Board meetings are meetings of the Board of Directors and will be held in a civil, orderly and respectful manner. All public comments or questions should be addressed to the Board through the Chair of the Board. To ensure an orderly meeting and an equal opportunity for each speaker, persons wishing to address the Board must request a speaking slot via email. Please email Matt Brown, Chief Operating Officer of TEACH Public Schools at [mbrown@teachps.org](mailto:mbrown@teachps.org) if you wish to address the Board. The email must contain speaker name, contact number or email, and subject matter and be submitted to the COO or Superintendent prior to the start of the meeting.

Members of the public may address the Board on any matter within the Board's jurisdiction and have three (3) minutes each to do so. The total time for each subject will be fifteen (15) minutes, unless additional time is requested by a Board Member and approved by the Board. The Board may not deliberate or take action on items that are not on the agenda. However, the Board may give direction to staff following a presentation.

The Chair is in charge of the meeting and will maintain order, set the time limits for the speakers and the subject matter, and will have the prerogative to remove any person who is disruptive of the Board meeting. The Board of Directors may place limitations on the total time to be devoted to each topic if it finds that the numbers of speakers would impede the Board's ability to conduct its business in a timely manner. The Board of Directors may also allow for additional public comment and questions after reports and presentations if it deems necessary.

# Use of Learning Loss Mitigation Funding

## Use of Funds

The focus for the use of the funds and distribution formula are outlined in the 2020–21 budget package, with focus to use the funds to support transitional kindergarten through 12th grade pupil academic achievement and mitigate learning loss related to COVID-19 school closures. Specifically, funds are to be used for:

- Addressing learning loss or accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports that begin before the start of the school year and the continuation of intensive instruction and supports into the school year.
- Extending the instructional school year by making adjustments to the academic calendar, increasing the number of instructional minutes provided during each week or schoolday, or taking any other action that increases the amount of instructional time or services provided to pupils based on their learning needs.
- Providing additional academic services for pupils, such as diagnostic assessments of pupil learning needs, intensive instruction for addressing gaps in core academic skills, additional instructional materials or supports, or devices or connectivity for the provision of in-classroom and distance learning.
- Providing integrated pupil supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, professional development opportunities to help teachers and parents support pupils in distance-learning contexts, access to school breakfast and lunch programs, or programs to address pupil trauma and social-emotional learning.

# Use of Elementary and Secondary School Emergency Relief Fund

## Use of Funds - ESSERF

An LEA may use ESSER funds for any allowable expenditure incurred on or after March 13, 2020, the date the President declared the national emergency due to COVID-19. Federal cash management rules will apply to this funding.

LEAs can use ESSER funds for any activities authorized by the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Succeeds Act of 2000 (ESSA), Individuals with Disabilities Education Act (IDEA), the Adult Education and Family Literacy Act, the Perkins Career and Technical Education (CTE) Act, or the McKinney-Vento Homeless Assistance Act. Additional information about the allowable uses of funds can be found on the ESSER Fund Allowable Uses webpage.

In addition to these, LEAs can use funds for the following activities:

Coordination of preparedness and response efforts of LEAs with State, local, Tribal, and territorial public health departments, and other relevant agencies

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population

Developing and implementing procedures and systems to improve the preparedness and response efforts of LEAs

Planning for and coordinating on long-term closures (including on meeting IDEA requirements, how to provide online learning, and how to provide meals to students)

Staff training and professional development on sanitation and minimizing the spread of infectious disease

Purchasing supplies to sanitize and clean the facilities of LEA, including buildings operated by the LEA

Purchasing educational technology (hardware, software, and connectivity) for students, that aids in the regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive or adaptive technology

Mental health services and supports

Summer learning and supplemental after-school programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care

Discretionary funds for school principals to address the needs of their individual schools

Other activities that are necessary to maintain the operation and continuity of services in LEAs and to continuing the employment of their existing staff

The funding selection impacts how your school receives revenue payments. All charter schools must be either directly or locally funded. For example: LCFF apportionment funds for a locally funded charter school flow through its local chartering authority whereas funds for a direct funded charter school may flow directly to the county treasurer and then to the charter school. However, the funding type decision may impact the amount of other state and federal funds that a charter school receives, outside the LCFF. # Expanded Learning Opportunities Grant Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
TEACH Tech Charter High School	Dr. Monique Woodley Principal	mwoodley@teachps.org 323-872-0707

The following is the local educational agency's (LEA's) plan for providing supplemental instruction and support to students, including those identified as needing academic, social-emotional, and other supports, including the provision of meals and snacks. The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

## Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

TEACH Tech has made it a priority to involve parents, teachers, and school staff in the development of the plan. We prioritize involving all stakeholders, and we even involved community organizations as well.

### Parents

While acknowledging the importance of parent involvement in developing a plan that works for everyone, we held discussions and created surveys to collect formal and informal data on the priorities for our school from a parent perspective. These discussions took place at the following periodic parent meetings:

- Coffee with the Principal
- School Site Council
- English Learner Advisory Council
- Parent Conferences

During these meetings, we discussed expanded learning opportunities and how to use them to address expected learning loss as a result of the pandemic. We shared data to inform the parents of their students' progress and the performance of the school along with national data. We analyzed and reflected on student grades, standardized test data including the NWEA, and attendance rates. Parents indicated that they valued expanded learning opportunities and would like to take advantage of any programs that we plan to implement to address the need.

Parents specifically shared concerns about low performing students and the achievement gaps that only continue to increase due to the challenges of the current circumstances with distance learning.

In addition to their concern for our low performing students, our parents are looking forward to the opportunity for continued instructional support for English learners. We have a large English learner population, and our parents noticed in our data that English learners are disproportionately affected by the challenges of the last year. Parents would like support specifically for the English learners in order to address their unique needs to give them a chance to be academically competitive with the rest of their peers.

We took parent feedback into consideration when developing our plan, and we included support for low performing students and English learners based on parent feedback.

### Teachers

We meet with our teachers on a regular basis to involve them in the development of our plans including this one. These meetings include weekly professional development and periodic staff meetings. We also survey teachers to get their feedback, and we document their input when we have informal conversations with them. Because we value teacher input and perspective, we included their suggestions when creating our plan.

A summary of the data that we collected from teachers is as follows: Teachers have come to a consensus that English and math are two subjects that should be addressed in our plan due to the importance of proficiency in these two subjects for success in all of their classes. All of our teachers, regardless of the subject they teach, have experienced challenges that come from learning gaps for some students in either English or math. They strongly believe that closing these learning gaps will help to support all students to prepare them for college and careers. Therefore, we recognized the need to focus on closing achievement gaps in these two subject areas, and included that as a goal in our plan.

### School staff

School staff were also involved in the discussion of expanded learning opportunities since the beginning of the pandemic. Input from our counselor has helped to develop our plan, specifically around credit recovery opportunities so that students can stay motivated to stay in school, earn their diploma, and be eligible and prepared for college and careers.

Our counselor has prepared a list of students who would benefit from the summer credit recovery component of our program, so we also prioritized having these opportunities in our plan. Students will be able to catch up on credits to stay on track for graduation and remain in their grade level.

In addition to the need for a credit recovery program, our counselor had highlighted the need for social emotional support for students during the summer break. We considered her input and we agree that this is an important service for our students. It is also included in our plan.

When talking to our classified staff including our instructional aide and office support, the idea of hiring additional classified staff to support instruction was considered. After further analysis on this idea, we agreed that it would be in the best interest of the students to hire additional

instructional aides in our plan. This most valuable resource will improve flexibility and options for supporting student subgroups that need the most attention including but not limited to low performing students, English learners, special education students, high performing students, and all of our statistically significant subgroups. We plan to use the instructional aides to differentiate instruction and provide targeted intervention to the students who would benefit from it the most.

Our board members will review our plan and we anticipate that they support our goals. Our plan is in line with the priority set by the board to make learning accessible for all students, and for that reason we are certain they will be interested in seeing us move forward with our plan.

### Community

It is our practice to go above and beyond minimum expectations; therefore, we intentionally involved community organizations in our plan for expanded learning opportunity. Specifically, WACA, a community organization that provides safety for students to and from school, was involved in the process. They emphasized the need for their services in our community that has a crime rate that is substantially higher than the national average. Our students do not always feel safe going to school and coming home. With WACA, we will be able to increase student safety and sense of security, which would have a positive impact on attendance and ultimately student achievement. This organization is included in our plan for expanded learning opportunities.

A description of how students will be identified and the needs of students will be assessed.

In summary, our plan to identify the needs of students includes a close analysis of student data as a whole school and disaggregated for various student subgroups. We will use multiple sources of data as well to identify student needs. The following is a detailed explanation of the data sources we will use to identify and assess the needs of each subgroup.

### English learners

To identify English learners who have learning gaps in reading, writing, speaking or listening, we will use the following data sources:

- ELPAC results
- NWEA assessment results
- Semester grades
- Teacher referrals

### Low Performing Students

- NWEA assessment results
- Semester grades
- Teacher referrals

### High Performing Students

- NWEA assessment results
- Semester grades

- Teacher referrals

#### Credit Deficient Students

- On Track Report based on semester credits.
- Semester grades for incompletes

#### Social and Emotional Support

- Counselor referrals
- Teacher referrals
- Student self identification

During the pandemic we have been continuously tracking student progress and achievement to be able to best close student achievement gaps and learning loss and provide students with support. Our college counselor specifically utilizes students grade data to identify students that are credit deficient and need to recuperate credits. Our Instructional Leadership Coach analyzes students data from NEWA results Our English Learner Coordinator utilizes ELPAC data to identify the students who have learning gaps in speaking, writing or listening. Through a thorough analysis of the multiple sources of data, we will determine which students will benefit from our various programs based on their ability and level of academic achievement.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Parents will be informed of the expanded learning opportunities beginning on April 15th Our parent communication portal, Parent Square, is an excellent tool that assists us in being able to inform parents about news and opportunities related to our school. We will continue to use this resource to inform parents of the expanded learning opportunities. An outline of the dates and actions that we will take is as follows:

April 15th

Creation of proposed summer 2021 rosters.

May 1st

Parent Square message to all parents regarding our summer expanded learning opportunities.

May 5th

Phone calls to parents requesting their child's attendance.

May 15th

Second Parent Square reminder message to all parents regarding our summer expanded learning opportunities.

May 28th

Third reminder message to all parents via Parent Square

June 1st - 4th

Parent Square reminder message to all parents regarding our summer expanded learning opportunities. Our summer programs will also be placed on our school website for parents to view at any time.

A description of the LEA's plan to provide supplemental instruction and support.

After analyzing student attendance data, NWEA data, grade data and individual students' circumstances with parents, teachers, and students we have compiled a list of immediate summer expanded learning opportunities that we will implement with fidelity.

1. Incoming 9th Grade Summer Bridge - To orient and prepare incoming 9th grade students for high school skills in English, Math and Work Habits.
  - a) Advisory
  - b) English
  - c) Math
2. In Person English Learner - Speaking and Writing Course - To close the English language achievement gap for English learners.
3. APEX Credit Recovery Seminars - To provide credit deficient students with 15 or more credits the opportunity to retrieve their credits in an expedient manner. Priority will be given to juniors and sophomores.
4. Incomplete Grade Completion - To provide students who received incompletes the opportunity to complete necessary courses.
5. 11th Grade Math Bootcamp - To provide students transition from 10th grade to 11th grade with extended math learning to prepare them for the SAT, AP courses, and the Smarter Balanced Assessment.
6. English and Math Credit Retrieval Courses - To provide students with a live English or Math teacher to help them retrieve credits and close any potential achievement gaps.
7. On-Campus Enrichment: Yoga and P.E - To provide students with an opportunity to enrich their summer through socio emotional support and exercises.
8. Off-Campus Enrichment: Students without credit recovery can take enrichment Summer Courses at Los Angeles Southwest College, El Camino, or any other California Community College: High school students over the age of 13 can take courses (up to 11 units- typically 3 courses) and earn credit this summer for free. Students are responsible for textbooks and/or required course materials, but all other fees/tuition will be waived as long as they apply online now at: <http://www.laccd.edu/Students/opencccapply/applylasc/Pages/default.aspx> (Southwest) <http://www.elcamino.edu/apply/> (El Camino). Please keep in mind that courses offered are college-level courses. Course availability will vary by campus.

In addition to our summer programs we will be adding four Instructional Aides to provide small group instructional support for students with

verified academic gaps as a direct result of the pandemic. We are also hiring a second counselor to support students who have had difficulty coping with the pandemic. We want to ensure that students have total support.

A description of how ELO Grant funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA.

The LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff. The ELO Grant funds will be used for providing summer school learning opportunities for all students (in person and virtually) during the summer of 2021 and summer of 2022. Additional funds will be used to provide paraprofessional in the classrooms to provide supplemental instruction throughout the duration of this program. Finally, additional funding will be used to provide staff training and student support for socio and emotional wellbeing. The supplemental instruction and support provided by the paraprofessional will prioritize EL's and students with disabilities. These efforts will build on the materials, technology, infrastructure, training procured via ESSER funds.

# Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code (EC)* Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

*For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact [ELOGrants@cde.ca.gov](mailto:ELOGrants@cde.ca.gov) or [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov)*

## Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.
- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

*EC* Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the

supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
  - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
  - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
  - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

### **Fiscal Requirements**

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.

- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

## Instructions: Plan Descriptions

Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broad understanding among the LEA's local community.

### **A description of how parents, teachers, and school staff were involved in the development of the plan**

Describe the process used by the LEA to involve, at a minimum, parents, teachers, and school staff in the development of the Expanded Learning Opportunities Grant Plan, including how the LEA and its community identified the seven supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

### **A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.**

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

### **A description of how students will be identified and the needs of students will be assessed**

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

### **A description of the LEA's plan to provide supplemental instruction and support**

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

## Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

### **A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA**

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

## Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

TEACH Prep Elementary School made parents, teachers and school staff in the development of the plan. We prioritized the involvement of all of our stakeholders.

Parents:

Understanding the importance of parent input, TPES made sure we created surveys to get parent input and shared information as well as discussed concerns and suggestions during:

- Coffee with the Principal
- ELAC Meeting
- School Site Council
- Parent Conferences

During these meetings we discussed the expanded opportunities and how to address the concerns with learning loss during our pandemic. Students' progress with data from NWEA was shared along with reflecting on student progress in Distance Learning Classroom, grades as well as attendances rates and importance of why students needed to log in for class each day.

Most parents shared and expressed their understanding of the expanded learning opportunities and their excitement for the students to be given this opportunity. Some parents also shared their concerns, suggestions, and asked any questions they needed clarification in. TPES

took these suggestions and feedback from parents as well as from the surveys submitted in developing our plan as well as taking into consideration all the supports to provide for our low performing students as well as our English Learners and Resource Students.

#### Teachers:

TPES believes in being collaborators with our teachers, therefore as a team we had discussions, suggestions, and feedbacks were all taken into consideration when creating the plan. As a team, we met with the teachers on a weekly basis with Professional Developments and check ins were scheduled as well. All teachers agreed that Math and ELA were subjects we needed to concentrate on and understood the importance of students mastering ELA standards which would expand into all other subjects. These two subjects were focused on to provide student support to help bridge the learning gaps.

#### School Staff:

From the beginning of the pandemic, school staff were involved in the expanded learning process of our school. As a team, they provided suggestions in providing creative and productive ways in communication with parents, as well as communicating and sharing ideas/suggestions with teachers in how to better support and engage our students in the classroom. As a team the whole staff (teachers and instructional aids) met to share and discuss the needs in the classroom. After this discussion, with the help of our office manager a schedule was shared with our teachers of the Instructional Aids' weekly schedule so teachers were able to productively utilize Instructional Aids in their classroom to support student learning. We made sure our instructional aids were in the classroom to support our Resource Students, English Language Learners as well as any students who were struggling in the classroom to get individualized as well as small group support.

#### Community:

TPES also worked with WACA, a community organization that provides safety for students to and from school in creating this plan as well. With crime rates being high in our neighborhood, the recommendation of their services in supporting our students' safety and security provided us with the support we needed. With WACA, TPES feels that the organization will provide a positive effect on attendance rate, which in return will support student achievement and will help in aiding with closing the learning gap.

A description of how students will be identified and the needs of students will be assessed.

TPES will use multiple sources of data to identify student needs. The following is an explanation of data sources we will use to identify and assess by subgroups.

English Learners: ELPAC Results, NWEA Assessment Results, Report Card Grades, Teacher Recommendation  
 Low Performing/ High Performing Students: NWEA Assessment Results, Report Card Grades, Teacher Recommendation  
 Social Emotional Needs: Teacher Referral and/or Parent Request- Counseling Resources will be provided.

Student progress and achievement have been closely monitored throughout the Pandemic to help close the learning gaps, learning loss, and provide support for the students. Our teachers utilized and analyzed student data results of NWEA as well as ELPAC results for our EL

students to help coordinate small groups, individual assistance, as well as using this data to support reading, writing, and listening skills in the classroom. With the use of our various data results, TPES will determine which students will benefit from our programs based on their ability and academic level.

Beginning April 15th, Parents will be notified of our Expanded Learning Opportunities. Parent Square will be utilized to share the information with our parents.

April 15- Creation of Summer Proposal

May 1st- Message sent out to parents regarding our summer expanded opportunities.

May 28th- 3rd Reminder message via Parent Square

June 1st-4th –Reminder messages via Parent Square; Information will be posted on school website.

In the months of April, May, and June TPES will also be hosting Coffee with the Principals, ELAC, as well as School Site Council Meetings, therefore parents will also get information and updates regarding the summer expanded opportunities as well. Teachers will also share this information with parents during Parent Conferences and will post in their Google Classrooms.

A description of the LEA's plan to provide supplemental instruction and support.

After analysis of student data along with report card grades and taking into consideration the circumstances for each individual students' and parents and having teachers' inputs summer expanded learning opportunities will be implemented.

TK-3rd grade- in person classes will be taught mainly focusing on ELA and Mathematics. Teachers will take this summer expanded learning opportunity to concentrate on reading comprehension, writing, and listening skills in ELA and in Mathematics the focus will be on getting a deeper understanding of the math contents as well as utilizing those contents in problem solving skills. 3 Instructional Aids will be also brought in to work with our EL and Resource students to help with their reading and writing skills as well as provide group and individual interventions in both subject matters.

The LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff. The ELO Grant funds will be used for providing summer school learning opportunities for all students (in person and virtually) during the summer of 2021 and summer of 2022. Additional funds will be used to provide paraprofessional in the classrooms to provide supplemental instruction throughout the duration of this program. Finally, additional funding will be used to provide staff training and student support for socio and emotional wellbeing. The supplemental instruction and support provided by the paraprofessional will prioritize EL's and students with disabilities. These efforts will build on the materials, technology, infrastructure, training procured via ESSER funds.

# Expanded Learning Opportunities Grant Plan Instructions: Introduction

The Expanded Learning Opportunities Grant Plan must be completed by school districts, county offices of education, or charter schools, collectively referred to as Local Educational Agencies (LEAs), that receive Expanded Learning Opportunities (ELO) Grant funds under California *Education Code (EC)* Section 43521(b). The plan must be adopted by the local governing board or body of the LEA at a public meeting on or before June 1, 2021, and must be submitted to the county office of education, the California Department of Education, or the chartering authority within five days of adoption, as applicable. The plan must be updated to include the actual expenditures by December 1, 2022.

*For technical assistance related to the completion of the Expanded Learning Opportunities Grant Plan, please contact [ELOGrants@cde.ca.gov](mailto:ELOGrants@cde.ca.gov) or [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov)*

## Instructions: Plan Requirements

An LEA receiving ELO Grant funds under *EC* Section 43521(b) is required to implement a learning recovery program that, at a minimum, provides supplemental instruction, support for social and emotional well-being, and, to the maximum extent permissible under the guidelines of the United States Department of Agriculture, meals and snacks to, at a minimum, students who are included in one or more of the following groups:

- low-income,
- English learners,
- foster youth,
- homeless students,
- students with disabilities,
- students at risk of abuse, neglect, or exploitation,
- disengaged students, and
- students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For purposes of this requirement

- “Supplemental instruction” means the instructional programs provided in addition to and complementary to the LEAs regular instructional programs, including services provided in accordance with an individualized education program (IEP).
- “Support” means interventions provided as a supplement to those regularly provided by the LEA, including services provided in accordance with an IEP, that are designed to meet students’ needs for behavioral, social, emotional, and other integrated student supports, in order to enable students to engage in, and benefit from, the supplemental instruction being provided.
- “Students at risk of abuse, neglect, or exploitation” means students who are identified as being at risk of abuse, neglect, or exploitation in a written referral from a legal, medical, or social service agency, or emergency shelter.

*EC* Section 43522(b) identifies the seven supplemental instruction and support strategies listed below as the strategies that may be supported with ELO Grant funds and requires the LEA to use the funding only for any of these purposes. LEAs are not required to implement each supplemental instruction and support strategy; rather LEAs are to work collaboratively with their community partners to identify the

supplemental instruction and support strategies that will be implemented. LEAs are encouraged to engage, plan, and collaborate on program operation with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the design and implementation of the supplemental instruction and support strategies being provided (*EC* Section 43522[h]).

The seven supplemental instruction and support strategies are:

1. Extending instructional learning time in addition to what is required for the school year by increasing the number of instructional days or minutes provided during the school year, providing summer school or intersessional instructional programs, or taking any other action that increases the amount of instructional time or services provided to students based on their learning needs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports including, but not limited to, any of the following:
  - a. Tutoring or other one-on-one or small group learning supports provided by certificated or classified staff.
  - b. Learning recovery programs and materials designed to accelerate student academic proficiency or English language proficiency, or both.
  - c. Educator training, for both certificated and classified staff, in accelerated learning strategies and effectively addressing learning gaps, including training in facilitating quality and engaging learning opportunities for all students.
3. Integrated student supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports.
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility.
6. Additional academic services for students, such as diagnostic, progress monitoring, and benchmark assessments of student learning.
7. Training for school staff on strategies, including trauma-informed practices, to engage students and families in addressing students' social-emotional health needs and academic needs.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable IEP.

### **Fiscal Requirements**

The following fiscal requirements are requirements of the ELO grant, but they are not addressed in this plan. Adherence to these requirements will be monitored through the annual audit process.

- The LEA must use at least 85 percent (85%) of its apportionment for expenditures related to providing in-person services in any of the seven purposes described above.
- The LEA must use at least 10 percent (10%) of the funding that is received based on LCFF entitlement to hire paraprofessionals to provide supplemental instruction and support through the duration of this program, with a priority for full-time paraprofessionals. The supplemental instruction and support provided by the paraprofessionals must be prioritized for English learners and students with disabilities. Funds expended to hire paraprofessionals count towards the LEAs requirement to spend at least 85% of its apportionment to provide in-person services.

- An LEA may use up to 15 percent (15%) of its apportionment to increase or improve services for students participating in distance learning or to support activities intended to prepare the LEA for in-person instruction, before in-person instructional services are offered.

As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

The plan will explain how the LEA will use the funds it receives through the Expanded Learning Opportunities (ELO) Grant to implement a learning recovery program for at least the students included in one or more of the following groups: low-income students, English learners, foster youth, homeless students, students with disabilities, students at risk of abuse, neglect, or exploitation, disengaged students, and students who are below grade level, including, but not limited to, those who did not enroll in kindergarten in the 2020–21 school year, credit-deficient students, high school students at risk of not graduating, and other students identified by certificated staff.

For specific requirements please refer to the Expanded Learning Opportunities Grant Plan Instructions.

## Plan Descriptions

A description of how parents, teachers, and school staff were involved in the development of the plan.

### Parents

While acknowledging the importance of parent involvement in developing a plan that works for everyone, we held discussions and created surveys to collect formal and informal data on the priorities for our school from a parent perspective. These discussions took place at the following periodic parent meetings:

- Coffee with the Principal
- School Site Council
- English Learner Advisory Council
- Parent Conferences

During these meetings, we discussed expanded learning opportunities and how to use them to address expected learning loss as a result of the pandemic. We shared data to inform the parents of their students' progress and the performance of the school along with national data. We analyzed and reflected on student grades, standardized test data including the NWEA, and attendance rates. Parents indicated that they valued expanded learning opportunities and would like to take advantage of any programs that we plan to implement to address the need. Parents specifically shared concerns about low performing students and the achievement gaps that only continue to increase due to the challenges of the current circumstances with distance learning.

In addition to their concern for our low performing students, our parents are looking forward to the opportunity for continued instructional support for English learners. We have a large English learner population, and our parents noticed in our data that English learners are disproportionately affected by the challenges of the last year. Parents would like support specifically for the English learners in order to address their unique needs to give them a chance to be academically competitive with the rest of their peers.

We took parent feedback into consideration when developing our plan, and we included support for low performing students and English learners based on parent feedback.

### Teachers

We meet with our teachers on a regular basis to involve them in the development of our plans including this one. These meetings include weekly professional development and periodic staff meetings. We also survey teachers to get their feedback, and we document their input when we have informal conversations with them. Because we value teacher input and perspective, we included their suggestions when creating our plan.

A summary of the data that we collected from teachers is as follows: Teachers have come to a consensus that English and math are two subjects that should be addressed in our plan due to the importance of proficiency in these two subjects for success in all of their classes. All of our teachers, regardless of the subject they teach, have experienced challenges that come from learning gaps for some students in either English or math. They strongly believe that closing these learning gaps will help to support all students to prepare them for college and careers. Therefore, we recognized the need to focus on closing achievement gaps in these two subject areas, and included that as a goal in our plan.

### School staff

School staff were also involved in the discussion of expanded learning opportunities since the beginning of the pandemic. Input from our counselor has helped to develop our plan, specifically around credit recovery opportunities so that students can stay motivated to stay in school, earn their diploma, and be eligible and prepared for college and careers.

Our counselor has prepared a list of students who would benefit from the summer credit recovery component of our program, so we also prioritized having these opportunities in our plan. Students will be able to catch up on credits to stay on track for graduation and remain in their grade level.

In addition to the need for a credit recovery program, our counselor had highlighted the need for social emotional support for students during the summer break. We considered her input and we agree that this is an important service for our students. It is also included in our plan.

When talking to our classified staff including our instructional aide and office support, the idea of hiring additional classified staff to support instruction was considered. After further analysis on this idea, we agreed that it would be in the best interest of the students to hire additional instructional aides in our plan. This most valuable resource will improve flexibility and options for supporting student subgroups that need the most attention including but not limited to low performing students, English learners, special education students, high performing students,

and all of our statistically significant subgroups. We plan to use the instructional aides to differentiate instruction and provide targeted intervention to the students who would benefit from it the most.

Our board members will review our plan and we anticipate that they support our goals. Our plan is in line with the priority set by the board to make learning accessible for all students, and for that reason we are certain they will be interested in seeing us move forward with our plan.

### Community

It is our practice to go above and beyond minimum expectations; therefore, we intentionally involved community organizations in our plan for expanded learning opportunity. Specifically, WACA, a community organization that provides safety for students to and from school, was involved in the process. They emphasized the need for their services in our community that has a crime rate that is substantially higher than the national average. Our students do not always feel safe going to school and coming home. With WACA, we will be able to increase student safety and sense of security, which would have a positive impact on attendance and ultimately student achievement. This organization is included in our plan for expanded learning opportunities.

A description of how students will be identified and the needs of students will be assessed.

A description of how students will be identified and the needs of students will be assessed.

Students will be prioritized in the following manner:

- 1) Students with IEPs that are not meeting goals
- 2) Second Language Learners that are at risk of not reclassifying
- 3) Students in foster care
- 4) Students with Chronic Absences
- 5) Students that are not meeting math and English targets

In summary, our plan to identify the needs of students includes a close analysis of student data as a whole school and disaggregated for various student subgroups. We will use multiple sources of data as well to identify student needs. The following is a detailed explanation of the data sources we will use to identify and assess the needs of each subgroup.

### English learners

To identify English learners who have learning gaps in reading, writing, speaking or listening, we will use the following data sources:

- ELPAC results
- NWEA assessment results

- Semester grades
- Teacher referrals

#### Low Performing Students

- NWEA assessment results
- Semester grades
- Teacher referrals

#### High Performing Students

- NWEA assessment results
- Semester grades
- Teacher referrals

#### Credit Deficient Students

- On Track Report based on semester credits.
- Semester grades for incompletes

#### Social and Emotional Support

- Counselor referrals
- Teacher referrals
- Student self identification

During the pandemic we have been continuously tracking student progress and achievement to be able to best close student achievement gaps and learning loss and provide students with support. Our college counselor specifically utilizes students grade data to identify students that are credit deficient and need to recuperate credits. Our Instructional Leadership Coach analyzes students data from NWEA results Our English Learner Coordinator utilizes ELPAC data to identify the students who have learning gaps in speaking, writing or listening. Through a thorough analysis of the multiple sources of data, we will determine which students will benefit from our various programs based on their ability and level of academic achievement.

A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.

Parents will be informed of the expanded learning opportunities beginning on April 15th Our parent communication portal, Parent Square, is an excellent tool that assists us in being able to inform parents about news and opportunities related to our school. We will continue to use this resource to inform parents of the expanded learning opportunities. An outline of the dates and actions that we will take is as follows:

April 15th

Creation of proposed summer 2021 rosters.

May 1st

Parent Square message to all parents regarding our summer expanded learning opportunities.

May 5th

Phone calls to parents requesting their child's attendance.

May 15th

Second Parent Square reminder message to all parents regarding our summer expanded learning opportunities.

May 28th

Third reminder message to all parents via Parent Square

June 1st - 4th

A description of the LEA's plan to provide supplemental instruction and support.

1) Summer program will be extended to 4 weeks, 6 hours a day.

2) Students will be administered a diagnostic to measure gaps, allowing appropriate coursework and supplemental work to be assigned, using core curriculum and supplemental resources. Professional development to analyze student progress and plan day-to-day instructional decisions will be provided to include content teachers, special education teachers and instructional aides.

3) Before and after school program will provide students with extra-curricular opportunities. School counselors will continue to provide counseling and social emotional services and will continue to partner with and outsource to Dignity Health, AADAP and other community partners as needed. Teachers will undergo Trauma-Informed training to better identify and support students displaying symptoms of potential trauma as well as to potentially refer students and families for supportive services. Meals will continue to be provided, three times a day (breakfast, nutrition and lunch).

4) The after school program will provide additional tutoring opportunities, as well as continued access to technology.

LEAs are encouraged to engage with community partners, expanded learning programs, and existing behavioral health partnerships in the design of the plan.

### **A description of how parents and guardians of students will be informed of the opportunities for supplemental instruction and support.**

Describe the LEA's plan for informing the parents and guardians of students identified as needing supplemental instruction and support of the availability of these opportunities, including an explanation of how the LEA will provide this information in the parents' and guardians' primary languages, as applicable.

### **A description of how students will be identified and the needs of students will be assessed**

Describe the LEA's plan for identifying students in need of academic, social-emotional, and other integrated student supports, including the LEA's plan for assessing the needs of those students on a regular basis. The LEA's plan for assessing the academic needs of its students may include the use of diagnostic and formative assessments.

As noted above in the Plan Requirements, "other integrated student supports" are any supports intended to address barriers to learning, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address student trauma and social-emotional learning, or referrals for support for family or student needs.

### **A description of the LEA's plan to provide supplemental instruction and support**

Describe the LEA's plan for how it will provide supplemental instruction and support to identified students in the seven strategy areas defined in the Plan Requirements section. As a reminder, the LEA is not required to implement each of the seven strategies; rather the LEA will work collaboratively with its community to identify the strategies that will be implemented. The plan must include a description of how supplemental instruction and support will be provided in a tiered framework that bases universal, targeted, and intensive supports on students' needs for academic, social-emotional, and other integrated student supports. The plan must also include a description of how the services will be provided through a program of engaging learning experiences in a positive school climate.

As a reminder, *EC* Section 43522(g) requires that all services delivered to students with disabilities be delivered in accordance with an applicable individualized education program. Additionally, LEAs are encouraged to collaborate with community partners and expanded learning programs, and to leverage existing behavioral health partnerships and Medi-Cal billing options in the implementation of, this plan (*EC* Section 43522[h]).

## Instructions: Expenditure Plan

The 'Supplemental Instruction and Support Strategies' column of the Expenditure Plan data entry table lists the seven supplemental instruction and support strategies that may be supported with ELO Grant funds.

Complete the Expenditure Plan data entry table as follows:

In the 'Planned Expenditures' column of the data entry table, specify the amount of ELO Grant funds being budgeted to support each supplemental instruction and support strategies being implemented by the LEA and the total of all ELO Grant funds being budgeted.

The plan must be updated to include the actual expenditures by December 1, 2022. In the 'Actual Expenditures' column of the data entry table the LEA will report the amount of ELO Grant funds that the LEA actually expended in support of the strategies that it implemented, as well as the total ELO Grant funds expended.

### **A description of how these funds are being coordinated with other federal Elementary and Secondary School Emergency Relief Funds received by the LEA**

Describe how the LEA is coordinating its ELO Grant funds with funds received from the federal Elementary and Secondary School Emergency Relief (ESSER) Fund provided through the federal Coronavirus Response and Relief Supplemental Appropriations Act of 2021 (Public Law 116-260), also known as ESSER II, to maximize support for students and staff.

Section 10.01. CI and Client are independent contractors. No representations or assertions shall be made nor actions taken by either party that would create any agency, joint venture, partnership, employment or trust relationship between the parties with respect to the subject matter of this Agreement. Client and CI warrant to indemnify each other and hold each other, and each other’s officers, directors, employees, agents harmless, from and against any and all direct claims, costs, losses, liabilities and expenses for personal injury and property damage, including reasonable attorneys’ fees, attributable to their actions and omissions under this Agreement, but excluding claims that would not be made but for the gross negligence or willful misconduct of the party seeking indemnification.

Article 13.01. Client's policy requires ethical conduct in all business activities and practices, including proper recording and reporting of all transactions and compliance with applicable laws. The adequacy and accuracy of CI's billings, supporting documentation, and other information rendered to Client become the basis for Client's further recording and reporting, both internally and externally. ARTICLE 14. TERMINATION

Section 14.01. If either party defaults in the performance of this Agreement or materially breaches any of its provisions, the non-breaching party may terminate this Agreement by giving written notification to the breaching party. Section 14.03. Effect of Termination; Survival. Expiration or termination of this Agreement will not relieve either party from its obligations arising hereunder prior to such expiration or termination. Rights and obligations which by their nature continue or should survive will remain in effect after termination or expiration of this Agreement.

Section 14.04. All Services, including preparation of financial statements and compliance reporting related to a period within the term, will cease upon termination or expiration of this Agreement. If Client has compliance needs that stretch beyond the term of this Agreement into the next fiscal year, it is common for a closing agreement to be created upon termination or expiration to clearly define a term and scope of services falling outside this Agreement. The fee for such services is determined at that time based upon the scope of work to be completed past the Agreement term.

Section 14.05. In the event of early termination, the Business Management fee deemed to be earned by and due to CI will be equal to the fee in Section 3.01 and the forecasted revenue from the most recently prepared financial report, prorated from the commencement date of this agreement to the termination date, regardless of fee actually invoiced as of the termination date.

#### I. Enrollment Update:

#### II. Summer School/Extended Learning

- We have responses from our teachers as to who will be teaching summer school
- Official start of day will be June 21- July 8<sup>th</sup>. Monday-Thursday 8:30-12:00pm.
- We are first inviting any scholars that teachers are requesting them to attend summer school based on their performance in class (scores of 1 and 2) and then we will invite other scholars who are interested.

#### III. SBAC

- We are starting testing starting tomorrow, Tuesday, May 18<sup>th</sup>. We are anticipating at least 2-3 weeks of testing which includes make- ups. Teachers have sent messages out and have a plan set for students to come on campus to test during this time.

#### IV. Kindergarten Culmination

- We will have a walk-through Kinder Culmination Station on our campus outside.
- Parents will be given a set time to come get their Culmination gift back and walk over to the picture station to take pictures with their teacher.
