneficiary or Alternate Payee eligible to direct investments under the Plan.)
 - (a) <u>Limits on participant investment direction.</u> The Employer may elect under AA §C-1 or under separate investment procedures to limit Participant direction of investment to specific types of contributions or with respect to specific investment options. The terms of the governing Investment Arrangement may limit Participant direction of investment. If Participant investment direction is limited to specific investment options, it shall be the sole and exclusive responsibility of the Employer, Plan Administrator or Vendor to select the investment options. In no case may Participants direct that investments be made in collectibles, other than U.S. Government or State issued gold and silver coins.
 - (b) Failure to direct investment. If Participant direction of investments is permitted, the Plan Administrator will designate how accounts will be invested in the absence of proper affirmative direction from the Participant. The Plan or Plan Administrator may designate a default fund under the Plan.
- **10.11 Life Insurance.** Plan assets may not be held under a life insurance contract issued on or after September 24, 2007. If Plan assets include life insurance contracts issued before September 24, 2007, those contracts will continue to be held pursuant to the terms of the plan relating to life insurance as in effect immediately prior to September 24, 2007 until discontinued by the Participant.

SECTION 11 PLAN ADMINISTRATION AND OPERATION

- **11.01** Plan Administrator. The Employer is the Plan Administrator, unless the Employer designates in writing an alternative Plan Administrator. The Plan Administrator has the responsibilities described in this Section 11.
- 11.02 Allocation of Administrative Functions. Administrative functions, including functions to comply with Code §403(b) and other tax requirements, may be allocated among various persons pursuant to service agreements or other written documents. However, in no case shall administrative functions be allocated to Participants (other than permitting Participants to make investment elections for self-directed accounts). Any administrative functions not allocated to other persons are reserved to the Administrator.
- 11.03 Administrative and Vendor Addendums. Persons to whom administrative functions have been allocated and the specific functions allocated to such persons shall be identified in Addendum A Allocation of Administrative Functions in the Adoption Agreement. Service agreements and other records or information pertaining to the administration of the Plan may be included or incorporated by reference in Addendum A. Addendum B of the Adoption Agreement will include a list of all the Vendors of Investment Arrangements approved for use under the Plan, including sufficient information to identify the approved Investment Arrangements. Addendums A and B may be modified from time to time. A modification of the Addendums is not an amendment of the Plan.
- 11.04 <u>Information Provided by a Participant.</u> Each Participant shall provide at the time of initial enrollment, and later if there are any changes, any information necessary or advisable for the administration of the Plan, including any information required under the terms governing the Investment Arrangement.
- 11.05 Information Sharing. Each Vendor and the Plan Administrator shall exchange such information as may be necessary to satisfy Code §403(b) or other requirements of applicable law. In the case of a Vendor which is not eligible to receive Elective Deferrals under the Plan (including a Vendor which has ceased to be a Vendor eligible to receive Elective Deferrals under the Plan and a Vendor holding assets under the Plan), the Eligible Employer shall keep the Vendor informed of the name and contact information of the Plan Administrator in order to coordinate information necessary to satisfy Code §403(b) or other requirements of applicable law.
- 11.06 <u>Duties, Powers and Responsibilities of the Plan Administrator.</u> The Plan Administrator will administer the Plan for the exclusive benefit of the Plan Participants and Beneficiaries, and in accordance with the terms of the Plan. If the terms of the Plan are unclear, the Plan Administrator may interpret the Plan. This right to interpret the Plan is an express grant of discretionary authority to resolve ambiguities in the Plan document and to make discretionary decisions regarding the interpretation of the Plan's terms, including who is eligible to participate under the Plan, and the benefit rights of a Participant or Beneficiary. Unless an interpretation or decision is determined to be arbitrary and capricious, the Plan Administrator will not be held liable for any interpretation of the Plan terms or decision regarding the application of a Plan provision.
 - (a) <u>Delegation of duties, powers and responsibilities.</u> The Employer, as Plan Administrator, may delegate its duties, powers or responsibilities to one or more persons under Addendum A. Such delegation must be in writing and accepted by the person or persons receiving the delegation. The Employer may not delegate responsibilities to Plan Participants. The Employer must agree to such delegation by an alternative Plan Administrator. In delegating responsibilities, the Plan may, under Addendum A, incorporate by reference other documents, including annuity policies and custodial agreements.
 - (b) <u>Specific Plan Administrator responsibilities.</u> The Plan Administrator has the general responsibility to control and manage the operation of the Plan. This responsibility includes, but is not limited to, the following:
 - (1) To interpret and enforce the provisions of the Plan and applicable rules under Code §403(b) including those related to Plan eligibility, vesting, benefits and other tax requirements;
 - (2) To communicate with the appropriate persons with respect to the crediting of Plan contributions, the disbursement of Plan distributions and other relevant matters;
 - (3) To develop separate procedures (if necessary) consistent with the terms of the Plan to assist in the administration of the Plan, including the adoption of a separate or modified loan policy), procedures for direction of investment by Participants, procedures for determining whether domestic relations orders are QDROs), and procedures for the determination of investment earnings to be allocated to Participants' Accounts:
 - (4) To maintain all records necessary for tax and other administration purposes;

- (5) To furnish and to file all appropriate notices, reports and other information to Participants, Beneficiaries, the Employer, the Custodian, Insurance Company and government agencies (as necessary);
- (6) To provide information relating to Plan Participants and Beneficiaries;
- (7) To retain the services of other persons, including investment managers, attorneys, consultants, advisers and others, to assist in the administration of the Plan;
- (8) To review and decide on claims for benefits under the Plan;
- (9) To correct any defect or error in the operation of the Plan;
- (10) To establish a "funding policy and method" for the Plan for purposes of ensuring the Plan is satisfying its financial objectives and is able to meet its liquidity needs.

11.07 Plan Administration Expenses.

- (a) Reasonable Plan administration expenses. All reasonable expenses related to plan administration may be paid from Plan assets, except to the extent the expenses are paid (or reimbursed) by the Employer. For this purpose, Plan expenses include, but are not limited to, all reasonable costs, charges and expenses incurred in connection with the administration of the Plan.
- (b) Plan expense allocation. The Plan Administrator may allocate plan expenses among the accounts of Plan Participants. The Plan Administrator has authority to allocate these expenses either proportionally based on the value of the Account Balances or pro rata based on the number of Participants in the Plan. The Plan Administrator will determine the proper method for allocating expenses in accordance with such reasonable nondiscriminatory rules as the Plan Administrator deems appropriate under the circumstances. Unless the Plan Administrator decides otherwise, the following expenses will be allocated to the Participant's Account relative to which the expense is incurred: distribution expenses, including those relating to lump sums, installments, QDROs, hardship, in-service and required minimum distributions; loan expenses; participant direction expenses, including brokerage fees; and benefit calculations.
- (c) Expenses related to administration of former Employee or surviving Spouse. If the Plan is making distributions to a former Employee, surviving Spouse or non-Spouse beneficiary, the Plan may charge reasonable Plan administrative expenses to the Account of that former Employee, surviving Spouse or nonSpouse beneficiary, but only if the administrative expenses are on a pro rata basis. Under the pro rata basis, the expenses are based on the amount in each account of a former Employee, surviving Spouse or nonSpouse beneficiary receiving benefits from the Plan. The Plan Administrator may use another reasonable basis for charging the expenses.

11.08 Qualified Domestic Relations Orders (QDROs).

- (a) <u>In general.</u> The Plan Administrator must develop written procedures for determining whether a domestic relations order is a QDRO and for administering distributions under a QDRO. For this purpose, the Plan Administrator may use the default QDRO procedures set forth in subsection (h) below or may develop separate QDRO procedures. If applicable, the procedures must recognize the requirements under applicable State law.
- (b) <u>Definitions related to Qualified Domestic Relations Orders (QDROs).</u>
 - (1) QDRO. A QDRO is a domestic relations order that creates or recognizes the existence of an Alternate Payee's right to receive, or assigns to an Alternate Payee the right to receive, all or a portion of the benefits payable with respect to a Participant under the Plan. (See Code §414(p).) The QDRO must contain certain information and meet other requirements described in this Section 11.08.
 - (2) <u>Domestic relations order.</u> A domestic relations order is a judgment, decree, or order (including the approval of a property settlement) that is made pursuant to state domestic relations law (including community property law).
 - (3) Alternate Payee. An Alternate Payee must be a Spouse, former Spouse, child, or other dependent of a Participant.
 - (4) Revision of QDRO. A domestic relations order otherwise meeting the requirements to be a QDRO under Code §414(p) shall not fail to be treated as a QDRO solely because:
 - (i) the order is issued after, or revises, another domestic relations order or QDRO; or

- (ii) of the time at which the order is issued, including orders issued after the death of the Participant.
- Any QDRO described in this Section 11.08 shall be subject to the same requirements and protections which apply to QDROs under Code §414(p)(7).
- (c) Recognition as a QDRO. To be a QDRO, an order must be a domestic relations order (as defined in subsection (b)(2) above) that relates to the provision of child support, alimony payments, or marital property rights for the benefit of an Alternate Payee. The Plan Administrator is not required to determine whether the court or agency issuing the domestic relations order had jurisdiction to issue an order, whether state law is correctly applied in the order, whether service was properly made on the parties, or whether an individual identified in an order as an Alternate Payee is a proper Alternate Payee under state law.
- (d) Contents of QDRO. A QDRO must contain the following information:
 - (1) the name and last known mailing address of the Participant and each Alternate Payee;
 - (2) the name of each plan to which the order applies;
 - (3) the dollar amount or percentage (or the method of determining the amount or percentage) of the benefit to be paid to the Alternate Payee; and
 - (4) the number of payments or time period to which the order applies.

(e) Impermissible QDRO provisions.

- (1) The order must not require the Plan to provide an Alternate Payee or Participant with any type or form of benefit, or any option, not otherwise provided under the Plan;
- (2) The order must not require the Plan to provide for increased benefits (determined on the basis of actuarial value);
- (3) The order must not require the Plan to pay benefits to an Alternate Payee that are required to be paid to another Alternate Payee under another order previously determined to be a QDRO; and
- (4) The order must not require the Plan to pay benefits to an Alternate Payee in the form of a Qualified Joint and Survivor Annuity for the lives of the Alternate Payee and his or her subsequent Spouse.
- **Immediate distribution to Alternate Payee.** Even if a Participant is not eligible to receive an immediate distribution from the Plan, an Alternate Payee may receive a QDRO benefit immediately in a lump sum, provided such distribution is consistent with the QDRO provisions.
- (g) <u>Fee for QDRO determination.</u> The Plan Administrator may condition the making of a QDRO determination on the payment of a fee by a Participant or an Alternate Payee (either directly or as a charge against the Participant's Account).
- (h) <u>Default QDRO procedure.</u> If the Plan Administrator chooses this default QDRO procedure or if the Plan Administrator does not establish a separate QDRO procedure, this subsection (h) will apply as the procedure the Plan Administrator will use to determine whether a domestic relations order is a QDRO. This default QDRO procedure incorporates the requirements set forth below.
 - (1) Access to information. The Plan Administrator will provide access to Plan and Participant benefit information sufficient for a prospective Alternate Payee to prepare a QDRO. Such information might include the summary plan description, other relevant plan documents, and a statement of the Participant's benefit entitlements. The disclosure of this information is conditioned on the prospective Alternate Payee providing to the Plan Administrator information sufficient to reasonably establish that the disclosure request is being made in connection with a domestic relations order.
 - (2) Notifications to Participant and Alternate Pavee. The Plan Administrator will promptly notify the affected Participant and each Alternate Payee named in the domestic relations order of the receipt of the order. The Plan Administrator will send the notification to the address included in the domestic relations order. Along with the notification, the Plan Administrator will provide a copy of the Plan's procedures for determining whether a domestic relations order is a QDRO.

- (3) <u>Alternate Payee representative.</u> The prospective Alternate Payee may designate a representative to receive copies of notices and Plan information that are sent to the Alternate Payee with respect to the domestic relations order.
- (4) Evaluation of domestic relations order. Within a reasonable period of time, the Plan Administrator will evaluate the domestic relations order to determine whether it is a QDRO. A reasonable period will depend on the specific circumstances. The domestic relations order must contain the information described in subsection (d). If the order is only deficient in a minor respect, the Plan Administrator may supplement information in the order from information within the Plan Administrator's control or through communication with the prospective Alternate Payee.
 - (i) Separate accounting. Upon receipt of a domestic relations order, the Plan Administrator will separately account for and preserve the amounts that would be payable to an Alternate Payee until a determination is made with respect to the status of the order. During the period in which the status of the order is being determined, the Plan Administrator will take whatever steps are necessary to ensure that amounts that would be payable to the Alternate Payee, if the order were a QDRO, are not distributed to the Participant or any other person. The separate accounting requirement may be satisfied, at the Plan Administrator's discretion, by a segregation of the assets that are subject to separate accounting.
 - (ii) Separate accounting until the end of "18-month period." The Plan Administrator will continue to separately account for amounts that are payable under the QDRO until the end of an "18-month period." The "18-month period" will begin on the first date following the Plan's receipt of the order upon which a payment would be required to be made to an Alternate Payee under the order. If, within the "18-month period," the Plan Administrator determines that the order is a QDRO, the Plan Administrator must pay the Alternate Payee in accordance with the terms of the QDRO. If, however, the Plan Administrator determines within the "18-month period" that the order is not a QDRO, or, if the status of the order is not resolved by the end of the "18-month period," the Plan Administrator may pay out the amounts otherwise payable under the order to the person or persons who would have been entitled to such amounts if there had been no order. If the order is later determined to be a QDRO, the order will apply only prospectively; that is, the Alternate Payee will be entitled only to amounts payable under the order after the subsequent determination.
 - (iii) Preliminary review. The Plan Administrator will perform a preliminary review of the domestic relations order to determine if it is a QDRO. If this preliminary review indicates the order is deficient in some manner, the Plan Administrator will allow the parties to attempt to correct any deficiency before issuing a final decision on the domestic relations order. The ability to correct is limited to a reasonable period of time.
 - (iv) Notification of determination. The Plan Administrator will notify in writing the Participant and each Alternate Payee of the Plan Administrator's decision as to whether a domestic relations order is a QDRO. In the case of a determination that an order is not a QDRO, the written notice will contain the following information:
 - (A) references to the Plan provisions on which the Plan Administrator based its decision;
 - (B) an explanation of any time limits that apply to rights available to the parties under the Plan (such as the duration of any protective actions the Plan Administrator will take); and
 - (C) a description of any additional material, information, or modifications necessary for the order to be a QDRO and an explanation of why such material, information, or modifications are necessary.
 - (v) <u>Treatment of Alternate Payee.</u> If an order is accepted as a QDRO, the Plan Administrator will act in accordance with the terms of the QDRO as if it were a part of the Plan. An Alternate Payee will be considered a Beneficiary under the Plan and be afforded the same rights as a Beneficiary. The Plan Administrator will provide any appropriate disclosure information relating to the Plan to the Alternate Payee.
- 11.09 <u>Claims Procedure.</u> The Plan Administrator may establish procedures for administering benefit claims. Such benefit claims procedures should provide claimants with a reasonable opportunity to have a full and fair review of a denied claim. The Plan Administrator is authorized to conduct an examination of the relevant facts to determine the merits of a Participant's or Beneficiary's claim for Plan benefits.

- 11.10 Operational Rules for Short Plan Years. The following operational rules apply if the Plan has a Short Plan Year. A Short Plan Year is any Plan Year that is less than a 12-month period, either because of the amendment of the Plan Year, or because the Effective Date of a new Plan is less than 12 months prior to the end of the first Plan Year.
 - (a) If the Plan is amended to create a Short Plan Year, and an Eligibility Computation Period or Vesting Computation Period is based on the Plan Year, the applicable computation period begins on the first day of the Short Plan Year, but such period ends on the day which is 12 months from the first day of such Short Plan Year. Thus, the computation period that begins on the first day of the Short Plan Year overlaps with the computation period that starts on the first day of the next Plan Year. This rule applies only to an Employee who has at least one Hour of Service during the Short Plan Year.
 - If a Plan has an initial Short Plan Year, the rule in the above paragraph applies only for purposes of determining an Employee's Vesting Computation Period and only if the Employer elects under AA §8-3 to exclude service earned prior to the adoption of the Plan. For eligibility and vesting (where service prior to the adoption of the Plan is not ignored), if the Eligibility Computation Period or Vesting Computation Period is based on the Plan Year, the applicable computation period will be determined on the basis of the Plan's normal Plan Year, without regard to the initial short Plan Year.
 - (b) If Employer Contributions and/or Matching Contributions are allocated for a Short Plan Year, any allocation condition under AA §6-7 or AA §6B-7 that requires a Participant to complete a specified number of Hours of Service to receive an allocation of such Employer Contributions and/or Matching Contributions will not be prorated as a result of such Short Plan Year unless otherwise specified in AA §6-7 or AA §6B-7, if applicable.
 - (c) The Compensation Limit will be prorated to reflect the number of months (or partial months) included in the Short Plan Year unless the compensation used for such Short Plan Year is a period of 12 months.

In all other respects, the Plan shall be operated for the Short Plan Year in the same manner as for a 12-month Plan Year, unless the context requires otherwise. If the terms of the Plan are ambiguous with respect to the operation of the Plan for a Short Plan Year, the Plan Administrator has the authority to make a final determination on the proper interpretation of the Plan.

SECTION 12 CUSTODIAL AGREEMENTS/ANNUITY CONTRACTS

- 12.01 Creation of Custodial Agreement. If the Employer elects in the Adoption Agreement to fund the Plan using Custodial Accounts, the Employer (or, if applicable each Participant) will execute a Custodial Agreement with the Custodian, as a Vendor, in which Participants' Accounts are invested. The Custodial Agreement will describe the duties and responsibilities of the Custodian. The Custodian will be listed in Addendum B Vendors of Investment Arrangements. The Addendum will include sufficient information to identify the approved Investment Arrangement. The terms governing each Investment Arrangement under the Plan, excluding those terms that are inconsistent with the Plan or Code §403(b), are incorporated by reference in the Plan.
- 12.02 Annuity Contracts. If the Employer elects in the Adoption Agreement to provide Annuity Contracts as an investment option, the Employer will list the Vendor of the Annuity Contract in Addendum B Vendors of Investment Arrangements. The Addendum will include sufficient information to identify the approved Investment Arrangement. The terms governing each Investment Arrangement under the Plan, excluding those terms that are inconsistent with the Plan or Code §403(b), are incorporated by reference in the Plan.

SECTION 13 PARTICIPANT LOANS

Availability of Participant Loans. Subject to the terms governing the applicable Investment Arrangement, the Employer may elect under Appendix B of the Adoption Agreement to permit Participants to take loans from their vested Account Balance under the Plan. If the Employer elects to permit loans under the Plan, the Employer may elect to use the default loan policy under this Section 13, as modified under Appendix B of the Adoption Agreement, or may establish an outside loan policy for purposes of administering Participant loans under the Plan. If the Employer adopts a separate written loan policy, the terms of such separate loan policy will control over the terms of this Plan with respect to the administration of any Participant loans. Any separate written loan policy must satisfy the requirements under Code §72(p) and the regulations thereunder. Participant loans are subject to the terms of any Investment Arrangements associated with the Plan.

To receive a Participant loan, a Participant must sign a promissory note along with a pledge or assignment of the portion of the Account Balance used for security on the loan. The loan will be evidenced by a legally enforceable agreement which specifies the amount and term of the loan, and the repayment schedule.

- 13.02 <u>Must be Available in Reasonably Equivalent Manner.</u> Participant loans must be made available to Participants in a reasonably equivalent manner. The Employer may elect under AA §B-8 to limit the availability of Participant loans to specified events.
- 13.03 <u>Loan Limitations.</u> A Participant loan may not be made to the extent such loan (when added to the outstanding balance of all other loans made to the Participant) exceeds the lesser of:
 - (a) \$50,000 (reduced by the excess, if any, of the Participant's highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date on which such loan is made, over the Participant's outstanding balance of loans from the Plan as of the date such loan is made) or
 - (b) one-half (½) of the Participant's vested Account Balance, determined as of the Valuation Date coinciding with or immediately preceding such loan, adjusted for any contributions or distributions made since such Valuation Date, or, if the Plan is not subject to ERISA, \$10,000, if greater.

In applying the limitations under this Section 13.03, all plans maintained by the Employer are aggregated and treated as a single plan. In addition, any assignment or pledge of any portion of the Participant's interest in the Plan and any loan, pledge, or assignment with respect to any insurance contract purchased under the Plan will be treated as loan under this Section.

- 13.04 <u>Limit on Amount and Number of Loans.</u> Unless elected otherwise under AA §B-5 and/or AA §B-6, or under a separate written loan policy, a Participant may not receive a Participant loan of less than \$1,000 nor may a Participant have more than one Participant loan outstanding at any time.
 - (a) <u>Loan renegotiation.</u> A Participant may renegotiate a loan without violating the one outstanding loan requirement to the extent such renegotiated loan is a new loan (i.e., the renegotiated loan separately satisfies the reasonable interest rate requirement under Section 13.05, the adequate security requirement under Section 13.06, and the periodic repayment requirement under Section 13.07) and the renegotiated loan does not exceed the limitations under Section 13.03 above, treating both the replaced loan and the renegotiated loan as outstanding at the same time. However, if the term of the renegotiated loan does not end later than the original term of the replaced loan, the replaced loan may be ignored in applying the limitations under Section 13.03 above.
 - (b) Participant must be creditworthy. The Plan Administrator may refuse to make a loan to any Participant who is determined to be not creditworthy. For this purpose, a Participant is not creditworthy if, based on the facts and circumstances, it is reasonable to believe that the Participant will not repay the loan. A Participant who has defaulted on a previous loan from the Plan and has not repaid such loan (with accrued interest) at the time of any subsequent loan will be treated as not creditworthy until such time as the Participant repays the defaulted loan (with accrued interest).
- 13.05 Reasonable Rate of Interest. All Participant loans will be charged a reasonable rate of interest. For this purpose, the interest rate charged on a Participant loan must be commensurate with the interest rates charged by persons in the business of lending money for loans under similar circumstances. The Employer may identify alternative methods for determining a reasonable rate of interest under AA §B-7 or under a separate written loan policy. The Plan Administrator must periodically review its interest rate assumptions to ensure the interest rate charged on Participant loans is reasonable.

If a Participant is in "military service" while he/she has an outstanding Participant loan, the applicable interest charged on such loan during the period while the Participant is in "military service" will not exceed 6% per year provided the Participant provides written notice and a copy of his/her call-up or extension orders to the Plan Administrator within 180 days following the Participant's termination or release from "military service." For this purpose, "military service" is as defined in the

Soldier's and Sailor's Civil Relief Act of 1940 as modified by the Servicemembers Civil Relief Act of 2003. The Participant may voluntarily waive this 6% interest limitation and the Plan Administrator may petition the court to retain the original interest rate if the ability to repay is not affected by the Participant's activation to military duty.

- 13.06 Adequate Security. All Participant loans must be adequately secured. The Participant's vested Account Balance shall be used as security for a Participant loan provided the outstanding balance of all Participant loans made to such Participant does not exceed 50% of the Participants vested Account Balance, determined immediately after the origination of each loan, and, if applicable, the spousal consent requirements have been satisfied. The Plan Administrator may require a Participant to provide additional collateral to receive a Participant loan if the Plan Administrator determines such additional collateral is required to protect the interests of Plan Participants. A separate loan policy or written modifications to this loan policy may prescribe alternative rules for obtaining adequate security.
- 13.07 Periodic Repayment. A Participant loan must provide for level amortization with payments to be made not less frequently than quarterly. A Participant loan must be payable within a period not exceeding five (5) years from the date the Participant receives the loan from the Plan, unless the loan is for the purchase of the Participant's principal residence, in which case the loan must be payable within a reasonable time commensurate with the repayment period permitted by commercial lenders for similar loans. Loan repayments must be made through payroll withholding, except to the extent the Plan Administrator determines payroll withholding is not practical given the level of a Participant's wages, the frequency with which the Participant is paid, or other circumstances.
 - (a) <u>Unpaid leave of absence.</u> A Participant with an outstanding Participant loan may suspend loan payments to the Plan for up to 12 months for any period during which the Participant is on an unpaid leave of absence. Upon the Participant's return to employment (or after the end of the 12-month period, if earlier), the Participant's outstanding loan will be reamortized over the remaining period of such loan to make up for the missed payments. The reamortized loan may extend beyond the original loan term so long as the loan is paid in full by whichever of the following dates comes first: (1) the date which is five (5) years from the original date of the loan (or the end of the suspension, if sooner), or (2) the original loan repayment deadline (or the end of the suspension period, if later) plus the length of the suspension period. Alternatively, the Participant may resume loan payments under the pre-leave of absence amortization schedule with a balloon payment due at the end of the loan term.
 - (b) Military leave. A Participant with an outstanding Participant loan also may suspend loan payments for any period such Participant is on military leave, in accordance with Code §414(u)(4). Upon the Participant's return from military leave (or the expiration of five years from the date the Participant began his/her military leave, if earlier), loan payments will recommence under the amortization schedule in effect prior to the Participant's military leave, without regard to the five-year maximum loan repayment period. Alternatively, the loan may be reamortized to require a different level of loan payment, as long as the amount and frequency of such payments are not less than the amount and frequency under the amortization schedule in effect prior to the Participant's military leave.
- 13.08 Spousal consent. If the Employer elects under the AA to require spousal consent to a Plan loan, the Spouse's consent will be required with respect to a loan. A Spouse's consent, if required, must conform to any requirement imposed by the Employer or applicable State or local law.
- 13.09 Designation of Accounts. A Participant loan will be treated as a segregated investment on behalf of the individual Participant for whom the loan is made or may be treated as a general investment of the Plan. Unless designated otherwise under the AA or under a separate loan procedure, loan amounts may be taken from any available contribution source under the Plan. The Plan Administrator may determine the contribution sources from which a loan is taken or may follow directions of the Participant. Each payment of principal and interest paid by a Participant on his/her Participant loan shall be credited to the same Participant Accounts and investment funds within such Accounts from which the loan was treated.
- 13.10 Procedures for Loan Default. A Participant will be considered to be in default with respect to a loan if any scheduled repayment with respect to such loan is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due.

If a Participant defaults on a Participant loan, the Plan may not offset the Participant's Account Balance until the Participant is otherwise entitled to an immediate distribution of the portion of the Account Balance which will be offset and such amount being offset is available as security on the loan, pursuant to Section 13.06. For this purpose, a loan default is treated as an immediate distribution event to the extent the law does not prohibit an actual distribution of the type of contributions which would be offset as a result of the loan default (determined without regard to the consent requirements under Sections 8.04 and 9.02, so long as spousal consent was properly obtained at the time of the loan, if required under Section 9.02). The Participant may repay the outstanding balance of a defaulted loan (including accrued interest through the date of repayment) at any time.

Pending the offset of a Participant's Account Balance following a defaulted loan, the following rules apply to the amount in default.

- (a) Interest continues to accrue on the amount in default until the time of the loan offset or, if earlier, the date the loan repayments are made current or the amount is satisfied with other collateral.
- (b) A subsequent offset of the amount in default is not reported as a taxable distribution, except to the extent the taxable portion of the default amount was not previously reported by the Plan as a taxable distribution.
- (c) The post-default accrued interest included in the loan offset is not reported as a taxable distribution at the time of the offset.

A separate loan policy or written modifications to this loan policy may modify the procedures for determining a loan default.

13.11 Termination of Employment.

- (a) Offset of outstanding loan. A Participant loan becomes due and payable in full immediately upon the Participant's termination of employment. Upon a Participant's termination, the Participant may repay the entire outstanding balance of the loan (including any accrued interest) within a reasonable period following termination of employment. If the Participant does not repay the entire outstanding loan balance, the Participant's vested Account Balance will be reduced by the remaining outstanding balance of the loan (without regard to the consent requirements under Sections 8.04 and 9.02, so long as spousal consent was properly obtained at the time of the loan, if required), to the extent such Account Balance is available as security on the loan, pursuant to Section 13.06, and the remaining vested Account Balance will be distributed in accordance with the distribution provisions under Section 8. If the outstanding loan balance of a deceased Participant is not repaid, the outstanding loan balance shall be treated as a distribution to the Participant and shall reduce the death benefit amount payable to the Beneficiary under Section 8.08.
- (b) <u>Direct Rollover.</u> Unless otherwise elected under the AA, upon termination of employment, a Participant may request a Direct Rollover of the loan note (provided the distribution is an Eligible Rollover Distribution as defined in Section 8.05(a)(1)) to another plan which agrees to accept a Direct Rollover of the loan note. A Participant may not engage in a Direct Rollover of a loan to the extent the Participant has already received a deemed distribution with respect to such loan.
- (c) <u>Modified loan policy.</u> A separate loan policy or written modifications to this loan policy may modify this Section 13.11, including, but not limited to: (1) a provision to permit loan repayments to continue beyond termination of employment; (2) to prohibit the Direct Rollover of a loan note; and (3) to provide for other events that may accelerate the Participant's repayment obligation under the loan.
- 13.12 Mergers, Transfers or Direct Rollovers from another Plan/Change in Loan Record Keeper. Any Participant loan transferred into the Plan as the result of a merger, consolidation, or plan to plan transfer, or rolled over to the Plan from another plan, shall be administered in accordance with the provisions of the note reflecting such loan, and shall remain outstanding until repaid in accordance with its terms, except that the Employer may permit the renegotiation of the terms of the loan to the extent necessary to ensure the administration of such loan continues to satisfy the requirements of Code §72(p) and the regulations thereunder. In addition, if there is a change in the person or persons to whom the record keeping of Participant loans has been delegated, a loan shall continue to be administered in accordance with the provisions of the note reflecting such loan, and shall remain outstanding until repaid in accordance with its terms, except that the Employer may permit the renegotiation of the terms of a loan to the extent necessary to ensure the administration of the loan after the change in the loan record keeper continues to satisfy the requirements of Code §72(p) and the regulations thereunder, regardless of any contrary election under AA §B-14.
- 13.13 <u>Amendment of Plan to Eliminate Participant Loans.</u> The Plan may be amended at any time to eliminate Participant loans on a prospective basis. However, the elimination of a Participant loan feature may not result in the acceleration of payment of any existing Participant loans, unless the terms of the Participant loan permit such acceleration.

SECTION 14 PLAN AMENDMENTS, TERMINATION, MERGERS, EXCHANGES, AND TRANSFERS

14.01 Plan Amendments.

(a) Amendment by the Volume Submitter Sponsor. The Volume Submitter Sponsor may amend the Plan on behalf of all adopting Employers, including those Employers who adopt the Plan prior to or after the amendment, for changes in the Code, regulations, revenue rulings, and other statements published by the Internal Revenue Service, including model, sample or other required good faith amendments (but only if their adoption will not cause such Plan to be individually designed), and for corrections of prior approved plans. These amendments will be applied to all Employers who have adopted the Plan.

For purposes of Volume Submitter Plan amendments, the ASC Institute, as mass submitter, shall be recognized as the agent of the Volume Submitter Sponsor. If the Volume Submitter Sponsor does not adopt the amendments made by ASC Institute, as the mass submitter, it no longer will be identical to the ASC Institute mass submitter plan.

The Volume Submitter Sponsor will maintain, or have maintained on its behalf, a record of the Employers that have adopted the Plan, and the Volume Submitter Sponsor will make reasonable and diligent efforts to ensure that adopting Employers have actually received and are aware of all Plan amendments and that such Employers adopt new documents when necessary.

- (b) Amendment by the Employer. The Employer shall have the right at any time to amend the Adoption Agreement in the following manner without affecting the Plan's status as a Volume Submitter Plan. (The ability to amend the Plan as authorized under this subsection (b) applies only to the Employer that executes the Employer Signature Page of the Adoption Agreement. Any amendment to the Plan by the Employer under this subsection (b) also applies to any other Employer that participates under the Plan as a Participating Employer.)
 - (1) The Employer may change any optional selections under the Adoption Agreement.
 - (2) The Employer may add overriding language to the Adoption Agreement when such language is necessary to satisfy Code §415 because of the required aggregation of multiple plans.
 - (3) The Employer may change the administrative selections under Appendix C of the Adoption Agreement by replacing the appropriate page(s) within the Adoption Agreement. Such amendment does not require reexecution of the Employer Signature Page of the Adoption Agreement.
 - (4) The Employer may amend Addendum A Allocation of Administrative Functions and Addendum B Vendors of Investment Arrangements in the Adoption Agreement. Such amendment does not require reexecution of the Employer Signature Page of the AA.
 - (5) The Employer may add certain sample or model amendments published by the IRS which specifically provide that their adoption will not cause the Plan to be treated as an individually designed plan.
 - (6) The Employer may add or change provisions permitted under the Plan and/or specify or change the effective date of a provision as permitted under the Plan.
 - (7) The Employer may adopt any amendments that it deems necessary to satisfy the requirements for resolving qualification failures under the IRS' compliance resolution programs.

The Employer may amend the Plan at any time for any other reason. The Plan will not lose its status as a Volume Submitter Plan, unless the amendment causes the Plan to not be substantially similar to the approved Volume Submitter Plan.

- (c) <u>Method of amendment.</u> An amendment to the Plan may be adopted as a modification to the Adoption Agreement and/or Basic Plan Document or as a separate snap-on amendment. An amendment to the Plan may be adopted as part of a properly executed board resolution or other authorized action of the Employer. Any such amendment must be executed by the board of directors or a duly authorized officer of the Employer.
- **Plan Termination.** The Employer may terminate this Plan at any time by delivering to the Plan Administrator written notice of such termination. However, to the extent that the Plan holds Salary Deferral Accounts and/or Custodial Accounts, Plan termination is only permitted if the Employer does not make contributions to any Code §403(b) plan that is not part of the Plan during the period beginning on the date of Plan termination and ending 12 months after the distribution of all assets from the terminated Plan. The Employer may terminate the Plan pursuant to a Board resolution or other appropriate Employer action.

The Employer should amend the Plan to reflect the effective date of the Plan termination and any laws or regulations effective as of the date of termination.

- (a) <u>Full and immediate vesting.</u> Upon a full or partial termination of the Plan (or the complete discontinuance of contributions), all amounts credited to an affected Participant's Account become 100% vested, regardless of the Participant's vested percentage. The Plan Administrator has discretion to determine whether a partial termination has occurred.
- (b) <u>Distribution upon Plan termination.</u> Upon the termination of the Plan, the Plan Administrator shall direct the distribution of Accumulated Benefits to Participants in accordance with the provisions under Section 8 and subject to any restrictions contained in the terms governing the applicable Investment Arrangement as soon as administratively practicable after termination of the Plan.
- (c) <u>Termination upon merger, liquidation or dissolution of the Employer.</u> The Plan may terminate upon the liquidation or dissolution of the Employer provided however, that in any such event, arrangements may be made for the Plan to be continued by any successor to the Employer.
- (d) <u>Missing Participants.</u> Upon termination of the Plan, if any Participant cannot be located after a reasonable diligent search, the Plan Administrator may make a direct rollover to an IRA selected by the Plan Administrator. For this purpose, the Plan Administrator will adopt procedures similar to the procedures required under Section 8.06 for making Automatic Rollovers in applying the provisions under this subsection (d). An Automatic Rollover under this subsection (d) may be made on behalf of any missing Participant, regardless of the value of his/her vested Account Balance under the Plan.
- 14.03 Merger or Consolidation. In the event the Plan is merged or consolidated with another plan, each Participant must be entitled to a benefit immediately after such merger or consolidation that is at least equal to the benefit the Participant would have been entitled to had the Plan terminated immediately before such merger or consolidation.
- **14.04** Contract exchanges within the Plan. Subject to the terms governing the applicable Investment Arrangement, the Plan Administrator may, but is not required to, exchange Section 403(b) contracts among the Vendors of Investment Arrangements approved for use under the Plan. Such exchanges must satisfy the following conditions:
 - (a) The Plan provides for the exchange;
 - (b) The Participant or Beneficiary has an Accumulated Benefit immediately after the exchange that is at least equal to the Accumulated Benefit of that Participant or Beneficiary immediately before the exchange (taking into account the Accumulated Benefit of that Participant or Beneficiary under both Section 403(b) Contracts immediately before the exchange);
 - (c) The other Section 403(b) contract is subject to distribution restrictions with respect to the Participant that are not less stringent than those imposed on the contract being exchanged, and the Employer enters into an agreement with the issuer of the other Section 403(b) contract under which the employer and the issuer will from time to time in the future provide each other with the following information:
 - (1) Information necessary for the resulting Section 403(b) contract, or any other contract to which contributions have been made by the employer, to satisfy Code §403(b), including information concerning the Participant's employment and information that takes into account other Section 403(b) contracts or employer plans (such as whether a Severance from Employment has occurred for purposes of the distribution restrictions in Treas. Reg. §1.403(b)-6 and whether the hardship withdrawal rules of Treas. Reg. §1.403(b)-6(d)(2) are satisfied).
 - (2) Information necessary for the resulting Section 403(b) contract, or any other contract to which contributions have been made by the Employer, to satisfy other tax requirements (such as whether a plan loan satisfies the conditions in Code §72(p)(2) so that the loan is not a deemed distribution under Code §72(p)(1)).
- 14.05 Plan-To-Plan Transfers. Subject to the terms governing the applicable Investment Arrangement, the Plan Administrator may, but is not required to, permit plan-to-plan transfers. The Plan Administrator may decide in a separate policy whether the Plan accepts plan-to-plan transfers into the Plan and separately whether the Plan allows plan-to-plan transfers from the plan. Plan-to-plan transfers must satisfy the following conditions:
 - (a) In the case of a transfer for a Participant, the Participant is an Employee or former Employee of the Employer (or the business of the employer) for the receiving plan;

- (b) In the case of a transfer for a Beneficiary of a deceased Participant, the Participant was an Employee or former Employee of the Employer (or business of the Employer) for the receiving plan;
- (c) The transferor plan provides for transfers;
- (d) The receiving plan provides for the receipt of transfers;
- (e) The Participant or Beneficiary whose assets are being transferred has an Accumulated Benefit immediately after the transfer that is at least equal to the Accumulated Benefit of that Participant or Beneficiary immediately before the transfer;
- (f) The receiving plan provides that, to the extent any amount transferred is subject to any distribution restrictions under Treas. Reg. §1.403(b)-6, the receiving plan imposes restrictions on distributions to the participant or beneficiary whose assets are being transferred that are not less stringent than those imposed on the transferor plan; and
- (g) If a plan-to-plan transfer does not constitute a complete transfer of the Participant's or Beneficiary's interest in the Plan, the transferee plan treats the amount transferred as a continuation of a pro rata portion of the Participant's or Beneficiary's interest in the Plan.
- **Transfers to purchase permissive service credits.** The Plan Administrator may, but is not required to, permit transfers to purchase service credits as provided under this Section.
 - (a) If a Participant is also a participant in a tax-qualified defined benefit governmental plan (as defined in Code §414(d)) that provides for the acceptance of plan-to-plan transfers with respect to the Participant, then the Participant may elect to have any portion of the Participant's Accumulated Benefit transferred to the defined benefit governmental plan. A transfer may be made before the Participant has had a Severance from Employment.
 - (b) A transfer may be made only if the transfer is either for the purchase of permissive service credits (as defined in Code §415(n)(3)(A)) under the receiving defined benefit governmental plan or a repayment to which Code §415 does not apply by reason of Code §415(k)(3).

SECTION 15 MISCELLANEOUS

Exclusive Benefit. Except as provided under Section 15.02, no part of the Plan assets may revert to the Employer prior to the satisfaction of all liabilities under the Plan nor will such Plan assets be used for, or diverted to, a purpose other than the exclusive benefit of Participants or their Beneficiaries.

No amendment may authorize or permit any portion of the assets held under the Plan to be used for or diverted to a purpose other than the exclusive benefit of Participants or their Beneficiaries, except to the extent such assets are used to pay taxes or administrative expenses of the Plan. An amendment also may not cause or permit any portion of the assets held under the Plan to revert to or become property of the Employer.

Return of Contributions. Upon written request by the Plan Administrator, the Custodian/Insurance Company must return any Plan contributions (adjusted for any income or loss in value, if any) made because of a mistake of fact within one year of the contribution.

15.03 General Compliance with Code §403(b).

- (a) A Participant may not transfer his interest in the Plan, except as allowed by IRS regulations and approved by the Plan Administrator.
- (b) A Participant may not make Salary Deferrals under the Plan and all other plans, contracts or arrangements maintained by the Employer in any calendar year which exceeds the dollar limitation in effect under Code §402(g)(1).
- (c) Distributions of a Participant's benefits from the Plan shall begin no later than the Participant's required beginning date under Code §401(a)(9) and all payments shall satisfy the minimum distribution and incidental death benefit requirements of Code §401(a)(9).
- (d) In form and in operation, the Plan shall satisfy the direct rollover rules under Code §\$403(b)(10) and 401(a)(31).
- (e) In form and in operation, the Plan shall satisfy the nondiscrimination requirements of Code §403(b)(12), if applicable.
- Alienation or Assignment. Except as permitted under applicable statute or regulation, a Participant or Beneficiary may not assign, alienate, transfer or sell any right or claim to a benefit or distribution from the Plan, and any attempt to assign, alienate, transfer or sell such a right or claim shall be void, except as permitted by statute or regulation. Any such right or claim under the Plan shall not be subject to attachment, execution, garnishment, sequestration, or other legal or equitable process. This prohibition against alienation or assignment also applies to the creation, assignment, or recognition of a right to a benefit payable with respect to a Participant pursuant to a domestic relations order, unless such order is determined to be a QDRO pursuant to Section 11.08, or any domestic relations order entered before January 1, 1985.

This Section 15.04 shall not preclude the following:

- (a) The enforcement of a Federal tax levy made pursuant to Code §6331.
- (b) The collection by the United States on a judgment resulting from an unpaid tax assessment.
- (c) Any arrangement for the recovery by the plan of overpayments of benefits previously made to a participant.

This Section 15.04 shall not apply to an offset of a Participant's benefits as a result of a judgment of conviction for a crime involving the Plan.

15.05 Participants' Rights. The adoption of this Plan by the Employer does not give any Participant, Beneficiary, or Employee a right to continued employment with the Employer and does not affect the Employer's right to discharge an Employee or Participant at any time. This Plan also does not create any legal or equitable rights in favor of any Participant, Beneficiary, or Employee against the Employer or Plan Administrator. Unless the context indicates otherwise, any amendment to this Plan is not applicable to determine the benefits accrued (and the extent to which such benefits are vested) by a Participant or former Employee whose employment terminated before the effective date of such amendment, except where application of such amendment to the terminated Participant or former Employee is required by statute, regulation or other guidance of general applicability. Where the provisions of the Plan are ambiguous as to the application of an amendment to a terminated Participant or former Employee, the Plan Administrator has the authority to make a final determination on the proper interpretation of the Plan.

Military Service. To the extent required under Code §414(u), an Employee who returns to employment with the Employer following a period of qualified military service will receive any contributions, benefits and service credit required under Code §414(u), provided the Employee satisfies all applicable requirements under the Code and regulations. In addition, the survivors of any Participant who dies on or after January 1, 2007, while performing qualified military service, are entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service) that would have been provided under the Plan had the Participant resumed employment and then terminated employment on account of death.

The Employer may, for benefit accrual purposes, treat an individual who dies or becomes disabled while performing qualified military service as if that individual had resumed employment in accordance with USERRA reemployment rights on the day preceding the death or disability and then terminated employment on the actual date of death or disability.

- **Annuity Contracts.** Any annuity contract distributed under the Plan must be nontransferable. In addition, the terms of any annuity contract purchased and distributed to a Participant or to a Participant's Spouse must comply with all requirements under this Plan.
- 15.08 IRS Levy. The Plan Administrator may pay from a Participant's or Beneficiary's Accumulated Benefit the amount that the Plan Administrator finds is lawfully demanded under a levy issued by the Internal Revenue Service with respect to that Participant or Beneficiary or is sought to be collected by the United States Government under a judgment resulting from an unpaid tax assessment against the Participant or Beneficiary.
- **Use of IRS compliance programs.** Nothing in this Plan document should be construed to limit the availability of the IRS' voluntary compliance programs, An Employer may take whatever corrective actions are permitted under the IRS voluntary compliance programs, as is deemed appropriate by the Plan Administrator or Employer.
- **15.10** Governing Law. The provisions of this Plan shall be construed, administered, and enforced in accordance with the provisions of applicable Federal Law and, to the extent applicable, the laws of the State in which the Employer has its principal place of business.
- **Waiver of Notice.** Any person entitled to a notice under the Plan may waive the right to receive such notice, to the extent such a waiver is not prohibited by law, regulation or other pronouncement.
- 15.12 <u>Use of Electronic Media.</u> The Plan Administrator may use telephonic or electronic media to satisfy any notice requirements required by this Plan, to the extent permissible under regulations (or other generally applicable guidance). In addition, a Participant's consent to immediate distribution, as required by Section 8.04, may be provided through telephonic or electronic means, to the extent permissible under regulations (or other generally applicable guidance). The Plan Administrator also may use telephonic or electronic media to conduct plan transactions such as enrolling participants, making (and changing) salary reduction elections, electing (and changing) investment allocations, applying for Plan loans, and other transactions, to the extent permissible under regulations (or other generally applicable guidance).
- **Severability of Provisions.** In the event that any provision of this Plan shall be held to be illegal, invalid or unenforceable for any reason, the remaining provisions under the Plan shall be construed as if the illegal, invalid or unenforceable provisions had never been included in the Plan.
- **Binding Effect.** The Plan, and all actions and decisions made thereunder, shall be binding upon all applicable parties, and their heirs, executors, administrators, successors and assigns.

SECTION 16 PARTICIPATING EMPLOYERS

Participation by Participating Employers. An Employer (other than the Employer that executes the Employer Signature Page of the Adoption Agreement) may elect to participate under this Plan by executing a Participating Employer Adoption Page under the Adoption Agreement. A Participating Employer (including a Related Employer) may not contribute to this Plan unless it executes the Participating Employer Adoption Page. If an unrelated Employer executes a Participating Employer Adoption Page, the Plan will be a Multiple Employer Plan (see Section 16.07 for special rules applicable to Multiple Employer Plans).

16.02 Participating Employer Adoption Page.

- (a) Application of Plan provisions. By executing a Participating Employer Adoption Page, a Participating Employer adopts all the provisions of the Plan, including the elective choices made by the signatory Employer under the Adoption Agreement. The Participating Employer may elect under the Participating Employer Adoption Page to modify the elective provisions under the Adoption Agreement as they apply to the Participating Employer.
- (b) <u>Plan amendments.</u> In addition, unless provided otherwise under the Participating Employer Adoption Page, a Participating Employer is bound by any amendments made to the Plan in accordance with Section 14.01.
- (c) <u>Investment Arrangements.</u> The Participating Employer agrees to use the same Vendors of Investment Arrangements designated in Addendum B Vendors of Investment Arrangements. The Participating Employer may add additional Vendors of Investment Arrangements under Addendum B.
- 16.03 Compensation of Related Employers. In applying the provisions of this Plan, Total Compensation includes amounts earned with a Related Employer, regardless of whether such Related Employer executes a Participating Employer Adoption Page. The Employer may elect under AA §5-3(h) to exclude amounts earned with a Related Employer that does not execute a Participating Employer Adoption Page for purposes of determining an Employee's Plan Compensation.
- 16.04 Allocation of Contributions and Forfeitures. Unless selected otherwise under the Participating Employer Adoption Page, any contributions made by a Participating Employer (and any forfeitures relating to such contributions) will be allocated to all Participants employed by the Employer and Participating Employers in accordance with the provisions under this Plan. A Participating Employer may elect under the Participating Employer Adoption Page to allocate its contributions (and forfeitures relating to such contributions) only to the Participants employed by the Participating Employer making such contributions. If so elected, Employees of the Participating Employer will not share in an allocation of contributions (or forfeitures relating to such contributions) made by any other Participating Employer (except in such individual's capacity as an Employee of that other Participating Employer). Thus, for example, a Participating Employer may make a different discretionary contribution and allocate such contribution only to its Employees. Where contributions are allocated only to the Employees of a contributing Participating Employer, a separate accounting must be maintained of Employees' Account Balances attributable to the contributions of a particular Participating Employer. This separate accounting is necessary only for contributions that are not 100% vested, so that the allocation of forfeitures attributable to such contributions can be allocated for the benefit of the appropriate Employees. An election to allocate contributions and forfeitures only to the Participants employed by the Participating Employer making such contributions will preclude the Plan from satisfying the nondiscrimination safe harbor rules under Treas. Reg. §1.401(a)(4)-2 and may require additional nondiscrimination testing. (See Section 16.07 for special coverage and nondiscrimination testing requirements applicable to Multiple Employer Plans.)
- Discontinuance of Participation by a Participating Employer. A Participating Employer may discontinue its participation under the Plan at any time. To document a Participating Employer's cessation of participation, the following procedures should be followed: (1) the Participating Employer should adopt a resolution that formally terminates active participation in the Plan as of a specified date, (2) the Employer that has executed the Employer Signature Page of the Adoption Agreement should reexecute such page, indicating an amendment by page substitution through the deletion of the Participating Employer Adoption Page executed by the withdrawing Participating Employer, and (3) the withdrawing Participating Employer should provide any notices to its Employees that are required by law. Discontinuance of participation means that no further benefits accrue after the effective date of such discontinuance with respect to employment with the withdrawing Participating Employer. The portion of the Plan attributable to the withdrawing Participating Employer may continue as a separate plan, under which benefits may continue to accrue, through the adoption by the Participating Employer of a successor plan (which may be created through the execution of a separate Adoption Agreement by the Participating Employer) or by spin-off of the portion of the Plan attributable to such Participating Employer followed by a merger or transfer into another existing plan, as specified in a merger or transfer agreement.
- **16.06** Operational Rules for Related Employer Groups. If an Employer has one or more Related Employers, the Employer and such Related Employer(s) constitute a Related Employer group. In such case, the following rules apply to the operation of the Plan.

- (a) If the term "Employer" is used in the context of administrative functions necessary to the operation, establishment, maintenance, or termination of the Plan, only the Employer executing the Employer Signature Page under the Adoption Agreement, and any Related Employer executing a Participating Employer Adoption Page, is treated as the Employer.
- (b) Hours of Service are determined by treating all members of the Related Employer group as the Employer.
- (c) The term Excluded Employee is determined by treating all members of the Related Employer group as the Employer, except as specifically provided in the Plan.
- (d) Compensation is determined by treating all members of the Related Employer group as the Employer, except as specifically provided in the Plan.
- (e) An Employee is not treated as terminated from employment if the Employee is employed by any member of the Related Employer group.
- (f) The Code §415 Limitation described in Section 5.03 is applied by treating all members of the Related Employer group as the Employer.

In all other contexts, the term "Employer" generally means a reference to all members of the Related Employer group, unless the context requires otherwise. If the terms of the Plan are ambiguous with respect to the treatment of the Related Employer group as the Employer, the Plan Administrator has the authority to make a final determination on the proper interpretation of the Plan.

- **Special rules for Multiple Employer Plans.** If an Employer (other than a Related Employer) executes a Participating Employer Adoption Page under the Adoption Agreement, the Plan is treated as a Multiple Employer Plan. If the Plan is a Multiple Employer Plan, the following rules apply.
 - (a) <u>Eligibility requirements.</u> If the Plan is a Multiple Employer Plan, the eligibility rules under Section 2 are applied as if the Employees of all Employers participating in the Multiple Employer Plan are employed by a single Employer.
 - (b) <u>Vesting rules.</u> If the Plan is a Multiple Employer Plan, the vesting rules under Section 7 are applied as if the Employees of all Employers participating in the Multiple Employer Plan are employed by a single Employer.
 - (c) <u>Code §415 Limit.</u> If the Employer is a Multiple Employer Plan, the Code §415 Limit under Section 5.03 is applied as if the Employees of all Employers participating in the Multiple Employer Plan are employed by a single Employer. Thus, if a Participant receives contributions from more than one Employer within the Multiple Employer Plan, such contributions must be aggregated for purposes of applying the Code §415 Limit. For this purpose, Total Compensation from all participating Employers may be considered in applying the Code §415 Limit.
 - (d) Other rules applicable to Multiple Employer Plans. To the extent not addressed in this Section 16.07, rules similar to the rules under Code §413(c) and applicable regulations will apply to a Multiple Employer Plan.

APPENDIX A ACTUARIAL FACTORS (For use with age-based allocation formula)

Actuarial Factor Table. The following table sets forth Actuarial Factors based on a testing age of 65, an interest rate of 8.5% and a UP-1984 mortality table. The Actuarial Factors in this table must be modified if the Employer uses a testing age other than age 65 or selects a different interest rate or mortality table under AA §6-3(f). To determine a Participant's Actuarial Factor, use the factor corresponding to the number of years to the Participant's testing age. The number of years to the testing age is determined by counting the number of years from the last day of the current Plan Year to the last day of the Plan Year in which the Participant reaches the testing age. If the Participant has reached the testing age as of the last day of the current Plan Year, the number of years is 0 for that year and all subsequent years.

APPENDIX B INTERIM AMENDMENT #1

ARTICLE I PURPOSE OF APPENDIX B

- **B-1.01** Adoption by Pre-Approved Plan Sponsor. Pursuant to Revenue Procedure 2013-22 and Section 14.01(a) of the Plan, the Plan is being amended by the Pre-Approved Plan Sponsor on behalf of all adopting Employers. This interim amendment is intended to qualify as a good-faith amendment to document the Plan's compliance with the plan qualification requirements under IRS guidance. A copy of this amendment will be provided to all adopting Employers of the Pre-Approved Plan and made a part of their Plans.
- **B-1.02** Application. This Appendix B supersedes any contrary provisions under the Plan. However, this amendment does not replace any prior amendments that were adopted to comply with applicable requirements. Thus, the date of adoption of any prior amendments will continue to control in determining the date as of which such amendments were first adopted.

ARTICLE II AMENDMENTS RELATING TO REQUIRED MINIMUM DISTRIBUTION REQUIREMENTS

- B-2.01 Application of the Minimum Distribution Requirements of Code §401(a)(9). As set forth in Section 8.11 of the Plan, the Plan shall comply with the minimum distribution requirements of Code §401(a)(9) and the regulations thereunder as applicable to Code §403(b) plans. These requirements are incorporated by reference into the Plan, with the general rules set forth in Sections B-2.02 B-2.07 below. Subject to the terms of the applicable Investment Arrangements, the Plan Administrator shall ensure that the Plan conforms with the minimum distribution requirements, including the final regulations under Treas. Reg. §1.401(a)(9)-6 relating to the purchase of Qualifying Longevity Annuity Contracts. The Plan Administrator may adopt appropriate administrative procedures, consistent with the provisions of the applicable Investment Arrangements, to assist in compliance with the minimum distribution requirements of Code §401(a)(9) and the regulations thereunder as applicable to Code §403(b) plans. In the event of any conflict between the terms of the Plan and the terms of any associated Investment Arrangement, the terms of the Plan shall govern.
- B-2.02 General Rules Regarding Minimum Distribution Requirements. Unless and to the extent otherwise permitted by law and in regulations or other rules of general applicability published by the Department of the Treasury or the Internal Revenue Service, the Plan shall comply with the minimum distribution requirements of section 401(a)(9) of the Internal Revenue Code and the regulations thereunder in accordance with Sections B-2.03 through B-2.07. The distribution requirements in Sections B-2.03 through B-2.07 generally apply to a Participant's entire Accumulated Benefit. However, these requirements do not apply to the undistributed portion of a Participant's Accumulated Benefit valued as of December 31, 1986, exclusive of subsequent earnings (the pre-'87 account balance), provided that the applicable requirements of §1.401(a)(9)-6(e)(6) of the Treasury Regulations are satisfied. In this case, a Participant's pre-'87 account balance shall be distributed in accordance with the incidental benefit requirements of §1.401-1(b)(1)(i) of the Treasury Regulations. To the extent permitted under §1.403(b)-6(e)(7), a Participant's Investment Arrangement(s) under the Plan, or under the Plan and other §403(b) plans in which the Participant participates as an Employee, may be aggregated and the minimum distribution requirements satisfied by distribution from any one or more of the Investment Arrangements.
- **B-2.03** Required Minimum Distributions. Distribution of the Participant's Accumulated Benefit will begin no later than the first day of April following the later of the calendar year in which the Participant attains age 70½ or the calendar year in which the Participant retires from employment (the "required beginning date") over (1) the life of the Participant, (2) the lives of the Participant and Beneficiary, or (3) a period certain not extending beyond the life expectancy of the Participant or the joint and last survivor expectancy of the Participant and Beneficiary. However, distributions to a 5-percent owner (if applicable) must commence by April 1 of the calendar year following the calendar year in which the owner attains age 70½.
 - (a) If the Participant's Accumulated Benefit is not distributed as an annuity, the amount to be distributed each year, beginning with the calendar year the Participant attains age 70 ½ or retires and continuing through the year of death, shall not be less than the quotient obtained by dividing the value of the Accumulated Benefit, including outstanding rollovers and transfers, as of the end of the preceding year by the distribution period in the Uniform Lifetime Table in Q&A-2 of §1.401(a)(9)-9 of the Treasury Regulations, using the Participant's age as of his or her birthday in the Distribution Calendar Year. However, if the Participant's sole Beneficiary is his or her surviving Spouse and such Spouse is more than 10 years younger than the Participant, then the distribution period is determined under the Joint and Last Survivor Table in Q&A-3 of §1.401(a)(9)-9, using the ages as of the Participant's and Spouse's birthdays in the year of the Spouse's death.

- (b) If the Participant's Accumulated Benefit is distributed as an annuity, the distribution periods described in paragraph (a) above cannot exceed the periods specified in §1.401(a)(9)-6 of the Treasury Regulations. Payments must be made in periodic payments at intervals of no longer than one year and must be either non-increasing or they may increase only as provided in Q&As-1 and -4 of §1.401(a)(9)-6 of the Treasury Regulations. In addition, any distribution must satisfy the incidental benefit requirements specified in Q&A-2 of §1.401(a)(9)-6.
- (c) The required minimum distribution for the year the Participant attains age 70 ½ or retires (or first required annuity payment) can be made as late as the required beginning date. The required minimum distribution (or required annuity payment) for any other year, including the year that contains the required beginning date, must be made by the end of such year.
- B-2.04 Death On or After Required Beginning Date or Date Required Annuity Payments Begin. If the Participant's Accumulated Benefit is distributed as an annuity and the Participant dies on or after required payments begin, the remaining portion of the Participant's interest will continue to be distributed under the contract option chosen. If the Participant's Accumulated Benefit is not distributed as an annuity and the Participant dies on or after the required beginning date, the remaining portion of the Participant's interest will be distributed at least as rapidly as follows:
 - (a) If the Beneficiary is someone other than the Participant's surviving Spouse, the remaining interest will be distributed over the remaining life expectancy of the Beneficiary, with such life expectancy determined using the Beneficiary's age as of his or her birthday in the year following the year of the Participant's death, or over the period described in paragraph (c) below if longer.
 - (b) If the Participant's sole Beneficiary is the Participant's surviving Spouse, the remaining interest will be distributed over the Spouse's life or over the period described in paragraph (c) below if longer. Any interest remaining after the Spouse's death will be distributed over the Spouse's remaining life expectancy determined using the Spouse's age as of his or her birthday in the year of the Spouse's death, or, if the distributions are being made over the period described in paragraph (c) below, over such period.
 - (c) If there is no Beneficiary, or if applicable by operation of paragraph (a) or (b) above, the remaining interest will be distributed over the Participant's remaining life expectancy determined in the year of the Participant's death.
 - (d) The amount to be distributed each year under paragraph (a), (b) or (c), beginning with the calendar year following the calendar year of the Participant's death, is the quotient obtained by dividing the value of the Accumulated Benefit as of the end of the preceding year by the remaining life expectancy specified in such paragraph. Life expectancy is determined using the Single Life Table in Q&A-1 of §1.401(a)(9)-9 of the Treasury Regulations. If distributions are being made to a surviving Spouse as the sole Beneficiary, the Spouse's remaining life expectancy for a year is the number in the Single Life Table corresponding to such Spouse's age in the year. In all other cases, remaining life expectancy for a year is the number in the Single Life Table corresponding to the Beneficiary's or Participant's age in the year specified in paragraph (a), (b) or (c) and reduced by 1 for each subsequent year.
- **B-2.05** Death Before Required Beginning Date or Date Required Annuity Payments Begin. If the Participant dies before the required beginning date (or the date required payments begin, in the case of an annuity), his or her entire interest will be distributed at least as rapidly as follows:
 - (a) If the Beneficiary is someone other than the Participant's surviving Spouse, the entire interest will be distributed, starting by the end of the calendar year following the calendar year of the Participant's death, over the remaining life expectancy of the Beneficiary, with such life expectancy determined using the age of the Beneficiary as of his or her birthday in the year following the year of the Participant's death, or, if elected, in accordance with paragraph (c) below.
 - (b) If the Participant's Beneficiary is the Participant's surviving Spouse, the entire interest will be distributed, starting by the end of the calendar year following the calendar year of the Participant's death (or by the end of the calendar year in which the Participant would have attained age 70½, if later), over the Spouse's life, or, if elected, in accordance with paragraph (c) below. If the surviving Spouse dies before distributions are required to begin, the remaining interest will be distributed, starting by the end of the calendar year following the calendar year of the Spouse's death, over the Spouse's Beneficiary's remaining life expectancy determined using the Beneficiary's age as of his or her birthday in the year following the death of the Spouse, or, if elected, will be distributed in accordance with paragraph (c) below. If the surviving Spouse dies after distributions are required to begin, any remaining interest will be distributed under the contract option chosen, in the case of an annuity, or over the Spouse's remaining life expectancy determined using the Spouse's age as of his or her birthday in the year of the Spouse's death.
 - (c) If there is no Beneficiary, or if applicable by operation of paragraph (a) or (b) above, the entire interest, to the extent required by regulations, will be distributed by the end of the calendar year containing the fifth anniversary of the Participant's death (or of the Spouse's death in the case of the surviving Spouse's death before distributions are required

to begin under paragraph (b) above).

- B-2.06 Except in the case of a distribution as an annuity, the amount to be distributed each year under paragraph B-2.05(a) or B-2.05(b) is the quotient obtained by dividing the value of the account as of the end of the preceding year by the remaining life expectancy specified in such paragraph. Life expectancy is determined using the Single Life Table in Q&A-1 of §1.401(a)(9)-9 of the Treasury Regulations. If distributions are being made to a surviving Spouse as the designated Beneficiary, the Spouse's remaining life expectancy for a year is the number in the Single Life Table corresponding to the Spouse's age in the year. In all other cases, remaining life expectancy for a year is the number in the Single Life Table corresponding to the Beneficiary's age in the year specified in Section B-2.05(a) or B-2.05(b) and reduced by 1 for each subsequent year. The "value" of the Accumulated Benefit or the "interest" in the annuity includes the amount of any outstanding rollover and transfer and the actuarial value of any other benefits provided under the annuity such as guaranteed death benefits, to the extent required under applicable regulations.
- B-2.07 For purposes of Sections B-2.04 and B-2.05 above, required annuity payments are considered to begin on the Participant's required beginning date or, if applicable, on the date distributions are required to begin to the surviving Spouse under Section B-2.05(b) above. However, if distributions start prior to the applicable date in the preceding sentence, on an irrevocable basis (except for acceleration) under an Annuity Contract meeting the requirements of §1.401(a)(9)-6 of the Treasury Regulations, then required annuity payments are considered to begin on the annuity starting date.

ARTICLE III AMENDMENTS RELATING TO DISASTER RELIEF

- **B-3.01** Relief for Victims of Certain Qualified Natural Disasters. Notwithstanding other provisions of the Plan, the Employer may operate the Plan to provide relief from certain qualification rules relating to hardship distributions and loans for Participants who are victims of certain Qualified Natural Disasters, as set forth under applicable IRS or legislative guidance.
- B-3.02 Qualified Natural Disasters. For purposes of this section, Qualified Natural Disasters include:
 - (a) Louisiana storms, as provided under IRS Announcement 2016-30.
 - (b) Hurricane Matthew, as provided under IRS Announcement 2016-36.
 - (c) Hurricane Harvey, as provided under IRS Announcement 2017-11.
 - (d) Hurricane Irma, as provided under IRS Announcement 2017-13.
 - (e) Hurricane Maria and the California Wildfires, as provided under IRS Announcement 2017-15.
 - (f) Any other natural disaster for which the IRS or Congress provides relief from certain qualification rules.
- **B-3.03** General Rules. If the Employer and the Plan Administrator make good-faith efforts to apply the Plan provisions in conformance with the relief provided under applicable guidance, the Plan will not be treated as failing to satisfy the requirements of the Code or regulations. In general, the following rules apply:
 - (a) In order to make a loan or distribution (including a hardship distribution), the Plan must provide for loans or distributions, as applicable.
 - (b) Participants (victims) for whom the relief is available are determined under the appropriate IRS or legislative guidance.
 - (c) The amount available for hardship distribution is limited to the maximum amount that would be available for a hardship distribution under the Plan. However, the relief provided applies to any hardship of the Participant and no post-distribution contribution restrictions apply.
 - (d) To qualify for relief under this section, a hardship distribution must be made on account of a hardship resulting from the applicable Qualified Natural Disaster and within the time frame provided under the applicable guidance relating to the Qualified Natural Disaster.
 - (e) The Plan will not be treated as failing to follow Plan procedural requirements for loans or distributions during the periods provided under guidance relating to the applicable Qualified Natural Disaster.

APPENDIX C - INTERIM AMENDMENT #2

ARTICLE I PURPOSE OF APPENDIX C

- C-1.01 Adoption by Pre-Approved Plan Sponsor. Pursuant to Revenue Procedure 2013-22 and Section 14.01(a) of the Pre-Approved Plan, the Pre-Approved Plan is being amended by the Pre-Approved Plan Sponsor on behalf of all adopting Employers. This interim amendment is intended to qualify as a good-faith amendment to document the Pre-Approved Plan's compliance with the plan qualification requirements under IRS guidance. A copy of this amendment will be provided to all adopting Employers of the Pre-Approved Plan and made a part of their Plans.
- C-1.02 Application. This interim amendment supersedes any contrary provisions under the Pre-Approved Plan. No signature is required by the Employer to adopt this interim amendment. This interim amendment applies to the signatory Employer and any other adopting Employers of the Pre-Approved Plan.

ARTICLE II AMENDMENT RELATING TO THE EXTENDED ROLLOVER PERIOD FOR PLAN LOAN OFFSET AMOUNTS AND ACCEPTANCE OF ROLLOVER CONTRIBUTIONS

- C-2.01 Rollovers of Qualified Plan Loan Offset Amounts. Pursuant to §13613 of the Tax Cuts and Jobs Act of 2017, notwithstanding any other provisions of the Plan, the period during which a Qualified Plan Loan Offset Amount may be contributed to the Plan as a Rollover Contribution is extended from 60 days after the date of the offset to the due date (including extensions) for filing the individual's Federal income tax return for the taxable year in which the Plan loan offset occurs.
 - (a) <u>Effective date.</u> This Section C-2.01 is effective for Qualified Plan Loan Offset Amounts distributed in taxable years beginning after December 31, 2017.
 - (b) <u>Definition of Qualified Plan Loan Offset Amount.</u> For purposes of this Section C-2.01, a Qualified Plan Loan Offset Amount is a Plan loan offset amount that is treated as distributed from a tax-qualified retirement plan described in Code \$401(a) or Code \$403(a), an annuity contract described in Code \$403(b), or a governmental plan under Code \$457(b) solely by reason of termination of the Plan or failure to meet the repayment terms of the loan because of Severance from Employment.
- C-2.02 Acceptance of Rollover Contributions. Notwithstanding any other provision of the Plan, the Plan Administrator may accept any Rollover Contribution that satisfies the requirements including the time period to make Rollover Contributions, under Code \$402(c) and applicable IRS regulations and other guidance. Thus, for example, the Plan Administrator may accept a Rollover Contribution as provided under Revenue Procedure 2016-47 relating to the waiver of the 60-day rollover period and acceptable self-certification by an Employee.

ARTICLE III AMENDMENT RELATING TO SPECIAL DISASTER-RELATED RULES

- C-3.01 In General. This Article III incorporates the provisions of Section 502 of the Disaster Tax Relief and Airport and Airway Extension Act of 2017, Section 11028 of the Tax Cuts and Jobs Act of 2017, and Section 20102 of the Bipartisan Budget Act of 2018 relating to special disaster-related rules for retirement plans. The provisions of this Article III will apply only to the extent a distribution or loan has been made to a qualified individual as provided under the applicable law. If the Plan does not operationally apply the rules under this Article III, such provisions do not apply to the Plan. To the extent this Article III applies to the Plan, the provisions of this Article III supersede any inconsistent provisions of the Plan or loan program.
- C-3.02 <u>Tax-favored Withdrawals from the Plan.</u>
 - (a) <u>Eligibility for Qualified Disaster Distribution.</u> A qualified individual (as determined under the appropriate provisions of the laws referenced in C-3.01 above) may take a Qualified Disaster Distribution without regard to any distribution restrictions otherwise applicable under the Plan.
 - (1) <u>Definition of Qualified Disaster Distribution.</u> A Qualified Disaster Distribution is a distribution within the applicable time periods to a qualified individual as described in Section 502(a) of the Disaster Tax Relief and Airport and Airway Extension Act of 2017, Section 11028(b)(1) of the Tax Cuts and Jobs Act of 2017, and Section 20102(b)(1) of the Bipartisan Budget Act of 2018.
 - (2) <u>Limit on amount of Qualified Disaster Distributions.</u> The aggregate amount of Qualified Disaster Distributions received by an individual for any taxable year (from all plans maintained by the Employer and any

member of a controlled group which includes the Employer) may not exceed the excess (if any) of \$100,000, over the aggregate amounts treated as Qualified Disaster Distributions (under the applicable relief law) received by such individual for all prior taxable years.

- (b) Repayment of Qualified Disaster Distribution. A Participant who received a Qualified Disaster Distribution from the Plan or another eligible retirement plan (as defined in Code §402(c)(8)(B)) may, at any time during the 3-year period beginning on the day after the receipt of such distribution, make one or more rollover contributions to the Plan in an aggregate amount that does not exceed the amount of such Qualified Disaster Distribution. This subsection (b) only applies if the Plan permits rollover contributions.
- (c) Recontributions of Withdrawals for Home Purchases. As provided under Section 502(b) of the Disaster Tax Relief and Airport and Airway Extension Act of 2017 and Section 20102(b) of the Bipartisan Budget Act of 2018, a Participant who received a qualified distribution to purchase a home, but does not purchase the home due to the disaster may, under the applicable law, make one or more rollover contributions to the Plan during the applicable period in an aggregate amount not to exceed the amount of such qualified distribution. This subsection (c) only applies if the Plan permits rollover contributions.
- (d) Special Loan Rules. As provided under Section 502(c) of the Disaster Tax Relief and Airport and Airway Extension Act of 2017 and Section 20102(c) of the Bipartisan Budget Act of 2018, the Plan Administrator is authorized (but not required) to revise the applicable loan requirements under the Plan to reflect (1) and (2) below.
 - (1) Increased Participant loan limits. Notwithstanding the Participant loan limitations under the Plan, for purposes of determining the permissible Participant loans for qualified individuals during the applicable periods (as provided for under Section 502(c) of the Disaster Tax Relief and Airport and Airway Extension Act of 2017 and Section 20102(c) of the Bipartisan Budget Act of 2018), the loan limit under Code §72(p)(2)(A) shall be applied by substituting "\$100,000" for "\$50,000" and the adequate security requirement under Code §72(p)(2)(A) (ii) may be applied using "the Participant's vested Account Balance" rather than "one-half (½) of the Participant's vested Account Balance."
 - (2) <u>Delayed loan repayment date.</u> If a qualified individual has an outstanding Participant loan on or after the qualified beginning date (as provided under Section 502(c) of the Disaster Tax Relief and Airport and Airway Extension Act of 2017 and Section 20102(c) of the Bipartisan Budget Act of 2018), and the due date for repayment of such loan occurs during the applicable period beginning on the qualified beginning date (as described under the applicable disaster relief law):
 - (i) the due date for repayment of the Participant loan shall be delayed for 1 year;
 - (ii) any subsequent repayments with respect to such loan shall be appropriately adjusted to reflect the delay in the due date under subsection (i) and any interest accruing during such delay; and
 - (iii) in determining the 5-year period and the term of the loan under Code §72(p)(2)(B) and (C), the 1-year delay period described in subsection (i) shall be disregarded.

SECTION 1 – WELCOME

Welcome to TEACH Public Schools!

We are happy to have you join us at TEACH Public Schools. We believe our school is truly unique. We serve a diverse group of talented and hardworking students. We regard the work we do as being of utmost importance. Therefore, we have very high expectations for professionalism and performance for each one of our employees. All employees should treat all individuals, including students, teachers, administrators, volunteers, and family members, with respect, and approach all situations as opportunities to learn.

This handbook has been written to provide you with an overview of TEACH, Inc., a California Nonprofit Public Benefit Corporation and its individual charter schools (hereinafter referred to as "TEACH" or the "School") personnel policies and procedures, and your benefits as a TEACH employee.

This handbook is intended to explain in general terms those policies that most often apply to your day-to-day work activities. This handbook cannot anticipate every situation or answer every question about employment, and it is not an employment contract. Employees are expected to read this handbook thoroughly upon receipt, to know and abide by the policies outlined herein, and as revised over time, throughout their employment. No TEACH guideline, practice, manual or rule may alter the "at-will" status of your relationship with TEACH.

In order to retain necessary flexibility in the administration of its policies, procedures and benefits, TEACH reserves the right to change, deviate from, eliminate, or revise the handbook, except for the at-will provisions, at any time, without notice, whenever TEACH determines that such action is warranted. For these reasons, we urge you to check with the Assistant Superintendent of Human Resources to obtain current information regarding the status of any particular policy, procedure or practice. This handbook supersedes and replaces all previous personnel policies, practices and procedures.

I welcome you and wish you great success and fulfillment at TEACH.

Sincerely

Mildred S. Cunningham

CEO/President/Executive Director

TEACH Public Schools

SECTION 2 – GENERAL

This handbook has been written to serve as a guide for the employer/employee relationship. This handbook applies to faculty and staff at TEACH. The standards of conduct apply to all individuals who work on the school premises including independent contractors, vendors, and visitors. Unless otherwise indicated, a benefit, policy, program, or procedure applies, or is available, to ALL eligible employees.

This handbook contains only general information and guidelines. It is not intended to be comprehensive or to address all the possible applications of, or exceptions to, the general policies and procedures described. For that reason, if you have any questions concerning eligibility for a particular benefit, or the applicability of a policy or practice to you, you should address your specific questions to your supervisor or the Assistant Superintendent of Human Resources. You are responsible for reading, understanding, and complying with the provisions of this Handbook. Our objective is to provide you with a work environment that is constructive to both personal and professional growth.

Neither this handbook nor any other TEACH document confers any contractual right, either express or implied, to remain in TEACH' employ, nor does it guarantee any fixed term or condition of your employment. Except as otherwise provided in an executed employment agreement, your employment is not for any specified period of time and may be terminated at will, with or without cause and without prior notice, by TEACH or you may resign for any reason at any time.

No supervisor or other representative of TEACH except the Superintendent, with the approval of the Board of Directors, has the authority to enter into any agreement for employment for any specified period of time, or to make any agreement contrary to the above. Second, the procedures, practices, policies and benefits described herein may be modified or discontinued from time to time with or without advance notice. We will try to inform you of any changes as they occur.

Finally, this handbook contains proprietary information that should not be disclosed outside TEACH, other than to individuals affiliated with TEACH whose knowledge of the information is required in the normal course of business.

EMPLOYMENT

EMPLOYMENT APPLICATIONS

We rely upon the accuracy of information contained in the employment application and the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

EQUAL EMPLOYMENT OPPORTUNITY

TEACH is an equal opportunity employer. In accordance with applicable law, the School prohibits discrimination against any employee or applicant for employment on the basis of an individual's protected status, including race/ethnicity, color, religious creed, including religious dress and grooming practices, gender, gender identity, gender expression, color, national origin (which includes, but is not limited to, national origin groups and aspects of national origin, such as height, weight, accent, or language proficiency), ancestry, physical disability, mental disability, medical condition, age, sexual orientation, marital status, parental status, sex (which includes pregnancy, childbirth, breastfeeding, and related medical conditions), gender, gender identity/expression, military service, veteran status, immigration/citizenship status or related protected activities (which includes undocumented individuals and human trafficking), genetic information, or any other characteristic or condition protected by applicable law. Also in accordance with applicable law, the School prohibits discrimination against any qualified disabled employee or applicant, against a disabled veteran, or against a veteran of the Vietnam era. These categories include a perception that the individual has any of these characteristics or is associated with a person who has (or is perceived to have) any of these characteristics. The School will ensure that applicants and employees are treated in all aspects of employment without unlawful discrimination because of these or any other protected basis. Such aspects of employment include, but are not limited to, recruitment, hiring, promotion, demotion, transfer, layoff, termination, compensation, and training. Additionally, in accordance with applicable law, TEACH prohibits all forms of unlawful harassment of a sexual or other discriminatory nature. Any conduct contrary to this policy is prohibited. This policy applies to all applicants and employees of the School.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make a good faith effort to provide reasonable accommodations for the known physical or mental limitations of an otherwise qualified applicant or employee with a disability, unless undue hardship would result to the School. An applicant or employee who believes he or she requires an accommodation in order to perform the essential functions of the job should contact the Assistant Superintendent of Human Resources and request such an accommodation, specifying what accommodation he or she needs to perform the job. The School will analyze the situation, engage in an interactive process with the individual, and respond to the individual's request.

If you believe you have been subjected to discrimination, please follow the complaint procedure outlined below.

HARASSMENT

It is the policy of TEACH to ensure equal employment opportunity without discrimination or harassment on the basis of race, religious creed (which includes religious dress and grooming practices), color, national origin (which includes, but is not limited to, national origin groups and aspects of national origin, such as height, weight, accent, or language proficiency), ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (which includes pregnancy, childbirth, breastfeeding, and related medical conditions), gender, gender identity, gender expression, age, sexual orientation, military or veteran status,

immigration/citizenship status or related protected activities (which includes undocumented individuals and human trafficking), or any other consideration made unlawful by federal, state, or local laws, ordinances, or regulations. These categories include a perception that the individual has any of these characteristics or is associated with a person who has (or is perceived to have) any of these characteristics.

TEACH prohibits any such discrimination or harassment. In addition, we prohibit abusive conduct/workplace bullying in the work environment. It is our mission to provide a professional work and learning environment free of harassment, discrimination and/or workplace bullying that maintains equality, dignity, and respect for all. It shall be a violation of this policy for any student, teacher, administrator, or other employee, including unpaid interns and volunteers of TEACH to harass, discriminate against or engage in abusive conduct towards other students, teachers, administrators, (including unpaid interns and volunteers) or other employees or anyone associated with TEACH through conduct or communication. The School will take all reasonable steps to prevent or eliminate unlawful harassment by non-employees, including students, parents, vendors or other third parties, who have workplace contact with our employees. This policy applies to all applicants and employees (or other listed individuals), whether related to conduct engaged in by fellow employees or someone not directly connected to TEACH (e.g. an outside vendor, consultant or customer). Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business or field trips, meetings and business or school-related social events.

The term employee includes teachers, classified staff, administrators, unpaid interns and volunteers.

What is Harassment?

Harassment can take many forms. As used in this Employee Handbook, the terms "discrimination" and "harassment" includes all unwelcome conduct that comprises:

- Offensive remarks, comments, jokes or slurs pertaining to an individual's race, religion, sex, sexual orientation, gender or gender identity or expression, age, national origin or ancestry, disability, citizenship, veteran status, or any other protected status as defined by law or regulation whether verbally or by electronic means including email, and/or text messages
- Offensive sexual remarks, sexual advances, flirtations, or requests for sexual favors regardless of the gender of the individuals involved and whether verbally or by electronic means
- Offensive physical conduct, including touching, regardless of the gender of the individuals involved, including threats of harm, violence or assault
- Offensive pictures, drawings or photographs or other communications, including email, text messages, or other forms of electronic communication
- Holding company functions in inappropriate venues, such as a strip-club, sex or gender based practical jokes, sexual favoritism
- Threatening reprisals due to an employee's refusal to respond to requests for sexual favors or for reporting a violation of this policy

- Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual natures, regardless of gender, when:
 - Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;
 - O Submission to, or rejection of, such conduct by an individual is used as a basis for employment decisions affecting such individual;
 - O Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile or offensive working environment.

What is abusive conduct/workplace bullying?

- Conduct of an employer or employee in the workplace, with malice, that a reasonable person would find hostile, threatening, intimidating, humiliating and unrelated to an employer's legitimate business interests.
 - o Use of derogatory remarks, insults and/or epithets
 - Verbal or physical conduct that sabotages or undermines a person's work performance that is threatening, humiliating or intimidating.
- Malice is defined as conduct which is "intended by the perpetrator to cause injury to the victim or despicable conduct which is carried on by the perpetrator with a willful and conscious disregard of the rights or safety of others." (Calif Civil Code §3294(c)(1))

Responsibility

All TEACH employees have a responsibility for keeping our work environment free of harassment, discrimination and abusive conduct.

Reporting

TEACH encourages reporting of all perceived incidents of discrimination, harassment, abusive conduct or retaliation, regardless of the offender's identity or position. Individuals who believe that they have been the victims of such conduct should discuss their concerns with their immediate supervisor, or Assistant Superintendent of Human Resources. In addition, TEACH encourages individuals who believe they are being subjected to such conduct to promptly advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often this action alone will resolve the problem. TEACH recognizes, however, that an individual may prefer to pursue the matter through formal complaint procedures. Every effort will be made to keep such reports as confidential as possible, although it is understood that an investigation will normally require the involvement of third parties. TEACH is serious about enforcing its policy against harassment; however, TEACH cannot resolve a harassment problem that it does not know about. Therefore, employees are responsible for bringing any such problems to TEACH's attention so it can take whatever steps are necessary to correct the problems.

Investigation/Complaint Procedure

All complaints of harassment, discrimination or abusive conduct will be promptly investigated. If the investigation substantiates the accusations, the appropriate corrective action will be taken. This may include, but not be limited to, reprimand, suspension or dismissal, depending on the nature and severity of the offense. Appropriate action will also be taken in the event the accusations are intentionally false or malicious in intent.

Individuals who believe they have been the victims of conduct prohibited by this policy statement or believe they have witnessed such conduct should discuss their concerns with their immediate supervisor or Assistant Superintendent of Human Resources or Chief Operating Officer. TEACH encourages the prompt reporting of complaints or concerns so that rapid and appropriate remedial action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

Any reported allegations of harassment, discrimination, abusive conduct or retaliation will be investigated promptly. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. Confidentiality will be maintained throughout the investigatory process to the extent consistent with adequate investigation methods and appropriate corrective actions. The School has a compelling interest in protecting the integrity of its investigations. In every investigation, the School has a strong desire to protect witnesses from harassment, intimidation and retaliation, to keep evidence from being destroyed, to ensure that testimony is not fabricated, and to prevent a cover-up. If the School reasonably imposes a confidentiality requirement and you do not maintain such confidentiality, you may be subject to disciplinary action up to and including immediate termination.

Misconduct constituting harassment, discrimination, abusive conduct, or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling and/or disciplinary action such as warning, reprimand, withholding of a promotion or pay increase, reassignment, temporary suspension without pay or termination, as TEACH believes appropriate under the circumstances. False and malicious complaints of harassment, discrimination, abusive conduct, or retaliation as opposed to complaints, which, even if erroneous, are made in good faith, may be the subject of appropriate disciplinary action.

Retaliation

Retaliation against an individual for reporting harassment, discrimination, abusive conduct or for participating in an investigation of a claim of such is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

Conclusion

This policy was developed to ensure that all employees could work in an environment free from harassment, discrimination, abusive conduct and retaliation. TEACH will make every reasonable effort to ensure that all concerned are familiar with these policies and aware that any complaint in violation of such policies will be investigated and resolved appropriately. Any employee who has questions or concerns about these policies should talk with the Assistant Superintendent of Human Resources or Chief Operating Officer. Finally, these policies should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected

characteristic, from participating in business or work-related social activities or discussions. In other words, no one should make the mistake of engaging in discrimination or exclusion in order to avoid allegations of harassment. The law and the policies of TEACH prohibit disparate treatment on the basis of sex or any other protected characteristic, with regard to terms, conditions, privileges and perquisites of employment. The prohibitions against harassment, discrimination, abusive conduct, and retaliation are intended to complement and further those policies, not to form the basis of an exception to them.

If you believe you have experienced discrimination, harassment, or abusive conduct you may file a Department of Fair Employment and Housing ("DFEH") or Equal Employment Opportunity Commission complaint. For information contact the DFEH or EEOC. You may find their phone numbers in the phone directory.

AT WILL EMPLOYMENT

We believe that an employment relationship is successful as long as both parties are mutually satisfied. Accordingly, both you and TEACH will have the right to terminate your employment and all related compensation and benefits at any time, with or without cause and with or without notice. In addition, TEACH may eliminate or change any term or condition of your employment (including but not limited to your job assignment, duties, or salary) at will, at any time, for any reason not prohibited by law, with or without cause and with or without previous notice.

This is called "employment at will," and no one other than the Executive Director of TEACH, with the approval of the Board of Directors, has the authority to alter your employment at-will status, to enter into an agreement for employment for a specified period of time, or to make any agreement contrary to this policy. Further, any such agreement must be in writing and must be signed by the Superintendent. Statements of specific grounds for termination set forth in this Handbook, or elsewhere, are not all-inclusive and are not intended to restrict TEACH's right to terminate at-will.

OPEN COMMUNICATION POLICY

We want to hear from you. TEACH strongly encourages employee participation in decisions affecting their employment and their daily professional responsibilities. Our greatest strength lies in our employees and our ability to work together. We encourage open communication about all aspects of our school and organization. Employees are encouraged to openly discuss with their supervisors any problems or suggestions they believe would make our organization better and stronger. TEACH is interested in all our employee's success and fulfillment. We welcome all constructive suggestions and ideas.

Employees who have work-related concerns or complaints are encouraged to discuss them with the Assistant Superintendent of Human Resources. Employees are encouraged to raise their work-related concerns as soon as possible after the events that cause concern. TEACH will attempt to keep the employee's concerns and complaints and any resulting investigation confidential to the extent feasible. However, in the course of an investigation and/or in resolving the matter, some dissemination of information to others may be necessary, appropriate, and/or required by law.

LACTATION ACCOMMODATION POLICY

TEACH provides a reasonable amount of break time to accommodate a female employee's need to express breast milk for the employee's infant child. The school will also make a reasonable effort to provide the employee with the use of a room or other location in close proximity to the employee's work area for the employee to express milk in private.

An employee who would like to request an accommodation to express milk should complete an accommodation request form and contact the Assistant Superintendent of Human Resources. The school reserves the right to deny an employee's request for a lactation break if the additional break time will seriously disrupt operations.

Employees requesting an accommodation under this policy should comply with the following requirements:

- 1. The employee should complete an accommodation request form and contact the Assistant Superintendent of Human Resources to request designation of a location and time to express breast milk under this policy.
- 2. The requested break time should, if possible, be taken concurrently with other scheduled break periods. Nonexempt employees should clock out for any lactation breaks that do not run concurrently with normally scheduled rest periods. Any such breaks will be unpaid.

Retaliation for making a lactation accommodation request is strictly forbidden. If the employee believes she has been retaliated against it should be reported immediately to Human Resources or the School Leader. Discrimination against and harassment of lactating employees in any form is unacceptable, a form of prohibited sex/gender discrimination, will not be tolerated at TEACH and will be handled in accordance with TEACH's policy on discrimination and harassment.

PUBLIC RELATIONS

The success of a charter school depends upon the quality of the relationship among the school, its employees, students, parents and the general public. The public impression of TEACH and its interest in our school will be formed in part, by TEACH employees. Our employees are ambassadors. The more goodwill an employee promotes, the more employees, students, parents and the general public will respect and appreciate the employee, TEACH and our school's services.

Below are several things employees can do to help leave people with a good impression of TEACH.

These are the building blocks for our continued success:

- Communicate with parents regularly
- Act competently and deal with others in a courteous and respectful manner
- Communicate pleasantly and respectfully with other employees at all times

- Follow up on requests and questions promptly, provide business-like replies to inquiries and requests, and perform all duties in an orderly manner
- Respond to email and voicemail within 24 hours during the workweek
- Take great pride in your work and enjoy doing your very best

WHISTLEBLOWER POLICY

TEACH is committed to maintaining a workplace where employees are free to raise good faith concerns regarding certain business practices, specifically: (1) reporting suspected violations of law, including but not limited to federal laws and regulations; (2) providing truthful information in connection with an inquiry or investigation by a court, agency, law enforcement, or other governmental body; and (3) identifying potential violations of TEACH policy, specifically the policies contained in TEACH's Employee Handbook.

An employee who wishes to report a suspected violation of law or TEACH policy may do so confidentially by contacting the TEACH Public School Board of Directors.

TEACH expressly prohibits any form of retaliation, including harassment, intimidation, adverse employment actions, or any other form of retaliation, against employees who raise suspected violations of law, cooperate in inquiries or investigations, or identify potential violations of TEACH. Any employee who engages in retaliation will be subject to discipline, up to and including termination.

Any employee who believes that he or she has been subjected to any form of retaliation as a result of reporting a suspected violation of law or policy should immediately report the retaliation to one of the following: Chief Operating Officer and Assistant Superintendent of Human Resources. Any supervisor, manager, or Human Resources staff that receives complaints of retaliation must immediately inform the Chief Operating Officer or Assistant Superintendent of Human Resources.

Reports of suspected violations of law or policy and reports of retaliation will be investigated promptly and in a manner intended to protect confidentiality, consistent with a full and fair investigation. The Assistant Superintendent and a member of TEACH management will conduct the investigation or designate other internal or external parties to conduct the investigations. The investigating parties will notify the concerned individuals of their findings as appropriate.

SECTION 3 – THE EMPLOYMENT PROCESS

EMPLOYEE STATUS AND CLASSIFICATIONS

An "employee" of TEACH is a person who regularly works for TEACH on a wage or salary basis. "Employees" may include exempt, non-exempt, regular full-time, regular part-time, and temporary persons.

Exempt

Employees whose positions meet specific criteria established by state and federal law and who are exempt from overtime pay requirements.

Non-Exempt

Employees whose positions do not meet specific criteria established by state and federal law and who are paid time and one-half the employee's regular rate of pay for hours worked in excess of 8 hours in any one workday or 40 hours in any one workweek.

Regular Full-Time

Employees who are regularly scheduled to work 30 or more hours per week are generally eligible for the TEACH's benefit package, subject to the terms and conditions, and limitations of each benefit program.

Regular Part-Time

Employees who are regularly scheduled to work less than 30 hours per week, and generally not eligible for TEACH's benefit package.

Temporary (Full-Time or Part-Time)

Those whose performance is being evaluated to determine whether further employment in a specific position or with TEACH is appropriate or individuals who are hired as interim replacements to assist in the completion of a specific project or for vacation relief. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary employees retain that status until they are notified of a change. They are not eligible for any of TEACH's benefit programs. Temporary employees scheduled to work more than 30 hours per week on a regular basis may be entitled to the school's benefit package.

WORK SCHEDULES

All employees will be assigned a work schedule suitable for their job assignment and will be expected to begin and end work according to the schedule. Please note that schedules may vary depending on a variety of factors including whether you work during the academic year or on an annual basis. The Assistant Superintendent of Human Resources or your supervisor will assign

your individual work schedule. In order to accommodate the needs of our business, it may be necessary to change individual work schedules on either a short- term or long-term basis. All employees are expected to be at their desks or workstations at the start of their scheduled shift, ready to work. If you need to modify your schedule, request the change with Human Resources or your supervisor. All schedule changes or modifications must be approved by the Assistant Superintendent of Human Resources.

TEACH reserves the right to assign employees to jobs other than their usual assignment when necessary, provided the employee is capable of performing the essential functions of the alternate assignment. Non-exempt employees are not allowed to perform work at home or away from the School unless specifically authorized for each occurrence by their supervisor. Non-exempt employees are not to work before or to continue working after their scheduled hours unless specifically assigned by the supervisor. Non-exempt employees are not allowed to work "off the clock." Attendance at school-sponsored functions is not compensated unless the supervisor has required you to attend and work at the function and has written approval from the Assistant Superintendent of Human Resources to provide the additional compensation. Employees violating these rules may be subject to disciplinary action up to and including termination.

Exempt Employees:

The normal working hours for instructional employees at the school sites are from 7:00 a.m. to 5:00 p.m. with two ten (10) minute rest breaks and a thirty (30) minute meal break. Instructional Employees may be required to work other than the normal hours and to take their lunch breaks on a rotating basis so that classes and student activities are always covered. There will occasionally be activities that will require teacher participation outside of regular business hours such as instructional prep, evening and Saturday family workshops or special meetings.

The Assistant Superintendent of Human Resources must approve any exceptions to the regular work schedule for instructional employees.

Non-Exempt Employees:

The Principal and Assistant Superintendent of Human Resources will determine the normal working hours for non-Exempt employees. Nonexempt, non-instructional employees are entitled to two ten (10) minute rest breaks and a thirty (30) minute meal break and are entitled to overtime pay as required by law. Non-Exempt employees work year-round.

Exempt employees will be expected to work the number of hours necessary to complete their assigned responsibilities.

WORKWEEK AND WORKDAY

TEACH's workweek is from Sunday at 12:00 A.M. through the following Saturday at 11:59 P.M.

SCHOOL HOLIDAYS

The School observes 12 paid holidays during the year:

- New Year's Day
- Martin Luther King Day
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Day after Thanksgiving
- Christmas Eve Day
- Christmas Day
- Cesar Chavez Day

To be eligible for holiday pay, an employee must be full-time and non-exempt and must work both the business day before and after the holiday. Part-time employees, temporary employees, exempt employees, and teachers are not eligible for holiday pay. Exempt employees and teachers will receive their regularly scheduled pay during holidays.

Eligible employees will receive time off with pay at their regular rate of pay on the Schoolobserved holidays listed below. When a holiday falls on a Saturday or Sunday, it is usually observed on the preceding Friday or following Monday. However, the School may close on another day. Holiday observance will be announced in advance. The School reserves the right to change this policy at any time, with or without notice.

Holiday hours do not count as hours worked for purposes of calculating overtime. For example, if you receive 8 hours of holiday pay on Monday and work 40 hours Tuesday-Saturday (8 hours/day), you will not be eligible for overtime.

Recognized religious holidays may be taken off by an employee whose religion requires observance of the particular day. Employees must request the day off in advance by written notice to the Assistant Superintendent of Human Resources. The employee may use paid vacation (or PTO) if the employee has unused paid time off available, otherwise the holiday will be unpaid. All steps will be taken to reasonably accommodate a religious holiday (or practice) absent an undue hardship.

To qualify for holiday pay, all employees must work the last scheduled day before and the first scheduled day after the holiday unless the employee is absent:

- At the Supervisor's request/approval
- Due to closure of schools because of inclement weather
- Due to sickness with a doctor's note verifying need for absence

- Prior to or following Jury Duty or Bereavement Leave
- Due to a previously scheduled and approved vacation

ACADEMIC FREEDOM

Academic freedom is not an absolute. It must be exercised within the basic ethical responsibilities of the teaching profession. Those responsibilities include:

- An understanding of our academic traditions and methods;
- A concern for the welfare, growth, maturity and development of children;
- The use of accepted scholastic methods; and
- Application of good taste and judgment in selecting and employing materials and methods of instruction.

ATTENDANCE/PUNCTUALITY

The presence or absence of each employee is of critical importance to the successful operation of the TEACH. Regular attendance and punctuality are considered an essential function of each position. Therefore, TEACH expects all of its employees to be on time, ready to begin work at the beginning of their day, and to work the full allotted time they are assigned each day.

TIME RECORDS (NON-EXEMPT EMPLOYEES)

Nonexempt employees must accurately complete time records within the School's timekeeping system "TimeClock Plus" on a daily basis. Each time record must show the exact time work began and ended, the meal periods taken, and your signature. Absences and overtime must be accurately identified on your time record. Non-exempt employees are not allowed to work "off the clock." All time worked must be recorded. You cannot record time and/or submit a time record for another employee. Each employee must sign and submit his or her own time record. Employees must record all time actually worked; working off the clock is prohibited.

Exempt employees must report full days of absence from work. Deductions from an exempt employee's salary will be made only in accordance with applicable law. Employees should immediately contact the Assistant Superintendent of Human Resources with any questions concerning their pay so that inadvertent errors can be corrected.

OFF THE CLOCK WORK

TEACH prohibits all non-exempt employees from working off the clock at any time. All time worked must be recorded on the employee's timesheet. This includes the use of laptops, computers, PDAs or cell-phones to check work email, voicemail or to send text messages after hours.

MEAL AND REST PERIODS (NON-EXEMPT EMPLOYEES)

All non-exempt employees are provided with an opportunity to take meal and rest periods consistent with the law. During your meal periods and rest periods, you may not work at all. You are excused from all duties. In addition, please understand that you may not join together required meal or rest periods in order to take a longer break. Also, you may not miss a required meal or rest period in order to start work later or leave work earlier. In the rare event that you believe you cannot take a meal or rest period, or you are unable to take a full meal or rest period pursuant to School policy, you must notify Human Resources in advance whenever possible (and, in any event, as soon as possible) so that the proper measures may be taken. If you leave the premises for either a meal or rest break, you are doing so for strictly personal reasons and will not be covered by worker's compensation.

Failure to comply with the School's policy regarding meal and/or rest periods can lead to discipline, up to and including termination

Meal Periods

Nonexempt employees (hourly employees) scheduled to work more than five hours in a day are given a 30-minute duty-free unpaid meal period. The meal period must be taken before the end of the fifth (5th) hour of work. The employee may waive this meal period if his/her workday will be completed within a total of six hours or less. To waive a meal period, the employee must receive prior written approval from the Assistant Superintendent and complete a "Meal Period Waiver" form.

If an employee's day exceeds ten hours of work time, the employee is entitled to an additional 30-minute duty-free meal break. The employee only may waive this second meal period if he/she has taken the required first meal break of at least 30 minutes and his/her workday will not exceed 12 hours. To waive the second meal period, the employee must receive prior written approval from the Assistant Superintendent and complete a "Second Meal Period Waiver" form.

Nonexempt employees must observe assigned working hours, the time allowed for meal periods, and report any missed meal period on that days' time record and to the employee's supervisor immediately. The meal period must be accurately recorded on the employee's time sheet. Meal periods are unpaid time and employees are free to leave the premises. Meal periods may not be combined with rest periods or used to come in later or leave earlier on a workday.

Rest Periods

Nonexempt employees are authorized and permitted to take a 10-minute rest period for each four (4) hours of work or major portion thereof. Your supervisor may schedule your rest periods. Rest periods should be taken as close to the middle of a work period as possible and cannot be taken in conjunction with a meal period. Rest periods are paid work time; they cannot be waived by the employee in order to shorten the workday or used towards additional time off.

Hours Worked Number of Rest Periods

3.5 hours to 6 hours 1 10-minute rest period

Over 6 hours to 10 hours 2 10-minute rest periods

Over 10 hours to 14 hours 3 10-minute rest periods

Nonexempt employees must observe assigned working hours, the time allowed for rest periods, and report any missed rest period on the days' time record and to the employee's supervisor immediately. Employees are encouraged to report any concerns regarding meal or rest periods to Human Resources.

PAYDAYS

The designated pay period for all employees is semi-monthly. The first pay period of the month extends from the first (1st) day of the month through the fifteenth (15th) day of the month. The second pay period of the month extends from the sixteenth (16th) of the month through the last day of the month.

Paychecks are distributed on the fifteenth (15th) day of the month for the first pay period and on the last day of the month for the second pay period. Except as otherwise provided, if any date of paycheck distribution falls on a Saturday, Sunday or holiday, employees shall be paid on the preceding scheduled workday.

A written, signed authorization is required for mail delivery or for delivery of your paycheck to any other person. If you have automatic deposit for your paycheck, your funds will be deposited to the financial institution you requested by the end of business on the scheduled payday. While an automatic deposit may actually credit to your account before your actual "payday," the school is not responsible for automatic payments or withdraws dated prior to your actual payday and you should not depend on early deposits of your pay.

PAYROLL WITHHOLDINGS

TEACH is required by law to withhold Federal Income Tax, State Income Tax, Social Security (FICA), State Teachers Retirement Service (STRS for eligible credentialed faculty or PERS) and State Disability Insurance from each employee's paycheck as outlined below. Additionally, if a garnishment, tax levy, or an order to withhold child support payments should be delivered, TEACH must comply with that order within the time allowed by law, and cannot postpone the payroll deduction for any reason. Voluntary deductions, which must be authorized in writing by employees, may include retirement plans, employee portion of insurance premiums, or any other benefit made available to employees.

If an employee believes an error has been made in his or her pay or deductions TEACH will work in good faith to resolve errors as soon as possible. The employee should notify the Assistant

Superintendent of Human Resources of any errors in pay or deductions withheld within seven (7) days from the date paid.

Every deduction from the employee's paycheck is explained on the check voucher/paystub. If the employee does not understand the deduction, then he or she should ask the Assistant Superintendent of Human Resources to explain it. The employee may change the number of withholding allowances he or she wishes to claim for Federal and/or State Income Tax purposes before any pay period by filling out a new W-4 form and submitting it to the Assistant Superintendent of Human Resources.

DRAHI

SECTION 4 – CONDITIONS OF EMPLOYMENT

IMMIGRATION LAW COMPLIANCE

TEACH employs only those authorized to work in the United States in compliance with the Immigration and Control Act of 1986. Each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 and present original documentation establishing identity and employment eligibility as outlined on the I-9 instruction forms. Former employees who are rehired must also completed the form if they have not completed an I-9 with TEACH within the past three years or if their previous I-9 is no longer retained or valid.

CREDENTIAL REQUIREMENTS

If you are a credentialed team member, you must provide copies of your credential, transcripts, and test scores each fall prior to your first day of actual work. Failure to provide these documents may delay your ability to begin work.

You are also responsible for keeping required certificates, credentials, and registrations current and in good standing, for paying the costs associated with renewal, and for providing both your principal and the School with verification of renewals. Failure to provide these updated documents to the school may result in suspension without pay until such time as the necessary documentation has been provided.

If you allow a credential, certificate, registration, or required course deadline to expire, or if you fail re-certification, training, or testing, TEACH is required to remove you from the work schedule until you meet the requirements or renew your credential.

TUBERCULOSIS TEST

Before the first day of employment, all new employees must have had a tuberculosis test as described in Education Code 49406 or a TB Risk Assessment (pursuant to AB1667) within the past 60 days. Employees transferring from other public or private schools within the State of California must either provide proof of an examination or a completed Risk Assessment within the previous 60 days or a certification showing that he or she was examined within the past four (4) years and was found to be free of communicable tuberculosis. The current physician's statement or Risk Assessment must be on file in the office before the first day of employment. Failure to provide documentation on time may result in delay of your ability to begin work or termination.

Results of these tests are strictly confidential. TB Clearance is good for four years and it is the employee's responsibility to remain in compliance and ensure the school has a valid certificate on file.

CRIMINAL BACKGROUND CHECK

As a condition of employment, TEACH requires all applicants for employment to submit two sets of fingerprints to the Department of Justice for the purpose of obtaining criminal record summary information from the Department of Justice and Federal Bureau of Investigation. TEACH will not employ a person who has been convicted of a violent or serious felony or a person who would be prohibited from employment by a public school district because of his or her conviction for any crime, unless an applicable exception applies. TEACH will not employ any applicant until the Department of Justice completes its check of the state criminal history file as provided by law. TEACH shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification.

All fingerprint and background information must be completed and the results in the possession of TEACH before the first day of employment. Failure to complete this process will delay the employee's ability to begin work.

SUBSEQUENT ARREST NOTIFICATION SERVICE

All employees are subject to "Subsequent Arrest Notification Service" by the DOJ once they have been fingerprinted for TEACH. Any time an employee is arrested after his or her initial background clearance for the school, the DOJ will notify the school Superintendent and send the school the new CORI information. The Superintendent will evaluate the new information and determine whether it justifies suspension or termination of the individual's employment. At the discretion of the Superintendent he or she can seek counsel from the Board of Directors and/or legal counsel, in closed session, in determining suitability for continued employment. After the evaluation has taken place and a decision has been made regarding the individual's suitability to continue employment, the CORI records received from the DOJ will be destroyed. Applicants will receive confidential notification of their suspension or termination. Those individuals who are suspended or terminated can make a one-time appeal to the Executive Director for reconsideration if he or she feels there has been an error in the review of their record. The decision of the Executive Director is final.

CHILD ABUSE AND NEGLECT REPORTING ACT

Since our employees work directly with children, they are in a position to detect instances of child abuse and neglect. It is TEACH's policy that all school employees shall comply with the California State law regarding child abuse reporting procedures. Section 11166 of the California Penal Code mandates the reporting to designated authorities of cases of suspected child abuse as follows:

"Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident."

While each employee has the responsibility to ensure the reporting of any child he/she suspects is a victim of abuse, the employee is not to verify the suspicion or prove that abuse has occurred. Classroom teachers who become aware of suspected child abuse should request class coverage from the Main Office immediately and report the suspicions as required.

It is extremely important that TEACH employees comply with the requirements of the Child Abuse and Neglect Reporting Act (CANRA). No mandated reporter can be held civilly or criminally liable for any report required or authorized by CANRA. In addition, any other person who voluntarily reports a known or suspected incident of child abuse or neglect will not incur civil or criminal liability unless it is proven that the report was false and the person knew the report was false or made the report with reckless disregard of its truth or falsity.

The Assistant Superintendent of Human Resources is available to answer any questions employees may have about their responsibilities under CANRA, or to assist an employee in making a report under CANRA. If an employee makes a report pursuant to CANRA without TEACH's assistance, he or she is required to notify TEACH of the report if it is based on incidents he or she observed or became aware of during the course and scope of his or her employment with TEACH.

FIRST-AID AND CPR TRAINING

All individuals working unsupervised with children or in a classroom setting (i.e. core teachers, advisors, coaches, non-core teachers, administrators) must receive, renew, and maintain basic first-aid and CPR certification by the first day of school for students. TEACH will provide First Aid and CPR training for teachers, assistants and staff. Any employee required to be first aid certified and hired after the beginning of the school year will be required to provide proof of completion of both First Aid and CPR training prior to the first day of work.

For additional information on the training required, please contact the Assistant Superintendent of Human Resources.

PERSONNEL FILES

An employee or former employee (or designee) has the right to inspect or receive a copy of his or her personnel records at reasonable times, at a reasonable place, and on reasonable advance notice to the Assistant Superintendent of Human Resources. All requests should be put in writing preferably on the form maintained by Administration. If the request includes a request for copies the employee or former employee may be required to pay for the actual costs of copying. Employer will respond to such a request within 30 days of receipt of the written request.

Employees are not entitled to inspect or copy: letters of reference, records that relate to an investigation of possible criminal activity, ratings, reports or records obtained prior to employment, prepared by examination committee members or obtained in connection with a promotional examination.

CHANGES IN EMPLOYMENT

An employee is responsible for notifying the Assistant Superintendent of Human Resources about changes in the employee's personal information and changes affecting the employee's status (for example, name changes, address or telephone number changes, marriages or divorces, etc.). This notification by the employee must occur as close to the change as possible, but no later than 30 days following the change.

DRAFT

SECTION 5 – PERFORMANCE

EMPLOYEE PERFORMANCE REVIEW

Supervisors will generally conduct performance reviews with all regular full-time and regular parttime employees annually. Supervisors may conduct informal performance reviews and goal setting sessions more often if they choose.

Performance reviews are designed for the supervisor and the employee to discuss his/her current job tasks, encourage and recognize attributes, and discuss positive, purposeful approaches for meeting work-related goals. Together, employee and supervisor discuss ways in which the employee can accomplish goals or learn new skills. The goal setting sessions are designed for the employee and his/her supervisor to make and agree on new goals, skills, and areas for improvement.

Your performance review and goal setting sessions may or may not have a direct effect on any changes in your compensation. For this reason, among others, it is important to prepare for these reviews carefully, and participate in them fully.

Basis for Determining Pay

Several factors may influence your rate of pay. Some of the items TEACH considers are the nature and scope of your job, what other employers pay their employees for comparable jobs (external equity), what TEACH pays their employees in comparable positions (internal equity), and individual, as well as TEACH, performance. It is TEACH's goal to have a current Job Description on hand for each employee that broadly defines the job responsibilities and essential functions for each position.

Wage or Salary Increases

Each employee's hourly wage or annual salary will be reviewed at least once each year. The employee's review date will usually be conducted on or about the end of the school or fiscal year. Such reviews may be conducted more frequently for a newly created position, or based on a recent promotion.

Increases will be determined on the basis of performance, adherence to school policies, and procedures, ability to meet or exceed duties per job description and achievement of performance goals as well as operational factors and budget conditions.

Changes to the amount of an employee's wage or salary will become effective on the first regular pay period following the change.

SECTION 6 – LEAVES

FAMILY MEDICAL LEAVE ACT/CALIFORNIA FAMILY RIGHTS ACT¹

Eligible employees may request a family and medical leave of absence under the circumstances described below. Eligible employees are those who have been employed by the School for at least 12 months (not necessarily consecutive), have worked at least 1250 hours during the 12 months immediately prior to the family and medical leave of absence, and are employed at a worksite where there are 50 or more employees of the School within 75 miles.

Ordinarily, you must request a planned family and medical leave at least 30 days before the leave begins. If the need for the leave is not foreseeable, you must request the leave as soon as practicable. You should use the School's request form, which is available upon request from Human Resources. Failure to comply with this requirement may result in a delay of the start of the leave.

A family and medical leave may be taken for the following reasons:

- 1. the birth of an employee's child or the placement of a child with the employee for foster care or adoption, so long as the leave is completed within 12 months of the birth or placement of the child;
- 2. the care of the employee's spouse, child, parent, or registered domestic partner with a "serious health condition";
- 3. the "serious health condition" of the employee;
- 4. the care of the employee's spouse, child, parent, or next of kin who is a member of the Armed Forces, including a member of the National Guard or Reserves, and who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
- 5. any qualifying exigency as defined by the applicable regulations arising out of the fact that the employee's spouse, child, or parent is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

A "serious health condition" is one that requires inpatient care in a hospital or other medical care facility or continuing treatment or supervision by a health care provider. You may take a leave under paragraph (2) above only if due to a serious health condition, your spouse, child, parent, or

¹ Employees may qualify for FMLA/CFRA Leave only if the School has 50 or more employees, the employees work within 75 miles of their respective worksites and meet other eligibility requirements set forth above. Please check with Human Resources to determine whether you are eligible for FMLA/CFRA leave.

registered domestic partner requires your care or assistance as certified in writing by the family member's health care provider. If you are seeking a leave under paragraph (3) above, you must provide the School with a medical certification from your health care provider establishing eligibility for the leave, and you must provide the School with a release to return to work from the health care provider before returning to work. You must provide the required medical certification to the School in a timely manner to avoid a delay or denial of leave. You may obtain the appropriate forms from Human Resources.

Family and medical leave may be taken for up to 12 workweeks during the designated 12-month period (with the exception of qualifying leaves to care for a member of the Armed Services who has a serious illness or injury, which may be taken for up to a total of 26 workweeks of leave during a single 12-month period). The 12-month period will be defined as a "rolling twelve months" looking backward over the preceding 12 months to calculate how much family and medical leave time has been taken and therefore determine the amount of leave that is available. Qualifying leaves to care for a member of the Armed Services who has a serious illness or injury will be calculated on the 12-month period looking forward. All time off that qualifies as family and medical leave will be counted against your state and federal family and medical leave entitlements to the fullest extent permitted by law.

You will be required to use any accrued vacation during unpaid family and medical leave. You will also be required to use any accrued paid sick leave during unpaid family and medical leave that is due to your own or a family member's serious health condition. However, if an employee is receiving benefit payments pursuant to a disability insurance plan (such as California's State Disability Insurance plan or Paid Family Leave program) or workers' compensation insurance plan, the employee and the School may mutually agree to supplement such benefit payments with available vacation and/or paid sick leave.

During a family and medical leave, group health benefits will be maintained as if you were continuously employed. However, you must continue to pay your share of applicable premiums (for yourself and any dependents) during the leave.

If you do not return to work on the first workday following the expiration of an approved family and medical leave, you will be deemed to have resigned from your employment. Upon returning from such a leave, you will normally be reinstated to your original or an equivalent position and will receive pay and benefits equivalent to those you received prior to the leave, as required by law. In certain circumstances, "key" employees may not be eligible for reinstatement following a family and medical leave. The School will provide written notice to any "key" employee who is not eligible for reinstatement.

If you have any questions concerning, or would like to submit a request for a family and medical leave of absence, please contact Human Resources.

PREGNANCY DISABILITY LEAVE

The School provides pregnancy disability leaves of absence without pay to eligible employees who are temporarily unable to work due to a disability related to pregnancy, childbirth, or related

medical conditions. Employees should make requests for pregnancy disability leave to their supervisor at least 30 days in advance of foreseeable events and as soon as possible for unforeseeable events. A health care provider's statement must be submitted, verifying the need for such leave and its beginning and expected ending dates. Any changes in this information should be promptly reported to the School. Employees returning from pregnancy disability leave must submit a health care provider's verification of their fitness to return to work.

The School will make a good faith effort to provide reasonable accommodations and/or transfer requests when such a request is medically advisable based on the certification of a health care provider. When an employee's health care provider finds it is medically advisable for an employee to take intermittent leave or leave on a reduced work schedule and such leave is foreseeable based on planned medical treatment because of pregnancy, the School may require the employee to transfer temporarily to an available alternative position. This alternative position will have equivalent rate of pay and benefits and must better accommodate recurring periods of leave than the employee's regular job.

Eligible employees are normally granted unpaid leave for the period of disability, up to a maximum of four months (or 17 1/3 weeks or 693 hours) per pregnancy. Employees will be required to use any accrued sick time during any unpaid portion of pregnancy disability leave. Employees may also elect to use any accrued vacation time during any unpaid portion of pregnancy disability leave. If an employee is receiving benefit payments pursuant to a disability insurance plan (such as California's State Disability Insurance plan or Paid Family Leave program), the employee and the School may mutually agree to supplement such benefit payments with available vacation and/or sick leave.

Benefit accrual, such as vacation, sick leave, and holiday benefits, will be suspended during the approved pregnancy disability leave period and will resume upon return to active employment. Group health benefits will be maintained during the approved pregnancy disability leave as if you were continuously employed. However, you must continue to pay your share of applicable premiums (for yourself and any dependents) during the leave.

So that an employee's return to work can be properly scheduled, an employee on pregnancy disability leave is requested to provide the School with at least one week's advance notice of the date she intends to return to work.

When an approved pregnancy disability leave ends, the employee will be reinstated to the same position, unless the job ceased to exist because of legitimate business reasons. An employee has no greater right to reinstatement to the same position or to other benefits and conditions of employment than if she had been continuously employed in this position during the pregnancy disability leave or transfer. If the same position is not available, the employee will be offered a comparable position in terms of such issues as pay, location, job content, and promotional opportunities, if one exists. An employee has no greater right to reinstatement to a comparable position or to other benefits or conditions of employment than an employee who has been continuously employed in another position that is being eliminated.

If you have any questions regarding pregnancy disability leave, please contact Human Resources.

MILITARY SPOUSE LEAVE

An eligible employee-spouse of a qualified service member is entitled to take ten (10) days unpaid leave during a period when the spouse is on leave from deployment during a period of military conflict.

An eligible employee must work an average of 20 hours per week; must provide notice of his or her intention to take the leave within two (2) business days of receiving official notice that the service member will be on leave; and submit written documentation certifying that the service member will be on leave during the time the leave is required.

The employee may use accrued vacation/sick or PTO for this leave.

WORKERS' COMPENSATION LEAVE

Employees that are temporarily disabled due to a work-related illness or injury will be placed on workers' compensation leave. The duration of your leave will depend upon the rate of your recovery and the medical provider's recommendation. Workers' compensation leave will run concurrently with any other applicable medical leave of absence (FMLA/CFRA). Unless otherwise mandated by law, employees on a leave of absence of more than 4 months are responsible for selecting continuing health coverage and paying the premium for such coverage through COBRA.

BEREAVEMENT LEAVE

TEACH provides full-time employees up to three days paid bereavement leave, beyond sick or personal time, due to the death of an immediate family member. This includes a parent (including an in-law and step-parent), spouse, domestic partner, dependent, sibling, stepsibling, grandparent or grandchild. If a funeral is more than 500 miles from your home, you may receive paid leave for five days with prior approval from your supervisor.

JURY DUTY LEAVE

All employees who receive a notice of jury/witness duty must notify their supervisor as soon as possible so that arrangements may be made to cover the absence. In addition, employees must provide a copy of the official jury/witness duty notice to their supervisor. Employees must report for work whenever the court schedule permits. Either the School or the employee may request an excuse from jury/witness duty if, in the School's judgment, the employee's absence would create serious operational difficulties.

Non-exempt employees who are called for jury/witness duty will be provided time off without pay. Exempt employees will receive their regular salary unless they do not work any hours during the course of a workweek. Employees may elect to use any accrued vacation during jury/witness duty leave.

In the event that the employee must serve as a witness within the course and scope of his or her employment with the School, the School will provide time off with pay.

TIME OFF TO VOTE

The School will allow any nonexempt employee who is a registered voter and does not have enough time outside of working hours to vote in a statewide election up to two (2) hours of work time without loss of pay to vote. The request must be made at least two (2) working days in advance. The time must be at the beginning or end of the employee's regular shift, whichever allows the most free time for voting and the least time off from work unless the School and the employee agree otherwise. The employee may be required to prove he or she is a registered voter.

An employee may also serve as an election official on Election Day without being disciplined, however the School will not pay the employee for this time off. Vacation or personal hours which have accrued but not been used may be paid to the employee for this time off.

SCHOOL ACTIVITIES LEAVE

The School encourages employees to participate in the school activities of their child(ren). The leave is subject to all of the following conditions:

- Parents, guardians, or grandparents having custody of one or more children in a licensed daycare, kindergarten or grades 1 through 12 may take time off to participate in the activities of the daycare or school;
- The time off for school activity participation cannot exceed eight (8) hours in any calendar month, or a total of forty (40) hours each year;
- Employees planning to take time off for school visitations must provide as much advance notice as possible to their supervisor;
- If the School employs both parents, the first employee to request such leave will receive the time off. The other parent will receive the time off only if the leave is approved by his or her supervisor;
- Employees must use existing vacation or personal leave in order to receive compensation for this time off;
- Employees who do not have paid time off available will take the time off without pay.
- Documentation of participation may be requested and will be sufficient if it is provided in writing by the school or the licensed child care/day care facility.

SCHOOL APPEARANCE/SUSPENSION LEAVE

If the parent or guardian of a child facing suspension from school is summoned to the school to discuss the matter, the employee should alert his or her supervisor as soon as possible before leaving work. In compliance with California Labor Code section 230.7, no discriminatory action will be taken against an employee for taking time off for this purpose.

This leave is unpaid but the employee may choose to use accrued vacation, or personal time off (PTO). You will not be discharged or discriminated against because of an absence protected by this law.

CRIME VICTIM LEAVE

Employees are allowed to be absent from work to attend judicial proceedings related to a crime if they are:

- A victim of a crime
- An immediate family member of a victim;
- A registered domestic partner of a victim; or
- The child of a registered domestic partner of a victim

An employee must give reasonable advanced notice to the school by providing documentation of the proceeding. Documentation may be any of the following:

- Notice from the court or government agency setting the hearing;
- The district attorney or prosecuting attorney's office; or
- The victim/witness assistance office advocating on the victim's behalf.

This leave is unpaid but the employee may choose to use accrued vacation, sick or personal time off (PTO). You will not be discharged or discriminated against because of an absence protected by this law.

DOMESTIC VIOLENCE LEAVE/SEXUAL ASSAULT LEAVE

If you are a victim of domestic violence, you may take unpaid time off to obtain or attempt to obtain judicial relief, such as obtaining restraining orders, to help insure your health, safety or welfare or that of your child(ren). All employees can take time off from work to get medical attention or services from a domestic violence shelter, program, or rape crisis center, or receive psychological counseling or safety planning related to domestic violence, sexual assault, or stalking.]

You must give the School reasonable notice unless advance notice is not feasible, and provide certification that you are seeking such assistance.

Certification may be sufficiently provided by any of the following:

- A police report indicating that you were a victim of domestic violence or sexual assault;
- A court order protecting or separating you from the perpetrator of an act of domestic violence or sexual assault, or other evidence from the court or prosecuting attorney that you appeared in court; or,
- Documentation from a medical professional, domestic violence advocate, health care provider, or counselor that you are undergoing treatment for physical or mental injuries or abuse resulting in victimization from an act of domestic violence or sexual assault.

Employees have the right to ask the School for help or changes in their workplace to make sure they are safe at work. The School will work with its employees to see what changes can be made. Changes in the workplace may include putting in locks, changing shifts or phone numbers, transferring or reassigning the employee, or help with keeping a record of what happened to the employee. The School may ask the affected employee for a signed statement certifying that this request is for a proper purpose and may also request proof showing the need for an accommodation. The School will maintain confidentiality regarding any requests for accommodations under this policy.

The School will, to the extent allowed by law, maintain the confidentiality of an employee requesting leave under this provision. The School will not discharge, discriminate or retaliate against an employee who exercises their rights under this law. Domestic violence, sexual assault and stalking victim's leave for medical treatment does not exceed or add to the unpaid leave time that FMLA/CFRA allows.

Employers are prohibited from discharging, discriminating or retaliating against an employee who is a victim of domestic violence or the victim of sexual assault for taking time off to seek medical attention, obtain services from a domestic violence shelter or program or rape crisis center, obtain psychological counseling, participate in safety planning, or temporary or permanent relocation.

MILITARY LEAVE

California's military leave laws, found at Military & Veterans Code section 389 et seq. and the Uniformed Services Employment and Reemployment Rights Act ("USERRA"), found at 38 U.S.C. Section 4301 et seq. ensure that employees are not adversely affected in their employment after taking leave for military service. Employees who serve in the military and are entitled to a military leave of absence without pay from the School under applicable laws should notify the Assistant Superintendent of Human Resources regarding the need for military leave.

Please see the Assistant Superintendent of Human Resources for more information regarding job reinstatement rights upon completion of military service.

ADULT LITERACY LEAVE

Pursuant to California law, the School will reasonably accommodate any eligible employee who seeks to enroll in an adult literacy education program, provided that the accommodation does not impose an undue hardship on the School. The School does not provide paid time off for participation in an adult literacy education. However, you may utilize accrued vacation if you want compensation for this time off. If you do not have accrued vacation available, you will be permitted to take the time off without pay.

ORGAN DONOR / BONE MARROW DONOR LEAVE

If you volunteer to donate an organ you may take up to thirty (30) days paid leave per year for this process or up to five (5) days paid leave for the donation of bone marrow.

You must give as much notice as is practicable and must provide certification of the medical necessity of the procedure. You will be required to use up to two weeks of any accrued paid leave (sick and/or vacation/PTO) for organ donation and up to five (5) days accrued paid leave (sick and/or vacation/PTO) for bone marrow donation. This leave does not run concurrently with FMLA/CFRA. You must have been employed for at least a 90-day period immediately preceding the beginning of the leave, if otherwise eligible.

You may take this leave incrementally, as medically necessary, or all at one time. All health benefits shall be maintained during this leave to the extent they exist at the time of the leave. This leave shall not be considered a break in service and the employee shall continue to accrue paid time off and other benefits as if they had continued working. The Employee shall be required to pay any portion of their benefits they are currently paying.

An employee shall not have any greater rights during this leave than if he or she had been actively working during this time but will be reinstated to their same or equivalent job prior to the leave. No employee shall be discriminated or retaliated against for taking an organ donation or bone marrow leave.

DRUG & ALCOHOL REHABILITATION LEAVE

TEACH will reasonably accommodate any employee who volunteers to enter an alcohol or drug rehabilitation program, if the reasonable accommodation does not impose an undue hardship on the school. Reasonable accommodation includes time off without pay and adjusting work hours. You may use accrued and unused sick leave. All reasonable measures to safeguard your privacy will be maintained.

VOLUNTEER CIVIL SERVICE LEAVE

You are allowed to be absent from work to engage in volunteer emergency duty as a volunteer firefighter, reserve police officer or emergency rescue personnel. This is an unpaid leave but the employee may use any earned sick, vacation and/or PTO.

CIVIL AIR PATROL LEAVE

TEACH provides eligible employees who are volunteer members of the California Wing of the Civil Air Patrol and are called to emergency operational missions up to 10 days of unpaid leave per calendar year. Leave for a single emergency operational mission will generally be limited to three days unless an extension is granted by appropriate government entities and approved by the company.

To be eligible, employees must have been employed with the company for 90 days immediately preceding the commencement of leave. Additionally, the company may require certification from the proper Civil Air Patrol authority to verify the eligibility of the employee for the leave requested or taken.

Employees may use accrued, unused paid time off (including [vacation/personal leave]) for leave taken under this policy. The notice and eligibility requirements for any such paid time off will generally apply to an employee's request for use of paid time off under this policy.

SECTION 7 – BENEFITS

VACATION

Full-time employees who work twelve (12) months a year are eligible for vacation pay. Vacation is a time for you to rest, relax and pursue special interests. Vacation begins to accrue from date of hire and is only available for use after earning vacation time. TEACH recognizes employees by providing increased vacation time based on the number of years of continuous service.

Years of Continuous Service	Annual Time Provided	Maximum Accrual Allowed	
1 - 5 years	10 days	15 days	
6 – 10 years	15 days	15 days 22.50 days	
11 + years	20 days	30 days	

Employees that work only during the academic year do not earn vacation pay/time.

Every effort will be made to grant you your vacation at the time you desire. However, vacations should not interfere with TEACH's operation and, therefore, must be approved by Management at least thirty (30) days in advance. If a holiday occurs during your scheduled vacation, if eligible, you will receive holiday pay for that day, and you will not be charged for a vacation day on the day the holiday is observed.

The maximum accrual for vacation pay is one and one half (1.5) times your normal accrual rate. Once the maximum accrual has been reached, no further time will accrue until the employee has taken vacation time. Any accrued, unused vacation at termination will be paid out. Vacation pay is not considered "hours worked" when computing overtime.

Vacation time may not be "cashed out" in lieu of taking time off.

SICK LEAVE

The School enacted this policy in accordance with the California Healthy Workplaces, Healthy Families Act to provide paid sick leave ("PSL") to eligible employees.

Eligible Employees

All employees (including part-time and temporary) who work for the School more than 30 days within a year in California are allotted PSL as set forth in this policy.

Permitted Use

Eligible employees may use their allotted PSL to take paid time off for the diagnosis, care, or treatment of an existing health condition of (or preventive care for) the employee or the employee's family member. For purposes of this policy, "family member" means a child, parent, spouse, registered domestic partner, grandparent, grandchild, or sibling of the employee. "Child" means a biological child, a foster child, an adopted child, a step-child, a child of a registered domestic partner, a legal ward, or a child of a person standing in loco parentis. "Parent" means a biological, foster, or adoptive parent, a step-parent, or a legal guardian of the employee or the employee's spouse or registered domestic partner. "Spouse" means a legal spouse, as defined by California law.

Employees may also use their PSL to take time off from work for reasons related to domestic violence, stalking, or sexual assault.

Allotment

Eligible employees will be allotted PSL days as follows:

- On July 1 (and on each subsequent July 1), all eligible employees will be allotted six PSL days (48 hours) per calendar year (July 1-June 30).
- If an employee is hired mid-year, he or she will receive six PSL days (48 hours) on his or her first day of employment for use during the remainder of the employee's first calendar year of employment.

PSL days are not accrued on an as-worked basis but rather are allotted to the eligible employees on July 1 each year for the following calendar year. Unused, accrued PSL carries over from year to year. However, the accrual of sick leave is capped at seventy-two (72) hours.

Limits on Use

Eligible employees may use PSL beginning on the 120th day of employment.

PSL may be taken in minimum increments of one hour. If an exempt employee absents himself or herself from work for part or all of a workday for a reason covered by this policy, he or she will be required to use PSL to make up for the absence.

Notification

The employee must provide reasonable advance notification, orally or in writing, of the need to use PSL, if foreseeable. If the need to use PSL is not foreseeable, the employee must provide notice as soon as practicable.

Termination

Employees will not receive pay in lieu of unused PSL. Unused PSL will not be paid out upon termination. Credentialed teachers are eligible to cash-out unused PSL at the end of the school calendar year at a rate of \$22 per hour.

Non-credentialed teachers and other non-teacher employees will not receive pay in lieu of unused PSL. Unused PSL will not be paid out upon termination or resignation. Teachers must complete the school year to be eligible for PSL cash-out program.

No Discrimination or Retaliation

The School prohibits discrimination or retaliation against employees for using their PSL.

INSURANCE BENEFITS

Full-time employees (30+ hours per week average) are entitled to insurance benefits offered by TEACH on the first day of the calendar month following the completion of sixty (60) days of continuous service. Certificated full-time employees are eligible to participate on the first day of the calendar month following the commencement of employment. These insurance benefits will include medical, dental, vision and life. TEACH will contribute up to \$350 a month towards insurance premiums for eligible non-exempt employees and up to 10% of annual salary towards insurance premiums for eligible exempt employees. Employees are required to contribute to any costs not covered by the employer contribution. If insurance premium rates increase, TEACH pays for one hundred percent (100%) of the premiums for basic, employee-only insurance; and up to \$100 a month per additional employee dependent coverage for non-exempt employees; and up to 10% of annual salary for exempt employee dependents per year.

If medical insurance premium rates increase, cemployees are may be required to contribute to the cost of the increase to retain coverage if cost is over the employer contribution. Unless otherwise mandated by law, employees on a leave of absence of more than four (4) months are responsible for selecting continuing health coverage and paying the premium for such coverage through COBRA.

COBRA BENEFITS

The Federal Consolidated Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under TEACH's health plan when a "qualifying event" would normally result in the loss of eligibility.

Some common qualifying events are resignation, termination of employment, or death of an employee, a reduction in an employee's hours or leave of absence, divorce or legal separation and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at TEACH group rates plus an administration fee. TEACH or our carrier provides each eligible employee with a written

notice describing rights granted under COBRA when the employee becomes eligible for coverage under "TEACH's health insurance plan. The notice contains important information about the employee's rights and obligations.

SOCIAL SECURITY/MEDICARE

If you are a full time regular employee contributing to a teacher's retirement system (PERS/STRS), your earnings from this job are not covered under Social Security. When you retire, or if you become disabled, you may receive a pension based on earnings from this job. If you do, and you are also entitled to a benefit from Social Security based on either your own work or the work of your husband or wife, or former husband or wife, your pension may affect the amount of the Social Security benefit you receive. Your Medicare benefits, however, will not be affected.

TEACH withholds income tax from all employees' earnings and participates in FICA (Social Security), for temporary employees and Medicare withholding and matching programs as required by law.

STATE DISABILITY INSURANCE

All employees are enrolled in California State Disability Insurance (SDI), which is a partial wage replacement insurance plan for California workers. Employees may be eligible for SDI when they are ill or have non-work related injuries, or may be eligible for work related injuries if they are receiving workers' compensation at a weekly rate less than the SDI rate. Specific rules and regulations relating to SDI eligibility are available from the Assistant Superintendent of Human Resources.

WORKER'S COMPENSATION INSURANCE

Eligible employees are entitled to workers' compensation insurance benefits when suffering from an occupational illness or injury. This benefit is provided at no cost to the employee.

In the event of an occupational injury or illness (as defined under Workers' Compensation Law) an employee may be covered by workers' compensation insurance instead of group insurance.

If an employee should become injured or in any way disabled on the job, he or she must report the injury immediately to his or her supervisor. It is a felony to file a fraudulent or false workers' compensation claim.

403B

Eligible employees are entitled to participate in TEACH 403b plans. As of July 1, 2019 for participating exempt employees who contribute 1 percent to 5 percent of

their base monthly salary through salary reduction (tax-deferred contribution), TEACH will contribute an amount up to 2.5% employer contribution. TEACHS' contribution is 100% vested after three (3) years of employment. TEACH's 403b plans are administered through PlanConnect LLC. Additional information on TEACH's 403b plan may be requested via TEACH Public Schools Human Resources Department or PlanConnect LLC.

DRAFT

SECTION 8 – EMPLOYEE COMMUNICATIONS

COMPUTER, EMAIL AND INTERNET POLICY

Every employee is responsible for using the TEACH's computer system, including, without limitation, its electronic mail (Email) system and the Internet, properly and in accordance with this policy. Any questions about this policy should be addressed to the Chief Operating Officer.

The computers that you use at work and the Email system are the property of TEACH and have been provided for use in conducting TEACH business. All communications and information transmitted by, received from, created, or stored in its computer system (whether through word processing programs, Email, the Internet or otherwise) are TEACH records and property of TEACH. The computer system is to be used for school purposes only. Employees may, however, use TEACH technology resources for the following incidental personal uses so long as such use does not interfere with the employee's duties, is not done for pecuniary gain, does not conflict with TEACH business, and does not violate any TEACH policies:

- To send and receive necessary and occasional personal communications;
- To use the telephone system for brief and necessary personal calls; and
- To access the Internet for brief personal searches and inquiries during meal times or other breaks, or outside of work hours, provided that employees adhere to all other usage policies.

No Expectation of Privacy

TEACH has the right, but not the duty, to monitor any and all of the aspects of its computer system, including, without limitation, reviewing documents created and stored on its computer system, deleting any matter stored in its system (including, without limitation, its Email and word processing systems), monitoring sites visited by employees on the Internet, monitoring chat and news groups, reviewing material downloaded or uploaded by users to the Internet, and reviewing Email sent and received by users. Further, TEACH may exercise its right to monitor its computer system for any reason and without the permission of any employee. Employee use of TEACH's computer system constitutes consent to all the terms and conditions of this policy.

Even if employees use a password to access the computer system (or any aspect thereof), the confidentiality of any message stored in, created, received, or sent from TEACH's computers is not assured. Use of passwords or other security measures does not in any way diminish TEACH's right to monitor and access materials on its system, or create any privacy rights of employees in the messages and files on the system. Any password used by employees must be revealed to TEACH for any reason that TEACH, in its discretion, deems appropriate. Further, employees should be aware that deletion of any Email messages or files would not truly eliminate the messages from the system. All Email messages and other files may be stored on a central back-up system in the normal course of data management.

Employees have no expectation of privacy in anything they create, store, send or receive on the computer system.

Notwithstanding the foregoing, even though TEACH has the right to retrieve, read and delete any information created, sent, received or stored on its computer system, Email messages should still be treated as confidential by other employees and accessed only by the intended recipient. Employees are not authorized to retrieve or read any Email messages that are not sent to them or by them. Any exception to this policy must receive the prior approval of Chief Operating Officer.

Professional Use of Computer System Required

Employees are reminded to be courteous to other users of the system and always to conduct themselves in a professional manner. Emails, in particular, are sometimes misdirected or forwarded and may be viewed by persons other than the intended recipient. Users should write Email communications with no less care, judgment and responsibility than they would use for letters or internal memoranda written on TEACH letterhead. Because Email and computer files may be subject to discovery in litigation, employees are expected to avoid making statements in Email or computer files that would not reflect favorably on the employee or TEACH if disclosed in litigation or otherwise.

Offensive and Inappropriate Material

TEACH's policy against discrimination and harassment, sexual or otherwise, applies fully to TEACH's computer system, and any violation of that policy is grounds for discipline up to and including discharge. Therefore, no Email messages should be created, sent, or received if they contain intimidating, hostile, or offensive material concerning race, color, religion, sex, age, national origin, disability or any other classification protected by law. Further, material that is fraudulent, harassing, abusive, embarrassing, sexually explicit, profane, obscene, intimidating, defamatory, unlawful, inappropriate, or offensive (including offensive material concerning sex, race, color, national origin, religion, age, disability, or other characteristic protected by law) may not be downloaded from the Internet or displayed or stored in TEACH's computers. Employees encountering or receiving this kind of material should immediately report the incident to the Assistant Superintendent of Human Resources.

TEACH may (but is not required) to use software to identify inappropriate or sexually explicit Internet sites. Such sites may be blocked from access by TEACH networks. Notwithstanding the foregoing, TEACH is not responsible for material viewed or downloaded by users from the Internet. The Internet is a worldwide network of computers that contains millions of pages of information. Users are cautioned that many of these pages include offensive, sexually explicit, and inappropriate material. In general, it is difficult to avoid at least some contact with this material while using the Internet. Even innocuous search requests may lead to sites with highly offensive content. In addition, having an email address on the Internet may lead to receipt of unsolicited email containing offensive content. Users accessing the Internet do so at their own risk. Employees who encounter inappropriate or sexually explicit material while browsing on the Internet should immediately disconnect from the site, regardless of whether the site was subject to TEACH's blocking software.

Solicitations

TEACH's computer system (including, without limitation, its Email system) may not be used to solicit for political causes, commercial enterprises, outside organizations, or other non-job-related solicitations. Approval from the Chief Operating Officer is required before anyone can post any information on commercial on-line systems or the Internet.

Licenses and Fees

Employees may not agree to a license or download any material over the Internet for which a registration fee is charged without first obtaining the express written permission of the Chief Operating Officer.

Games and Entertainment Software

Employees may not use a TEACH Internet connection to download games or other entertainment software, or to play games over the Internet.

Confidential Information

Employees may not transmit information over the Internet or through email that is confidential or proprietary. Employees are referred to TEACH's "Confidential Information" policy, contained herein, for a general description of what TEACH deems confidential or proprietary. When in doubt, employees must consult their immediate supervisor and obtain approval before transmitting any information that may be considered confidential or proprietary.

Copyrights and Trademarks

TEACH's computer system may not be used to send (upload) or receive (download) copyrighted materials, trade secrets, proprietary financial information, or similar materials without prior authorization from Chief Operating Officer. Employees, if uncertain about whether certain information is copyrighted, proprietary, or otherwise inappropriate for transfer, should resolve all doubts in favor of not transferring the information and consult a supervisor.

Any TEACH-approved material that is posted or sent via its computer system should contain all proper copyright and trademark notices. Absent prior approval from a supervisor to act as an official representative of TEACH, employees posting information must include a disclaimer in that information stating, "Views expressed by the author do not necessarily represent those of TEACH."

Maintenance and Security of the System

Employees must not deliberately perform acts that waste computer resources or unfairly monopolize resources to the exclusion of others. These acts include, but are not limited to, sending mass mailings or chain letters, spending excessive amounts of time on the Internet, playing games, streaming video or audio files, engaging in online chat groups, printing excessive copies of documents, or otherwise creating unnecessary network traffic. Because audio, video and picture files require significant storage space, files of this or any other sort may not be downloaded unless

they are business-related. In addition, employees should routinely delete outdated or otherwise unnecessary Emails and computer files. These deletions will help keep the system running smoothly and effectively, as well as minimize maintenance costs.

To ensure security and to avoid the spread of viruses, employees accessing the Internet through a computer attached to TEACH's network must do so through an approved Internet firewall. Accessing the Internet directly by modem is strictly prohibited unless the computer you are using is not connected to TEACH's network.

Files obtained from sources outside TEACH including disks brought from home; including files downloaded from the Internet, news groups, bulletin boards, or other online services; files attached to email; and files provided by customers or vendors, may contain dangerous computer viruses that may damage TEACH's computer network. Employees should never download files from the Internet, accept email attachments from outsiders, or use disks from non-TEACH sources, without first scanning the material with TEACH-approved virus checking software. If you suspect that a virus has been introduced into TEACH network, notify technology personnel immediately.

Violations of this Policy

Violations of this policy will be taken seriously and may result in disciplinary action, including possible termination, and civil and criminal liability.

Amendment and Modification of this Policy

TEACH reserves the right to modify this policy at any time, with or without notice. TEACH may require employees to acknowledge and comply with a separate Acceptable Use Policy for Internet and Network Resources.

<u>Acknowledgement</u>

Employees acknowledge this policy by signing the receipt of this handbook.

SOCIAL MEDIA POLICY

TEACH has adopted the following policy with regard to employees' behavior on social networking sites. If you wish to use networking protocols or set up a social media site as a part of the educational process, please work with your administrators and technology staff to identify and use a restricted, school-endorsed networking platform. Such sites will be the property of the School who will have unrestricted access to, and control of, such sites.

Employees shall not accept students as friends on any personal social networking sites and are to decline any student-initiated friend requests. Teachers are not to initiate "friendships" with students or parents. Employees must delete any students already on their "friends" list immediately.

With regard to social networking content, employees should not use commentary deemed to be defamatory, obscene, proprietary, or libelous with regard to any school-related business or policy,

employee, student, or parent. Additionally, employees should exercise caution with regards to exaggeration, obscenity, copyrighted materials, legal conclusions, and derogatory remarks or characterizations. Employees should weigh whether a particular posting puts his/her effectiveness as a School employee at risk. TEACH encourages employees to post only what they want the world to see. Imagine that students, their parents, or administrators will visit your site as most information is available to the general public even after it is removed from the site. Employees may not discuss students nor post images that include students.

Due to security risks, employees must be cautious when installing the external applications that work with the social networking site. At a minimum, it is recommended that all employees should have all privacy settings set to "Only Friends". The settings "Friends of Friends" and "Networks and Friends" open your content to a large group of unknown people, including students.

Personal or Professional Blogs

If you are developing a website or writing a blog that will mention TEACH, you must identify that you are an employee of the organization and that the views expressed on the blog or web site are yours alone and do not represent the views of TEACH. Unless given permission by the Chief Operating Officer, you are not authorized to speak on behalf of TEACH or to represent that you do so. If you are developing a site or writing a blog that will mention TEACH, as a courtesy to the organization, please let the Chief Operating Officer know in advance of publication. The Chief Operating Officer may choose to visit your blog or social networking site from time to time.

You may not share information that is confidential and proprietary with regard to TEACH. This includes, but is not limited to, information about curriculum, school dynamics, school programs, future goals, or current challenges within the organization. These are given as examples only and do not cover the range of what TEACH considers confidential and proprietary. If you have any questions about whether information has been released publicly or doubts of any kind, speak with the Chief Operating Officer.

When writing a blog or participating in any other social networking site, employees should speak respectfully about TEACH and our current and potential employees, students, parents, and competitors. Name-calling or behavior that will reflect negatively on the organization's reputation is discouraged. Note that the use of copyrighted materials, unfounded, harassing, libelous, or derogatory statements, or misrepresentation is not viewed favorably by TEACH and can result in disciplinary action, up to, and including termination.

All employees who engage in social networking are legally liable for anything he/she writes or presents online. Employees can be disciplined by TEACH for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can create an unlawful hostile work environment. You can also be sued by TEACH's employees, competitors, and any individual or company that views your commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment.

This policy should not be construed, and will not be applied, in a manner that violates employee rights under the National Labor Relations Act.

Employees may not comment on a student's blog or a student's other social networking commentaries.

Employees may not use trade names, or logos belonging to the School without express written permission of the Chief Operating Officer.

Failure to comply with TEACH's social medial policy will result in disciplinary action, up to, and including, immediate termination.

EQUIPMENT POLICY

TEACH attempts to provide all staff members with the equipment and supplies needed to do their job. Providing equipment is a great expense to the school. It is expected that everyone will protect and care for all equipment and supplies issued to them. Staff members are responsible for the cost of lost, stolen, or broken items issued to them including: keys, textbooks, teacher guides, laptops, and any other equipment that may be assigned to them or their classroom if the loss is due to willful misconduct or negligence.

<u>Laptop Computers</u>

Each staff member assigned a laptop for professional use shall be required to sign a laptop Agreement Form and will be charged for any damages, loss or theft to the laptop caused by willful misconduct and/or negligence.

Although issued to an individual employee, all computing devices are considered the personal property of the primary organizational unit to which the receiving employee belongs and shall be returned upon termination of employment with the School, after reassignment of job duties or immediately upon request at any time by an official of the School.

Employees are expected to take all appropriate measures and precautions to prevent the loss, theft, damage and/or unauthorized use of such equipment. Such precautions shall include, but not be limited to the following:

- Keep the computing device in a locked and secured environment when not being used;
- Do not leave the computing device for prolonged periods of time in a vehicle, especially in extreme temperatures;
- Keep food and drinks away from all computing devices and work areas;
- Do not leave the computing device unattended at any time in an unsecured location (e.g., an unlocked empty classroom or office); and
- Keep the computing device in sight at all times while in public places, such as public transportation, airports, restaurants, etc. Should an employee's computing device be lost or stolen, the employee must:

- o immediately report the incident to his/her immediate supervisor and Chief representative;
- o obtain an official police report documenting the theft or loss; and
- o provide a copy of the police report to his/her immediate supervisor or Superintendent

If the employee fails to adhere to these procedures, the employee will be held legally and financially responsible to the School for the replacement of such equipment.

The School is under no legal, financial or other obligation to provide for a replacement computing device to any employee whose device is lost, stolen or damaged.

The School may add security and other tracking technology to any and all computing devices issued by it and any and all such usage is subject to management review, monitoring and auditing by the School. Other audits may be performed on the usage and internal controls as deemed necessary.

Non-compliance with any policies or procedures regarding Employee Computers and Portable Computing Devices issued by the School will result in appropriate disciplinary action and/or reimbursement of any and all costs to the School.

LAPTOP COMPUTERS

Each full time exempt employee receives a laptop computer for use in carrying out day-to-day functions such as lesson planning, email, enhancing classroom instruction, and using school-provided software for administrative duties (i.e. tracking attendance, logging grades, posting comments, etc.). Employee-issued laptops are property of TEACH. Employees are required to treat their laptops with great care. Laptops may never be left unattended or in unlocked classrooms. Employees are required to bring their laptop computers home with them each night. Upon termination of employment, employees understand and agree that they must promptly return their school-issued laptop to the school. Employees are responsible for reimbursing the school for the cost of lost or damaged laptops when the loss or damage is due to a violation of this policy or the willful misconduct or negligence of the employee.

Employees acknowledge and understand that TEACH is the owner of the laptop and of all information contained on the laptop. Employees are discouraged from keeping personal information on their school-issued laptops or using the laptops for personal use. There should be no expectation of privacy with regard to a school-issued laptop and employees must return his or her laptop upon request by the school for regular maintenance.

CELL PHONE POLICY

Personal cell phone use is not permitted while you are working. Cell phones should be turned off and stored with your other personal belongings while you are working.

If you are required to perform business on a cell phone for TEACH while driving, you must utilize the hands-free option on the cell phone or a headset/earpiece device. Sending, writing, or reading text based communications on your cell phone while driving a School vehicle or your own vehicle to conduct School business is prohibited. Text based communications include, but are not limited to, text messages, instant messages and email.

If you are assigned a School cell phone to conduct School business, please notify your supervisor if the cell phone is misplaced, stolen, or damaged. Personal calls, received or placed, are not allowed on School cell phones.

TELEPHONE CALLS AND TEXTING

While at work and during staff meetings, the employee's undivided attention is expected. Cell phones, texting, and pagers are not allowed so that the activities or discussion are not disturbed. Employees should wait to make personal phone calls during breaks.

NO SOLICITATION/DISTRIBUTION POLICY

In order to minimize non-work-related activities that could interfere with providing quality education, teamwork, and safety, TEACH has established the following policy concerning solicitation and the distribution of written materials other than those directly related to the School's business.

Non-employees may not solicit or distribute written materials of any kind at any time on premises that are owned, leased, operated, managed or controlled by TEACH.

Employees may not solicit other employees during the workday when either the person doing the solicitation or the person being solicited is engaged in or required to be performing work tasks.

Employees may not distribute written materials of any kind during the workday when either the distributing employee or the employee receiving the materials is engaged in or required to be performing work tasks.

Additionally, distribution of written materials of any kind by TEACH employees is prohibited at all times in all working areas on school premises.

Employees may solicit other employees when both parties are on non-work time. Employees may distribute written materials in non-work areas during non-work time.

The sole exceptions to this policy are charitable and community activities supported and approved by TEACH.

School bulletin boards are the only areas where any merchandise or notices may be placed. Such items must meet the guidelines established by the school. The site Principal must approve any postings prior to posting.

TEACH reserves the right to discontinue any solicitation or distribution if the activities become disruptive to employees or the efficient operation of the school's business.

Employees are required to leave school premises and other work areas at the completion of their workday. Employees are not permitted to enter or remain on school premises or work areas unless the employee is on duty, scheduled for work, coming to or departing from scheduled work, or otherwise has specific authorization from the site principal.

Definitions

School "premises": property owned, leased, operated, managed or controlled by the school, including buildings, parking lots, and play areas that the school has the right to use exclusively or in common with others, vehicles owned or operated by the school, and any location where school-sponsored activities are taking place, such as restaurants, banquet halls, athletic facilities, parks or other recreational facilities.

Work time: any time when employees are engaged in or required to be performing work tasks. Work time does not include break periods, meal times, or other periods during the workday when employees are properly not engaged in performing their work tasks.

Work areas: all areas controlled by the school where employees are performing work, except cafeterias, employee break areas, and parking lots (non-work areas).

Employee Responsibility

If you have a need to solicit and/or distribute materials on school premises, it must be in compliance with this policy. If you have questions, talk with the site principal. If solicitation or distribution is conducted within the parameters of this policy, the manner of activities must not harass or intimidate other employees. If you are subjected to such behavior at any time, report the activity to your supervisor. If solicitation or distribution occurs while you are working, report the activity to the site principal.

NEPOTISM POLICY

TEACH permits the employment of qualified relatives of employees, of the employee's household or immediate family as long as such employment does not, in the opinion of TEACH, create actual conflicts of interest. For purposes of this policy, "qualified relative" is defined as a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, corresponding in-law, "step" relation, or any member of the employee's household. TEACH will use sound judgment in the placement of related employees in accordance with the following guidelines:

Individuals who are related by blood, marriage, or reside in the same household are permitted to work in the same department, provided no direct reporting or supervisor-to-subordinate relationship exists. That is, no employee is permitted to work within "the chain of command" when one relative's work responsibilities, salary, hours, career progress, benefits, or other terms and conditions of employment could be influenced by the other relative.

Related employees may have no influence over the wages, hours, benefits, career progress and other terms and conditions of the other related staff members.

Employees who marry while employed, or become part of the same household are treated in accordance with these guidelines. If in the opinion of TEACH, a conflict arises as a result of the relationship, one of the employees may be transferred at the earliest practicable time.

The TEACH Board of Directors must approve any exceptions to this policy.

BUILDING SECURITY/SCHOOL KEYS

All employees who are issued keys to the office and classrooms are responsible for their safekeeping. These employees will sign a BUILDING KEY DISBURSEMENT FORM upon receiving the key.

You will be assigned all appropriate building keys needed to conduct your daily job responsibilities. You are responsible for all keys. Duplication of any school key is not allowed and strictly prohibited. It is against School policy to loan or distribute your assigned keys to another employee or non-employee of the School. If your school keys are lost, misplaced, destroyed, or stolen, you must report it immediately to the Superintendent.

The last employee, or a designated employee, who leaves the office and /or the school site at the end of the business day assumes the responsibility to ensure that all doors are securely locked, the alarm system is armed, thermostats are set on appropriate evening and/or weekend setting, and all appliances and lights are turned off with exception of the lights normally left on for security purposes. Employees are not allowed on school property after hours without prior authorization.

INTERNAL INVESTIGATIONS & SEARCHES

From time to time TEACH may conduct internal investigations pertaining to security, auditing, or work-related matters. Employees are required to cooperate fully with and assist in these investigations if required to do so.

Whenever necessary, in TEACH's discretion, employees' work areas (i.e. desks, file cabinets, lockers, etc.) and personal belongings (i.e. brief cases, handbags, etc.) may be subject to a search without notice. Employees are required to cooperate. Because even a routine search for TEACH property might result in the discovery of an employee's personal possessions, all employees are encouraged to refrain from bringing into the workplace any item of personal property that they do not wish to reveal to TEACH. TEACH will generally try to obtain an employee's consent before conducting a search of work areas and personal belongings, but it may not always be able to do so. Employees have no expectation of privacy in their work areas.

VIOLENCE IN THE WORKPLACE

TEACH has adopted a policy prohibiting workplace violence. Consistent with this policy, acts or threats of physical violence, including intimidation, harassment, bullying, and/or coercion, which involve or affect TEACH or which occur on TEACH property will not be tolerated. Acts or threats of violence include conduct which is sufficiently severe, offensive, or intimidating to alter the employment conditions at TEACH or to create a hostile, abusive, or intimidating work environment for one or several employees. Examples of workplace violence include, but are not limited to, the following:

All threats or acts of violence occurring on TEACH premises, regardless of the relationship between TEACH and the parties involved.

All threats or acts of violence occurring off TEACH premises involving someone who is acting in the capacity of a representative of TEACH.

Specific examples of conduct, which may be considered threats or acts of violence, include, but are not limited to, the following:

- Hitting or shoving an individual
- Threatening an individual or his/her family, friends, associates, or property with harm
- Intentional destruction or threatening to destroy TEACH property
- Making harassing or threatening phone calls
- Harassing surveillance or stalking (following or watching someone)
- Unauthorized possession or inappropriate use of firearms or weapon

TEACH's prohibition against threats and acts of violence applies to all persons involved in TEACH's operation, including but not limited to all personnel, contract, unpaid interns, volunteers and temporary workers and anyone else, including parents on TEACH property. Violations of this policy by any individual on TEACH property will lead to disciplinary action, up to and including termination and/or legal action as appropriate. All employees are encouraged to report incidents of threats or acts of physical violence of which they are aware to their supervisors or to the Assistant Superintendent of Human Resources.

SECTION 9 – STANDARDS OF CONDUCT

PERSONAL APPEARANCE/STANDARDS OF DRESS

The Board of Directors believes that teachers and other TEACH staff serve as role models. They should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

The Board of Directors encourages staff; during school hours, to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all staff shall adhere to the following standards of dress:

- Clothing and jewelry must be safe and appropriate to the educational environment.
- All clothing must be clean and in good repair. Slits or tears in pants or other articles of clothing are not permitted except for modest slits in women's dresses or skirts that are no higher than three (3) inches above the knee.
- Head coverings, including hats of any kind, except those worn for religious or safety reasons, are not to be worn inside school buildings including assemblies, classrooms, labs and offices. Hats may be worn outside for sun protection. All hats are to be removed upon entering school buildings. For exceptions to this policy, the Assistant Superintendent of Human Resources must grant prior approval.
- Slacks and shorts are to be worn on the waist with no portion of an undergarment showing. Shorts should be modest in length and should be no higher than three (3) inches above the knee
- Skirts and dresses should be no higher than three (3) inches above the knee.

- Jeans are not permitted

- Appropriate shoes must be worn at all times.
- The Assistant Superintendent of Human Resources will be the final arbiter of what constitutes appropriate dress and attire.

DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS

It is the policy of TEACH that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

STAFF-STUDENT INTERACTIONS

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

Boundaries Defined

For the purposes of this policy the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member's perspective but may be perceived as flirtation or sexual insinuation from a student or parental point of view. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or "grooming." Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. *Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes*. Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

Unacceptable Behaviors

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior we intend to address by this policy.

- Giving gifts to an individual student that are of a personal and intimate nature (including photographs); or items such as money, food, outings, electronics, etc. without the written pre-approval of the Principal or School Leader. It is recommended that any such gifts be filtered through the Principal along with the rationale therefor.

- Allowing students at your home and/or in rooms within your home without signed parental permission for a pre-planned and pre-communicated educational activity which must include another educator, parent, or designated school volunteer
- Staff mirroring the immature behavior of minors
- Sending emails, text messages, social media responses, making phone calls, or sending notes or letters to students if the content is not about school activities. Communication via private social media accounts is not acceptable.

- Stopping and correcting students if they cross your own personal boundaries, including touching legs, or buttocks, frontal hugs, kissing, or caressing

- Keeping administration informed when a significant issue develops about a student, such as a change in demeanor or uncharacteristic behavior
- Keeping after-class discussions with a student professional and brief
- Immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries

- Making detailed notes about an incident that in your best judgement could evolve into a more serious situation later
- Recognizing the responsibility to stop Unacceptable Behaviors of students and/or coworkers
- Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
- Prioritizing professional behavior during all moments of student contact
- Asking yourself if any of your actions, which are contrary to these provisions, are worth sacrificing your job and career.

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of misconduct, he or she must report the suspicion to the Assistant Superintendent of Human Resources promptly. Reasonable suspicion means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe the conduct occurred. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Employees must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse.

Child Abuse / Sexual Abuse Reporting

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse or sexual abuse, or you reasonably suspect it, California Penal Code Section 11166 requires you to immediately report this information or suspicion to a child protective agency or the police. The report shall be made by phone as soon as possible and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse. Internal reporting to the Principal occurs after the phone-in report. Failure to meet these obligations can result in a monetary fine and/or jail.

Investigating

The Assistant Superintendent of Human Resources will promptly investigate and document the investigation of any allegation of sexual misconduct or inappropriate behavior by a staff member, using such support staff or outside assistance, as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s) including any potential witnesses, as much as possible. The investigating administrator shall promptly notify the Governing Board in closed session of the existence and status of any investigations. Upon completion of any such investigations, the Superintendent shall report to the Governing Board any conclusions reached. The investigating administrator shall consult with legal counsel, as appropriate, prior to, during, and after conducting any investigation.

Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action, and where appropriate, will be reported to authorities for potential legal action.

CUSTOMER & PUBLIC RELATIONS

The School's image in front of students, parents (i.e. our "customers") and the general public is critical to our success. All employees are expected to be prompt, polite, courteous and attentive to our customers and the public. We will absolutely not tolerate conduct toward our customers or the general public that might be interpreted as unlawful discrimination or harassment. If you witness conduct in violation of this policy, you should immediately bring it to the attention of your supervisor or the Superintendent.

PROHIBITED CONDUCT

The following is a list of conduct that is prohibited and will not be tolerated by the School. It is not an all-inclusive list, but rather a list designed to give examples of the types of conduct prohibited by the School.

CONFIDENTIAL INFORMATION

You may, during the course of your duties be advised of certain confidential business matters and affairs of the School regarding its business practices, students, suppliers and employees. Your duties may also place you in a position of trust and confidence with respect to certain trade secrets and other proprietary information relating to the business of the School and not generally known to the public or competitors. Such proprietary information includes student information, competitive strategies, marketing plans, personnel information and financial information. You shall not, either during your employment with the School or any time in the future, directly or indirectly:

- Disclose or furnish, directly or indirectly, to any other person, firm, agency, corporation, client, business, or enterprise, any confidential information acquired during your employment;
- Individually or in conjunction with any other person, firm, agency, School, client, business, or corporation, employ or cause to be employed any confidential information in any manner whatsoever, except in furtherance of the business of the School;

Upon termination of employment, employees are required to immediately return to the School all property of the School in as good condition as when received (normal wear and tear excepted) including, but not limited to, all files, records, documents, drawings, specifications, lists, equipment and supplies, promotional materials, and similar items relating to the business of the School.

CONFLICTS OF INTEREST

All employees must avoid situations that result in actual or even potential conflicts of interest. Personal, social and economic relationships with competitors, suppliers, customers, parents, or coemployees that may impair an employee's ability to exercise good judgment on behalf of the School or which give the appearance of such impairment create an actual or potential conflict of interest. For example, romantic or personal relationships between a supervisor and subordinate employee can lead to supervisory problems, claims of harassment and morale problems.

Any employee involved in such situations or relationships must immediately and fully disclose the nature of the situation or relationship to the Assistant Superintendent of Human Resources so a determination can be made as to whether an actual or potential conflict exists, and if so, how to correct the situation.

TEACH expects employees to devote their best efforts to the interests of our school. TEACH recognizes your right to engage in activities outside of your employment, which are of a private nature and unrelated to our business. However, outside activities (second jobs, side businesses, clubs, etc.) must not interfere with your ability to fully perform your job duties at TEACH or create a conflict of interest with your statutory duty of loyalty to the School. The School prohibits employees from working with another School or external organization that competes with TEACH whether as a regular employee or as a consultant.

If you have any questions whether an action or proposed course of conduct would create a conflict of interest, you should immediately contact the Assistant Superintendent of Human Resources to obtain advice on this issue. A violation of this policy will result in immediate and appropriate discipline, up to and including immediate termination.

Outside Employment

If you are a full time employee we expect that you devote your full professional effort to your position at TEACH. If you wish to participate in outside work activities you are required to obtain written approval from the Assistant Superintendent of Human Resources prior to starting those activities. Approval will be granted unless the activity conflicts with TEACH's interests. In general, outside work activities are not allowed when they:

- Prevent you from performing work for which you are employed at TEACH.
- Involve organizations that are doing or seek to do business with TEACH including actual or potential vendors.
- Violate provisions of law or TEACH policies or rules.
- When the employee is on a medical leave (FMLA/CFRA/PDL or any other medical leave).

Your obligations to TEACH must be given priority. Full time employees are hired and continue employment with the understanding that TEACH is their primary employer and that other employment, commercial involvement or volunteer activity that is in conflict with the business interests of the school is strictly prohibited.

EXPENSE REIMBURSEMENT POLICY

TEACH expects employees to act responsibly and professionally when incurring and submitting expenses. The organization will reimburse employees for reasonable expenses on pre-approved business. This includes, for example, travel fares, accommodations, meals, tips, telephone and fax charges, and purchases made on behalf of the organization.

TEACH does not pay for local travel to and from the office (regular commute). If employees use their vehicles for business travel, mileage will be reimbursed as per the IRS current mileage rates and for appropriate parking fees. **TEACH** will not be responsible for fuel, maintenance, traffic or parking violations.

General guidelines

- Original boarding passes for airplane / train travel

By my signature below, I acknowledge that I have received a copy of TEACH's Employee Handbook, on the date indicated below and agree to my at-will employment as described below. I acknowledge that it is my responsibility to read and review the Employee Handbook carefully. I also acknowledge that it is my responsibility to ask for clarification if I do not understand any of the policies included in the Employee Handbook.

I understand that the Employee Handbook contains important information regarding TEACH's expectations, policies and guidelines and that I am expected to comply with these expectations, policies and guidelines at all times. SECTION 1 – WELCOME

Welcome to TEACH Public Schools!

We are happy to have you join us at TEACH Public Schools. We believe our school is truly unique. We serve a diverse group of talented and hardworking students. We regard the work we do as being of utmost importance. Therefore, we have very high expectations for professionalism and performance for each one of our employees. All employees should treat all individuals, including students, teachers, administrators, volunteers, and family members, with respect, and approach all situations as opportunities to learn.

This handbook has been written to provide you with an overview of TEACH, Inc., a California Nonprofit Public Benefit Corporation and its individual charter schools (hereinafter referred to as "TEACH" or the "School") personnel policies and procedures, and your benefits as a TEACH employee.

This handbook is intended to explain in general terms those policies that most often apply to your day-to-day work activities. This handbook cannot anticipate every situation or answer every question about employment, and it is not an employment contract. Employees are expected to read this handbook thoroughly upon receipt, to know and abide by the policies outlined herein, and as revised over time, throughout their employment. No TEACH guideline, practice, manual or rule may alter the "at-will" status of your relationship with TEACH.

In order to retain necessary flexibility in the administration of its policies, procedures and benefits, TEACH reserves the right to change, deviate from, eliminate, or revise the handbook, except for the at-will provisions, at any time, without notice, whenever TEACH determines that such action is warranted. For these reasons, we urge you to check with the Assistant Superintendent of Human Resources to obtain current information regarding the status of any particular policy, procedure or practice. This handbook supersedes and replaces all previous personnel policies, practices and procedures.

I welcome you and wish you great success and fulfillment at TEACH.

Sincerely

Mildred S. Cunningham

CEO/President/Executive Director

TEACH Public Schools

SECTION 2 – GENERAL

This handbook has been written to serve as a guide for the employer/employee relationship. This handbook applies to faculty and staff at TEACH. The standards of conduct apply to all individuals who work on the school premises including independent contractors, vendors, and visitors. Unless otherwise indicated, a benefit, policy, program, or procedure applies, or is available, to ALL eligible employees.

This handbook contains only general information and guidelines. It is not intended to be comprehensive or to address all the possible applications of, or exceptions to, the general policies and procedures described. For that reason, if you have any questions concerning eligibility for a particular benefit, or the applicability of a policy or practice to you, you should address your specific questions to your supervisor or the Assistant Superintendent of Human Resources. You are responsible for reading, understanding, and complying with the provisions of this Handbook. Our objective is to provide you with a work environment that is constructive to both personal and professional growth.

Neither this handbook nor any other TEACH document confers any contractual right, either express or implied, to remain in TEACH' employ, nor does it guarantee any fixed term or condition of your employment. Except as otherwise provided in an executed employment agreement, your employment is not for any specified period of time and may be terminated at will, with or without cause and without prior notice, by TEACH or you may resign for any reason at any time.

No supervisor or other representative of TEACH except the Superintendent, with the approval of the Board of Directors, has the authority to enter into any agreement for employment for any specified period of time, or to make any agreement contrary to the above. Second, the procedures, practices, policies and benefits described herein may be modified or discontinued from time to time with or without advance notice. We will try to inform you of any changes as they occur.

Finally, this handbook contains proprietary information that should not be disclosed outside TEACH, other than to individuals affiliated with TEACH whose knowledge of the information is required in the normal course of business.

EMPLOYMENT

EMPLOYMENT APPLICATIONS

We rely upon the accuracy of information contained in the employment application and the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in exclusion of the individual from further consideration for employment or, if the person has been hired, termination of employment.

EQUAL EMPLOYMENT OPPORTUNITY

TEACH is an equal opportunity employer. In accordance with applicable law, the School prohibits discrimination against any employee or applicant for employment on the basis of an individual's protected status, including race/ethnicity, color, religious creed, including religious dress and grooming practices, gender, gender identity, gender expression, color, national origin (which includes, but is not limited to, national origin groups and aspects of national origin, such as height, weight, accent, or language proficiency), ancestry, physical disability, mental disability, medical condition, age, sexual orientation, marital status, parental status, sex (which includes pregnancy, childbirth, breastfeeding, and related medical conditions), gender, gender identity/expression, military service, veteran status, immigration/citizenship status or related protected activities (which includes undocumented individuals and human trafficking), genetic information, or any other characteristic or condition protected by applicable law. Also in accordance with applicable law, the School prohibits discrimination against any qualified disabled employee or applicant, against a disabled veteran, or against a veteran of the Vietnam era. These categories include a perception that the individual has any of these characteristics or is associated with a person who has (or is perceived to have) any of these characteristics. The School will ensure that applicants and employees are treated in all aspects of employment without unlawful discrimination because of these or any other protected basis. Such aspects of employment include, but are not limited to, recruitment, hiring, promotion, demotion, transfer, layoff, termination, compensation, and training. Additionally, in accordance with applicable law, TEACH prohibits all forms of unlawful harassment of a sexual or other discriminatory nature. Any conduct contrary to this policy is prohibited. This policy applies to all applicants and employees of the School.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make a good faith effort to provide reasonable accommodations for the known physical or mental limitations of an otherwise qualified applicant or employee with a disability, unless undue hardship would result to the School. An applicant or employee who believes he or she requires an accommodation in order to perform the essential functions of the job should contact the Assistant Superintendent of Human Resources and request such an accommodation, specifying what accommodation he or she needs to perform the job. The School will analyze the situation, engage in an interactive process with the individual, and respond to the individual's request.

If you believe you have been subjected to discrimination, please follow the complaint procedure outlined below.

HARASSMENT

It is the policy of TEACH to ensure equal employment opportunity without discrimination or harassment on the basis of race, religious creed (which includes religious dress and grooming practices), color, national origin (which includes, but is not limited to, national origin groups and aspects of national origin, such as height, weight, accent, or language proficiency), ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex (which includes pregnancy, childbirth, breastfeeding, and related medical conditions), gender, gender identity, gender expression, age, sexual orientation, military or veteran status,

immigration/citizenship status or related protected activities (which includes undocumented individuals and human trafficking), or any other consideration made unlawful by federal, state, or local laws, ordinances, or regulations. These categories include a perception that the individual has any of these characteristics or is associated with a person who has (or is perceived to have) any of these characteristics.

TEACH prohibits any such discrimination or harassment. In addition, we prohibit abusive conduct/workplace bullying in the work environment. It is our mission to provide a professional work and learning environment free of harassment, discrimination and/or workplace bullying that maintains equality, dignity, and respect for all. It shall be a violation of this policy for any student, teacher, administrator, or other employee, including unpaid interns and volunteers of TEACH to harass, discriminate against or engage in abusive conduct towards other students, teachers, administrators, (including unpaid interns and volunteers) or other employees or anyone associated with TEACH through conduct or communication. The School will take all reasonable steps to prevent or eliminate unlawful harassment by non-employees, including students, parents, vendors or other third parties, who have workplace contact with our employees. This policy applies to all applicants and employees (or other listed individuals), whether related to conduct engaged in by fellow employees or someone not directly connected to TEACH (e.g. an outside vendor, consultant or customer). Conduct prohibited by these policies is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business or field trips, meetings and business or school-related social events.

The term employee includes teachers, classified staff, administrators, unpaid interns and volunteers.

What is Harassment?

Harassment can take many forms. As used in this Employee Handbook, the terms "discrimination" and "harassment" includes all unwelcome conduct that comprises:

- Offensive remarks, comments, jokes or slurs pertaining to an individual's race, religion, sex, sexual orientation, gender or gender identity or expression, age, national origin or ancestry, disability, citizenship, veteran status, or any other protected status as defined by law or regulation whether verbally or by electronic means including email, and/or text messages

 - O Submission to, or rejection of, such conduct by an individual is used as a basis for employment decisions affecting such individual;
 - Such conduct has the purpose or effect of substantially interfering with the individual's work performance or creating an intimidating, hostile or offensive working environment.

What is abusive conduct/workplace bullying?

- Conduct of an employer or employee in the workplace, with malice, that a reasonable person would find hostile, threatening, intimidating, humiliating and unrelated to an employer's legitimate business interests.
 - o Use of derogatory remarks, insults and/or epithets

- Malice is defined as conduct which is "intended by the perpetrator to cause injury to the victim or despicable conduct which is carried on by the perpetrator with a willful and conscious disregard of the rights or safety of others." (Calif Civil Code §3294(c)(1))

Responsibility

All TEACH employees have a responsibility for keeping our work environment free of harassment, discrimination and abusive conduct.

Reporting

TEACH encourages reporting of all perceived incidents of discrimination, harassment, abusive conduct or retaliation, regardless of the offender's identity or position. Individuals who believe that they have been the victims of such conduct should discuss their concerns with their immediate supervisor, or Assistant Superintendent of Human Resources. In addition, TEACH encourages individuals who believe they are being subjected to such conduct to promptly advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often this action alone will resolve the problem. TEACH recognizes, however, that an individual may prefer to pursue the matter through formal complaint procedures. Every effort will be made to keep such reports as confidential as possible, although it is understood that an investigation will normally require the involvement of third parties. TEACH is serious about enforcing its policy against harassment; however, TEACH cannot resolve a harassment problem that it does not know about. Therefore, employees are responsible for bringing any such problems to TEACH's attention so it can take whatever steps are necessary to correct the problems.

Investigation/Complaint Procedure

All complaints of harassment, discrimination or abusive conduct will be promptly investigated. If the investigation substantiates the accusations, the appropriate corrective action will be taken. This may include, but not be limited to, reprimand, suspension or dismissal, depending on the nature and severity of the offense. Appropriate action will also be taken in the event the accusations are intentionally false or malicious in intent.

Individuals who believe they have been the victims of conduct prohibited by this policy statement or believe they have witnessed such conduct should discuss their concerns with their immediate supervisor or Assistant Superintendent of Human Resources or Chief Operating Officer. TEACH encourages the prompt reporting of complaints or concerns so that rapid and appropriate remedial action can be taken before relationships become irreparably strained. Therefore, while no fixed reporting period has been established, early reporting and intervention have proven to be the most effective method of resolving actual or perceived incidents of harassment.

Any reported allegations of harassment, discrimination, abusive conduct or retaliation will be investigated promptly. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. Confidentiality will be maintained throughout the investigatory process to the extent consistent with adequate investigation methods and appropriate corrective actions. The School has a compelling interest in protecting the integrity of its investigations. In every investigation, the School has a strong desire to protect witnesses from harassment, intimidation and retaliation, to keep evidence from being destroyed, to ensure that testimony is not fabricated, and to prevent a cover-up. If the School reasonably imposes a confidentiality requirement and you do not maintain such confidentiality, you may be subject to disciplinary action up to and including immediate termination.

Misconduct constituting harassment, discrimination, abusive conduct, or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling and/or disciplinary action such as warning, reprimand, withholding of a promotion or pay increase, reassignment, temporary suspension without pay or termination, as TEACH believes appropriate under the circumstances. False and malicious complaints of harassment, discrimination, abusive conduct, or retaliation as opposed to complaints, which, even if erroneous, are made in good faith, may be the subject of appropriate disciplinary action.

Retaliation

Retaliation against an individual for reporting harassment, discrimination, abusive conduct or for participating in an investigation of a claim of such is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

Conclusion

This policy was developed to ensure that all employees could work in an environment free from harassment, discrimination, abusive conduct and retaliation. TEACH will make every reasonable effort to ensure that all concerned are familiar with these policies and aware that any complaint in violation of such policies will be investigated and resolved appropriately. Any employee who has questions or concerns about these policies should talk with the Assistant Superintendent of Human Resources or Chief Operating Officer. Finally, these policies should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, or any other protected

characteristic, from participating in business or work-related social activities or discussions. In other words, no one should make the mistake of engaging in discrimination or exclusion in order to avoid allegations of harassment. The law and the policies of TEACH prohibit disparate treatment on the basis of sex or any other protected characteristic, with regard to terms, conditions, privileges and perquisites of employment. The prohibitions against harassment, discrimination, abusive conduct, and retaliation are intended to complement and further those policies, not to form the basis of an exception to them.

If you believe you have experienced discrimination, harassment, or abusive conduct you may file a Department of Fair Employment and Housing ("DFEH") or Equal Employment Opportunity Commission complaint. For information contact the DFEH or EEOC. You may find their phone numbers in the phone directory.

AT WILL EMPLOYMENT

We believe that an employment relationship is successful as long as both parties are mutually satisfied. Accordingly, both you and TEACH will have the right to terminate your employment and all related compensation and benefits at any time, with or without cause and with or without notice. In addition, TEACH may eliminate or change any term or condition of your employment (including but not limited to your job assignment, duties, or salary) at will, at any time, for any reason not prohibited by law, with or without cause and with or without previous notice.

This is called "employment at will," and no one other than the Executive Director of TEACH, with the approval of the Board of Directors, has the authority to alter your employment at-will status, to enter into an agreement for employment for a specified period of time, or to make any agreement contrary to this policy. Further, any such agreement must be in writing and must be signed by the Superintendent. Statements of specific grounds for termination set forth in this Handbook, or elsewhere, are not all-inclusive and are not intended to restrict TEACH's right to terminate at-will.

OPEN COMMUNICATION POLICY

We want to hear from you. TEACH strongly encourages employee participation in decisions affecting their employment and their daily professional responsibilities. Our greatest strength lies in our employees and our ability to work together. We encourage open communication about all aspects of our school and organization. Employees are encouraged to openly discuss with their supervisors any problems or suggestions they believe would make our organization better and stronger. TEACH is interested in all our employee's success and fulfillment. We welcome all constructive suggestions and ideas.

Employees who have work-related concerns or complaints are encouraged to discuss them with the Assistant Superintendent of Human Resources. Employees are encouraged to raise their work-related concerns as soon as possible after the events that cause concern. TEACH will attempt to keep the employee's concerns and complaints and any resulting investigation confidential to the extent feasible. However, in the course of an investigation and/or in resolving the matter, some dissemination of information to others may be necessary, appropriate, and/or required by law.

LACTATION ACCOMMODATION POLICY

TEACH provides a reasonable amount of break time to accommodate a female employee's need to express breast milk for the employee's infant child. The school will also make a reasonable effort to provide the employee with the use of a room or other location in close proximity to the employee's work area for the employee to express milk in private.

An employee who would like to request an accommodation to express milk should complete an accommodation request form and contact the Assistant Superintendent of Human Resources. The school reserves the right to deny an employee's request for a lactation break if the additional break time will seriously disrupt operations.

Employees requesting an accommodation under this policy should comply with the following requirements:

- 1. The employee should complete an accommodation request form and contact the Assistant Superintendent of Human Resources to request designation of a location and time to express breast milk under this policy.
- 2. The requested break time should, if possible, be taken concurrently with other scheduled break periods. Nonexempt employees should clock out for any lactation breaks that do not run concurrently with normally scheduled rest periods. Any such breaks will be unpaid.

Retaliation for making a lactation accommodation request is strictly forbidden. If the employee believes she has been retaliated against it should be reported immediately to Human Resources or the School Leader. Discrimination against and harassment of lactating employees in any form is unacceptable, a form of prohibited sex/gender discrimination, will not be tolerated at TEACH and will be handled in accordance with TEACH's policy on discrimination and harassment.

PUBLIC RELATIONS

The success of a charter school depends upon the quality of the relationship among the school, its employees, students, parents and the general public. The public impression of TEACH and its interest in our school will be formed in part, by TEACH employees. Our employees are ambassadors. The more goodwill an employee promotes, the more employees, students, parents and the general public will respect and appreciate the employee, TEACH and our school's services.

Below are several things employees can do to help leave people with a good impression of TEACH.

These are the building blocks for our continued success:

- Communicate with parents regularly
- Act competently and deal with others in a courteous and respectful manner
- Communicate pleasantly and respectfully with other employees at all times

- Follow up on requests and questions promptly, provide business-like replies to inquiries and requests, and perform all duties in an orderly manner
- Respond to email and voicemail within 24 hours during the workweek
- Take great pride in your work and enjoy doing your very best

WHISTLEBLOWER POLICY

TEACH is committed to maintaining a workplace where employees are free to raise good faith concerns regarding certain business practices, specifically: (1) reporting suspected violations of law, including but not limited to federal laws and regulations; (2) providing truthful information in connection with an inquiry or investigation by a court, agency, law enforcement, or other governmental body; and (3) identifying potential violations of TEACH policy, specifically the policies contained in TEACH's Employee Handbook.

An employee who wishes to report a suspected violation of law or TEACH policy may do so confidentially by contacting the TEACH Public School Board of Directors.

TEACH expressly prohibits any form of retaliation, including harassment, intimidation, adverse employment actions, or any other form of retaliation, against employees who raise suspected violations of law, cooperate in inquiries or investigations, or identify potential violations of TEACH. Any employee who engages in retaliation will be subject to discipline, up to and including termination.

Any employee who believes that he or she has been subjected to any form of retaliation as a result of reporting a suspected violation of law or policy should immediately report the retaliation to one of the following: Chief Operating Officer and Assistant Superintendent of Human Resources. Any supervisor, manager, or Human Resources staff that receives complaints of retaliation must immediately inform the Chief Operating Officer or Assistant Superintendent of Human Resources.

Reports of suspected violations of law or policy and reports of retaliation will be investigated promptly and in a manner intended to protect confidentiality, consistent with a full and fair investigation. The Assistant Superintendent and a member of TEACH management will conduct the investigation or designate other internal or external parties to conduct the investigations. The investigating parties will notify the concerned individuals of their findings as appropriate.

SECTION 3 – THE EMPLOYMENT PROCESS

EMPLOYEE STATUS AND CLASSIFICATIONS

An "employee" of TEACH is a person who regularly works for TEACH on a wage or salary basis. "Employees" may include exempt, non-exempt, regular full-time, regular part-time, and temporary persons.

Exempt

Employees whose positions meet specific criteria established by state and federal law and who are exempt from overtime pay requirements.

Non-Exempt

Employees whose positions do not meet specific criteria established by state and federal law and who are paid time and one-half the employee's regular rate of pay for hours worked in excess of 8 hours in any one workday or 40 hours in any one workweek.

Regular Full-Time

Employees who are regularly scheduled to work 30 or more hours per week are generally eligible for the TEACH's benefit package, subject to the terms and conditions, and limitations of each benefit program.

Regular Part-Time

Employees who are regularly scheduled to work less than 30 hours per week, and generally not eligible for TEACH's benefit package.

<u>Temporary</u> (Full-Time or Part-Time)

Those whose performance is being evaluated to determine whether further employment in a specific position or with TEACH is appropriate or individuals who are hired as interim replacements to assist in the completion of a specific project or for vacation relief. Employment beyond any initially stated period does not in any way imply a change in employment status. Temporary employees retain that status until they are notified of a change. They are not eligible for any of TEACH's benefit programs. Temporary employees scheduled to work more than 30 hours per week on a regular basis may be entitled to the school's benefit package.

WORK SCHEDULES

All employees will be assigned a work schedule suitable for their job assignment and will be expected to begin and end work according to the schedule. Please note that schedules may vary depending on a variety of factors including whether you work during the academic year or on an annual basis. The Assistant Superintendent of Human Resources or your supervisor will assign

your individual work schedule. In order to accommodate the needs of our business, it may be necessary to change individual work schedules on either a short- term or long-term basis. All employees are expected to be at their desks or workstations at the start of their scheduled shift, ready to work. If you need to modify your schedule, request the change with Human Resources or your supervisor. All schedule changes or modifications must be approved by the Assistant Superintendent of Human Resources.

TEACH reserves the right to assign employees to jobs other than their usual assignment when necessary, provided the employee is capable of performing the essential functions of the alternate assignment. Non-exempt employees are not allowed to perform work at home or away from the School unless specifically authorized for each occurrence by their supervisor. Non-exempt employees are not to work before or to continue working after their scheduled hours unless specifically assigned by the supervisor. Non-exempt employees are not allowed to work "off the clock." Attendance at school-sponsored functions is not compensated unless the supervisor has required you to attend and work at the function and has written approval from the Assistant Superintendent of Human Resources to provide the additional compensation. Employees violating these rules may be subject to disciplinary action up to and including termination.

Exempt Employees:

The normal working hours for instructional employees at the school sites are from 7:00 a.m. to 5:00 p.m. with two ten (10) minute rest breaks and a thirty (30) minute meal break. Instructional Employees may be required to work other than the normal hours and to take their lunch breaks on a rotating basis so that classes and student activities are always covered. There will occasionally be activities that will require teacher participation outside of regular business hours such as instructional prep, evening and Saturday family workshops or special meetings.

The Assistant Superintendent of Human Resources must approve any exceptions to the regular work schedule for instructional employees.

Non-Exempt Employees:

The Principal and Assistant Superintendent of Human Resources will determine the normal working hours for non-Exempt employees. Nonexempt, non-instructional employees are entitled to two ten (10) minute rest breaks and a thirty (30) minute meal break and are entitled to overtime pay as required by law. Non-Exempt employees work year-round.

Exempt employees will be expected to work the number of hours necessary to complete their assigned responsibilities.

WORKWEEK AND WORKDAY

TEACH's workweek is from Sunday at 12:00 A.M. through the following Saturday at 11:59 P.M.

SCHOOL HOLIDAYS

The School observes 12 paid holidays during the year:

- New Year's Day
- Martin Luther King Day
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Day after Thanksgiving
- Christmas Eve Day
- Christmas Day
- Cesar Chavez Day

To be eligible for holiday pay, an employee must be full-time and non-exempt and must work both the business day before and after the holiday. Part-time employees, temporary employees, exempt employees, and teachers are not eligible for holiday pay. Exempt employees and teachers will receive their regularly scheduled pay during holidays.

Eligible employees will receive time off with pay at their regular rate of pay on the Schoolobserved holidays listed below. When a holiday falls on a Saturday or Sunday, it is usually observed on the preceding Friday or following Monday. However, the School may close on another day. Holiday observance will be announced in advance. The School reserves the right to change this policy at any time, with or without notice.

Holiday hours do not count as hours worked for purposes of calculating overtime. For example, if you receive 8 hours of holiday pay on Monday and work 40 hours Tuesday-Saturday (8 hours/day), you will not be eligible for overtime.

Recognized religious holidays may be taken off by an employee whose religion requires observance of the particular day. Employees must request the day off in advance by written notice to the Assistant Superintendent of Human Resources. The employee may use paid vacation (or PTO) if the employee has unused paid time off available, otherwise the holiday will be unpaid. All steps will be taken to reasonably accommodate a religious holiday (or practice) absent an undue hardship.

To qualify for holiday pay, all employees must work the last scheduled day before and the first scheduled day after the holiday unless the employee is absent:

- At the Supervisor's request/approval
- Due to closure of schools because of inclement weather
- Due to sickness with a doctor's note verifying need for absence

- Prior to or following Jury Duty or Bereavement Leave
- Due to a previously scheduled and approved vacation

ACADEMIC FREEDOM

Academic freedom is not an absolute. It must be exercised within the basic ethical responsibilities of the teaching profession. Those responsibilities include:

- An understanding of our academic traditions and methods;
- A concern for the welfare, growth, maturity and development of children;
- The use of accepted scholastic methods; and
- Application of good taste and judgment in selecting and employing materials and methods of instruction.

ATTENDANCE/PUNCTUALITY

The presence or absence of each employee is of critical importance to the successful operation of the TEACH. Regular attendance and punctuality are considered an essential function of each position. Therefore, TEACH expects all of its employees to be on time, ready to begin work at the beginning of their day, and to work the full allotted time they are assigned each day.

TIME RECORDS (NON-EXEMPT EMPLOYEES)

Nonexempt employees must accurately complete time records within the School's timekeeping system "TimeClock Plus" on a daily basis. Each time record must show the exact time work began and ended, the meal periods taken, and your signature. Absences and overtime must be accurately identified on your time record. Non-exempt employees are not allowed to work "off the clock." All time worked must be recorded. You cannot record time and/or submit a time record for another employee. Each employee must sign and submit his or her own time record. Employees must record all time actually worked; working off the clock is prohibited.

Exempt employees must report full days of absence from work. Deductions from an exempt employee's salary will be made only in accordance with applicable law. Employees should immediately contact the Assistant Superintendent of Human Resources with any questions concerning their pay so that inadvertent errors can be corrected.

OFF THE CLOCK WORK

TEACH prohibits all non-exempt employees from working off the clock at any time. All time worked must be recorded on the employee's timesheet. This includes the use of laptops, computers, PDAs or cell-phones to check work email, voicemail or to send text messages after hours.

MEAL AND REST PERIODS (NON-EXEMPT EMPLOYEES)

All non-exempt employees are provided with an opportunity to take meal and rest periods consistent with the law. During your meal periods and rest periods, you may not work at all. You are excused from all duties. In addition, please understand that you may not join together required meal or rest periods in order to take a longer break. Also, you may not miss a required meal or rest period in order to start work later or leave work earlier. In the rare event that you believe you cannot take a meal or rest period, or you are unable to take a full meal or rest period pursuant to School policy, you must notify Human Resources in advance whenever possible (and, in any event, as soon as possible) so that the proper measures may be taken. If you leave the premises for either a meal or rest break, you are doing so for strictly personal reasons and will not be covered by worker's compensation.

Failure to comply with the School's policy regarding meal and/or rest periods can lead to discipline, up to and including termination

Meal Periods

Nonexempt employees (hourly employees) scheduled to work more than five hours in a day are given a 30-minute duty-free unpaid meal period. The meal period must be taken before the end of the fifth (5th) hour of work. The employee may waive this meal period if his/her workday will be completed within a total of six hours or less. To waive a meal period, the employee must receive prior written approval from the Assistant Superintendent and complete a "Meal Period Waiver" form.

If an employee's day exceeds ten hours of work time, the employee is entitled to an additional 30-minute duty-free meal break. The employee only may waive this second meal period if he/she has taken the required first meal break of at least 30 minutes and his/her workday will not exceed 12 hours. To waive the second meal period, the employee must receive prior written approval from the Assistant Superintendent and complete a "Second Meal Period Waiver" form.

Nonexempt employees must observe assigned working hours, the time allowed for meal periods, and report any missed meal period on that days' time record and to the employee's supervisor immediately. The meal period must be accurately recorded on the employee's time sheet. Meal periods are unpaid time and employees are free to leave the premises. Meal periods may not be combined with rest periods or used to come in later or leave earlier on a workday.

Rest Periods

Nonexempt employees are authorized and permitted to take a 10-minute rest period for each four (4) hours of work or major portion thereof. Your supervisor may schedule your rest periods. Rest periods should be taken as close to the middle of a work period as possible and cannot be taken in conjunction with a meal period. Rest periods are paid work time; they cannot be waived by the employee in order to shorten the workday or used towards additional time off.

Hours Worked Number of Rest Periods

3.5 hours to 6 hours 1 10-minute rest period

Over 6 hours to 10 hours 2 10-minute rest periods

Over 10 hours to 14 hours 3 10-minute rest periods

Nonexempt employees must observe assigned working hours, the time allowed for rest periods, and report any missed rest period on the days' time record and to the employee's supervisor immediately. Employees are encouraged to report any concerns regarding meal or rest periods to Human Resources.

PAYDAYS

The designated pay period for all employees is semi-monthly. The first pay period of the month extends from the first (1st) day of the month through the fifteenth (15th) day of the month. The second pay period of the month extends from the sixteenth (16th) of the month through the last day of the month.

Paychecks are distributed on the fifteenth (15th) day of the month for the first pay period and on the last day of the month for the second pay period. Except as otherwise provided, if any date of paycheck distribution falls on a Saturday, Sunday or holiday, employees shall be paid on the preceding scheduled workday.

A written, signed authorization is required for mail delivery or for delivery of your paycheck to any other person. If you have automatic deposit for your paycheck, your funds will be deposited to the financial institution you requested by the end of business on the scheduled payday. While an automatic deposit may actually credit to your account before your actual "payday," the school is not responsible for automatic payments or withdraws dated prior to your actual payday and you should not depend on early deposits of your pay.

PAYROLL WITHHOLDINGS

TEACH is required by law to withhold Federal Income Tax, State Income Tax, Social Security (FICA), State Teachers Retirement Service (STRS for eligible credentialed faculty or PERS) and State Disability Insurance from each employee's paycheck as outlined below. Additionally, if a garnishment, tax levy, or an order to withhold child support payments should be delivered, TEACH must comply with that order within the time allowed by law, and cannot postpone the payroll deduction for any reason. Voluntary deductions, which must be authorized in writing by employees, may include retirement plans, employee portion of insurance premiums, or any other benefit made available to employees.

If an employee believes an error has been made in his or her pay or deductions TEACH will work in good faith to resolve errors as soon as possible. The employee should notify the Assistant

Superintendent of Human Resources of any errors in pay or deductions withheld within seven (7) days from the date paid.

Every deduction from the employee's paycheck is explained on the check voucher/paystub. If the employee does not understand the deduction, then he or she should ask the Assistant Superintendent of Human Resources to explain it. The employee may change the number of withholding allowances he or she wishes to claim for Federal and/or State Income Tax purposes before any pay period by filling out a new W-4 form and submitting it to the Assistant Superintendent of Human Resources.

DRAFT

SECTION 4 – CONDITIONS OF EMPLOYMENT

IMMIGRATION LAW COMPLIANCE

TEACH employs only those authorized to work in the United States in compliance with the Immigration and Control Act of 1986. Each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 and present original documentation establishing identity and employment eligibility as outlined on the I-9 instruction forms. Former employees who are rehired must also completed the form if they have not completed an I-9 with TEACH within the past three years or if their previous I-9 is no longer retained or valid.

CREDENTIAL REQUIREMENTS

If you are a credentialed team member, you must provide copies of your credential, transcripts, and test scores each fall prior to your first day of actual work. Failure to provide these documents may delay your ability to begin work.

You are also responsible for keeping required certificates, credentials, and registrations current and in good standing, for paying the costs associated with renewal, and for providing both your principal and the School with verification of renewals. Failure to provide these updated documents to the school may result in suspension without pay until such time as the necessary documentation has been provided.

If you allow a credential, certificate, registration, or required course deadline to expire, or if you fail re-certification, training, or testing, TEACH is required to remove you from the work schedule until you meet the requirements or renew your credential.

TUBERCULOSIS TEST

Before the first day of employment, all new employees must have had a tuberculosis test as described in Education Code 49406 or a TB Risk Assessment (pursuant to AB1667) within the past 60 days. Employees transferring from other public or private schools within the State of California must either provide proof of an examination or a completed Risk Assessment within the previous 60 days or a certification showing that he or she was examined within the past four (4) years and was found to be free of communicable tuberculosis. The current physician's statement or Risk Assessment must be on file in the office before the first day of employment. Failure to provide documentation on time may result in delay of your ability to begin work or termination.

Results of these tests are strictly confidential. TB Clearance is good for four years and it is the employee's responsibility to remain in compliance and ensure the school has a valid certificate on file.

CRIMINAL BACKGROUND CHECK

As a condition of employment, TEACH requires all applicants for employment to submit two sets of fingerprints to the Department of Justice for the purpose of obtaining criminal record summary information from the Department of Justice and Federal Bureau of Investigation. TEACH will not employ a person who has been convicted of a violent or serious felony or a person who would be prohibited from employment by a public school district because of his or her conviction for any crime, unless an applicable exception applies. TEACH will not employ any applicant until the Department of Justice completes its check of the state criminal history file as provided by law. TEACH shall also request subsequent arrest notification from the Department of Justice and take all necessary action based upon such further notification.

All fingerprint and background information must be completed and the results in the possession of TEACH before the first day of employment. Failure to complete this process will delay the employee's ability to begin work.

SUBSEQUENT ARREST NOTIFICATION SERVICE

All employees are subject to "Subsequent Arrest Notification Service" by the DOJ once they have been fingerprinted for TEACH. Any time an employee is arrested after his or her initial background clearance for the school, the DOJ will notify the school Superintendent and send the school the new CORI information. The Superintendent will evaluate the new information and determine whether it justifies suspension or termination of the individual's employment. At the discretion of the Superintendent he or she can seek counsel from the Board of Directors and/or legal counsel, in closed session, in determining suitability for continued employment. After the evaluation has taken place and a decision has been made regarding the individual's suitability to continue employment, the CORI records received from the DOJ will be destroyed. Applicants will receive confidential notification of their suspension or termination. Those individuals who are suspended or terminated can make a one-time appeal to the Executive Director for reconsideration if he or she feels there has been an error in the review of their record. The decision of the Executive Director is final.

CHILD ABUSE AND NEGLECT REPORTING ACT

Since our employees work directly with children, they are in a position to detect instances of child abuse and neglect. It is TEACH's policy that all school employees shall comply with the California State law regarding child abuse reporting procedures. Section 11166 of the California Penal Code mandates the reporting to designated authorities of cases of suspected child abuse as follows:

"Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or observes a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident."

While each employee has the responsibility to ensure the reporting of any child he/she suspects is a victim of abuse, the employee is not to verify the suspicion or prove that abuse has occurred. Classroom teachers who become aware of suspected child abuse should request class coverage from the Main Office immediately and report the suspicions as required.

It is extremely important that TEACH employees comply with the requirements of the Child Abuse and Neglect Reporting Act (CANRA). No mandated reporter can be held civilly or criminally liable for any report required or authorized by CANRA. In addition, any other person who voluntarily reports a known or suspected incident of child abuse or neglect will not incur civil or criminal liability unless it is proven that the report was false and the person knew the report was false or made the report with reckless disregard of its truth or falsity.

The Assistant Superintendent of Human Resources is available to answer any questions employees may have about their responsibilities under CANRA, or to assist an employee in making a report under CANRA. If an employee makes a report pursuant to CANRA without TEACH's assistance, he or she is required to notify TEACH of the report if it is based on incidents he or she observed or became aware of during the course and scope of his or her employment with TEACH.

FIRST-AID AND CPR TRAINING

All individuals working unsupervised with children or in a classroom setting (i.e. core teachers, advisors, coaches, non-core teachers, administrators) must receive, renew, and maintain basic first-aid and CPR certification by the first day of school for students. TEACH will provide First Aid and CPR training for teachers, assistants and staff. Any employee required to be first aid certified and hired after the beginning of the school year will be required to provide proof of completion of both First Aid and CPR training prior to the first day of work.

For additional information on the training required, please contact the Assistant Superintendent of Human Resources.

PERSONNEL FILES

An employee or former employee (or designee) has the right to inspect or receive a copy of his or her personnel records at reasonable times, at a reasonable place, and on reasonable advance notice to the Assistant Superintendent of Human Resources. All requests should be put in writing preferably on the form maintained by Administration. If the request includes a request for copies the employee or former employee may be required to pay for the actual costs of copying. Employer will respond to such a request within 30 days of receipt of the written request.

Employees are not entitled to inspect or copy: letters of reference, records that relate to an investigation of possible criminal activity, ratings, reports or records obtained prior to employment, prepared by examination committee members or obtained in connection with a promotional examination.

CHANGES IN EMPLOYMENT

An employee is responsible for notifying the Assistant Superintendent of Human Resources about changes in the employee's personal information and changes affecting the employee's status (for example, name changes, address or telephone number changes, marriages or divorces, etc.). This notification by the employee must occur as close to the change as possible, but no later than 30 days following the change.

DRAHI

SECTION 5 – PERFORMANCE

EMPLOYEE PERFORMANCE REVIEW

Supervisors will generally conduct performance reviews with all regular full-time and regular parttime employees annually. Supervisors may conduct informal performance reviews and goal setting sessions more often if they choose.

Performance reviews are designed for the supervisor and the employee to discuss his/her current job tasks, encourage and recognize attributes, and discuss positive, purposeful approaches for meeting work-related goals. Together, employee and supervisor discuss ways in which the employee can accomplish goals or learn new skills. The goal setting sessions are designed for the employee and his/her supervisor to make and agree on new goals, skills, and areas for improvement.

Your performance review and goal setting sessions may or may not have a direct effect on any changes in your compensation. For this reason, among others, it is important to prepare for these reviews carefully, and participate in them fully.

Basis for Determining Pay

Several factors may influence your rate of pay. Some of the items TEACH considers are the nature and scope of your job, what other employers pay their employees for comparable jobs (external equity), what TEACH pays their employees in comparable positions (internal equity), and individual, as well as TEACH, performance. It is TEACH's goal to have a current Job Description on hand for each employee that broadly defines the job responsibilities and essential functions for each position.

Wage or Salary Increases

Each employee's hourly wage or annual salary will be reviewed at least once each year. The employee's review date will usually be conducted on or about the end of the school or fiscal year. Such reviews may be conducted more frequently for a newly created position, or based on a recent promotion.

Increases will be determined on the basis of performance, adherence to school policies, and procedures, ability to meet or exceed duties per job description and achievement of performance goals as well as operational factors and budget conditions.

Changes to the amount of an employee's wage or salary will become effective on the first regular pay period following the change.

SECTION 6 – LEAVES

FAMILY MEDICAL LEAVE ACT/CALIFORNIA FAMILY RIGHTS ACT¹

Eligible employees may request a family and medical leave of absence under the circumstances described below. Eligible employees are those who have been employed by the School for at least 12 months (not necessarily consecutive), have worked at least 1250 hours during the 12 months immediately prior to the family and medical leave of absence, and are employed at a worksite where there are 50 or more employees of the School within 75 miles.

Ordinarily, you must request a planned family and medical leave at least 30 days before the leave begins. If the need for the leave is not foreseeable, you must request the leave as soon as practicable. You should use the School's request form, which is available upon request from Human Resources. Failure to comply with this requirement may result in a delay of the start of the leave.

A family and medical leave may be taken for the following reasons:

- 1. the birth of an employee's child or the placement of a child with the employee for foster care or adoption, so long as the leave is completed within 12 months of the birth or placement of the child;
- 2. the care of the employee's spouse, child, parent, or registered domestic partner with a "serious health condition";
- 3. the "serious health condition" of the employee;
- 4. the care of the employee's spouse, child, parent, or next of kin who is a member of the Armed Forces, including a member of the National Guard or Reserves, and who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or
- 5. any qualifying exigency as defined by the applicable regulations arising out of the fact that the employee's spouse, child, or parent is on active duty (or has been notified of an impending call or order to active duty) in the Armed Forces in support of a contingency operation.

A "serious health condition" is one that requires inpatient care in a hospital or other medical care facility or continuing treatment or supervision by a health care provider. You may take a leave under paragraph (2) above only if due to a serious health condition, your spouse, child, parent, or

-

¹ Employees may qualify for FMLA/CFRA Leave only if the School has 50 or more employees, the employees work within 75 miles of their respective worksites and meet other eligibility requirements set forth above. Please check with Human Resources to determine whether you are eligible for FMLA/CFRA leave.

registered domestic partner requires your care or assistance as certified in writing by the family member's health care provider. If you are seeking a leave under paragraph (3) above, you must provide the School with a medical certification from your health care provider establishing eligibility for the leave, and you must provide the School with a release to return to work from the health care provider before returning to work. You must provide the required medical certification to the School in a timely manner to avoid a delay or denial of leave. You may obtain the appropriate forms from Human Resources.

Family and medical leave may be taken for up to 12 workweeks during the designated 12-month period (with the exception of qualifying leaves to care for a member of the Armed Services who has a serious illness or injury, which may be taken for up to a total of 26 workweeks of leave during a single 12-month period). The 12-month period will be defined as a "rolling twelve months" looking backward over the preceding 12 months to calculate how much family and medical leave time has been taken and therefore determine the amount of leave that is available. Qualifying leaves to care for a member of the Armed Services who has a serious illness or injury will be calculated on the 12-month period looking forward. All time off that qualifies as family and medical leave will be counted against your state and federal family and medical leave entitlements to the fullest extent permitted by law.

You will be required to use any accrued vacation during unpaid family and medical leave. You will also be required to use any accrued paid sick leave during unpaid family and medical leave that is due to your own or a family member's serious health condition. However, if an employee is receiving benefit payments pursuant to a disability insurance plan (such as California's State Disability Insurance plan or Paid Family Leave program) or workers' compensation insurance plan, the employee and the School may mutually agree to supplement such benefit payments with available vacation and/or paid sick leave.

During a family and medical leave, group health benefits will be maintained as if you were continuously employed. However, you must continue to pay your share of applicable premiums (for yourself and any dependents) during the leave.

If you do not return to work on the first workday following the expiration of an approved family and medical leave, you will be deemed to have resigned from your employment. Upon returning from such a leave, you will normally be reinstated to your original or an equivalent position and will receive pay and benefits equivalent to those you received prior to the leave, as required by law. In certain circumstances, "key" employees may not be eligible for reinstatement following a family and medical leave. The School will provide written notice to any "key" employee who is not eligible for reinstatement.

If you have any questions concerning, or would like to submit a request for a family and medical leave of absence, please contact Human Resources.

PREGNANCY DISABILITY LEAVE

The School provides pregnancy disability leaves of absence without pay to eligible employees who are temporarily unable to work due to a disability related to pregnancy, childbirth, or related

medical conditions. Employees should make requests for pregnancy disability leave to their supervisor at least 30 days in advance of foreseeable events and as soon as possible for unforeseeable events. A health care provider's statement must be submitted, verifying the need for such leave and its beginning and expected ending dates. Any changes in this information should be promptly reported to the School. Employees returning from pregnancy disability leave must submit a health care provider's verification of their fitness to return to work.

The School will make a good faith effort to provide reasonable accommodations and/or transfer requests when such a request is medically advisable based on the certification of a health care provider. When an employee's health care provider finds it is medically advisable for an employee to take intermittent leave or leave on a reduced work schedule and such leave is foreseeable based on planned medical treatment because of pregnancy, the School may require the employee to transfer temporarily to an available alternative position. This alternative position will have equivalent rate of pay and benefits and must better accommodate recurring periods of leave than the employee's regular job.

Eligible employees are normally granted unpaid leave for the period of disability, up to a maximum of four months (or 17 1/3 weeks or 693 hours) per pregnancy. Employees will be required to use any accrued sick time during any unpaid portion of pregnancy disability leave. Employees may also elect to use any accrued vacation time during any unpaid portion of pregnancy disability leave. If an employee is receiving benefit payments pursuant to a disability insurance plan (such as California's State Disability Insurance plan or Paid Family Leave program), the employee and the School may mutually agree to supplement such benefit payments with available vacation and/or sick leave.

Benefit accrual, such as vacation, sick leave, and holiday benefits, will be suspended during the approved pregnancy disability leave period and will resume upon return to active employment. Group health benefits will be maintained during the approved pregnancy disability leave as if you were continuously employed. However, you must continue to pay your share of applicable premiums (for yourself and any dependents) during the leave.

So that an employee's return to work can be properly scheduled, an employee on pregnancy disability leave is requested to provide the School with at least one week's advance notice of the date she intends to return to work.

When an approved pregnancy disability leave ends, the employee will be reinstated to the same position, unless the job ceased to exist because of legitimate business reasons. An employee has no greater right to reinstatement to the same position or to other benefits and conditions of employment than if she had been continuously employed in this position during the pregnancy disability leave or transfer. If the same position is not available, the employee will be offered a comparable position in terms of such issues as pay, location, job content, and promotional opportunities, if one exists. An employee has no greater right to reinstatement to a comparable position or to other benefits or conditions of employment than an employee who has been continuously employed in another position that is being eliminated.

If you have any questions regarding pregnancy disability leave, please contact Human Resources.

MILITARY SPOUSE LEAVE

An eligible employee-spouse of a qualified service member is entitled to take ten (10) days unpaid leave during a period when the spouse is on leave from deployment during a period of military conflict.

An eligible employee must work an average of 20 hours per week; must provide notice of his or her intention to take the leave within two (2) business days of receiving official notice that the service member will be on leave; and submit written documentation certifying that the service member will be on leave during the time the leave is required.

The employee may use accrued vacation/sick or PTO for this leave.

WORKERS' COMPENSATION LEAVE

Employees that are temporarily disabled due to a work-related illness or injury will be placed on workers' compensation leave. The duration of your leave will depend upon the rate of your recovery and the medical provider's recommendation. Workers' compensation leave will run concurrently with any other applicable medical leave of absence (FMLA/CFRA). Unless otherwise mandated by law, employees on a leave of absence of more than 4 months are responsible for selecting continuing health coverage and paying the premium for such coverage through COBRA.

BEREAVEMENT LEAVE

TEACH provides full-time employees up to three days paid bereavement leave, beyond sick or personal time, due to the death of an immediate family member. This includes a parent (including an in-law and step-parent), spouse, domestic partner, dependent, sibling, stepsibling, grandparent or grandchild. If a funeral is more than 500 miles from your home, you may receive paid leave for five days with prior approval from your supervisor.

JURY DUTY LEAVE

All employees who receive a notice of jury/witness duty must notify their supervisor as soon as possible so that arrangements may be made to cover the absence. In addition, employees must provide a copy of the official jury/witness duty notice to their supervisor. Employees must report for work whenever the court schedule permits. Either the School or the employee may request an excuse from jury/witness duty if, in the School's judgment, the employee's absence would create serious operational difficulties.

Non-exempt employees who are called for jury/witness duty will be provided time off without pay. Exempt employees will receive their regular salary unless they do not work any hours during the course of a workweek. Employees may elect to use any accrued vacation during jury/witness duty leave.

In the event that the employee must serve as a witness within the course and scope of his or her employment with the School, the School will provide time off with pay.

TIME OFF TO VOTE

The School will allow any nonexempt employee who is a registered voter and does not have enough time outside of working hours to vote in a statewide election up to two (2) hours of work time without loss of pay to vote. The request must be made at least two (2) working days in advance. The time must be at the beginning or end of the employee's regular shift, whichever allows the most free time for voting and the least time off from work unless the School and the employee agree otherwise. The employee may be required to prove he or she is a registered voter.

An employee may also serve as an election official on Election Day without being disciplined, however the School will not pay the employee for this time off. Vacation or personal hours which have accrued but not been used may be paid to the employee for this time off.

SCHOOL ACTIVITIES LEAVE

The School encourages employees to participate in the school activities of their child(ren). The leave is subject to all of the following conditions:

- Parents, guardians, or grandparents having custody of one or more children in a licensed daycare, kindergarten or grades 1 through 12 may take time off to participate in the activities of the daycare or school;
- The time off for school activity participation cannot exceed eight (8) hours in any calendar month, or a total of forty (40) hours each year;
- Employees planning to take time off for school visitations must provide as much advance notice as possible to their supervisor;
- If the School employs both parents, the first employee to request such leave will receive the time off. The other parent will receive the time off only if the leave is approved by his or her supervisor;
- Employees must use existing vacation or personal leave in order to receive compensation for this time off;
- Employees who do not have paid time off available will take the time off without pay.
- Documentation of participation may be requested and will be sufficient if it is provided in writing by the school or the licensed child care/day care facility.

SCHOOL APPEARANCE/SUSPENSION LEAVE

If the parent or guardian of a child facing suspension from school is summoned to the school to discuss the matter, the employee should alert his or her supervisor as soon as possible before leaving work. In compliance with California Labor Code section 230.7, no discriminatory action will be taken against an employee for taking time off for this purpose.

This leave is unpaid but the employee may choose to use accrued vacation, or personal time off (PTO). You will not be discharged or discriminated against because of an absence protected by this law.

CRIME VICTIM LEAVE

Employees are allowed to be absent from work to attend judicial proceedings related to a crime if they are:

- A victim of a crime
- An immediate family member of a victim;
- A registered domestic partner of a victim; or
- The child of a registered domestic partner of a victim

An employee must give reasonable advanced notice to the school by providing documentation of the proceeding. Documentation may be any of the following:

- Notice from the court or government agency setting the hearing;
- The district attorney or prosecuting attorney's office; or
- The victim/witness assistance office advocating on the victim's behalf.

This leave is unpaid but the employee may choose to use accrued vacation, sick or personal time off (PTO). You will not be discharged or discriminated against because of an absence protected by this law.

DOMESTIC VIOLENCE LEAVE/SEXUAL ASSAULT LEAVE

If you are a victim of domestic violence, you may take unpaid time off to obtain or attempt to obtain judicial relief, such as obtaining restraining orders, to help insure your health, safety or welfare or that of your child(ren). All employees can take time off from work to get medical attention or services from a domestic violence shelter, program, or rape crisis center, or receive psychological counseling or safety planning related to domestic violence, sexual assault, or stalking.]

You must give the School reasonable notice unless advance notice is not feasible, and provide certification that you are seeking such assistance.

Certification may be sufficiently provided by any of the following:

- A police report indicating that you were a victim of domestic violence or sexual assault;
- A court order protecting or separating you from the perpetrator of an act of domestic violence or sexual assault, or other evidence from the court or prosecuting attorney that you appeared in court; or,
- Documentation from a medical professional, domestic violence advocate, health care
 provider, or counselor that you are undergoing treatment for physical or mental injuries or
 abuse resulting in victimization from an act of domestic violence or sexual assault.

Employees have the right to ask the School for help or changes in their workplace to make sure they are safe at work. The School will work with its employees to see what changes can be made. Changes in the workplace may include putting in locks, changing shifts or phone numbers, transferring or reassigning the employee, or help with keeping a record of what happened to the employee. The School may ask the affected employee for a signed statement certifying that this request is for a proper purpose and may also request proof showing the need for an accommodation. The School will maintain confidentiality regarding any requests for accommodations under this policy.

The School will, to the extent allowed by law, maintain the confidentiality of an employee requesting leave under this provision. The School will not discharge, discriminate or retaliate against an employee who exercises their rights under this law. Domestic violence, sexual assault and stalking victim's leave for medical treatment does not exceed or add to the unpaid leave time that FMLA/CFRA allows.

Employers are prohibited from discharging, discriminating or retaliating against an employee who is a victim of domestic violence or the victim of sexual assault for taking time off to seek medical attention, obtain services from a domestic violence shelter or program or rape crisis center, obtain psychological counseling, participate in safety planning, or temporary or permanent relocation.

MILITARY LEAVE

California's military leave laws, found at Military & Veterans Code section 389 et seq. and the Uniformed Services Employment and Reemployment Rights Act ("USERRA"), found at 38 U.S.C. Section 4301 et seq. ensure that employees are not adversely affected in their employment after taking leave for military service. Employees who serve in the military and are entitled to a military leave of absence without pay from the School under applicable laws should notify the Assistant Superintendent of Human Resources regarding the need for military leave.

Please see the Assistant Superintendent of Human Resources for more information regarding job reinstatement rights upon completion of military service.

ADULT LITERACY LEAVE

Pursuant to California law, the School will reasonably accommodate any eligible employee who seeks to enroll in an adult literacy education program, provided that the accommodation does not impose an undue hardship on the School. The School does not provide paid time off for participation in an adult literacy education. However, you may utilize accrued vacation if you want compensation for this time off. If you do not have accrued vacation available, you will be permitted to take the time off without pay.

ORGAN DONOR / BONE MARROW DONOR LEAVE

If you volunteer to donate an organ you may take up to thirty (30) days paid leave per year for this process or up to five (5) days paid leave for the donation of bone marrow.

You must give as much notice as is practicable and must provide certification of the medical necessity of the procedure. You will be required to use up to two weeks of any accrued paid leave (sick and/or vacation/PTO) for organ donation and up to five (5) days accrued paid leave (sick and/or vacation/PTO) for bone marrow donation. This leave does not run concurrently with FMLA/CFRA. You must have been employed for at least a 90-day period immediately preceding the beginning of the leave, if otherwise eligible.

You may take this leave incrementally, as medically necessary, or all at one time. All health benefits shall be maintained during this leave to the extent they exist at the time of the leave. This leave shall not be considered a break in service and the employee shall continue to accrue paid time off and other benefits as if they had continued working. The Employee shall be required to pay any portion of their benefits they are currently paying.

An employee shall not have any greater rights during this leave than if he or she had been actively working during this time but will be reinstated to their same or equivalent job prior to the leave. No employee shall be discriminated or retaliated against for taking an organ donation or bone marrow leave.

DRUG & ALCOHOL REHABILITATION LEAVE

TEACH will reasonably accommodate any employee who volunteers to enter an alcohol or drug rehabilitation program, if the reasonable accommodation does not impose an undue hardship on the school. Reasonable accommodation includes time off without pay and adjusting work hours. You may use accrued and unused sick leave. All reasonable measures to safeguard your privacy will be maintained.

VOLUNTEER CIVIL SERVICE LEAVE

You are allowed to be absent from work to engage in volunteer emergency duty as a volunteer firefighter, reserve police officer or emergency rescue personnel. This is an unpaid leave but the employee may use any earned sick, vacation and/or PTO.

CIVIL AIR PATROL LEAVE

TEACH provides eligible employees who are volunteer members of the California Wing of the Civil Air Patrol and are called to emergency operational missions up to 10 days of unpaid leave per calendar year. Leave for a single emergency operational mission will generally be limited to three days unless an extension is granted by appropriate government entities and approved by the company.

To be eligible, employees must have been employed with the company for 90 days immediately preceding the commencement of leave. Additionally, the company may require certification from the proper Civil Air Patrol authority to verify the eligibility of the employee for the leave requested or taken.

Employees may use accrued, unused paid time off (including [vacation/personal leave]) for leave taken under this policy. The notice and eligibility requirements for any such paid time off will generally apply to an employee's request for use of paid time off under this policy.

SECTION 7 – BENEFITS

VACATION

Full-time employees who work twelve (12) months a year are eligible for vacation pay. Vacation is a time for you to rest, relax and pursue special interests. Vacation begins to accrue from date of hire and is only available for use after earning vacation time. TEACH recognizes employees by providing increased vacation time based on the number of years of continuous service.

Years of Continuous Service	Annual Time Provided	Maximum Accrual Allowed
1 - 5 years	10 days	15 days
6 – 10 years	15 days	22.50 days
11 + years	20 days	30 days

Employees that work only during the academic year do not earn vacation pay/time.

Every effort will be made to grant you your vacation at the time you desire. However, vacations should not interfere with TEACH's operation and, therefore, must be approved by Management at least thirty (30) days in advance. If a holiday occurs during your scheduled vacation, if eligible, you will receive holiday pay for that day, and you will not be charged for a vacation day on the day the holiday is observed.

The maximum accrual for vacation pay is one and one half (1.5) times your normal accrual rate. Once the maximum accrual has been reached, no further time will accrue until the employee has taken vacation time. Any accrued, unused vacation at termination will be paid out. Vacation pay is not considered "hours worked" when computing overtime.

Vacation time may not be "cashed out" in lieu of taking time off.

SICK LEAVE

The School enacted this policy in accordance with the California Healthy Workplaces, Healthy Families Act to provide paid sick leave ("PSL") to eligible employees.

Eligible Employees

All employees (including part-time and temporary) who work for the School more than 30 days within a year in California are allotted PSL as set forth in this policy.

Permitted Use

Eligible employees may use their allotted PSL to take paid time off for the diagnosis, care, or treatment of an existing health condition of (or preventive care for) the employee or the employee's family member. For purposes of this policy, "family member" means a child, parent, spouse, registered domestic partner, grandparent, grandchild, or sibling of the employee. "Child" means a biological child, a foster child, an adopted child, a step-child, a child of a registered domestic partner, a legal ward, or a child of a person standing in loco parentis. "Parent" means a biological, foster, or adoptive parent, a step-parent, or a legal guardian of the employee or the employee's spouse or registered domestic partner. "Spouse" means a legal spouse, as defined by California law.

Employees may also use their PSL to take time off from work for reasons related to domestic violence, stalking, or sexual assault.

Allotment

Eligible employees will be allotted PSL days as follows:

- On July 1 (and on each subsequent July 1), all eligible employees will be allotted six PSL days (48 hours) per calendar year (July 1-June 30).
- If an employee is hired mid-year, he or she will receive six PSL days (48 hours) on his or her first day of employment for use during the remainder of the employee's first calendar year of employment.

PSL days are not accrued on an as-worked basis but rather are allotted to the eligible employees on July 1 each year for the following calendar year. Unused, accrued PSL carries over from year to year. However, the accrual of sick leave is capped at seventy-two (72) hours.

Limits on Use

Eligible employees may use PSL beginning on the 120th day of employment.

PSL may be taken in minimum increments of one hour. If an exempt employee absents himself or herself from work for part or all of a workday for a reason covered by this policy, he or she will be required to use PSL to make up for the absence.

Notification

The employee must provide reasonable advance notification, orally or in writing, of the need to use PSL, if foreseeable. If the need to use PSL is not foreseeable, the employee must provide notice as soon as practicable.

Termination

Credentialed teachers are eligible to cash-out unused PSL at the end of the school calendar year at a rate of \$22 per hour.

Non-credentialed teachers and other non-teacher employees will not receive pay in lieu of unused PSL. Unused PSL will not be paid out upon termination or resignation. Teachers must complete the school year to be eligible for PSL cash-out program.

No Discrimination or Retaliation

The School prohibits discrimination or retaliation against employees for using their PSL.

INSURANCE BENEFITS

Full-time employees (30+ hours per week average) are entitled to insurance benefits offered by TEACH on the first day of the calendar month following the completion of sixty (60) days of continuous service. Certificated full-time employees are eligible to participate on the first day of the calendar month following the commencement of employment. These insurance benefits will include medical, dental, vision and life. TEACH will contribute up to \$350 a month towards insurance premiums for eligible non-exempt employees and up to 10% of annual salary towards insurance premiums for eligible exempt employees. Employees are required to contribute to any costs not covered by the employer contribution. If insurance premium rates increase, employees are required to contribute to the cost of the increase to retain coverage if cost is over the employer contribution. Unless otherwise mandated by law, employees on a leave of absence of more than four (4) months are responsible for selecting continuing health coverage and paying the premium for such coverage through COBRA.

COBRA BENEFITS

The Federal Consolidated Budget Reconciliation Act (COBRA) gives employees and their qualified beneficiaries the opportunity to continue health insurance coverage under TEACH's health plan when a "qualifying event" would normally result in the loss of eligibility.

Some common qualifying events are resignation, termination of employment, or death of an employee, a reduction in an employee's hours or leave of absence, divorce or legal separation and a dependent child no longer meeting eligibility requirements.

Under COBRA, the employee or beneficiary pays the full cost of coverage at TEACH group rates plus an administration fee. TEACH or our carrier provides each eligible employee with a written notice describing rights granted under COBRA when the employee becomes eligible for coverage under "TEACH's health insurance plan. The notice contains important information about the employee's rights and obligations.

SOCIAL SECURITY/MEDICARE

If you are a full time regular employee contributing to a teacher's retirement system (PERS/STRS), your earnings from this job are not covered under Social Security. When you retire, or if you become disabled, you may receive a pension based on earnings from this job. If you do, and you are also entitled to a benefit from Social Security based on either your own work or the work of your husband or wife, or former husband or wife, your pension may affect the amount of the Social Security benefit you receive. Your Medicare benefits, however, will not be affected.

TEACH withholds income tax from all employees' earnings and participates in FICA (Social Security), for temporary employees and Medicare withholding and matching programs as required by law.

STATE DISABILITY INSURANCE

All employees are enrolled in California State Disability Insurance (SDI), which is a partial wage replacement insurance plan for California workers. Employees may be eligible for SDI when they are ill or have non-work related injuries, or may be eligible for work related injuries if they are receiving workers' compensation at a weekly rate less than the SDI rate. Specific rules and regulations relating to SDI eligibility are available from the Assistant Superintendent of Human Resources.

WORKER'S COMPENSATION INSURANCE

Eligible employees are entitled to workers' compensation insurance benefits when suffering from an occupational illness or injury. This benefit is provided at no cost to the employee.

In the event of an occupational injury or illness (as defined under Workers' Compensation Law) an employee may be covered by workers' compensation insurance instead of group insurance.

If an employee should become injured or in any way disabled on the job, he or she must report the injury immediately to his or her supervisor. It is a felony to file a fraudulent or false workers' compensation claim.

403B

Eligible employees are entitled to participate in TEACH 403b plans. As of July 1, 2019 for participating exempt employees who contribute 1 percent to 5 percent of their base monthly salary through salary reduction (tax-deferred contribution), TEACH will contribute an amount up to 2.5% employer contribution. TEACHS' contribution is 100% vested after three (3) years of employment. TEACH's 403b plans are administered through PlanConnect LLC. Additional information on

TEACH's 403b plan may be requested via TEACH Public Schools Human Resources Department or PlanConnect LLC.

DRAFT

SECTION 8 – EMPLOYEE COMMUNICATIONS

COMPUTER, EMAIL AND INTERNET POLICY

Every employee is responsible for using the TEACH's computer system, including, without limitation, its electronic mail (Email) system and the Internet, properly and in accordance with this policy. Any questions about this policy should be addressed to the Chief Operating Officer.

The computers that you use at work and the Email system are the property of TEACH and have been provided for use in conducting TEACH business. All communications and information transmitted by, received from, created, or stored in its computer system (whether through word processing programs, Email, the Internet or otherwise) are TEACH records and property of TEACH. The computer system is to be used for school purposes only. Employees may, however, use TEACH technology resources for the following incidental personal uses so long as such use does not interfere with the employee's duties, is not done for pecuniary gain, does not conflict with TEACH business, and does not violate any TEACH policies:

- To send and receive necessary and occasional personal communications;
- To use the telephone system for brief and necessary personal calls; and
- To access the Internet for brief personal searches and inquiries during meal times or other breaks, or outside of work hours, provided that employees adhere to all other usage policies.

No Expectation of Privacy

TEACH has the right, but not the duty, to monitor any and all of the aspects of its computer system, including, without limitation, reviewing documents created and stored on its computer system, deleting any matter stored in its system (including, without limitation, its Email and word processing systems), monitoring sites visited by employees on the Internet, monitoring chat and news groups, reviewing material downloaded or uploaded by users to the Internet, and reviewing Email sent and received by users. Further, TEACH may exercise its right to monitor its computer system for any reason and without the permission of any employee. Employee use of TEACH's computer system constitutes consent to all the terms and conditions of this policy.

Even if employees use a password to access the computer system (or any aspect thereof), the confidentiality of any message stored in, created, received, or sent from TEACH's computers is not assured. Use of passwords or other security measures does not in any way diminish TEACH's right to monitor and access materials on its system, or create any privacy rights of employees in the messages and files on the system. Any password used by employees must be revealed to TEACH for any reason that TEACH, in its discretion, deems appropriate. Further, employees should be aware that deletion of any Email messages or files would not truly eliminate the messages from the system. All Email messages and other files may be stored on a central back-up system in the normal course of data management.

Employees have no expectation of privacy in anything they create, store, send or receive on the computer system.

Notwithstanding the foregoing, even though TEACH has the right to retrieve, read and delete any information created, sent, received or stored on its computer system, Email messages should still be treated as confidential by other employees and accessed only by the intended recipient. Employees are not authorized to retrieve or read any Email messages that are not sent to them or by them. Any exception to this policy must receive the prior approval of Chief Operating Officer.

Professional Use of Computer System Required

Employees are reminded to be courteous to other users of the system and always to conduct themselves in a professional manner. Emails, in particular, are sometimes misdirected or forwarded and may be viewed by persons other than the intended recipient. Users should write Email communications with no less care, judgment and responsibility than they would use for letters or internal memoranda written on TEACH letterhead. Because Email and computer files may be subject to discovery in litigation, employees are expected to avoid making statements in Email or computer files that would not reflect favorably on the employee or TEACH if disclosed in litigation or otherwise.

Offensive and Inappropriate Material

TEACH's policy against discrimination and harassment, sexual or otherwise, applies fully to TEACH's computer system, and any violation of that policy is grounds for discipline up to and including discharge. Therefore, no Email messages should be created, sent, or received if they contain intimidating, hostile, or offensive material concerning race, color, religion, sex, age, national origin, disability or any other classification protected by law. Further, material that is fraudulent, harassing, abusive, embarrassing, sexually explicit, profane, obscene, intimidating, defamatory, unlawful, inappropriate, or offensive (including offensive material concerning sex, race, color, national origin, religion, age, disability, or other characteristic protected by law) may not be downloaded from the Internet or displayed or stored in TEACH's computers. Employees encountering or receiving this kind of material should immediately report the incident to the Assistant Superintendent of Human Resources.

TEACH may (but is not required) to use software to identify inappropriate or sexually explicit Internet sites. Such sites may be blocked from access by TEACH networks. Notwithstanding the foregoing, TEACH is not responsible for material viewed or downloaded by users from the Internet. The Internet is a worldwide network of computers that contains millions of pages of information. Users are cautioned that many of these pages include offensive, sexually explicit, and inappropriate material. In general, it is difficult to avoid at least some contact with this material while using the Internet. Even innocuous search requests may lead to sites with highly offensive content. In addition, having an email address on the Internet may lead to receipt of unsolicited email containing offensive content. Users accessing the Internet do so at their own risk. Employees who encounter inappropriate or sexually explicit material while browsing on the Internet should immediately disconnect from the site, regardless of whether the site was subject to TEACH's blocking software.

Solicitations

TEACH's computer system (including, without limitation, its Email system) may not be used to solicit for political causes, commercial enterprises, outside organizations, or other non-job-related solicitations. Approval from the Chief Operating Officer is required before anyone can post any information on commercial on-line systems or the Internet.

Licenses and Fees

Employees may not agree to a license or download any material over the Internet for which a registration fee is charged without first obtaining the express written permission of the Chief Operating Officer.

Games and Entertainment Software

Employees may not use a TEACH Internet connection to download games or other entertainment software, or to play games over the Internet.

Confidential Information

Employees may not transmit information over the Internet or through email that is confidential or proprietary. Employees are referred to TEACH's "Confidential Information" policy, contained herein, for a general description of what TEACH deems confidential or proprietary. When in doubt, employees must consult their immediate supervisor and obtain approval before transmitting any information that may be considered confidential or proprietary.

Copyrights and Trademarks

TEACH's computer system may not be used to send (upload) or receive (download) copyrighted materials, trade secrets, proprietary financial information, or similar materials without prior authorization from Chief Operating Officer. Employees, if uncertain about whether certain information is copyrighted, proprietary, or otherwise inappropriate for transfer, should resolve all doubts in favor of not transferring the information and consult a supervisor.

Any TEACH-approved material that is posted or sent via its computer system should contain all proper copyright and trademark notices. Absent prior approval from a supervisor to act as an official representative of TEACH, employees posting information must include a disclaimer in that information stating, "Views expressed by the author do not necessarily represent those of TEACH."

Maintenance and Security of the System

Employees must not deliberately perform acts that waste computer resources or unfairly monopolize resources to the exclusion of others. These acts include, but are not limited to, sending mass mailings or chain letters, spending excessive amounts of time on the Internet, playing games, streaming video or audio files, engaging in online chat groups, printing excessive copies of documents, or otherwise creating unnecessary network traffic. Because audio, video and picture files require significant storage space, files of this or any other sort may not be downloaded unless

they are business-related. In addition, employees should routinely delete outdated or otherwise unnecessary Emails and computer files. These deletions will help keep the system running smoothly and effectively, as well as minimize maintenance costs.

To ensure security and to avoid the spread of viruses, employees accessing the Internet through a computer attached to TEACH's network must do so through an approved Internet firewall. Accessing the Internet directly by modem is strictly prohibited unless the computer you are using is not connected to TEACH's network.

Files obtained from sources outside TEACH including disks brought from home; including files downloaded from the Internet, news groups, bulletin boards, or other online services; files attached to email; and files provided by customers or vendors, may contain dangerous computer viruses that may damage TEACH's computer network. Employees should never download files from the Internet, accept email attachments from outsiders, or use disks from non-TEACH sources, without first scanning the material with TEACH-approved virus checking software. If you suspect that a virus has been introduced into TEACH network, notify technology personnel immediately.

Violations of this Policy

Violations of this policy will be taken seriously and may result in disciplinary action, including possible termination, and civil and criminal liability.

Amendment and Modification of this Policy

TEACH reserves the right to modify this policy at any time, with or without notice. TEACH may require employees to acknowledge and comply with a separate Acceptable Use Policy for Internet and Network Resources.

<u>Acknowledgement</u>

Employees acknowledge this policy by signing the receipt of this handbook.

SOCIAL MEDIA POLICY

TEACH has adopted the following policy with regard to employees' behavior on social networking sites. If you wish to use networking protocols or set up a social media site as a part of the educational process, please work with your administrators and technology staff to identify and use a restricted, school-endorsed networking platform. Such sites will be the property of the School who will have unrestricted access to, and control of, such sites.

Employees shall not accept students as friends on any personal social networking sites and are to decline any student-initiated friend requests. Teachers are not to initiate "friendships" with students or parents. Employees must delete any students already on their "friends" list immediately.

With regard to social networking content, employees should not use commentary deemed to be defamatory, obscene, proprietary, or libelous with regard to any school-related business or policy,

employee, student, or parent. Additionally, employees should exercise caution with regards to exaggeration, obscenity, copyrighted materials, legal conclusions, and derogatory remarks or characterizations. Employees should weigh whether a particular posting puts his/her effectiveness as a School employee at risk. TEACH encourages employees to post only what they want the world to see. Imagine that students, their parents, or administrators will visit your site as most information is available to the general public even after it is removed from the site. Employees may not discuss students nor post images that include students.

Due to security risks, employees must be cautious when installing the external applications that work with the social networking site. At a minimum, it is recommended that all employees should have all privacy settings set to "Only Friends". The settings "Friends of Friends" and "Networks and Friends" open your content to a large group of unknown people, including students.

Personal or Professional Blogs

If you are developing a website or writing a blog that will mention TEACH, you must identify that you are an employee of the organization and that the views expressed on the blog or web site are yours alone and do not represent the views of TEACH. Unless given permission by the Chief Operating Officer, you are not authorized to speak on behalf of TEACH or to represent that you do so. If you are developing a site or writing a blog that will mention TEACH, as a courtesy to the organization, please let the Chief Operating Officer know in advance of publication. The Chief Operating Officer may choose to visit your blog or social networking site from time to time.

You may not share information that is confidential and proprietary with regard to TEACH. This includes, but is not limited to, information about curriculum, school dynamics, school programs, future goals, or current challenges within the organization. These are given as examples only and do not cover the range of what TEACH considers confidential and proprietary. If you have any questions about whether information has been released publicly or doubts of any kind, speak with the Chief Operating Officer.

When writing a blog or participating in any other social networking site, employees should speak respectfully about TEACH and our current and potential employees, students, parents, and competitors. Name-calling or behavior that will reflect negatively on the organization's reputation is discouraged. Note that the use of copyrighted materials, unfounded, harassing, libelous, or derogatory statements, or misrepresentation is not viewed favorably by TEACH and can result in disciplinary action, up to, and including termination.

All employees who engage in social networking are legally liable for anything he/she writes or presents online. Employees can be disciplined by TEACH for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can create an unlawful hostile work environment. You can also be sued by TEACH's employees, competitors, and any individual or company that views your commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment.

This policy should not be construed, and will not be applied, in a manner that violates employee rights under the National Labor Relations Act.

Employees may not comment on a student's blog or a student's other social networking commentaries.

Employees may not use trade names, or logos belonging to the School without express written permission of the Chief Operating Officer.

Failure to comply with TEACH's social medial policy will result in disciplinary action, up to, and including, immediate termination.

EQUIPMENT POLICY

TEACH attempts to provide all staff members with the equipment and supplies needed to do their job. Providing equipment is a great expense to the school. It is expected that everyone will protect and care for all equipment and supplies issued to them. Staff members are responsible for the cost of lost, stolen, or broken items issued to them including: keys, textbooks, teacher guides, laptops, and any other equipment that may be assigned to them or their classroom if the loss is due to willful misconduct or negligence.

Laptop Computers

Each staff member assigned a laptop for professional use shall be required to sign a laptop Agreement Form and will be charged for any damages, loss or theft to the laptop caused by willful misconduct and/or negligence.

Although issued to an individual employee, all computing devices are considered the personal property of the primary organizational unit to which the receiving employee belongs and shall be returned upon termination of employment with the School, after reassignment of job duties or immediately upon request at any time by an official of the School.

Employees are expected to take all appropriate measures and precautions to prevent the loss, theft, damage and/or unauthorized use of such equipment. Such precautions shall include, but not be limited to the following:

- Keep the computing device in a locked and secured environment when not being used;
- Do not leave the computing device for prolonged periods of time in a vehicle, especially in extreme temperatures;
- Keep food and drinks away from all computing devices and work areas;
- Do not leave the computing device unattended at any time in an unsecured location (e.g., an unlocked empty classroom or office); and
- Keep the computing device in sight at all times while in public places, such as public transportation, airports, restaurants, etc. Should an employee's computing device be lost or stolen, the employee must:

- o immediately report the incident to his/her immediate supervisor and Chief representative;
- o obtain an official police report documenting the theft or loss; and
- o provide a copy of the police report to his/her immediate supervisor or Superintendent

If the employee fails to adhere to these procedures, the employee will be held legally and financially responsible to the School for the replacement of such equipment.

The School is under no legal, financial or other obligation to provide for a replacement computing device to any employee whose device is lost, stolen or damaged.

The School may add security and other tracking technology to any and all computing devices issued by it and any and all such usage is subject to management review, monitoring and auditing by the School. Other audits may be performed on the usage and internal controls as deemed necessary.

Non-compliance with any policies or procedures regarding Employee Computers and Portable Computing Devices issued by the School will result in appropriate disciplinary action and/or reimbursement of any and all costs to the School.

LAPTOP COMPUTERS

Each full time exempt employee receives a laptop computer for use in carrying out day-to-day functions such as lesson planning, email, enhancing classroom instruction, and using school-provided software for administrative duties (i.e. tracking attendance, logging grades, posting comments, etc.). Employee-issued laptops are property of TEACH. Employees are required to treat their laptops with great care. Laptops may never be left unattended or in unlocked classrooms. Employees are required to bring their laptop computers home with them each night. Upon termination of employment, employees understand and agree that they must promptly return their school-issued laptop to the school. Employees are responsible for reimbursing the school for the cost of lost or damaged laptops when the loss or damage is due to a violation of this policy or the willful misconduct or negligence of the employee.

Employees acknowledge and understand that TEACH is the owner of the laptop and of all information contained on the laptop. Employees are discouraged from keeping personal information on their school-issued laptops or using the laptops for personal use. There should be no expectation of privacy with regard to a school-issued laptop and employees must return his or her laptop upon request by the school for regular maintenance.

CELL PHONE POLICY

Personal cell phone use is not permitted while you are working. Cell phones should be turned off and stored with your other personal belongings while you are working.

If you are required to perform business on a cell phone for TEACH while driving, you must utilize the hands-free option on the cell phone or a headset/earpiece device. Sending, writing, or reading text based communications on your cell phone while driving a School vehicle or your own vehicle to conduct School business is prohibited. Text based communications include, but are not limited to, text messages, instant messages and email.

If you are assigned a School cell phone to conduct School business, please notify your supervisor if the cell phone is misplaced, stolen, or damaged. Personal calls, received or placed, are not allowed on School cell phones.

TELEPHONE CALLS AND TEXTING

While at work and during staff meetings, the employee's undivided attention is expected. Cell phones, texting, and pagers are not allowed so that the activities or discussion are not disturbed. Employees should wait to make personal phone calls during breaks.

NO SOLICITATION/DISTRIBUTION POLICY

In order to minimize non-work-related activities that could interfere with providing quality education, teamwork, and safety, TEACH has established the following policy concerning solicitation and the distribution of written materials other than those directly related to the School's business.

Non-employees may not solicit or distribute written materials of any kind at any time on premises that are owned, leased, operated, managed or controlled by TEACH.

Employees may not solicit other employees during the workday when either the person doing the solicitation or the person being solicited is engaged in or required to be performing work tasks.

Employees may not distribute written materials of any kind during the workday when either the distributing employee or the employee receiving the materials is engaged in or required to be performing work tasks.

Additionally, distribution of written materials of any kind by TEACH employees is prohibited at all times in all working areas on school premises.

Employees may solicit other employees when both parties are on non-work time. Employees may distribute written materials in non-work areas during non-work time.

The sole exceptions to this policy are charitable and community activities supported and approved by TEACH.

School bulletin boards are the only areas where any merchandise or notices may be placed. Such items must meet the guidelines established by the school. The site Principal must approve any postings prior to posting.

TEACH reserves the right to discontinue any solicitation or distribution if the activities become disruptive to employees or the efficient operation of the school's business.

Employees are required to leave school premises and other work areas at the completion of their workday. Employees are not permitted to enter or remain on school premises or work areas unless the employee is on duty, scheduled for work, coming to or departing from scheduled work, or otherwise has specific authorization from the site principal.

Definitions

School "premises": property owned, leased, operated, managed or controlled by the school, including buildings, parking lots, and play areas that the school has the right to use exclusively or in common with others, vehicles owned or operated by the school, and any location where school-sponsored activities are taking place, such as restaurants, banquet halls, athletic facilities, parks or other recreational facilities.

Work time: any time when employees are engaged in or required to be performing work tasks. Work time does not include break periods, meal times, or other periods during the workday when employees are properly not engaged in performing their work tasks.

Work areas: all areas controlled by the school where employees are performing work, except cafeterias, employee break areas, and parking lots (non-work areas).

Employee Responsibility

If you have a need to solicit and/or distribute materials on school premises, it must be in compliance with this policy. If you have questions, talk with the site principal. If solicitation or distribution is conducted within the parameters of this policy, the manner of activities must not harass or intimidate other employees. If you are subjected to such behavior at any time, report the activity to your supervisor. If solicitation or distribution occurs while you are working, report the activity to the site principal.

NEPOTISM POLICY

TEACH permits the employment of qualified relatives of employees, of the employee's household or immediate family as long as such employment does not, in the opinion of TEACH, create actual conflicts of interest. For purposes of this policy, "qualified relative" is defined as a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, corresponding in-law, "step" relation, or any member of the employee's household. TEACH will use sound judgment in the placement of related employees in accordance with the following guidelines:

Individuals who are related by blood, marriage, or reside in the same household are permitted to work in the same department, provided no direct reporting or supervisor-to-subordinate relationship exists. That is, no employee is permitted to work within "the chain of command" when one relative's work responsibilities, salary, hours, career progress, benefits, or other terms and conditions of employment could be influenced by the other relative.

Related employees may have no influence over the wages, hours, benefits, career progress and other terms and conditions of the other related staff members.

Employees who marry while employed, or become part of the same household are treated in accordance with these guidelines. If in the opinion of TEACH, a conflict arises as a result of the relationship, one of the employees may be transferred at the earliest practicable time.

The TEACH Board of Directors must approve any exceptions to this policy.

BUILDING SECURITY/SCHOOL KEYS

All employees who are issued keys to the office and classrooms are responsible for their safekeeping. These employees will sign a BUILDING KEY DISBURSEMENT FORM upon receiving the key.

You will be assigned all appropriate building keys needed to conduct your daily job responsibilities. You are responsible for all keys. Duplication of any school key is not allowed and strictly prohibited. It is against School policy to loan or distribute your assigned keys to another employee or non-employee of the School. If your school keys are lost, misplaced, destroyed, or stolen, you must report it immediately to the Superintendent.

The last employee, or a designated employee, who leaves the office and /or the school site at the end of the business day assumes the responsibility to ensure that all doors are securely locked, the alarm system is armed, thermostats are set on appropriate evening and/or weekend setting, and all appliances and lights are turned off with exception of the lights normally left on for security purposes. Employees are not allowed on school property after hours without prior authorization.

INTERNAL INVESTIGATIONS & SEARCHES

From time to time TEACH may conduct internal investigations pertaining to security, auditing, or work-related matters. Employees are required to cooperate fully with and assist in these investigations if required to do so.

Whenever necessary, in TEACH's discretion, employees' work areas (i.e. desks, file cabinets, lockers, etc.) and personal belongings (i.e. brief cases, handbags, etc.) may be subject to a search without notice. Employees are required to cooperate. Because even a routine search for TEACH property might result in the discovery of an employee's personal possessions, all employees are encouraged to refrain from bringing into the workplace any item of personal property that they do not wish to reveal to TEACH. TEACH will generally try to obtain an employee's consent before conducting a search of work areas and personal belongings, but it may not always be able to do so. Employees have no expectation of privacy in their work areas.

VIOLENCE IN THE WORKPLACE

TEACH has adopted a policy prohibiting workplace violence. Consistent with this policy, acts or threats of physical violence, including intimidation, harassment, bullying, and/or coercion, which involve or affect TEACH or which occur on TEACH property will not be tolerated. Acts or threats of violence include conduct which is sufficiently severe, offensive, or intimidating to alter the employment conditions at TEACH or to create a hostile, abusive, or intimidating work environment for one or several employees. Examples of workplace violence include, but are not limited to, the following:

All threats or acts of violence occurring on TEACH premises, regardless of the relationship between TEACH and the parties involved.

All threats or acts of violence occurring off TEACH premises involving someone who is acting in the capacity of a representative of TEACH.

Specific examples of conduct, which may be considered threats or acts of violence, include, but are not limited to, the following:

- Hitting or shoving an individual
- Threatening an individual or his/her family, friends, associates, or property with harm
- Intentional destruction or threatening to destroy TEACH property
- Making harassing or threatening phone calls
- Harassing surveillance or stalking (following or watching someone)
- Unauthorized possession or inappropriate use of firearms or weapon

TEACH's prohibition against threats and acts of violence applies to all persons involved in TEACH's operation, including but not limited to all personnel, contract, unpaid interns, volunteers and temporary workers and anyone else, including parents on TEACH property. Violations of this policy by any individual on TEACH property will lead to disciplinary action, up to and including termination and/or legal action as appropriate. All employees are encouraged to report incidents of threats or acts of physical violence of which they are aware to their supervisors or to the Assistant Superintendent of Human Resources.

SECTION 9 – STANDARDS OF CONDUCT

PERSONAL APPEARANCE/STANDARDS OF DRESS

The Board of Directors believes that teachers and other TEACH staff serve as role models. They should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

The Board of Directors encourages staff; during school hours, to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all staff shall adhere to the following standards of dress:

- Clothing and jewelry must be safe and appropriate to the educational environment.
- All clothing must be clean and in good repair. Slits or tears in pants or other articles of clothing are not permitted except for modest slits in women's dresses or skirts that are no higher than three (3) inches above the knee.
- Head coverings, including hats of any kind, except those worn for religious or safety reasons, are not to be worn inside school buildings including assemblies, classrooms, labs and offices. Hats may be worn outside for sun protection. All hats are to be removed upon entering school buildings. For exceptions to this policy, the Assistant Superintendent of Human Resources must grant prior approval.
- Slacks and shorts are to be worn on the waist with no portion of an undergarment showing. Shorts should be modest in length and should be no higher than three (3) inches above the knee
- Skirts and dresses should be no higher than three (3) inches above the knee.

- Appropriate shoes must be worn at all times.
- The Assistant Superintendent of Human Resources will be the final arbiter of what constitutes appropriate dress and attire.

DISCIPLINARY PHYSICAL CONTACT WITH STUDENTS

It is the policy of TEACH that no teacher or other staff member will use corporal punishment against a student. This prohibition includes spanking, slapping, pinching, hitting, tying, taping, or the use of any other physical force as retaliation or correction for inappropriate behavior.

STAFF-STUDENT INTERACTIONS

While the use of appropriate touching is part of daily life and is important for student development, teachers and other staff members must ensure that they do not exceed appropriate behavior. If a child or other staff member specifically requests that he or she not be touched, then that request must be honored without question.

Boundaries Defined

For the purposes of this policy the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing beyond the boundaries of a student-teacher relationship is deemed an abuse of power and a betrayal of public trust.

Acceptable and Unacceptable Behaviors

Some activities may seem innocent from a staff member's perspective but may be perceived as flirtation or sexual insinuation from a student or parental point of view. The purpose of the following lists of unacceptable and acceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to or may be perceived as inappropriate, or sexual misconduct, or "grooming." Grooming is defined as an act or series of acts by a sexual predator to gain physical and/or emotional control by gaining trust (of staff and/or family and a minor) and desensitizing the minor to various forms of touching and other intimate interaction.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this policy. Violations could subject the teacher or staff member to discipline up to and including termination. *Disagreeing with the wording or intent of these established boundaries will be considered irrelevant for any required disciplinary purposes*. Thus, it is critical that all employees study this policy thoroughly and apply its spirit and intent in their daily activities.

<u>Unacceptable Behaviors</u>

These lists (and any subsequent lists) are not meant to be all-inclusive, but rather, illustrative of the types of behavior we intend to address by this policy.

- Giving gifts to an individual student that are of a personal and intimate nature (including photographs); or items such as money, food, outings, electronics, etc. without the written pre-approval of the Principal or School Leader. It is recommended that any such gifts be filtered through the Principal along with the rationale therefor.

- Allowing students at your home and/or in rooms within your home without signed parental
 permission for a pre-planned and pre-communicated educational activity which must
 include another educator, parent, or designated school volunteer
- Staff mirroring the immature behavior of minors

- Emails, text-messages, phone conversations, and other communications to and with students, if permitted, must be professional and pertain to school activities or classes (communication should be initiated via transparent [non-private] school-based technology and equipment)

- Keeping administration informed when a significant issue develops about a student, such as a change in demeanor or uncharacteristic behavior
- Keeping after-class discussions with a student professional and brief
- Immediately asking for advice from senior staff or administration if you find yourself in a difficult situation related to boundaries
- Involving your supervisor in discussion about boundaries situations that have the potential to become more severe (including but not limited to: grooming or other red flag behaviors observed in colleagues, written material that is disturbing, or a student's fixation on an adult)
- Making detailed notes about an incident that in your best judgement could evolve into a more serious situation later
- Recognizing the responsibility to stop Unacceptable Behaviors of students and/or coworkers
- Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student after regular school hours
- Prioritizing professional behavior during all moments of student contact
- Asking yourself if any of your actions, which are contrary to these provisions, are worth sacrificing your job and career.

This policy does not prevent: 1) touching a student for the purpose of guiding them along a physical path; 2) helping them up after a fall; or 3) engaging in a rescue or the application of Cardio Pulmonary Resuscitation (CPR) or other emergency first-aid. Nor does it prohibit the use of reasonable force and touching in self-defense or in the defense of another. Restraining a child who is trying to engage in violent or inappropriate behavior is also allowed. Only such force as necessary to defend one's self, another person, or the child or to protect property is legally permitted. Excessive force is prohibited.

Boundaries Reporting

When any staff member, parent, or student becomes aware of a staff member (or volunteer, guest, vendor) having crossed the boundaries specified in this policy, or has a strong suspicion of misconduct, he or she must report the suspicion to the Assistant Superintendent of Human Resources promptly. Reasonable suspicion means something perceived in spite of inconclusive or slight evidence. It is based on facts that would lead a reasonable person to believe the conduct occurred. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Employees must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse.

Child Abuse / Sexual Abuse Reporting

If, within your professional capacity or within the scope of your employment, you observe or gain possession of knowledge that a child has been a victim of child abuse or sexual abuse, or you reasonably suspect it, California Penal Code Section 11166 requires you to immediately report this information or suspicion to a child protective agency or the police. The report shall be made by phone as soon as possible and a subsequent written report must be sent within 36 hours of your knowledge or suspicion of the abuse. Internal reporting to the Principal occurs after the phone-in report. Failure to meet these obligations can result in a monetary fine and/or jail.

Investigating

The Assistant Superintendent of Human Resources will promptly investigate and document the investigation of any allegation of sexual misconduct or inappropriate behavior by a staff member, using such support staff or outside assistance, as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s) including any potential witnesses, as much as possible. The investigating administrator shall promptly notify the Governing Board in closed session of the existence and status of any investigations. Upon completion of any such investigations, the Superintendent shall report to the Governing Board any conclusions reached. The investigating administrator shall consult with legal counsel, as appropriate, prior to, during, and after conducting any investigation.

Consequences

Staff members who have violated this policy will be subject to appropriate disciplinary action, and where appropriate, will be reported to authorities for potential legal action.

CUSTOMER & PUBLIC RELATIONS

The School's image in front of students, parents (i.e. our "customers") and the general public is critical to our success. All employees are expected to be prompt, polite, courteous and attentive to our customers and the public. We will absolutely not tolerate conduct toward our customers or the general public that might be interpreted as unlawful discrimination or harassment. If you witness conduct in violation of this policy, you should immediately bring it to the attention of your supervisor or the Superintendent.

PROHIBITED CONDUCT

The following is a list of conduct that is prohibited and will not be tolerated by the School. It is not an all-inclusive list, but rather a list designed to give examples of the types of conduct prohibited by the School.

CONFIDENTIAL INFORMATION

You may, during the course of your duties be advised of certain confidential business matters and affairs of the School regarding its business practices, students, suppliers and employees. Your duties may also place you in a position of trust and confidence with respect to certain trade secrets and other proprietary information relating to the business of the School and not generally known to the public or competitors. Such proprietary information includes student information, competitive strategies, marketing plans, personnel information and financial information. You shall not, either during your employment with the School or any time in the future, directly or indirectly:

- Disclose or furnish, directly or indirectly, to any other person, firm, agency, corporation, client, business, or enterprise, any confidential information acquired during your employment;
- Individually or in conjunction with any other person, firm, agency, School, client, business, or corporation, employ or cause to be employed any confidential information in any manner whatsoever, except in furtherance of the business of the School;
- Without the written consent of the School, publish, deliver, or commit to being published or delivered, any copies, abstracts, or summaries of any files, records, documents, drawings, specifications, lists, equipment and similar items relating to the business of the School, except to the extent required in the ordinary course of your duties.

Upon termination of employment, employees are required to immediately return to the School all property of the School in as good condition as when received (normal wear and tear excepted) including, but not limited to, all files, records, documents, drawings, specifications, lists, equipment and supplies, promotional materials, and similar items relating to the business of the School.

CONFLICTS OF INTEREST

All employees must avoid situations that result in actual or even potential conflicts of interest. Personal, social and economic relationships with competitors, suppliers, customers, parents, or coemployees that may impair an employee's ability to exercise good judgment on behalf of the School or which give the appearance of such impairment create an actual or potential conflict of interest. For example, romantic or personal relationships between a supervisor and subordinate employee can lead to supervisory problems, claims of harassment and morale problems.

Any employee involved in such situations or relationships must immediately and fully disclose the nature of the situation or relationship to the Assistant Superintendent of Human Resources so a determination can be made as to whether an actual or potential conflict exists, and if so, how to correct the situation.

TEACH expects employees to devote their best efforts to the interests of our school. TEACH recognizes your right to engage in activities outside of your employment, which are of a private nature and unrelated to our business. However, outside activities (second jobs, side businesses, clubs, etc.) must not interfere with your ability to fully perform your job duties at TEACH or create a conflict of interest with your statutory duty of loyalty to the School. The School prohibits employees from working with another School or external organization that competes with TEACH whether as a regular employee or as a consultant.

If you have any questions whether an action or proposed course of conduct would create a conflict of interest, you should immediately contact the Assistant Superintendent of Human Resources to obtain advice on this issue. A violation of this policy will result in immediate and appropriate discipline, up to and including immediate termination.

Outside Employment

If you are a full time employee we expect that you devote your full professional effort to your position at TEACH. If you wish to participate in outside work activities you are required to obtain written approval from the Assistant Superintendent of Human Resources prior to starting those activities. Approval will be granted unless the activity conflicts with TEACH's interests. In general, outside work activities are not allowed when they:

- Prevent you from performing work for which you are employed at TEACH.
- Involve organizations that are doing or seek to do business with TEACH including actual or potential vendors.
- Violate provisions of law or TEACH policies or rules.
- When the employee is on a medical leave (FMLA/CFRA/PDL or any other medical leave).

Your obligations to TEACH must be given priority. Full time employees are hired and continue employment with the understanding that TEACH is their primary employer and that other employment, commercial involvement or volunteer activity that is in conflict with the business interests of the school is strictly prohibited.

EXPENSE REIMBURSEMENT POLICY

EXECUTIVE REPORT

April 2019

Protecting Schools. Promoting Safety. Customizing Insurance.

BACKGROUND.

What is CharterSAFE?

CharterSAFE is a nonprofit Joint Powers Authority (JPA) solely dedicated to protecting independent charter schools in California by providing expertise in group insurance, safety, risk management, and human resource consulting. We serve leaders of the charter community who are in need of a comprehensive insurance program and hands-on proactive risk management services - to keep their schools safe and financially sustainable. Our program goes beyond the conventional scope of insurance by protecting both physical and reputational assets, so charter school leaders can focus on what they do best - operating excellent schools.

CharterSAFE's mission is to provide its members with a strong understanding of charter school risk exposure and mitigation strategies. Founded in 2004 by leaders in the charter school movement and owned by its charter school members, CharterSAFE is led by a California charter school alumna and overseen by a board of directors exclusively comprised of charter school leaders. Joined by a team of dedicated experts, CharterSAFE is a partner to more than 275 members and works to safeguard over 900 schools.

How does a Joint Powers Authority (JPA) work?

Authorized under California Government Code (§6500-6536), a JPA is a contract between two or more similar public agencies (e.g. counties, school districts) for the purpose of economies in achieving a common goal. Pooling together resources allows greater access to insurance with premiums at lower and more stable cost. A JPA is a nonprofit where members are the JPA's owners, aligning the purpose of the members and the JPA with no conflicting motivation. As specialists on behalf of its members, JPAs annually conduct due diligence, perform trend analyses, protect shared resources, and guide members to avoid pitfalls.

Authorized in the late 1970s, JPAs rose as the solution to an unreliable insurance market that offered little to no stability or risk management for the public scholastic sector. With stronger cost stability and control in safety practices, JPAs remain the de facto insurance and safety solution for cities, school districts, counties,

and charter schools. This is evidenced by the fact that 99% of public scholastic entities in California participate in a JPA.

Considering the underlying relationship between insurance companies and customers, JPAs are without question the most effective way to obtain insurance. With traditional insurance, customers pay premium to an insurance company, from which the insurance company takes a profit and uses the rest to pay for claims from customers. An insurance company will have many different types of customers, some much riskier than others. That means that in traditional insurance, despite the façade of a separate standalone policy, all customers share in the risk of one another in addition to paying for the profits of the insurance company. Conversely, a JPA only allows

membership for similar risks (e.g. a JPA for charter schools only). By limiting the risk to similarly operated entities, members are protected because losses are more predictable, and both the JPA and member can focus on effective specialized risk management and safety techniques.

CharterSAFE is uniquely positioned as the only JPA dedicated exclusively to California charter schools. Your membership means access to an insurance and risk management program customized specifically to meet the ever-changing needs of California charter schools; it is not just insurance. Our team is specialized in proactively identifying charter school trends – to develop, communicate and support members in establishing and implementing safety precautions.

FINANCIAL POSITION.

What is CharterSAFE's financial position?

CharterSAFE continues to be in a strong financial position. Member contributions in the 2018-2019 fiscal year so far total \$26.8 million, making total member contributions since the inception of the organization over \$180.3 million.

We maintain operational and financial transparency. Below is a chart showing CharterSAFE's year-over-year financial summary.

Stronger and more stable than ever, CharterSAFE is prepared to help its members with proactive risk management services to support them daily - and when a crisis occurs.

I keep hearing about assessments in a JPA. How is this not a concern for CharterSAFE?

Unfortunately, CharterSAFE has heard this story countless times told by opportunistic insurance agents who rely on fear tactics to create a "wedge" – scaring charter schools into buying inferior insurance from forprofit insurers rather than engaging in honest competition. These fear campaigns typically include statements about the potential for assessments, or other vague risks that are supposedly inherent to JPAs, but not insurance companies. Usually, these so-called "issues" are never fully explained....

How often do assessments actually occur?

An assessment is a security measure that is triggered when a JPA or mutual insurance company does not have sufficient reserves to pay for claims. Within our JPA structure, the possibility of an assessment impacting membership is extremely remote; in our 15-year history, it has never happened. To minimize any likelihood of an assessment, we proactively put two important protections in place:

- 1. Security for "severity" risk A protected reinsurance structure to hedge risk through use of multiple highly-rated reinsurers above a much smaller and more manageable pooled self-insurance layer called "the retention". This arrangement limits loss exposure arising from the occurrence of catastrophic claim events. The bulk of a catastrophic claim (as much as 99%) is transferred to several reinsurers. Example: CharterSAFE members suffered more than \$10M in losses from the 2018 Camp Fire, but the JPA's financial responsibility was limited to a single \$25,000 deductible.
- 2. Security for "frequency" risk The JPA's funding strategy includes a well-funded loss reserve to absorb claims for each annual period, as well as on an aggregated basis over a period of years for open claims. This strategy is designed to provide protection in the event of a large number of small or medium-sized claims impacting the pooled self-insurance layer (or the retention). Additionally, the loss reserve ensures that funds are available to pay for claims in once-in-a-lifetime events.

The recommended funding level for CharterSAFE's loss reserve is reliably calculated by AON Actuarial Services each year using CharterSAFE's comprehensive 15-year historical record. It is compiled and analyzed to ensure a funding level that is adequate for the loss experience predicted for future policy periods. This is the same methodology used by insurance companies in the traditional marketplace.

How does CharterSAFE allocate resources to safeguard its members' best interests?

Serving as a steadfast financial steward on our members' behalf, the CharterSAFE "prefunds" the pool's annual loss reserve account based on statistically projected losses at a 75% confidence level. This means each year's individual member contributions are designed to conservatively exceed the average loss range. This is known as funding for the present (short-term claims) and future (claims reported in future policy periods).

Additionally, we calculate losses *for all years* beginning with the first policy period of the JPA (2004-2005) through present day, funding for past liabilities that will come due. This provides a second look whereby the

open claims are revalued to a 90% confidence factor. This is just shy of 2 standard deviations, a very secure range.

Through our 15 years of operations, CharterSAFE has accrued an overall surplus (or member equity) of \$8.4 million after paying all open and closed claims and meeting the 90% confidence factor funding requirement as of 12/31/18.

To reiterate, it's not the single or even multiple large claims that can threaten the reserves, it is the frequency of claims far above what is statistically expected (well beyond 1 standard deviation for current and future claims and 2 standard deviations for past claim development). Yet, it is difficult to conjure what sort of event could result in this multiple frequency and severity loss scenario. Neither a large natural occurrence nor manmade event would increase the number of claims in a way that would detrimentally impact the reserves. On behalf of its member-owners, CharterSAFE works hard to ensure the financial stability and sustainability of our organization – so that members can rely on our program and services year after year and which makes the risk of an assessment extremely remote.

DUE DILIGENCE AND BIDDING.

I represent a school, why should I be thinking about insurance and risk management?

In a world of classrooms, textbooks and tablets, insurance is typically the last thing on a school leader's mind. It's broadly defined. It's confusing. And, it's something that often only comes up in times of crisis. But proper coverage and preventive measures throughout the academic year can mean the difference between being able to fund a curricular program or having to use those funds to pay for a claim. Those preventive measures are risk management, and it's often forgotten in the discussion of insurance. Figuring out what the risks are at a school and how to manage those risks can be equally as confusing and costly as insurance.

In California, a pooled approach to risk sharing is a coverage method of choice for almost all schools – traditional public and charter alike. As a JPA specific to California charter schools, CharterSAFE is able to focus solely on the shared interests, goals and needs of member schools. Our nonprofit status means that member cost-savings are guaranteed. By acting as a JPA, we can secure lower rates and provide better services. Plus, our size allows for volume discounts and routine competition among vendors.

Historically, the advantage of a JPA is stable pricing, leverage, customized services, broad coverage and control. In the last 40 years, at least 761 insurance companies nationwide have suffered financial impairment, compared to only 1 JPA. Today, virtually all school districts statewide are members of one of more than 50 JPAs that serve the scholastic community and approximately 80% of charter schools are in a JPA.

I see the value in JPAs, but how do I know that my coverage is optimal and fairly priced?

While bidding can lead to competitive pricing and access to innovation in the marketplace, it is time consuming and require expertise to ensure you're getting a worthwhile product or service. Fortunately, a JPA is different. First and foremost, CharterSAFE is owned by its member schools and therefore doesn't have vendor status. CharterSAFE bids on your behalf to lower insurance costs and share risk management resources every year. JPAs like CharterSAFE harness the power of group purchasing to obtain competitive pricing annually. What's more, we can leverage its size to negotiate terms with a roster of leading domestic and international insurance and reinsurance companies, which no individual school could do. Here's a short

list of the (re)insurance companies that CharterSAFE has negotiated with during the last two renewal cycles (2017-2019):

Chubb Group National Union Ins. Co. of PA Affiliated FM New York Marine and General **CNA** AIG FM Global One Beacon Allianz Gemini Insurance Co. Princeton E&S Allied World National Gen/Re (Genesis) RSUI Alterra Great American Safety National Argonaut *Hartford Insurance Company* Scottsdale Insurance Co. *Assurance* State National Hartford Steam Boiler AWAC Indian Harbor Insurance Co. Swiss Re AXA Liberty Mutual **Travelers** Axis Lloyds of London Westchester Surplus Lines Beazley Markel XL Insurance Berkley Midwest Employers Zurich Brit Munich Re

One statement CharterSAFE has heard from opportunistic insurance agents is that a JPA is costly. What they neglect to mention are the superior and appropriate limits, coverages, and services provided by a JPA. CharterSAFE works with over 900 school sites in California, and over the last 15 years, has gained a bird's eye view on claims trends specific to California charter schools. Coupling its insurance and risk management expertise, CharterSAFE is able to confidently recommend insurance limits, enhance coverages that it writes specific to its members' needs, and provide customized services to prevent losses for your school. All of these would be additional expenses you would have to pay on top of an insurance premium if you bought insurance separately. Additionally, CharterSAFE understands authorizer insurance and indemnity requirements and ensures all its members meet the requirements, so there is one less pressure in this political environment.

I'm still interested in insurance bidding on my own. What should I keep in mind?

The insurance process is fraught with pitfalls including a lack of transparency when it comes to limits, deductibles, coverages, conditions and all-important exclusions. It is also quite time-consuming.

Additionally, insurance bidding requires a lot of work and in-depth knowledge about insurance programs. School leaders rarely and should not be expected to have this expertise. Here are five key questions we encourage members to ask when bidding insurance:

- 1. Types of Coverage
 - What coverage exists for my board of directors, staff, students, and financial assets? (Did you know: some insurance providers erroneously provide School Board Legal Liability as a substitute for Directors and Officers Liability. This poses a potential risk to your nonprofit board members who make some of the most important decisions for your school.)
- 2. Coverage Limits, Deductibles
 - Are the limits at least authorizer-compliant?
- 3. Terms, Conditions and Exclusions
 - What isn't included, and how does that impact coverage?
- 4. Stability and Track Record of Insurer
 - How long has the insurer been writing charter school-specific insurance?
 - How many other charter schools does the insurer work with?

5. Included Services

• What risk management and loss control services are offered, and what is the cost?

The CharterSAFE team is simply a call or email away in case you have any questions regarding coverage, terms, conditions, or exclusions during your due diligence review.

CHARTER SCHOOL RISK TRENDS AND MITIGATION.

What are the current trends I should be aware of and what is CharterSAFE providing for assistance?

Sexual Abuse/Molestation

It is a fact that sexual abuse and molestation is a pandemic deserving our full attention. Since 2010, CharterSAFE and its reinsurers have paid or reserved over \$26,000,000 for claims involving staff-student molestation. Yes, it's shocking.

It becomes more shocking when you consider that the trend is as bad or worse for *all* youth-serving organizations, especially in California. A significant number of insurers are refusing to cover this risk and are backing out of California completely. It is difficult to determine whether the frequency of these events has risen or if reporting has become more common, but the cost has exponentially grown. Plaintiff attorneys have ratcheted up the typical demand for damages, affected students deal with higher levels of unwanted attention and frustration, school reputations have plummeted, and the lost funds means less investment in the classroom. It has become evident that drastic measures must be taken to preserve our education system. A change in school culture is critical.

CharterSAFE is committed to turning this around within the next three years - and we ask for each member to be part of the solution. What can <u>you</u> do?

- If you haven't already done so, adopt a robust and detailed Student/Staff Interaction Policy (we have a Boundaries Policy template available), train your staff, and vigorously enforce it.
- Comply with Ed Code 44050, which requires schools to provide parents with a copy of the boundaries policy (it can be included in the parent handbook) *and* on your website if you have one. Parents are often the first line of defense, especially when they check their child's social media or phone activity. The boundaries policy offers them tools to identify grooming behaviors and other "red flag" indicators.
- Add the voluntary sexual abuse prevention training module to your annual staff training (offered at no cost by CharterSAFE through SafeSchools.com).
- Take advantage of the WeTip anonymous reporting platform (offered at no cost by CharterSAFE).
- Absolutely take advantage of CharterSAFE's offer to provide in-person staff training on this critical topic. Contact Sue Bedard or Carly Weston for additional information.

Employee Embezzlement (and Theft by Vendors)

This is a trend that is very troubling and is contributing to recent negative press coverage about charter schools. The problem involves embezzlement by school leaders and by fiduciaries such as financial or benefits managers. Often, the fraud takes place over a period of years and involves long-time, respected employees or advisors. It is clear there is a weakness in the audit process at some schools and CMOs. Therefore, we highly recommend that internal controls be established and regularly reviewed to ensure effectiveness. Internal controls are policies and procedures put into place within an organization to ensure continuous accountability and reliability of all financial transactions.

Employment Related Claims Including Wage & Hour Violations

Allegations of employment discrimination, wrongful termination, retaliation, and wage and hour violations continue to vex charter schools. This is another area of coverage in which the insurance marketplace has dwindled and become more restrictive. These claims are especially costly when they involve back wages, unpaid meal and rest breaks, or payroll processing violations. Related fines and penalties are uninsurable, and deductibles are substantial. Qualified human resource expertise is an absolute necessity. CharterSAFE offers no-cost advisory services through our dedicated HR consulting team to help your organization shore up its personnel management structure.

Errors in Pension Plan Enrollment/Administration

Historically, there has been a great deal of confusion in charter schools about rules related to CalSTRS and CalPERS. When enrollment errors are made and compounded over the course of years, an expensive retroactive obligation may result. Both STRS and PERS have become very aggressive in finding these errors. We urge you to take steps to ensure that there are no loose ends in your pension programs, including 403b plans.

Cal OSHA Scrutiny and Fines

Most CharterSAFE members have received or will receive a safety and risk management evaluation that makes note of any compliance programs or plans that have not been adopted. This includes the Safe Schools Plan, Injury and Illness Prevention Plan (IIPP), Roof Access Plan, Heat Illness Plan, and more. Any work-related injury that involves overnight hospitalization requires an employer phone call to the local Cal/OSHA office. CharterSAFE reminds its member schools of this obligation when this type of injury occurs, which typically prompts a visit by an OSHA inspector who will ask to see the mandated plans. Failure to produce the plans and/or to prove that required training has been done will likely result in fines and penalties.

DATA TEAM	May-31	English Language Proficiency Assessments for California (ELPAC) - The ELPAC is the required state test for English language proficiency (ELP) that must be given to students whose primary language is a language other than English. State and federal law require that local educational agencies administer a state test of ELP to eligible students in kindergarten through grade twelve. The California Department of Education (CDE) transitioned from the California English Language Development Test (CELDT) to the ELPAC as the state ELP assessment in 2018. The ELPAC is aligned with the 2012 California English Language Development Standards. It consists of two separate ELP assessments: one for the initial identification of students as English learners (ELs), and a second for the annual summative assessment to measure a student's progress in learning English and to identify the student's level of ELP. FINANCE	Jun-15	Submit Charter Schools Annual Information Survey - The Charter Schools Annual Information Survey has 5 sections: location and school contact information, authorizing agency, site, curriculum and governance information, facilities, retirement and services information, and funding. The funding selection impacts how your school receives revenue payments. All charter schools must be either directly or locally funded. For example: LCFF apportionment funds for a locally funded charter school flow through its local chartering authority whereas funds for a direct funded charter school may flow directly to the county treasurer and then to the charter school. However, the funding type decision may impact the amount of other state and federal funds that a charter school receives, outside the LCFF. This decision may be reconsidered on an annual basis. 2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

TEACH Tech Charter High School is the second public charter school operated by TEACH Public Schools. TEACH Public Schools' mission is to create a high quality, innovative teaching and learning environment that focuses on literacy, integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students. Our vision is to reach students of all backgrounds by teaching the entire child, which includes the social, physical, emotional and intellectual needs of the student. TEACH Public Schools are innovative, dynamic, creative, and educationally enriching institutions of positive-driven learning.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

As a result, the following LCAP was developed with the input of multiple stakeholders comprised of school staff (teachers, paraprofessionals, SPED Team, EL Interventionist), parents, and students. As a result our school have moved towards establishing a Multi-tiered System of Supports (MTSS). MTSS provides a basis for understanding how educators can work together to ensure equitable access and opportunity for all students to achieve the Common Core State Standards (CCSS). MTSS is an integrated, comprehensive framework that focuses on CCSS, core instruction, differentiated learning, student-centered learning, individualized student

needs and the alignment of systems necessary for all students/ academic, behavioral, and social success. MTSS offers the potential to create needed systematic change through intentional design and redesign of services and supports that quickly identify and match the needs of all students.

Based on our school's Fall 2018 CA School Dashboard, an analysis of multiple forms of data; input from stakeholders, our LCAP Goals have been revised, to read as follows:

- GOAL #1: Continue to strengthen the quality of delivery of instruction through the use of various types of evidence-based pedagogical strategies (i.e. Differentiation, inquiry based), & Literacy skills development, to address the diverse learning needs of every student, and ensure alignment of the content standards that support 21st Century Skills Frameworks: Critical thinking, Communication, Collaboration, Creativity, Life & Career Skills, and Technological Skills.
- GOAL #2: Develop & implement a comprehensive standards aligned assessment that includes the collection, disaggregation, analysis, application and reporting of multiple forms of data including student achievement data, that aligns with CAASPP, in order to identify learning gaps in 'real-time.' Utilize data to continue to implement a Multi-Tiered System of Supports (MTSS) to identify and provide students with access to academic, social-emotional, and/or behavioral supports to increase student engagement.
- GOAL #3: Engage parents, families, and members of the community as partners through education and communication to support student academic achievement, the school's mission/vision, and provide a safe, supportive, inclusive, and positive learning environment for all.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

TEACH Tech Charter High School is proud of its performance for the Suspension Rate Indicator; and the Local indicators, which were all "met." The following is our school's Fall 2018 CA School Dashboard:

FALL 2018 CA DASHBOARD: TEACH TECH HS									
	SUSPENSION RATE	ELA	MATH						
ALL STUDENTS	BLUE	YELLOW	ORANGE						
ENGLISH LEARNERS	BLUE								
SOC. ECON DISADV.	BLUE	YELLOW	ORANGE						
AFRICAN-AMERICAN	BLUE								
HISPANIC	BLUE								

We attribute this to the successful implementation of PBIS and the comprehensive social-emotional and behavioral supports available to students schoolwide.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

TEACH Tech Charter High School received an "Orange" Performance Category for Math. As a result the following has taken place:

- Longer school year: 185 days (10 additional days) (Goal 1, Action 1)
- 2- hour Intervention Block for ELA; and 2 hour Intervention Block for Math was implemented this school year (Goal 1, Action 4)

TEACH TECH CHARTER HIGH SCHOOL: 2019-20 LCAP | 3

- For 2019-20: Administer multiple assessments to monitor student progress: NWEA MAP, MDTP, UCLA Math Assessment for Integrated Math (Goal 2, Action 1)
- For 2019-20: Strengthen EL Program to include 1 ELD Credentialed teacher to provide designated ELD, academic support; including after-school tutoring. An instructional Assistant to provide academic support for EL throughout the instructional day in ELA and Math (Goal 2, Action 2)
- For 2019-20: Continue to strengthen and provide academic support and intervention by the Assistant Principal; ELA & Math Support Courses; 3 additional Math Instructional Assistants (Goal 2, Action 4)
- For 2019-20: Student will access Edgenuity that will provide differentiated ELA/Reading and Math intervention for all students. (Goal 2, Action 4)

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

TEACH Tech Charter High School did not receive any state indicator for which performance for any student group was 2 or more performance levels below the "all student" performance. However, our school did earn an "Orange" Performance Category for Math; and "Yellow" for ELA. As a result the following actions/services have taken place::

TEACH PREPARATORY MILDRED S. CUNNINGHAM & EDITH H. MORRIS

ELEMENTARY SCHOOL: 2019-20 LCAP

TEACH Prep Elementary School is the recipient of the Public Charter Schools Planning and Implementation Grant, which provides new charter schools with start-up funds to establish its educational program. Our school is also in its initial implementation of a establishing a Multi-tiered System of Supports (MTSS). MTSS provides a basis for understanding how educators can work together to ensure equitable access and opportunity for all students to achieve the Common Core State Standards (CCSS). MTSS is an integrated, comprehensive framework that focuses on CCSS, core instruction, differentiated learning, student-centered learning, individualized student needs and the alignment of systems necessary for all students/ academic, behavioral, and social success. MTSS offers the potential to create needed systematic change through intentional design and redesign of services and supports that quickly identify and match the needs of all students.

The 2019-20 school year will serve as the school's initial year of implementation of MTSS. As a result of input and feedback from stakeholders comprised of school staff (teachers, paraprofessionals, SPED Team, EL Interventionist), parents, and students, in addition our school's Fall 2018 CA School Dashboard, an analysis of multiple forms of data; our LCAP Goals have been revised, to read as follows:

- GOAL #1: Continue to strengthen the quality of delivery of instruction through the use of various types of evidence-based pedagogical strategies (i.e. Differentiation, inquiry based), & Literacy skills development, to address the diverse learning needs of every student, and ensure alignment of the content standards that support 21st Century Skills Frameworks: Critical thinking, Communication, Collaboration, Creativity, Life & Career Skills, and Technological Skills.
- GOAL #2: Develop & implement a comprehensive standards aligned assessment that includes the collection, disaggregation, analysis, application and reporting of multiple forms of data including student achievement data, that aligns with CAASPP, in order to identify learning gaps in 'real-time.' Utilize data to continue to implement a Multi-Tiered System of Supports (MTSS) to identify and provide students with access to academic, social-emotional, and/or behavioral supports to increase student engagement.
- GOAL #3: Engage parents, families, and members of the community as partners through education and communication to support student academic achievement, the school's mission/vision, and provide a safe, supportive, inclusive, and positive learning environment for all.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

TEACH Prep Elementary School is in its first year of operation and does not have a CA Schools Dashboard.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

TEACH Prep Elementary School is in its first year of operation and does not have a CA Schools Dashboard.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

All actions/services were implemented with fidelity. Several actions/services were repetitive/duplicates.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

This is the initial year of operation for TEACH Prep Elementary School. Most expenses were start-up expenses incurred.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The 2018-19 LCAP did not have any budgeted expenditures reported for each of the actions/services. However, all actions were accounted for and took place.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

As a result of analysis of student achievement data, demographics schoolwide data, and input from stakeholders in addition to the school's initial implementation of a Multi-tiered System of Supports (MTSS) TEACH Prep Elementary School will revise LCAP Goal #1, annual measurable outcomes to align with the CDE's requirements, and provide actions and services that align with the LCAP Goal, and AMO's; and will provide budgeted expenditures for each. 		According to a meta-analysis study of the impact of the Arts in Learning, conducted by UCLA, found that students in high arts involvement performed better in standardized assessments than students in low arts involvement. Learning experiences in the arts contribute to the development of academic skills, including the areas of reading and language development and mathematics. Children learning to read and write must also be able to associate letters, words and phrases with sounds, sentences and phrases.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2019-20	
Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
\$	%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

2019-20

The following improved actions and services are principally directed towards unduplicated pupils and funded using Supplemental & Concentration Funds.

2018-19

TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary School ("TEACH Prep ES") is predominately composed of unduplicated students. Therefore, any new addition or adjustment to the current educational program directly benefits unduplicated students.

Goals 1 - 3: As we are an educational program which continues to evolve, all actions in all goals have some expenditures which increase and improve services for unduplicated students. However, not all expenditures in an action improve services rather some simply continue existing services. The current structure of the plan only allows us to select whether an action improves services. This means that this plan shows that all

expenditures under an action increase services for unduplicated students. when that is not actually the case. The specific increases/improves within each service is present at a more granular level with the addition or extension of specific expenditures.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

TEACH Academy of Technologies is the first public charter school operated by TEACH Public Schools. TEACH Public Schools' mission is to create a high quality, innovative teaching and learning environment that focuses on literacy, integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students. Our vision is to reach students of all backgrounds by teaching the entire child, which includes the social, physical, emotional and intellectual needs of the student. TEACH Public Schools are innovative, dynamic, creative, and educationally enriching institutions of positive-driven learning.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

TEACH Academy of Technologies was recently identified for Additional Support and Improvement (ATSI) based on the Fall 2018 CA Schools Dashboard. This resulted in our school developing a Comprehensive Needs Assessment, Root Cause Analysis and Equity Report to identify our school's strengths, areas of need and address achievement gaps.

As a result, the following LCAP was developed with the input of multiple stakeholders comprised of school staff (teachers, paraprofessionals, SPED Team, EL Interventionist), parents, and students. As a result our school

TEACH ACADEMY OF TECHNOLOGIES: 2019-20 LCAP | 1

have moved towards establishing a Multi-tiered System of Supports (MTSS). MTSS provides a basis for understanding how educators can work together to ensure equitable access and opportunity for all students to achieve the Common Core State Standards (CCSS). MTSS is an integrated, comprehensive framework that focuses on CCSS, core instruction, differentiated learning, student-centered learning, individualized student needs and the alignment of systems necessary for all students/ academic, behavioral, and social success. MTSS offers the potential to create needed systematic change through intentional design and redesign of services and supports that quickly identify and match the needs of all students.

Based on our school's Fall 2018 CA School Dashboard, an analysis of multiple forms of data; input from stakeholders, our LCAP Goals have been revised, to read as follows:

- GOAL #1: Continue to strengthen the quality of delivery of instruction through the use of various types of evidence-based pedagogical strategies (i.e. Differentiation, inquiry based), & Literacy skills development, to address the diverse learning needs of every student, and ensure alignment of the content standards that support 21st Century Skills Frameworks: Critical thinking, Communication, Collaboration, Creativity, Life & Career Skills, and Technological Skills.
- GOAL #2: Develop & implement a comprehensive standards aligned assessment that includes the collection, disaggregation, analysis, application and reporting of multiple forms of data including student achievement data, that aligns with CAASPP, in order to identify learning gaps in 'real-time.' Utilize data to continue to implement a Multi-Tiered System of Supports (MTSS) to identify and provide students with access to academic, social-emotional, and/or behavioral supports to increase student engagement.
- GOAL #3: Engage parents, families, and members of the community as partners through education and communication to support student academic achievement, the school's mission/vision, and provide a safe, supportive, inclusive, and positive learning environment for all.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

TEACH Academy of Technologies is proud of its performance for the Suspension Rate Indicator; and the Local Indicators, which were all "Met." The following is our school's Fall 2018 CA School Dashboard.

FALL 2018 CA DASHBOARD: TEACH ACADEMY OF TECHNOLOGIES

ENGLISH LEARNERS	RED	BLUE	RED	RED	
SOC. ECON DISADV.	RED	BLUE	ORANGE	RED	
AFRICAN-AMERICAN	RED	BLUE	RED	RED

We attribute this to the successful implementation of PBIS and the comprehensive social-emotional and behavioral supports available to students' schoolwide.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

ACADEMIC INTERVENTIONS To support TEACH Academy of Technologies' program of academic interventions, our team includes a Counselor, Principal, Assistant Principal, 1 instructional assistant, and SPED Coordinator. The Leadership Team will meet biweekly to review, analyze and discuss schoolwide/student achievement data. The following outlines how TEACH Academy of Technologies assesses students for intervention and a description of the types of intervention strategies that our school will implement. Using our data driven instructional program, our school will scale SST Program for academic and behavioral programs for unduplicated pupils. Our Leadership Team is currently researching a structural framework for a student support team, such as the Multi- tiered System of Supports (MTSS) for implementation.	ACADEMIC INTERVENTIONS TEACH Academy of Technologies provided a comprehensive suite of intervention services for students who struggled academically. The Assistant Principal provided academic support to students in grade 7-8: twice per week and during Saturday School. (Instructional Assistant (2) provided support during Math instruction across all grade levels. The Math Coach provided coaching for math teacher, including feedback from classroom observations. This school year approximately 65% of teachers were new to the profession of teaching; and 5 were Teach for America interns; while 80% were new to TEACH Public schools. Coaching was essential to our instructional program, as our teachers needed significant support. Our school is in the second year of PBIS implementation. Our school used Kickboard, a classroom behavior management app that aligns behavior expectations and consequences in all classroom; and is used to reinforce PBIS. This year a Counselor was added to our program to provide social-emotional counseling. Approximately 50 students this year were referred for counseling services because of suicidal ideation. There is a need to improve education and communication with parents because they view referral for counseling as a stigma. The Dean of Students also provided social-emotional counseling and dealt with behavioral issues. The design of the academic year and professional development supports the mission of the school – provide students with a rigorous Common Core State Standards-based college preparatory program in order to prepare them to succeed in the real-world through project-based learning, and internships. The TEACH Academy of Technologies student population is largely underserved - on average TEACH Academy of Technologies students are 67% Hispanic/Latino, 32% African-American with an average of 95% of students qualifying for free or reducedprice meals, and an average of 21% of students are English Learners.

To begin planning for the year, teachers report in August for professional development. The paid professional development days before, during, and after the school year ensure our teachers receive training and development necessary to support the critical interventions necessary to create the excellent instructional practice to support our students learning. 2018-19

The following Increased or Improved Services for Unduplicated Pupils and funded using Supplemental & Concentration Funds:

Longer Instructional School Day & Longer Instructional School Year (Teacher Supports:) TEACH Academy of Technologies will employ 13 Classroom Teachers who are appropriately credentialed and assigned. Our academic calendar includes 184 instructional days (54,000 instructional minutes) that far exceeds the state requirements by 10,110 instructional minutes. The design of the academic year and professional development supports the mission of the school – provide students with a rigorous Common Core State Standards-based college preparatory program in order to prepare them to succeed in the real-world through project-based learning, and internships. The TEACH Academy of Technologies student population is largely under-served – on average TEACH Academy of Technologies students are 67% Hispanic/Latino, 32% African-American with an overall 95% of students qualifying for free or reduced-price meals, and an average of 21% of students are English Learners.

To begin planning for the year, teachers report in August for professional development. The paid professional development days before, during, and after the school year ensure our teachers receive training and development necessary to support the critical interventions necessary to create the excellent instructional practice to support our students learning. School-wide goals are developed in the summer with a scope and sequence. Teachers who are new to the profession meet with the Assistant Principal to provide instructional coaching on a weekly basis; while experienced teachers meet with the principal on a bi-weekly/monthly basis.

With the implementation of the Common Core State Standards, our professional development has focused on ensuring all teachers know and understand the ELD Standards, SDAIE strategies instructional strategies to improve instruction for our at-risk student population, trauma-informed practices, Dweck's Growth Mindset, PBIS, and newly adopted standards-aligned curriculum.

Professional development for all teachers will take place during the academic year, as follows:

- Provide 10-days of Summer Professional Development for all teachers.
- Provide 2 days of Professional Development on non-instructional days: (NWEA, Data Analysis, WASC, EL Supports)
- Provide weekly Professional Development for 2 hours (Wednesdays).

Our instructional program is geared to all learners with instructional strategies for our EL's and at-risk low-performing students that includes:

- An extended block of instruction for ELA
- An extended block of instruction for Math
- Weekly intervention block for ELA & Math
- In addition, to state-mandated assessments (CAASPP ELA & Math: Grades 5-8, CELDT: Initial only, ELPAC: ELL only, Physical Fitness Test Grade 5,7, & California Science Test (CAST). TEACH Academy of Technologies staff will implement multiple types of assessments in order to monitor each scholar's: academic progress; identify their strengths and needs in order to modify instruction, and identify the type of academic intervention needed. NWEA MAP ELA & Math Assessments: 2x times/year Interim Assessment Blocks: 2-3 times/year Illuminate benchmark assessments

ACADEMIC INTERVENTIONS: To support TEACH Academy of Technologies' program of academic interventions, our team includes a Counselor, Principal, Assistant Principal, 1 instructional assistant, and SPED Coordinator. The Leadership Team will meet biweekly to review, analyze and discuss schoolwide/student achievement data.

The following outlines how TEACH Academy of Technologies assesses students for intervention and a description of the types of intervention strategies that our school will implement. Using our data-driven instructional program, our school will scale SST Program for academic and behavioral programs for unduplicated pupils. Our Leadership Team is currently researching a structural framework for a student support team, such as the Multi-tiered System of Supports (MTSS) for implementation.

- 1. Administer diagnostic assessment in ELA & Math.
- 2. Administer NWEA MAP ELA & Math: 3 times/year.
- 3. Review of student work samples collected by teachers.
- 4. Based on an analysis of data, students may be placed in an academic intervention course for ELA or math. An Individualized (Personalized) Learning Plan (ILP) is developed by the SST and monitored by the Counselor on an ongoing basis.

TEACH Academy of Technologies Charter School provides students with academic intervention (tutoring) after school (daily) via the All Stars After School Program. as part of the academic and social enrichment program.

SOCIAL-EMOTIONAL SUPPORT SYSTEM TEACH Academy of Technologies' project-based learning environment integrates a rigorous College Preparatory curriculum and a character education program to prepare students to thrive in school, college and the world. This curriculum guides students with the life skills necessary to communicate effectively, make informed decisions and set goals. Using our data-driven instructional program, our school will scale SST Program for academic and social-emotional/behavioral programs for unduplicated pupils. Our Leadership Team is currently researching a structural framework for a student support team, such as the Multi-tiered System of Supports (MTSS) for implementation.

Established curriculum such as Overcoming Obstacles Character Education Curriculum is flexible to fit into core courses, advisory, and summer programs, in counseling sessions and college and career prep courses. The Overcoming Obstacles curriculum is organized into middle and high school programs, each beginning with the three fundamental skills on which all other skills can be built: communication, decision making, and goal setting. Because of the modular format, teachers are able to teach the curriculum from start to end, and/or select specific modules that best suit the school/students. Modules include respect; teamwork; citizenship; the technique for addressing bullying; preparing for college and career; conflict resolution; problem-solving; confidence building; and time management.

10 Character Pillars: will be presented and discussed during Advisory and at monthly assemblies led by the school Principal.

Positive Behavioral Interventions and Supports (PBIS): is an evidence-based, data-driven framework proven to reduce disciplinary incidents, increase a school's sense of safety and support improved academic outcomes. The premise of PBIS is that continual teaching, combined with acknowledgment or feedback of positive student behavior will reduce unnecessary discipline and promote a climate of greater productivity, safety, and learning. PBIS schools apply a multi-tiered approach to prevention, using disciplinary data and principles of behavior analysis to develop schoolwide, targeted and individualized interventions and supports to improve school climate for all students.

Speaker series: Our school will continue to host guest speakers on a variety of topics ranging from social, cultural, family, and community issues, relevant to our student's experiences that align with our Character Education Program and our school's mission.

Restorative Justice: Social-emotional and behavioral issues are addressed using the Restorative Justice model, and one-on-one counseling led by the school Counselor.

Counseling Services: are provided by our counselor. If necessary our school contracts social-emotional counseling services with the school Psychologist on an individual basis.

ELD PROGRAM

TEACH Academy of Technologies will review and revise its EL Master Plan to align with the CDE's recent reclassification guidance; shift from CELDT to the implementation of the ELPAC; ELD Curriculum and supplemental materials, in order to ensure that all ELs receive appropriate, adequate and targeted ELD designated and integrated instruction. The school's CELDT Coordinator (Credentialed teachers) will administer the CELDT and ELPAC. The School Director and teachers will review, analyze and closely monitor the academic progress of all ELL using multiple forms of data from assessments to ensure academic growth in ELA and math.

Charter Impact is honored to submit a proposal for back office services to TEACH Public Schools. We are a mission-driven business partner dedicated to empowering charter schools and non-profits with professional, personalized financial management and operational support.

Charter Impact specializes in providing insight and guidance for complex organizations in a way that only experienced business advisors and CPAs can. Our team has an extensive background in finance, public accounting, auditing, grant management and technical consulting, which has helped us understand and identify the

challenges facing mission-driven individuals and organizations, and shape and inform how all Charter Impact staff are trained.

From our years of experience serving you in this capacity, we understand first-hand the level of involvement and direction that TEACH leadership has exerted over the organization's finance and business operations in the past, and we hope to continue to support you with the most accurate and efficient advisement and service as you grow.

"The Charter Impact team has an uncanny ability to break down complex financial information. They do a great job balancing prudent fiscal management with creative problem-solving."

VALERIE BRAIMAH, EXECUTIVE DIRECTORCITY CHARTER SCHOOLS

We feel confident that Charter Impact will continue to be an excellent partner for TEACH at this point in its development, and that we can provide a competitively priced service offering with the highest qualifications and service capabilities.

We believe that clear and transparent expectations and objectives are the best foundation upon which to build a strong relationship, and we thank you for your thoughtful consideration.

Our Model of Service

Our model of service resembles more of a hand-in-hand partnership than a "back" office company. We believe that what separates us from other firms is our ability to go several steps beyond producing financial statements and presenting them at Board meetings. To do so, we

work very closely with our clients, and are in consistent contact with them throughout the month. We aim to provide support as a true business partner, and we excel in communicating and integrating seamlessly with client staff - from the principal officers, to the Board, to individual school site support staff.

Charter Impact has highly developed procedures, practices, and methodologies that can support TEACH's mission and vision, and we customize internal controls and procedures based specifically on individual client needs. Our focus on sound internal controls, with an eye toward incorporating the highest degree of client efficiency and industry best practices provides the utmost security for client assets and financial stability, without overburdening client staff with unnecessary red tape.

We believe that strong financial management is a tool that can give small organizations the confidence and focus of big ones. It is our duty to address changing financial conditions, requirements and regulations in advance, discuss them with our clients as they happen, and report them in real-time, not a month or two after the fact. By bringing the expertise and expectations gleaned from nonprofit, for-profit and government programs, we help improve and refine the financial process for charters.

As TEACH continues to adapt to changing conditions, it will be critical to have support from a team of professionals experienced in managing charter schools as well as affiliated non-profit organizations such as CMO's, facility holding companies and foundations. Having our team at your disposal will allow you to manage growth effectively and efficiently, and we will work with you to assist in the long-term strategic planning of the organization to ensure success.

2. Provide a statement indicating the year your company was founded; what the primary business(es) of the company is(are); the length of time the company has been providing back office services (bookkeeping, internal and external reporting, budgeting, payroll, etc.) and related services as described in this RFP. In addition, provide the duration and extent of experience the company has with providing any similar services.

Charter Impact was founded in 2010, and Spencer Styles took the helm as President and CEO in January 2014. We currently have 62 employees, 95% of whom are based in our Los Angeles office, and we currently serve approximately 60 clients in a full back-office business management capacity.

We are growing quickly, which is a direct result of our reputation for doing accurate, highly collaborative work with strong organizations. We aren't a large company with multiple

locations, and our clients don't feel like nameless, faceless numbers. Because we're small, there is an expectation for everybody at Charter Impact to dig in together to accomplish the work.

Part of our strength is derived from the diversified background of our company leadership. We have vast experience both in the charter industry and outside of it, and we bring our wide experience across multiple industries and corporate structures to drive best practices. Our team's technical skills span all non-profit accounting, and we are well-versed in managing not only stand-alone schools, but also CMOs, facility holding companies and foundations. We have the technical skills to talk in depth about what is happening in the financials, and how they are impacted as things change.

"The Charter Impact team has been extremely attentive and patient. They are willing to go above and beyond so we truly understand our budget and how funding works."

KRISTIN KRAUS,
DIRECTOR OF FINANCE & OPERATIONS
SOAR CHARTER ACADEMY

Our company structure is not top-heavy, and we haven't spent substantial time or energy on marketing and advertising. Our growth has come from word-of-mouth, and we are proud of our growing reputation within the charter community for our ability to manage extremely complex and sophisticated organizations. As we grow, we will keep our focus on serving our clients in the most ethical, economical, professional, and proactive way.

3. Provide a general description of your company's experience with California charter schools.

Charter Impact has been working with California charter schools since 2010 and members of our leadership team have charter roots that extend even longer. Our experience in working with clients' authorizers includes the largest district in the State (as well as some of the smallest), county offices of education and the CDE directly. Our team has an extensive background supporting standalone charters schools, large and small CMOs, and foundations.

Charter Impact's array of services provides all of the support that you would expect from an inhouse finance/accounting department. This includes not only the accounting, accounts payable and payroll, but also assistance with reviewing contracts, ad hoc financial analysis, support with vendor negotiations, assistance with facility financing, and management of lender relationships. Our clients look to Charter Impact as a leader in providing management and advisory services that support our focus on a mission-centric, personalized delivery model. We help our clients

navigate from start-up through strategic growth and into long-term sustainability. Our team of CPAs and CPA-eligible staff strive to achieve financial process integration and alignment to enable cost reduction, increase controls and reliability, and heighten confidence in financial information.

As our clients strive to meet the demands of stakeholders, Charter Impact helps develop and support fiscal strategies, manage risk and compliance, and utilize business intelligence and analytical capabilities. Our professionals bring direct hands-on knowledge of standards for charter school and non-profit systems, internal controls and financial reporting.

Additionally, we work with various independent auditors throughout the State. Our goal is to shoulder the load as much as possible to make our clients' lives easier. That means other than a visit from them to test attendance procedures, onsite cash collection or ASB activity, we are the main contact for the auditors and coordinate all of the work on your behalf. We have had zero financial control deficiencies related to any operational item that we are responsible for managing. 100% of our clients have received unqualified (or "clean") audit opinions.

The stories below provide a sample of what we have helped our clients accomplish recently. If we were to be selected as the provider for TEACH, we would continue to work to accomplish similar gains for your organization. In terms of direct relevance, we believe that providing the most insightful guidance with the most accurate and timely support can lead to any number of unique benefits depending on the characteristics and challenges of each organization.

- \$1.5 million in debt reduced to \$0: Life Source International Charter School joined Charter Impact in September 2015 carrying \$1,500,000 in revenue anticipation notes due on September 20, 2015. Through a detailed review of the school's operations and a revision to the budget, we created and implemented a refinancing plan and monthly cash management tool which enabled the school to completely eliminate its debt by May 31, 2016. The school is now pursuing permanent financing to purchase a facility something that was not previously possible.
- New \$48.7 million school facility: The Palmdale Aerospace Academy was weighing various financing options for its new 165,000 sq. ft. facility. Through our leadership and process management, we secured a tax-exempt bond issuance even though the school was only in its fourth year of operation. After successfully receiving a "BB" rating from Standard & Poor's, we achieved a 4.70% interest rate for the 30-year term. This <u>saved</u> the school \$80 million in rent payments over the term as compared to the other proposed financing options. The school broke ground in April 2016 and moved into its new home in the Fall of 2017.

- Two successful State Board appeals: Both Academia Avance and Prepa Tec Los Angeles
 High School faced an uphill battle on approval of their renewal and new charter petition,
 respectively. After being denied at the district and county levels, we stood and fought
 with both schools, creating detailed financial plans, responding to inquiries and
 presenting to the State Board in Sacramento. Both schools won their appeals.
- Innovative financing sources: As Inspire Charter Schools continued to grow by leaps and bounds, the delay in how the State calculated revenue payments began to take an enormous toll on the organization's cash flow. The cost of traditional receivable sales for the second half of the 2018-19 school year was projected to be \$2.6M. Using a creative financing structure not often seen with charter schools, Charter Impact was able to guide Inspire through the issuance of Revenue Notes through a conduit bond program under the California School Finance Authority (CSFA). The resulting 5-month notes saved the organization \$1.45M in borrowing costs.
- 4. Provide a general description of how your company will be able to provide the experience, ability, and financial standing necessary to meet the requirements set forth in this RFP.

Charter Impact has a clear and thorough understanding of the needs to be met through this engagement. We have a deep understanding of the needs and expectations of TEACH, and that we would be expected to perform substantial exemplary forecasting so that the internal TEACH team can plan accordingly.

It's impossible to express the collaborative nature of a partnership with Charter Impact in bullet points. All tasks referenced in this proposal are truly the bare minimum. Charter Impact staff participate and engage in supporting clients at a uniquely close and impactful level. Our clients' pain points are our pain points. As such, it is in our best interest to work diligently to ensure all systems, processes, procedures, and interactions are as seamless and efficient as possible.

A primary benefit of partnering with us is the prominent level of access and interaction clients have with our staff. The service we are providing is not a software platform; it's real-time access to a team of accomplished accounting professionals who take client service seriously.

To operate a school efficiently, school leaders cannot wait for regularly scheduled monthly financial reports. To that end, and to maintain proper communication and provide a level of service consistent with our mission, all emails received MUST be responded to within 24 hours (this includes emails within our internal team as well). If it will take longer than 24 hours to respond with the requested information, staff are required to, at the least, send a response acknowledging receipt and alert the requester as to when they will be able to respond fully.

We believe that our role is to help guide and train our clients in how to read and interpret financial information so they can best serve their students and school communities. While we do not intend to turn every client staff member into an accountant, we have found that the more equipped school leadership is, the better decisions they make.

Our clients inevitably become more comfortable with financial models and processes over time, reducing the "I don't know what I don't know" factor of back-office dependence. While we believe that our expertise and efficient service methodology serve as a huge value-add for our clients, it does not put them into a dependent position or mindset.

5. Provide a complete list of organizations or schools that have discontinued or terminated your company's services in the last five years and the reason(s) why.

Charter Impact has off-boarded only three clients since Charter Impact came under Spencer Styles' leadership. The first was Alta Public Schools. Alta was one of Charter Impact's very first clients, and they had originally started as a single elementary school. By the 2015-16 school year, the organization had successfully grown to three independent charter schools serving grades K-12. Due to the increase in size, the organization elected to bring all of their accounting and financial operations in-house. However, Alta's leadership had been so pleased with Charter Impact's service methodology, they selected and hired the Charter Impact Accounting Director who had been working with them to build their internal accounting department from scratch. As a part of this transition, Charter Impact remained on-board with Alta in a consulting capacity for a full year to ensure their internal department could successfully stand on its own.

The second Charter Impact client to off-board was CORE Placer Charter School. Charter Impact began its work with CORE as a part of a merger-style management change with another charter school operator that is currently a Charter Impact client. Because the management was changing, it made sense to bring accounting and finance under one roof. However, three months into the 16-17 school year, the relationship between the two charter school operators dissolved. CORE was pleased with the service received from Charter Impact and elected to continue as a Charter Impact client through the rest of the school year prior to converting back to another service provider in their local vicinity.

The third is Growth Public Schools. The school began operations in the 2017-18 school year and had selected Charter Impact as the business management firm. After working with the school during the pre-opening period and the start of the academic year, Growth's Chief Operating Officer came to the decision that she preferred a management style that did not match Charter Impact's hands on approach. After several discussions with the school, the decision was made to part ways. Charter Impact continued to support the school into its second year to ensure a smooth transition to its new service provider.

6. Provide an organization chart for your company, a description of the lines of communication, and the responsibilities at each corporate level.

Please refer to Appendix B, where you will find Charter Impact's current Organizational Chart and Client-Facing Support Team Chart, clearly showing the lines of communication between roles and departments. We have also included complete job descriptions for relevant Director-level through Manager-level positions to give TEACH a sense of the duties as well as the depth of specialized expertise our staff provides in each role.

7. Provide a complete balance sheet or annual report (verified by a certified public accountant) for the last three years of operation.

Charter Impact, Inc. is a privately-help S-corporation, of which Spencer Styles is the sole shareholder. As such, the company's financial records and historical tax returns are highly confidential and are not released as a part of an RFP process for prospective clients. However, we do understand the rationale behind the request. We can provide assurance to TEACH, as well as the rest of our existing and future clients, that Charter Impact always has and always will operate in a financially prudent manner.

Our internal budgeting process is significantly more conservative than even the guidance we offer clients to ensure that our fiscal stability will not be an area of concern for our clients. To that point, Charter Impact has been profitable in every year of its existence and maintains a budgeted net income going forward. We have never had any issues with collection of receivables and have no debt. Furthermore, Charter Impact maintains a minimum of 60 days cash on hand to safeguard against any cash flow timing delays from our clients.

8. Provide a recommended transition plan that describes the steps the Proposer will take to begin providing the services described in this RFP.

No transition plan would be necessary as TEACH is a current Charter Impact client.

DATA TEAM	May-31	English Language Proficiency Assessments for California (ELPAC) - State and federal law require that local educational agencies administer a state test of English language proficiency (ELP) to eligible students in kindergarten through grade twelve. The CDE is transitioning from the CELDT to the ELPAC as the state ELP assessment by 2018. The ELPAC will be aligned with the 2012 California English Language Development Standards. It will be comprised of two separate ELP assessments: one for the initial identification of students as English learners (ELs), and a second for the annual summative assessment to measure a student's progress in learning English and to identify the student's level of ELP. The CELDT initial assessment can be administered from July 1 through June 30 and is given within 30 days of the student being determined eligible for initial testing. The annual assessment is administered through ELPAC between 2/1/2018 - 5/31/2018	Client	No	No	http://www.cde.ca.gov/ta/tg/ep/_
FINANCE	May-31	Complete Consolidated Application reporting - Spring - The Consolidated Application (ConApp) is used by the California Department of Education (CDE) to distribute categorical funds from various state and federal programs to county offices, school districts, and direct-funded charter schools throughout California. Annually, in May, each local educational agency (LEA) submits the spring release of the application to document participation in these programs and provide assurances that the district will comply with the legal requirements of each program. FINANCE	Jun-01	Executive School Leadership Review Evaluation – The board of directors is responsible for hiring and establishing the compensation (salary and benefits) of the executive director by identifying compensation that is "reasonable and not excessive". The board conducting the review should document who was involved and the process used to conduct the review, as well as the disposition of the full board's decision to approve the executive director's compensation (minutes of a meeting are fine for this). The documentation should demonstrate that the board took the comparable data into consideration when it approved the compensation.	Client with Charter Impact support	Yes	No	This is an IRS requirement for Executive Director positions. If needed, Charter Impact can provide data on comparable salaries for your organization's Board of Directors.
FINANCE	Jun-01	SB 740 Charter School Facility Grant Program applications (Continuing Schools)- The SB740 Program is intended to provide grants to charter schools to assist with facilities' rent and lease costs associated with the school. Each year applicants must submit a new Application and the Authority will determine eligibility on an annual basis. Charter schools must also meet the FRPM Eligibility requirements each year. FINANCE	Jun-01	Submit Preliminary Budget Plan to Authorizer - Charter Schools are required to submit their annual budgets to their authorizer by the authorizer-imposed deadline. Authorizers then use the budget to determine if the Charter School has reasonable financial health to sustain operations.	Charter Impact	No	No

FINANCE		Submit Charter Schools Annual Information Survey - The Charter Schools Annual Information Survey has 5 sections: location and school contact information, authorizing agency, site, curriculum and governance information, facilities, retirement and services information, and funding. The funding selection impacts how your school receives revenue payments. All charter schools must be either directly or locally funded. For example: LCFF apportionment funds for a locally funded charter school flow through its local chartering authority whereas funds for a direct funded charter school may flow directly to the county treasurer and then to the charter school. However, the funding type decision may impact the amount of other state and federal funds that a charter school receives, outside the LCFF. This decision may be reconsidered on an annual basis. GOVERNANCE	Jun-30	Review your Parental Involvement Policy - Every local educational agency (LEA) in California must have a parental involvement policy: Federal requirement (LEAs accepting Title I funds). State requirement (California Education Code [EC] for non-Title I schools. Parents must be involved in how the funds reserved for parental involvement will be allocated for parental involvement activities. Keep minutes and sign-in sheets documenting these discussions. The California Department of Education (CDE) reviews the Consolidated Application and Reporting System (CARS) to see if the required reservation has been made. C. Fees

1. Fixed-price Contracts

The SFA will pay the FSMC at a fixed rate per meal. The fixed rate per meal includes all fees and charges indicated in the Schedule of Fees (Exhibit B) of this Contract. The SFA must determine, and the FSMC shall credit the SFA for, the full value of U.S. Department of Agriculture (USDA) Foods. The FSMC's fixed-price invoice will be fully compliant with procurement requirements for the National School Lunch, School Breakfast, and Special Milk Programs, set forth in Title 7, Code of Federal Regulations (7 CFR), parts 210, 215, and 220, and the USDA Food and Nutrition Service (FNS) Final Rule issued Wednesday, October 31, 2007. The FSMC shall take discounts, rebates, and other credits into account when formulating their prices for this fixed-price contract (Title 2, Code of Federal Regulations [2 CFR], sections 200 & 400).

2. Payment Terms

The FSMC shall submit **MONTHLY** invoices by 5th of the following month that reflect all activity for the previous calendar month. The FSMC must submit detailed cost documentation monthly to support all charges to the SFA. Charges and expenses are included in the Schedule of Fees (Exhibit B). All costs, charges, and expenses must be mutually agreeable to the SFA and the FSMC, and must be allowable costs consistent with the cost principles in 2 *CFR*, parts 200 or 400, as applicable. The SFA will pay invoices submitted by the FSMC within 30 days of the invoice date. The SFA will pay invoices received by its accounting department within 60 days of receipt of invoices and processing, if the invoices pass the SFA's audit (7 *CFR*, sections 210.14[a] 210.19[a], 210.21[c][3]). The SFA will notify the FSMC of invoices that do not pass audit, which the SFA will not pay until the invoices have passed audit, with no penalty accruing to the SFA (7 *CFR*, sections 210.19[a][1], 210.14[a], 210.21[f]).

3. Interest, Fines, Penalties, and Finance Charges

Interest, fines, penalties, and finance charges that may accrue under this contract are not allowable expenses to the nonprofit school food service (cafeteria fund). The SFA will not pay unallowable expenses from the SFA's cafeteria fund (2 *CFR*, Section 200.449).

4. Spoiled or Unwholesome Food

The SFA shall make no payment to the FSMC for food that, in the SFA's determination, is spoiled or unwholesome at the time of delivery, does not meet detailed food component specifications as developed by the SFA for

the meal pattern, or does not otherwise meet the requirements of this Contract (7 *CFR*, Section 210.16[c][3]).

The SFA shall make no payment to the FSMC for meals that, in the SFA's determination, are spoiled or unwholesome at the time of delivery, do not meet detailed food component specifications as developed by the SFA for the meal pattern, or do not otherwise meet the requirements of this Contract (7 CFR, Section 210.16[c][3]).

D. Contract Cost Adjustment

The contract price (which can include General and Administrative Expense and Management Fees) may be increased on an annual basis by the Yearly Percentage Change in the Consumer Price Index for All Urban Consumers, as published by the U.S. Department of Labor, Bureau of Labor Statistics, Food Eaten Away from Home [Los Angeles (CPI)]. Such increases shall be effective on a prospective basis on each anniversary date of this Contract and will be allowed only if approved in advance by the SFA. CPI Fee increases for the upcoming Contract renewal year must be submitted to the SFA.

The renegotiation of price terms under this Contract is permitted only upon the occurrence of unpredictable, unexpected conditions beyond the control of both parties. If those conditions create a significant and material change in the financial assumptions upon which the price terms of this contract were based, then those price terms so affected may be renegotiated by both parties. Renegotiation of price terms under such conditions must be mutual and both parties must agree on any changes in price terms. Any adjustments so negotiated and agreed upon must accurately reflect the change in conditions. The occurrence of contingencies that are foreseeable and predictable, but not certain, should be calculated into the defined price terms, to the extent possible, with the goal of minimizing the need for renegotiation of price terms during the term of the Contract. Substantive changes of the Contract will require the SFA to rebid the Contract.

E. Availability of Funds

Every payment obligation of the SFA under this Contract is conditioned upon the availability of funds appropriated or allocated for the payment of such obligation. The SFA may terminate this Contract at the end of the period for which funds are available if funds are not allocated and available for the continuance of this Contract. In the event the SFA exercises this provision, no liability shall accrue to the SFA and the SFA shall not be obligated or liable for any future payments or for any damages resulting from termination under this provision.

F. Timeliness

Time is of the essence in this Contract.

Page 4 TEACH Public Schools RFP 2019-2020-001

G. Approval

This Contract has no force or effect until it is signed by both parties and is approved by the CDE (7 *CFR*, Section 210.19 [a][5]).

H. Amendment

No amendment or variation of the terms of this Contract shall be valid unless made in writing, signed by both parties, and approved by the CDE. Any oral understanding or agreement not incorporated into the Contract in writing and approved by the CDE is not binding on either party (7 *CFR*, Section 210.19[a][5]).

I. Substantive Changes to Contract

Any change to this Contract that results in a material change or any proposed renewals of this Contract may, at the determination of the CDE, either void this Contract or require the SFA to rebid the Contract. Following are examples of substantive changes that could require the SFA to rebid the Contract (2 *CFR*, Section 200.324 [b][5]):

- The addition of a program
- A major shift in responsibilities for FSMC/SFA staff
- A modification that changes the scope of the Contract or increases the price of the Contract by more than the applicable federal, state, or local small purchase threshold (2 CFR, Section 200.324 [b][4])

J. Subcontract/Assignment

No provision of this Contract shall be assigned or subcontracted without prior written approval of the SFA. If subcontracts are let, the FSMC should have taken steps to contract with small and minority businesses, women's business enterprises, and labor surplus area firms when possible.

K. Written Commitments

Any written commitment by the FSMC relative to the services herein shall be binding upon the FSMC. Failure of the FSMC to fulfill any such commitment shall render the FSMC liable for damages due to the SFA. Such written commitments include, but are not limited to:

 Any warranty or representation made by the FSMC in any publication, drawing, or specifications accompanying or referred to in the proposal pertaining to the responsiveness of the proposal Any written notifications, affirmations, or representations made by the FSMC in, or during the course of, negotiations that are incorporated into a formal amendment to the proposal

L. Trade Secrets/Copyrights

The FSMC and SFA shall designate any information they consider confidential or proprietary—including recipes, surveys and studies, management guidelines, operational manuals, and similar documents—that the SFA and FSMC regularly use in the operation of their business or that they develop independently during the course of this Contract. Information so designated and identified shall be treated as confidential by the FSMC and the SFA, and the FSMC and the SFA shall exercise the same level of care in maintaining the confidences of the other party as they would employ in maintaining their own confidences, unless disclosure is otherwise required under the law. All such materials shall remain the exclusive property of the party that developed them and shall be returned to that party immediately upon termination of this Contract. Notwithstanding, the federal awarding agency reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and authorize others to use, the following for federal government purposes:

- The copyright in any work developed under a federal grant, subgrant, or contract under a grant or subgrant (7 CFR, Section 200.315)
- Any rights of copyright to which a grantee, subgrantee, or a contractor purchases ownership with federal grant support (2 CFR, Section 200.315[B])

M. Severability

Should any provision(s) of this Contract be declared or found to be illegal, unenforceable, ineffective, and/or void, then each party shall be relieved of any obligations arising from such provision(s). The balance of this Contract, if capable of performance, shall remain and continue in full force and effect.

N. Counterparts

This Contract may be executed in counterparts, each of which shall be deemed an original, but all of which together will constitute one and the same instrument.

O. Silence/Absence/Omission

Any silence, absence, or omission from the Contract specifications concerning any point shall mean that only the best commercial practices are to prevail. Only those

materials (e.g., food, supplies, etc.) and workmanship of a quality that would normally be specified by the SFA are to be used.

P. Indemnification & Breach of Contract

The FSMC shall indemnify and hold harmless the SFA, or any employee, director, agent, or Board Member of the SFA, from and against all claims, damages, losses, and expenses (including attorney's fees and court costs incurred to defend litigation), and decrees or judgments whatsoever arising from any and all injuries, including death or damages to or destruction of property resulting from the FSMC's acts or omissions, willful misconduct, negligence, or breach of the FSMC's obligations under this Contract by the FSMC, its agents, employees, or other persons under its supervision and direction.

The FSMC shall not be required to indemnify or hold harmless the SFA from any liability or damages arising from the SFA's sole acts or omissions.

For the breach of the Contract and associated benefits:

If the FSMC causes the breach, the FSMC assumes liability for any and all damages, including excess cost to the SFA in procuring similar services, and is liable for administrative, contractual, and legal remedies, as applicable.

Q. Sanctions

If the FSMC fails to perform the contract terms:

- FSMC will be required to provide in writing to the SFA how they will ensure future contract compliance within 10 business days
- Payment will be delayed up to 90 days until compliance is adhered.
- Continued nonperformance will result in termination of this contract within 30 days of issuance of Notice to Cure.
- FSMC may be prohibited from bidding on future contracts with the SFA.

R. Penalties

Costs resulting from the SFA's violations, alleged violations of, or failure to comply with, Federal, State, tribal, local, or foreign laws and regulations are unallowable, except when incurred as a result of compliance with specific provisions of the federal award, or with prior written approval of the federal awarding agency (2 *CFR*, Section 200.441).

Force majeure may include, but is not restricted to, acts of God, the public enemy, acts of the state in its sovereign capacity, fires, floods, power failure, disabling strikes, epidemics, quarantine restrictions, and freight embargoes.

Such notice shall be delivered by hand or sent by postal mail with a certified return receipt requested and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time for completion shall be extended by contract amendment, as long as the amended period does not violate 7 CFR Section 210.16(d).
- 4. Any delay or failure in performance by either party caused by force majeure shall not constitute default, nor give rise to any claim for damages or loss of anticipated profits.

V. Nondiscrimination

Both the SFA and FSMC agree that no child who participates in the National School Lunch Program (NSLP), School Breakfast Program (SBP), Summer Food Service Program (SFSP), will be discriminated against on the bases of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income derived from any public assistance program or protected genetic information in employment or in any program or activity conducted or funded by the USDA. Y. Advice of Counsel

Each party acknowledges that, in executing this Contract, such party has had the opportunity to seek the advice of independent legal counsel and has read and understood all of the terms and provisions of this Contract

III. Relationship of the Parties

- A. The FSMC's relationship with the SFA will be that of an independent contractor and not that of an employee of or supervisor for the SFA. The FSMC will not be eligible for any employee benefits, nor will the SFA make deductions from payments made to the FSMC for taxes; all of which will be the FSMC's responsibility. The FSMC agrees to indemnify and hold the SFA harmless from any liability for, or assessment of, any such taxes imposed on the SFA by relevant taxing authorities. The FSMC will have no authority to enter into contracts that bind the SFA or create obligations on the part of the SFA (EC Section 45103.5).
- **B.** Where the SFA is a public school district or program operated by the county Office of Education, the FSMC, as an independent contractor, shall have no authority to supervise food service classified personnel operating the NSLP, SBP, SSO, or Afterschool Meal Supplements (AMS) under the NSLP (*EC* Section 45103.5).

Such meal/milk counting system must eliminate any potential for the overt identification of free and reduced-price eligible students under 7 CFR, Section 245.8. This POS system will be used for the duration of this Contract and the SFA will not take an ownership interest or option in the POS system provided
- 2. The SFA participates in meal programs that require the use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. - 3. The Respondent will document why a non-domestic food is being substituted for domestic foods. The documentation is intended to indicate if the alternative food is due to the cost of domestic being significantly higher than non-domestic foods and/or the domestic foods are not produced or manufactured in sufficient and reasonable available quantities of a satisfactory quality. The Respondent will provide documentation justifying their use of exceptions to the Buy American Provision.

The on-site review shall take place prior to February 1 of each school year. Further, if the review discloses problems with a school's meal counting or claiming procedures, the SFA shall ensure that the school implements corrective action and, within 45 days of the review, conduct a follow-up on-site review to determine that the corrective action resolved the problem. Each on-site review shall ensure that the school's claim is based on the counting system authorized by the CDE under 7 *CFR*, Section 210.7(c) and that the counting system, as implemented, yields the actual number of reimbursable free, reduced-price, and paid lunches respectively, served for each day of operation (7 *CFR*, Section 210.8[a][1]).
- 4. The SFA shall retain control of the nonprofit school service account and overall financial responsibility for the nonprofit food service operation; the quality, extent, and the general nature of its food service; and the prices children are charged for meals (7 *CFR*, Section 210.16[a][4]).
- The SFA shall retain responsibility for developing the meal pattern for students with disabilities, when their disability restricts their diet, and for those students without disabilities who are unable to consume the regular lunch because of medical or other special dietary needs (7 CFR, Section 210.10[m]).

The SFA shall retain signature authority for the food services application, agreements, Free and Reduced-Price Policy Statement, monthly Claim for Reimbursement, reports, program renewal, the verification of applications, letters to households, and all correspondence to the CDE relating to the food service program (7 *CFR*, Section 210.16[a][5]).
- 7. The SFA shall retain signature authority and be responsible for all contractual agreements entered into in connection with the food service program (7 *CFR* Section 210.21).
- 8. The SFA shall be responsible for the establishment and maintenance of the free and reduced-price meals eligibility roster (*EC* Section 49558).
- 9. The SFA shall be responsible for the development, distribution, and collection of the letter to households and Application for Free and Reduced-Price Meals and/or Free Milk. (*EC* Section 49558 and 7 *CFR*, Section 245.6).
- If the SFA uses direct certification of eligibility, the SFA shall be responsible for obtaining the direct certification list at least annually (EC Section 49558).

- 11. The SFA shall be responsible for the determination of eligibility for free and reduced-price meals and shall disclose the eligibility status of individual students or confidential information provided on the application for free or reduced-price meals to the FSMC, to the extent that such information is necessary for the FSMC to fulfill its obligations under this Contract. The FSMC will not disclose the eligibility status of individual students or confidential information provided.
- 12. The SFA shall be responsible for conducting any hearings related to determinations regarding free and reduced-price meal eligibility (*EC* Section 49558 and 7 *CFR*, Section 245.7).
- 13. The SFA shall be responsible for verifying applications for free and reduced-price meals as required by federal regulations (7 *CFR*, sections 245.6 and 245.6a).

- 16. The SFA may not contract with the FSMC to provide only nonprogram food (e.g., a la carte and adult meals) unless the FSMC offers free, reduced price, and paid reimbursable lunches to all eligible children (7 CFR, Section 210.16[a]).

V. Buy American Requirements a. Food Service Management Company Responsibilities

- 1. The Food Service Management Company (FSMC) must submit statements for all processed agricultural products to the SFA at the time of delivery for each processed agricultural product certifying that the food product was processed 100 percent domestically and that the percentage of domestic content in the food component of the processed food product is over 51 percent, by weight or volume (USDA Policy Memo SP 38-2017).
- 2. The FSMC must notify the SFA in writing at least 10 days **prior** to delivering a nondomestic agricultural commodity or product and request prior approval for delivery of a nondomestic agricultural commodity or product. This written notification must list alternative domestic substitutes for the SFA to consider and provide an explanation for the following:

- Why the domestic product is not produced or manufactured in sufficient and reasonably available quantities of a satisfactory quality; and/or
- b) Why competitive bids reveal the cost of domestic product are significantly higher than the nondomestic product.

B. School Food Authority Responsibilities

- 1. The SFA shall maintain documentation outlining the justification for supporting their use of an exception to the Buy American requirement prior to accepting nondomestic agricultural commodities or products. This documentation will be kept on file for the term of the contract plus any extensions and three additional school years thereafter. This will be made available during an onsite administrative review and an offsite procurement review.
- 2. The SFA shall monitor the contract to ensure that the correct domestic food components contracted for are delivered as required by 2 *CFR*, Section 200.318(b) unless the FSMC has received prior approval from the SFA for nondomestic agricultural commodity or product.
- 3. The SFA must ensure FSMC compliance with the Buy American Provision in accordance with their procurement procedures. These procedures, at a minimum, must include the requirement to include Buy American Provision language in solicitations and contracts as well as the process for requiring FSMCs to certify the domestic percentage of the agricultural food component of products.

VI. U.S. Department of Agriculture Foods

A. Food Service Management Company Responsibilities

- 1. The FSMC shall fully use, to the maximum extent possible, USDA Foods made available by the SFA solely for the purpose of providing benefits for the SFA's nonprofit school food program (7 *CFR*, Section 210.16[a][6]).
- 2. In accordance with 7 *CFR* Section 250.53, the FSMC shall comply with the following provisions relating to the use of USDA Foods, as applicable:

- a. The FSMC must credit the SFA for the value of all USDA Foods (including both entitlement and bonus foods) received for use in the SFA's meal service in the school year or fiscal year. The credit must include the value of USDA Foods contained in processed end products if the FSMC procures processed end products on behalf of the SFA, or acts as an intermediary in passing on the USDA Food value of processed end products to the SFA (7 CFR, Section 250.51[a])
- b. The FSMC shall account for the full value of USDA Foods (7 *CFR*, Section 250.51) by:
 - Subtracting the value of all USDA Foods received for use in the SFA's food service from the SFA's (monthly/quarterly) invoice, and
 - ii) Using the Average Price File for the school year that the USDA Foods are received by the SFA. This listing is available from the USDA Food Distribution Web page at http://www.fns.usda.gov/fdd/processor-pricing-reports
- 3. The FSMC will be responsible for any activities relating to USDA Foods in accordance with 7 *CFR*, Section 250.50(d)(2), (3), and (4), and will ensure that such activities are performed in accordance with the applicable requirements in 7 *CFR*, Part 250.
- 4. The FSMC shall accept liability for any negligence on its part that results in any loss of, improper use of, or damage to USDA Foods.
- 5. The FSMC must use all donated beef, pork, and all processed end products, in the recipient agency's food service, and must use all other donated foods, or commercially purchased foods of the same generic identity, of U.S. origin, and of equal or better quality than the donated foods, in the recipient agency's food service (unless the contract specifically stipulates that the donated food, and not such commercial substitutes, be used) (7 CFR, Section 250.51[d]).
- 6. In accordance with 7 *CFR* Section 250.51(d), the FSMC may, in most cases, use commercially purchased foods of the same generic identity, of U.S. origin and of equal or better quality, in place of donated foods. Exceptions are donated ground beef, donated ground pork, and all processed end products, which contain donated foods that may not be replaced with commercial substitutes. The SFA must ensure that such substitution has been made and that it has received credit for the value of all donated foods received, in accordance with review requirements in 7 *CFR*, Section 250.54(c).

- 7. According to 7 *CFR*, Section 250.53(a)(7), the FSMC shall ensure that the processing agreement's value will be used in crediting the SFA for the value of USDA Foods contained in end products.
- The FSMC will provide assurance that it will not itself enter into the processing agreement with the processor required in subpart C of 7 CFR Part 250.
- 9. The FSMC will provide assurance that it will comply with the storage and inventory requirements for USDA Foods (7 *CFR*, Section 250.53[a][9]).
- 10. The distributing agency, subdistributing agency, the CDE, SFA, the Comptroller General, the USDA, or their duly authorized representatives, may perform on-site reviews of the FSMC's food service operation, including the review of records, to ensure compliance with requirements for the management and use of USDA Foods (7 CFR, Section 250.53[a][10])
- 11. The FSMC will maintain records to document its compliance with requirements relating to USDA Foods, in accordance with 7 *CFR*, Section 250.54(b).
- 12. Any extensions or renewals of the Contract, if applicable, are contingent upon the fulfillment of all Contract provisions relating to USDA Foods (7 *CFR*, Section 250.53[a][12]).

B. School Food Authority Responsibilities

- 1. The SFA shall retain title to all donated foods and ensure that all donated foods received by the SFA and made available to the FSMC accrue only for the benefit of the SFA's nonprofit school food service and are fully used therein (7 *CFR*, Section 210.16[a][6]).
- The SFA shall accept and use, in as large quantities as may be efficiently used in its nonprofit food service program, such foods as may be offered as a donation by USDA (7 CFR, Section 210.9[b][15]).
- 3. About Us

Founded In 2011 Better 4 You Meals (B4YM) is the direct product of local California school leaders listening to the voices of their very own students and parents who wanted "better" food at their schools. After years of unsuccessfully working with existing meal vendors to improve meals and student participation, our founders decided to become part of the solution and offer a new option for school meals.

Serving school districts, charter schools, private schools, summer camps, and after-school care providers, B4YM has helped drive major increases in school meal participation throughout California. In seven short years, B4YM has grown from an idea of social change to the one of the most impactful members of the California school meal community.

We have no predefined values on food that we try and impose on schools. We do not jump on the latest food craze and shock students with food they cannot pronounce or have never seen or heard of. Simply put, we are a young organization with a cultural blend of confidence and craziness to believe that our small social venture will one day positively impact the school meal experience of every student in California.

We know a hungry child cannot learn. We know that behavior issues increase when children are hungry. We know there is still a perceptual stigma to receiving "free" meals at school. We know that for some of your kids, the meals they receive at school may be the only nutritious meals they receive all day. And at B4YM, we cannot and will not be part of a society that accepts this as norm. We believe that we can be a partner to schools all across California in helping to alleviate these issues and that starts with working with you.

School meals must be fresh, healthy, visual appealing, tasty, compliant, and most importantly, not something that is going to fill up trash cans. Together we can shake up the school meal world by bringing new comfort food style recipes, working with food makers manufacturers that have never made food for schools before, and consistently employing innovation and honest ideas in our work.

Providing school meals isn't a complicated business, but it is an extremely difficult one. Your schools have strict budgets for the meal program and you've expressed that you want and need your kids to eat. We absolutely agree and are committed to spending all our time working with the diverse communities in your school to create meals, menus, and service models that you and your stakeholders can be proud to offer.

With decades of combined school operation and food service experience, Better 4 You Meals is uniquely positioned to meet the needs of your school and your students. Our team looks forward to speaking with you soon and wish you a year of many great meals!

We look forward to the opportunity to work with your school and we thank you for the opportunity to submit this proposal.

Proposed Scope of Services

Overview of TEACH Public Schools Food Service Program

- A. Scale. The SFA employs 4 staff members who provide food service to approximately 1000 children at 4 sites, including 3 schools. The food service prepares approximately 150,000 meals annually.
- B. Financial Goals. TEACH Public Schools intends on serving as many students, as possible, with the lowest fiscal impact to our school's general fund. The FSMC will be required to provide a plan on how to support TEACH's goal on ensuring waste is not occurring and ensuring our students receive a healthy & nutritious meal, in addition to providing solutions on waste management and crediting for unserved meals.
- C. Management Goals. TEACH Public Schools expects the FSMC to be fiscally solvent, in compliance with all local, state and federal public health policies. In addition, the FSMC must have a clear business structure that allows TEACH's Management Team to clearly identify key decision makers to ensure the FSMC provides all items requested in a timely manner and has the least impact on students. The SFA's food service goals are to provide nutritious, high-quality meals to students and participants in the School Breakfast Program, School Lunch Program, Seamless Summer Option (SSO), and After School Snack Program. Additionally, the SFA strives to accommodate special diets where medically necessary, improve the nutritional quality of meals, and maintain a financially viable nonprofit food service program.
- D. Food Service Office & Staffing: The food service central office is located at TEACH Public School's Home Office. The Food Service Program is overseen by the Chief Operating Officer. In addition to the Chief Operating Officer, a Director of Program Compliance, Data & IT provides overall operations & general direct support within the TEACH network and it's SFA members. Lastly, the Business Operations Manager & School Officer Managers at each school will act as a liaison between the FSMC and the school.
- E. National School Lunch Program and School Breakfast Program. Our schools participate in the National School Lunch Program and School Breakfast Program. SFA's food service goals are to provide nutritious, high-quality meals to students and participants in the School Breakfast Program, School Lunch Program, Seamless Summer Option (SSO), and After School Snack Program. Additionally, the SFA strives to accommodate special diets where medically necessary, improve the nutritional quality of meals, and maintain a financially viable nonprofit food service program. General food service goals are as to:
 - Provide an appealing and nutritionally sound program for students as economically as possible
 - Stimulate both student and adult participation in the program through improving relations with students, staff, and the community by creating awareness of the direct correlation between adequate nutrition for students and their ability to learn
 - Increase participation at all levels of the food service program by improving meal quality, seeking student and parent input, and successful menu variation and planning

 Maintain reasonable prices for students and adults participating in the food service program, while maximizing USDA commodities and any other local, state & federal compliant programs that support our Food Service Program

G. Buy American

Continguent on Funding for After School and Summer Programs

The SFA participates in meal programs that require the use of nonprofit school food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A 'domestic commodity or product' is defined as one that is either produced in the U.S. or is processed in the U.S. substantially (51 percent or more by weight or volume) using agricultural commodities that are produced in the U.S. as provided in 7 CFR, sections 210.21(d) and 220.16(d).

The FSMC must:

Submit certification statements for all processed agricultural products. The Food Service Management Company (FSMC) must provide written documentation to the SFA at the time of delivery for each processed agricultural product certifying that the food product was processed 100 percent domestically and that the percentage of domestic content in the food component of the processed food product is over 51 percent, by weight or volume.

Or

Request SFA approval prior to delivering a nondomestic agricultural commodity or product. If the FSMC cannot comply with #1 above, the FSMC must notify the SFA in

writing 10 days prior to delivering a nondomestic agricultural commodity or product. This written notification must include the following:

- a) Whether the request to deliver a nondomestic food is because the product is not produced or manufactured domestically in sufficient and reasonably available quantities of a satisfactory quality, or competitive bids reveal the costs of a domestic product are significantly higher than the nondomestic product.
- b) The pricing of both domestic and nondomestic products and/or availability data to justify the use of one of the two allowable exceptions.
- c) A list of alternative domestic substitutes for the SFA to consider for delivery instead of the nondomestic agricultural product.

By signing below, Better 4 You Meals recognizes and accepts the stated Scope of Work and agrees to include all listed services as part of this bid and in any proposed contract.

Federal Register Vol. 80, No. 40, dated March 2, 2015, referred to as the "Final Rule," establishes minimum professional standards for school nutrition personnel who manage and operate the National School Lunch and School Breakfast Programs. In the Final Rule, the following definitions are established:

- 1. **School Nutrition Program Director**. The school nutrition program director is any individual directly responsible for the management of the day-to-day operation of school food service for all participating schools under the jurisdiction of the school food authority.

Proposal Questionnaire #1

Provide a general description of your company's qualifications and experience relevant to the minimum qualifications in Attachment B, along with any necessary substantiating information. Limit your responses to information about your company's capabilities.

Our company leadership has helped launch charter schools, operated within the back offices of charter schools, started food programs at charters, and also operated general businesses over the last 25 years. Each year since 2014, we have met all targeted meal service and revenue goals and have grown from 30,000 meals per day to 80,000. We have maintained a laser like focus on customer service and overall product satisfaction. While not always achieving the daily goal of zero errors and 100% satisfaction, the entire B4YM team is dedicated to learning, growing, and improving every day and in every way.

Financially the company is very sound with a strong projected net income and access to capital. We have no liens, bankruptcies, or judgments against us.

Better 4 You Meals is holding our 2019-20 growth target to a modest projected growth rate, focusing on increasing customer satisfaction, creating model systems for replication, processes for optimal efficiency and meal consistency, and expanding our Northern California services.

Better 4 You Meals Experience & Customer Service

As the only school meal vendor founded by individuals with actual charter school operational leadership experience, our entire model was designed to better serve the charter schools throughout Southern California. The positive response and encouragement from the charter school community has been resounding and very humbling.

In Fall 2014, the first year of expansion from breakfast service to full meal operation, 120 charter schools approved Better 4 You Meals as their vendor of choice. Serving an average of 30,000 meals per day, we quickly developed the infrastructure and procedures to best serve our schools.

From there the request for service has continued to increase dramatically. In the Summer of 2015, we were awarded to be the vendor for 80 Los Angeles Archdiocese K-8 schools, while also contracting with an additional 25 charter schools for full service. In January 2016, we began service for Compton Unified, which employs a cold delivery and heat on site model.

We are now serving an average of 80,000 meals per day across 274 sites throughout California.

Even with our rapid growth, we have continued to keep laser focus on what has helped our meal service endeavor grow so significantly – our commitment to our schools and to our customer service.

No other vendor retains the wide array of services that Better 4 You Meals has such as:

Therapeutic Meals for students with special meal needs

- On site BBQ's for special event days or to reward students for performance
- Partnership with popular known brands such as Pick Up Stix, Dominos Pizza, & Pizza Hut
- Catering for school special events, training, meetings, and more
- Approved USDA Foods Commodities processor helping schools save thousands each year

Customer Service

Better 4 You Meals has also recently updated many features of our customer service model. Our online ordering system has been updated and improved to allow for ordering features such as milk type ratios, field trip lunches, therapeutic meals. Many technological upgrades have gone into, and will continue going into, our ordering system to make ordering faster and to reduce errors.

We have also changed our school support model to make it easier for schools to interact with the exact Better 4 You Meals team member that they need. Our customer service line is open every morning at 6:30am until 5:00pm to help with any immediate issues such as meal changes, missing items and delivery changes. Every school is also assigned a dedicated Account Manager to help with their student engagement, participation, troubleshooting, training, and more.

Client satisfaction is at the forefront of every decision and task that we take on. You have our commitment to continue to lead the path to providing your students with healthy and delicious meal options.

Buy American

B4YM is 100% compliant with the USDA Buy American provision and has had zero negative findings related to buying American products in our past 50 Administrative Reviews over the last 4 years.

 Seamless Summer Feeding Option

From the very beginning of our full meal service in 2014, B4YM became entrenched in supporting SFA's through the vended meal route and also through the FSMC agreement. Current and past FSMC clients that B4YM supports include:

- Alliance College Ready Public Schools
- Green Dot Public Schools
- Compton Unified School District
- Inner City Educational Foundation (ICEF)
- Downtown Value Charter Schools
- Archdiocese of Los Angeles

- Celerity Schools
- Camino Nuevo Charter Academy
- Los Angeles Leadership Academy
- Multicultural Learning Center
- SOAR Charter Academy
- Oakland Military Institute

In addition to our meal preparation and delivery to our FSMC and Vended Meal clients, we have contracted to assume roles such as ordering meals, serving meals, heating meals on site, employing waste management methods, delivering cold meals for heat on site, and much more.

Proposal Questionnaire #3

Provide a general description of how your company will be able to provide the experience, ability, and financial stability necessary to meet the requirements set forth in this RFP.

B4YM has become California area leader in FSMC and Vended Meal service, supporting an average of 274 sites every day. In our short time since being founded, B4YM has recruited and tapped into extensive expertise from school business operations, school nutrition, food production, and logistics professionals. B4YM was not founded on any preset personal values or food beliefs that we have imposed on our schools. Rather we listen to school leaders and students and strive to attain a strong understanding of what their goals, wishes, and challenges are for their food program. We have worked tirelessly to create a service model that is easy to work with, culturally relevant, and affordable to schools.

The founders of B4YM have worked in public education for over a combined 30 years and have been influential in helping other food vendors grow and refine their product and service model over the years. But despite all those years of helping other vendors, there was still significant short comings in the day to day service and that was the initial driver to launch B4YM.

Production Capacity:

- a. B4YM has one central kitchen and distribution center in Los Angeles, located at 5743 Smithway St, in the City of Commerce and a 2nd facility in the City of Millbrae to support Northern California school meal services. Our Millbrae facility covers about 20,000 square feet, and all meal preparation is performed on site such as food receiving, refrigerated and frozen storage, meal preparation, meal heating/sorting, and loading for delivery.
- b. B4YM's current average daily breakfast volume in California is about 25,000 cold and hot meals. We have current capacity to support an additional 20,000 daily cold or hot breakfast.
- c. B4YM's current average daily lunch volume is about 40,000 cold and hot meals with an additional 5,000 daily average supper meals. We have current capacity to support an additional 35,000 daily cold or hot lunch and supper meals.

Transportation Capacity:

- a. B4YM currently has a fleet of 58 delivery trucks and vans. We have 36 breakfast routes that go out each day and 42 lunch routes.
- b. Each delivery truck/route has 4-6 schools on it, depending on the volume of meals on the route and the proximity of the schools to each other. We are adding additional trucks in July 2019 to accommodate anticipated growth, reduce identified high volume routes, and add operational features like electrical capability in the trucks.

Describe the efforts that B4YM takes to ensure all meals are compliant with USDA weekly and daily requirements.

The monthly menu build-out is a very in-depth process that involves 6-10 individuals each month. We begin working on menus 2-3 months in advance and out a cycle that provides for ample variety of

flavors, proteins, ingredients, and cultural inspirations. We solicit school information and send out proposed menus to selected schools for input and feedback. We strive to not repeat any dishes throughout the month. From there we input each meal selection in to NutriKids Software for meal component balance and to assure that each week meets the target USDA NSLP nutrition and component requirements. Once each week is verified balanced and approved, then the meal is locked in and then the menu is then shared around various departments for approval and recipe training if needed.

Describe B4YM's experience in handling special meal accommodations. Include the process and timeline starting from when it is identified that a special meal is required for a student.

Special or therapeutic meals are a service that B4YM is very proud to provide in greater depth than most vended meal or FSMC companies do in California. All special meal requests must be completed on the CDE Special Therapeutic Meal Needs form and signed by a license medical physician.

Once the medical statement is submitted to B4YM, on average it takes 1-3 weeks to begin meal service, depending on the allergy profile or meal needs. Special meals must be prepared with extreme care as to not cross contaminate the food with potential allergens so the ingredients are sourced through personal B4YM shoppers and prepared in a special area of the kitchen separate from all other food preparation.

Once the menu is prepared for that student, it will continue on a monthly cycle and meals will be sent daily for that student; ordering is not required by school staff. Meals are sent separately from regular meals and therefore must be sent cold with on-site microwavable heating instructions. School staff are responsible for heating the meal on-site according to stated directions.

Describe B4YM's process for handling meals during field trips.

B4YM has a simple 1-page request form for field trip sack lunches. That form is sent to B4YM's special "fieldtrip" email address, and then confirmed by our in-house ordering manager. Field trip requests generally require a 1-2 week notice and special services such as separating the meals by bus count or site can be provided at no additional charge. Sack lunches are then delivered to the school at the requested time. Sack lunches for those students that receive special meals must be identified on the Field Trip request form.

Describe B4YM's ability to operate in different school environments and settings and to meet different meal requirements (e.g., indoor vs. outdoor, prepacked vs. family style service).

With over 250 meal sites in current operation, B4YM can accommodate any set-up and serving situation. We currently serve indoors, outdoors, in cafeterias, in parking lots, in areas with permanent covers, and also in areas with pop up tents. Our model can be adapted to meet the needs of any site. We currently employ family style serving, pre-pack serving, a blended version of the two, ready to eat (hot meal delivery), and ready to heat (cold meal delivery with heat on site).

We currently support 195 unique sites with daily hot, ready to eat meal delivery throughout Southern California. While flexible and able to adapt to almost any service style requested, our primary model is built on hot meal delivery.

Our kitchen is outfitted with 10 large industrial ovens and we have the capacity to heat an average of 12,000 meals per hour. We have over 700 commercial grade Cambro insulated food carriers in rotation

and used each day for hot and cold meal delivery. We support hot breakfast at least two times per week and hot lunch is available daily in our featured meal or in our vegetarian lunch. With our fleet of delivery trucks and vans, there are no challenges to sustaining high quality, consistent, and on time meal delivery.

Each school currently has the daily option of at least 4 hot or cold lunch items to order from. Schools are encouraged to mix up their orders to provide their students with the greatest amount of variety possible. Each day we offer a hot featured dish, a hot vegetarian dish, a cold full meal salad, and cold freshly made sandwich meal.

B4YM has no specific requirements for our service other than an area with enough space suitable for proper serving and line management. For schools that need or request them, we provide tables and popup tents. In those cases, the schools are expected to handle the set-up, storage, and take-down of the tables and tents if needed. B4YM needs access for parking and unloading, and an agreed upon staging area for the food containers.

Describe B4YM's requirements for meal storage, preparation, and serving equipment at the school site (e.g., ovens, refrigerators, storage space, tents, tables).

B4YM has no specific requirements for our service other than an area with enough space suitable for proper serving and line management. For schools that need or request them, we provide tables and pop-up tents. In those cases, the schools are expected to handle the set-up, storage, and take-down of the tables and tents if needed. Heating on-site with either school owned or B4YM loaned ovens is an option for schools, but not required. B4YM needs access for parking and unloading, and then an agreed upon staging area for the food containers.

Describe B4YM's ordering process including how orders are submitted.

• How frequently are orders submitted?

Menus for the subsequent month are released by the 5th of each month. TEACH Public Schools' assigned Account Manager would collaborate with school site staff to go over the menu and use the feedback along with hard POS data to build the order. Orders would be fully submitted by the 15th of each month and TEACH Public Schools staff would be provided a copy of the menu along with exact amounts for each item ordered. TEACH Public Schools staff can also request specific changes to the order as needed up to 3 business days from serving.

• How can schools modify their orders? How close to the service date can school modify their orders? School site staff can collaborate with their Account Manager and modify the orders up to 3 business days prior to serving. Options to modify include changing the item ordered, increasing or decreasing orders, adding sack lunches, and more. At 3 business days from serving, the system locks the order in. In cases of emergency, we are usually able to increase or decrease orders with 24-hour notice by calling the B4YM Ordering Manager.

How does B4YM work with the school on its orders to reduce or minimize food waste?

Various B4YM staff are involved in assisting schools to reduce food waste. Account managers will view and evaluate food service and provide tips on how to increase participation, speed the line up, and reduce overall waste. Every aspect will be evaluated included consumption of milk, fruit, vegetable, and disposables.

Proposal Questionnaire #5 Better 4 You Meals Organizational Chart

Provide an organization chart for your company, a description of the lines of communication, and the responsibilities at each corporate level. Identify the main FSMC contacts for the SFA.

Communication Lines

As a small, owner operated business with all operations in a single location, Better 4 You Meals operates as a relatively flat organization for communication. This means there are often very few layers of management between workers and top management. Better 4 You Meals realizes many advantages from such a lean structure, including improved communications. Communication within our company is faster, easier and less prone to mistakes or misunderstandings. Better 4 You Meals takes pride that in our flat structure, can react to changes or needs rapidly and spend less time with cumbersome and ineffective communications.

The significant benefits of our operation and communication lines are speed, accuracy, and task ownership. With less layers of management or procedural formalities, our staff receive a clear and consistent message without a loss in content or intention.

Being in a very fast paced and time sensitive business, our staff and management are also empowered with the training and authority to make on-demand decisions that are necessary in the best interest of the school and company. Our employees are the closest to each individual school and are more prepared to make necessary decisions and can take action on the spot to address a school's needs. Our employees feel more empowered and responsible for their actions know they do not have to immediately seek permission from several layers of management to address an issue.

Proposal Questionnaire #7

Provide a description of promotional and/or marketing materials you will use to attract students to the program.

Marketing & Awareness

Better 4 You Meals staff can collaborate with school staff to help create school centric and branded marketing materials of the school nutrition program. Our outreach team can help design and create posters, flyers, and informational materials that can be given out or placed around the school. We can also work with the various school marketing or communication committees to draft newsletter articles for web or print.

Ticket 2 Wellness

Ticket 2 Wellness is B4YM's daily game to get students excited about participating in the school meal program. At the start of each month, schools will be given posters announcing the T2W prize for the month. Each day, a winning ticket is taped to the bottom of a meal. One student will receive a ticket each day entering them into the drawing for the monthly prize. Students can receive more than one ticket per month and the more often they participate in the meal program, the greater their chances in the drawing.

B4YM encourages a focus on health and wellness by providing prizes that are significant, desirable and promote student physical activity and fun. Past prizes have included bicycles, skateboards, scooters, Beasts Headphones, waterproof Bluetooth speakers, Clippers & Dodgers tickets, and more.

Workshops & Engagement

B4YM staff members are trained and experienced at engaging with students and parents. We conduct meetings at schools with student groups to gauge preferences and solicit feedback regarding the meals they would like to have. We also provide parent informational sessions with training on NSLP standards and requirements.

Mechanism(s) in place to gather feedback from students and school staff

B4YM was the first vendor to create a locally based Menu Advisory Committee which is comprised of staff members from schools that we serve. The MAC meets 3 times per year and reviews new menu ideas, gives feedback on current items, and helps build the menu for the coming 2-3 months.

B4YM Account Managers are also versed in actively engaging students for get feedback and ideas on the meal program. They'll meet with ASB officers, school chosen focus groups, and others to go over current and proposed meals.

Different participation and engagement activities provided for students and parents throughout the school year

B4YM provides presentations on nutrition, fresh cooking, NSLP Guidelines, and more for parents and students alike. Presentations are offered in English and Spanish and can be offered at the school or at the B4YM kitchen facility. Additional activities include field trips to our kitchen, on-site BBQs at the schools, and special event catering.

Proposal Questionnaire #8

Provide a recommended transition plan that describes the steps the Respondent will take to begin providing the services described in this RFP.

Once notified of an award and subsequent contract approval, Better 4 You Meals staff arranges visits to each school site to view its current meal service set-up and learn all we can about what is working and where opportunities for improvement exist. We discuss with school staff the current operational functions that work and those that create service challenges. We work to maintain the best of the current operations while providing solutions to any existing challenges. B4YM does not have a one size fits all service model and every school is unique in its needs and logistics.

With the wide breadth of schools that we serve and as a former client of B4YM, we are very familiar with the common needs and operations TEACH Public Schools and are confident we can build on our experience to further improve the overall meal program. TEACH Public Schools would be assigned a Senior Account Manager who would serve as the designated point of contact for all onboarding and training. All B4YM Senior Account Manager have a minimum of 10 years in the School Nutrition Industry, and have worked for entities such LAUSD, Revolution Foods, Choice Lunch, Preferred Meals, and more.

From there we'd like to sit down as soon as possible with school staff and create a plan evaluating the current location(s), timing, and processes for delivery, set-up, and service. It is our goal to seamlessly fit within the daily schedule of the school and not interfere with any current instructional or operational activities.

In those meetings, we will solicit feedback on a desired menu, highly successful recipes and dishes, and those dishes that would be desired to have on the menu. A menu cycle will be finalized and proposed to TEACH Public Schools for evaluation and feedback.

All needed delivery drivers and service staff will be identified, screened, hired, and trained by July 15th in the various daily needs of the particular sites. We have created standard operating procedures for delivery drivers and meal servers based on industry best practices along with thorough understanding the needs of various schools.

Menu's for August ordering would be available to parents by early July. All food orders, training, and test runs would be complete with TEACH Public Schools staff by August 1 to assure that the school year begins with no challenges.

As service commences at each school site, various members of B4YM leadership will be on site to observe the quality, interaction, processes, and line flow. B4YM management will be available to school staff as needed to make changes to assure the highest quality service. Staff will also have a list of B4YM contact numbers and emails, to help assist with any suggestions or concerns that may arise.

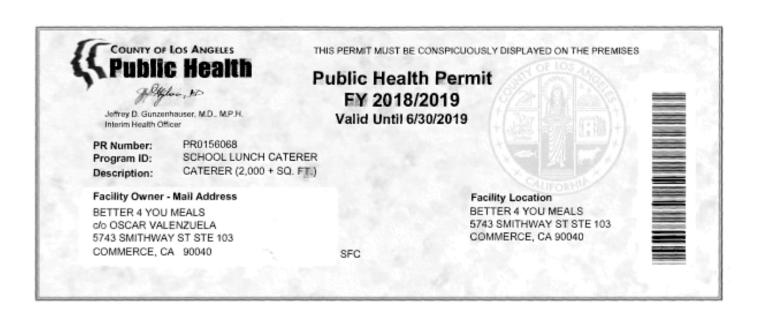

A first impression is key for your students each new school year and our goal is to be a true partner to the school and keep every student engaged and enjoying your meal service.

Letter of Recommendation - Roses in Concrete Community School

February 23, 2019

To Whom It May Concern:

This year it has been a pleasure to work with Better 4 You Meals, Jonathan Diaz and his incredible team to support our meal program here at Roses in Concrete Community School. We have gone through a total of three meal vendors in the past four years and I am pleased with the level of satisfaction the partnership with Better 4 You Meals has brought to our school, students and families.

Better 4 You Meals has incredible customer service. We have invited them out to our family welcome events, back to school nights, and they are consistently showing up and showcasing their program to increase our participation. They are quick to reply to our needs and concerns. When orders need to be adjusted or any errors on our end, their team is available to support us and get us what we need correctly. They are constantly providing updates and stopping by to ensure the program is running smoothly. This is not only in concern to the food tasting good and being delivered as needed, but all the forms and records needed as part of NSLP. Better 4 You Meals is more than a vended meal provider for us, they are partners in rolling out our National School Lunch Program.

For our students, our partnership with Better 4 You Meals has given them a great food option at school for breakfast, lunch & snack. Students are participating in our meal program at a higher rate than previous year. Our families are happy that their students are eating and enjoying their meals at school. We have increased breakfast participation by 20% this year. Our students are extremely happy with Better 4 You Meals. The increase in our breakfast participation do not only benefit the students eating the breakfast but have made an impact on our playground with decrease conflict due to students being hungry at recess. All in all, it has been a win overall on our campus.

Please feel free to reach out to me if you have any questions or concerns.

Sincerely,

Leslye Salinas - Business Manager

July 12, 2018

To Whom It May Concern:

I first began working with Better 4 You Meals during the 2015/2016 school year.

Our goal in working with Better 4 You Meals (B4YM) was to have meals ready to eat that were hearty and provided some of the components of a reimbursable meal. We also wanted to increase student participation in our secondary schools where we were only serving a third of the school's enrollment due to time constraints. The students only had 30 minutes for lunch.

When my team and I met with B4YM, we were able to design our menu to offer meals that were hearty and would resonate with our student population. The Cheese Tamale and Carne Asada Fries are two favorites.

During the past school year, we begin using Better 4 You Meals exclusively in our Child and Adult Care Food Program (CACFP) to serve supper meals. This enables us to offer hot meals in addition to sandwiches, salads and shelf stable meals for supper. We saw a significant increase in student participation when we introduced hot supper meals like the BBQ Meatball Sandwich with Cheesy Mashed Potatoes.

During our most recent menu engineering session, we introduced several new items including Upside Down Chicken and Vegetable Pot Pie, Baked Ziti with Meat Sauce and Penne Alfredo with Broccoli. That is the most exciting thing about working with B4YM, designing our menu and trying new entrees.

I greatly value our menu engineering sessions that my team and I have had with Better 4 You Meals and I feel very comfortable giving a solid recommendation.

Sincerely,

Antoinette Pearce

Description of How Meals Comply with NSLP & SBP

Better 4 You Meals uses Food Based Menu Planning (FBMP) approach for all meals in accordance with NSLP and SBP guidelines established in 2012 and updated in subsequent years. Every meal that B4YM serves follows the meal pattern as outlined in Attachment I. All meal requirements such as Meat/Meat Alternative, Fruit, Vegetable, Grain, and Milk meet or exceed the standard requirements.

Below are four main dietary specifications as outlined by SBP and NSLP and the standards by which all meals served by B4YM abide.

Student Engagement & Participation for All

Better 4 You Meals is so much more than just your everyday lunch provider. We know that fun activities, special events, and on-site food preparation can help engage your scholars at a much greater level.

Therapeutic Meals

Very few meal vendors meet the unique and often challenging needs of those students who require therapeutic meals. Working with our in-house nutritionist, we create a menu plan that will be enjoyable and hopefully increase the variety of tailored offerings available to your students with the need for therapeutic meals.

BBQs at Your School

B4YM can bring out the BBQ team to your school and prep an amazing and NSLP reimbursable lunch right in front of your students. B4YM team members can tow our state of the art BBQ trailer directly to your school, or if space is a challenge, we can bring one of our mobile BBQs. Schools enjoy our BBQs for special events like jog-a-thons, grade promotions, testing completion, and many other activities. If parents or community guests are going to be attending your special events, schools can order meals for those guests as well at a minimal cost.

Catering for Staff and Parent Special Events

Oftentimes schools host meetings and events such as Professional Development Training, Parent Appreciation Nights, Recognition Breakfasts, Board Meetings, and much more. Searching for a caterer that can provide an enjoyable and affordable meal for your events can be difficult and time consuming when you factor all your normal day-to-day duties. B4YM helps to take the burden off of your staff by serving as a one-stop shop for catering support.

We have provided special event meal services for groups as small as 10 and as large as 1,500. Along with the meals we are able to prepare in our 50,000 square foot kitchen facility, we have a large

number of catering partnerships that allow us the opportunity to create many different varieties of menus at an affordable and often below market cost.

Ticket 2 Wellness

Ticket 2 Wellness is B4YM's daily game to get students excited about participating in the school meal program. At the start of each month, schools are given posters announcing the T2W prize for the month. Each day, a winning ticket is taped the bottom of a meal. One lucky student will receive a ticket each day entering them into the drawing for the monthly prize. Students can receive more than one ticket per month and the more often they participate in the meal program, the greater their chances of

entering the drawing. Announcing and then placing "winning" tickets under random school meals resulted in many schools increasing overall participation by over 4%.

B4YM encourages a focus on health and wellness by providing prizes that are significant, desirable and promote student physical activity and fun. Past prizes have included bicycles, skateboards, scooters, Beasts Headphones, waterproof Bluetooth speakers, Clippers & Dodgers tickets, and more.

Field Trips & Learning Opportunities

We are very proud of our kitchen and distribution facility. Schools that have attended our recent Open Houses have expressed a desire to bring their students to our facility so they can see first-hand how their food is stored, prepared, packaged, and distributed to their schools. Daily work at B4YM is a great opportunity to engage students on health,

nutrition, math, engineering, technology, safety, science, and much more. We encourage you to visit your current vendor's facility and compare it to the first-rate food-only center that we operate in. Our facility shares Millbrae facility was the former headquarters and sole production facility for Casa Sanchez Salsas & Chips.

Methods to Help Increase Student Participation

Targeted Increase

Based on an evaluation of the current participation rates at each of the various schools, it's is Better 4 You Meals' goal to increase overall participation by a minimum of 8%.

Enjoyable Meals

The B4YM team is constantly working on new meals that are designed with our end consumer in mind, your student. 90% of all the meals that B4YM serves end up in the hands of student who qualifies for a free or reduced lunch. Our team has deep roots in the communities we serve and every meal we test or place on our menu is designed to meet the likes of our local students.

Ticket 2 Wellness

Ticket 2 Wellness is B4YM's daily game to get students excited about participating in the school meal program. At the start of each month, schools are given posters announcing the T2W prize for the month. Each day, a winning ticket is taped to the bottom of a meal. One student will receive a ticket each day entering them into the drawing for the monthly prize. Students can receive more than one ticket per month and the more often they eat lunch, the greater their chances in the drawing.

B4YM encourages a focus on health and wellness by providing prizes that are significant, desirable and promote student physical activity and fun. Past prizes have included bicycles, skateboards, scooters, Beasts Headphones, waterproof Bluetooth speakers, Clippers & Dodgers tickets, and more.

Focus Groups & Engagement

B4YM staff members are trained and experienced at engaging with students and parents. We will conduct meetings at schools with student groups to gauge preferences and solicit feedback regarding the meals they would like to have. Tasting can be set-up at school request to go over multiple items from the menu to gauge preferences and overall student food likes. We also provide parent informational sessions with training on NSLP standards and requirements.

Marketing & Awareness

B4YM staff can collaborate with school staff to help create school centric branded marketing materials for school nutrition program. Our outreach team can help design and create posters, flyers, and informational materials that can be given out or placed around the school. We can also work with the various school marketing or communication committees to draft newsletter articles for web or print.

Improved Packaging

One area we consistently solicit feedback on each year was is packaging design. Schools have provided tremendously favorable and beneficial feedback on how it can be improved. This school year we changed the overwrap to more heat-sealed plastic with less waste and sturdier bowls. We also rolled out a new clear plastic bowl for our salads. Combined, these changes make for a better presentation of the meals. Responses to those changes was very positive! We are excited for the other new rollout of packaging that will be unveiled in 2018-19.

Compliance & Training Assistance

At Better 4 You Meals, we understand the many daily demands faced by school leaders. From the day you open your doors, you are often the principal, the nurse, the receptionist, the IT tech, and now the State even expects you to be a food service expert. B4YM is confident we can take at least one of those items off of your plate. We believe your main focus should be on expanding the learning and engagement opportunities for you students.

For this reason, the B4YM team is committed to supporting your school with a wide range of food compliance services, allowing you the freedom to concentrate on what's most important, educating your students. Our team is fully versed in State and Federal food program mandates and will assist you with meeting all of the day-to-day compliance obligations.

B4YM can provide your school with:

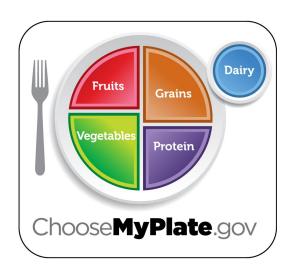

- Best practice operating procedures
- Nutritional analysis support using Nutrikids software
- Production and transportation records
- Therapeutic menus

Name Brand Partnerships

B4YM is committed to be a life-long learner of food services. We know we must consistently create new menu items, recipes, and improved methods of service to keep your students actively engaged in the meal program. A significant part of our drive is to stay fresh and innovative by seeking new and unique meal offerings.

Pick Up Stix

B4YM is currently the only vendor with a direct partnership with Pick Up Stix to serve Southern California charter schools. Based on Pick Up Stix's wildly popular NSLP compliant meals, B4YM is the first licensee approved to cook students in our own kitchen. In 2018-19, B4YM will have served over 500,000 Pick Up Stix meals and our schools increase their lunch order by an average of 15% on Pick Up Stix days.

Domino's Pizza Smart Slice

Better 4 You Meals currently is the only 3rd party meal vendor providing schools with Domino's Pizza for lunch and supper. Domino's Pizza has a NSLP compliant and reimbursable Smart Slice pizza that your students are sure to love. Compared with the standard Domino's pizza, the Smart Slice uses a whole grain crust, 1/3 less fat in the pepperoni, 1/3 less salt in the sauce, and cheese with just half the usual fat — all changes made to fit the new NSLP standards.

Pizza Hut A+ Pizza

Also joining the National School Lunch Program pizza party is Pizza Hut with their A+ Pizza. With a crust consisting of 18 grams of Whole Grain and 3 grams of fiber, Pizza Hut is working to help change the way school pizza is viewed. Featured A+ Pizzas also include toppings with 30% less fat and 55% less sodium. Pizza days at B4YM have become very popular and they can be the draw that excites your students too!

Ramona's Burritos

Making some of the freshest and tastiest burritos in Los Angeles since 1954, Ramona's Burritos is a family tradition and institution for many South Los Angeles and South Bay residents. In 2015, Better 4 You Meals partnered with Ramona's to create a line of preservative free, NSLP compliant burritos based on their widely popular existing burrito menu line.

Carmelita Chorizo

Founded in 1934 in East Los Angeles, Carmelita Chorizo is the oldest chorizo manufacturer in California. With a new line of clean label, no filler chorizo, made entirely of chicken, Carmelita exclusively provides Better 4 You Meals with the best chorizo product in the school meal industry.

Support for Fresh Fruits & Vegetables Program

B4YM is very experienced in helping to operate the Fresh Fruits & Vegetable Program (FF&VP) at schools. If your schools are interested in implementing the FF&VP, B4YM team can meet with school staff to go over the initial budget, goals, pricing, and a proposed menu.

We provide the schools with a list of possible fresh fruits and vegetables that are compliant and available to purchase. From there, we collaboratively create a menu and calendar for the fruits and vegetables. B4YM then delivers the produce directly to the school on designated days.

FFVP snacks must be offered to students at least two days per week, but many schools in California choose to serve three to five days per week. The program must be offered during the school day but cannot be offered during breakfast, lunch, or after school. FFVP cannot be served prior to the start of the school year or during summer school.

When planning FFVP menus, B4YM reminds schools that the goal of the program is to offer a variety of fresh fruits and vegetables in their natural state. There is no required portion size. We try "sample sizes" to introduce new items and then partner with your school to adjust ordering as needed. To the extent possible, we try not limit the choices you can offer. B4YM finds innovative and fun ways to encourage your students to sample different foods, sometimes through the cutting or through low salt seasonings added.

Fruits and vegetables should be appealing and easy to grab. If necessary, we cut produce items to make them easier to eat and reduce mess for younger children.

Here's a sample FF&VP Menu for a school that implements it 3 times per week.

USDA Commodities

Almost every week, a B4YM team member hears a school leader say, "I've heard about commodities, but what exactly are they and how do they work?" Helping schools understand how to participate in and utilize USDA Commodities, in their meal program, is something the team at B4YM takes great pride in.

What is the USDA Commodities Program?

Every year, with funding from the Federal Government, the USDA purchases 100% American grown foods from local farmers and growers. The USDA then makes those products available to community organizations and educational institutions at drastic discounts compared to the retail market.

USDA Commodities, also known as USDA Foods, currently account for 15%-20% of all food served to schools across the country. Until recently, only large school districts with significant storage capabilities participated in the Commodities Program because the purchases are so large. Based on your enrollment and lunches served the previous year, each of your schools will be issued an amount of eligible monetary credits to purchase USDA Commodities.

How Can Charters Take Maximum Advantage of Their USDA Entitlements? In 2011, charter school leaders throughout Southern California created a Co-Op and requested the State approve them as eligible to access USDA Commodities. The California Charter School Commodities Co-Op is available to schools statewide and they meet annually to decide what products they'd like purchased with their USDA credits.

HEALTHY CHOICES AMERICAN GROWN

There is no cost to join the Co-Op, so there is no up-front money needed from your school. Items are purchased on your behalf by the Co-Op and transported to your food vendor for proper storage. Your vendor then incorporates those foods into meals for your students. Your food vendor must be an approved processor of USDA Commodities and must be willing to use the commodities of your choosing. The Co-Op

retains a small administrative fee for the processing and oversight to offset the costs involved in the program.

What Are the Fiscal Benefits of Using USDA Commodities?

The savings to charter schools that use commodities are huge! On average, a charter school in the Co-Op can receive enough credits to offset a significant amount of their daily lunch cost. Over an entire year, schools can reduce their total lunch costs

by 6%-8%, which can be translated into your school saving about \$.15 - \$.20 per lunch per day.

Imagine you are a school of 500 students and serve 400 lunches per day. If you were participating in the USDA Commodities Charter School Co-Op you could be eligible to receive

annual credits totaling around \$14,500. Those credits would be taken right off of your food vendor's invoice which helps your school's monthly cash flow output. Could your school use an additional \$14,500 per year?

What Kinds of Foods Does B4YM Make with USDA Commodities?

B4YM has become an expert in utilizing the commodities chosen by the Co-Op and turning them into meals that are extremely popular with students. Products eligible to be purchased through USDA Commodities include:

- Grilled chicken fajitas strips
- Lean ground beef & turkey
- Sliced turkey
- Sliced chicken breast
- Hamburger patties

- Fresh produce
- Frozen vegetables
- Whole grain tortillas & pasta
- Brown rice
- Low sodium cheese

Popular meals that B4YM makes with commodities food are:

- Chicken Fajitas w/ Rice & Beans
- Cheeseburgers
- Turkey & Hummus Pitas
- Rotini with Marinara Meat Sauce
- Chipotle Chicken Sandwich
- Cranberry Chicken Sandwich

- Chicken Fettuccine Alfredo
- Chicken Quesadilla
- Turkey Submarine Sandwich
- Chicken Chile Verde & Beans
- BBO Chicken Sandwich
- Chicken & Veggie Stir-fry

What Can Your School Do with Savings from USDA Foods?

Federal and State law requires that all NLSP related reimbursements go directly to support the meal program at the school. If your school has significant cost savings from participating in the USDA Commodities Program, what can you spend those funds on? Some examples of allowable use of surplus meal funds are:

- Purchasing covered structures for the eating area
- New lunch benches
- Tables and chairs for eating area
- Serving carts for meal distribution
- Technology for operating the meal program (laptop, scanner, keypad)
- Insulated bags for food transporting
- Offsetting the cost of employees directly supporting the meal program

There are numerous ways to effectively use your surplus meal funds, but should you be unsure or question whether a purchase or use of funds is an allowable expense, we recommend that you contact the CDE for further clarification.

Commitment to Ensuring Healthy Food Options

Everyday, the Better 4 You Meals team is working tirelessly to ensure that every meal we serve is tasty, fresh, healthy, and is in line with all requirements of the Healthy, Hunger-Free Kids Act and the Let's Move Initiative of the White House. While definitely stringent, the new standards and initiatives of the USDA have placed students on a path to a healthier and more food conscience future.

Better 4 You Meals dietitians and culinary professionals have been working to develop menu strategies and systems that will help your school meet the new standards efficiently and cost-effectively, while maintaining student participation in, and satisfaction with, their school meal programs.

- Our menus feature low and non-fat dairy options; lean protein choices; access to a wide variety
 of fruits and vegetables; assorted whole grain products; and 100 percent fruit juice.
- We continue to reduce added fats, sugar, and salt while promoting and expand the availability of breakfast.
- Our recipes are designed to meet the nutritional standards, but also to focus on student acceptability, so students will participate in a healthy school food service program.

Expanded Vegetable & Fruit Option

In line with the USDA's initiative to increase the variety of fruits and vegetables that is offered to students, Better 4 You Meals has employed strategies to increase your student satisfaction and consumption of fresh fruit and vegetables.

- Offering a Salad Bar with a variety of fresh vegetables and salsa
- Providing Low Sodium Tajin with fresh vegetables
- Providing schools with food service tools like the Sunkist Sectionizer for easy and safe fruit cutting at the school site
- Offering schools a cut fruit and premium fruit upgrade to expand the current fruit rotation

Whole Grain Foods

All breads, pasta, tortillas, baked goods, other grain based items that Better 4 You Meals serves are Whole Grain rich and meet all USDA NSLP requirements. Whole grains contain fiber, vitamins, minerals, and antioxidants. Fiber helps children feel full longer. Whole grains may reduce the risk of several chronic diseases including coronary heart disease, and may help maintain a healthy weight.

Decreasing Sodium in All Meals

Sodium, also known as salt, is often added to foods during processing, cooking, or at the table. While the body needs some sodium, almost everyone eats more than the body needs. Too much sodium plays a role in high blood pressure, which makes it harder for the heart to do its job. By offering lower sodium versions of popular menu items and recipes at the beginning of a school year, students' tastes can change. Adding less or no salt and using tasty sodium-free alternatives, such as herbs and spices,

can help students learn to like foods with a less salty flavor. Our goal is that they will not even notice the difference!

Enjoyable & Culturally Relevant Meal Options

As the push to improve school meals grows, it's important to never lose focus that the student is the ultimate consumer of the meal. If the meal is not fresh, tasty, visually appealing, and overall enjoyable to your students, then the likelihood they will take and eat the meal decreases substantially. And those students who never take a meal or immediately throw it in the trash, the likelihood they go without food for the day or reach for the first junk food option in site rises very dramatically.

Better 4 You Meals seeks to find that allusive perfect balance of fresh, healthy, and tasty meals that speaks to the students and creates an enjoyable meal experience. Using meals that students recognize, associate good feelings with, and are interested in trying has been a significant factor in our rapid growth throughout Southern California.

We seek ways to replicate those meals that the students may have grown up with and that they love, but in a healthier version. This shows students that the extra salt, oil, fat, and grease is not needed to have a delicious meal.

Some meals that that Better 4 You Meals has recreated into a healthier version and have proven to be very popular with students include:

- Chicken chorizo & potato taco
- Baked breaded chicken nuggets
- Baked breaded orange chicken
- Baked sopes with refried beans and diced chicken breast
- Baked Pupusas with green chile and cheese
- Chicken and cheese tamales made without manteca (lard)
- Burritos in whole grain tortillas
- Whole grain rich croissants and bagels
- Whole grain breakfast coffee cake reminiscent of the famous LAUSD coffee cake

Meal Transportation and Holding - Procedures & Equipment

Meal Transportation Procedures:

Meals are transported in fully enclosed delivery trucks or vans, which are free of odors and maintained clean at all times. Our fleet is covered by a complete pest control system that is conducted by a professional pest management company which specifically works in the food production industry. The vehicles are maintained by a Preventative Maintenance Program that is organized to prevent cross-contamination.

Specific equipment used for meal transport:

The transportation equipment may include, but is not limited to: ice chests for beverages, industrial transport tubs for items at room temperature and Cambro units (hot boxes) of various sizes. These units are used with the addition of Cam Chillers, Cam Warmers, and Ice Blankets, depending on the meal item temperature.

Additional equipment can consist of:

- Cam-Dollies
- Cam-Chillers
- Beverage Caddies
- Harnessing Equipment
- Delivery Trucks with Safety Lift-Gates
- Load Baring Bracers
- Hand Truck

Sample Holding Procedures:

Meal temperature should be taken at time of delivery and recorded on the Transportation Record. They should then be monitored once every two hours until food is served to assure that hot food is held above 135°F and cold foods are held below 41°F. Temperature control does not apply to whole fruit or packaged shelf stable items.

When meals are waiting to be served, Cambros and Coolers must be kept at least 6 inches off the ground/floor on tables, crates, hand trucks or counters. They can also be left on their Cambro Dollies.

Profile.pdf

Board Member Recruitment and Appointment Policy

The Board of Directors of TEACH Public Schools recognizes that a key element of a high-quality board is high-quality directors. This policy is designed to achieve this end.

The number of directors shall be five, seven, or nine, at the discretion of the Board. The term of each director shall be two (2) years. Terms shall be staggered so that not all directors' terms expire in a single year.

As each director's term expires, the Board and administration will endeavor to provide at least two nominees for the expired position, one of which may be the director whose term is expiring. Current board members and school administration will nominate new Board candidates. Each candidate will complete the attached application form.

The Board will complete a Capability Matrix and use it to identify gaps in current Board capabilities. The Board will consider candidates' capacities to fill in these gaps when it deliberates on whom to select.

Appointment of a new director to the Board or reappointment of an existing director will be determined by a simple majority vote of the directors whose terms are not expiring. Expansion of the Board to add more directors may be approved by a simple majority of the existing Board, so long as no change contradicts any provision of the charters that created the schools operated by TEACH Public Schools.

For additional information about our schools, please visit our website at <u>www.teachpublicschools.org</u> or contact TEACH Public Schools at 323-872-0808.

Board Candidate Application

Please complete the following questionnaire for consideration to be nominated as a member of the TEACH Public Schools Board of Directors.

Please attach a copy of your current resume, biography, curriculum vitae, or similar document.

"TEACH Public Schools seeks to establish state-of-the art community schools in South Los Angeles that will equip students with skills and habits of mind needed to compete in the 21st century. It will reach students of all backgrounds by teaching the whole child which includes the social, physical, emotional, moral, ethical, and intellectual needs of students so that upon graduation, the knowledge and the experiences acquired at this school site can be effectively applied to their daily lives."

1. As a Board member, how will you help achieve the schools' mission and vision?

I've been involved in the ed reform movement ever since I ran for LA School Board back in 1999 and ended up working for the then board president. How best help TEACH Public Schools achieve its ongoing mission to create a high quality, innovative teaching and learning environment focused on literacy and integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students? By utilizing my two decades of Fortune 100 corporate experience to help the address challenges and obstacles to the organization meeting its missions and objectives. As a board member, my question is always: how can I best be of service?

2. What specific strengths, skills or capabilities will you bring to this position?

Twenty years as a Fortune 100 corporate recruiter at all levels and diverse industries, trainer, speaker, and published author. Current board members of the inner-city after-school academy, Strive, serving the Watts community.

For additional information about our schools, please visit our website at <u>www.teachpublicschools.org</u> or contact TEACH Public Schools at 323-872-0808.

Decades long involvement and activism in the education reform movement. LAUSD Board candidate (1999), Chief Deputy to LAUSD Board President (2000)

3. Why are you interested in being a board member?

With the "forces of darkness" poised to limit the education choices of innercity parents and children (ie. "moratorium" on new charter schools in the state) rather than expanding them or addressing failing traditional schools, I want to get back in the fight.

4. Please list two (2) references (name and email/phone) we may contact regarding your capacity to serve on the Board.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 11/6/2018

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605 and 47607, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements. Pursuant to the requirements of SB 1290, the District "shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal." Ed. Code § 47607(a)(3)(A).

REPORT GUIDE

In conducting oversight as a charter school authorizer, the District places an emphasis on performance and compliance with applicable law, policy, and the approved charter, as well as on the lead fiduciary role of a charter school's governing board in the overall success of the school for students. Information gathered through oversight serves as part of the school's ongoing record of performance and provides important data for the CSD, LAUSD Superintendent, and ultimately the LAUSD Board of Education in making informed decisions about charter school authorization. In designing this document, the District has considered California charter school law, as well as the California State Board of Education's criteria for evaluating charter schools and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

<u>Governance</u> – demonstrating fulfillment of the governing board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

<u>Student Achievement and Educational Performance</u> – demonstrating academic achievement and growth for all students

<u>Organizational Management, Programs, and Operations</u> – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

<u>Fiscal Operations</u> – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2017-2018*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory. In addition, the Summary of School Performance section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern. In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of Accomplished in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across the entire portfolio of LAUSD schools.

For LTEL's teachers emphasize mixed ability grouping; language specific sentence starters, Socratic seminars; and the posting of ELD learning objectives. Subgroup Data Analysis- use morning notes for focus on statistically significant subgroups; use notes from morning meeting that focuses on LTELs and what they should doing to support them
- The school will provide a description to the Charter Schools Division of the school's system for accurate and timely reporting of reclassification in CALPADS in alignment with CALPADS' submission windows each year of the charter term and no later than December 12, 2014 for this year. MET TAT staff collaborates with the Chief Operating Officer (and/or the COO's designee) to cross reference all data provided by the enrolling families in paper and data entry in our Student Information System, PowerSchool. In addition, TEACH Public Schools hired a Director of Data and IT to ensure internal data and compliance monitoring was done in house. In collaboration with the EL Coordinator and School Administration, the Director of Data and IT gathers the data using Illuminate, our Data and Assessments System, and our newest EL monitoring system, ELLavation, to determine potential reclassification and support systems needed.

In addition, TEACH Inc. operates Cunningham & Morris, LLC, which is a nonprofit corporation formed for the purpose of securing financing, negotiating real estate purchases, developing school sites, and administering school facility leases on behalf of the organization. Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the Charter Schools Division (CSD) requests and receives fiscal documents from TEACH Public Schools, Inc., including bank statements, bank reconciliations, credit card statements, and check registers for the three TEACH Public Schools, Inc. charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents and a sampling of checks across these TEACH Public Schools, Inc. charter schools, to assess overall compliance with TEACH Public Schools, Inc.'s Fiscal Policies and Procedures. Any areas noted for further growth and/or improvement relating to TEACH Public Schools, Inc.'s and its charter schools' overall compliance to the aforementioned manual are indicated within each charter school's Annual Performance-Based Oversight Visit Report, which may or may not have been experienced by the specific TEACH Public Schools, Inc. school named above. Lastly, any exceptions related to the fiscal condition and/or the segregation of duties reviews are school-specific and reviewed separately for each TEACH Public Schools, Inc. charter school.

1. Lack of Proper Procurement Procedures:

Based on the CSD's review of a sample of 30 checks/ACH transactions and supporting documentation, the CSD noted a check issued to a vendor that was not supported by a purchase order and showed no evidence of pre-approval (Check # 71107, in the amount of \$395.56, dated 09/21/2018 and made payable to Scholastic Inc.).

Page 7 of the school's fiscal policies and procedures states: "The Executive Director, Superintendent or Chief Operating Officer may authorize expenditures and may sign related contracts within the approved budget. Individuals other than those specified above are not authorized to make purchases without pre-approval."

The CSD also noted payments issued to vendors during the current year whereby the total amounts paid to these vendors during the 12-month period spanning from October 2017 through September 2018 exceeded the school's \$50,000 threshold yet were not supported by board approvals (Check # 61242, in the amount of \$2,260.11, dated 6/26/2018 and made payable to Teachers On Reserve, and Check # 61311, in the amount of \$19,175.00, dated 8/15/2018 and made payable to MTS-Martinez Transport Services). The aforementioned 12-month summary of vendor payments in question is provided below.

Page 6 of the school's fiscal policies and procedures states: "Except as otherwise provided in these policies, the Executive Director, Superintendent or Chief Operating Officer may enter into contracts and agreements not to exceed \$50,000 without Board approval, provided funds sufficient for the contract or agreement are authorized and available within the school's board-adopted budget. Contracts and agreements in excess of \$50,000 must be submitted for board approval and may be executed by the Executive Director, Superintendent or Chief Operating Officer or other person specifically designated by the Board after the Board has duly approved the contract or agreement."

Page 7 of the school's fiscal policies and procedures states that all purchases over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services. This policy further states that the Executive Director, Superintendent or Chief Operating Officer shall not approve purchase orders or check requests lacking such documentation. Documentation shall be attached to all check and purchase order requests showing that at least two vendors were contacted, and such documentation shall be maintained for three years. All purchases in excess of \$50,000 must be bid by a board-approved process, except in the case of emergencies pertaining to the purchase of emergency response supplies, equipment, or services.

While the total costs of the vendor services referenced above have tended to fluctuate to some degree, the CSD's analysis of the school's historical data indicates that the total annual payments issued to these vendors typically exceeds the \$50,000 threshold. Given this history, the school should have sought advance approval from its governing board prior to incurring these costs before the vendor provided services in either the current or the prior Fiscal Year.

Moreover, the CSD noted that the documentation associated with Check # 61311 indicated that the total amount paid was for services provided to all three TEACH schools (and the TEACH Public School District Office) and, per the organization's Superintendent, the invoice amount was to be allocated equally among the four organizational units of TEACH Inc. However, the CSD's analysis of said documentation indicates that the four-way allocation of this expense did not occur. Instead, these costs were borne solely by the three TEACH schools (with each school charged one third of the cost, and no portion charged to TEACH Public Schools).

Further, the school's description of services provided by the other vendor referenced above (MTS-Martinez Transport Services), does not align with publicly available information posted elsewhere for this vendor. The school informed the CSD that MTS-Martinez Transport provided cleaning services to the school. However, third party information on this vendor indicates that MTS-Martinez Transport provides transportation and moving services but does not refer to cleaning services. Therefore, in the absence of an approved contract agreement, the CSD was unable to confirm the validity of the cleaning service fees charged by MTS-Martinez Transport Services to TEACH Inc. Also, based on the amounts historically spent, the school should have secured approval from its governing board in advance of any services being rendered by this vendor. Moreover, a competitive bidding process should have also occurred prior to the selection of this vendor.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 11/6/2018

The 2017 Charter School Accounting and Best Practices Manual dated 11/27/2017 and published by the Fiscal Crisis and Management Assistance Team (FCMAT) provides guidance concerning the selection and evaluation of vendors. An excerpt from FCMAT's Manual concerning this issue is summarized below.

"Vendor Selection Criteria:

The vendor selection for new or renewing vendors should be evaluated according to the following criteria:

- Pricing
 - The vendor's pricing should be competitive, but it should not be the only criteria.
- Capability

A vendor should be able to demonstrate that it is in good financial standing, has sufficient employees, equipment and facilities to perform the work required, and has the required professional licenses and experience.

- Parts and Deadlines
 - The vendor should have access to the required parts and be able to meet the charter school's shipping deadlines.
- Quality Assurance
 - The vendor should have an internal quality assurance program such as peer review; preference should be given to vendors that have such a program.
- References and Background Checks

Sufficient references and background checks should be made and should reveal no problems. Search for lawsuits and proper business licenses, and match the vendor name and federal identification number.

- Warranty
 - Sufficient warranty information should be available, if applicable.
- Federal and State Funding Eligibility
 - When applicable, ensure that the vendor is not barred from receiving federal or state funds.
- (1) Ongoing Vendor Evaluation
- Are deliveries consistently on time and in good condition?
- Is the quality of services or products consistently high?
- Are their employees and subcontractors professional to work with and knowledgeable about the product or service provided?"

The CSD recommends that the school ensure adherence to its governing board-approved fiscal policies and procedures, including the guidance provided specifying the need for complete supporting documentation and pre-approvals for purchase orders,

contracts, and other items. Further, the organization should also establish appropriate controls to ensure that all expenses are properly allocated to the correct cost centers. Moreover, the CSD recommends that the school's governing board revisit its approved fiscal policies and procedures and consider incorporating FCMAT's guidance as appropriate.

2. Late Fees:

Based on the CSD's review of supporting documentation related to Check # 61290, in the amount of \$2,954.69, dated 7/30/18 and issued to Cell Business Equipment, the associated invoice provided indicates that a late fee of \$140.70 was assessed against the school.

Page 9 of the school's fiscal policies and procedures states: "Once approved by the Executive Director, Superintendent or Chief Operating Officer, he/she will stamp a check authorization on the invoice and complete the required information, including noting the specific budget line item that is to be charged for the specified expenditures. The invoice and supporting documentation will be sent to Charter Impact on at least a weekly basis (Executive Director, Superintendent or Chief Operating Officer should be aware of invoice due dates to avoid late payments). Charter Impact will then process the invoices with sufficient supporting documentation."

The CSD recommends that the school implement procedures to track all recurring and non-recurring invoices and billing statements and ensure that all vendors are paid timely, to prevent the school from incurring additional late fees in the future.

3. Bank Reconciliation Reports:

Based on the CSD's review of the bank reconciliation reports for the months of April 2018 and May 2018, the CSD noted discrepancies regarding the treatment of the reconciling items referenced in the reports. Details concerning these discrepancies are summarized below.

Item #	Bank Acct #	Bank Statement Period	CSD's Comments	School's Comments
1	x7843	April 2018	The provided a report reflecting reconciled bank/book balances. However, upon the CSD's further analysis of the report, the CSD determined that an unreconciled item in the amount of \$50 was not identified as a reconciling item in the report.	The April Disbursements includes a March EFT suspense item in the amount of \$50 that the bank cleared in March 2018. The EFT was recorded in April 2018. The \$50 amount would be included in the book balance.

SCHOOL NAME: **TEACH Academy of Technologies**

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 11/6/2018

Page 10 of the school's fiscal policies and procedures states that the school's back office services provider (Charter Impact) will prepare the bank reconciliation report, verify the bank statements, and execute the related tasks. Further, Charter Impact will compare the reconciled bank balance to the cash balance reflected in the school's bank account and its general ledger (and immediately report any discrepancies to the school's Executive Director, its Superintendent, or its Chief Operating Officer).

The CSD recommends that the bank reconciliation reports be prepared, reviewed and approved in a timely manner, and include the appropriate signatures (including the printed names and titles/positions), as well as the preparation and review/approval dates, to validate the accuracy of the submitted reports.

4. Overdraft Fees:

The CSD noted that the school incurred an overdraft fee of \$32 during the month of August 2018 on the account ending in X7835.

The school acknowledged that the overdraft fee above was the result of the school's neglect in maintaining adequate funds in its checking account. The school indicated that, going forward, it would properly monitor its cash balances to ensure that adequate funds are available to clear all checks written.

DATE OF VISIT: 11/6/2018

The CSD recommends the school improve its practices regarding the monitoring of cash balances and the any tracking of any checks or other debit items scheduled to clear its accounts.

5. Outstanding Checks:

The CSD noted several checks issued by the school that were outstanding for 90 days or more as of September 30, 2018. The checks in question are summarized below.

Item #	Bank Acct #	Check #	Date	Amount	Payee	# Of Days Outstanding As of 9/30/18
					Kingdom Plug Cabling	
1	x7868	70784	2/2/2018	\$752.50	Services	240
2	x7868	70869	4/20/2018	\$105.05	N.G	163

4	x7843	61118	4/13/2018	\$1,680.00	Epic Performance Wear	170
5	x7843	61208	5/25/2018	\$29.99	R.V	128

Page 10 of the school's fiscal policies and procedures states: "Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system."

The school acknowledged that the outstanding checks above were not deleted from its accounting system after 90 days because, according to the school, these checks were still considered valid. The school's rationale was the apparent practice of its financial institution that is uses for its checking account (Pac Western), which, per the school, deems checks valid until six months after the check issuance date.

The CSD recommends the school revisit its fiscal policies and procedures in this area and consider implementing practices that facilitate resolution of its outstanding checks more promptly.

6. Organizational Chart Discrepancies:

Based on the CSD's review of the school's updated fiscal policies and procedures (revised June 2018) and the associated organizational chart provided by the school, the CSD noted a lack of alignment between job titles referenced in the updated fiscal policies versus the organizational chart. Specifically, the fiscal policies reference an Executive Director position while

DATE OF VISIT: 11/6/2018

the organizational chart identifies this position as the Chief Executive Officer. This discrepancy was also cited in the school's 2017-2018 Annual Performance-Based Oversight Visit Report under "Other Observations."

The school stated that the Executive Director and CEO are the same individual within the organization.

The CSD recommends that school revise its fiscal policies and procedures to ensure consistency and alignment between job titles and practices referenced in the fiscal policies and procedures and the published organizational chart.

The governing board and leadership team of the charter school are responsible for managing the day-to-day operations of the school. Thus, the CSD's recommendations and/or the school's action plans concerning the above-noted findings and observations should be discussed at the school's next board meeting, but, in any event, no later than 90 days following the school's receipt of this report. After the school's next Board meeting, it is the school's responsibility to provide the CSD with its approved board meeting minutes regarding its action plans/steps, and/or proof of implementation of the mitigating actions taken by the school. The CSD staff will continue to monitor these issues through oversight.

Other Observations (Items described in this section, while not addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. Employee Expense Reimbursements:

Based on the CSD's review of documents provided by the school, the CSD noted employee reimbursements that lacked evidence of appropriate pre-approvals. The reimbursements in question are summarized below.

Item #	Check Number	Check Issuance Date	Payee	Check Amount
1	61250	6/27/2018	School Employee	\$1,077.42
2	80736	6/26/2018	School Employee	\$361.90

Page 7 of the school's Fiscal Policies states: "The Executive Director, Superintendent or Chief Operating Officer may authorize expenditures and may sign related contracts within the approved budget. Individuals other than those specified above are not authorized to make purchases without pre-approval."

An excerpt from FCMAT's 11/27/2017 Manual that provides guidance to charter schools regarding employee reimbursements is summarized below.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 11/6/2018

"Reimbursements for purchases and travel should be made according to guidelines set by the charter school.

Reimbursements apply to both employees and board members.

Charter school principals are responsible for reviewing and approving all reimbursements pertaining to their schools, up to \$1,000.

The CFO is responsible for approving all reimbursements for \$1,000 to \$3,000.

The CEO is responsible for approving all reimbursements of more than \$3,000.

Reimbursement steps are as follows:

Submit accurate receipts and the completed and signed reimbursement or purchasing documentation such as the original invoice, purchase request, employee expense report or reimbursement request.

Obtain authorization.

Prepare and issue reimbursement payment, and file all paperwork.

Reimbursement receipts should be submitted monthly, and any receipt older than 60 days may not be reimbursed, at the discretion of the office manager. An employee or board member may not request reimbursement for expenses for another individual or employee. Expense report forms must be filled out completely. Original receipts for items charged must accompany all reimbursement documentation. Any questions regarding completion of the expense report should be directed to the employee's supervisor, the office manager, or the accounting department.

The accounting department can help determine which account code should be used for which expenditures/ reimbursements. For example, claims for travel reimbursement must be charged to object code 5200.00.

Upon completion, the expense report and all attached documentation should be submitted to the employee's supervisor for approval. After approval, the expense report is submitted to the accounting department for processing and reimbursement. To expedite reimbursement, ensure the report is completed properly, required documentation is attached, it is properly authorized, and any unusual items are explained and documented. For unusual items, detailed written notes are needed for the supervisor and accounting department to authorize reimbursement. All reimbursement requests must be approved by the proper manager before being submitted to the accounting department. Approvals for reimbursement requests must be obtained prior to any purchase or travel. The charter school will not be obligated to reimburse requests for which prior approval was not obtained. When the shopping or traveling is complete, the employee should return the receipts and can expect to be reimbursed if they spent

funds on items for which they obtained prior approval."

According to the school, the employee expense reimbursements referenced above were verbally approved by either the school's Executive Director or its Chief Operating Officer. The school further declared that, effective August 1, 2018, all approvals must be requested and documented through the school's online procurement software, OfficeBooks.

The CSD recommends that the school adhere to its governing board-approved fiscal policies and procedures and ensure that all purchases, including employee expense reimbursements, are pre-approved and properly documented.

Corrective Action Required:

On November 19, 2018, the CSD issued a Notice of Concern to TEACH Academy of Technologies, regarding the lack of completeness of its 2018-2019 Local Control and Accountability Plan (LCAP). The Notice requested that the school provide the following items and information:

- A revised 2018-2019 LCAP completed in accordance with the State of California Education Code § 47606.5 that addresses all applicable legal requirements;
- Evidence that the revised 2018-2019 LCAP, inclusive of the annual update to the LCAP, was reviewed and approved by the school's governing board (such as the board meeting agenda, board meeting minutes, etc.);
- Evidence that a copy of the school's revised and governing-board approved 2018-2019 LCAP, inclusive of the annual update to the LCAP, was submitted to LACOE; and
- A written explanation regarding steps that the school is taking to ensure that next year's LCAP is completed in accordance with State of California Education Code§ 47606.5, addresses all applicable legal requirements, and is submitted in a timely manner.

On December 13, 2018, the school submitted a revised LCAP to the CSD. However, the CSD's analysis of the revised LCAP revealed that the revised LCAP failed to rectify the flaws noted in November 19, 2018 Notice of Concern. On February 4, 2019, the charter operator provided a further updated LCAP, which addressed all the concerns noted by the CSD.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605 and 47607, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements. Pursuant to the requirements of SB 1290, the District "shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal." Ed. Code § 47607(a)(3)(A).

REPORT GUIDE

In conducting oversight as a charter school authorizer, the District places an emphasis on performance and compliance with applicable law, policy, and the approved charter, as well as on the lead fiduciary role of a charter school's governing board in the overall success of the school for students. Information gathered through oversight serves as part of the school's ongoing record of performance and provides important data for the CSD, LAUSD Superintendent, and ultimately the LAUSD Board of Education in making informed decisions about charter school authorization. In designing this document, the District has considered California charter school law, as well as the California State Board of Education's criteria for evaluating charter schools and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

<u>Governance</u> – demonstrating fulfillment of the governing board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

<u>Student Achievement and Educational Performance</u> – demonstrating academic achievement and growth for all students

<u>Organizational Management, Programs, and Operations</u> – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

<u>Fiscal Operations</u> – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2017-2018*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory. In addition, the Summary of School Performance section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern. In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of Accomplished in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across the entire portfolio of LAUSD schools.

FISCAL OPERATIONS	RATING
You have been assessed by the Fiscal Oversight team and you are receiving the rating of 2, Developing.	2
Other circumstances and information could influence the rating and are noted in this evaluation.	
TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary opened in August 2018 and currently serves students in grades TK-1. A student count visit was conducted on August 30, 2018, which revealed that the school had a current enrollment of 78 students, which was below the projected enrollment referenced in the three-year budget submitted with the school's charter petition. Based on the Charter Schools Division's (CSD) observation that the school's current enrollment was significantly below its projected enrollment, the CSD requested a revised three-year budget from the school.	
TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary's fiscal condition is developing. The school is in its first year of operation, so there is no independent audit report on file with the Charter Schools Division.	
According to TEACH, Inc.'s independent audit report dated June 30, 2018, during Fiscal Year 2017-2018, TEACH, Inc. operated two schools (TEACH Tech Charter High, and TEACH Academy of Technologies). During Fiscal Year 2018-2019, with the opening of TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary, TEACH, Inc. operating three schools, all of which are authorized by the Los Angeles Unified School District (LAUSD). TEACH, Inc. is a California nonprofit public benefit corporation comprised of TEACH Public Schools, Inc. (the Charter Management Organization), and the three LAUSD-authorized charter schools referenced above. In addition, TEACH Inc. operates Cunningham & Morris, LLC, which is a nonprofit corporation formed for the purpose of securing financing, negotiating real estate purchases, developing school sites, and administering school facility leases on behalf of the organization. Cunningham & Morris, LLC is managed by TEACH, Inc. under a separate operating agreement. TEACH, Inc.'s fiscal condition is positive. TEACH, Inc., its related entities, and its charter schools reported positive net assets of \$1,790,494 and a net loss of (\$316,341). TEACH Inc., without its charter schools, reported positive net assets of \$41,442 and a net loss of (\$214,366). According to TEACH Public Schools, Inc., TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary pays monthly management fees of 8% to TEACH Public Schools, Inc. for administrative services such as: creating, preparing, and submitting the school's charter petitions, facilities costs, professional development, fiscal and compliance reporting, developing and executing fundraising efforts, providing guidance relating to the curriculum, and providing or contracting for office and other services including accounting, payroll, human resources and billing, marketing, public relations, and information technology support. These management fees are calculated based on the total revenues of the schools that TEACH Public Schools, Inc. operates.	
Areas of Demonstrated Strength and/or Progress: 1. The school's fiscal condition is developing. The 2018-2019 Second Interim report submitted by the school projected positive net assets.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the Charter Schools Division (CSD) requests and receives fiscal documents from TEACH Public Schools, Inc., including bank statements, bank reconciliations, credit card statements, and check registers for the three TEACH Public Schools, Inc. charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents and a sampling of checks across these TEACH Public Schools, Inc. charter schools, to assess overall compliance with TEACH Public Schools, Inc.'s Fiscal Policies and Procedures. Any areas noted for further growth and/or improvement relating to TEACH Public Schools, Inc.'s and its charter schools' overall compliance to the aforementioned manual are indicated within each charter school's Annual Performance-Based Oversight Visit Report, which may or may not have been experienced by the specific TEACH Public Schools, Inc. school named above. Lastly, any exceptions related to the fiscal condition and/or the segregation of duties reviews are school-specific and reviewed separately for each TEACH Public Schools, Inc. charter school.

1. Lack of Proper Procurement Procedures:

Based on the CSD's review of a sample of 30 checks/ACH transactions and supporting documentation, the CSD noted a check issued to a vendor that was not supported by a purchase order and showed no evidence of pre-approval (Check # 71107, in the amount of \$395.56, dated 09/21/2018 and made payable to Scholastic Inc.).

Page 7 of the school's fiscal policies and procedures states: "The Executive Director, Superintendent or Chief Operating Officer may authorize expenditures and may sign related contracts within the approved budget. Individuals other than those specified above are not authorized to make purchases without pre-approval."

The CSD also noted payments issued to vendors during the current year whereby the total amounts paid to these vendors during the 12-month period spanning from October 2017 through September 2018 exceeded the school's \$50,000 threshold yet were not supported by board approvals (Check # 61242, in the amount of \$2,260.11, dated 6/26/2018 and made payable to Teachers On Reserve, and Check # 61311, in the amount of \$19,175.00, dated 8/15/2018 and made payable to MTS- Martinez Transport Services). The aforementioned 12-month summary of vendor payments in question is provided below.

Item #	Vendor	Description of Services	Payments Made During First 3 Months of FY 2018- 2019	Payments Made During Last 9 Months of FY 2017- 2018	CSD's Comments	TEACH Public Schools Inc.'s Response
1	Teachers On Reserve	Substitute Teacher Services	\$12,907.67	\$98,343.29	No evidence of Board approval, no contract/ agreement, and no bidding documentation.	No contract/agreement exists. This vendor provides daily substitute personnel on an as-needed basis. While the total expenditures exceed \$50K, no individual transaction exceeds the required threshold for board approval.
2	MTS- Martinez Transport Services	Monthly Cleaning Services for TEACH Public Schools, its District Office, and its three LAUSD charter schools.	\$137,515.00	\$10,500.00	No evidence of Board approval, no contract/ agreement, and no bidding documentation.	This vendor provides à la carte services on an as-needed basis. While the total expenditures exceed \$50K, no individual transaction exceeds the required threshold for board approval.

SCHOOL NAME: **TEACH Preparatory ES**

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 3/8/2019

Page 6 of the school's fiscal policies and procedures states: "Except as otherwise provided in these policies, the Executive Director, Superintendent or Chief Operating Officer may enter into contracts and agreements not to exceed \$50,000 without Board approval, provided funds sufficient for the contract or agreement are authorized and available within the school's board-adopted budget. Contracts and agreements in excess of \$50,000 must be submitted for board approval and may be executed by the Executive Director, Superintendent or Chief Operating Officer or other person specifically designated by the Board after the Board has duly approved the contract or agreement."

Page 7 of the school's fiscal policies and procedures states that all purchases over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services. This policy further states that the Executive Director, Superintendent or Chief Operating Officer shall not approve purchase orders or check requests lacking such documentation. Documentation shall be attached to all check and purchase order requests showing that at least two vendors were contacted, and such documentation shall be maintained for three years. All purchases in excess of \$50,000 must be bid by a board-approved process, except in the case of emergencies pertaining to the purchase of emergency response supplies, equipment, or services.

While the total costs of the vendor services referenced above have tended to fluctuate to some degree, the CSD's analysis of the school's historical data indicates that the total annual payments issued to these vendors typically exceeds the \$50,000 threshold. Given this history, the school should have sought advance approval from its governing board prior to incurring these costs before the vendor provided services in either the current or the prior Fiscal Year.

Moreover, the CSD noted that the documentation associated with Check # 61311 indicated that the total amount paid was for services provided to all three TEACH schools (and the TEACH Public School District Office) and, per the organization's Superintendent, the invoice amount was to be allocated equally among the four organizational units of TEACH Inc. However, the CSD's analysis of said documentation indicates that the four-way allocation of this expense did not occur. Instead, these costs were borne solely by the three TEACH schools (with each school charged one third of the cost, and no portion charged to TEACH Public Schools).

Further, the school's description of services provided by the other vendor referenced above (MTS-Martinez Transport Services), does not align with publicly available information posted elsewhere for this vendor. The school informed the CSD that MTS-Martinez Transport provided cleaning services to the school. However, third party information on this vendor indicates that MTS-Martinez Transport provides transportation and moving services but does not refer to cleaning services. Therefore, in the absence of an approved contract agreement, the CSD was unable to confirm the validity of the cleaning service fees charged by MTS-Martinez Transport Services to TEACH Inc. Also, based on the amounts historically spent, the school should have secured approval from its governing board in advance of any services being rendered by this vendor. Moreover, a competitive bidding process should have also occurred prior to the selection of this vendor.

The 2017 Charter School Accounting and Best Practices Manual dated 11/27/2017 and published by the Fiscal Crisis and Management Assistance Team (FCMAT) provides guidance concerning the selection and evaluation of vendors. An excerpt from FCMAT's Manual concerning this issue is summarized below.

"Vendor Selection Criteria:

The vendor selection for new or renewing vendors should be evaluated according to the following criteria:

- Pricing
 - The vendor's pricing should be competitive, but it should not be the only criteria.
- Capability
 - A vendor should be able to demonstrate that it is in good financial standing, has sufficient employees, equipment and facilities to perform the work required, and has the required professional licenses and experience.
- Parts and Deadlines
 - The vendor should have access to the required parts and be able to meet the charter school's shipping deadlines.
- Quality Assurance
 - The vendor should have an internal quality assurance program such as peer review; preference should be given to vendors that have such a program.
- References and Background Checks
 Sufficient references and background checks should be made and should reveal no problems. Search for lawsuits
 and proper business licenses, and match the vendor name and federal identification number.
- Warranty
 - Sufficient warranty information should be available, if applicable.
- Federal and State Funding Eligibility
 - When applicable, ensure that the vendor is not barred from receiving federal or state funds.
- (1) Ongoing Vendor Evaluation
 - Are deliveries consistently on time and in good condition?
 - Is the quality of services or products consistently high?
 - Are their employees and subcontractors professional to work with and knowledgeable about the product or service provided?"

The CSD recommends that the school ensure adherence to its governing board-approved fiscal policies and procedures, including the guidance provided specifying the need for complete supporting documentation and pre-approvals for purchase orders, contracts, and other items. Further, the organization should also establish appropriate controls to ensure that all expenses are properly allocated to the correct cost centers. Moreover, the CSD recommends that the school's governing board revisit its approved fiscal policies and procedures and consider incorporating FCMAT's guidance as appropriate.

2. Late Fees:

Based on the CSD's review of supporting documentation related to Check # 61290, in the amount of \$2,954.69, dated 7/30/18 and issued to Cell Business Equipment, the associated invoice provided indicates that a late fee of \$140.70 was assessed against the school.

Page 9 of the school's fiscal policies and procedures states: "Once approved by the Executive Director, Superintendent or Chief Operating Officer, he/she will stamp a check authorization on the invoice and complete the required information, including noting the specific budget line item that is to be charged for the specified expenditures. The invoice and supporting documentation will be sent to Charter Impact on at least a weekly basis (Executive Director, Superintendent or Chief Operating Officer should be aware of invoice due dates to avoid late payments). Charter Impact will then process the invoices with sufficient supporting documentation."

The CSD recommends that the school implement procedures to track all recurring and non-recurring invoices and billing statements and ensure that all vendors are paid timely, to prevent the school from incurring additional late fees in the future.

3. Bank Reconciliation Reports:

Based on the CSD's review of the bank reconciliation reports for the months of April 2018 and May 2018, the CSD noted discrepancies regarding the treatment of the reconciling items referenced in the reports. Details concerning these discrepancies are summarized below.

Item #	Bank Acct #	Bank Statement Period	CSD's Comments	School's Response
1	x7843	April 2018	The provided a report reflecting reconciled bank/book balances. However, upon the CSD's further analysis of the report, the CSD determined that an unreconciled item in the amount of \$50 was not identified as a reconciling item in the report.	The April Disbursements includes a March EFT suspense item in the amount of \$50 that the bank cleared in March 2018. The EFT was recorded in April 2018. The \$50 amount would be included in the book balance.

Check #1028 for \$125 (dated 4/30/18) was reported as a cleared item in the bank statement but shown as an outstanding suspense item in

the bank reconciliation report

The school's procedure is the place any items it considers pending in suspense until resolved (including checks written, EFT disbursements, or deposits made in which backup documentation was not provided at the time of closing the period). Once backup documentation has been provided, the transaction will be recorded under the corresponding expense/revenue item in the

school's books.

Page 10 of the school's fiscal policies and procedures states that the school's back office services provider (Charter Impact) will prepare the bank reconciliation report, verify the bank statements, and execute the related tasks. Further, Charter Impact will compare the reconciled bank balance to the cash balance reflected in the school's bank account and its general ledger (and immediately report any discrepancies to the school's Executive Director, its Superintendent, or its Chief Operating Officer).

The CSD recommends that the bank reconciliation reports be prepared, reviewed and approved in a timely manner, and include the appropriate signatures (including the printed names and titles/positions), as well as the preparation and review/approval dates, to validate the accuracy of the submitted reports.

4. Overdraft Fees:

The CSD noted that the school incurred an overdraft fee of \$32 during the month of August 2018 on the account ending in X7835.

SCHOOL NAME: **TEACH Preparatory ES**

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 3/8/2019

The school acknowledged that the overdraft fee above was the result of the school's neglect in maintaining adequate funds in its checking account. The school indicated that, going forward, it would properly monitor its cash balances to ensure that adequate funds are available to clear all checks written.

The CSD recommends the school improve its practices regarding the monitoring of cash balances and the any tracking of any checks or other debit items scheduled to clear its accounts.

5. Outstanding Checks:

The CSD noted several checks issued by the school that were outstanding for 90 days or more as of September 30, 2018. The checks in question are summarized below.

Item #	Bank Acct #	Chec k#	Date	Amount	Amount Payee	
1	x7868	70784	2/2/2018	\$752.50	Kingdom Plug Cabling Services	240
2	x7868	70869	4/20/2018	\$105.05	N.G	163
3	x7843	61117	4/13/2018	\$100.00	A.C	170
4	x7843	61118	4/13/2018	\$1,680.00	Epic Performance Wear	170
5	x7843	61208	5/25/2018	\$29.99	R.V	128

Page 10 of the school's fiscal policies and procedures states: "Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system."

The school acknowledged that the outstanding checks above were not deleted from its accounting system after 90 days because, according to the school, these checks were still considered valid. The school's rationale was the apparent practice of its financial institution that is uses for its checking account (Pac Western), which, per the school, deems checks valid until six months after the check issuance date.

The CSD recommends the school revisit its fiscal policies and procedures in this area and consider implementing practices that facilitate resolution of its outstanding checks more promptly.

6. Organizational Chart Discrepancies:

Based on the CSD's review of the school's updated fiscal policies and procedures (revised June 2018) and the associated organizational chart provided by the school, the CSD noted a lack of alignment between job titles referenced in the updated fiscal policies versus the organizational chart. Specifically, the fiscal policies reference an Executive Director position while the organizational chart identifies this position as the Chief Executive Officer. This discrepancy was also cited in the school's 2017-2018 Annual Performance-Based Oversight Visit Report under "Other Observations."

The school stated that the Executive Director and CEO are the same individual within the organization.

The CSD recommends that school revise its fiscal policies and procedures to ensure consistency and alignment between job titles and practices referenced in the fiscal policies and procedures and the published organizational chart.

The governing board and leadership team of the school are responsible for managing the operations of the school. Thus, the above-noted findings and observations should be discussed at the school's next board meeting, but, in any event, no later than 90 days following the school's receipt of this report. After the school's next board meeting, it is the school's responsibility to provide the CSD with its approved board meeting minutes regarding its action plans/steps, and/or proof of implementation of the mitigating actions taken by the school. The CSD will continue to monitor these issues through oversight.

Other Observations (Items described in this section, while not addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

1. Employee Expense Reimbursements:

Based on the CSD's review of documents provided by the school, the CSD noted employee reimbursements that lacked evidence of appropriate pre-approvals. The reimbursements in question are summarized below.

Item #	Check #	Check Issuance Date	Payee	Check Amount
1	61250	6/27/2018	School Employee	\$1,077.42
2	80736	6/26/2018	School Employee	\$361.90

Page 7 of the school's Fiscal Policies states: "The Executive Director, Superintendent or Chief Operating Officer may authorize expenditures and may sign related contracts within the approved budget. Individuals other than those specified above are not authorized to make purchases without pre-approval."

An excerpt from FCMAT's 11/27/2017 Manual that provides guidance to charter schools regarding employee reimbursements is summarized below.

"Reimbursements for purchases and travel should be made according to guidelines set by the charter school.

Reimbursements apply to both employees and board members.

Charter school principals are responsible for reviewing and approving all reimbursements pertaining to their schools, up to \$1,000.

The CFO is responsible for approving all reimbursements for \$1,000 to \$3,000.

The CEO is responsible for approving all reimbursements of more than \$3,000.

Reimbursement steps are as follows:

Submit accurate receipts and the completed and signed reimbursement or purchasing documentation such as the original invoice, purchase request, employee expense report or reimbursement request.

Obtain authorization.

Prepare and issue reimbursement payment, and file all paperwork.

Reimbursement receipts should be submitted monthly, and any receipt older than 60 days may not be reimbursed, at the discretion of the office manager. An employee or board member may not request reimbursement for expenses for another individual or employee. Expense report forms must be filled out completely. Original receipts for items charged must accompany all reimbursement documentation. Any questions regarding completion of the expense report should be directed to the employee's supervisor, the office manager, or the accounting department.

The accounting department can help determine which account code should be used for which expenditures/reimbursements. For example, claims for travel reimbursement must be charged to object code 5200.00.

Upon completion, the expense report and all attached documentation should be submitted to the employee's supervisor for approval. After approval, the expense report is submitted to the accounting department for

processing and reimbursement. To expedite reimbursement, ensure the report is completed properly, required documentation is attached, it is properly authorized, and any unusual items are explained and documented. For unusual items, detailed written notes are needed for the supervisor and accounting department to authorize reimbursement. The proper manager must approve all reimbursement requests before being submitted to the accounting department. Approvals for reimbursement requests must be obtained prior to any purchase or travel. The charter school will not be obligated to reimburse requests for which prior approval was not obtained. When the shopping or traveling is complete, the employee should return the receipts and can expect to be reimbursed if they spent funds on items for which they obtained prior approval."

According to the school, either the school's Executive Director or its Chief Operating Officer verbally approved the employee expense reimbursements referenced above. The school further declared that, effective August 1, 2018; all approvals must be requested and documented through the school's online procurement software, Office Books.

The CSD recommends that the school adhere to its governing board-approved fiscal policies and procedures and ensure that all purchases, including employee expense reimbursements, are pre-approved and properly documented.

The Charter Schools Division will review the recommended updates to the school's fiscal policies by the next oversight visit. The results may be factored into the school's rating for next year.
