a) The Aptus Group Inc. temporary employees in California are covered by the rest period provisions of the Industrial Welfare Commission Wage Orders and must be authorized and permitted to take a net 10-minute paid rest period for every four hours worked or major fraction thereof. If the Client does not authorize or permit a rest period, the Client shall be billed for one additional hour of pay by applying The Aptus Group Inc.'s bill rate for each workday that the rest period is not provided.

b) Under California law (IWC Orders and Labor Code Section 512), employees must be provided with no less than a thirty-minute meal period when the work period is more than five hours. Unless the employee is relieved of all duty during the entire thirty-minute meal period and is free to leave the workplace, the meal period shall be considered "on duty," counted as hours worked, and paid for at the temporary employee's contracted rate of pay. If the Client does not authorize or permit a meal period, in addition to all other penalties imposed by law, the Client shall be billed for one additional hour of pay by applying The Aptus Group Inc.'s bill rate for each workday that the meal period is not provided.

THE APTUS GROUP, INC. EXHIBIT A: BILLING TERMS

1. BILLING/INVOICES/TERMS & CONDITIONS OF PAYMENT

The Aptus Group (“APTUS”) will invoice Client on a weekly basis for hours worked by temporary employees at agreed-upon hourly bill rates and other expenses. Client will pay for all hours worked by the Aptus Temporary Employees (“ATEs”) as follows:

1) Substitute teachers \$38/hr.

An itemized invoice for ATEs, based on hours shown on ATEs time cards or associate detail reports from time and attendance systems, will be sent to Client. Such an invoice is due within 30 business days. A 1% late charge will be added if payments are not received within 30 days of the date of invoice.

Any sales or use taxes that apply to sales to Client will be added to Client’s invoices as a separate item. APTUS will adjust pricing annually and, additionally, to reflect periodic increases in wage and/or related tax, benefit, and other costs as the result of an action by a governmental authority, collective bargaining unit or insurance or benefit program (e.g., annual SUTA adjustment) per Section 10 of the Agreement. ATEs are presumed to be “nonexempt” employees - they are paid overtime if APTUS determines overtime pay is legally required (or when Client has requested payment of overtime).

APTUS will charge Client overtime rate only when Client has requested an ATE work overtime. Overtime rates will be calculated by applying to The Aptus Group bill rate the same overtime multiplier as APTUS is required to apply to the ATE’s pay rate. Client will have 10 business days to notify APTUS in writing of any apparent discrepancies of recorded time worked by ATEs.

2. PAYMENT TERMS

Payment for services is due within thirty (30) business days Client’s receipt of APTUS’s invoice.

3. PAST DUE ACCOUNTS

If any account becomes past due, the entire unpaid balance of the invoice becomes immediately due and payable. APTUS shall have the right to demand an immediate arbitration on all debt-collection matters. In the event collection action is initiated by APTUS to collect such debt, or any portion thereof, Client agrees to pay any additional sums, including but not limited to, collection costs, arbitration costs, interest at the rate of 12% per annum, and attorney’s fees.

4. CONVERSION AND TRANSITION OF TEMPORARY STAFF

Client acknowledges that APTUS incurs substantial expenses for recruiting, screening, qualifying, training, and retraining its employees. Client agrees not to, directly or indirectly, hire, engage as an independent contractor, or permit or cause any ATEs assigned to Client to be placed on the payroll of another entity without written consent from APTUS. Client agrees to obtain the services of each

APTUS employee only through an order with APTUS. Unless otherwise agreed in a writing and signed by both parties, Client will pay APTUS an amount equal to \$10,000 if:

- a. APTUS introduces an ATE to Client and Client hires or retains the ATE in any capacity either during the assignment or within three months after the last day of the assignment (a “conversion”); or
- b. Client receives the services of the ATE by assignment, arrangement, or contact through another staffing provider (a “transition”). Payment is due upon receipt of the Invoice.

Once an ATE has worked for the Client for a minimum of 1,000 hours the conversion/transition fee is reduced to \$3,000. Conversion/transition charges are due and payable at the time of conversion/transition. No ATE may be converted/transitioned if Client’s account balance is past due.

THE APTUS GROUP, INC.
EXHIBIT B: ARBITRATION AGREEMENT

The Aptus Group, and the Client (collectively, the “Parties”) hereby agree that, to the fullest extent permitted by law, any and all claims or controversies between the parties (or between Client and any present or former officer, director, agent, or Client of The Aptus Group relating in any manner to the employment or the termination of the employment of Client) shall be resolved by final and binding arbitration in accordance with the procedures set forth in this agreement. Claims subject to arbitration include, but are not limited to, claims based on any federal, state, or local law, statute or regulation (including but not limited to any claims of discrimination, harassment, retaliation or other conduct in violation of or arising under Title VII of the 1964 Civil Rights Act (as amended by the Civil Rights Act of 1991), The Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, the California Fair Employment and Housing Act, and the California Family Rights Act, any claims for unpaid wages, commissions, bonuses, stock options or other employment compensation, any claims for breach of contract or covenant (express or implied), any claims of wrongful termination in violation of contract or public policy, any claims arising under common law, and any tort claims. Notwithstanding the foregoing, claims for unemployment benefits, claims for worker’s compensation benefits, and claims under the National Labor Relations Act shall not be subject to arbitration under this agreement. Moreover, this agreement should not be construed as preventing Client from filing an administrative charge of discrimination with any federal, state, or local agency, or cooperating with any federal, state, or local agency in its investigation of any such charge.

A neutral and impartial arbitrator shall be chosen by mutual agreement of the parties; however, if the parties are unable to agree upon an arbitrator within a reasonable period of time, then a neutral and impartial arbitrator shall be appointed in accordance with the arbitrator nomination and selection procedure set forth in the National Rules for the Resolution of Employment Disputes of the American Arbitration Association or rules of other major private dispute resolution service. The costs and fees of the arbitrator shall be paid in equal parts by The Aptus Group and the Client, including the costs of the arbitration forum that the Client would not otherwise have to pay in court.

Client and The Aptus Group shall have the right to be represented by an Attorney during any proceeding under this agreement. Each Party shall pay its own costs and Attorney fees, unless a party prevails on a statutory claim, and the statute provides that the prevailing party is entitled to payment of its Attorney’s fees and or costs. In that case, the arbitrator may award reasonable Attorney’s fees and costs to the prevailing party as provided by law.

All arbitration hearings under this Agreement shall be conducted in Los Angeles County, California. Except as specifically provided herein, any arbitration proceedings shall be conducted in accordance with the then-applicable National Rules for the Resolution of Employment Disputes of the American Arbitration Association.

The Arbitrator may grant any remedy or relief to which the parties would have otherwise been entitled to had the matter been heard in a court of law and shall not grant any remedy or relief that could not have been granted had the matter been heard in a court of law.

The arbitrator shall prepare a written decision containing the essential findings and conclusions on which the award is based so as to ensure meaningful judicial review of the decision.

Either The Aptus Group or Client may bring an action in court to compel arbitration under this agreement and to enforce an arbitration award. Except as otherwise provided in this agreement, neither party shall initiate or prosecute any lawsuit or administrative action (other than an administrative charge of discrimination) in any way related to any claim covered by this Agreement, including without limitation any claim as to the making, existence, validity, or enforceability of this Agreement. Notwithstanding the foregoing, either party may, at its option, seek injunctive relief pursuant to section 1281.8 of the California Code of Civil Procedure.

This arbitrator and the parties shall maintain the confidentiality of any proceedings under this Agreement, including but not limited to, any and all information gathered, prepared, and presented for purposes of the arbitration or related to the claims therein. The arbitrator shall have the authority to make appropriate rulings to safeguard that confidentiality, unless the law provides to the contrary.

This agreement shall be governed by and construed in accordance with the laws of the State of California, including the California Arbitration Act without reference to conflicts of law principles.

If any provision of this agreement shall be held by a court or the arbitrator to be invalid, unenforceable, or void, such provision shall be enforced to the fullest extent permitted by law, and the remainder of this Agreement shall remain in full force and effect.

The obligations of Client and The Aptus Group under this Agreement shall survive the expiration of this agreement.

The Aptus Group and Client understand and agree that this Agreement contains a full and complete statement of any agreements and understandings regarding resolution of disputes between the parties, and the parties agree that this Agreement supersedes all previous agreements, whether written or oral, express or implied, relating to the subjects covered in this Agreement. The parties also agree that the terms of this Agreement cannot be revoked or modified except in a written document signed by both Client and The Aptus Group President.

This Agreement is not, and shall not be construed to create any contract of employment, express or implied. Furthermore this Agreement does not alter the at-will employment status of The Aptus Group personnel assigned to work for Client. Either Client or The Aptus Group may terminate the employment of staff assigned to the Client at any time, for any reason, with or without prior notice. The parties further acknowledge that they have been given the opportunity to discuss this agreement with their legal counsel and have availed themselves of that opportunity to the extent they wish to do so.

The parties acknowledge that they have carefully read this agreement. That they understand its terms, that all understandings and agreements between The Aptus Group and Client relating to the subjects covered in the agreement are contained in it, and that the parties have entered into the agreement voluntarily and not in reliance on any other promises or representations by the other party other than those contained in the agreement itself.

THE APTUS GROUP, INC. EXHIBIT A: BILLING TERMS

1. BILLING/INVOICES/TERMS & CONDITIONS OF PAYMENT

The Aptus Group (“APTUS”) will invoice Client on a weekly basis for hours worked by temporary employees at agreed-upon hourly bill rates and other expenses. Client will pay for all hours worked by the Aptus Temporary Employees (“ATEs”) as follows:

1) Substitute teachers \$38/hr.

An itemized invoice for ATEs, based on hours shown on ATEs time cards or associate detail reports from time and attendance systems, will be sent to Client. Such an invoice is due within 30 business days. A 1% late charge will be added if payments are not received within 30 days of the date of invoice.

Any sales or use taxes that apply to sales to Client will be added to Client’s invoices as a separate item. APTUS will adjust pricing annually and, additionally, to reflect periodic increases in wage and/or related tax, benefit, and other costs as the result of an action by a governmental authority, collective bargaining unit or insurance or benefit program (e.g., annual SUTA adjustment) per Section 10 of the Agreement. ATEs are presumed to be “nonexempt” employees - they are paid overtime if APTUS determines overtime pay is legally required (or when Client has requested payment of overtime).

APTUS will charge Client overtime rate only when Client has requested an ATE work overtime. Overtime rates will be calculated by applying to The Aptus Group bill rate the same overtime multiplier as APTUS is required to apply to the ATE’s pay rate. Client will have 10 business days to notify APTUS in writing of any apparent discrepancies of recorded time worked by ATEs.

2. PAYMENT TERMS

Payment for services is due within thirty (30) business days Client’s receipt of APTUS’s invoice.

3. PAST DUE ACCOUNTS

If any account becomes past due, the entire unpaid balance of the invoice becomes immediately due and payable. APTUS shall have the right to demand an immediate arbitration on all debt-collection matters. In the event collection action is initiated by APTUS to collect such debt, or any portion thereof, Client agrees to pay any additional sums, including but not limited to, collection costs, arbitration costs, interest at the rate of 12% per annum, and attorney’s fees.

4. CONVERSION AND TRANSITION OF TEMPORARY STAFF

Client acknowledges that APTUS incurs substantial expenses for recruiting, screening, qualifying, training, and retraining its employees. Client agrees not to, directly or indirectly, hire, engage as an independent contractor, or permit or cause any ATEs assigned to Client to be placed on the payroll of another entity without written consent from APTUS. Client agrees to obtain the services of each

APTUS employee only through an order with APTUS. Unless otherwise agreed in a writing and signed by both parties, Client will pay APTUS an amount equal to \$10,000 if:

- a. APTUS introduces an ATE to Client and Client hires or retains the ATE in any capacity either during the assignment or within three months after the last day of the assignment (a “conversion”); or
- b. Client receives the services of the ATE by assignment, arrangement, or contact through another staffing provider (a “transition”). Payment is due upon receipt of the Invoice.

Once an ATE has worked for the Client for a minimum of 1,000 hours the conversion/transition fee is reduced to \$3,000. Conversion/transition charges are due and payable at the time of conversion/transition. No ATE may be converted/transitioned if Client’s account balance is past due.

THE APTUS GROUP, INC.
EXHIBIT B: ARBITRATION AGREEMENT

The Aptus Group, and the Client (collectively, the “Parties”) hereby agree that, to the fullest extent permitted by law, any and all claims or controversies between the parties (or between Client and any present or former officer, director, agent, or Client of The Aptus Group relating in any manner to the employment or the termination of the employment of Client) shall be resolved by final and binding arbitration in accordance with the procedures set forth in this agreement. Claims subject to arbitration include, but are not limited to, claims based on any federal, state, or local law, statute or regulation (including but not limited to any claims of discrimination, harassment, retaliation or other conduct in violation of or arising under Title VII of the 1964 Civil Rights Act (as amended by the Civil Rights Act of 1991), The Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, the California Fair Employment and Housing Act, and the California Family Rights Act, any claims for unpaid wages, commissions, bonuses, stock options or other employment compensation, any claims for breach of contract or covenant (express or implied), any claims of wrongful termination in violation of contract or public policy, any claims arising under common law, and any tort claims. Notwithstanding the foregoing, claims for unemployment benefits, claims for worker’s compensation benefits, and claims under the National Labor Relations Act shall not be subject to arbitration under this agreement. Moreover, this agreement should not be construed as preventing Client from filing an administrative charge of discrimination with any federal, state, or local agency, or cooperating with any federal, state, or local agency in its investigation of any such charge.

A neutral and impartial arbitrator shall be chosen by mutual agreement of the parties; however, if the parties are unable to agree upon an arbitrator within a reasonable period of time, then a neutral and impartial arbitrator shall be appointed in accordance with the arbitrator nomination and selection procedure set forth in the National Rules for the Resolution of Employment Disputes of the American Arbitration Association or rules of other major private dispute resolution service. The costs and fees of the arbitrator shall be paid in equal parts by The Aptus Group and the Client, including the costs of the arbitration forum that the Client would not otherwise have to pay in court.

Client and The Aptus Group shall have the right to be represented by an Attorney during any proceeding under this agreement. Each Party shall pay its own costs and Attorney fees, unless a party prevails on a statutory claim, and the statute provides that the prevailing party is entitled to payment of its Attorney’s fees and or costs. In that case, the arbitrator may award reasonable Attorney’s fees and costs to the prevailing party as provided by law.

All arbitration hearings under this Agreement shall be conducted in Los Angeles County, California. Except as specifically provided herein, any arbitration proceedings shall be conducted in accordance with the then-applicable National Rules for the Resolution of Employment Disputes of the American Arbitration Association.

The Arbitrator may grant any remedy or relief to which the parties would have otherwise been entitled to had the matter been heard in a court of law and shall not grant any remedy or relief that could not have been granted had the matter been heard in a court of law.

The arbitrator shall prepare a written decision containing the essential findings and conclusions on which the award is based so as to ensure meaningful judicial review of the decision.

Either The Aptus Group or Client may bring an action in court to compel arbitration under this agreement and to enforce an arbitration award. Except as otherwise provided in this agreement, neither party shall initiate or prosecute any lawsuit or administrative action (other than an administrative charge of discrimination) in any way related to any claim covered by this Agreement, including without limitation any claim as to the making, existence, validity, or enforceability of this Agreement. Notwithstanding the foregoing, either party may, at its option, seek injunctive relief pursuant to section 1281.8 of the California Code of Civil Procedure.

This arbitrator and the parties shall maintain the confidentiality of any proceedings under this Agreement, including but not limited to, any and all information gathered, prepared, and presented for purposes of the arbitration or related to the claims therein. The arbitrator shall have the authority to make appropriate rulings to safeguard that confidentiality, unless the law provides to the contrary.

This agreement shall be governed by and construed in accordance with the laws of the State of California, including the California Arbitration Act without reference to conflicts of law principles.

If any provision of this agreement shall be held by a court or the arbitrator to be invalid, unenforceable, or void, such provision shall be enforced to the fullest extent permitted by law, and the remainder of this Agreement shall remain in full force and effect.

The obligations of Client and The Aptus Group under this Agreement shall survive the expiration of this agreement.

The Aptus Group and Client understand and agree that this Agreement contains a full and complete statement of any agreements and understandings regarding resolution of disputes between the parties, and the parties agree that this Agreement supersedes all previous agreements, whether written or oral, express or implied, relating to the subjects covered in this Agreement. The parties also agree that the terms of this Agreement cannot be revoked or modified except in a written document signed by both Client and The Aptus Group President.

This Agreement is not, and shall not be construed to create any contract of employment, express or implied. Furthermore this Agreement does not alter the at-will employment status of The Aptus Group personnel assigned to work for Client. Either Client or The Aptus Group may terminate the employment of staff assigned to the Client at any time, for any reason, with or without prior notice. The parties further acknowledge that they have been given the opportunity to discuss this agreement with their legal counsel and have availed themselves of that opportunity to the extent they wish to do so.

The parties acknowledge that they have carefully read this agreement. That they understand its terms, that all understandings and agreements between The Aptus Group and Client relating to the subjects covered in the agreement are contained in it, and that the parties have entered into the agreement voluntarily and not in reliance on any other promises or representations by the other party other than those contained in the agreement itself.

**THE APTUS GROUP, INC.
EXHIBIT A: BILLING TERMS**

1. BILLING/INVOICES/TERMS & CONDITIONS OF PAYMENT

The Aptus Group (“APTUS”) will invoice Client on a weekly basis for hours worked by temporary employees at agreed-upon hourly bill rates and other expenses. Client will pay for all hours worked by the Aptus Temporary Employees (“ATEs”) as follows:

1) Substitute teachers \$38/hr.

An itemized invoice for ATEs, based on hours shown on ATEs time cards or associate detail reports from time and attendance systems, will be sent to Client. Such an invoice is due within 30 business days. A 1% late charge will be added if payments are not received within 30 days of the date of invoice.

Any sales or use taxes that apply to sales to Client will be added to Client’s invoices as a separate item. APTUS will adjust pricing annually and, additionally, to reflect periodic increases in wage and/or related tax, benefit, and other costs as the result of an action by a governmental authority, collective bargaining unit or insurance or benefit program (e.g., annual SUTA adjustment) per Section 10 of the Agreement. ATEs are presumed to be “nonexempt” employees - they are paid overtime if APTUS determines overtime pay is legally required (or when Client has requested payment of overtime).

APTUS will charge Client overtime rate only when Client has requested an ATE work overtime. Overtime rates will be calculated by applying to The Aptus Group bill rate the same overtime multiplier as APTUS is required to apply to the ATE’s pay rate. Client will have 10 business days to notify APTUS in writing of any apparent discrepancies of recorded time worked by ATEs.

2. PAYMENT TERMS

Payment for services is due within thirty (30) business days Client’s receipt of APTUS’s invoice.

3. PAST DUE ACCOUNTS

If any account becomes past due, the entire unpaid balance of the invoice becomes immediately due and payable. APTUS shall have the right to demand an immediate arbitration on all debt-collection matters. In the event collection action is initiated by APTUS to collect such debt, or any portion thereof, Client agrees to pay any additional sums, including but not limited to, collection costs, arbitration costs, interest at the rate of 12% per annum, and attorney’s fees.

4. CONVERSION AND TRANSITION OF TEMPORARY STAFF

Client acknowledges that APTUS incurs substantial expenses for recruiting, screening, qualifying, training, and retraining its employees. Client agrees not to, directly or indirectly, hire, engage as an independent contractor, or permit or cause any ATEs assigned to Client to be placed on the payroll of another entity without written consent from APTUS. Client agrees to obtain the services of each

APTUS employee only through an order with APTUS. Unless otherwise agreed in a writing and signed by both parties, Client will pay APTUS an amount equal to \$10,000 if:

- a. APTUS introduces an ATE to Client and Client hires or retains the ATE in any capacity either during the assignment or within three months after the last day of the assignment (a “conversion”); or
- b. Client receives the services of the ATE by assignment, arrangement, or contact through another staffing provider (a “transition”). Payment is due upon receipt of the Invoice.

Once an ATE has worked for the Client for a minimum of 1,000 hours the conversion/transition fee is reduced to \$3,000. Conversion/transition charges are due and payable at the time of conversion/transition. No ATE may be converted/transitioned if Client’s account balance is past due.

THE APTUS GROUP, INC.
EXHIBIT B: ARBITRATION AGREEMENT

The Aptus Group, and the Client (collectively, the “Parties”) hereby agree that, to the fullest extent permitted by law, any and all claims or controversies between the parties (or between Client and any present or former officer, director, agent, or Client of The Aptus Group relating in any manner to the employment or the termination of the employment of Client) shall be resolved by final and binding arbitration in accordance with the procedures set forth in this agreement. Claims subject to arbitration include, but are not limited to, claims based on any federal, state, or local law, statute or regulation (including but not limited to any claims of discrimination, harassment, retaliation or other conduct in violation of or arising under Title VII of the 1964 Civil Rights Act (as amended by the Civil Rights Act of 1991), The Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, the California Fair Employment and Housing Act, and the California Family Rights Act, any claims for unpaid wages, commissions, bonuses, stock options or other employment compensation, any claims for breach of contract or covenant (express or implied), any claims of wrongful termination in violation of contract or public policy, any claims arising under common law, and any tort claims. Notwithstanding the foregoing, claims for unemployment benefits, claims for worker’s compensation benefits, and claims under the National Labor Relations Act shall not be subject to arbitration under this agreement. Moreover, this agreement should not be construed as preventing Client from filing an administrative charge of discrimination with any federal, state, or local agency, or cooperating with any federal, state, or local agency in its investigation of any such charge.

A neutral and impartial arbitrator shall be chosen by mutual agreement of the parties; however, if the parties are unable to agree upon an arbitrator within a reasonable period of time, then a neutral and impartial arbitrator shall be appointed in accordance with the arbitrator nomination and selection procedure set forth in the National Rules for the Resolution of Employment Disputes of the American Arbitration Association or rules of other major private dispute resolution service. The costs and fees of the arbitrator shall be paid in equal parts by The Aptus Group and the Client, including the costs of the arbitration forum that the Client would not otherwise have to pay in court.

Client and The Aptus Group shall have the right to be represented by an Attorney during any proceeding under this agreement. Each Party shall pay its own costs and Attorney fees, unless a party prevails on a statutory claim, and the statute provides that the prevailing party is entitled to payment of its Attorney’s fees and or costs. In that case, the arbitrator may award reasonable Attorney’s fees and costs to the prevailing party as provided by law.

All arbitration hearings under this Agreement shall be conducted in Los Angeles County, California. Except as specifically provided herein, any arbitration proceedings shall be conducted in accordance with the then-applicable National Rules for the Resolution of Employment Disputes of the American Arbitration Association.

The Arbitrator may grant any remedy or relief to which the parties would have otherwise been entitled to had the matter been heard in a court of law and shall not grant any remedy or relief that could not have been granted had the matter been heard in a court of law.

The arbitrator shall prepare a written decision containing the essential findings and conclusions on which the award is based so as to ensure meaningful judicial review of the decision.

Either The Aptus Group or Client may bring an action in court to compel arbitration under this agreement and to enforce an arbitration award. Except as otherwise provided in this agreement, neither party shall initiate or prosecute any lawsuit or administrative action (other than an administrative charge of discrimination) in any way related to any claim covered by this Agreement, including without limitation any claim as to the making, existence, validity, or enforceability of this Agreement. Notwithstanding the foregoing, either party may, at its option, seek injunctive relief pursuant to section 1281.8 of the California Code of Civil Procedure.

This arbitrator and the parties shall maintain the confidentiality of any proceedings under this Agreement, including but not limited to, any and all information gathered, prepared, and presented for purposes of the arbitration or related to the claims therein. The arbitrator shall have the authority to make appropriate rulings to safeguard that confidentiality, unless the law provides to the contrary.

This agreement shall be governed by and construed in accordance with the laws of the State of California, including the California Arbitration Act without reference to conflicts of law principles.

If any provision of this agreement shall be held by a court or the arbitrator to be invalid, unenforceable, or void, such provision shall be enforced to the fullest extent permitted by law, and the remainder of this Agreement shall remain in full force and effect.

The obligations of Client and The Aptus Group under this Agreement shall survive the expiration of this agreement.

The Aptus Group and Client understand and agree that this Agreement contains a full and complete statement of any agreements and understandings regarding resolution of disputes between the parties, and the parties agree that this Agreement supersedes all previous agreements, whether written or oral, express or implied, relating to the subjects covered in this Agreement. The parties also agree that the terms of this Agreement cannot be revoked or modified except in a written document signed by both Client and The Aptus Group President.

This Agreement is not, and shall not be construed to create any contract of employment, express or implied. Furthermore this Agreement does not alter the at-will employment status of The Aptus Group personnel assigned to work for Client. Either Client or The Aptus Group may terminate the employment of staff assigned to the Client at any time, for any reason, with or without prior notice. The parties further acknowledge that they have been given the opportunity to discuss this agreement with their legal counsel and have availed themselves of that opportunity to the extent they wish to do so.

The parties acknowledge that they have carefully read this agreement. That they understand its terms, that all understandings and agreements between The Aptus Group and Client relating to the subjects covered in the agreement are contained in it, and that the parties have entered into the agreement voluntarily and not in reliance on any other promises or representations by the other party other than those contained in the agreement itself.

TAT’s mission is to create a high-quality, innovative teaching and learning environment that focuses on literacy; integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students.

TAT’s VISION seeks to establish a state-of-the-art community school in South Los Angeles that will equip students with the skills and habits of mind needed to compete in the 21st century. It will reach students of all backgrounds by teaching the whole child which includes the social, physical, emotional, moral, ethical, and intellectual needs of students so that upon graduation, the knowledge and the experiences acquired at this school site can be effectively applied to their daily lives.

Longtime Los Angeles educators Mildred Cunningham and Edith Morris founded the school. The school was established with a vision of addressing the needs of the whole child, building children’s character, and integrating state-of-the-art technology in instruction.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Based on a review of performance on state indicators and local performance indicators included in the 19-20 Dashboard (described below), progress towards LCAP goals, local self-assessment tools and stakeholder input from 20-21, and other information, TEACH Academy of Technologies is most proud of its prompt and effective pivots to meet the demands of on-line instruction during the Covid Pandemic. This included extensive technology support and training for teachers, students, and families. Professional development and technical guidance on best practices for online instruction, and the efforts to maintain positive student and teacher relations and parent outreach during the school year.

Previous Dashboard data indicated student academic performance for subgroups as follows:

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

The new California School Dashboard, comparing DFS to the state versus local schools, indicates that subgroup performance is measured in Orange and Yellow tiers (as outlined Reflections/Successes). Preliminary IAB, NWEA, and teacher reported data indicate that the virtual instruction and learning, which resulted due to COVID-19, has impacted student academic performance and social/emotional and mental well being. As a result, TEACH Academy of Technologies is implementing the following:

1. Professional Development that includes participant certification towards becoming a trauma-informed school
2. Modified academic calendar that considers the mental health of faculty and staff to better support our students and their families needs
3. Purchase of Performance Matters platform to monitor and respond to student performance data
4. Ongoing professional development to support teachers in implementing core curriculum and support platforms with fidelity to ensure differentiation based on formative and summative student data
5. Increase in extra-curricular offerings
6. Continued partnerships with service providers to support the needs of the school community
7. Increase in availability of counseling services

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

TEACH Academy of Technologies fully implemented a virtual Blended Learning model to support instruction and student learning during the 2020-2021 academic year, impacted by the mandates for social distancing and virtual instruction of COVID-19. This model allowed for transparency in and access to instruction and instructional resources. Blended-Learning models will continue in order to facilitate responding to student data and supporting differentiating instruction.

Separation from in-person instruction since March 2020, has had a major impact on the social, emotional, and mental health of our faculty, students, and their families. Attention to preparing all stakeholders to return to in-person learning is of utmost importance.

The 2020-2021 LCAP Goals were revised in order to align with this effort as well as our school's mission, vision, WASC Action Plan, stakeholder input, and state accountability.

Our goals are as follows:

Goal 1: Identify, prioritize, and implement school-wide strategies and activities that foster increased parent engagement in the governance and activities of the school and improve parental involvement by allowing opportunities for parents to participate in activities in and outside the classroom.

Goal 2: Improve student achievement by developing a systematic assessment plan for administering assessments, collecting data on mastery level towards common core standards, and analyzing data to inform instructional planning.

Goal 3: Improve teacher effectiveness by expanding professional development to include internal and external training that focus on instructional practices that reinforce standards-based mastery to support all sub-groups (SES, ELL, African American, and Latino) by creating high-engagement lessons.

Goal 4: Identify, prioritize, and plan appropriate onboarding professional development for new teachers, school administrators, and support staff to inform organization structures and school culture.

Goal 5: Develop a system for documenting and publicizing, among stakeholders and community, the school's progress.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

TEACH Academy of Technologies is not currently eligible for comprehensive support and improvement.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

Goal

Goal #	Description
3	Improve teacher effectiveness by expanding professional development to include internal and external trainings that focus on instructional practices that reinforce standards-based mastery to support all sub-groups (SES, ELL, African American and Latino) by creating high engagement lessons.

An explanation of why the LEA has developed this goal.

TEACH Academy of Technologies has an eclectic teaching faculty, with varied levels of technology and Blended Learning experiences. As TEACH Academy of Technologies moves towards a Blended Learning and Project-Based Learning instructional model, professional development in these areas is critical to support all stakeholders in successfully addressing Common Core standards mastery for all students, including sub-groups (SES, ELL, African American, and Latino).

Student Demographic data informs the need to provide students with quality, research-based instructional practices that address multiple learning modalities, bridge gaps for low-performing students, address language acquisition, and prepare students to take action in their college and career choices:

Ninety-Seven percent (97%) Free/Reduced meals.

Diagnostic data indicates that approximately seventy percent (70%) of our students are performing below standard.

Eleven percent (11%) of student have an IEP

Fifty-two percent (52%) of our students are designated either EL (126) or RFEP (116)

Goal

Goal #	Description
4	Charter administration and school administration need to identify, prioritize, and plan appropriate onboarding professional development for new teachers, school administrators, and support staff to inform organization structures and school culture.

An explanation of why the LEA has developed this goal.

Rationale: Each year TEACH Academy of Technologies has experienced fifty to seventy percent (50%-70%) staff or faculty turnover. This high rate of turnover has been a result of the need to move locations until a permanent site was purchased as well as the inability to fill positions with high quality teachers and credentialed teachers and provide professional development to support new teacher success, given the demands of working in an urban school. To improve teacher retention, which leads to improved school culture, it is necessary to provide high quality, relevant onboarding to familiarize faculty and staff with:

California Standards for the Teaching Profession

TEACH observation protocols

Charter Petition

LAUSD's Oversight Reports

School's Action Plan for WASC accreditation

School history and culture

Schoolwide protocols and procedures

Acquisition of curriculum and instructional practices

Analyzing student demographic and assessment data

Opportunity to train on school platforms, create teacher website and set up learning environment

Opportunity to complete Safe Schools Training

Assure understanding of roles and responsibilities assigned

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (EC 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC 52064(b)(4-6)).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC 52064(b)(7)*).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures

- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations, Title 5 [5 CCR] Section 15496(b)* in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC Section 306*, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the "Increased or Improved Services" section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

Percentage to Increase or Improve Services: Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school

climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

“A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.”

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All", or by entering a specific student group or groups.
- **Increased / Improved:** Type "Yes" if the action is included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:

- **Scope:** The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense:** This column will be automatically calculated based on information provided in the following columns:
 - **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
 - **Total Non-Personnel:** This amount will be automatically calculated.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.

Plan Summary [2021-22]

General Information

A description of the LEA, its schools, and its students.

TEACH Tech Charter High School (TTCHS) is an independent public charter school located in South Los Angeles, California. TTCHS resides on 10616 S. Western Ave. in South Los Angeles between residential homes, small businesses, and in close proximity to a local community college (Los Angeles Southwest College). TTCHS serves approximately 433 students in grades 9-12 grade. Student demographics include: 12% Students with Special Needs, 17% English Language Learners; .04% Foster Youth; and 87.4% who qualify for free/reduced lunch.

TTCHS' Mission is to create a high-quality, innovative teaching and learning environment that focuses on literacy; integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students.

TTCHS' VISION seeks to establish a state-of-the-art community school in South Los Angeles that will equip students with the skills and habits of mind needed to compete in the 21st century. It will reach students of all backgrounds by teaching the whole child which includes the social, physical, emotional, moral, ethical, and intellectual needs of students so that upon graduation, the knowledge and the experiences acquired at this school site can be effectively applied to their daily lives.

TTCHS was created as the fruition of a dream of its two founders Longtime Los Angeles educators Mildred Cunningham and Edith Morris founded the school. The school was established with a vision of addressing the needs of the whole child, building children's character, and integrating state-of-the-art technology in instruction. The staff focuses on forging deep, lasting connections with their students. "We hug them, we love them, we teach them," says co-founder Cunningham. They created the middle school, Teach Academy of Technologies in 2010, and were able to expand into a high school in 2014. These two career educators started a middle school with the intention of building a high school to provide quality education for students in the historically disenfranchised community of South Los Angeles. The goal was and is still today to raise students to be scholars, who are prepared to enter college and the workforce, by creating an environment that touches the hearts and minds of our students. Teachers are encouraged to build positive relationships with students to help foster a sense of safety and security that promotes students flourishing and growing as individuals. Due to the small school size, students are well known in the school

community and TTCHS maintains a sense of family by building on staff and student relationships to maintain respect and discipline across campus.

The overwhelming majority of TTCHS students live in South Los Angeles within a three-mile radius of the main campus. The school opened in the Fall of 2014-2015 school year with 96 9th and 10th-grade students in a small bungalow-style structure with limited space for lunch, student gatherings, and exercise. After one year in that facility, the district purchased an 8.5-million dollar property approximately 1.6 miles south of the original location and we relocated for 2 years at this site. Over 80% of the students who were enrolled during the first year relocated to the newly acquired campus. Over the next two years, the school added grades 11 and 12 and more than doubled its enrollment. Enrollment increased again in 2017-18 when the school added more enrollment slots for grades 11 and 12. We were able to increase our enrollment to 415, and we will be operating at full capacity in Fall 2020.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

These reflections are based on the review of performance on the state indicators and local indicators included in the Dashboard for SY 19-20, progress towards LCAP goals, local self-assessment tools, and stakeholder input.

In 2019 TEACH Tech Charter High School we received Blue standing in our 1) Suspension Rate and a Green standing in the Graduation Rate.

Suspension Rate - Blue

Our suspension security rate was a huge focus at our previous WASC visit. So we created a goal to decrease our suspension rate which in turn successfully impacted our CA Dashboard.

Student behavior, school culture, safety, and security have been strong at TTCHS, therefore we have determined that we achieved this goal. It is no longer an area of focus, although we are conscious to maintain strong safety and security procedures.

TTCHS believes that character is important in addition to academics. We focus on 10 character pillars throughout the year, with a specific focus on a different pillar for each month. Teachers model these character pillars and they are discussed during professional development. Students who exemplify the character pillar of the month are recognized for it in our monthly assembly. Our character pillars are Integrity, Fairness, KindnessCooperation, Respectful Behavior, Hard Work, Personal and Community Responsibility, Dignity, Self-Discipline, Creative and Problem-Solving.

We specifically implemented PBIS Positive Behavior Intervention & Supports (PBIS) is a proactive approach that schools use to improve school safety and promote positive behavior. Teachers and campus aides received intensive PBIS training in 2019 and 2020. Evidence that

supports our progress in this area is as follows: Monthly detection dogs, 4 campus aides to support with security, security cameras, and partnership with Safe Passage. These tasks and resources have helped us to maintain a safe campus, which is measured through teacher narratives, student referrals and suspension data, and PBIS data. The implementation and acquisition of resources not previously used to enhance security demonstrate progress in this area. In addition, the climate of the school is safe and positive, so we are confident that this goal has been achieved.

Graduation - Green

Our college counselor works very hard to ensure that all students have what they need for graduation so she implements these 4 specific items to help students.

1. Manage the senior caseload
2. Meet with parents quarterly to discuss senior on-track status for graduation
3. Provide students with Apex course to recover any needed credits
4. Ensure that students are enrolled in summer school each summer that is needed

Chronic absenteeism was 2%

Attendance rate 97%

100% of students completed a-g requirements.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Referring to the Dashboard for 19-20 and current state and local performance indicators, and stakeholder input, TTCHS has identified areas of identified need.

In 2019 TEACH Tech Charter High School was in orange for 1) English Language Arts, 2) Math, and 3) College/Career. TEACH Tech is committed to increasing our school performance on the indicators of need.

The reason for this performance indicator is directly related to our student SBAC performance in English and Math. While we believe to some degree that the declines in SBAC scores do not provide the best tool for evaluating the school's academic performance. Further, CAASPP testing is a one-time snapshot of the current 11th-grade performance on an English and math standardized test. It doesn't actually speak to declines or increases in student performance, rather it compares one group of students to a prior years cohort. With cohorts of 61 in 2018 and 77 in 2019, and subgroups of often less than 20, 2-3 students can create double-digit swings in subgroup statistics. Each SBAC year there has been an increase in student enrollment, which increases the number of students testing and the number of students that may not be proficient.

Year 1 - 39 students
 Year 2 - 61 students
 Year 3 - 77 students

Twenty-five percent of that year's 11th-grade class were new enrollees to TEACH Tech. Many of those new students were limited English proficient. There were math staffing changes for students in previous years. Students that take Pre-Calculus are more likely to score advanced and proficient on the SBAC. The variables surrounding student achievement on SBAC are too numerous to make significant conclusions about instructional practices, especially given the sample sizes being utilized and the small differences in overall performance.

We are constantly analyzing and reflecting on student testing data and instructional practices as described in the answers below.

English Language Arts - Orange

As a result, we have taken the following 13 steps to increase our performance on the English SBAC.

1. Solidified the English department to include English teachers with +5 years of teaching experience.
2. Implemented Instructional Leadership Coach to support English team
3. Weekly lesson plan reviews, classroom observations, and digiCoach reviews
4. Focus on Reading and Writing through curriculum and digital platforms (Springboard, Read Theory, and StudySync)
5. Implementation of the PEEL writing strategy
6. Provide students with IEPs with extra assistance (Push in and Pull Out)
7. Assess students as soon as they enter 9th grade
8. Continued Professional Development for English Teachers
9. Share NWEA Growth with parents for reflection and review
10. Goal setting for students
11. Identify and assess incoming students and create remediation classes and/or other interventions for low-performing students.
12. Review of CAASPP performance data to identify topics and standards to focus on.
13. Create a list of ELA topics or standards for other departments to cover to support ELA.

Math - Orange

There were math staffing changes for students in previous years. This year we have a solid math department that are present daily and are working digitally to close student achievement gaps. In addition, students that take Pre-Calculus are more likely to score advanced and proficient on the SBAC so we need to adequately prepare more students to get to Pre-Calculus. While, the variables surrounding student achievement on SBAC are too numerous to make significant conclusions about instructional practices, especially given the sample sizes being utilized and the small differences in overall performance, we can proactively plan to close the math achievement gaps.

As a result, we have taken the following 11 steps to increase our performance on the Math SBAC.

1. Restructured Math Department to include math support in 9th and 10th grade (as needed)

2. Implemented Math Department Chair to support new math team
3. Weekly lesson plan reviews, classroom observations, and digiCoach reviews
4. Check for understanding in math class
5. Small groups and peer teaching
6. Provide students with IEPs with extra assistance (Push in and Pull Out)
7. Assess students as soon as they enter 9th grade
8. Assess students for Math Students (MDTP and NWEA)
9. Continued Professional Development for Math Teachers
10. Share NWEA Growth with parents for reflection and review
11. Goal setting for students

College/Career - Orange

While we are successful with meeting A-G requirements our SBAC scores in Math and English have played a large part in this data point. We have plans to increase student passage on the SBAC as stated above.

1. Manage the senior caseload
2. Meet with parents quarterly to discuss senior on-track status for graduation
3. Provide students with Apex course to recover any needed credits

CTE courses are not currently offered, 0% of students completed CTE courses and therefore 0% of students completed both a-g and CTE courses.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

This past year there was a lot that we had to do to keep our educational program operational and effective during COVID-19. Staff participated in a two-week professional development program before the start of the 20-21 school year. During this time teachers coverED key instructional practices for distance learning and how to best conduct a class via Zoom. The Principal and Instructional Coach led training on implementing Project-Based Learning virtually. Training included technology training conducted by the Director of Operations, Data & IT. Staff was provided with a laptop, phone or google voice number and hot spots (as needed). Teachers have access to document cameras, projectors, and another tech was needed. Tech support was provided by the Director of Operations, Data & IT, and the site-based IT Tech. In order for us to improve PD, we provided teachers with PD surveys after each period to evaluate the PD.

We have increased English learner Professional Development for teachers, staff, and families by a minimum of three specialized sessions to support distance learning by October 30th, 2020. We improved the quality of English learners and low-income Professional Development related to distance learning by surveying and interviewing teachers.

Our LCAP Goals, the instructional focus for the school year drives our professional development plan, and we identified 4 areas of focus that were introduced to teachers at the beginning of the school year. This includes 1. Student Engagement 2. PEEL Writing Strategy 3. Cultural Connections and 4. Check for Understanding. We revisited these priorities throughout the school year and in observations, feedback, and when reviewing teacher lesson plans. Professional development was held weekly on Fridays, and there are 5 full days of PD during the school year in addition to the two weeks of professional development in the beginning.

The LCAP Goals were revised in order to align with our school's mission, vision, WASC Action Plan, and state accountability plans. For each LCAP goal, are CDE required measurable outcomes with annual growth targets. Our goals are as follows:

- Goal #1: Implement an infrastructure of schoolwide data analysis in the post-pandemic era (including assessments to inform instructional decisions, longitudinal data tracking, and implementation of research-based intervention programs); in order to sustain our current RTI/MTSS Structured Program (that identifies, monitors, and provides appropriate academic and social-emotional supports); in order to ensure student academic growth and close the achievement gap among all subgroups. (Aligns with WASC Action Plan, 2,3)
- Goal #2: Implement a comprehensive, school-wide Professional Development Plan that includes the CCSS ELA/ELD/Math & NGSS, differentiation, and research-based instructional strategies to address the diverse learning needs of our (ELL, SPED, Foster, Homeless and Economically Disadvantaged and Gifted) students and supports teachers to be effective educators. Implement an instructional day that provides students with a rigorous common core aligned curriculum across all disciplines, and instruction that includes culturally relevant and extended learning experiences that encourages student engagement elicits critical thinking, and problem-solving. (Aligns with WASC Action Plan 2,3)
- Goal #3: Engage parents as active partners through communication, and collaboration, workshops, School Site Council, Parent Meetings, and English Learner Advisory Committee Meetings, to ensure that all students are college and career ready. Provide students with a safe, welcoming, and inclusive, positive learning environment that exudes a culture of high expectations and a culture of respect. (Aligns with WASC Action Plan 1,4)

Here are some specific goal highlights:

Goal 1 Highlights: instruction is one of our top priorities this school year. The principal has an instructional focus for implementation. The instructional focus includes teacher lesson planning through data-driven instruction, coaching, and feedback with a focus on synthesizing information with evidence-based claims. In terms of 21st-century skills, we will be receiving additional PBL training on 21st-century skills in January to continue to implement 21st-century skills. When teachers complete their weekly lesson plan, teachers must plan with individual and subgroups of students in mind. For example, with English Learners, we ensure that EL students receive the appropriate in-class and out-of-class instructional support through our professional development for teachers, classroom observations, and feedback from students and their families. All teachers plan with our EL subgroups in mind. In terms of adjustments are implemented based on the progress shown in student achievement data, work samples, and observation notes.

Goal 2 Highlights: We are in year one of Illuminate implementation. Illuminate will allow us to store all student data for analysis and

distribution. The second phase is to roll out the students and family portal. Our college counselors and deans use all data points to support students. The principal also works with the Director of Operations, Data, and Technology to retrieve and analyze student data prior to all Board meetings. The assistant principal runs reports on culture and discipline.

Goal 3 Highlights: Engaging families has been a top priority for the new administration team. We have held coffee with the principals each month, school-site council meetings, ELAC's and grade level meetings. An area of growth is our ELAC meetings. We have finally found a core group of parents willing to meet to discuss EL data.

TEACH Tech Charter School will implement the actions and services outlined in this LCAP to improve student academic outcomes, retain highly effective teachers and strengthen the capacity of our Leadership Team to ensure that our school prepares every student for College and Career Readiness.

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

At TEACH Tech we understand the importance of engaging stakeholders in the LCAP updates.

All stakeholders were involved in reviewing and revising our LCAP Goals and action steps. These stakeholders include teachers, principals, administrators, non-teaching staff, parents and students. When developing the LCAP the school principal and administrators worked together to carefully review our school data and recommendations from all stakeholders. Specifically, feedback was solicited from staff, parents, and students to review our school data and share their suggestions on what we should focus on and how we can reach our goals. These suggestions were taken into consideration as we revised the goals and action steps. We will continue to make refinements yearly.

This year, the LCAP Goals and progress were shared with parents during parent meetings, School Site Council, and Coffee with the Principal. After our administrative team shared the goals and action items with parents, they were given an opportunity to share their input. This feedback was used to make additional refinements to our LCAP. While the principal took on a leadership role on engaging stakeholders, the assistant principal and instructional leadership coach worked to revise the goals and action items as a result of stakeholder feedback.

Specifically, the School Principal consulted with all stakeholders in the LCAP annual review and analysis in the following list of meetings this school year:

- Monthly meetings with parents
- Board meetings – monthly
- Professional Development at the beginning of the year, mid-year, and end of the year.
- Discussions with students during informal meetings (due to COVID)

A summary of the feedback provided by specific stakeholder groups.

This year we specifically focused on revamping our Goals.

Teachers gave great feedback on the refinement of our goals during PD. Specifically, our goals were defined as such.

Parents agreed with the change of the introductory verbs change on the goals. For example, changing "develop" to "implement."

A description of the aspects of the LCAP that were influenced by specific stakeholder input.

(Aligns with WASC Action Plan, 2,3)

An explanation of why the LEA has developed this goal.

This goal was previously developed and revised in collaboration with parents and teachers. This goal is still relevant, however, we have included a new focus "the post-pandemic era." Many of our students and their families struggle during the pandemic and we need to be able to assess and provide academic and socio-economic supports as we transition out of this historic time period. We had to think on our feet during the pandemic era, we specifically did the following. Staff participated in a two-week professional development program before the start of the 20-21 school year. During this time teachers covered key instructional practices for distance learning and how to best conduct a class via Zoom. The Principal and Instructional Coach led training on implementing Project-Based Learning virtually. Training included technology training conducted by the Director of Operations, Data & IT. Tech support will be provided by the Director of Operations, Data & It, and the site-based IT Tech. In order for us to improve PD, we provide teachers with PD surveys after each period to evaluate the PD. Now we have to monitor and provide supports for the "post-pandemic era."

Further, these goals align with our WASC Action Plan.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (EC 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC 52064(b)(4-6)).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC 52064(b)(7)*).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC 52064(e)(1)*). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures

- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations, Title 5 [5 CCR] Section 15496(b)* in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC Section 306*, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the "Increased or Improved Services" section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

Percentage to Increase or Improve Services: Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school

climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

“A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.”

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All", or by entering a specific student group or groups.
- **Increased / Improved:** Type "Yes" if the action is included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:

- **Scope:** The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense:** This column will be automatically calculated based on information provided in the following columns:
 - **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
 - **Total Non-Personnel:** This amount will be automatically calculated.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.

Plan Summary [2021-22]

General Information

A description of the LEA, its schools, and its students.

TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary ("TEACH Prep ES") will serve approximately 400 students in grades TK-5 at capacity. We anticipate the student population will be similar to the demographics of the students enrolled our sister schools, TEACH Academy of Technologies (a Middle School) and TEACH Tech Charter High School (with a higher percentage of ELs due to the younger age of the students), and similar to the surrounding schools' demographics: roughly 93% FRPL, 37% ELs, 11% SpEd, 65% Hispanic/Latino and 33% African American. As evidenced by crime, income and other data from the surrounding community, we know our students face significant challenges outside of school: significant poverty, high crime rates, gang involvement/gang activity in their neighborhoods, drug and alcohol use, and more. The typical student attending TEACH Public Schools comes from a socioeconomically marginalized community where low student achievement and low expectations are entrenched. As evidenced above, they come from low income families where educational attainment is minimal, and most of our students need deep academic intervention. Our small school setting will be a welcome alternative for our families who seek a more personalized environment for their children.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

TEACH Preparatory Mildred S. Cunningham and Edith H. Morris Elementary School ("TEACH Prep ES") opened in the 2018-2019 School Year and was hit with the pandemic in its second year of operation. During this time, TEACH Prep ES, exhibited a high level of flexibility and response to changing circumstances with a focus on addressing the unique needs of students in the community. Staff participated in professional development program prior to the 20-21 school year. Teachers learned how key strategies for delivering instruction online and best practices for conducting class over zoom. Training included technology support and supplies for both teachers and students.

In the absence of state and local indicators on the California Dashboard, TEACH Prep ES has used available state and local data and stakeholder input to identify successes in addition to those described above. Successes at TEACH Prep ES during the pandemic include maintaining student and family engagement, maintaining positive teacher- student relationships and keeping students actively engaged in rigorous online lessons. These successes are captured in parent and family feedback and participation levels and consistent student enrollment and virtual classroom engagement.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

As a new school that opened in SY 18-19, with no California Dashboard data for 19-20, (or colored performance indicators) TEACH Prep ES has relied on local school data and stakeholder input to inform the needs and goals reflected in this LCAP. The needs reflect those of a new and growing school and include a focus on building staff to provide instructional support to low-income, EL and SPED students, increasing the number of highly effective classroom teachers, focusing on implementing a rigorous standards-based curriculum and continuing to develop strong relationships with families and stakeholders.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The key features of this year's LCAP include:

- All TEACH ES students will have access to a high-quality education program taught by highly qualified teachers.
- Every TEACH ES student will have the right to a rigorous, data-driven, college-preparatory instructional program with technology integration and project-based learning opportunities.
- TEACH ES will foster parent, community and student engagement in school life and high rates of stakeholder satisfaction.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

TEACH Prep ES has not been identified as a CSI school.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

TEACH Prep ES used a wide range of strategies to engage stakeholders in the development of the LCAP which included venues for Principals, teachers, administrators, other school personnel, students and parents. School staff was involved in providing feedback throughout the process during regular staff meetings and professional development. Principals worked with district personnel to refine the goals and provide input. Students and families provided input through surveys and informal interviews.

A summary of the feedback provided by specific stakeholder groups.

Teacher, Principal and staff feedback shaped the focus of the LCAP goals and included adding instructional support staff to focus on academic attainment of low socio-economic, EL and SPED students. Parent and student feedback is represented strongly in goal 3 which focuses on implementing a broad range of opportunities for students including music and art, technology to support the communication between parents and the school, and resources at the school site to increase parent engagement.

A description of the aspects of the LCAP that were influenced by specific stakeholder input.

Goal 3 actions - increasing the range of education opportunities for students by adding music and/or art was influenced by parents and students

Goal 1 actions designed to increase teacher capacity to deliver quality instruction was influenced by faculty

Goal 2 actions designed to support student subgroup achievement and standards-based instruction was shaped by school administrators

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Add new resource teacher (.5 FTE), one full time (1FTE) resource teacher to directly support SPED students
- Add EL Coordinator to specifically support EL students and work with EL families
- Map NWEA benchmark testing to support instruction to low-income students
- Technology based curriculum subscriptions (Edgenuity, Boardwalks, ZingyLearning to support instruction to low-income students
- Chromebooks and other technology to support learning for all unduplicated students

- Parent resources and workshops to support parents of EL students, foster parents, and low-income families

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Services for foster youth, English learners and low-income students are being increased by the required percentage through the hiring of specific personnel to support student subgroups, the implementation of new instructional materials and technology to target the learning needs of EL students, and low-income students; hiring resource teachers for in-classroom and individual instruction to student subgroups that have academic deficiencies.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (EC 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC 52064(b)(4-6)).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC 52064(b)(7)*).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures

- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the "Increased or Improved Services" section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

Percentage to Increase or Improve Services: Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school

climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

“A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.”

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All", or by entering a specific student group or groups.
- **Increased / Improved:** Type "Yes" if the action is included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:

- **Scope:** The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense:** This column will be automatically calculated based on information provided in the following columns:
 - **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
 - **Total Non-Personnel:** This amount will be automatically calculated.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.

INDEPENDENT STUDY BOARD POLICY

TEACH Public Schools (the “School”) may offer independent study to meet the short or long- term educational needs of pupils enrolled in the School. Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. The School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following policies apply to all pupils participating in independent study at the School:

Each student’s independent study shall be coordinated, evaluated, and carried out under the general supervision of an assigned certificated employee.

Maximum Length of Assignment: For students in all programs of independent study, the maximum length of time that may elapse between the time an independent study assignment is made and the date by which the student must complete the assigned work shall be as follows:

- For pupils in kindergarten and grades one through three, **15 school days**
- For pupils in grades four through eight, **15 school days**
- For students in grades nine through twelve, **15 school days**

When special or extenuating circumstances justify a longer time for individual students, the Executive Director or their designee may approve a period not to exceed **30 school days**.

Evaluation to Determine Best Interests: The Principal or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:

- When any pupil fails to complete **2 assignments** during any period of **15 school days**.
- In the event pupil’s educational progress falls below satisfactory levels as determined by the School’s MTSS Policy which considers ALL of the following indicators:
 - i. The pupil’s achievement and engagement in the independent study program, as indicated by the pupil’s performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
 - ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
 - iii. Learning required concepts, as determined by the supervising teacher.
 - iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

A written record of the findings of any evaluation made pursuant to this policy shall be treated as a mandatory interim pupil record and maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

Grade Level Standards: The School shall provide content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the School for graduation and approved by the UC or CSU as credible under the A-G admissions criteria.

Tiered Re-Engagement Strategies:

The School has adopted tiered reengagement strategies for all pupils who meet any of the following criteria:

- 1) Pupils who are not generating attendance for more than three (3) school days or 60% of the instructional days in a school week, or who are in violation of the written agreement pursuant to Education Code Section 51747(g);
- 2) Pupils who do not generate attendance for ten percent (10%) of required instructional time for over four continuous weeks of the school's approved instructional calendar; or
- 3) Pupils who are not participatory in live interaction or synchronous instruction for more than three school days or for 60% of the scheduled days of synchronous instruction in a school month pursuant to recently-imposed mandates to offer such instruction.

For any pupils who meet one or more of the above criteria, the following procedures will be implemented:

- Verification of current contact information for each enrolled pupil;
- Notification to parents or guardians of lack of participation within one school day of the absence or lack of participation;
- Outreach from the School to determine pupil needs including connection with health and social services as necessary;
- When the evaluation described under paragraph iv. in the "*Missed Assignments*" section above is triggered to consider whether remaining in independent study is in the best interest of the pupil, a pupil-parent-education conference shall be required to review a pupil's written agreement and reconsider the independent study program's impact on the pupil's achievement and well-being. This conference shall be a meeting involving, at a minimum, all parties who signed the pupil's written independent study agreement.¹

Synchronous Instruction and Live Interaction: The following plan shall be in place in accordance with Education Code Section 51747(e) for synchronous instruction and live interaction:

For pupils in transitional kindergarten through grade 3, inclusive, the plan to provide opportunities for daily synchronous instruction for all pupils throughout the school year by each pupil's assigned supervising teacher shall be as follows:

- All independent study students will receive daily synchronous instruction with teachers from 8:10am - 2:30pm via Zoom. Students will be expected to follow the in person bell schedule while working independently via computer. Teachers will instruct the independent studies students at the same time as the in person students. Students will also have access to teacher PowerPoint, lessons and resources on Schoology.

For pupils in grades 4-8, inclusive, the plan to provide opportunities for daily live interaction between the pupil and a certificated or non-certificated employee of the School and at least weekly synchronous instruction for all pupils throughout the school year by each pupil's assigned supervising teacher shall be as follows:

- Daily live interaction will be provided during Advisory via Zoom. The Student is expected to log into their Advisory Zoom class promptly at the beginning of the day for the duration

¹ The tiered reengagement strategies shall not apply to pupils who participate in an independent study program for

of Advisory, 8:00 a.m. - 8:30 a.m. The Student is expected to follow the school policies and procedure regarding school uniform, classroom expectations and Zoom protocols and be prepared for academic engagement.

- Weekly synchronous instruction will be provided via Zoom during instructional hours. The Student is expected to adhere to classroom and school policies and procedures as related to school uniform, classroom expectations and Zoom protocols and be prepared for academic engagement. Students are expected to independently follow the appropriate Bell Schedule and arrive to the Zoom session on time. Students will have access to the instructional materials on teachers' Weebly websites and are expected to access and complete the assignment on a daily basis.

For pupils in grades 9-12, inclusive, the plan to provide opportunities for at least weekly synchronous instruction for all pupils throughout the school year by each pupil's assigned supervising teacher shall be as follows:

- All independent study students will receive daily synchronous instruction with teachers from 8am - 3:30pm via Zoom. Students will be expected to follow the in person bell schedule while working independently via computer. Teachers will instruct the independent studies students at the same time as the in person students. Students will also have access to teacher PowerPoint, lessons and resources on Schoology.

Plan for Transition: The following plan shall be utilized to transition pupils whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days²: If at any time a family wants to return to in person instruction they can do so via written request to the school principal. The school principal will arrange for the student to return to in person learning within five instructional days.

Agreement: (5 C.C.R. § 11702) A current written agreement for each independent study pupil shall be maintained on file for each participating student. Each agreement shall be signed, dated and in effect prior to the start of reporting attendance (ADA) pursuant to that agreement. The independent study agreement for a student will require and cover a study plan that represents the same amount of study that would be required of a student in the classroom and be consistent with the School curriculum and course of study of students participating in the regular classroom setting.

Agreement Content: Each independent study written agreement shall contain all of the following provisions:

- The manner, time, frequency, and place for submitting a pupil's assignments, for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.
- The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.
- The specific resources, including materials and personnel that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.

² The plan to transition pupils whose families wish to return to in-person instruction shall not apply to pupils who

- A statement of the policies adopted pursuant to Education Code Section 51747, subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.
- The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.
- A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
- A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.
- The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.
- Each written agreement shall be signed, before the commencement of independent study, by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil. For purposes of this paragraph "caregiver" means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code.

Written agreements may include subsidiary agreements, such as course contracts and assignment and work records.

The School shall comply with the Education Code sections 51745 through 51749.3 and the provisions of the Charter Schools Act of 1992 and the State Board of Education regulations adopted thereunder. The Executive Director shall establish regulations to implement these policies in accordance with the law.

DRAFT

COVID-19 Vaccination and Testing Policy

Following the broad precedent of the mandatory COVID-19 vaccination and testing resolution adopted by LAUSD on September 12, 2021, TEACH Public Charter Schools will adhere to the following policy related to Covid-19 vaccinations and testing:

1. All students who are eligible to receive the COVID-19 vaccine, excluding those students with qualified and approved exemptions, are required to become vaccinated as a mandatory precondition to accessing on-site education. Students who are vaccine-eligible and attending school on-site and/or are part of in-person extracurricular programs must receive their first dose of the vaccine by November 26, 2021 and their second dose of the vaccine no later than December 17, 2021.
2. All faculty and staff who serve at any school site and who are eligible to receive the COVID-19 vaccine, excluding those faculty and staff with qualified and approved exemptions, are required to become vaccinated as a mandatory condition of employment. Employees must receive their first dose of the vaccine by November 26, 2021 and their second dose of the vaccine no later than December 17, 2021.
3. Exemptions will be granted to students with a verifiable medical condition that prevents them from receiving the COVID-19 vaccine, or if the student or their parent sincerely holds a religious conviction that prevents the student from receiving the vaccine. An exemption request form will be available on the school's website and should be submitted to COO/CFO Matt Brown at MBrown@teachps.org
4. Exemptions will be granted for faculty and staff serving at the school sites that have a verifiable medical condition or sincerely held religious belief that prevents them from receiving the COVID-19 vaccine. Exemption forms will be available on the school's website and should be submitted to Matt Brown at MBrown@teachps.org.
5. A Waiver Committee comprised of the CEO, COO, Director of HR, and two board members will convene privately and use guidance published by the Equal Employment Opportunity Commission to guide its analysis when deciding to grant a waiver. If appropriate, the committee will consult with a religious leader from the waiver applicant's faith to provide context and background.
6. Further, All students and employees serving at the school sites will be required to adhere to testing and mask requirements without regard to vaccination status. The frequency of required testing will be adjusted based on the rate of positive cases in the broader community and will be reassessed and adjusted on a regular basis.
