Board of Directors

Dear Students and Families,

The Board of Directors of TEACH Public Schools is a policy-making board which oversees the fundamental aspects of the School. The Board, when fully constituted, shall be composed of at least five (5) and no more than nine (9) directors, including parents and community members. Board members shall have expertise in finance, law, non-profit governance, fundraising, school leadership, and academic program development. It shall consist of at least three members with career public school teaching experience, one member with legal background, one member representing the business community, one member representing parents, and one member with governmental experience. The members will have a two-year term. The TEACH Public Schools Principal and the Executive Directors shall be ex officio members of the Board. In accordance with Education Code Section 47604(b), the authority that grants the charter to a charter school to be operated by a nonprofit public benefit corporation shall be entitled to a single representative on the Board of Directors of the School. There shall be a non-voting member of LAUSD on the Board of Directors, as appointed by the District.

ANNUAL NOTIFICATION AND GUIDELINES

This Student Family Handbook enumerates sections of the Education Code that require annual parent guardian notification. (Education Code 48980[a])

California state law governs the basic operation of public schools, and the legislature regularly passes new laws affecting the quality and availability of education, as well as laws mandating that local school districts undertake new responsibilities.

These laws often require that TEACH adequately inform parents of the opportunities and protection to which they are entitled. TEACH complies with this by providing families with this Annual Notification in the Student Family Handbook at the beginning of each school year and by issuing the same publication to new families as they enter TEACH schools during the year.

The following contains a summary of state law provisions with which all parents and guardians should be familiar. In some cases, the laws have been summarized, and the precise code number has been provided should parents require more detailed information. "Education Code" is the area of state law that affects education most directly.

The Student Family Handbook will be published annually. All registered families of TEACH Public Schools will indicate their willingness to be governed by the Student Family Handbook by signing annually a written statement to that effect. The Administration reserves the right to amend the Handbook at any time for just cause. Parents of TEACH Public Schools students will be notified of the changes, in writing, in a timely manner.

Letter From the Principal

Dear TEACH Academy of Technologies Families,

Hello my name is Maricela “Marci” Williams. I am the PROUD principal of TEACH Academy of Technologies. I am a passionate educator who has served the Los Angeles area since 1996. I come with a strong background in instruction and curriculum. I believe ALL students can learn when they are provided with sound instruction and a safe environment. This is what I am committed to do at TEACH Academy of Technologies.

As I join the TEACH community, we have begun a new era; the era of TEACH 3.0! It is an era of growth, an era of collaboration, and an era of accountability. I am very excited to be part of this opportunity. At TAT student achievement will continue to be our focus. We will continue to aim to improve the quality of instruction for all of our students by having our teachers work in professional learning communities (PLCs) and use the cycle of continuous improvement. To this end, teachers will work and learn collaboratively about the latest research in pedagogical practices in a cohesive and systemic manner. We will continue to strive for excellence and provide effective instruction to ensure all students at TEACH reach their academic goals. We will establish a well-rounded approach to ensure that the whole child is served.

This year we will analyze data and use systemic approaches to respond as we go through the WASC accreditation review. Throughout this critical process we will need the support and input of our families and all stakeholders. I believe in maintaining a strong partnership with our families and the community which research has shown to always be the key to student success. I am excited to work collaboratively with you and our professional staff to help our students achieve their highest potential. Please come find out how you can help us help your child. As you help us help your child ensure to do the following:

- *Ask your student what he/she learned at school each day.
- *Read with your student at least 20 minutes daily.
- *Set up a designated place at home for homework.
- *Keep in touch with us.

Please reach out to say hello, ask questions, or share your concerns. You may reach me by visiting our school or by calling the main office at 323-872-0809. Through a close partnership with all stakeholders at TEACH Academy of Technologies, I am confident that we will have a very successful school year! GO RAMS!

Equal Educational Opportunities- Gender Equity

No student shall, on the basis of his or her identified gender, be denied equal access to programs, activities, services or benefits, or be limited in the exercise of any right, privilege, advantage or opportunity. The Executive Director shall appoint a uniform complaint coordinator for nondiscrimination for the school. Students and parents shall be notified annually of their right to initiate a grievance or complaint of illegal discrimination and of the coordinator to whom such complaints shall be directed.

Within seven (7) calendar days of receiving a grievance or complaint of illegal discrimination, the coordinator shall send a copy of the school's written grievance procedure to the complainant. The coordinator shall investigate the nature and validity of the grievance with those responsible for the program or activity cited by the complainant. The coordinator may seek advice from related state agencies or legal counsel. Within sixty (60) days of receiving the grievance, the coordinator shall render a written decision, including the steps to be taken for further appeal of that decision.

Student Bullying, Harassment, or Intimidation

A person is bullied when he/she is exposed to intentional negative actions on the part of one or more students, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected. Bullying often occurs repeatedly and over time.

A person is harassed when he/she perceives or actually experiences discomfort with identity issues in regard to race, color, national origin, gender, disability, sexual orientation, religion, or other identifying characteristics, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected.

A person is intimidated when he/she is subjected to intentional action that seriously threatens and induces a sense of fear and/or inferiority, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected. Library/Textbooks

TEACH Academy of Technologies focuses on literacy. Excellent reading materials will be provided for students at school. Continuous efforts will be made to teach and model proper use and care of all school books, materials, equipment, and supplies. Students and parents will be held financially responsible for any willful or unnecessary damage to or loss of books, materials, equipment, and supplies belonging to TEACH Academy of Technologies.

If a student should damage or lose a textbook, digital equipment, or classroom supplies, he/she will need to pay the cost of the repairs or replacement. Parents and students will meet with the Principal to go over the damage/loss as well as the repayment or replacement of the materials.

Parents are encouraged to take their children to the public library at least twice a month.

Mental Health Services

Counseling Program

The social and emotional health of our children is primary. All of our students are valued and their health is key to their academic success, both current and future. TEACH Academy of Technologies has two in-house counselors, one for 5th and 6th grade and one for 7th and 8th grade. Group and individual counseling is available for students at the school. Students may be referred by any faculty or staff member, by parents or requested by a student themselves. A referral for counseling does not mean that the student will receive counseling. Depending on the referral and the circumstance for

the referral, an initial meeting is held with either the student or the parent or both, to assess the need for formal counseling. Written parental consent must be given in order for students to participate in any Counseling Program.

Health and Safety

Emergency Numbers

For the safety of every child, it is very important that parents complete the Emergency Card providing the school with an emergency telephone number so that someone may be notified in case of an emergency. This card should be signed and dated. The card will be maintained on file to use in the event of an emergency.

If no telephone is in the home, a telephone number of a relative or family friend must be provided. Any change in address, telephone number, parent's work, physician, or name of the person or persons authorized to pick the child up if the parent is ill or injured should be reported to the office immediately.

Accidents

Although TEACH Academy of Technologies makes every reasonable effort to prevent student accidents and injuries, accidents occur. The Principal or designee shall develop procedures to ensure that first aid and/or medical attention is provided as quickly as possible and that parents/guardians are notified of accidents. Universal precautions shall be observed whenever it is possible that students, employees or others may have contact with blood or body fluids as a result of the accident. TEACH Academy of Technologies staff shall appropriately report and document student accidents.

Health Services

TEACH Academy of Technologies is regulated by the State Department of Health Services. All facility inspection reports are available upon request. The health and safety of each student is the foremost responsibility of the school. Health services will be made available to any student needing it. If a student becomes ill at school, and needs assistance, he/she should inform the teacher to receive a referral to go to the office. All injuries must be reported to the teacher. If injuries occur after school they must be reported to the After School Director, after school aide or to the Principal.

It is necessary for current emergency information to be on file at all times. Parents must up-date emergency information on a regular basis.

Immunizations / Physical Exams Applicability

This policy applies to all applicants to TEACH Academy of Technologies and the administration of the school in charge of admissions.

Immunizations

TEACH Academy of Technologies will adhere to all laws related to legally required immunizations for entering students pursuant to Health and Safety Code Section 120325-120375, and Title 17, California Code of Regulations Section 6000-6075.

California law requires that an immunization record be presented to the school staff before a child can be enrolled in school. TEACH Academy of Technologies requires written verification from a doctor or immunization clinic of the following immunizations:

- Diphtheria.
- Measles.
- Mumps, except for children who have reached the age of seven years.

- Pertussis (whooping cough), except for children who have reached the age of seven years.
Poliomyelitis.
- Rubella.
- Tetanus.
- Hepatitis B.
- Varicella (chickenpox), (persons already admitted into California public or private schools at the Kindergarten level or above before July 1, 2001, shall be exempt from the Varicella immunization requirement for school entry).

School verification of immunizations is to be by written medical records from your doctor or immunization clinic.

Exceptions are allowed under the following conditions:

The parent provides a signed doctor's statement verifying that the child is to be exempted from immunizations for medical reasons. This statement must contain a statement identifying the specific nature and probable duration of the medical condition.

- A parent may request exemption of their child from immunization for personal beliefs.
- Pupils who fail to complete the series of required immunizations within the specified time allowed under the law will be denied enrollment until the series has been completed.

Any child leaving the United States for a short vacation to any country considered by the Center of Disease Control and Prevention (CDC) to have increased risk of TB exposure (such as Mexico, the Philippines, India or Southeast Asia) MUST call the County Tuberculosis Clinic, for a TB Screening upon return.

Physical Examinations

All pupils are to have completed a health screening examination on or before the day after the pupil's entrance into first grade or such pupils must have obtained a waiver pursuant to Health and Safety Code Section 124085. This examination can be obtained from your family physician or possibly through the services provided by your County Health Department. Information and forms are distributed to pupils enrolled in kindergarten.

Failure to obtain an examination for your child or a waiver will result in your child being denied enrollment.

If your child's medical status changes, please provide the office with a physician's written verification of the medical issue, especially if it impacts in any way your child's ability to perform schoolwork.

Communicable, Contagious, or Infectious Disease Prevention Policy

TEACH Academy of Technologies recognizes its shared responsibility with the home and the community to promote appropriate disease prevention procedures in the handling and the cleaning up of blood and body fluids.

The Board desires to protect the entire school community without segregation, discrimination or stigma. Accordingly, infectious disease prevention shall be taught regardless of whether a student or adult is known to have an identified infectious disease. All students and employees shall be provided appropriate periodic instruction in basic procedures recommended by the State Department of Education and other public health agencies and associations.

Incidence and transmission of communicable diseases will be further limited through a rigorous program of immunization and health screening required of all students, faculty, and staff. (See "Immunizations I Physical Exams" Policy) Students found to have communicable diseases will be included in all activities deemed by a physician to present no hazard of infection to other students.

Physical Education

Students are required to participate in daily physical education activities. A varied program provides for participation geared toward individual growth and development. If a student is recovering from a minor illness, he/she may be excused from physical education for one to three days in a semester at the parent's request. If a student needs to be excused from

physical education for longer than three days in congruence in a semester, a doctor's note is required. For student safety, tennis shoes are required for physical education class.

Students excused from physical education, due to medical reasons, will be required to complete and to submit written work assigned by the physical education instructor. Students excused from physical education, due to medical reasons, may not participate in an athletic event that day.

Science Laboratory Instruction

Students involved in science laboratory experiences shall be protected from contamination from body fluids of other persons and from contaminated instruments. Whenever possible, laboratory experiences involving body fluids will be conducted by way of teacher demonstration rather than by student participation.

Injuries and Accidents

Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures. (See "Blood borne Pathogen Exposure Control Program" Policy)

Illness

If a child is ill he or she MUST NOT BE SENT TO SCHOOL. Students who contract a contagious disease such as pink eye, chicken pox, ringworm, impetigo, head lice or other such conditions SHALL NOT ATTEND SCHOOL. The child must remain at home until he or she is no longer contagious and declared healthy by a health professional. A doctor's note is required for the student to return to school.

Medication at School

Students are not permitted to carry medication (including inhalers for asthma). If a doctor's note is on file, the Office Manager will be permitted to dispense the medication to the student.

The Office Manager and the student's teacher must be informed of any prescription medication that a student is required to take at school. To dispense prescription medication to students, the school must receive a written order from the student's doctor and a permission slip from the student's parent. These notifications must remain on file at the school for the duration of time that the student is required to take the medication. All medication should be brought to the office manager by the parent/guardian in its original prescription container, labeled with the student's name, the name of the medication, the date of expiration, and the proper dosage. If medication needs to be administered to the child when the Office manager is not present, a trained staff member will administer the medication.

Administration of Medications

TEACH Academy of Technologies staff is responsible for the administration of medication to students attending school during regular school hours. It is imperative that practices followed in the administration of medication be carefully delineated to ensure the safety of our students and the legal protection of our employees. Any pupil who is required to take, during the regular school day, medication prescribed for him or her by a physician or surgeon, may be assisted by designated school personnel or may carry and self-administer prescription auto-injectable epinephrine if the TEACH Academy of Technologies receives the appropriate written statements

In order for a pupil to carry and self-administer prescription auto-injectable epinephrine, TEACH Academy of Technologies shall obtain both a written statement from the physician or surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine, along with a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing TEACH Academy of Technologies and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication.

In order for a pupil to be assisted by designated school personnel, TEACH Academy of Technologies shall obtain both a written statement from the physician detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken and a written statement from the parent, foster parent, or guardian of the pupil indicating the desire that TEACH Academy of Technologies assist the pupil in the matters set forth in the statement of the physician.

Guidelines:

- The primary responsibility for the administration of medication rests with the parent/guardian, student and medical professional.
- Medication shall be administered only during school hours if determined by a physician to be necessary.
- Designated staff shall keep records of medication administered at the school.
- All medication will be kept in a secure and appropriate storage location and administered per physician's instructions by appropriately designated staff.
- Designated staff shall return all surplus medication to the parent/guardian upon completion of the regimen or prior to summer holidays.
- Designated staff shall establish emergency procedures for specific medical conditions that require an immediate response (i.e. allergies, asthma, diabetes).
- The written statements specified in this policy shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes.
- A pupil may be subject to disciplinary action if that pupil uses auto-injectable epinephrine in a manner other than as prescribed.

Medication Policy

The following procedures will be in effect for the monitoring and use of medication at school:

- Medication will only be allowed at school when failure to take medication could jeopardize the health and/or educational abilities of the student.
- Medication is restricted to students with long-term chronic illnesses or disabilities including, but not limited to, diabetes, attention disorders, asthma, seizure activity, epilepsy, cystic fibrosis, cardiac, neurological, and endocrine disorders. Any other medications should be given by parents/guardians before and/or after school hours.
- No medicines may be administered at school unless directed by a doctor.
- The student must have a medical form completed by the attending physician and his/her parents or guardian on file with the school office.
- All medicine must be in a labeled prescription container and must be kept in the designated place in each building. All asthma inhalers should be kept in the office (labeled) unless a note from a doctor states the inhaler should be kept on the person
- Instructions for dispensing, as well as a date, must be on the container
- Students are expected to take their medication during passing times or lunch times.
- Students are to remember the conditions under which they are to request their medicine. • Teachers or other personnel are not required to administer the medicine. They may, however, supervise the student taking the medicine.

Guidelines to Help Promote a Healthy Environment

Children are most vulnerable to contracting diseases while in school because of the close contact they maintain. While we cannot prevent this from occurring, with your help we can implement some simple guidelines to help promote a healthy environment.

1. Teach your child the importance of correct hand washing as a means of preventing the spread of germs. 2. Proper disposal of tissues and covering one's mouth when coughing also prevents germs from circulating. 3. If your child is coughing excessively, keep him or her home to prevent exposure to other children. 4. A child should be fever free for 24

hours before returning to school. Temperature may indicate the onset of an illness. 5. A child should remain home if he or she has vomited or experienced diarrhea within a 24-hour period. 6. Communication is essential to maintaining a healthy environment. Please report any contagious diseases your child has been diagnosed to have (e.g., strep throat, chicken pox, pink eye, etc.). The more we know, the better prepared we are to keep your child on the road to good health. When necessary, notices containing information regarding health matters will be sent home

First Aid, CPR, and Health Screening

TEACH Academy of Technologies recognizes the importance of taking appropriate preventive or remedial measures to minimize accidents or illness at school or during school-sponsored activities. To this end, TEACH Academy of Technologies expects parents/guardians to provide emergency information and keep such information current in order to facilitate immediate contact with parents/guardians if an accident or illness occurs.

Within the TEACH Academy of Technologies facilities, a First Aid Kit containing appropriate supplies will be present. First aid will be administered whenever necessary by trained staff members. When necessary, the appropriate emergency personnel will be called to assist.

All teachers are to be certified in adult and pediatric CPR and First Aid and be re-certified prior to expiration of certificates. Opportunities for adult and pediatric CPR and First Aid training will be offered to all support staff and volunteers.

Resuscitation Orders

School employees are trained and expected to respond to emergency situations without discrimination. If any student needs resuscitation, staff shall make every effort to resuscitate him/her. Staff members are prohibited from accepting or following any parental or medical "do not resuscitate" orders. School staff should not be placed in the position of determining whether such orders should be followed, and such Advance Directives shall not be communicated to staff. The Principal, or designee, shall ensure that all parents/guardians are informed of this policy.

Head Lice

To prevent the spread of head lice infestations, TEACH Academy of Technologies employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse, or designee, shall examine the student and any siblings of affected students or members of the same household. If nits or lice are found, the student shall be excluded from attendance and parents/guardians informed about recommended treatment procedures and sources of further information.

The Principal, or designee, shall send home the notification required by law for excluded students. If there are two or more students affected in any learning center, an exposure notice with information about head lice shall be sent home to all parents/guardians of those students.

Staff shall maintain the privacy of students identified as having head lice and excluded from attendance. Excluded students may return to school when reexamined by the nurse, or designee, showing that all nits and lice have been removed.

Releasing Students

If a student becomes too ill to remain in school, a staff member will contact the parents by telephone. The parent is required to pick the child up or arrange for the child to be picked up by an authorized person. Parents must have the name and contact telephone number of an authorized person on the emergency card.

TEACHERS ARE NOT PERMITTED TO RELEASE CHILDREN WITHOUT OFFICE APPROVAL.

Parents or guardians who wish to take students home before regular dismissal time must come to the school's office for an official release from class. If a student has a specific medical condition, health problem or security need, this information must be reported in writing at the time of enrollment or as soon as it is known, so that appropriate accommodations can be made for the student.

Visitors and Adults on Campus

Visitor Identification

Visitors are always welcome at the TEACH Academy of Technologies, especially parents of our students. To help ensure a safe and secure learning environment for all students, all visitors to TEACH Academy of Technologies are required to sign in at the main office and to wear a visitor's pass. Faculty and staff are instructed to escort anyone not having a pass to the office immediately for identification.

Conditions for Classroom and School Visitation and Removal Policy

4. The Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reasonable basis for concluding that the visitor presence on school grounds would interfere or is interfering with the peaceful conduct of the activities of the school, or would disrupt or is disrupting the school, its students, its teachers, or its other employees.
5. The Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or revoked, promptly leave school grounds. When a visitor is directed to leave, the Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.
6. Any visitor that is denied registration or has his/her registration revoked may request a hearing before the Executive Director or the Board on the propriety of the denial or revocation. 2. Further conduct of this nature by the visitor may lead to the school's pursuit of a restraining order against such visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of three (3) years.

Volunteers

Volunteers must come to the office and sign in and sign out when volunteering. A volunteer badge must be worn while on campus. Additionally, all volunteers are strongly required to take a TB test and have the results on file with the Office.

Technology Acceptable Use Policy

If it is necessary for a parent/guardian to call, the message will be relayed to the student as soon as possible. No student will be called out of class to talk on the phone, except in cases of a life or death emergency. All students carrying cellular phones to school will be responsible for turning off their cell phone before the start of the school day. Please be aware that students will not be excused for any tardiness due to this policy. Phones can then be turned back on at the conclusion of the school day. The use of cellular phones is not permitted on campus during the school day. Any student using a cellular phone during the school day, without permission from school personnel, will have the phone confiscated. The telephone will be released upon review of cell phone use policy with parent or guardian.

Student Code of Internet Conduct

The Internet is an exciting and powerful tool for students to research for both academic assignments as well as their own personal interests. As part of our curriculum, pupils have controlled access to the Internet and learn how to use libraries, databases and informational sources on a wide variety of topics. We recognize that some inappropriate material on the Internet may be accessed intentionally or by accident. To guard against this we will use a filtered service from a reliable software provider which regularly monitors web sites.

We will teach students the importance of responsible use of the web and e-mail as well as providing basic rules to maintain the privacy of students. At all times, pupils must agree to follow the Student Code of Internet Conduct summarized below. 1. Access to the Internet at TEACH is for educational purposes.

2. Students will not use the internet system here at TEACH to access material in violation of the following standards:

- Prohibited Material: any material that appeals to a prurient interest and material that promotes or advocates illegal activities.
 - Restricted Material: sites that contain personal advertisements or facilitate making online connections with other people are restricted unless the school has approved such sites.
 - Limited Access Material: material that is generally considered to be non-educational or entertainment.

3. Students will not disclose your full name or any other personal contact information for any purpose. 4. Students will not disclose names, personal contact information, or any other private or personal information about other students under any circumstances. 5. Students will promptly disclose to their teachers or other school staff any message they receive that is inappropriate or makes them feel uncomfortable. Students should not delete such messages until instructed to do so by a staff member.

Student Recruitment

Students are considered for admission without regard to ethnicity, national origin, gender, disability or sexual orientation. With the exception of proof of immunizations (or acceptable legal alternative), an enrollment application, and birth certificate, no requirements for admission exist. There will be no test or interview as a condition to enrollment in TEACH Academy of Technologies Charter School. No Tuition will be charged. TEACH Academy of Technologies is secular.

Application Process

The application process is as follows:

Applications of Admission

Applications will be accepted during a publicly advertised open enrollment period each spring for the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, TEACH Academy of Technologies will hold a public random drawing to determine enrollment for the impacted grade level, with the exception of existing students (2nd year forward) who are guaranteed enrollment in the following school year. All individuals who have contacted TEACH Academy of Technologies regarding enrollment will be notified of the time and place of the lottery and will be encouraged to attend. All prospective students who have completed the enrollment process will have their names entered into the lottery. Names will be drawn at random until the grade level is filled. Once a grade level is drawn to capacity, applications will continue to be drawn for position on a wait list. This wait list will allow students the option of enrollment in the case of an opening during the school year. In no circumstance will a wait list carry over to the following school year. In all situations, siblings will have first consideration.

Academic Program

Our academic program offers a fully inclusive curriculum that puts all students on track for academic proficiency and eventual college success. The school's curriculum framework is developed for {rCA_TPS-SPH_GrSpan} grades with the explicit purpose of helping all students reach grade-level proficiency and beyond by the end of {rCA_TPS-SPH_GrEnd} grade. The school model pulls together curricular and instructional practices proven most effective with a strong emphasis on low achieving students who are struggling academically in the traditional school setting. All teaching and learning is directed toward student mastery of the California State Standards as well as key college-prep skills, learning strategies, and work habits crucial for long-term academic success.

Our students will move through an age-appropriate curriculum for English-Language Arts, Mathematics, History- Social Studies, Science, and Visual/Performing Arts at each grade level. Spanish, French, and Visual Arts will be among electives available to students who have gone through the remediation courses and subsequently need significantly less time for literacy and numeracy remediation.

Our Extended Day- Extended Year

Our extended daily schedule offers additional academic programming and culture-building, character-building, personalized support systems, and activities to help students develop the personal skills and resilience they need for college and life success.

- Tutoring - After -school classes where students receive individual guided practice and homework assistance from teachers and tutors. The Tutoring period is explicitly designed to respond to student achievement data and target student areas of difficulty. Students will also be coached and given the opportunity to practice the learning strategies and work habits that they encounter in their regular course work. For those students needing further intervention, one-on-one tutoring and supplementary remedial instruction may be provided.
- Summer Session _ Summer programs will provide critical support for struggling students as well as acceleration and enrichment opportunities for students who have reached grade-level proficiency.

Report Cards & Progress Reports

All grades can be accessed through our online grading system, and parents can contact teachers to request any one-on-one meeting to discuss the student's grades and assignments. Parents and students can access their grades via the parent/student portal at any time. A Final Semester Report cards will be printed twice a school year.

Grading System

The grading scale is based on the degree to which students demonstrate proficiency on content area standards. The academic grade scale is composed of 4, 3, 2 or 1.

- Evidence of student learning can be captured using classroom work (formative) and benchmark tests (summative).
- Students are graded on mastery of the required California Standards. The comprehensive report cards at the end of each academic semester is information to parents about the student's performance in the core curriculum subjects and related elective courses.
- These reports should be examined by the parent/guardian. Non-custodial parents may request a copy of student reports by contacting the office in writing.

Grading Levels

- **Advanced Mastery:** Outstanding level of performance (4) - Indicates that the pupil has done excellent work and has mastered the course objectives, consistently does excellent work with skill and thoroughness; and consistently has applied knowledge gained to new situations.
- **Proficient Mastery:** High level of performance (3) - Indicates that the pupil has done above average work, mastered all of the course objectives; and has applied knowledge gained to new situations.
- **Approaching Proficient Mastery:** Satisfactory level performance (2) - Indicates that the pupil has done average work and has mastered many of the objectives of the course.
- **At Risk:** Needs improvement in performance (1) - Indicates that the pupil has done below average work and has mastered few of the objectives of the course OR the pupil's work fell below a level of acceptance for the course and was unsatisfactory.
- The final student grade is based on summative assessments (i.e. unit exams, standards-based projects, midterm exams, final exams, presentations, etc.).

All students are allowed to redo any non-passing standards/assessments. At TEACH we strive to make sure that all of our students are successful.

The contents of the school student record will be held on file until the date that the student would have graduated. The record will then be destroyed, except for the student's name, address, grades, dates of attendance, and completion of 12th grade.

A listing of directory information, such as name of student, parent/guardian name, address, and telephone number will be made available to authorized school organizations only as needed. If the parent/guardian does not wish to have his or her name listed, he or she must indicate this in writing to the principal prior to the start of school. Student records are subject to the guidelines and regulations set forth in the Federal Family Educational Rights and Privacy Act of 1974 and the California School Student Records Act (Chapter 122, Article 50, California Revised Statutes 1975).

All parents, guardians, or an individual acting as a parent of a student in the absence of a parent, have the right to inspect and review educational records maintained by the school within seven days after the request has been made. Student records are kept in the school that the pupil attends. The right to inspect and review includes the right to a response from the school to reasonable requests for explanations and interpretations of the records, and the right to obtain copies of the records at a reasonable charge. We will make every effort to comply with parental requests as quickly as possible.

No person may condition the granting or withholding of any right, privilege, or benefit, or make as a condition of employment, credit, or insurance, the securing by any individual of any information from a student's temporary record which such individual may obtain by the exercise of any right secured by California law. Individuals have the right to contact the U.S. Department of Education to report alleged failures by any school to comply with student records laws.

Caring and Accountable Culture for Learning -Consequences

Student Conduct:**Attendance**

Students are expected to maintain perfect attendance. Only excused absences are acceptable.

The following reasons are sufficient cause for an excused absence:

- Illness
- Death in the Family
- Emergency Conditions

California law states that every student shall attend school punctually and regularly and conform to the regulations of the school. It is our policy that students attend class regularly; that work missed because of school related activities or illness must be promptly made-up; that truancy is unacceptable; and that other absences approved by the parent be minimized or avoided whenever possible.

TEACH Tech strives to achieve our goal of at least a 98% attendance rate each month and for the entire school year.

TARDY POLICY & CONSEQUENCE CHART

School begins promptly at 8:30am and all students are expected to arrive **at school** on time. Whenever a child enters a classroom late, it disrupts the entire class. Please make every effort to assure that your child arrives at school on-time.

Absences

Parents must contact the school office by phone or via electronic resources (ParentSquare or email) whenever a child is going to be absent. A written excuse must accompany the child upon the return to school. If a student is absent three or more days consecutively, a doctor's note is required.

Tardiness

Instruction begins promptly at 8:30 a.m. It is critical that all students be present and prepared to begin instruction on time. A student who is late misses valuable instructional time. Therefore, students must arrive at school by 8:20 a.m. If a student is tardy four times in a marking period, the problem will be regarded as chronic, and a parent conference will be requested to discuss correcting the problem.

TEACH Academy of Technologies believes that all children can learn when taught well. We recognize that the ultimate objective of education is to enable students to become successful, self-directed learners. This goal is best achieved in a culture of acceptance, high expectation, encouragement, support, and positive motivation. Teachers have a responsibility to maintain a positive learning environment. Discipline is a process by which students are helped to develop an understanding of, and an appreciation for appropriate behavior toward a sound learning experience. The process includes

positive behavioral interventions. Any student who interferes with their right or the right of others to learn is engaging in inappropriate behavior. Inappropriate behavior is subject to disciplinary consequences. Students engaging in inappropriate behavior, or students who have conflict with another, are subject to disciplinary consequences. Our students are taught and encouraged to manage and resolve conflict on their own through positive communication skills. If after doing so, students feel that the problem is not resolved, the conflict should be reported to the teacher.

General disciplinary problems may result in disciplinary action by teachers and/or by the Principal. The Principal has primary responsibility for defining the school's culture to ensure that student discipline is implemented in a fair, effective manner. Teachers handle discipline. Instructional aides and staff may assist with discipline. Instructional aides and school staff members will make every effort, individually, collectively, and cooperatively to help each student gain acceptable self-discipline standards. Students with repeated behavior problems are referred to the Student Success Team. This team includes the student, parent, teacher, principal and counselor. An action plan is developed to help the student develop constructive behavior patterns.

Restorative Justice

At TEACH, we believe in working with students in order for them to repair any harm that they may have caused to others through words or actions. Restorative Justice is a process for all stakeholders. It requires that those impacted by the student's behavior are part of the process that identifies the behavior, addresses the behavior and informs the steps necessary to repair the harm done by the behavior. All stakeholders accomplish this through a cooperative process, which can lead to a transformation of people, relationships, and communities.

Restorative Discipline is developed to accomplish the following:

- Identify the behavior.
- Help a student recognize how his/her behavior effects self and others
- Provides students with guidance that he/she can do things differently.
- Help a student understand what is beyond his or her control.
- Help a student learn to deal with things he/she cannot change in a more productive manner. •
- Help the student participate in an action plan to address his/her behavior

The following outlines progressive possible steps for non-functional behavior:

1. Conversation with student
2. Parent/Guardian Contact
3. Involvement of grade level counselor
4. Placement on a Behavior Monitoring Contract
5. Referral for an SSPT (Student Support s and Progress Team)
6. Possible assessment for supportive services as identified through evidence, parent/student/teacher input (IEP, outside counseling services)
7. Independent Study
8. Alternative Education
9. Expulsion

If you would like to know more about 504 Plans or other types of assistance available to your student, please contact your Principal.

Students With Learning Differences

Special Education Determination for eligibility for special education and services may come from teachers, parents, agencies, appropriate professional persons, and from other members of the public. Special Education referrals will be coordinated with school site procedures for referral of students with needs that cannot be met with modifications of the regular instructional program, including referrals from student intervention teams, such as the Student Study Team (SST). A student shall be referred for special education and services after the resources of the regular education program have been considered and, where appropriate, utilized.

Student Study Team (SST) The Student Study Team is an efficient and effective way to bring together all resources, human and programmatic, to support students having difficulties in regular classes. This is a concentrated solution-seeking meeting where all the needed persons, including the student and parent, are present at the same time. The SST is an expression of the school's concern for students and provides a supportive atmosphere for students to become actively involved in determining their own needs and in implementing strategies designed to help them. The SST meets to determine what assistance is needed for students who have learning difficulties or who have repeated behavior problems. The team consists of the principal, teacher, parent and others associated with the student's area of need.

Parents

Parent Involvement

A key piece of the school culture to support achievement for all students is a process of continuous communication and collaboration with families. As the student moves through the school year, his/her progress toward individual goals is carefully tracked and shared monthly with families through the means of a Personalized Learning Plan.

Therefore, parental Involvement at TEACH Academy of Technologies is required. Our Parents are encouraged to participate individually and as a group for the benefit of the school. Parent Participation

- Enhances the quality of education children receive
- Provides for greater integration of the educational program
- Promotes better understanding between parent and teacher, between parent and child; between home and school; and between school and the community.
- Parental involvement plays an important role in the life of the school and in the resolution of classroom behavior issues.

Required Parental Attendance

The Board of Directors of TEACH Academy of Technologies believes that parental involvement plays an important role in the life of the school and in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid school authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian shall also meet with the school Principal or designee.

The Board of Directors encourages teachers, before requiring parental attendance, to make reasonable efforts to have

the parent/guardian visit the class voluntarily. The teacher may also inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student.

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The Principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

TEACH is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for conducting investigations shall be knowledgeable about the laws and programs which they are assigned to investigate. This complaint procedure is adopted to provide a uniform system of complaint processing for the following types of complaints:

(1) Complaints of unlawful discrimination, harassment, intimidation or bullying against any protected group, including actual or perceived discrimination, on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any TEACH program or activity; and

iii. A purchase that a pupil is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees. A complaint of noncompliance with laws relating to pupil fees may be filed with the Principal or the Compliance Officer.

d. If the TEACH finds merit in a pupil fees complaint TEACH shall provide a remedy to all affected pupils, parents, and guardians that, where applicable, includes reasonable efforts by TEACH to ensure full reimbursement to all affected pupils, parents, and guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this section shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or school districts, school, and other entities from providing pupils prizes or other recognition for voluntarily participating in fundraising activities.

(4) Complaints of noncompliance with the requirements governing the Local Control Funding Formula or Sections 47606.5 and 47607.3 of the Education Code, as applicable.

(5) Complaints of noncompliance with the requirements of Education Code Section 222 regarding the rights of lactating pupils on a school campus. If TEACH finds merit in a complaint, or if the CEO finds merit in an appeal, TEACH shall provide a remedy to the affected pupil.

TEACH acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible) the confidentiality of the parties and the integrity of the process. TEACH cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, TEACH will attempt to do so as appropriate. TEACH may find it necessary to disclose information regarding the complaint/complainant to the extent necessary to carry out the investigation or proceedings, as determined by the CEO or designee on a case-by-case basis.

TEACH prohibits any form of retaliation against any complainant in the complaint process, including but not limited to a complainant's filing of a complaint or the reporting of instances of unlawful discrimination, harassment, intimidation or bullying. Such participation shall not in any way affect the status, grades or work assignments of the complainant.

Compliance Officers

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure TEACH's compliance with law:

CEO
TEACH Public Schools
10600 S. Western Avenue
Los Angeles, CA 90047

The CEO or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of TEACH Board of Directors.

Notifications

The CEO or designee shall annually provide written notification of TEACH's uniform complaint procedures to employees, students, parents and/or guardians, advisory committees, private school officials and other interested parties (e.g., Adult Education).

The annual notice shall be in English, and when necessary, in the primary language, pursuant to section 48985 of the Education Code if fifteen (15) percent or more of the pupils enrolled in TEACH speak a single primary language other than English.

The CEO or designee shall make available copies of TEACH's uniform complaint procedures free of charge.

The annual notice shall include the following:

- (a) A statement that TEACH is primarily responsible for compliance with federal and state laws and regulations.
- (b) A statement that a pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
- (c) A statement identifying the responsible staff member, position, or unit designated to receive complaints.
- (d) A statement that the complainant has a right to appeal TEACH 's decision to the CDE by filing a written appeal within 15 days of receiving TEACH decision.
- (e) A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code § 262.3.
- (f) A statement that copies of the local educational agency complaint procedures shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that TEACH has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

● Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by TEACH.

A complaint alleging unlawful discrimination, harassment, intimidation or bullying shall be initiated no later than six (6) months from the date when the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or six (6) months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination, harassment, intimidation or bullying. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying.

Pupil fee complaints shall be filed not later than one (1) year from the date the alleged violation occurred.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, TEACH staff shall assist him/her in the filing of the complaint.

● Step 2: Mediation

Within three (3) days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the

compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend TEACH's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

● **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide TEACH's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

TEACH's refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

● **Step 4: Response**

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of TEACH's investigation and decision, as described in Step #5 below, within sixty (60) days of TEACH's receipt of the complaint.

● **Step 5: Final Written Decision**

TEACH's decision shall be in writing and sent to the complainant. TEACH's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion(s) of law.
3. Disposition of the complaint.
4. Rationale for such disposition.
5. Corrective actions, if any are warranted.
6. Notice of the complainant's right to appeal TEACH's decision within fifteen (15) days to the CDE and procedures to be followed for initiating such an appeal.
7. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, notice that the complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies.
8. For unlawful discrimination, harassment, intimidation or bullying complaints arising under federal law such complaint may be made at any time to the U.S. Department of Education, Office for Civil Rights.

If an employee is disciplined as a result of the complaint, the decision shall simply state that effective action was taken

and that the employee was informed of TEACH's expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with TEACH's decision, the complainant may appeal in writing to the CDE within fifteen (15) days of receiving TEACH's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814
Telephone: (916) 319-0800

When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of TEACH's decision.

Upon notification by the CDE that the complainant has appealed TEACH's decision, the Superintendent or designee shall forward the following documents to the CDE:

1. A copy of the original complaint.
2. A copy of the decision.
3. A summary of the nature and extent of the investigation conducted by TEACH, if not covered by the decision.
4. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by all parties and gathered by the investigator.
5. A report of any action taken to resolve the complaint.
6. A copy of TEACH's complaint procedures.
7. Other relevant information requested by the CDE.

The CDE may directly intervene in the complaint without waiting for action by TEACH when one of the conditions listed in Title 5, California Code of Regulations, Section 4650 exists, including cases in which TEACH has not taken action within sixty (60) days of the date the complaint was filed with TEACH.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of TEACH's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if TEACH has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR § 4622.

General Complaints

The Board of Directors of TEACH Public Schools (“TEACH”) has adopted this General Complaint Policy to address concerns about TEACH generally or regarding specific employees. For complaints regarding harassment or perceived violations of state or federal laws, please refer to the TEACH Anti-Discrimination, Sexual Harassment, Harassment, and Bullying Policy and/or TEACH Uniform Complaint Procedures. For all other complaints, the General Complaint form and accompanying procedures will be appropriate.

Internal Complaints

(Complaints by Employees against Employees)

This section of the policy is for use when an TEACH employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Superintendent or designee:

1. The complainant will bring the matter to the attention of the Superintendent as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
2. The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Superintendent or designee will then investigate the facts and provide a solution or explanation;
3. If the complaint is about the Superintendent, the complainant may file his or her complaint in a signed writing to the Chair of the TEACH Board of Directors, who will then confer with the Board of Directors and may conduct a fact-finding or authorize a third-party investigator on behalf of the Board of Directors. The Chair or investigator will report his or her findings to the Board of Directors for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, TEACH values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Generally

(General Complaints and Complaints by Third Parties against Employees)

This section of the policy is for use when either a complaint does not fall under other complaint procedures or a third party (non-employee) raises a complaint or concern about TEACH generally, or an TEACH employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Superintendent or Chair of the TEACH Board of Directors (only if the complaint concerns the Superintendent) as soon as possible after the events that give rise to the complainant’s concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Superintendent (or designee) shall abide by the following process:

1. The Superintendent or designee shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Superintendent or designee shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain said facts.

45

2. In the event that the Superintendent (or designee) finds that a complaint is valid, the Superintendent (or designee) may take appropriate action to resolve the problem. Where the complaint is against an employee of TEACH, the Superintendent may take disciplinary action against the employee. As appropriate, the Superintendent (or designee) may

also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.

3. The Superintendent's (or designee's) decision relating to the complaint shall be final unless it is appealed to the TEACH Board of Directors. The decision of the Board of Directors shall be final.

General Requirements

1. Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.

2. Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.

3. Resolution: The TEACH Board of Directors (if a complaint is about the Superintendent) or the Superintendent or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

SFA Wellness Policy

Healthy Foods

Due to children's need to access healthy foods and opportunities to be physically active in order to grow, learn, and thrive; TEACH Schools is committed to providing school environments that promote and protect children's health, well being, and ability to learn by supporting healthy eating and physical activity. Therefore, it is the policy of TEACH SFA that:

- The schools will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing TEACH SFA school-wide nutrition and physical activity policies.
- All students in grades 9-12 will have opportunities, support, and encouragement to be physically active on a regular basis.
- Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.
- Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services.

TO ACHIEVE THESE POLICY GOALS:

Creation of Wellness Committee

TEACH SFA has created, strengthened, or worked within existing school advisory councils developing, implementing, monitoring, reviewing, and, as necessary, revising school nutrition and physical activity policies. The councils serve as resources to school sites for implementing those policies. (A school health council consists of a group of individuals representing the school and community, and should include parents, students, and representatives of the school food authority, members of the school board, school administrators, teachers, health professionals, and members of the public.)

Nutrition and Physical Activity Promotion and Food Marketing

Meals served through the National School Lunch and Breakfast Programs will:

- be appealing and attractive to children;
- be served in clean and pleasant settings;
- meet, at a minimum, nutrition requirements established by local, state, and federal statutes and regulations; • offer a variety of fruits and vegetables;²
- calories and sodium will be specific for grade levels
- no more the 10% of total calories from saturated fat, averaged over a week;
- serve only low-fat (1%) and fat-free milk³ and nutritionally-equivalent non-dairy alternatives (to be defined by USDA); and
- ensure that grains are whole grain.^{3, 4}

Schools should engage students and parents, through taste-tests of new entrees and surveys, in selecting foods sold through the school meal programs in order to identify new, healthful, and appealing food choices. In addition, schools should share information about the nutritional content of meals with parents and students. Such information can be made available on menus, a website, on cafeteria menu boards, placards, or other point-of-purchase materials.

Breakfast

To ensure that all children have breakfast, either at home or at school, in order to meet their nutritional needs and enhance their ability to learn:

- Schools will, to the extent possible, operate the School Breakfast Program.
- Schools will, to the extent possible, arrange bus schedules and utilize methods to serve school breakfasts that encourage participation, including serving breakfast in the classroom, "grab-and-go" breakfast, or breakfast during morning break or recess.
- Schools that serve breakfast to students will notify parents and students of the availability of the School Breakfast Program.
- Schools will encourage parents to provide a healthy breakfast for their children.

Free and Reduced-priced Meals

Schools will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price school meals⁵.

Meal Times and Scheduling

Schools:

- will provide students with enough time to consume their meal after it has been served.
- should schedule meal periods at appropriate times, *e.g.*, lunch should be scheduled between 11 a.m. and 1 p.m.;
- should not schedule tutoring, club, or organizational meetings or activities during mealtimes, unless students may eat during such activities;
- will encourage students to wash or hand sanitize hands before they eat meals or snacks; and
- should take reasonable steps to encourage the tooth-brushing regimens of students with special oral health needs (*e.g.*, orthodontia or high tooth decay risk).

Qualifications of School Food Service Staff

Qualified nutrition professionals will administer the school meal programs. As part of TEACH SFA it is our responsibility to operate a food service program, we will provide continuing professional development for all nutrition professionals in schools. Staff development programs should include appropriate certification and/or training programs for child nutrition directors, school nutrition managers, and cafeteria workers, according to their levels of responsibility.⁶

Sharing of Foods and Beverages

Schools should monitor students sharing their foods or beverages with one another during meal or snack times, given concerns about allergies and other restrictions on some children's diets.

Middle/Junior High and High Schools

In middle/junior high and high schools, all foods and beverages sold individually outside the reimbursable school meal programs (including those sold through a la carte [snack] lines, vending machines, student stores, or fundraising activities) during the school day, or through programs for students after the school day, will meet the following nutrition and portion size standards:

• Beverages

Allowed:

- Fruit or Vegetable juice:
 - 100% juice (can be diluted with water, no dilution limit)
 - No added sweeteners
 - 12 fl. oz. serving size or less
- Milk:
 - 1 % (unflavored), nonfat (flavored, unflavored),

- 12 fl oz. serving size or less
- Water:
 - No added sweeteners, flavors etc.
 - No serving size
- Other flavored beverages ("no calorie") (**Not Allowed in Middle School**) ○ 5 calories/8 fl. oz. or less
 - 20 fl. oz. serving size
- Other flavored beverages ("low calorie") (**Not Allowed in Middle School**) ○ 40 calories/8 fl. oz. or less
 - 12 fl. oz serving size

Not allowed: Caffeinated beverages are not allowed in middle school.

Foods

- A food item sold individually:
- will have no more than 35% of its calories from fat (excluding nuts, seeds, peanut butter, and other nut butters) and 10% of its calories from saturated and trans fat combined;
- will have no more than 35% of its *weight* from added sugars;⁸
- will contain no more than 230 mg of sodium per serving for chips, cereals, crackers, French fries, baked goods, and other snack items; will contain no more than 480 mg of sodium per serving for pastas, meats, and soups; and will contain no more than 600 mg of sodium for pizza, sandwiches, and main dishes.
- It is encouraged to offer a choice of two fruits and/or non-fried vegetables for sale at any location on the school site where foods are sold. Such items could include, but are not limited to, fresh fruits and vegetables; cooked, dried, or canned fruits (canned in fruit juice or light syrup), juice; and cooked, dried, or canned vegetables (that meet the above fat and sodium guidelines).⁹

Snacks

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations. The TEACH SFA will disseminate the guidelines for compliant snacks.

- If eligible, schools that provide snacks through after-school programs will pursue receiving reimbursements through the National School Lunch Program.

Rewards

Schools are encouraged not to use foods or beverages, especially those that do not meet the nutrition standards for foods and beverages sold individually (above), as rewards for academic performance or good behavior,¹⁰ and will not withhold food or beverages (including food served through school meals) as a punishment.

Celebrations

Schools should limit celebrations that involve food during the school day to no more than one party per class per month. It is encouraged that each party include no more than one food or beverage that does not meet nutrition standards for foods and beverages sold individually (above).

School-Sponsored Events (such as, but not limited to, athletic events, dances, or performances)

It is encouraged that foods and beverages offered or sold at school-sponsored events outside the school day meet the nutrition standards for meals or for foods and beverages sold individually (above).

Nutrition and Physical Activity Promotion and Food Marketing

Nutrition Education and Promotion

TEACH SFA aims to teach, encourage, and support healthy eating by students. It's encouraged that schools provide nutrition education and engage in nutrition promotion that:

- is offered at each grade level as part of a sequential, comprehensive, standards-based program designed to provide students with the knowledge and skills necessary to promote and protect their health;
- is part of not only health education classes, but also classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects;
- includes enjoyable, developmentally-appropriate, culturally-relevant, participatory activities, such as contests, promotions, taste testing, farm visits, and school gardens;
- promotes fruits, vegetables, whole grain products, low-fat and fat-free dairy products, healthy food preparation methods, and health-enhancing nutrition practices;
- emphasizes caloric balance between food intake and energy expenditure (physical activity/exercise);
- links with school meal programs, other school foods, and nutrition-related community services;
- teaches media literacy with an emphasis on food marketing; and
- includes training for teachers and other staff.

Integrating Physical Activity into the Classroom Setting

For students to receive the nationally-recommended amount of daily physical activity (*i.e.*, at least 60 minutes per day) and for students to fully embrace regular physical activity as a personal behavior, students need opportunities for physical activity beyond physical education class. Toward that end:

- classroom health education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television;
- opportunities for physical activity will be incorporated into other subject lessons; and
- classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

Communications with Parents

The TEACH SFA/school will support parents' efforts to provide a healthy diet and daily physical activity for their children. The TEACH SFA will send home nutrition information, post nutrition tips on school websites, and provide nutrient analyses of school menus when available. Schools should encourage parents to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the above nutrition standards for individual foods and beverages.

The TEACH SFA/school will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support parents' efforts to provide their children with opportunities to be physically active outside of school.

Food Marketing in Schools

School-based marketing will be consistent with nutrition education and health promotion. As such, schools will limit food and beverage marketing to the promotion of foods and beverages that meet the nutrition standards for meals or for foods and beverages sold individually (above).¹¹ School-based marketing of brands promoting predominantly low-nutrition foods and beverages¹² is prohibited. The promotion of healthy foods, including fruits, vegetables, whole grains, and low fat dairy products is encouraged.

Examples of marketing techniques include the following: logos and brand names on/in vending machines, books or curricula, textbook covers, school supplies, scoreboards, school structures, and sports equipment; educational incentive programs that provide food as a reward; programs that provide schools with supplies when families buy low-nutrition

food products; free samples or coupons; and food sales through fundraising activities. Marketing activities that promote healthful behaviors (and are therefore allowable) include: sales of healthy food for fundraisers.

Staff Wellness

TEACH SFA highly values the health and well-being of every staff member and will encourage that support personal efforts by staff to maintain a healthy lifestyle.

Physical Education and Physical Activity Opportunities

Daily Physical Education (P.E.) 5-10

All students in grades 9-10, including students with disabilities, special health-care needs, and in alternative educational settings, will receive weekly physical education for the entire school year. All physical education will be taught by a certified physical education teacher. Student involvement in other activities involving physical activity (e.g., interscholastic or intramural sports) will not be substituted for meeting the physical education requirement. Students will spend at least 50 percent of physical education class time participating in moderate to vigorous physical activity.

- A minimum of 400 minutes for every 10 school days for students in grades 9-12
- Schools shall be encouraged to annually administer the physical fitness test designated by the State Board of Education to students in grades 5, 7, and 9.

Physical Activity Opportunities Before and After School

All middle and high schools will offer when appropriate extracurricular physical activity programs, such as physical activity clubs or intramural programs. All high schools, and middle schools, when appropriate, will offer interscholastic sports programs. Schools will offer, when feasible, a range of activities that meet the needs, interests, and abilities of all students, including boys, girls, students with disabilities, and students with special health-care needs.

After-school child care and enrichment programs when appropriate will provide and encourage – verbally and through the provision of space, equipment, and activities – daily periods of moderate to vigorous physical activity for all participants.

Physical Activity and Punishment

Teachers and other school and community personnel will not use physical activity (e.g., running laps, pushups) or withhold opportunities for physical activity (e.g., recess, physical education) as punishment.

Safe Routes to School

TEACH SFA will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk, skate and bike to school. When appropriate, TEACH SFA will work together with local public works, public safety, and/or police departments in those efforts. TEACH SFA will explore the availability of federal "safe routes to school" funds, administered by the state department of transportation, to finance such improvements. TEACH SFA will encourage students to use public transportation when available and appropriate for travel to school, and will work with the local transit agency to provide transit passes for students.

Use of School Facilities Outside of School Hours

School spaces and facilities should be available to students, staff, and community members before, during, and after the school day, on weekends, and during school vacations. These spaces and facilities also should be available to community agencies and organizations offering physical activity and nutrition programs. School policies concerning safety will apply at all times.

Monitoring

The Wellness Committee will ensure compliance with established TEACH SFA school-wide nutrition and physical activity wellness policies. In each school, the principal or designee will ensure compliance with those policies in his/her school and will report on the school's compliance to the TEACH SFA Wellness Committee.

School food service staff, at the school level, will ensure compliance with nutrition policies within school food service areas and will report on this matter to the Wellness Committee (or if done at the school level, to the school principal). In addition, TEACH SFA will report on the most recent USDA Administrative Review findings and any resulting changes. The Wellness Committee will develop a summary report periodically on TEACH SFA school-wide compliance with TEACH Schools established nutrition and physical activity wellness policies, based on input from schools within TEACH SFA. That report will be provided to the school board and also distributed to all school health councils, parent/teacher organizations, school principals, and school health services personnel in TEACH SFA schools.

Monitor and Policy Review

Policy Review

To help with the initial development of the TEACH SFA wellness policies, each school in the TEACH SFA will conduct a baseline assessment of the school's existing nutrition and physical activity environments and policies.¹³ The results of those school-by-school assessments will be compiled by the Wellness Committee level to identify and prioritize needs. Assessments will be repeated periodically to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, TEACH SFA will review our nutrition and physical activity policies; provision of an environment that supports healthy eating and physical activity; and nutrition and physical education policies and program elements. TEACH SFA, and individual schools within TEACH SFA, will, as necessary, suggest revisions to the wellness policies and develop work plans to facilitate their implementation.

Footnotes

² To the extent possible, schools will offer at least two non-fried vegetables and two fruit options each day and will offer five different fruits and five different vegetables over the course of a week. Schools are encouraged to source fresh fruits and vegetables from local farmers when practicable.

³ As recommended by the *Dietary Guidelines for Americans 2010*

⁴ A whole grain is one labeled as a "whole" grain product or with a whole grain listed as the primary grain ingredient in the ingredient statement. Annual Notification and Guidelines

This Student Family Handbook enumerates sections of the Education Code that require annual parent guardian notification. (Education Code 48980[a])

California state law governs the basic operation of public schools, and the legislature regularly passes new laws affecting the quality and availability of education, as well as laws mandating that local school districts undertake new responsibilities.

These laws often require that TEACH adequately inform parents of the opportunities and protection to which they are entitled. TEACH complies with this by providing families with this Annual Notification in the Student Family Handbook at the beginning of each school year and by issuing the same publication to new families as they enter TEACH schools during the year.

The following contains a summary of state law provisions with which all parents and guardians should be familiar. In some cases, the laws have been summarized, and the precise code number has been provided should parents require more detailed information. "Education Code" is the area of state law that affects education most directly.

The Student Family Handbook will be published annually. All registered families of TEACH Public Schools will indicate their willingness to be governed by the Student Family Handbook by signing annually a written statement to that effect. The Administration reserves the right to amend the Handbook at any time for just cause. Parents of TEACH Public Schools students will be notified of the changes, in writing, in a timely manner.

The school's curriculum framework is developed for 9-12 grades with the explicit purpose of helping all students reach grade-level proficiency and beyond by the end of 12th grade. The school model pulls together curricular and instructional practices proven most effective with a strong emphasis on low achieving students who are struggling academically in the traditional school setting. All teaching and learning is directed toward student mastery of the California State Standards as well as key college-prep skills, learning strategies, and work habits crucial for long-term academic success.

Our students will move through an age-appropriate curriculum for English-Language Arts, Mathematics, History- Social Studies, Science, and Visual/Performing Arts at each grade level. Spanish, French, and Visual Arts will be among electives available to students who have gone through the remediation courses and subsequently need significantly less time for literacy and numeracy remediation.

In the event that this happens, School Name will hold a public random drawing to determine enrollment for the impacted grade level, with the exception of existing students (2nd year forward) who are guaranteed enrollment in the following school year. All individuals who have contacted School Name regarding enrollment will be notified of the time and place of the lottery and will be encouraged to attend. All prospective students who have completed the enrollment process will have their names entered into the lottery. Names will be drawn at random until the grade level is filled. Once a grade level is drawn to capacity, applications will continue to be drawn for position on a wait list. This wait list will allow students the option of enrollment in the case of an opening during the school year. In no circumstance will a wait list carry over to the following school year. In all situations, siblings will have first consideration.

(29 USC 794)

- Compliance monitored by the Office of Civil Rights.
- Applies to all institutions receiving federal financial assistance, such as public schools.
- Schools are obligated to provide a "free appropriate public education" (FAPE) to children with a disability.

Section 504 prohibits discrimination while assuring that disabled students have educational opportunities and benefits equal to those provided to non-disabled students. If you would like to know more about 504 Plans or other types of assistance available to your student, please contact your Principal.

Special Education Determination for eligibility for special education and services may come from teachers, parents, agencies, appropriate professional persons, and from other members of the public. Special Education referrals will be coordinated with school site procedures for referral of students with needs that cannot be met with modifications of the regular instructional program, including referrals from student intervention teams, such as the Student Study Team (SST). A student shall be referred for special education and services after the resources of the regular education program have been considered and, where appropriate, utilized.

Student Study Team (SST)

The Student Study Team is an efficient and effective way to bring together all resources, human and programmatic, to support students having difficulties in regular classes. This is a concentrated solution-seeking meeting where all the needed persons, including the student and parent, are present at the same time. The SST is an expression of the school's concern for students and provides a supportive atmosphere for students to become actively involved in determining their own needs and in implementing strategies designed to help them. The SST meets to determine what assistance is needed for students who have learning difficulties or who have repeated behavior problems. The team consists of the principal, teacher, parent and others associated with the student's area of need.

Integrating Physical Activity into the Classroom Setting

For students to receive the nationally-recommended amount of daily physical activity (*i.e.*, at least 60 minutes per day) and for students to fully embrace regular physical activity as a personal behavior, students need opportunities for physical activity beyond physical education class. Toward that end:

- classroom health education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television;
- opportunities for physical activity will be incorporated into other subject lessons; and
- classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

Daily Physical Education (P.E.) 5-10

All students in grades 9-10, including students with disabilities, special health-care needs, and in alternative educational settings, will receive weekly physical education for the entire school year. All physical education will be taught by a certified physical education teacher. Student involvement in other activities involving physical activity (*e.g.*, interscholastic or intramural sports) will not be substituted for meeting the physical education requirement. Students will spend at least 50 percent of physical education class time participating in moderate to vigorous physical activity.

- A minimum of 400 minutes for every 10 school days for students in grades 9-12
- Schools shall be encouraged to annually administer the physical fitness test designated by the State Board of Education to students in grades 5, 7, and 9.

Physical Activity Opportunities Before and After School

All middle and high schools will offer when appropriate extracurricular physical activity programs, such as physical activity clubs or intramural programs. All high schools, and middle schools, when appropriate, will offer, interscholastic sports programs. Schools will offer, when feasible, a range of activities that meet the needs, interests, and abilities of all students, including boys, girls, students with disabilities, and students with special health-care needs.

After-school child care and enrichment programs when appropriate will provide and encourage – verbally and through the provision of space, equipment, and activities – daily periods of moderate to vigorous physical activity for all participants.

Physical Activity and Punishment

Teachers and other school and community personnel will not use physical activity (*e.g.*, running laps, pushups) or withhold opportunities for physical activity (*e.g.*, recess, physical education) as punishment.

III. Student Health, Safety and Wellbeing

Health and Safety

Emergency Numbers

For the safety of every child, it is very important that parents complete the Emergency Card providing the school with an emergency telephone number so that someone may be notified in case of an emergency. This card should be signed and dated. The card will be maintained on file to use in the event of an emergency.

If no telephone is in the home, a telephone number of a relative or family friend must be provided. Any change in address, telephone number, parent's work, physician, or name of the person or persons authorized to pick the child up if the parent is ill or injured should be reported to the office immediately.

Accidents

Although School Name makes every reasonable effort to prevent student accidents and injuries, accidents occur. The Principal or designee shall develop procedures to ensure that first aid and/or medical attention is provided as quickly as possible and that parents/guardians are notified of accidents. Universal precautions shall be observed whenever it is possible that students, employees or others may have contact with blood or body fluids as a result of the accident. School Name staff shall appropriately report and document student accidents.

Health Services

TEACH Tech Charter High School is regulated by the State Department of Health Services. All facility inspection reports are available upon request. The health and safety of each student is the foremost responsibility of the school. Health services will be made available to any student needing it. If a student becomes ill at school, and needs assistance, he/she should inform the teacher to receive a referral to go to the office. All injuries must be reported to the teacher. If injuries occur after school they must be reported to the After School Director, after school aide or to the Principal.

It is necessary for current emergency information be on file at all times. Parents must up-date emergency information on a regular basis.

Physical Examinations

All pupils are to have completed a health screening examination on or before the day after the pupil's entrance into first grade or such pupils must have obtained a waiver pursuant to Health and Safety Code Section 124085. This examination can be obtained from your family physician or possibly through the services provided by your County Health Department. Information and forms are distributed to pupils enrolled in kindergarten.

Failure to obtain an examination for your child or a waiver will result in your child being denied enrollment.

If your child's medical status changes, please provide the office with a physician's written verification of the medical issue, especially if it impacts in any way your child's ability to perform schoolwork.

Communicable, Contagious, or Infectious Disease Prevention Policy

TEACH Tech Charter High School recognizes its shared responsibility with the home and the community to promote appropriate disease prevention procedures in the handling and the cleaning up of blood and body fluids.

The Board desires to protect the entire school community without segregation, discrimination or stigma. Accordingly, infectious disease prevention shall be taught regardless of whether a student or adult is known to have an identified infectious disease. All students and employees shall be provided appropriate periodic instruction in basic procedures recommended by the State Department of Education and other public health agencies and associations.

Incidence and transmission of communicable diseases will be further limited through a rigorous program of immunization and health screening required of all students, faculty, and staff. (See "Immunizations I Physical Exams" Policy) Students found to have communicable diseases will be included in all activities deemed by a physician to present no hazard of infection to other students.

Injuries and Accidents

Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures. (See "Blood borne Pathogen Exposure Control Program" Policy)

Illness

If a child is ill he or she **MUST NOT BE SENT TO SCHOOL**. Students who contract a contagious disease such as pink eye, chicken pox, ringworm, impetigo, head lice or other such conditions **SHALL NOT ATTEND SCHOOL**. The child must remain at home until he or she is no longer contagious and declared healthy by a health professional. A doctor's note is required for the student to return to school.

Medication at School

Students are not permitted to carry medication (including inhalers for asthma). If a doctor's note is on file, the Office manager will be permitted to dispense the medication to the student.

The Office Manager and the student's teacher must be informed of any prescription medication that a student is required to take at school. To dispense prescription medication to students, the school must receive a written order from the student's doctor and a permission slip from the student's parent. These notifications must remain on file at the school for duration of time that the student is required to take the medication. All medication should be brought to the office manager by the parent/guardian in its original prescription container, labeled with the student's name, the name of the medication, the date of expiration, and the proper dosage. If medication needs to be administered to the child when the Office manager is not present, a trained staff member will administer the medication.

Administration of Medications

TEACH Tech Charter High School (TTCHS) staff is responsible for the administration of medication to students attending school during regular school hours. It is imperative that practices followed in the administration of medication be carefully delineated to ensure the safety of our students and the legal protection of our employees. Any pupil who is required to take, during the regular school day, medication prescribed for him or her by a physician or surgeon, may be assisted by designated school personnel or may carry and self-administer prescription auto-injectable epinephrine if the School Name receives the appropriate written statements

In order for a pupil to carry and self-administer prescription auto-injectable epinephrine, TTCHS shall obtain both a written statement from the physician or surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine, along with a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing TTCHS and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication.

In order for a pupil to be assisted by designated school personnel, School Name shall obtain both a written statement from the physician detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken and a written statement from the parent, foster parent, or guardian of the pupil indicating the desire that School Name assist the pupil in the matters set forth in the statement of the physician.

Guidelines:

- The primary responsibility for the administration of medication rests with the parent/guardian, student and medical professional.
- Medication shall be administered only during school hours if determined by a physician to be necessary.
- Designated staff shall keep records of medication administered at the school.
- All medication will be kept in a secure and appropriate storage location and administered per physician's instructions by appropriately designated staff.
- Designated staff shall return all surplus medication to the parent/guardian upon completion of the regimen or prior to summer holidays.
- Designated staff shall establish emergency procedures for specific medical conditions that require an immediate response (i.e. allergies, asthma, diabetes).
- The written statements specified in this policy shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes.
- A pupil may be subject to disciplinary action if that pupil uses auto-injectable epinephrine in a manner other than as prescribed.

Medication Policy

The following procedures will be in effect for the monitoring and use of medication at school:

- Medication will only be allowed at school when failure to take medication could jeopardize the health and/or educational abilities of the student.
- Medication is restricted to students with long-term chronic illnesses or disabilities including, but not limited to, diabetes, attention disorders, asthma, seizure activity, epilepsy, cystic fibrosis, cardiac, neurological, and endocrine disorders. Any other medications should be given by parents/guardians before and/or after school hours.
- No medicines may be administered at school unless directed by a doctor.
- The student must have a medical form completed by the attending physician and his/her parents or guardian on file with the school office.
- All medicine must be in a labeled prescription container and must be kept in the designated place in each building. All asthma inhalers should be kept in the office (labeled) unless a note from a doctor states the inhaler should be kept on the person
- Instructions for dispensing, as well as a date, must be on the container
- Students are expected to take their medication during passing times or lunch times.
- Students are to remember the conditions under which they are to request their medicine.
- Teachers or other personnel are not required to administer the medicine. They may, however, supervise the student taking the medicine.

Guidelines to Help Promote a Healthy Environment

Children are most vulnerable to contracting diseases while in school because of the close contact they maintain. While we cannot prevent this from occurring, with your help we can implement some simple guidelines to help promote a healthy environment.

1. Teach your child the importance of correct hand washing as a means of preventing the spread of germs.
2. Proper disposal of tissues and covering one's mouth when coughing also prevents germs from circulating.
3. If your child is coughing excessively, keep him or her home to prevent exposure to other children.
4. A child should be fever free for 24 hours before returning to school. Temperature may indicate the onset of an illness.
5. A child should remain home if he or she has vomited or experienced diarrhea within a 24-hour period.
6. Communication is essential to maintaining a healthy environment. Please report any contagious diseases your child has been diagnosed to have (e.g., strep throat, chicken pox, pink eye, etc.). The more we know, the better prepared we are to keep your child on the road to good health. When necessary, notices containing information regarding health matters will be sent home

First Aid, CPR, and Health Screening

TEACH Tech Charter High School (TTCHS) recognizes the importance of taking appropriate preventive or remedial measures to minimize accidents or illness at school or during school-sponsored activities. To this end, TTCHS expects parents/guardians to provide emergency information and keep such information current in order to facilitate immediate contact with parents/guardians if an accident or illness occurs.

Within the TTCHS facilities, a First Aid Kit containing appropriate supplies will be present. First aid will be administered whenever necessary by trained staff members. When necessary, the appropriate emergency personnel will be called to assist.

All teachers are to be certified in adult and pediatric CPR and First Aid and be recertified prior to expiration of certificates. Opportunities for adult and pediatric CPR and First Aid training will be offered to all support staff and volunteers.

Resuscitation Orders

School employees are trained and expected to respond to emergency situations without discrimination. If any student needs resuscitation, staff shall make every effort to resuscitate him/her. Staff members are prohibited from accepting or following any parental or medical "do not resuscitate" orders. School staff should not be placed in the position of determining whether such orders should be followed, and such Advance Directives shall not be communicated to staff. The Executive Director, or designee, shall ensure that all parents/guardians are informed of this policy.

Head Lice

To prevent the spread of head lice infestations, TEACH Tech Charter High School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse, or designee, shall examine the student and any siblings of affected students or members of the same household. If nits or lice are found, the student shall be excluded from attendance and parents/guardians informed about recommended treatment procedures and sources of further information.

The Principal, or designee, shall send home the notification required by law for excluded students. If there are two or more students affected in any learning center, an exposure notice with information about head lice shall be sent home to all parents/guardians of those students.

Staff shall maintain the privacy of students identified as having head lice and excluded from attendance. Excluded students may return to school when reexamined by the nurse, or designee, shows that all nits and lice have been removed.

Fire and Earthquake Drills

Fire and earthquake drills will be conducted throughout the year. Students are expected to follow teacher instructions.

SFA Wellness Policy

Due to children's need to access healthy foods and opportunities to be physically active in order to grow, learn, and thrive; TEACH Schools is committed to providing school environments that promote and protect children's health, well-being, and ability to learn by supporting healthy eating and physical activity. Therefore, it is the policy of TEACH SFA that:

- The schools will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing TEACH SFA school-wide nutrition and physical activity policies.
- All students in grades 9-12 will have opportunities, support, and encouragement to be physically active on a regular basis.
- Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.
- Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services.

Breakfast

To ensure that all children have breakfast, either at home or at school, in order to meet their nutritional needs and enhance their ability to learn:

- Schools will, to the extent possible, operate the School Breakfast Program.
- Schools will, to the extent possible, arrange bus schedules and utilize methods to serve school breakfasts that encourage participation, including serving breakfast in the classroom, "grab-and-go" breakfast, or breakfast during morning break or recess.
- Schools that serve breakfast to students will notify parents and students of the availability of the School Breakfast Program.
- Schools will encourage parents to provide a healthy breakfast for their children.

Free and Reduced-priced Meals

Schools will make every effort to eliminate any social stigma attached to, and prevent the overt identification of, students who are eligible for free and reduced-price school meals⁵.

Meal Times and Scheduling

Schools:

- will provide students with enough time to consume their meal after it has been served.
- should schedule meal periods at appropriate times, *e.g.*, lunch should be scheduled between 11 a.m. and 1 p.m.;
- should not schedule tutoring, club, or organizational meetings or activities during mealtimes, unless students may eat during such activities;
- will encourage students to wash or hand sanitize hands before they eat meals or snacks; and
- should take reasonable steps to encourage the tooth-brushing regimens of students with special oral health needs (*e.g.*, orthodontia or high tooth decay risk).

Sharing of Foods and Beverages

Schools should monitor students sharing their foods or beverages with one another during meal or snack times, given concerns about allergies and other restrictions on some children's diets.

Snacks

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations. The TEACH SFA will disseminate the guidelines for compliant snacks.

- If eligible, schools that provide snacks through after-school programs will pursue receiving reimbursements through the National School Lunch Program.

Snacks

Students may bring nutritious snacks (fresh fruit, granola bars, cheese, peanut butter and crackers) for break time only.

Rewards

Schools are encouraged not to use foods or beverages, especially those that do not meet the nutrition standards for foods and beverages sold individually (above), as rewards for academic performance or good behavior,¹⁰ and will not withhold food or beverages (including food served through school meals) as a punishment.

Celebrations

Schools should limit celebrations that involve food during the school day to no more than one party per class per month. It is encouraged that each party include no more than one food or beverage that does not meet nutrition standards for foods and beverages sold individually (above).

Food Marketing in Schools

School-based marketing will be consistent with nutrition education and health promotion. As such, schools will limit food and beverage marketing to the promotion of foods and beverages that meet the nutrition standards for meals or for foods and beverages sold individually (above).¹¹ School-based marketing of brands promoting predominantly low-nutrition foods and beverages¹² is prohibited. The promotion of healthy foods, including fruits, vegetables, whole grains, and low-fat dairy products is encouraged.

Examples of marketing techniques include the following: logos and brand names on/in vending machines, books or curricula, textbook covers, school supplies, scoreboards, school structures, and sports equipment; educational incentive programs that provide food as a reward; programs that provide schools with supplies when families buy low-nutrition food products; free samples or coupons; and food sales through fundraising activities. Marketing activities that promote healthful behaviors (and are therefore allowable) include: sales of healthy food for fundraisers.

Staff Wellness

TEACH SFA highly values the health and well-being of every staff member and will encourage that support personal efforts by staff to maintain a healthy lifestyle.

Physical Education and Physical Activity Opportunities

Qualifications of School Food Service Staff

Qualified nutrition professionals will administer the school meal programs. As part of TEACH SFA it is our responsibility to operate a food service program, we will provide continuing professional development for all nutrition professionals in schools. Staff development programs should include appropriate certification and/or training programs for child nutrition directors, school nutrition managers, and cafeteria workers, according to their levels of responsibility.⁶

School-Sponsored Events

(such as, but not limited to, athletic events, dances, or performances)

It is encouraged that foods and beverages offered or sold at school-sponsored events outside the school day meet the nutrition standards for meals or for foods and beverages sold individually (above).

Nutrition Education and Promotion

TEACH SFA aims to teach, encourage, and support healthy eating by students. It's encouraged that schools provide nutrition education and engage in nutrition promotion that:

- is offered at each grade level as part of a sequential, comprehensive, standards-based program designed to provide students with the knowledge and skills necessary to promote and protect their health;
- is part of not only health education classes, but also classroom instruction in subjects such as math, science, language arts, social sciences, and elective subjects;
- includes enjoyable, developmentally-appropriate, culturally-relevant, participatory activities, such as contests, promotions, taste testing, farm visits, and school gardens;

- promotes fruits, vegetables, whole grain products, low-fat and fat-free dairy products, healthy food preparation methods, and health-enhancing nutrition practices;
- emphasizes caloric balance between food intake and energy expenditure (physical activity/exercise);
- links with school meal programs, other school foods, and nutrition-related community services;
- teaches media literacy with an emphasis on food marketing; and
- includes training for teachers and other staff.

Safe Routes to School

TEACH SFA will assess and, if necessary and to the extent possible, make needed improvements to make it safer and easier for students to walk, skate and bike to school. When appropriate, TEACH SFA will work together with local public works, public safety, and/or police departments in those efforts. TEACH SFA will explore the availability of federal "safe routes to school" funds, administered by the state department of transportation, to finance such improvements. TEACH SFA will encourage students to use public transportation when available and appropriate for travel to school, and will work with the local transit agency to provide transit passes for students.

IV. Student Conduct

Student Conduct

Student Bullying, Harassment, or Intimidation

A person is bullied when he/she is exposed to intentional negative actions on the part of one or more students, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected. Bullying often occurs repeatedly and over time.

A person is harassed when he/she perceives or actually experiences discomfort with identity issues in regard to race, color, national origin, gender, disability, sexual orientation, religion, or other identifying characteristics, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected.

A person is intimidated when he/she is subjected to intentional action that seriously threatens and induces a sense of fear and/or inferiority, and whose ability to participate in or benefit from the school's educational programs or activities is adversely affected. Bullying, harassment, or intimidation is strictly prohibited by federal law and will not be tolerated in TEACH Public Schools.

Students who engage in behaviors that constitute bullying, harassment, or intimidation will be disciplined according to the procedures set by California Ed Code.

Students who believe that they are victims of harassment should report any such incidences promptly and may employ the Title IX grievance procedure. Students may report bullying, harassment, or intimidation without fear of harmful consequences. Students, parents/guardians, close adult relatives, and/or teachers may complete a form.

Bullying, Harassment, or Intimidation Reporting Form

This form may be obtained from the uniform complaint coordinator.

Telephone and Cell Phones

The telephone is to be used for business only. If a student needs to place a call, he/she may do so with the permission of a teacher or other adult in the office. If it is necessary for a parent/guardian to call, the message will be relayed to the student as soon as possible. No student will be called out of class to talk on the phone, except in cases of a life or death emergency. All students carrying cellular phones to school will be responsible for leaving their phone in a locked "cell phone bin" which is kept in a secure location, before the start of the school day. All students are subject to random search upon entry to the TTCHS campus. Please be aware that students will not be excused for any tardiness due to this policy. Phones can then be retrieved at the conclusion of the school day. Students in possession of any personal electronic device, including but not limited to: cellular phones, smartphones, smartwatches, tablets, game systems, laptops, are not permitted on campus during the school day without the express prior permission of TTCHS administration. Any student who brings an electronic device to school without following the proper procedure for electronic devices, will have their electronic device confiscated. Confiscated devices will only be released to a parent/guardian or another adult already listed on the student's emergency card the first time the student violates the policy. A second violation results in an in-person parent, student, administration conference to discuss the TTCHS electronic device policy. A third violation will result in the student's device being held by TTCHS administration until the last day of the current semester.

Infractions and consequences are based on a school year unless otherwise noted.

Student Code of Internet Conduct

The Internet is an exciting and powerful tool for students to research for both academic assignments as well as their own personal interests. As part of our curriculum, pupils have controlled access to the Internet and learn how to use libraries, databases and informational sources on a wide variety of topics. We recognize that some inappropriate material on the Internet may be accessed intentionally or by accident. To guard against this we will use a filtered service from a reliable software provider which regularly monitors web sites.

We will teach students the importance of responsible use of the web and e-mail as well as providing basic rules to maintain the privacy of students. At all times, pupils must agree to follow the Student Code of Internet Conduct summarized below.

 - Limited Access Material: material that is generally considered to be non-educational or entertainment.
 - Limited Access Material may be accessed in the context of specific learning activities that are directed by a teacher or during periods of time that a school may designate as "open access" time. This includes such material as electronic commerce, games, jokes, recreation, entertainment, sports and investments.
3. Students will not disclose your full name or any other personal contact information for any purpose.
4. Students will not disclose names, personal contact information, or any other private or personal information about other students under any circumstances.

Discipline

TEACH Tech Charter High School (TTCHS) believes that learning best occurs in an environment that consistently incorporates Character Education, and Discipline into a sound academic program. With that in mind, all students and their parents must sign the TTCHS PBIS contract which holds our students to a high standard of personal conduct. We believe that discipline and learning are directly related. Given the proper environment, we believe that children exhibit their best learning in appropriate ways. In a joint effort of parents and school, students of School Name are taught and expected to follow the discipline guides as set forth by the School 's Board of Directors:

Responsibility

- Do what you are supposed to do; when you are supposed to do it

- Responsiveness

TTCHS believes that all children can learn when taught well. We recognize that the ultimate objective of education is to enable students to become successful, self-directed learners. This goal is best achieved in a culture of acceptance, high expectation, encouragement, support, and positive motivation. Teachers have a responsibility to maintain a positive learning environment. Discipline is a process by which students are helped to develop an understanding of, and an appreciation for appropriate behavior toward a sound learning experience. The process includes positive behavioral interventions. Any student who interferes with their right or the right of others to learn is engaging in inappropriate behavior. Inappropriate behavior is subject to disciplinary consequences. Students engaging in inappropriate behavior, or students who have conflict with another, is subject to disciplinary consequences. Our students are taught and encouraged to manage and resolve conflict on their own through positive communication skills. If after doing so, students feel that the problem is not resolved, the conflict should be reported to the teacher.

General disciplinary problems may result in disciplinary action by teachers and/or by the principal. The Principal has primary responsibility for defining the school's culture to ensure that student discipline is implemented in a fair, effective manner. Teachers handle discipline. Instructional aides and staff may assist with discipline. Instructional aides and school staff members will make every effort, individually, collectively, and cooperatively to help each student gain acceptable self-discipline standards. Students with repeated behavior problems are referred to the Student Success Team. This team includes the student, parent, teacher, principal and counselor. An action plan is developed to help the student develop constructive behavior patterns.

Restorative Justice

At TEACH, we believe in working with students in order for them to repair any harm that they may have caused to others through words or actions. Students accomplish this through a cooperative process that includes all stakeholders, which can lead to a transformation of people, relationships, and communities.

V. Parents

Parents

Parent Involvement

A key piece of the school culture to support achievement for all students is a process of continuous communication and collaboration with families. As the student moves through the school year, his/her progress toward individual goals is carefully tracked and shared monthly with families through the means of a Personalized Learning Plan.

Therefore, parental involvement at TEACH Tech Charter High School is required. Our Parents are encouraged to participate individually and as a group for the benefit of the school.

Parent Participation

- Enhances the quality of education children receive
- Provides for greater integration of the educational program
- Promotes better understanding between parent and teacher, between parent and child; between home and school; and between school and the community.
- Parental involvement plays an important role in the life of the school and in the resolution of classroom behavior issues.

Required Parental Attendance

The Board of Directors of School Name believes that parental involvement plays an important role in the life of the school and in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid school authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian shall also meet with the school Principal or designee.

The Board of Directors encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher may also inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student.

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The Principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

Conditions for Classroom and School Visitation and Removal Policy

While TEACH Tech Charter High School (TTCHS) encourages parents/guardians and interested members of the community to visit School Name and view the educational program, TTCHS also endeavors to create a safe environment for students and staff.

To ensure the safety of students and staff as well as to minimize interruption of the instructional program, the school has established the following procedures, pursuant to California Penal Code Sections 627, ET. seq., to facilitate visits during regular school days:

1. Visits during school hours should first be arranged with the teacher, Principal, or designee, at least three days in advance. If a conference is desired, an appointment should be set with the teacher during non- instructional time, at least three days in advance. Parents seeking to visit a classroom during school hours must first obtain the written approval of the classroom teacher, Principal, or designee.
2. All visitors shall register with the front office immediately upon entering any school building or grounds during regular school hours. When registering, the visitor is required to provide his/her name, his/her purpose for entering school grounds, and proof of identity. For purposes of school safety and security, the office will provide a visitor with a Visitor's pass to wear as they are being accompanied through the school and any classrooms.
3. The Principal, or designee, may refuse to register an outsider if he or she has a reasonable basis for concluding that the visitor's presence or actions would disrupt the school, its students, its teachers, or its other employees; and/or would result in damage to property; would result in the distribution or use of unlawful or controlled substances.
4. The Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reasonable basis for concluding that the visitor presence on school grounds would interfere or is interfering with the peaceful conduct of the activities of the school, or would disrupt or is disrupting the school, its students, its teachers, or its other employees.
5. The Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or revoked, promptly leave school grounds. When a visitor is directed to leave, the Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.
6. Any visitor that is denied registration or has his/her registration revoked may request a hearing before the Executive Director or the Board on the propriety of the denial or revocation. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of hearing is to be sent, and shall be delivered to either the Executive Director or the Board President within five days after the denial or revocation. The Executive Director or Board President shall promptly mail a written notice of the date, time, and place of the hearing to the person who requested the hearing. A hearing before the Executive Director shall be held within seven days after the Executive Director receives the request. A hearing before the Board shall be held at the next regularly scheduled Board meeting after the President receives the request.
7. The Principal or designee shall seek the assistance of the police in dealing with or reporting any visitor in violation of this policy.
8. No electronic listening or recording device may be used by students or visitors in a classroom without the teacher's and Principal's permission.

Conditions for Classroom and School Visitation and Removal Policy Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to \$500.00 or imprisonment in the County jail for a period of up to six (6) months or both.
2. Further conduct of this nature by the visitor may lead to the school's pursuit of a restraining order against such visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of three (3) years.

Volunteers

Volunteers must come to the office and sign in and sign out when volunteering. A volunteer badge must be worn while on campus. Additionally, all volunteers are required to take a TB test prior to volunteering on campus and have the results on file with the Office.

Releasing Students

If a student becomes too ill to remain in school, a staff member will contact the parents by telephone. The parent is required to pick the child up or arrange for the child to be picked up by an authorized person. Parents must have the name and contact telephone number of an authorized person on the emergency card.

TEACHERS ARE NOT PERMITTED TO RELEASE CHILDREN WITHOUT OFFICE APPROVAL.

Parents or guardians who wish to take students home before regular dismissal time must come to the school's office for an official release from class. If a student has a specific medical condition, health problem or security need, this information must be reported in writing at the time of enrollment or as soon as it is known, so that appropriate accommodations can be made for the student.

Parent/Teacher Conference

Parents may be required to accompany their child through a school day to monitor and observe his or her behavior. Parents may be required to confer with school staff to concentrate efforts to assist a chronically misbehaving, tardy or truant student.

Picking Up Students from School

If you will be picking your student up before the end of the school day, please send a note to the office, as well as the classroom teachers. If someone other than a parent or guardian is to pick up your child, a signed note is REQUIRED and the adult MUST be named in the Emergency Card.

After-School Pick-Up of Students

Please note the parking signs. Double parking is illegal, unsafe and prohibited. The parking lot next to the school is for teachers and staff, please refrain from parking in the lot. Students will be dismissed from the northern gate on Western Ave and at the southern gate on 107th St. You may find a parking spot in front of the school on Western Ave. or on 107th St. and collect your child.

VI. Operations

School-Sponsored Events

(such as, but not limited to, athletic events, dances, or performances)

It is encouraged that foods and beverages offered or sold at school-sponsored events outside the school day meet the nutrition standards for meals or for foods and beverages sold individually (above).

Communications with Parents

The TEACH SFA/school will support parents' efforts to provide a healthy diet and daily physical activity for their children. The TEACH SFA will, send home nutrition information, post nutrition tips on school websites, and provide nutrient analyses of school menus when available. Schools should encourage parents to pack healthy lunches and snacks and to refrain from including beverages and foods that do not meet the above nutrition standards for individual foods and beverages.

The TEACH SFA/school will provide information about physical education and other school-based physical activity opportunities before, during, and after the school day; and support parents' efforts to provide their children with opportunities to be physically active outside of school.

Food Marketing in Schools

School-based marketing will be consistent with nutrition education and health promotion. As such, schools will limit food and beverage marketing to the promotion of foods and beverages that meet the nutrition standards for meals or for foods and beverages sold individually (above).¹¹ School-based marketing of brands promoting predominantly low-nutrition foods and beverages¹² is prohibited. The promotion of healthy foods, including fruits, vegetables, whole grains, and low-fat dairy products is encouraged.

Examples of marketing techniques include the following: logos and brand names on/in vending machines, books or curricula, textbook covers, school supplies, scoreboards, school structures, and sports equipment; educational incentive programs that provide food as a reward; programs that provide schools with supplies when families buy low-nutrition food products; free samples or coupons; and food sales through fundraising activities. Marketing activities that promote healthful behaviors (and are therefore allowable) include: sales of healthy food for fundraisers.

Staff Wellness

TEACH SFA highly values the health and well-being of every staff member and will encourage that support personal efforts by staff to maintain a healthy lifestyle.

Physical Education and Physical Activity Opportunities

Use of School Facilities Outside of School Hours

School spaces and facilities should be available to students, staff, and community members before, during, and after the school day, on weekends, and during school vacations. These spaces and facilities also should be available to community agencies and organizations offering physical activity and nutrition programs. School policies concerning safety will apply at all times.

Monitoring

The Wellness Committee will ensure compliance with established TEACH SFA school-wide nutrition and physical activity wellness policies. In each school, the principal or designee will ensure compliance with those policies in his/her school and will report on the school's compliance to the TEACH SFA Wellness Committee.

School food service staff, at the school level, will ensure compliance with nutrition policies within school food service areas and will report on this matter to the Wellness Committee (or if done at the school level, to the school principal). In addition, TEACH SFA will report on the most recent USDA Administrative Review findings and any resulting changes.

The Wellness Committee will develop a summary report periodically on TEACH SFA school-wide compliance with TEACH Schools established nutrition and physical activity wellness policies, based on input from schools within TEACH SFA. That report will be provided to the school board and also distributed to all school health councils, parent/teacher organizations, school principals, and school health services personnel in TEACH SFA schools.

Monitor and Policy Review

Policy Review

To help with the initial development of the TEACH SFA wellness policies, each school in the TEACH SFA will conduct a baseline assessment of the school's existing nutrition and physical activity environments and policies.¹³ The results of those school-by-school assessments will be compiled by the Wellness Committee level to identify and prioritize needs. Assessments will be repeated periodically to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, TEACH SFA will review our nutrition and physical activity policies; provision of an environment that supports healthy eating and physical activity; and nutrition and physical education policies and program elements. TEACH SFA, and individual schools within TEACH SFA, will, as necessary, suggest revisions to the wellness policies and develop work plans to facilitate their implementation.

VII. Complaints and Forms

Uniform Complaint Policy and Procedures

Scope

The policy of the Board of Directors of TEACH Public Schools (“TEACH”) is to comply with applicable federal and state laws and regulations. TEACH is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for conducting investigations shall be knowledgeable about the laws and programs which they are assigned to investigate. This complaint procedure is adopted to provide a uniform system of complaint processing for the following types of complaints:

(1) Complaints of unlawful discrimination, harassment, intimidation or bullying against any protected group, including actual or perceived discrimination, on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any TEACH program or activity; and

(2) Complaints of violations of state or federal law and regulations governing the following programs including but not limited to: After School Education and Safety Programs, Consolidated Categorical Aid Programs, Child Nutrition Programs, Foster and Homeless Youth Services, Every Student Succeeds Act / No Child Left Behind Act (2001) Programs (Titles I-VII), including improving academic achievement, compensatory education, limited English proficiency, and migrant education, Special Education Programs, Bilingual Education, Economic Impact Aid, and Tobacco-Use Prevention Education.

(3) A complaint may also be filed alleging that a pupil enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.

a. “Educational activity” means an activity offered by a school, school district, charter school or county office of education that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. “Pupil fee” means a fee, deposit or other charge imposed on pupils, or a pupil’s parents or guardians, in violation of Section 49011 of the Education Code and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all pupils without regard to their families’ ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

i. A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.

ii. A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

iii. A purchase that a pupil is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees. A complaint of noncompliance with laws relating to pupil fees may be filed with the Principal or the Compliance Officer.

d. If the TEACH finds merit in a pupil fees complaint TEACH shall provide a remedy to all affected pupils, parents, and guardians that, where applicable, includes reasonable efforts by TEACH to ensure full reimbursement to all affected pupils, parents, and guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this section shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or school districts, school, and other entities from providing pupils prizes or other recognition for voluntarily participating in fundraising activities.

(4) Complaints of noncompliance with the requirements governing the Local Control Funding Formula or Sections 47606.5 and 47607.3 of the Education Code, as applicable.

(5) Complaints of noncompliance with the requirements of Education Code Section 222 regarding the rights of lactating pupils on a school campus. If TEACH finds merit in a complaint, or if the Superintendent finds merit in an appeal, TEACH shall provide a remedy to the affected pupil.

TEACH acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible) the confidentiality of the parties and the integrity of the process. TEACH cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, TEACH will attempt to do so as appropriate. TEACH may find it necessary to disclose information regarding the complaint/complainant to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee on a case-by-case basis.

TEACH prohibits any form of retaliation against any complainant in the complaint process, including but not limited to a complainant's filing of a complaint or the reporting of instances of unlawful discrimination, harassment, intimidation or bullying. Such participation shall not in any way affect the status, grades or work assignments of the complainant.

Compliance Officers

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure TEACH's compliance with law:

Superintendent
TEACH Public Schools
1846 W. Imperial Hwy.
Los Angeles, CA 90047

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

Should a complaint be filed against the Superintendent, the compliance officer for that case shall be the President of TEACH Board of Directors.

Notifications

The Superintendent or designee shall annually provide written notification of TEACH's uniform complaint procedures to employees, students, parents and/or guardians, advisory committees, private school officials and other interested parties (e.g., Adult Education).

The annual notice shall be in English, and when necessary, in the primary language, pursuant to section 48985 of the Education Code if fifteen (15) percent or more of the pupils enrolled in TEACH speak a single primary language other than English.

The Superintendent or designee shall make available copies of TEACH's uniform complaint procedures free of charge.

The annual notice shall include the following:

- (a) A statement that TEACH is primarily responsible for compliance with federal and state laws and regulations.
- (b) A statement that a pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
- (c) A statement identifying the responsible staff member, position, or unit designated to receive complaints.
- (d) A statement that the complainant has a right to appeal TEACH 's decision to the CDE by filing a written appeal within 15 days of receiving TEACH decision.
- (e) A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code § 262.3.
- (f) A statement that copies of the local educational agency complaint procedures shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that TEACH has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by TEACH.

A complaint alleging unlawful discrimination, harassment, intimidation or bullying shall be initiated no later than six (6) months from the date when the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or six (6) months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination, harassment, intimidation or bullying. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying.

Pupil fee complaints shall be filed not later than one (1) year from the date the alleged violation occurred.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, TEACH staff shall assist him/her in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend TEACH's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide TEACH's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

TEACH's refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Step 4: Response**

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of TEACH's investigation and decision, as described in Step #5 below, within sixty (60) days of TEACH's receipt of the complaint.

- **Step 5: Final Written Decision**

TEACH's decision shall be in writing and sent to the complainant. TEACH's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion(s) of law.
3. Disposition of the complaint.
4. Rationale for such disposition.
5. Corrective actions, if any are warranted.
6. Notice of the complainant's right to appeal TEACH's decision within fifteen (15) days to the CDE and procedures to be followed for initiating such an appeal.
7. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, notice that the complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies.
8. For unlawful discrimination, harassment, intimidation or bullying complaints arising under federal law such complaint may be made at any time to the U.S. Department of Education, Office for Civil Rights.

If an employee is disciplined as a result of the complaint, the decision shall simply state that effective action was taken and that the employee was informed of TEACH's expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with TEACH's decision, the complainant may appeal in writing to the CDE within fifteen (15) days of receiving TEACH's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814
Telephone: (916) 319-0800

When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of TEACH's decision.

Upon notification by the CDE that the complainant has appealed TEACH's decision, the Superintendent or designee shall forward the following documents to the CDE:

1. A copy of the original complaint.
2. A copy of the decision.
3. A summary of the nature and extent of the investigation conducted by TEACH, if not covered by the decision.
4. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by all parties and gathered by the investigator.
5. A report of any action taken to resolve the complaint.
6. A copy of TEACH's complaint procedures.
7. Other relevant information requested by the CDE.

The CDE may directly intervene in the complaint without waiting for action by TEACH when one of the conditions listed in Title 5, California Code of Regulations, Section 4650 exists, including cases in which TEACH has not taken action within sixty (60) days of the date the complaint was filed with TEACH.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of TEACH's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if TEACH has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR § 4622.

General Complaints

The Board of Directors of TEACH Public Schools (“TEACH”) has adopted this General Complaint Policy to address concerns about TEACH generally or regarding specific employees. For complaints regarding harassment or perceived violations of state or federal laws, please refer to the TEACH Anti-Discrimination, Sexual Harassment, Harassment, and Bullying Policy and/or TEACH Uniform Complaint Procedures. For all other complaints, the General Complaint form and accompanying procedures will be appropriate.

Internal Complaints

(Complaints by Employees against Employees)

This section of the policy is for use when an TEACH employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Superintendent or designee:

1. The complainant will bring the matter to the attention of the Superintendent as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
2. The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Superintendent or designee will then investigate the facts and provide a solution or explanation;
3. If the complaint is about the Superintendent, the complainant may file his or her complaint in a signed writing to the Chair of the TEACH Board of Directors, who will then confer with the Board of Directors and may conduct a fact-finding or authorize a third-party investigator on behalf of the Board of Directors. The Chair or investigator will report his or her findings to the Board of Directors for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, TEACH values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Generally

(General Complaints and Complaints by Third Parties against Employees)

This section of the policy is for use when either a complaint does not fall under other complaint procedures or a third party (non-employee) raises a complaint or concern about TEACH generally, or an TEACH employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Superintendent or Chair of the TEACH Board of Directors (only if the complaint concerns the Superintendent) as soon as possible after the events that give rise to the complainant’s concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Superintendent (or designee) shall abide by the following process:

1. The Superintendent or designee shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Superintendent or designee shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain said facts.

2. In the event that the Superintendent (or designee) finds that a complaint is valid, the Superintendent (or designee) may take appropriate action to resolve the problem. Where the complaint is against an employee of TEACH, the Superintendent may take disciplinary action against the employee. As appropriate, the Superintendent (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.

3. The Superintendent's (or designee's) decision relating to the complaint shall be final unless it is appealed to the TEACH Board of Directors. The decision of the Board of Directors shall be final.

General Requirements

1. Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.

2. Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.

3. Resolution: The TEACH Board of Directors (if a complaint is about the Superintendent) or the Superintendent or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

The Board of Directors of TEACH Public Schools is a policy-making board which oversees the fundamental aspects of the School. The Board, when fully constituted shall be composed of at least five (5) and no more than nine (9) directors, including parents and community members. Board members shall have expertise in finance, law, non-profit governance, fundraising, school leadership, and academic program development. It shall consist of at least three members with career public school teaching experience, one member with legal background, one member representing the business community, one member representing parents, and one member with governmental experience. The members will have a two-year term. The TEACH Public Schools Principal and the Executive Directors shall be ex officio members of the Board. In accordance with Education Code Section 47604(b), the authority that grants the charter to a charter school to be operated by a nonprofit public benefit corporation shall be entitled to a single representative on the Board of Directors of the School. There shall be a non-voting member of LAUSD on the Board of Directors, as appointed by the District.

Annual Notification and Guidelines

This Student Family Handbook enumerates sections of the Education Code that require annual parent guardian notification. (Education Code 48980[a])

California state law governs the basic operation of public schools, and the legislature regularly passes new laws affecting the quality and availability of education, as well as laws mandating that local school districts undertake new responsibilities.

These laws often require that TEACH adequately inform parents of the opportunities and protection to which they are entitled. TEACH complies with this by providing families with this Annual Notification in the Student Family Handbook at the beginning of each school year and by issuing the same publication to new families as they enter TEACH schools during the year.

The following contains a summary of state law provisions with which all parents and guardians should be familiar. In some cases, the laws have been summarized, and the precise code number has been provided should parents require more detailed information. "Education Code" is the area of state law that affects education most directly.

The Student Family Handbook will be published annually. All registered families of TEACH Public Schools will indicate their willingness to be governed by the Student Family Handbook by signing annually a written statement to that effect. The Administration reserves the right to amend the Handbook at any time for just cause. Parents of TEACH Public Schools students will be notified of the changes, in writing, in a timely manner.

II. Academic Program

Academic Program

Our academic program offers a fully inclusive curriculum that puts all students on track for academic proficiency and eventual college success. The school's curriculum framework is developed for {TK-4} grades with the explicit purpose of helping all students reach grade-level proficiency and beyond by the end of {TK-4} grade. The school model pulls together curricular and instructional practices proven most effective with a strong emphasis on low achieving students who are struggling academically in the traditional school setting. All teaching and learning is directed toward student mastery of the California State Standards as well as key college-prep skills, learning strategies, and work habits crucial for long-term academic success.

Our students will move through an age-appropriate curriculum for English-Language Arts, Mathematics, History- Social Studies, Science, and Visual/Performing Arts at each grade level. Spanish, French, and Visual Arts will be among electives available to students who have gone through the remediation courses and subsequently need significantly less time for literacy and numeracy remediation.

Student Recruitment

Students are considered for admission without regard to ethnicity, national origin, gender, disability or sexual orientation. With the exception of proof of immunizations (or acceptable legal alternative), an enrollment application, and birth certificate, no requirements for admission exist. There will be no test or interview as a condition to enrollment in TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary School. No Tuition will be charged. TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary School is nonsectarian.

Application Process

The application process is as follows:

1. Parent attendance at a school orientation meeting
2. Completion of the student enrollment forms
3. Parent signature of School Contract
4. Proof of Immunizations
5. Home Language Survey
6. Completion of Emergency Medical Information Form

Applications of Admission

Applications will be accepted during a publicly advertised open enrollment period each spring for the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, School Name will hold a public random drawing to determine enrollment for the impacted grade level, with the exception of existing students (2nd year forward) who are guaranteed enrollment in the following school year. All individuals who have contacted School Name regarding enrollment will be notified of the time and place of the lottery and will be encouraged to attend. All prospective students who have completed the enrollment process will have their names entered into the lottery. Names will be drawn at random until the grade level is filled. Once a grade level is drawn to capacity, applications will continue to be drawn for position on a wait list. This wait list will allow students the option of enrollment in the case of an opening during the school year. In no circumstance will a wait list carry over to the following school year. In all situations, siblings will have first consideration.

Our Extended Day- Extended Year

Our extended daily schedule offers additional academic programming and culture-building, character-building, personalized support systems, and activities to help students develop the personal skills and resilience they need for college and life success.

- Tutoring - After or before school classes where students receive individual guided practice and homework assistance from teachers and tutors. The tutoring period is explicitly designed to respond to student achievement data and target student areas of difficulty. Students will also be coached and given the opportunity to practice the learning strategies and work habits that they encounter in their regular course work. For those students needing further intervention, one-on-one tutoring and supplementary remedial instruction may be provided. Teachers and staff usually invite students who are struggling that need extra support.
- After school Program will be offered for students where homework assistance, enrichment work and online programs will be utilized, as well as arts and crafts and physical activity will be provided. The hours will be from 3:00pm-6:00pm. Signs ups will be available during Orientation. (Rules regarding After school Program- refer to All Stars Program guidelines)
- Summer Session - Summer programs will provide critical support for struggling students as well as acceleration and enrichment opportunities for students who have reached grade-level proficiency.

Report Cards & Progress Reports

All grades can be accessed through our online grading system, and parents can contact teachers to request any one on one meeting to discuss the student's grades and assignments. Progress Reports will be prepared for each student three times during the trimester. Report cards will be sent via ParenSquare and/or mail. Parents are welcome to obtain a copy from the office.

Grading System

The grading scale is based on the degree to which students demonstrate proficiency on content area standards. The academic grade scale is composed of 4, 3, 2, or 1.

4- 100%-90% (Exceeds Expectation)

3- 89%-75% (Meets Standards)

2- 74%-55%. (Approaching Proficiency Mastery Standards)

1- 54% and Below (Not Approaching Standards)

- Evidence of student learning can be captured using classroom work (formative) and benchmark tests as well as teacher created assessments (summative).
- Students are graded on mastery of the required California Standards. The comprehensive report cards at the end of each academic semester is information to parents about the student's performance in the core curriculum subjects and related elective courses.
- These reports should be examined by the parent/guardian. Non-custodial parents may request a copy of student reports by contacting the office in writing.

The type of information contained in a student's permanent record will be basically identifying information including:

1. Student and parent names and addresses.
2. Date of birth, place, and gender.
3. Academic record.
4. Attendance record.
5. Health record.
6. Record of release of record information.
7. Emergency card information such as emergency address, telephone number, and doctor.
8. The types of information contained in a student's temporary record will include:

The contents of the school's student record may be challenged by filling out the proper form. This will explain what is being challenged, and why and what is required to remediate the situation. The request is to be brought to the attention of the office manager or principal. Other school personnel, who are involved with the student and need the information, have access to the records without parental consent. The contents of the school student record will be held on file until the date that the student would have graduated. The record will then be destroyed, except for the student's name, address, grades, dates of attendance, and completion of 12th grade.

A listing of directory information, such as name of student, parent/guardian name, address, and telephone number will be made available to authorized school organizations only as needed. If the parent/guardian does not wish to have his or her name listed, he or she must indicate this in writing to the principal prior to the start of school. Student records are subject to the guidelines and regulations set forth in the Federal Family Educational Rights and Privacy Act of 1974 and the California School Student Records Act (Chapter 122, Article 50, California Revised Statutes 1975).

We will make every effort to comply with parental requests as quickly as possible.

No person may condition the granting or withholding of any right, privilege, or benefit, or make as a condition of employment, credit, or insurance, the securing by any individual of any information from a student's temporary record which such individual may obtain by the exercise of any right secured by California law. Individuals have the right to contact the U.S. Department of Education to report alleged failures by any school to comply with student records laws.

Make Up Work

Parents may and are encouraged to get make-up work for a child who is absent due to illness or injury. Parents are asked to call the school before 10:00 a.m. on the day the make-up work is to be picked up. This gives the teacher adequate time during the day to organize needed materials. Materials may be picked up from the office at the end of the school day.

Science Laboratory Instruction

Students involved in science laboratory experiences shall be protected from contamination from body fluids of other persons and from contaminated instruments. Whenever possible, laboratory experiences involving body fluids will be conducted by way of teacher demonstration rather than by student participation.

Library/Textbooks

TEACH Prep Elementary focuses on literacy. Excellent reading materials will be provided for students at school. Teachers will assign reading assignments through ReadWorks and from EpicBooks (online), along with their ELA material (Wonders). Continuous efforts will be made to teach and model proper use and care of all school books, materials, equipment, and supplies. Students and parents will be held financially responsible for any willful or unnecessary damage to or loss of books, materials, equipment, and supplies belonging to School Name.

If school materials along with either a Chromebook or iPad have been distributed to the students to take home and a student should damage or lose a textbook, digital equipment, or classroom supplies, he/she will need to pay the cost of the repairs or replacement. Parent and student will meet with the Principal to go over the damage/lose as well as the repayment or replacement of the materials.

Parents are encouraged to have their children read at least 20-30 minutes a day.

Student Supports and Protections

Section 504 Plan

Section 504 of the Rehabilitation Act of 1973, states that no otherwise qualified handicapped individual in the United States...shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. (29 USC 794)

- Compliance monitored by the Office of Civil Rights.
- Applies to all institutions receiving federal financial assistance, such as public schools.
- Schools are obligated to provide a "free appropriate public education" (FAPE) to children with a disability.

Section 504 prohibits discrimination while assuring that disabled students have educational opportunities and benefits equal to those provided to non-disabled students. If you would like to know more about 504 Plans or other types of assistance available to your student, please contact your Principal.

Special Education Determination for eligibility for special education and services may come from teachers, parents, agencies, appropriate professional persons, and from other members of the public. Special Education referrals will be coordinated with school site procedures for referral of students with needs that cannot be met with modifications of the regular instructional program, including referrals from student intervention teams, such as the Student Study Team (SST). A student shall be referred for special education and services after the resources of the regular education program have been considered and, where appropriate, utilized.

Student Study Team (SST)

The Student Study Team is an efficient and effective way to bring together all resources, human and programmatic, to support students having difficulties in regular classes. This is a concentrated solution-seeking meeting where all the needed persons, including the student and parent, are present at the same time. The SST is an expression of the school's concern for students and provides a supportive atmosphere for students to become actively involved in determining their own needs and in implementing strategies designed to help them. The SST meets to determine what assistance is

needed for students who have learning difficulties or who have repeated behavior problems. The team consists of the principal, teacher, parent and others associated with the student's area of need.

Integrating Physical Activity into the Classroom Setting

For students to receive the nationally-recommended amount of daily physical activity (*i.e.*, at least 60 minutes per day) and for students to fully embrace regular physical activity as a personal behavior, students need opportunities for physical activity beyond physical education class. Toward that end:

- classroom health education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically-active lifestyle and to reduce time spent on sedentary activities, such as watching television;
- opportunities for physical activity will be incorporated into other subject lessons; and
- classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

Daily Physical Education (P.E.) 5-10

All students in grades 9-10, including students with disabilities, special health-care needs, and in alternative educational settings, will receive weekly physical education for the entire school year. All physical education will be taught by a certified physical education teacher. Student involvement in other activities involving physical activity (*e.g.*, interscholastic or intramural sports) will not be substituted for meeting the physical education requirement. Students will spend at least 50 percent of physical education class time participating in moderate to vigorous physical activity.

- A minimum of 400 minutes for every 10 school days for students in grades 9-12
- Schools shall be encouraged to annually administer the physical fitness test designated by the State Board of Education to students in grades 5, 7, and 9.

Physical Activity Opportunities Before and After School

All middle and high schools will offer when appropriate extracurricular physical activity programs, such as physical activity clubs or intramural programs. All high schools, and middle schools, when appropriate, will offer, interscholastic sports programs. Schools will offer, when feasible, a range of activities that meet the needs, interests, and abilities of all students, including boys, girls, students with disabilities, and students with special health-care needs.

After-school child care and enrichment programs when appropriate will provide and encourage – verbally and through the provision of space, equipment, and activities – daily periods of moderate to vigorous physical activity for all participants.

Physical Activity and Punishment

Teachers and other school and community personnel will not use physical activity (*e.g.*, running laps, pushups) or withhold opportunities for physical activity (*e.g.*, recess, physical education) as punishment.

III. Student Health, Safety and Wellbeing

Health and Safety

Emergency Numbers

For the safety of every child, it is very important that parents complete the Emergency Card providing the school with an emergency telephone number so that someone may be notified in case of an emergency. This card should be signed and dated. The card will be maintained on file to use in the event of an emergency.

If no telephone is in the home, a telephone number of a relative or family friend must be provided. Any change in address, telephone number, parent's work, physician, or name of the person or persons authorized to pick the child up if the parent is ill or injured should be reported to the office immediately.

Accidents

Although School Name makes every reasonable effort to prevent student accidents and injuries, accidents occur. The Principal or designee shall develop procedures to ensure that first aid and/or medical attention is provided as quickly as possible and that parents/guardians are notified of accidents. Universal precautions shall be observed whenever it is possible that students, employees or others may have contact with blood or body fluids as a result of the accident. School Name staff shall appropriately report and document student accidents.

Health Services

School Name is regulated by the State Department of Health Services. All facility inspection reports are available upon request. The health and safety of each student is the foremost responsibility of the school. Health services will be made available to any student needing it. If a student becomes ill at school, and needs assistance, he/she should inform the teacher to receive a referral to go to the office. All injuries must be reported to the teacher. If injuries occur after school they must be reported to the After School Director, after school aide or to the Principal.

It is necessary for current emergency information be on file at all times. Parents must up-date emergency information on a regular basis.

Immunizations

School Name will adhere to all law related to legally required immunizations for entering students pursuant to Health and Safety Code Section 120325-120375, and Title 17, California Code of Regulations Section 6000-6075.

California law requires that an immunization record be presented to the school staff before a child can be enrolled in school. School Name requires written verification from a doctor or immunization clinic of the following immunizations:

- Diphtheria.
- Measles.
- Mumps, except for children who have reached the age of seven years.
- Pertussis (whooping cough), except for children who have reached the age of seven years.
- Poliomyelitis.
- Rubella.
- Tetanus.
- Hepatitis B.
- Varicella (chickenpox), (persons already admitted into California public or private schools at the Kindergarten level or above before July 1, 2001, shall be exempt from the Varicella immunization requirement for school entry).

Physical Examinations

All pupils are to have completed a health screening examination on or before the day after the pupil's entrance into first grade or such pupils must have obtained a waiver pursuant to Health and Safety Code Section 124085. This examination can be obtained from your family physician or possibly through the services provided by your County Health Department. Information and forms are distributed to pupils enrolled in kindergarten.

Failure to obtain an examination for your child or a waiver will result in your child being denied enrollment.

If your child's medical status changes, please provide the office with a physician's written verification of the medical issue, especially if it impacts in any way your child's ability to perform schoolwork.

Communicable, Contagious, or Infectious Disease Prevention Policy

TEACH Preparatory Elementary School recognizes its shared responsibility with the home and the community to promote appropriate disease prevention procedures in the handling and the cleaning up of blood and body fluids.

The Board desires to protect the entire school community without segregation, discrimination or stigma. Accordingly, infectious disease prevention shall be taught regardless of whether a student or adult is known to have an identified infectious disease. All students and employees shall be provided appropriate periodic instruction in basic procedures recommended by the State Department of Education and other public health agencies and associations.

Incidence and transmission of communicable diseases will be further limited through a rigorous program of immunization and health screening required of all students, faculty, and staff. (See "Immunizations I Physical Exams" Policy) Students found to have communicable diseases will be included in all activities deemed by a physician to present no hazard of infection to other students.

Injuries and Accidents

Whenever exposed to blood or other body fluids through injury or accident, students and staff should follow the latest medical protocol for disinfecting procedures. (See "Blood borne Pathogen Exposure Control Program" Policy)

Illness

If a child is ill he or she **MUST NOT BE SENT TO SCHOOL**. Students who contract a contagious disease such as pink eye, chicken pox, ringworm, impetigo, head lice or other such conditions **SHALL NOT ATTEND SCHOOL**. The child must remain at home until he or she is no longer contagious and declared healthy by a health professional. A doctor's note is required for the student to return to school.

Medication at School

Students are not permitted to carry medication (including inhalers for asthma). If a doctor's note is on file, the Office manager will be permitted to dispense the medication to the student.

The Office Manager and the student's teacher must be informed of any prescription medication that a student is required to take at school. To dispense prescription medication to students, the school must receive a written order from the student's doctor and a permission slip from the student's parent. These notifications must remain on file at the school for duration of time that the student is required to take the medication. All medication should be brought to the office manager by the parent/guardian in its original prescription container, labeled with the student's name, the name of the medication, the date of expiration, and the proper dosage. If medication needs to be administered to the child when the Office manager is not present, a trained staff member will administer the medication.

Administration of Medications

TEACH Preparatory Elementary School staff is responsible for the administration of medication to students attending school during regular school hours. It is imperative that practices followed in the administration of medication be carefully delineated to ensure the safety of our students and the legal protection of our employees. Any pupil who is required to take, during the regular school day, medication prescribed for him or her by a physician or surgeon, may be assisted by designated school personnel or may carry and self-administer prescription auto-injectable epinephrine if the School Name receives the appropriate written statements

In order for a pupil to carry and self-administer prescription auto-injectable epinephrine, TEACH Academy of Technologies shall obtain both a written statement from the physician or surgeon detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine, along with a written statement from the parent, foster parent, or guardian of the pupil consenting to the self-administration, providing a release for the designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing School Name and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication.

In order for a pupil to be assisted by designated school personnel, School Name shall obtain both a written statement from the physician detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken and a written statement from the parent, foster parent, or guardian of the pupil indicating the desire that School Name assist the pupil in the matters set forth in the statement of the physician.

Guidelines:

- The primary responsibility for the administration of medication rests with the parent/guardian, student and medical professional.
- Medication shall be administered only during school hours if determined by a physician to be necessary.
- Designated staff shall keep records of medication administered at the school.
- All medication will be kept in a secure and appropriate storage location and administered per physician's instructions by appropriately designated staff.
- Designated staff shall return all surplus medication to the parent/guardian upon completion of the regimen or prior to summer holidays.
- Designated staff shall establish emergency procedures for specific medical conditions that require an immediate response (i.e. allergies, asthma, diabetes).
- The written statements specified in this policy shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes.
- A pupil may be subject to disciplinary action if that pupil uses auto-injectable epinephrine in a manner other than as prescribed.

Medication Policy

The following procedures will be in effect for the monitoring and use of medication at school:

- Medication will only be allowed at school when failure to take medication could jeopardize the health and/or educational abilities of the student.
- Medication is restricted to students with long-term chronic illnesses or disabilities including, but not limited to, diabetes, attention disorders, asthma, seizure activity, epilepsy, cystic fibrosis, cardiac, neurological, and endocrine disorders. Any other medications should be given by parents/guardians before and/or after school hours.
- No medicines may be administered at school unless directed by a doctor.
- The student must have a medical form completed by the attending physician and his/her parents or guardian on file with the school office.
- All medicine must be in a labeled prescription container and must be kept in the designated place in each building. All asthma inhalers should be kept in the office (labeled) unless a note from a doctor states the inhaler should be kept on the person
- Instructions for dispensing, as well as a date, must be on the container
- Students are expected to take their medication during passing times or lunch times.
- Students are to remember the conditions under which they are to request their medicine.

Guidelines to Help Promote a Healthy Environment

Children are most vulnerable to contracting diseases while in school because of the close contact they maintain. While we cannot prevent this from occurring, with your help we can implement some simple guidelines to help promote a healthy environment.

1. Teach your child the importance of correct hand washing as a means of preventing the spread of germs.
2. Proper disposal of tissues and covering one's mouth when coughing also prevents germs from circulating.
3. If your child is coughing excessively, keep him or her home to prevent exposure to other children.
4. A child should be fever free for 24 hours before returning to school. Temperature may indicate the onset of an illness.
5. A child should remain home if he or she has vomited or experienced diarrhea within a 24-hour period.
6. Communication is essential to maintaining a healthy environment. Please report any contagious diseases your child has been diagnosed to have (e.g., strep throat, chicken pox, pink eye, etc.). The more we know, the better prepared we are to keep your child on the road to good health. When necessary, notices containing information regarding health matters will be sent home

First Aid, CPR, and Health Screening

TEACH Preparatory Elementary School recognizes the importance of taking appropriate preventive or remedial measures to minimize accidents or illness at school or during school-sponsored activities. To this end, the school expects parents/guardians to provide emergency information and keep such information current in order to facilitate immediate contact with parents/guardians if an accident or illness occurs.

Within the TEACH Preparatory Elementary School facilities, a First Aid Kit containing appropriate supplies will be present. First aid will be administered whenever necessary by trained staff members. When necessary, the appropriate emergency personnel will be called to assist.

All teachers are to be certified in adult and pediatric CPR and First Aid and be recertified prior to expiration of certificates. Opportunities for adult and pediatric CPR and First Aid training will be offered to all support staff and volunteers.

Resuscitation Orders

School employees are trained and expected to respond to emergency situations without discrimination. If any student needs resuscitation, staff shall make every effort to resuscitate him/her. Staff members are prohibited from accepting or following any parental or medical "do not resuscitate" orders. School staff should not be placed in the position of determining whether such orders should be followed, and such Advance Directives shall not be communicated to staff. The Executive Director, or designee, shall ensure that all parents/guardians are informed of this policy.

Head Lice

To prevent the spread of head lice infestations, TEACH Preparatory Elementary School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible. The nurse, or designee, shall examine the student and any siblings of affected students or members of the same household. If nits or lice are found, the student shall be excluded from attendance and parents/guardians informed about recommended treatment procedures and sources of further information.

The Principal, or designee, shall send home the notification required by law for excluded students. If there are two or more students affected in any learning center, an exposure notice with information about head lice shall be sent home to all parents/guardians of those students.

Staff shall maintain the privacy of students identified as having head lice and excluded from attendance. Excluded students may return to school when reexamined by the nurse, or designee, shows that all nits and lice have been removed.

Fire and Earthquake Drills

Fire and earthquake drills will be conducted throughout the year. Students are expected to follow teacher instructions.

SFA Wellness Policy

Due to children's need to access healthy foods and opportunities to be physically active in order to grow, learn, and thrive; TEACH Schools is committed to providing school environments that promote and protect children's health, well-being, and ability to learn by supporting healthy eating and physical activity. Therefore, it is the policy of TEACH SFA that:

- The schools will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing TEACH SFA school-wide nutrition and physical activity policies.
- All students in grades 9-12 will have opportunities, support, and encouragement to be physically active on a regular basis.
- Qualified child nutrition professionals will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; will accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; and will provide clean, safe, and pleasant settings and adequate time for students to eat.
- Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services.

Breakfast

To ensure that all children have breakfast, either at home or at school, in order to meet their nutritional needs and enhance their ability to learn:

- Schools will, to the extent possible, operate the School Breakfast Program.
- Schools will, to the extent possible, arrange bus schedules and utilize methods to serve school breakfasts that encourage participation, including serving breakfast in the classroom, "grab-and-go" breakfast, or breakfast during morning break or recess.
- Schools that serve breakfast to students will notify parents and students of the availability of the School Breakfast Program.
- Schools will encourage parents to provide a healthy breakfast for their children.

Snacks

Snacks served during the school day or in after-school care or enrichment programs will make a positive contribution to children's diets and health, with an emphasis on serving fruits and vegetables as the primary snacks and water as the primary beverage. Schools will assess if and when to offer snacks based on timing of school meals, children's nutritional needs, children's ages, and other considerations. The TEACH SFA will disseminate the guidelines for compliant snacks.

- If eligible, schools that provide snacks through after-school programs will pursue receiving reimbursements through the National School Lunch Program.

When appropriate, TEACH SFA will work together with local public works, public safety, and/or police departments in those efforts. TEACH SFA will explore the availability of federal "safe routes to school" funds, administered by the state department of transportation, to finance such improvements. TEACH SFA will encourage students to use public transportation when available and appropriate for travel to school, and will work with the local transit agency to provide transit passes for students.

TEACH Preparatory Elementary School believes that all children can learn when taught well. We recognize that the ultimate objective of education is to enable students to become successful, self-directed learners. This goal is best achieved in a culture of acceptance, high expectation, encouragement, support, and positive motivation. Teachers have a responsibility to maintain a positive learning environment. Discipline is a process by which students are helped to develop an understanding of, and an appreciation for appropriate behavior toward a sound learning experience. The process includes positive behavioral interventions. Any student who interferes with their right or the right of others to learn is engaging in inappropriate behavior. Inappropriate behavior is subject to disciplinary consequences. Students engaging in inappropriate behavior, or students who have conflict with another, is subject to disciplinary consequences. Our students are taught and encouraged to manage and resolve conflict on their own through positive communication skills. If after doing so, students feel that the problem is not resolved, the conflict should be reported to the teacher.

General disciplinary problems may result in disciplinary action by teachers and/or by the principal. The Principal has primary responsibility for defining the school's culture to ensure that student discipline is implemented in a fair, effective manner. Teachers handle discipline. Instructional aides and staff may assist with discipline. Instructional aides and school staff members will make every effort, individually, collectively, and cooperatively to help each student gain acceptable self-discipline standards. Students with repeated behavior problems are referred to the Student Success Team. This team includes the student, parent, teacher, principal and counselor. An action plan is developed to help the student develop constructive behavior patterns.

Restorative Justice

At TEACH, we believe in working with students in order for them to repair any harm that they may have caused to others through words or actions. Students accomplish this through a cooperative process that includes all stakeholders, which can lead to a transformation of people, relationships, and communities.

V. Parents

Parents

Parent Involvement

A key piece of the school culture to support achievement for all students is a process of continuous communication and collaboration with families. As the student moves through the school year, his/her progress toward individual goals is carefully tracked and shared monthly with families through the means of a Personalized Learning Plan.

Therefore, parental involvement at TEACH Preparatory Elementary School is required. Our parents are encouraged to participate individually and as a group for the benefit of the school.

Parent Participation

- Enhances the quality of education children receive
- Provides for greater integration of the educational program
- Promotes better understanding between parent and teacher, between parent and child; between home and school; and between school and the community.
- Parental involvement plays an important role in the life of the school and in the resolution of classroom behavior issues.

Required Parental Attendance

The Board of Directors of TEACH Preparatory Elementary School believes that parental involvement plays an important role in the life of the school and in the resolution of classroom behavior problems. The Board expects that teachers will communicate with parents/guardians when behavior problems arise.

Whenever a student is removed from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid school authority, the teacher of the class from which the student was removed may provide that the student's parent/guardian attend a portion of a school day in that class. After completing the classroom visit and before leaving school premises, the parent/guardian shall also meet with the school Principal or designee.

The Board of Directors encourages teachers, before requiring parental attendance, to make reasonable efforts to have the parent/guardian visit the class voluntarily. The teacher may also inform the parent/guardian about available resources and parent education opportunities. Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the student and the parent/guardian and to improve classroom behavior.

The teacher shall apply this policy uniformly to all students within the classroom. This policy shall apply only to a parent/guardian who lives with the student.

Parental attendance may be requested on the day the student returns to class or within one week thereafter. The Principal or designee shall contact any parents/guardians who do not respond to the request to attend school. The Board recognizes that parental compliance with this policy may be delayed, modified or prevented for reasons such as serious illness/injury/disability, absence from town, or inability to get release time from work.

Food Marketing in Schools

School-based marketing will be consistent with nutrition education and health promotion. As such, schools will limit food and beverage marketing to the promotion of foods and beverages that meet the nutrition standards for meals or for foods and beverages sold individually (above).¹¹ School-based marketing of brands promoting predominantly low-nutrition foods and beverages¹² is prohibited. The promotion of healthy foods, including fruits, vegetables, whole grains, and low-fat dairy products is encouraged.

Examples of marketing techniques include the following: logos and brand names on/in vending machines, books or curricula, textbook covers, school supplies, scoreboards, school structures, and sports equipment; educational incentive programs that provide food as a reward; programs that provide schools with supplies when families buy low-nutrition food products; free samples or coupons; and food sales through fundraising activities. Marketing activities that promote healthful behaviors (and are therefore allowable) include: sales of healthy food for fundraisers.

Staff Wellness

TEACH SFA highly values the health and well-being of every staff member and will encourage that support personal efforts by staff to maintain a healthy lifestyle.

Physical Education and Physical Activity Opportunities

Use of School Facilities Outside of School Hours

School spaces and facilities should be available to students, staff, and community members before, during, and after the school day, on weekends, and during school vacations. These spaces and facilities also should be available to community agencies and organizations offering physical activity and nutrition programs. School policies concerning safety will apply at all times.

Monitoring

The Wellness Committee will ensure compliance with established TEACH SFA school-wide nutrition and physical activity wellness policies. In each school, the principal or designee will ensure compliance with those policies in his/her school and will report on the school's compliance to the TEACH SFA Wellness Committee.

School food service staff, at the school level, will ensure compliance with nutrition policies within school food service areas and will report on this matter to the Wellness Committee (or if done at the school level, to the school principal). In addition, TEACH SFA will report on the most recent USDA Administrative Review findings and any resulting changes.

The Wellness Committee will develop a summary report periodically on TEACH SFA school-wide compliance with TEACH Schools established nutrition and physical activity wellness policies, based on input from schools within TEACH SFA. That report will be provided to the school board and also distributed to all school health councils, parent/teacher organizations, school principals, and school health services personnel in TEACH SFA schools.

Monitor and Policy Review

Policy Review

To help with the initial development of the TEACH SFA wellness policies, each school in the TEACH SFA will conduct a baseline assessment of the school's existing nutrition and physical activity environments and policies.¹³ The results of those school-by-school assessments will be compiled by the Wellness Committee level to identify and prioritize needs. Assessments will be repeated periodically to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, TEACH SFA will review our nutrition and physical activity policies; provision of an environment that supports healthy eating and physical activity; and nutrition and physical education policies and program elements. TEACH SFA, and individual schools within TEACH SFA, will, as necessary, suggest revisions to the wellness policies and develop work plans to facilitate their implementation.

VII. Complaints and Forms

Uniform Complaint Policy and Procedures

Scope

The policy of the Board of Directors of TEACH Public Schools (“TEACH”) is to comply with applicable federal and state laws and regulations. TEACH is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for conducting investigations shall be knowledgeable about the laws and programs which they are assigned to investigate. This complaint procedure is adopted to provide a uniform system of complaint processing for the following types of complaints:

- (1) Complaints of unlawful discrimination, harassment, intimidation or bullying against any protected group, including actual or perceived discrimination, on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person’s association with a person or group with one or more of these actual or perceived characteristics in any TEACH program or activity; and
- (2) Complaints of violations of state or federal law and regulations governing the following programs including but not limited to: After School Education and Safety Programs, Consolidated Categorical Aid Programs, Child Nutrition Programs, Foster and Homeless Youth Services, Every Student Succeeds Act / No Child Left Behind Act (2001) Programs (Titles I-VII), including improving academic achievement, compensatory education, limited English proficiency, and migrant education, Special Education Programs, Bilingual Education, Economic Impact Aid, and Tobacco-Use Prevention Education.
- (3) A complaint may also be filed alleging that a pupil enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
 - a. “Educational activity” means an activity offered by a school, school district, charter school or county office of education that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.
 - b. “Pupil fee” means a fee, deposit or other charge imposed on pupils, or a pupil’s parents or guardians, in violation of Section 49011 of the Education Code and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all pupils without regard to their families’ ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:
 - i. A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
 - ii. A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.
 - iii. A purchase that a pupil is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.
 - c. A pupil fees complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees. A complaint of noncompliance with laws relating to pupil fees may be filed with the Principal or the Compliance Officer.

d. If the TEACH finds merit in a pupil fees complaint TEACH shall provide a remedy to all affected pupils, parents, and guardians that, where applicable, includes reasonable efforts by TEACH to ensure full reimbursement to all affected pupils, parents, and guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this section shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or school districts, school, and other entities from providing pupils prizes or other recognition for voluntarily participating in fundraising activities.

(4) Complaints of noncompliance with the requirements governing the Local Control Funding Formula or Sections 47606.5 and 47607.3 of the Education Code, as applicable.

(5) Complaints of noncompliance with the requirements of Education Code Section 222 regarding the rights of lactating pupils on a school campus. If TEACH finds merit in a complaint, or if the Superintendent finds merit in an appeal, TEACH shall provide a remedy to the affected pupil.

TEACH acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible) the confidentiality of the parties and the integrity of the process. TEACH cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, TEACH will attempt to do so as appropriate. TEACH may find it necessary to disclose information regarding the complaint/complainant to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee on a case-by-case basis.

TEACH prohibits any form of retaliation against any complainant in the complaint process, including but not limited to a complainant's filing of a complaint or the reporting of instances of unlawful discrimination, harassment, intimidation or bullying. Such participation shall not in any way affect the status, grades or work assignments of the complainant.

Compliance Officers

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure TEACH's compliance with law:

Superintendent
TEACH Public Schools
1846 W. Imperial Hwy.
Los Angeles, CA 90047

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

Should a complaint be filed against the Superintendent, the compliance officer for that case shall be the President of TEACH Board of Directors.

Notifications

The Superintendent or designee shall annually provide written notification of TEACH's uniform complaint procedures to employees, students, parents and/or guardians, advisory committees, private school officials and other interested parties (e.g., Adult Education).

The annual notice shall be in English, and when necessary, in the primary language, pursuant to section 48985 of the Education Code if fifteen (15) percent or more of the pupils enrolled in TEACH speak a single primary language other than English.

The Superintendent or designee shall make available copies of TEACH's uniform complaint procedures free of charge.

The annual notice shall include the following:

- (a) A statement that TEACH is primarily responsible for compliance with federal and state laws and regulations.
- (b) A statement that a pupil enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
- (c) A statement identifying the responsible staff member, position, or unit designated to receive complaints.
- (d) A statement that the complainant has a right to appeal TEACH 's decision to the CDE by filing a written appeal within 15 days of receiving TEACH decision.
- (e) A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code § 262.3.
- (f) A statement that copies of the local educational agency complaint procedures shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that TEACH has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions.

All parties involved in allegations shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by TEACH.

A complaint alleging unlawful discrimination, harassment, intimidation or bullying shall be initiated no later than six (6) months from the date when the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or six (6) months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination, harassment, intimidation or bullying. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination, harassment, intimidation or bullying or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying.

Pupil fee complaints shall be filed not later than one (1) year from the date the alleged violation occurred.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, TEACH staff shall assist him/her in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the problem within the parameters of law, the compliance officer shall proceed with his/her investigation of the complaint.

The use of mediation shall not extend TEACH's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide TEACH's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

TEACH's refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Step 4: Response**

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of TEACH's investigation and decision, as described in Step #5 below, within sixty (60) days of TEACH's receipt of the complaint.

- **Step 5: Final Written Decision**

TEACH's decision shall be in writing and sent to the complainant. TEACH's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion(s) of law.
3. Disposition of the complaint.
4. Rationale for such disposition.
5. Corrective actions, if any are warranted.
6. Notice of the complainant's right to appeal TEACH's decision within fifteen (15) days to the CDE and procedures to be followed for initiating such an appeal.
7. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, notice that the complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies.
8. For unlawful discrimination, harassment, intimidation or bullying complaints arising under federal law such complaint may be made at any time to the U.S. Department of Education, Office for Civil Rights.

If an employee is disciplined as a result of the complaint, the decision shall simply state that effective action was taken and that the employee was informed of TEACH's expectations. The report shall not give any further information as to the nature of the disciplinary action.

Appeals to the California Department of Education

If dissatisfied with TEACH's decision, the complainant may appeal in writing to the CDE within fifteen (15) days of receiving TEACH's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814
Telephone: (916) 319-0800

When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of TEACH's decision.

Upon notification by the CDE that the complainant has appealed TEACH's decision, the Superintendent or designee shall forward the following documents to the CDE:

1. A copy of the original complaint.
2. A copy of the decision.
3. A summary of the nature and extent of the investigation conducted by TEACH, if not covered by the decision.
4. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by all parties and gathered by the investigator.
5. A report of any action taken to resolve the complaint.
6. A copy of TEACH's complaint procedures.
7. Other relevant information requested by the CDE.

The CDE may directly intervene in the complaint without waiting for action by TEACH when one of the conditions listed in Title 5, California Code of Regulations, Section 4650 exists, including cases in which TEACH has not taken action within sixty (60) days of the date the complaint was filed with TEACH.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of TEACH's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if TEACH has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR § 4622.

General Complaints

The Board of Directors of TEACH Public Schools (“TEACH”) has adopted this General Complaint Policy to address concerns about TEACH generally or regarding specific employees. For complaints regarding harassment or perceived violations of state or federal laws, please refer to the TEACH Anti-Discrimination, Sexual Harassment, Harassment, and Bullying Policy and/or TEACH Uniform Complaint Procedures. For all other complaints, the General Complaint form and accompanying procedures will be appropriate.

Internal Complaints

(Complaints by Employees against Employees)

This section of the policy is for use when an TEACH employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Superintendent or designee:

1. The complainant will bring the matter to the attention of the Superintendent as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
2. The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Superintendent or designee will then investigate the facts and provide a solution or explanation;
3. If the complaint is about the Superintendent, the complainant may file his or her complaint in a signed writing to the Chair of the TEACH Board of Directors, who will then confer with the Board of Directors and may conduct a fact-finding or authorize a third-party investigator on behalf of the Board of Directors. The Chair or investigator will report his or her findings to the Board of Directors for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, TEACH values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Generally

(General Complaints and Complaints by Third Parties against Employees)

This section of the policy is for use when either a complaint does not fall under other complaint procedures or a third party (non-employee) raises a complaint or concern about TEACH generally, or an TEACH employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Superintendent or Chair of the TEACH Board of Directors (only if the complaint concerns the Superintendent) as soon as possible after the events that give rise to the complainant’s concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Superintendent (or designee) shall abide by the following process:

1. The Superintendent or designee shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Superintendent or designee shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain said facts.

2. In the event that the Superintendent (or designee) finds that a complaint is valid, the Superintendent (or designee) may take appropriate action to resolve the problem. Where the complaint is against an employee of TEACH, the Superintendent may take disciplinary action against the employee. As appropriate, the Superintendent (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.

3. The Superintendent's (or designee's) decision relating to the complaint shall be final unless it is appealed to the TEACH Board of Directors. The decision of the Board of Directors shall be final.

General Requirements

1. Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.

2. Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.

3. Resolution: The TEACH Board of Directors (if a complaint is about the Superintendent) or the Superintendent or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

ADA Hold Harmless for 2021-22: The budget provides all classroom-based LEAs to be funded for 2021-22 at the **greater of any** these three calculations:

1. **Option 1: 2021-22 Actual Average Daily Attendance.** For schools with more typical ADA patterns or ADA growth in 2021-22, funding based on actual ADA will be the most advantageous, as in most years.
2. **Option 2: 2021-22 Average Daily Attendance as Adjusted** – A new formula for classroom-based charter schools for 2021-22 only is contained in new Education Code Section 42238.023. This is virtually identical to the May Revision proposal and uses actual 2021-22 CBEDS enrollment adjusted per a new formula that uses pre-Covid *attendance rate* rather than actual attendance. This formula compensates LEAs, particularly those with increasing enrollment, for lower-than-average attendance this year due to Covid variants. However, schools without a 2019-20 ADA are not included in this option. The Option 2 formula has four steps and will only apply to schools in which this calculation yields a higher ADA.:
 - A. **Determine 2019-20 Attendance Rate:** 2019-20 P2 ADA/2019-20 CBEDS enrollment. (If factor exceeds 1, it shall be deemed to be one.)
 - B. **Determine 2021-22 Attendance Rate:** 2021-22 P2 ADA/2021-22 CBEDS enrollment. (If factor exceeds 1, it shall be deemed to be one.)
 - C. **Divide** calculation in #A by amount in #B.
 - D. If quotient in #C is greater than 1, the 2021-22 ADA shall be adjusted by multiplying the 2021-22 ADA by the factor determined in #C.

- Option 3: Supplemental Adjustment:** If the 2021-22 ADA, as adjusted per Option 2 above, is still less than the funded 2020-21 ADA, the difference in ADA shall be funded at the average per pupil LCFF funding per ADA in the 2021-22 year as a supplemental adjustment for 2021-22. This supplement will be most beneficial to schools that had enrollment and ADA declines, as it provides additional protection based on 2020-21 funded ADA. Since 2020-21 ADA was actually funded based on pre-COVID 2019-20 ADA, this provides some protection back to pre-COVID ADA levels.

We note that the Option 3 adjustment is included in Section 123 of AB 181 (the Education Trailer Bill), however, it is not added to the California Education Code. Further, this additional supplement is currently capped at a statewide total of \$413M for charter schools. If the final calculation exceeds the allocated funding, the law provides the Department of Finance the authority to allocation more funding to meet the total need.

In order for schools to receive hold harmless funding, the California Department of Education (CDE) will calculate each school's entitlement in accordance with these new laws and make an adjustment to the school's 2021-22 ADA annual apportionment based on existing data. Schools will not need to apply separately for the hold harmless adjustment.

ADA Hold Harmless in Budget Year and Beyond

The budget includes the January proposal for a 3-year rolling average ADA protection for districts, with some minor adjustments. However, notwithstanding the Governor's January commitment to address the issue for charters, the final budget **excludes all charter schools** from ongoing and equitable protection from statewide demographic declines beyond 2021-22. We will continue to advocate with the Governor and Legislature for equitable treatment for charters in ongoing protection for future years.

1) Substitute teachers \$47/hr.

An itemized invoice for ATEs, based on hours shown on ATEs time cards or associate detail reports from time and attendance systems, will be sent to Client. Such an invoice is due within 30 business days. A 1% late charge will be added if payments are not received within 30 days of the date of invoice.

Any sales or use taxes that apply to sales to Client will be added to Client’s invoices as a separate item. APTUS will adjust pricing annually and, additionally, to reflect periodic increases in wage and/or related tax, benefit, and other costs as the result of an action by a governmental authority, collective bargaining unit or insurance or benefit program (e.g., annual SUTA adjustment) per Section 10 of the Agreement. ATEs are presumed to be “nonexempt” employees - they are paid overtime if APTUS determines overtime pay is legally required (or when Client has requested payment of overtime).

APTUS will charge Client overtime rate only when Client has requested an ATE work overtime. Overtime rates will be calculated by applying to The Aptus Group bill rate the same overtime multiplier as APTUS is required to apply to the ATE’s pay rate. Client will have 10 business days to notify APTUS in writing of any apparent discrepancies of recorded time worked by ATEs.

2. PAYMENT TERMS

Payment for services is due within thirty (30) business days Client’s receipt of APTUS’s invoice.

4. CONVERSION AND TRANSITION OF TEMPORARY STAFF

Client acknowledges that APTUS incurs substantial expenses for recruiting, screening, qualifying, training, and retraining its employees. Client agrees not to, directly or indirectly, hire, engage as an independent contractor, or permit or cause any ATEs assigned to Client to be placed on the payroll of another entity without written consent from APTUS. Client agrees to obtain the services of each

APTUS employee only through an order with APTUS. Unless otherwise agreed in a writing and signed by both parties, Client will pay APTUS an amount equal to \$10,000 if:

THE APTUS GROUP, INC.
EXHIBIT B: ARBITRATION AGREEMENT

The Aptus Group, and the Client (collectively, the “Parties”) hereby agree that, to the fullest extent permitted by law, any and all claims or controversies between the parties (or between Client and any present or former officer, director, agent, or Client of The Aptus Group relating in any manner to the employment or the termination of the employment of Client) shall be resolved by final and binding arbitration in accordance with the procedures set forth in this agreement. Claims subject to arbitration include, but are not limited to, claims based on any federal, state, or local law, statute or regulation (including but not limited to any claims of discrimination, harassment, retaliation or other conduct in violation of or arising under Title VII of the 1964 Civil Rights Act (as amended by the Civil Rights Act of 1991), The Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, the California Fair Employment and Housing Act, and the California Family Rights Act, any claims for unpaid wages, commissions, bonuses, stock options or other employment compensation, any claims for breach of contract or covenant (express or implied), any claims of wrongful termination in violation of contract or public policy, any claims arising under common law, and any tort claims. Notwithstanding the foregoing, claims for unemployment benefits, claims for worker’s compensation benefits, and claims under the National Labor Relations Act shall not be subject to arbitration under this agreement. Moreover, this agreement should not be construed as preventing Client from filing an administrative charge of discrimination with any federal, state, or local agency, or cooperating with any federal, state, or local agency in its investigation of any such charge.

A neutral and impartial arbitrator shall be chosen by mutual agreement of the parties; however, if the parties are unable to agree upon an arbitrator within a reasonable period of time, then a neutral and impartial arbitrator shall be appointed in accordance with the arbitrator nomination and selection procedure set forth in the National Rules for the Resolution of Employment Disputes of the American Arbitration Association or rules of other major private dispute resolution service. The costs and fees of the arbitrator shall be paid in equal parts by The Aptus Group and the Client, including the costs of the arbitration forum that the Client would not otherwise have to pay in court.

Client and The Aptus Group shall have the right to be represented by an Attorney during any proceeding under this agreement. Each Party shall pay its own costs and Attorney fees, unless a party prevails on a statutory claim, and the statute provides that the prevailing party is entitled to payment of its Attorney’s fees and or costs. In that case, the arbitrator may award reasonable Attorney’s fees and costs to the prevailing party as provided by law.

All arbitration hearings under this Agreement shall be conducted in Los Angeles County, California. Except as specifically provided herein, any arbitration proceedings shall be conducted in accordance with the then-applicable National Rules for the Resolution of Employment Disputes of the American Arbitration Association.

The Arbitrator may grant any remedy or relief to which the parties would have otherwise been entitled to had the matter been heard in a court of law and shall not grant any remedy or relief that could not have been granted had the matter been heard in a court of law.

The arbitrator shall prepare a written decision containing the essential findings and conclusions on which the award is based so as to ensure meaningful judicial review of the decision.

Either The Aptus Group or Client may bring an action in court to compel arbitration under this agreement and to enforce an arbitration award. Except as otherwise provided in this agreement, neither party shall initiate or prosecute any lawsuit or administrative action (other than an administrative charge of discrimination) in any way related to any claim covered by this Agreement, including without limitation any claim as to the making, existence, validity, or enforceability of this Agreement. Notwithstanding the foregoing, either party may, at its option, seek injunctive relief pursuant to section 1281.8 of the California Code of Civil Procedure.

This arbitrator and the parties shall maintain the confidentiality of any proceedings under this Agreement, including but not limited to, any and all information gathered, prepared, and presented for purposes of the arbitration or related to the claims therein. The arbitrator shall have the authority to make appropriate rulings to safeguard that confidentiality, unless the law provides to the contrary.

This agreement shall be governed by and construed in accordance with the laws of the State of California, including the California Arbitration Act without reference to conflicts of law principles.

If any provision of this agreement shall be held by a court or the arbitrator to be invalid, unenforceable, or void, such provision shall be enforced to the fullest extent permitted by law, and the remainder of this Agreement shall remain in full force and effect.

The obligations of Client and The Aptus Group under this Agreement shall survive the expiration of this agreement.

The Aptus Group and Client understand and agree that this Agreement contains a full and complete statement of any agreements and understandings regarding resolution of disputes between the parties, and the parties agree that this Agreement supersedes all previous agreements, whether written or oral, express or implied, relating to the subjects covered in this Agreement. The parties also agree that the terms of this Agreement cannot be revoked or modified except in a written document signed by both Client and The Aptus Group President.

This Agreement is not, and shall not be construed to create any contract of employment, express or implied. Furthermore this Agreement does not alter the at-will employment status of The Aptus Group personnel assigned to work for Client. Either Client or The Aptus Group may terminate the employment of staff assigned to the Client at any time, for any reason, with or without prior notice. The parties further acknowledge that they have been given the opportunity to discuss this agreement with their legal counsel and have availed themselves of that opportunity to the extent they wish to do so.

The parties acknowledge that they have carefully read this agreement. That they understand its terms, that all understandings and agreements between The Aptus Group and Client relating to the subjects covered in the agreement are contained in it, and that the parties have entered into the agreement voluntarily and not in reliance on any other promises or representations by the other party other than those contained in the agreement itself.

THE APTUS GROUP, INC.
EXHIBIT B: ARBITRATION AGREEMENT

The Aptus Group, and the Client (collectively, the “Parties”) hereby agree that, to the fullest extent permitted by law, any and all claims or controversies between the parties (or between Client and any present or former officer, director, agent, or Client of The Aptus Group relating in any manner to the employment or the termination of the employment of Client) shall be resolved by final and binding arbitration in accordance with the procedures set forth in this agreement. Claims subject to arbitration include, but are not limited to, claims based on any federal, state, or local law, statute or regulation (including but not limited to any claims of discrimination, harassment, retaliation or other conduct in violation of or arising under Title VII of the 1964 Civil Rights Act (as amended by the Civil Rights Act of 1991), The Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, the California Fair Employment and Housing Act, and the California Family Rights Act, any claims for unpaid wages, commissions, bonuses, stock options or other employment compensation, any claims for breach of contract or covenant (express or implied), any claims of wrongful termination in violation of contract or public policy, any claims arising under common law, and any tort claims. Notwithstanding the foregoing, claims for unemployment benefits, claims for worker’s compensation benefits, and claims under the National Labor Relations Act shall not be subject to arbitration under this agreement. Moreover, this agreement should not be construed as preventing Client from filing an administrative charge of discrimination with any federal, state, or local agency, or cooperating with any federal, state, or local agency in its investigation of any such charge.

A neutral and impartial arbitrator shall be chosen by mutual agreement of the parties; however, if the parties are unable to agree upon an arbitrator within a reasonable period of time, then a neutral and impartial arbitrator shall be appointed in accordance with the arbitrator nomination and selection procedure set forth in the National Rules for the Resolution of Employment Disputes of the American Arbitration Association or rules of other major private dispute resolution service. The costs and fees of the arbitrator shall be paid in equal parts by The Aptus Group and the Client, including the costs of the arbitration forum that the Client would not otherwise have to pay in court.

Client and The Aptus Group shall have the right to be represented by an Attorney during any proceeding under this agreement. Each Party shall pay its own costs and Attorney fees, unless a party prevails on a statutory claim, and the statute provides that the prevailing party is entitled to payment of its Attorney’s fees and or costs. In that case, the arbitrator may award reasonable Attorney’s fees and costs to the prevailing party as provided by law.

All arbitration hearings under this Agreement shall be conducted in Los Angeles County, California. Except as specifically provided herein, any arbitration proceedings shall be conducted in accordance with the then-applicable National Rules for the Resolution of Employment Disputes of the American Arbitration Association.

The Arbitrator may grant any remedy or relief to which the parties would have otherwise been entitled to had the matter been heard in a court of law and shall not grant any remedy or relief that could not have been granted had the matter been heard in a court of law.

The arbitrator shall prepare a written decision containing the essential findings and conclusions on which the award is based so as to ensure meaningful judicial review of the decision.

Either The Aptus Group or Client may bring an action in court to compel arbitration under this agreement and to enforce an arbitration award. Except as otherwise provided in this agreement, neither party shall initiate or prosecute any lawsuit or administrative action (other than an administrative charge of discrimination) in any way related to any claim covered by this Agreement, including without limitation any claim as to the making, existence, validity, or enforceability of this Agreement. Notwithstanding the foregoing, either party may, at its option, seek injunctive relief pursuant to section 1281.8 of the California Code of Civil Procedure.

This arbitrator and the parties shall maintain the confidentiality of any proceedings under this Agreement, including but not limited to, any and all information gathered, prepared, and presented for purposes of the arbitration or related to the claims therein. The arbitrator shall have the authority to make appropriate rulings to safeguard that confidentiality, unless the law provides to the contrary.

This agreement shall be governed by and construed in accordance with the laws of the State of California, including the California Arbitration Act without reference to conflicts of law principles.

If any provision of this agreement shall be held by a court or the arbitrator to be invalid, unenforceable, or void, such provision shall be enforced to the fullest extent permitted by law, and the remainder of this Agreement shall remain in full force and effect.

The obligations of Client and The Aptus Group under this Agreement shall survive the expiration of this agreement.

The Aptus Group and Client understand and agree that this Agreement contains a full and complete statement of any agreements and understandings regarding resolution of disputes between the parties, and the parties agree that this Agreement supersedes all previous agreements, whether written or oral, express or implied, relating to the subjects covered in this Agreement. The parties also agree that the terms of this Agreement cannot be revoked or modified except in a written document signed by both Client and The Aptus Group President.

This Agreement is not, and shall not be construed to create any contract of employment, express or implied. Furthermore this Agreement does not alter the at-will employment status of The Aptus Group personnel assigned to work for Client. Either Client or The Aptus Group may terminate the employment of staff assigned to the Client at any time, for any reason, with or without prior notice. The parties further acknowledge that they have been given the opportunity to discuss this agreement with their legal counsel and have availed themselves of that opportunity to the extent they wish to do so.

The parties acknowledge that they have carefully read this agreement. That they understand its terms, that all understandings and agreements between The Aptus Group and Client relating to the subjects covered in the agreement are contained in it, and that the parties have entered into the agreement voluntarily and not in reliance on any other promises or representations by the other party other than those contained in the agreement itself.

Overtime is paid at 1.5x the Substitute’s hourly pay rate and will be marked up at the same rate as the standard daily pay. Substitutes are instructed by Scoot that they should seek the approval of a duly designated supervisor at the Customer site before incurring overtime but, of course, the need to ensure proper supervision of pupils may necessitate a Substitute staying over even if the designated supervisor is not immediately available. Consistent with professional best practices, Scoot Substitutes are directed to maintain supervision over assigned students until they are relieved by appropriate school personnel.

A Substitute will be considered in long-term status if the same substitute has been scheduled at a Customer school for an assignment that is for more than 15 consecutive work days or an assignment has extended beyond 15 consecutive work days (half-days and full-days are counted the same) in the same academic year.

1 - 90 days worked	10% of AGS to a minimum of \$5,000
91 - 180 days worked	5% of AGS to a minimum of \$2,500
180+ days worked	\$1,000

^Fee is based upon the total, annualized gross salary (AGS), including any additional allowances or benefits that can be monetized listed on contract between Customer and Scoot employee.

TEMP TO PERM FEES FOR TEACHSTART FELLOWS	
Hire date	Fee
September 1 to March 1	\$10,000
March 2 to May 31	\$5,250
June 1 to August 31	Delayed fee of \$5,250 ⁺

⁺ When hiring a TeachStart Fellow for a full-time teacher of record position, the temp-to-perm fee will be due after six months of direct employment with Customer.

DISCOUNTS FOR SUBSTITUTE BUBBLES

A discount will be applied to any substitute assigned to a Substitute Bubble with Customer. Discounts are calculated based on size of bubble committed to by Customer and length of commitment according to the below table:

	90	3%	4%	5%	6%	7%	8%	9%
	180	6%	7%	8%	9%	10%	11%	12%

The following terms apply to a Substitute Bubble:

1. Bubble discounts are applied retroactively at the start of each month for the previous month’s bubble via an invoice discount or refund in the event the invoice amount is less than the discount amount
2. If a Substitute Bubble is larger in size than originally committed to by Customer, the larger discount will be applied according to the above table
3. If a Substitute Bubble is smaller in size than originally committed to by Customer due to Scoot being unable to source the requested number of substitutes, the originally agreed discount will be applied

 - c. Substitute Bubbles may be canceled ahead of the notice period should an uncontrollable event force Customer to close its school(s) for a prolonged period (e.g., closure due to a pandemic or government order)
5. The Bubble Length is the length of commitment determined in calendar days. The Bubble Length also serves as the notice period for bubble cancellation
 - a. All Substitute Bubbles must end on the last Friday of the month in which the renewal date falls
 - b. Substitute Bubbles are active on any instructional school day, non-student days are not included
6. Substitute Bubbles are considered long term assignments as they are at least 15 days in length
7. Should a substitute teacher who was part of a Substitute Bubble move to a long-term position with Customer (defined as a single assignment scheduled for 15 days or more), the Customer will be given the choice of backfilling that substitute teacher to maintain Bubble size or decreasing the size of the Bubble however that may also decrease the Substitute Bubble discount applied to future invoices

EXHIBIT B
SUBSTITUTE CANCELLATION POLICY

To avoid a charge, the school must:

- (a) Inform Scout of the termination of the shift before the substitute leaves the school grounds
- (b) Allow Scout a reasonable opportunity to resolve matters directly with the substitute teacher

9. INVOICE REVIEW

Client agrees to review documentation of time worked by The Aptus Group Inc.'s employees with invoice billing for corresponding hours. Client will have thirty (30) business days to notify The Aptus Group Inc. in writing of any apparent discrepancies. Invoices will be presumed accurate if written notification is not received from Client within thirty (30) business days of receipt of invoice.

10. ADJUSTMENT TO PRICING

At least annually during the term of this Agreement the parties will review the pricing provided in Exhibit A and agree upon such adjustments as may be necessary to meet market conditions and the level of services requested by Client. If The Aptus Group Inc. increases the pricing provided in Exhibit A, Client reserves the right to terminate the Agreement before the increased prices become effective. The pricing in Exhibit A will be adjusted by The Aptus Group Inc. to reflect increases in wage and/or related tax, benefit and other costs incurred by The Aptus Group Inc. during the term of this Agreement as the direct result of any determination, order or action by or under any applicable governmental authority, collective bargaining agreement or insurance or benefit program. If recalculation is required because Client failed to disclose to The Aptus Group Inc. information about Client's business which impacts The Aptus Group Inc.'s obligation to pay wages, taxes, or benefits with respect to its employees, Client will be responsible for The Aptus Group Inc.'s reasonable administrative costs in connection with the recalculation. Unless otherwise provided by law, any sales or use tax on the services provided under this Agreement or prices set forth in Exhibit A will be added to the invoiced amount and paid by Client to The Aptus Group Inc.

11. OVERTIME PAY

The Aptus Group Inc. temporary employees in California are paid on an hourly basis and are presumed to be "nonexempt"- - they are paid overtime if The Aptus Group Inc. determines overtime pay is legally required (or when Client has requested payment of overtime). Under California law, eight hours of labor constitutes a day's work. The Aptus Group Inc. will pay its temporary employees overtime as follows:

- a) One and one-half times the temporary employee's regular hourly pay rate for all hours worked in excess of eight hours up to and including 12 hours in any workday, and for the first eight hours worked on the seventh consecutive day of work in a workweek; and
- b) Double the temporary employee's regular pay rate for all hours worked in excess of 12 hours in any workday and for all hours worked in excess of eight on the seventh consecutive day of work in a workweek.

Client agrees to submit any and all overtime hour requests to The Aptus Group Inc. for approval prior to the temporary employee working any overtime hours. The Aptus Group Inc. will bill the Client for a temporary employee's overtime by applying to The Aptus Group Inc.'s bill rate the same

overtime multiple as The Aptus Group Inc. is required to apply to The Aptus Group Inc. temporary employee's hourly pay rate.

12. REPORTING TIME PAY

a) In addition to the hours an The Aptus Group Inc. employee actually works, California law requires that The Aptus Group Inc. to pay "reporting time pay" when an The Aptus Group Inc. employee reports for his or her regularly scheduled assignment with the Client, but Client does not put The Aptus Group Inc. employee to work. The Aptus Group Inc. will bill the Client in the event it must pay a "reporting time pay." The Aptus Group Inc. Reporting time pay is not considered wages, and is not counted as hours worked for purposes of determining overtime.

b) The specific requirements for reporting time pay are:

1) Each workday an The Aptus Group Inc. employee is required to report to work, but is not put to work or is furnished with less than half of his or her usual or scheduled day's work, The Aptus Group Inc.'s employee must be paid for half the usual or scheduled day's work, but in no event no less than two hours nor more than four hours, at his or her regular rate of pay.

2) If an Aptus employee is required to report to work a second time in any workday (split shift) and is furnished less than two hours of work on the second reporting, he or she must be paid for two hours at his or her regular rate of pay.

c) No reporting time pay is due:

1) When the Client's operations cannot begin or continue due to threats to employees or property, or when civil authorities recommend that work not begin or continue.

2) When public utilities fail to supply electricity, water, or gas, or there is a failure in the public utilities, or sewer system.

3) When the interruption of work is caused by an Act of God or other cause not within the employer's control, for example, an earthquake.

4) If The Aptus Group Inc. employee is not fit to work.

5) If The Aptus Group Inc. employee has not reported to work on time and is fired or sent home as a disciplinary action.

6) If an unexpected or unusual occurrence during off hours makes it impossible for the Client to open for business and the Client has made every reasonable effort to notify employees not to report to work.

13) REST AND MEAL PERIODS

a) The Aptus Group Inc. temporary employees in California are covered by the rest period provisions of the Industrial Welfare Commission Wage Orders and must be authorized and permitted to take a net 10-minute paid rest period for every four hours worked or major fraction thereof. Insofar as is practicable, the rest period should be in the middle of the work period. The Client shall not prevent an The Aptus Group Inc. employee from taking the rest periods required by law. If the Client does not authorize or permit a rest period, the Client shall be billed for one additional hour of pay by applying The Aptus Group Inc.'s bill rate for each workday that the rest period is not provided.

b) Under California law (IWC Orders and Labor Code Section 512), employees must be provided with no less than a thirty-minute meal period when the work period is more than five hours. Unless the employee is relieved of all duty during the entire thirty-minute meal period and is free to leave the workplace, the meal period shall be considered "on duty," counted as hours worked, and paid for at the temporary employee's contracted rate of pay. If the Client does not authorize or permit a meal period, in addition to all other penalties imposed by law, the Client shall be billed for one additional hour of pay by applying The Aptus Group Inc.'s bill rate for each workday that the meal period is not provided.

EXHIBIT A: BILLING TERMS**

1. BILLING/INVOICES/TERMS & CONDITIONS OF PAYMENT

The Aptus Group (“APTUS”) will invoice Client on a weekly basis for hours worked by temporary employees at agreed-upon hourly bill rates and other expenses. Client will pay for all hours worked by the Aptus Temporary Employees (“ATEs”) as follows:

1) Substitute teachers \$47/hr.

An itemized invoice for ATEs, based on hours shown on ATEs time cards or associate detail reports from time and attendance systems, will be sent to Client. Such an invoice is due within 30 business days. A 1% late charge will be added if payments are not received within 30 days of the date of invoice.

Any sales or use taxes that apply to sales to Client will be added to Client’s invoices as a separate item. APTUS will adjust pricing annually and, additionally, to reflect periodic increases in wage and/or related tax, benefit, and other costs as the result of an action by a governmental authority, collective bargaining unit or insurance or benefit program (e.g., annual SUTA adjustment) per Section 10 of the Agreement. ATEs are presumed to be “nonexempt” employees - they are paid overtime if APTUS determines overtime pay is legally required (or when Client has requested payment of overtime).

APTUS will charge Client overtime rate only when Client has requested an ATE work overtime. Overtime rates will be calculated by applying to The Aptus Group bill rate the same overtime multiplier as APTUS is required to apply to the ATE’s pay rate. Client will have 10 business days to notify APTUS in writing of any apparent discrepancies of recorded time worked by ATEs.

2. PAYMENT TERMS

Payment for services is due within thirty (30) business days Client’s receipt of APTUS’s invoice.

3. PAST DUE ACCOUNTS

If any account becomes past due, the entire unpaid balance of the invoice becomes immediately due and payable. APTUS shall have the right to demand an immediate arbitration on all debt-collection matters. In the event collection action is initiated by APTUS to collect such debt, or any portion thereof, Client agrees to pay any additional sums, including but not limited to, collection costs, arbitration costs, interest at the rate of 12% per annum, and attorney’s fees.

4. CONVERSION AND TRANSITION OF TEMPORARY STAFF

Client acknowledges that APTUS incurs substantial expenses for recruiting, screening, qualifying, training, and retraining its employees. Client agrees not to, directly or indirectly, hire, engage as an independent contractor, or permit or cause any ATEs assigned to Client to be placed on the payroll of another entity without written consent from APTUS. Client agrees to obtain the services of each

APTUS employee only through an order with APTUS. Unless otherwise agreed in a writing and signed by both parties, Client will pay APTUS an amount equal to \$10,000 if:

- a. APTUS introduces an ATE to Client and Client hires or retains the ATE in any capacity either during the assignment or within three months after the last day of the assignment (a “conversion”); or
- b. Client receives the services of the ATE by assignment, arrangement, or contact through another staffing provider (a “transition”). Payment is due upon receipt of the Invoice.

Conversion/transition charges are due and payable at the time of conversion/transition. No ATE may be converted/transitioned if Client’s account balance is past due.

THE APTUS GROUP, INC.
EXHIBIT B: ARBITRATION AGREEMENT

The Aptus Group, and the Client (collectively, the “Parties”) hereby agree that, to the fullest extent permitted by law, any and all claims or controversies between the parties (or between Client and any present or former officer, director, agent, or Client of The Aptus Group relating in any manner to the employment or the termination of the employment of Client) shall be resolved by final and binding arbitration in accordance with the procedures set forth in this agreement. Claims subject to arbitration include, but are not limited to, claims based on any federal, state, or local law, statute or regulation (including but not limited to any claims of discrimination, harassment, retaliation or other conduct in violation of or arising under Title VII of the 1964 Civil Rights Act (as amended by the Civil Rights Act of 1991), The Age Discrimination in Employment Act, the Americans with Disabilities Act, the Family and Medical Leave Act, the California Fair Employment and Housing Act, and the California Family Rights Act, any claims for unpaid wages, commissions, bonuses, stock options or other employment compensation, any claims for breach of contract or covenant (express or implied), any claims of wrongful termination in violation of contract or public policy, any claims arising under common law, and any tort claims. Notwithstanding the foregoing, claims for unemployment benefits, claims for worker’s compensation benefits, and claims under the National Labor Relations Act shall not be subject to arbitration under this agreement. Moreover, this agreement should not be construed as preventing Client from filing an administrative charge of discrimination with any federal, state, or local agency, or cooperating with any federal, state, or local agency in its investigation of any such charge.

A neutral and impartial arbitrator shall be chosen by mutual agreement of the parties; however, if the parties are unable to agree upon an arbitrator within a reasonable period of time, then a neutral and impartial arbitrator shall be appointed in accordance with the arbitrator nomination and selection procedure set forth in the National Rules for the Resolution of Employment Disputes of the American Arbitration Association or rules of other major private dispute resolution service. The costs and fees of the arbitrator shall be paid in equal parts by The Aptus Group and the Client, including the costs of the arbitration forum that the Client would not otherwise have to pay in court.

Client and The Aptus Group shall have the right to be represented by an Attorney during any proceeding under this agreement. Each Party shall pay its own costs and Attorney fees, unless a party prevails on a statutory claim, and the statute provides that the prevailing party is entitled to payment of its Attorney’s fees and or costs. In that case, the arbitrator may award reasonable Attorney’s fees and costs to the prevailing party as provided by law.

All arbitration hearings under this Agreement shall be conducted in Los Angeles County, California. Except as specifically provided herein, any arbitration proceedings shall be conducted in accordance with the then-applicable National Rules for the Resolution of Employment Disputes of the American Arbitration Association.

The Arbitrator may grant any remedy or relief to which the parties would have otherwise been entitled to had the matter been heard in a court of law and shall not grant any remedy or relief that could not have been granted had the matter been heard in a court of law.

The arbitrator shall prepare a written decision containing the essential findings and conclusions on which the award is based so as to ensure meaningful judicial review of the decision.

Either The Aptus Group or Client may bring an action in court to compel arbitration under this agreement and to enforce an arbitration award. Except as otherwise provided in this agreement, neither party shall initiate or prosecute any lawsuit or administrative action (other than an administrative charge of discrimination) in any way related to any claim covered by this Agreement, including without limitation any claim as to the making, existence, validity, or enforceability of this Agreement. Notwithstanding the foregoing, either party may, at its option, seek injunctive relief pursuant to section 1281.8 of the California Code of Civil Procedure.

This arbitrator and the parties shall maintain the confidentiality of any proceedings under this Agreement, including but not limited to, any and all information gathered, prepared, and presented for purposes of the arbitration or related to the claims therein. The arbitrator shall have the authority to make appropriate rulings to safeguard that confidentiality, unless the law provides to the contrary.

This agreement shall be governed by and construed in accordance with the laws of the State of California, including the California Arbitration Act without reference to conflicts of law principles.

If any provision of this agreement shall be held by a court or the arbitrator to be invalid, unenforceable, or void, such provision shall be enforced to the fullest extent permitted by law, and the remainder of this Agreement shall remain in full force and effect.

The obligations of Client and The Aptus Group under this Agreement shall survive the expiration of this agreement.

The Aptus Group and Client understand and agree that this Agreement contains a full and complete statement of any agreements and understandings regarding resolution of disputes between the parties, and the parties agree that this Agreement supersedes all previous agreements, whether written or oral, express or implied, relating to the subjects covered in this Agreement. The parties also agree that the terms of this Agreement cannot be revoked or modified except in a written document signed by both Client and The Aptus Group President.

This Agreement is not, and shall not be construed to create any contract of employment, express or implied. Furthermore this Agreement does not alter the at-will employment status of The Aptus Group personnel assigned to work for Client. Either Client or The Aptus Group may terminate the employment of staff assigned to the Client at any time, for any reason, with or without prior notice. The parties further acknowledge that they have been given the opportunity to discuss this agreement with their legal counsel and have availed themselves of that opportunity to the extent they wish to do so.

The parties acknowledge that they have carefully read this agreement. That they understand its terms, that all understandings and agreements between The Aptus Group and Client relating to the subjects covered in the agreement are contained in it, and that the parties have entered into the agreement voluntarily and not in reliance on any other promises or representations by the other party other than those contained in the agreement itself.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered California charter school law, as well as the *LAUSD Policy and Procedures for Charter Schools*, California State Board of Education's criteria for evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

Governance – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

Student Achievement and Educational Performance – demonstrating positive academic achievement and growth for all students

Organizational Management, Programs, and Operations – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

Fiscal Operations – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2021-2022*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-

compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

The information provided on verified data is to determine the charter school's verified data implementation. The renewal criteria for charter schools identified by the CDE as Middle and Low performing shall include the consideration of clear and convincing data, demonstrated by verified data, showing either of the following: (a) The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or (b) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (Ed. Code, § 47607(c)(2)(B)).

The information below is based on charter school's self-reported data and responses to questions provided prior to the oversight visit.

The State Board of Education (SBE), at its November 2020 meeting, approved the criteria to define verified data and the list of valid and reliable assessments and measure of postsecondary outcomes (<https://www.cde.ca.gov/sp/ch/verifdata.asp>). The charter school identified the academic progress indicator(s) (verified data) used by the charter school during the 2021-2022 academic school year.

- * The net loss and negative net assets reported in Fiscal Year 2017-2018 was primarily due to significant additional facilities costs incurred by the school as the result of the school's mid-year relocation.
- ** The transfer is primarily due to the realignment of the PPP loan forgiveness for TEACH Tech Charter High. Initially, the entire PPP loan forgiveness amount of \$1,030,000 was allocated to TEACH Academy of Technology and then it was reallocated to each of the three TEACH schools and the TEACH home office accordingly.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from TEACH Public Schools, Inc. (including bank statements, bank reconciliations, credit card statements, and check registers) for the three TEACH Public Schools, Inc. charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents and a sampling of checks across these TEACH Public Schools, Inc. charter schools, to assess overall compliance with TEACH Public Schools, Inc.'s *Fiscal Policies and Procedures*. Any areas noted for further growth and/or improvement relating to TEACH Public Schools, Inc.'s and its charter schools' overall compliance to the aforementioned manual are indicated within each charter school's Annual Performance-Based Oversight Visit Report, which may or may not have been experienced by the specific TEACH Public Schools, Inc. school named above. Lastly, any exceptions that are school-specific, such as the fiscal condition, are reviewed separately for each TEACH Public Schools, Inc. charter school.

1. Checks Outstanding for Over 180 Days (Recurring Issue):

Based on the CSD's review and analysis of a sample of bank reconciliation reports prepared by Charter Impact (the school's back office services provider firm), the CSD noted six checks, drawn on TEACH charter schools' operating accounts ending in X7843 and X7876; and imprest account ending in X7876, that, as of February 28, 2022, had been outstanding for over 180 days. Details regarding these checks are summarized below. This issue was also referenced in the TEACH charter schools' 2018-2019, 2019-2020, and 2020-2021 Annual Performance-Based Oversight Visit Reports, respectively.

Page 11 of TEACH's Fiscal Policies & Procedures states:

"1. Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Checks will be valid for 6 months, however any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system."

*Check #1078 and #1079 were included as outstanding more than 180 days in the prior year oversight report. The school stated that this was primarily due to miscommunication between the school and Charter Impact Inc., the back office service provider. These two checks have since been voided and new checks have been issued.

Per TEACH Public Schools, Inc., employees that have not cashed their paychecks within 180 days will be contacted according to State Guidelines. Reimbursement checks for employees or ex-employees that are non-responsive will be escheated to the state. All other vendor checks that have not been cashed will be voided and reissued if there are no issues with services and/or products.

The CSD recommends that the school strictly adhere to its governing board-approved fiscal policies and procedures pertaining to the timely review and resolution of outstanding checks.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. Thus, the CSD's recommendations and/or the school's action plans concerning the above-noted findings and observations should be discussed at TEACH Public Schools, Inc's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report. It is the school's responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered California charter school law, as well as the *LAUSD Policy and Procedures for Charter Schools*, California State Board of Education's criteria for evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

Governance – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

Student Achievement and Educational Performance – demonstrating positive academic achievement and growth for all students

Organizational Management, Programs, and Operations – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

Fiscal Operations – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2021-2022*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-

compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

The information provided on verified data is to determine the charter school's verified data implementation. The renewal criteria for charter schools identified by the CDE as Middle and Low performing shall include the consideration of clear and convincing data, demonstrated by verified data, showing either of the following: (a) The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or (b) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (Ed. Code, § 47607(c)(2)(B)).

The information below is based on charter school's self-reported data and responses to questions provided prior to the oversight visit.

The State Board of Education (SBE), at its November 2020 meeting, approved the criteria to define verified data and the list of valid and reliable assessments and measure of postsecondary outcomes (<https://www.cde.ca.gov/sp/ch/verifdata.asp>). The charter school identified the academic progress indicator(s) (verified data) used by the charter school during the 2021-2022 academic school year.

The charter school provided the following description of how the school implemented protocols to ensure the assessment(s) are administered as intended:

- Based upon review of the school's submission a "NWEA Cheat Sheet" created by the school's Director of Operations and Data Strategy, the school does the following to ensure assessments are administered as intended:
 1. A day is set aside to train teachers on how to use the platform for NWEA testing.
 2. Teacher creates ELA and Math testing assignments for the class.
 3. On the day of the test, the teacher helps students get set up and logged onto the assessment platform.
 4. The teacher puts the testing name and class code on the board for students to log in.
 5. Since all computers have secure browsers for NWEA testing, once students log in they find their names and request to be admitted to the testing site.
 6. Teacher circulates to ensure that student who is testing is signing in with the correct name and correct test.
 7. All students have headsets to listen to the direction to avoid distractions from others taking the test.
 8. The teacher monitors the progress of each student to assess their pacing, and if too fast the test will automatically halt and redirect students. Likewise, if the student is lagging behind, the teacher can see this and check-in to see if they are okay.
 9. Once student is done with their assessment, the student raises hand and the teacher comes to check to verify they pressed the submit button.
 10. The following day, teacher identifies students that missed the test and makes arrangements appropriately.

*The transfer is primarily due to the realignment of the PPP loan forgiveness for TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary. Initially, the entire PPP loan forgiveness amount of \$1,030,000 was allocated to TEACH Academy of Technology and then it was reallocated to each of the three TEACH schools and the TEACH home office accordingly.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from TEACH Public Schools, Inc. (including bank statements, bank reconciliations, credit card statements, and check registers) for the three TEACH Public Schools, Inc. charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents and a sampling of checks across these TEACH Public Schools, Inc. charter schools, to assess overall compliance with TEACH Public Schools, Inc.'s *Fiscal Policies and Procedures*. Any areas noted for further growth and/or improvement relating to TEACH Public Schools, Inc.'s and its charter schools' overall compliance to the aforementioned manual are indicated within each charter school's Annual Performance-Based Oversight Visit Report, which may or may not have been experienced by the specific TEACH Public Schools, Inc. school named above. Lastly, any exceptions that are school-specific, such as the fiscal condition, are reviewed separately for each TEACH Public Schools, Inc. charter school.

1. Checks Outstanding for Over 180 Days (Recurring Issue):

Based on the CSD's review and analysis of a sample of bank reconciliation reports prepared by Charter Impact (the school's back office services provider firm), the CSD noted six checks, drawn on TEACH charter schools' operating accounts ending in X7843 and X7876; and imprest account ending in X7876, that, as of February 28, 2022, had been outstanding for over 180 days. Details regarding these checks are summarized below. This issue was also referenced in the TEACH charter schools' 2018-2019, 2019-2020, and 2020-2021 Annual Performance-Based Oversight Visit Reports, respectively.

Page 11 of TEACH's Fiscal Policies & Procedures states:

"1. Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Checks will be valid for 6 months, however any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system."

*Check #1078 and #1079 were included as outstanding more than 180 days in the prior year oversight report. The school stated that this was primarily due to miscommunication between the school and Charter Impact Inc., the back office service provider. These two checks have since been voided and new checks have been issued.

Per TEACH Public Schools, Inc., employees that have not cashed their paychecks within 180 days will be contacted according to State Guidelines. Reimbursement checks for employees or ex-employees that are non-responsive will be escheated to the state. All other vendor checks that have not been cashed will be voided and reissued if there are no issues with services and/or products.

The CSD recommends that the school strictly adhere to its governing board-approved fiscal policies and procedures pertaining to the timely review and resolution of outstanding checks.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. Thus, the CSD's recommendations and/or the school's action plans concerning the above-noted findings and observations should be discussed at TEACH Public Schools, Inc's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report. It is the school's responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605, 47607, and 47607.2, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements.

REPORT GUIDE

LAUSD's oversight procedures are intended to balance a charter school's autonomy of operation with its accountability to the public. LAUSD utilizes a holistic, performance-based approach to evaluate all charter schools, guided principally by making decisions in the best interest of students. The CSD observes and monitors each charter school in accordance with applicable laws, regulations, LAUSD policy, memoranda of understanding, and the school's operative charter. Information gathered through oversight serves as part of the charter school's ongoing record for the District to make informed decisions about charter school authorization, renewal, material revisions, sharing of promising practices, and if need be, revocation. While LAUSD is responsible to provide oversight of its charter schools and the entities managing charter schools, the primary oversight of each charter school must first and foremost be performed by the charter school's own Governing Board. The Governing Board of a charter school has an ongoing responsibility to oversee the operations of its charter school(s), ensuring that every charter school it oversees is providing a high-quality educational program for students enrolled, is successfully fulfilling the terms of their charter, is fiscally sound, and complies with applicable laws, regulations, and court orders. In designing this document, the District has considered California charter school law, as well as the *LAUSD Policy and Procedures for Charter Schools*, California State Board of Education's criteria for evaluating charter schools, and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

Governance – demonstrating fulfillment of the Governing Board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education

Student Achievement and Educational Performance – demonstrating positive academic achievement and growth for all students

Organizational Management, Programs, and Operations – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school

Fiscal Operations – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2021-2022*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: (4) *Accomplished*, (3) *Proficient*, (2) *Developing*, and (1) *Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. **If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern.** In accordance with its "tiered intervention" approach to charter school non-

compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those “promising practices” that the school believes have contributed to its success, in order to support the CSD’s ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across all LAUSD schools.

cards for each of the three TEACH schools; principal and CEO reports presented to the governing board; Governing Board Member Handbook which provides overview board reporting cycle for the Chief Academic Officer that includes a full written report with graphs and data trends and comparison to state when available. TEACH Inc., added 3 positions to its organizational management team, Chief Academic Officer (CAO), Director of Governance; and Director of Instructional Technology.

Areas Noted for Further Growth and/or Improvement

As discussed during the in-person oversight visit, the maximum enrollment capacity for TEACH Academy of Technologies is 400, and any other maximum enrollment capacity number (even if included in the charter) would be inaccurate and inconsistent with the Board's decision and action(s) taken at renewal time. As such, **TEACH is expected to comply with and operate within the approved enrollment capacity of 400.** As a matter of record, CSD notes the following:

1. The Board of Education Report (Rep-073-19/20) states that "Staff recommends approval of the renewal petition for TEACH Academy of Technologies ("Charter School"), with benchmarks in the areas of academics, located in Board District 1 and Local District West, for five (5) years, beginning July 1, 2020 until June 30, 2025, to serve 400 students in grades 5-8 in each year of the charter term."
2. The stamped order of business from the Board's regular board meeting on September 24, 2019, states that TEACH Academy of Technologies was approved to "serve up to 400 students" as adopted by the Board.
3. After the Board approved TEACH's charter, the CSD sent TEACH a congratulatory letter via email on March 3, 2020, affirming the charter school's approved maximum enrollment capacity, among other things. The congratulatory letter states, in part: "Congratulations! On September 24, 2019, the Los Angeles Unified School District (LAUSD) Board of Education voted to renew, with benchmarks, the TEACH Academy of Technologies charter for five (5) years, beginning July 1, 2020, until June 30, 2025, to serve up to 400 students in grades 5-8 in each year of the charter term."
4. Video recording of the September 24, 2019, Los Angeles Unified School District Board of Education meeting shows that the TEACH Academy of Technologies executive officer was present at the meeting and addressed the Board of Education. At the meeting and while addressing the Board, no objection was raised to the recommended enrollment capacity called out in the order of business which states under item 18, "(Renewal Charter Petition for TEACH Academy of Technologies) Recommends approval of the renewal petition for TEACH Academy of Technologies, for 5 years, to serve up to 400 students in grades 5-8 at two private sites located at 10045 South Western Avenue and 10000 South Western Avenue, in South Los Angeles."

CSD will continue to monitor the school's student enrollment numbers and follow all applicable tiered intervention protocols should it be required.

Additionally, the school leader further states that to increase reclassification rates the school has (a) procured a reading inventory program to support their English Learners that were then reclassified using the following criteria: (1) ELPAC score of 4; (2) Reading Inventory passing score; (3) classroom grader of C or better. The school's leader reported that using the Reading Inventory criteria has allowed the school to reclassify six students in the first semester of the 21/22 SY and an additional 35 students are pending reclassification the week of June 6, 2022. <p><u>Corrective Action Required</u></p> <ul style="list-style-type: none"> None noted that require immediate action to remedy concerns indicated in this report.

The information provided on verified data is to determine the charter school's verified data implementation. The renewal criteria for charter schools identified by the CDE as Middle and Low performing shall include the consideration of clear and convincing data, demonstrated by verified data, showing either of the following: (a) The charter school achieved measurable increases in academic achievement, as defined by at least one year's progress for each year in school, or (b) Strong postsecondary outcomes, as defined by college enrollment, persistence, and completion rates equal to similar peers (Ed. Code, § 47607(c)(2)(B)).

The information below is based on charter school's self-reported data and responses to questions provided prior to the oversight visit.

The State Board of Education (SBE), at its November 2020 meeting, approved the criteria to define verified data and the list of valid and reliable assessments and measure of postsecondary outcomes (<https://www.cde.ca.gov/sp/ch/verifdata.asp>). The charter school identified the academic progress indicator(s) (verified data) used by the charter school during the 2021-2022 academic school year.

Annual Performance-Based Oversight Visit Report

DATE OF VISIT: 5/26/2022

*The outbound money transfer is primarily due to the realignment of the PPP loan forgiveness for TEACH Academy of Technologies. Initially, the entire PPP loan forgiveness amount of \$1,030,000 was allocated to TEACH Academy of Technology and then it was reallocated to each of the three TEACH schools and the TEACH home office accordingly.

Areas Noted for Further Growth and/or Improvement:

Through conducting fiscal oversight and analyzing the data below, the CSD requests and receives fiscal documents from TEACH Public Schools, Inc. (including bank statements, bank reconciliations, credit card statements, and check registers) for the three TEACH Public Schools, Inc. charter schools that are currently authorized by LAUSD. The CSD reviews these financial documents and a sampling of checks across these TEACH Public Schools, Inc. charter schools, to assess overall compliance with TEACH Public Schools, Inc.'s *Fiscal Policies and Procedures*. Any areas noted for further growth and/or improvement relating to TEACH Public Schools, Inc.'s and its charter schools' overall compliance to the aforementioned manual are indicated within each charter school's Annual Performance-Based Oversight Visit Report, which may or may not have been experienced by the specific TEACH Public Schools, Inc. school named above. Lastly, any exceptions that are school-specific, such as the fiscal condition, are reviewed separately for each TEACH Public Schools, Inc. charter school.

1. Checks Outstanding for Over 180 Days (Recurring Issue):

Based on the CSD's review and analysis of a sample of bank reconciliation reports prepared by Charter Impact (the school's back office services provider firm), the CSD noted six checks, drawn on TEACH charter schools' operating accounts ending in X7843 and X7876; and imprest account ending in X7876, that, as of February 28, 2022, had been outstanding for over 180 days. Details regarding these checks are summarized below. This issue was also referenced in the TEACH charter schools' 2018-2019, 2019-2020, and 2020-2021 Annual Performance-Based Oversight Visit Reports, respectively.

"1. Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Checks will be valid for 6 months, however any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system."

*Check #1078 and #1079 were included as outstanding more than 180 days in the prior year oversight report. The school stated that this was primarily due to miscommunication between the school and Charter Impact Inc., the back office service provider. These two checks have since been voided and new checks have been issued.

Per TEACH Public Schools, Inc., employees that have not cashed their paychecks within 180 days will be contacted according to State Guidelines. Reimbursement checks for employees or ex-employees that are non-responsive will be escheated to the state. All other vendor checks that have not been cashed will be voided and reissued if there are no issues with services and/or products.

The CSD recommends that the school strictly adhere to its governing board-approved fiscal policies and procedures pertaining to the timely review and resolution of outstanding checks.

The governing board and leadership team of the charter school are responsible for managing the operations of the school. Thus, the CSD's recommendations and/or the school's action plans concerning the above-noted findings and observations should be discussed at TEACH Public Schools, Inc's next governing board meeting, highly preferably no later than 90 days following the school's receipt of this report. It is the school's responsibility to provide the CSD its action plans/steps, proof of implementation of the mitigating actions taken by the school, and/or documentation (e.g., governing board meeting agendas and approved board meeting minutes, etc.), as applicable, prior to or during the next Annual Performance-Based Oversight Visit. The CSD will continue to monitor these issues through oversight.

Other Observations (Items described in this section, which may not have been addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).

PURSUANT TO EDUCATION CODE SECTION 44256**

Current law provides various ways for local governing boards to assign credentialed teachers to serve in subject-matter areas in grades K-12. One option is Education Code §44258.7(c)(d) which provides that charter school credentialed (non-emergency) teachers who have special skills and preparation outside of their credential authorization may, with their consent, be assigned to teach an elective course in the area of the special skills or preparation, provided that the assignment is first approved by a Committee on Assignments. The other is allow a substitute teacher with a substitute credential to stay in the classroom up to 90 days/until a teacher is hired.

About Us

Founded In 2011 Better 4 You Meals (B4YM) is the direct product of local California school leaders listening to the voices of their very own students and parents who wanted “better” food at their schools. After years of unsuccessfully working with existing meal vendors to improve meals and student participation, our founders decided to become part of the solution and offer a new option for school meals.

Serving school districts, charter schools, private schools, summer camps, and after-school care providers, B4YM has helped drive major increases in school meal participation throughout California and Nevada. In nine short years, B4YM has grown from an idea of social change to the one of the most impactful members of the National school meal community.

We have no predefined values on food that we try and impose on schools. We do not jump on the latest food craze and shock students with food they cannot pronounce or have never seen or heard of. Simply put, we are a young organization with a cultural blend of confidence and craziness to believe that our small social venture will one day positively impact the school meal experience of every student in America.

We know a hungry child cannot learn. We know that behavior issues increase when children are hungry. We know there is still a perceptual stigma to receiving “free” meals at school. We know that for some of your kids, the meals they receive at school may be the only nutritious meals they receive all day. And at B4YM, we cannot and will not be part of a society that accepts this as norm. We believe that we can be a partner to schools across California in helping to alleviate these issues and that starts with working with you.

School meals must be fresh, healthy, visual appealing, tasty, compliant, and most importantly not something that is going to fill up trash cans. Together we can shake up the school meal world by bringing new comfort food style recipes to your students. Accomplishing that goal starts with working with food manufacturers that have never made food for schools before, and consistently employing innovation and honest ideas in our work.

Providing school meals isn't a complicated business, but it is an extremely difficult one. Your schools have strict budgets for the meal program and you've expressed that you want and need your kids to eat. We absolutely agree and are committed to spending all our time working with the diverse communities in your school to create meals, menus, and service models that you and your stakeholders can be proud to offer.

With decades of combined school operation and food service experience, Better 4 You Meals is uniquely positioned to meet the needs of your school and your students. We look forward to the opportunity to continue working with your schools and we thank you for the opportunity to submit this proposal.

B4YM Collaboration with BRIGAIID and Chef Dan Guisti

In June 2020, while hoping that school would reopen in the Fall, B4YM partnered with Dan Guisti and the team from BRIGAIID. Since day one, the idea behind Brigaid has been to assemble a team of talented and motivated chefs who would apply their culinary expertise to improve the offerings of institutional food service operations.

BRIGAIID

That intention was first aimed at school food—in 2016, led by founder Dan Giusti, the former head chef of *Noma*, Brigaid launched in New London, Connecticut. Five professional chefs were placed into New London Public Schools' kitchens to train and work with the existing food service staff to cook fresh, wholesome food from scratch. The success of the New London pilot led New York City Public Schools, the nation's largest public school district, to launch its own Brigaid program in the Bronx in the fall of 2018. These positive collaborations have modeled our approach to engaging with institutional food service programs of all kinds around the country – and the unexpected next phase was to head out West and collaborate with B4YM.

Having never before operated out of such a big central kitchen and prepared so many meals per day, the BRIGAIID Chefs came to B4YM and evaluated operations, recipes, menus, and ingredients. This collaboration was such an amazing experience for both sides as we each provided each other with ideas, recipes, and best practices that each organization had never really undertaken before.

COVID kept B4YM from rolling out our new recipes and offerings, but we are VERY excited to showcase our new meals and specials, inspired directly by our collaboration of with BRIGAIID.

B4YM & BRIGAIID Value System

Be Accountable: If internally, B4YM can confidently and honestly answer the question “how was the food today?”, then B4YM can begin to build a culture of accountability within the entire organization. It's important to have good ingredients, recipes, menus, and most importantly a strong production team. Even when all of this is in place, without a system of checks and balances, there is no way to identify where a process may have gone wrong and how to fix it in the future. Ideas like tasting teams and more consistent assembly line checks are great first steps in this process.

MEALS**

Better 4 You Meals is proud to continue our exclusive partnership with Celebrity Chef Antonia Lofaso. In Fall 2019, Chef Antonia began a line of monthly lunch specials for B4YM schools, inspired by the same passion and creativity that has propelled her to become one of the most sought-after chefs in America.

While Chef Antonia is recognized for her memorable performances on *Top Chef: Chicago* and *Top Chef: All Stars*, she continues to shine in front of the camera as a judge on *CNBC's Restaurant Startup*, along with recurring roles on *The Food Network's Cutthroat Kitchen*, *Guy's Grocery Games*, *Tournament of Champions*.

In 2011, Chef Antonia launched her first Los Angeles restaurant, *Black Market Liquor Bar*. Since then, Chef Antonia has gone on to launch wildly successful California restaurants *Scopa – Italian Roots*, *The Local Peasant*, and *Dama*.

Throughout the years of raising her own daughter Xea, Chef Antonia has been very interested in what kids are eating and what schools are serving. This partnership with B4YM is a great opportunity for Chef Antonia to begin positively impacting the perception of school meals and the cafeteria experience for K-12 students across America.

Service Style Options

B4YM can accommodate any set-up and serving situation. We currently serve indoors, outdoors, in cafeterias, in parking lots, in areas with permanent covers, and in areas with pop up tents. Our model can be adapted to meet the needs of any site.

Style of service available to TEACH Public Schools include:

1. Ready to Heat or Heat on Site
 - a. Prepackaged or Family Style Meals are delivered either day before or on the morning and heated on site.
 - b. This model produces the highest level of meal quality for students as students are often eating the meal within 20-30 minutes of heating in the oven.
 - c. Creates a model of stability for the school as the timeliness of deliveries is hardly a concern.
 - d. This model does require refrigeration and heating capability on site.
2. Ready to Eat
 - a. In this model your meals are heated in our kitchen and transported to your school sites hot and ready to eat in commercial grade insulated food containers.
 - b. This model requires little to no refrigeration and warming capability. Many schools will elect to still have a warmer and refrigerator on site for convenience, but it is not required.
 - c. Food is delivered an average of ninety minutes prior to serving time.

We have over 50 refrigerated delivery trucks and 1,000 commercial grade Cambro insulated food carriers in rotation and used each day for hot and cold meal delivery. We offer hot breakfast at least two times per week and hot lunch is available daily in at least 2 featured meals and in our vegetarian lunch. With our fleet of delivery trucks and vans, there are no challenges to sustaining high quality, consistent, and on time meal delivery.

Each school currently has the daily option of at least 4 hot or cold lunch items to order from. Schools are encouraged to mix up their orders to provide their students with the greatest amount of variety possible. Each day we offer a hot featured dish, a hot vegetarian dish, a cold full meal salad, and cold freshly made sandwich meal.

Daily Salad Bar

Salad bars give students a choice in what foods they select without the pressure of someone telling to do so. B4YM work with your team to create rotating options and create a fun and engaging school-wide activity to motivate children to try new foods and make more conscious decisions about their nutrition. Students may even discover that the fruits and veggies they select make them feel more energized, refreshed, and ready to take on the rest of their day. The more opportunities that students must make positive and informed choices regarding their own health, the better equipped they are for developing lifelong healthy habits.

Order & Service Control

With B4YM, you have a tremendous amount of control in the food and drinks that you receive. B4YM is not the type of vendor to impose any predetermined values or food views on your stakeholders. We believe that you know your students best and you know what their needs, goals, and likes are. It's that reason that B4YM provides you control over several of your ordering processes and will always work with you to assure that your sites order at the optimal levels to ensure student satisfaction and maximum participation.

Milk Options

B4YM provides you full control within our ordering system to create the exact milk type ratio that works for your school. Want only white milk, no chocolate? No problem! Want chocolate milk only on Fridays? Easy!

As you can see in the images below, you can pick the exact percentages of your order for each type of milk. Once you preset your ratios, your milk orders will auto populate into the ordering system without you having to tally them up each time.

4. Featured Sandwich, Salad, or Soup Entrée of the Day
5. Monthly Special option

Juice Options

Some schools elect not to use 100% fruit juice as a fruit option within the meal pattern. This is yet another area where B4YM provides you with full control. You can have your site set as a "No Juice" or "Juice only 1x per week" school. In that manner B4YM will provide your students with an additional serving of fresh fruit in lieu of juice. This set up isn't preset in the ordering system, rather it's simply an arrangement between your Account Manager and the school site.

Online Meal Ordering

How frequently are orders submitted?

Menus for the subsequent month are released by the 5th of each month. TEACH Public Schools' assigned Account Manager would collaborate with school site staff to go over the menu and use the feedback along with hard POS data to drive the monthly order. Orders would be fully submitted by the 15th of each month and TEACH Public Schools staff would be provided a copy of the menu along with exact amounts for each item ordered. TEACH Public Schools staff can also request specific changes to the order as needed up to 4 business days from serving.

How can schools modify their orders? How close to the service date can school modify their orders?

School site staff can collaborate with their Account Manager and modify the orders up to Wednesday for the following school week. Options to modify include changing the item ordered, increasing or decreasing orders, adding sack lunches, and more. Each Wednesday, the system locks the order in for the subsequent week. In cases of emergency, we are usually able to increase or decrease orders with 24-48 hour notice by calling the B4YM Ordering Manager.

Special Therapeutic and Disability Related Meal Requirements

Special or therapeutic meals covering the main eight food allergens, (eggs, wheat, soy, peanuts, soy, tree nuts, fish, shellfish) are a service that B4YM is very proud to provide in greater depth than most vended

meal or FSMC companies do in California. All special meal requests must be completed on the CDE Special Therapeutic Meal Needs form and signed by a license medical physician. Meal needs outside of the common eight food allergens are all evaluated and decided on a case-by-case basis.

Once the medical statement is submitted to B4YM, on average it takes 1-3 weeks to begin meal service, depending on the allergy profile or meal needs. Special meals must be prepared with extreme care as to not cross contaminate the food with potential allergens, so the ingredients are sourced through personal B4YM shoppers and prepared in a special area of the kitchen separate from all other food preparation.

Once the menu is prepared for that student, it will continue a monthly cycle and meals will be sent daily for that student; ordering is not required by school staff. Meals are sent separately from regular meals and therefore must be sent cold with on-site microwavable heating instructions. School staff are responsible for heating the meal on-site according to stated directions.

Field Trip and Special Activity Meals

B4YM has a simple 1-page request form for field trip sack lunches. That form is sent to B4YM's special "fieldtrip" email address, and then confirmed by our in-house ordering manager. Field trip requests generally require a 1-2 week notice and special services such as separating the meals by bus count or site can be provided at no additional charge. Sack lunches are then delivered to the school at the requested time. Sack lunches for those students that receive special meals must be identified on the Field Trip request form.

Attachment D – FSMC Professional Standards

FSMC Employees Professional Standards

Federal Register Vol. 80, No. 40, dated March 2, 2015, referred to as the “Final Rule,” establishes minimum professional standards for school nutrition personnel who manage and operate the National School Lunch and School Breakfast Programs. In the Final Rule, the following definitions are established:

1. **School Nutrition Program Director.** The school nutrition program director is any individual directly responsible for the management of the day-to-day operation of school food service for all participating schools under the jurisdiction of the school food authority.
2. **School Nutrition Program Manager.** The school nutrition manager is any individual directly responsible for the management of the day-to-day operation of school food service for a participating school(s).
3. **School Nutrition Program Staff.** School nutrition program staff are those individuals, without managerial responsibilities, involved in day-to-day operations of school food service for a participating school(s).

The Final Rule establishes that these definitions apply to the function/role rather than the specific title within the school food service structure, and that the definitions apply whether or not the school food service is operated by an FSMC. Therefore, as of the effective date of this contract, the minimum professional standards established by the Final Rule, and described therein, shall apply to FSMC staff performing any of the duties described above.

The FSMC shall only place staff for work in the school district that meet the minimum professional standards outlined in Title 7, *Code of Federal Regulations (7 CFR)*, Section 210.30, which can be viewed at the following Web page: http://www.fns.usda.gov/sites/default/files/cn/profstandards_flyer.pdf.

Proposal Questionnaire #1

Provide a general description of your company's qualifications and experience relevant to the minimum qualifications in Attachment B, along with any necessary substantiating information. Limit your responses to information about your company's capabilities.

Our company leadership has helped launch charter schools, operated within the back offices of public schools, started food programs at charters, and also operated general businesses over the last 25 years. Each year since 2014, we have met all targeted meal service and revenue goals and have grown from 30,000 meals per day to 110,000. We have maintained a laser like focus on customer service and overall product satisfaction. While not always achieving the daily goal of zero errors and 100% satisfaction, the entire B4YM team is dedicated to learning, growing, and improving every day and in every way.

Financially the company is very sound with a strong projected net income and access to capital. Better 4 You Meals is holding our 2022-23 growth target to a modest projected growth rate, focusing on increasing customer satisfaction, creating model systems for replication, processes for optimal efficiency and meal consistency, and expanding our heat on site service model.

Better 4 You Meals Experience & Customer Service

As the only school meal vendor founded by individuals with actual public school operational leadership experience, our entire model was designed to better serve the schools throughout the West Coast. The positive response and encouragement from the school community has been resounding and very humbling.

In Fall 2014, the first year of expansion from breakfast service to full meal operation, 120 charter schools approved Better 4 You Meals as their vendor of choice. That year, serving an average of 30,000 meals per day, we quickly developed the infrastructure and procedures that allowed B4YM to best serve local schools.

From there the request for service has continued to increase dramatically. In the Summer of 2015, we were awarded to be the vendor for 80 Los Angeles Archdiocese K-8 schools, while also contracting with an additional 25 schools for full service. In January 2016, we began service for Compton Unified, which employs a cold delivery and heat on site model. In August 2017, we launched our Northern California kitchen to great acclaim. When COVID-19 closed schools across the state on March 16th, 2020, B4YM was there 2 days later with a modified model to assure that kids across CA did not go without their necessary meal service. Over 30,000 meals were served in CA on March 19th, 2020 and it grew to over 100,000 meals per day within weeks.

Even with our rapid growth, we have continued to keep laser focus on what has helped our meal service endeavor grow so significantly – our commitment to our schools and to our customer service.

No other vendor retains the wide array of services that Better 4 You Meals has such as:

- Therapeutic Meals for students with special meal needs

- On site BBQ's for special event days or to reward students for performance
- Partnership with popular known brands such as Pick Up Stix, Dominos Pizza, & Pizza Hut
- Catering for school special events, training, meetings, and more
- Approved USDA Foods Commodities processor – helping schools save thousands each year

Customer Service

Better 4 You Meals has also recently updated many features of our customer service model. Our online ordering system has been updated and improved to allow for ordering features such as milk type ratios, field trip lunches, therapeutic meals. Many technological upgrades have gone into, and will continue going into, our ordering system to make ordering faster and to reduce errors.

We have also changed our school support model to make it easier for schools to interact with the exact Better 4 You Meals team member that they need. Our customer service line is open every morning at 6:30am until 5:00pm to help with any immediate issues such as meal changes, missing items and delivery changes. Every school is also assigned a dedicated Account Manager to help with their student engagement, participation, troubleshooting, training, and more.

Client satisfaction is at the forefront of every decision and task that we take on. You have our commitment to continue to lead the path to providing your students with healthy and delicious meal options.

Buy American

B4YM is 100% compliant with the USDA Buy American provision and has had zero negative findings related to buying American products in our past 50 Administrative Reviews over the last 4 years

Provide a general description of how your company will be able to provide the experience, ability, and financial stability necessary to meet the requirements set forth in this RFP.

B4YM has become the California leader in FSMC and Vended Meal service, supporting an average of 550 sites every day. In our short time since being founded, B4YM has recruited and tapped into extensive expertise from school business operations, school nutrition, food production, and logistics professionals. B4YM was not founded on any preset personal values or food beliefs that we have imposed on our schools. Rather we listen to school leaders and students and strive to attain a strong understanding of what their goals, wishes, and challenges are for their food program. We have worked tirelessly to create a service model that is easy to work with, culturally relevant, and affordable to schools.

The founders of B4YM have worked in public education for over a combined 40 years and have been influential in helping other food vendors grow and refine their product and service model over the years. But despite all those years of helping other vendors, there was still significant short comings in the day-to-day service and that was the initial driver to launch B4YM.

Production Capacity:

- a. B4YM has a central kitchen and distribution center in Los Angeles, located at 5743 Smithway St, in the City of Commerce and a 2nd facility in the City of Millbrae to support Northern California school meal services. Our Commerce facility covers about 70,000 square feet, and all meal preparation is performed on site such as food receiving, refrigerated and frozen storage, meal preparation, meal heating/sorting, and loading for delivery. Our 3rd distribution facility opened in March 2021 in Las Vegas, NV.
- b. B4YM's current average daily breakfast volume in California is about 31,000 cold and hot meals. We have current capacity to support an additional 20,000 daily cold or hot breakfast.
- c. B4YM's current average daily lunch volume is about 59,000 cold and hot meals with an additional 10,000 daily average supper meals. We have current capacity to support an additional 35,000 daily cold or hot lunch and supper meals.

Transportation Capacity:

- a. B4YM currently has a fleet of 80 delivery trucks and vans. In Southern CA we have 44 breakfast routes that go out each day and 58 lunch routes.
- b. Each delivery truck/route has 4-6 schools on it, depending on the volume of meals on the route and the proximity of the schools to each other. We are adding additional trucks in July 2022 to accommodate anticipated growth, reduce identified high volume routes, and add operational features like electrical capability in the trucks.

Efforts to ensure all meals are compliant with USDA weekly and daily requirements.

The monthly menu build-out is a very in-depth process that involves 6-10 individuals each month. We begin working on menus 2-3 months in advance and out a cycle that provides for ample variety of

flavors, proteins, ingredients, and cultural inspirations. We solicit school information and send out proposed menus to selected schools for input and feedback. We strive to not repeat any dishes throughout the month. From there we input each meal selection in to NutriKids Software for meal component balance and to assure that each week meets the target USDA NSLP nutrition and component requirements. Once each week is verified balanced and approved, then the meal is locked in and then the menu is then shared around various departments for approval and recipe training if needed.

Experience in handling Point of Sale/Service duties for schools

B4YM currently provides daily POS support for Charter Management Organizations such as ICEF Public Schools, Magnolia Public Schools, Bright Star Schools, KIPP Bay Area, TEACH Public Schools, and Los Angeles Leadership Academy.

Experience in handling Order/Waste Management support for schools

B4YM currently provides Order Management support for Alliance College Ready Public Schools, Magnolia Public Schools, Bright Star Schools, LA Promise Schools, Green Dot Public Schools, Ednovate, and KIPP Bay Area.

Experience in handling special meal accommodations.

Special or therapeutic meals covering the main eight food allergens, (eggs, wheat, soy, peanuts, soy, tree nuts, fish, shellfish) are a service that B4YM is very proud to provide in greater depth than most vended meal or FSMC companies do in California. All special meal requests must be completed on the CDE Special Therapeutic Meal Needs form and signed by a license medical physician. Meal needs outside of the common eight food allergens are all evaluated and decided on a case-by-case basis.

Once the medical statement is submitted to B4YM, on average it takes 1-3 weeks to begin meal service, depending on the allergy profile or meal needs. Special meals must be prepared with extreme care as to not cross contaminate the food with potential allergens, so the ingredients are sourced through personal B4YM shoppers and prepared in a special area of the kitchen separate from all other food preparation.

Once the menu is prepared for that student, it will continue a monthly cycle and meals will be sent daily for that student; ordering is not required by school staff. Meals are sent separately from regular meals and therefore must be sent cold with on-site microwavable heating instructions. School staff are responsible for heating the meal on-site according to stated directions

B4YM's process for handling meals during field trips.

B4YM has a simple 1-page request form for field trip sack lunches. That form is sent to B4YM's special "fieldtrip" email address, and then confirmed by our in-house ordering manager. Field trip requests generally require a 1-2 week notice and special services such as separating the meals by bus count or site can be provided at no additional charge. Sack lunches are then delivered to the school at the requested time. Sack lunches for those students that receive special meals must be identified on the Field Trip request form.

B4YM's ability to assure on-time deliveries and successful program implementation.

With over 550 meal sites in current operation and a 99% on-time delivery rate in 2021-22, B4YM has proven we meet the stringent delivery demands of our clients. Our kitchen operates on very strict schedules to assure that each meal is prepped, heated, and set for safe transportation. From there our Transportation team sets up each route schedule and departure to assure for on-time delivery at each school on the route. Our fleet of delivery trucks have sophisticated GPS tracking data software installed to provide real time and usable data. We can track route paths, speed traveled, parking time, projected delivery ETA's and more.

B4YM's ability to operate in different school environments and settings and to meet different meal requirements (e.g., indoor vs. outdoor, prepacked vs. family style service).

With over 550 meal sites in current operation, B4YM can accommodate any set-up and serving situation. We currently serve indoors, outdoors, in cafeterias, in parking lots, in areas with permanent covers, and also in areas with pop up tents. Our model can be adapted to meet the needs of any site. We currently employ family style serving, pre-pack serving, a blended version of the two, ready to eat (hot meal delivery), and ready to heat (cold meal delivery with heat on site).

We currently support around 300 unique sites with daily hot, ready to eat meal delivery throughout Southern California. While flexible and able to adapt to almost any service style requested, our primary model is built on hot meal delivery.

Our kitchen is outfitted with 11 large industrial ovens and we have the capacity to heat an average of 12,000 meals per hour. We have over 900 commercial grade Cambro insulated food carriers in rotation and used each day for hot and cold meal delivery. We support hot breakfast at least two times per week and hot lunch is available daily in our featured meal or in our vegetarian lunch. With our fleet of delivery trucks and vans, there are no challenges to sustaining high quality, consistent, and on time meal delivery.

Each school currently has the daily option of at least 4 hot or cold lunch items to order from. Schools are encouraged to mix up their orders to provide their students with the greatest amount of variety possible. Each day we offer a hot featured dish, a hot vegetarian dish, a cold full meal salad, and cold freshly made sandwich meal.

B4YM has no specific requirements for our service other than an area with enough space suitable for proper serving and line management. For schools that need or request them, we provide tables and pop-up tents. In those cases, the schools are expected to handle the set-up, storage, and take-down of the tables and tents if needed. B4YM needs access for parking and unloading, and an agreed upon staging area for the food containers.

B4YM's requirements for meal storage, preparation, and serving equipment at the school site (e.g., ovens, refrigerators, storage space, tents, tables).

B4YM has no specific requirements for our service other than an area with enough space suitable for proper serving and line management. For schools that need or request them, we provide tables and pop-up tents at wholesale prices. In those cases, the schools are expected to handle the set-up, storage, and take-down of the tables and tents if needed. Heating on-site with either school owned or B4YM rented ovens is an option for schools, but not required. B4YM needs access for parking and unloading, and then an agreed upon staging area for the food containers.

Describe B4YM's ordering process including how orders are submitted.

- *How frequently are orders submitted?*

Menus for the subsequent month are released by the 5th of each month. TEACH Public Schools's assigned Account Manager would collaborate with school site staff to go over the menu and use the feedback along with hard POS data to build the order. Orders would be fully submitted by the 15th of each month and TEACH Public Schools staff would be provided a copy of the menu along with exact amounts for each item ordered. TEACH Public Schools staff can also request specific changes to the order as needed up to 3 business days from serving.

- *How can schools modify their orders? How close to the service date can school modify their orders?*

School site staff can collaborate with their Account Manager and modify the orders up to Wednesday for the following school week. Options to modify include changing the item ordered, increasing or decreasing orders, adding sack lunches, and more. Each Wednesday, the system locks the order in for the subsequent week. In cases of emergency, we are usually able to increase or decrease orders with 24-48 hour notice by calling the B4YM Ordering Manager.

How does B4YM work with the school on its orders to reduce or minimize food waste?

Various B4YM staff are involved in assisting schools to reduce food waste. Account managers will view and evaluate food service and provide tips on how to increase participation, speed the line up, and reduce overall waste. Every aspect will be evaluated included consumption of milk, fruit, vegetable, and disposables.

Proposal Questionnaire #5 Better 4 You Meals Organizational Chart

Proprietary

Provide an organization chart for your company, a description of the lines of communication, and the responsibilities at each corporate level. Identify the main FSMC contacts for the SFA.

Communication Lines

As a small, owner operated business with all operations in a single location, Better 4 You Meals operates as a relatively flat organization for communication. This means there are often very few layers of management between workers and top management. Better 4 You Meals realizes many advantages from such a lean structure, including improved communications. Communication within our company is faster, easier and less prone to mistakes or misunderstandings. Better 4 You Meals takes pride that in our flat structure, can react to changes or needs rapidly and spend less time with cumbersome and ineffective communications.

The significant benefits of our operation and communication lines are speed, accuracy, and task ownership. With less layers of management or procedural formalities, our staff receive a clear and consistent message without a loss in content or intention.

Being in a very fast paced and time sensitive business, our staff and management are also empowered with the training and authority to make on-demand decisions that are necessary in the best interest of the school and company. Our employees are the closest to each individual school and are more prepared to make necessary decisions and can take action on the spot to address a school's needs. Our employees feel more empowered and responsible for their actions know they do not have to immediately seek permission from several layers of management to address an issue.

Proposal Questionnaire #6

Proprietary

Provide a complete balance sheet or annual report (verified by a certified public accountant) for the last three years of operation.

Budget Narrative

Better 4 You Meals (B4YM) is a growing company with strong financial stability. Our stability is demonstrated by the continuing capital investment in our 60,000 square foot kitchen and distribution facility in Los Angeles, rapid rebound in volume and staffing level from COVID losses, and the growth of synergistic brands like Balance Foods and Romero Bros Distributing. We added a 3rd facility in the city of Las Vegas in 2021 to support Nevada charter schools and are already serving almost 16,000 meals per day in Las Vegas.

In February 2022, B4YM was forced to file for Chapter 11 reorganization protection in bankruptcy court due to an ongoing dispute with our former bank Bank Luemi. As we were refinancing our growth loan we had with the bank they took actions that if we allowed to continue would have made it impossible to continue operations. We refused to concede to their demands and to assure that all operations continued, and all staff continued to be paid, we had to file for Chapter 11 protection. This filing has allowed us the proper time to restructure their loan and forced us to correct all internal fiscal operations. As of this RFP submission, we have had two court appearances in which all requests and motions have been approved and we have a case completion projection of June 2022.

Should your organization want additional information regarding our current court filing, we offer you unfiltered access to Mr. James Wong and his support team. We understand that the financial stability of your vendor is of the utmost importance. One area of pride that B4YM can share is that despite our C-11 filing in February 2022, and despite numerous rumors spread about an impending closure, B4YM has not missed a single meal delivery or payroll. We are committed to our clients, our employees, and the communities we serve. Many of our competitors have used COVID and the current inflationary period as a means cancel service contracts they felt were no longer appealing to them. That has left schools scrambling to find a vendor with 10-12 weeks left in the school year. B4YM has not taken such type of action nor would we ever. On the contrary B4YM has fielded many calls and meetings trying to find emergency support for these organizations left hanging by their vendor.

One such example of our commitment and ability to grow, despite our current court filing, is that we launched all new service for Petaluma City Schools District in March 2022.

The following pages include the Balance Sheets and Income Statements covering the previous three years of operation. They demonstrate our continued growth and fiscal ability as an organization to meet all the operational needs of TEACH Public Schools.

Proposal Questionnaire #7

Provide a description of promotional and/or marketing materials you will use to attract students to the program.

Marketing & Awareness

Better 4 You Meals staff can collaborate with school staff to help create school centric and branded marketing materials of the school nutrition program. Our outreach team can help design and create posters, flyers, and informational materials that can be given out or placed around the school. We can also work with the various school marketing or communication committees to draft newsletter articles for web or print.

Ticket 2 Wellness

Ticket 2 Wellness is B4YM's daily game to get students excited about participating in the school meal program. At the start of each month, schools will be given posters announcing the T2W prize for the month. Each day, a winning ticket is taped to the bottom of a meal. One student will receive a ticket each day entering them into the drawing for the monthly prize. Students can receive more than one ticket per month and the more often they participate in the meal program, the greater their chances in the drawing.

B4YM encourages a focus on health and wellness by providing prizes that are significant, desirable and promote student physical activity and fun. Past prizes have included bicycles, skateboards, scooters, Beats Headphones, waterproof Bluetooth speakers, Clippers & Dodgers tickets, and more.

Workshops & Engagement

B4YM staff members are trained and experienced at engaging with students and parents. We conduct meetings at schools with student groups to gauge preferences and solicit feedback regarding the meals they would like to have. We also provide parent informational sessions with training on NSLP standards and requirements.

Mechanism(s) in place to gather feedback from students and school staff

B4YM was the first vendor to create a locally based Menu Advisory Committee which is comprised of staff members from schools that we serve. The MAC meets 3 times per year and reviews new menu ideas, gives feedback on current items, and helps build the menu for the coming 2-3 months.

B4YM Account Managers are also versed in actively engaging students for get feedback and ideas on the meal program. They'll meet with ASB officers, school chosen focus groups, and others to go over current and proposed meals.

Different participation and engagement activities provided for students and parents throughout the school year

B4YM provides presentations on nutrition, fresh cooking, NSLP Guidelines, and more for parents and students alike. Presentations are offered in English and Spanish and can be offered at the school or at the B4YM kitchen facility. Additional activities include field trips to our kitchen, on-site BBQs at the schools, and special event catering.

Proposal Questionnaire #8

Provide a recommended transition plan that describes the steps the Respondent will take to begin providing the services described in this RFP.

As an organization that B4YM has served since 2016, we are intimately knowledgeable of the intricacies and needs of TEACH Public Schools site needs. The following is our standard transition plan for new accounts, but we would still be integrating the processes should we again get awarded the bid.

Once notified of an award and subsequent contract approval, Better 4 You Meals staff arranges visits to each school site to view its current meal service set-up and learn all we can about what is working and where opportunities for improvement exist. We discuss with school staff the current operational functions that work and those that create service challenges. We work to maintain the best of the current operations while providing solutions to any existing challenges. B4YM does not have a one size fits all service model and every school is unique in its needs and logistics.

With the wide breadth of schools that we serve and as a former client of B4YM, we are very familiar with the common needs and operations TEACH Public Schools and are confident we can build on our experience to further improve the overall meal program. TEACH Public Schools would be assigned an experienced and qualified Account Manager who would serve as the designated point of contact for all onboarding and training. All B4YM Account Managers have a minimum of 6 years in the School Nutrition Industry, and have worked for entities such LAUSD, Compton USD, Revolution Foods, Choice Lunch, Preferred Meals, and more.

From there we'd like to sit down as soon as possible with school staff and create a plan evaluating the current location(s), timing, and processes for delivery, set-up, and service. It is our goal to seamlessly fit within the daily schedule of the school and not interfere with any current instructional or operational activities. In those meetings, we will solicit feedback on a desired menu, highly successful recipes and dishes, and those dishes that would be desired to have on the menu. A menu cycle will be finalized and proposed to TEACH Public Schools for evaluation and feedback.

A systemwide training around ordering, best practices, tips, and more would be provided either in person or via online to all staff by mid June 2022.

All needed delivery drivers and service staff will be identified, screened, hired, and trained by July 15th in the various daily needs of the particular sites. We have created standard operating procedures for delivery drivers and meal servers based on industry best practices along with thorough understanding the needs of various schools.

Menus for August ordering would be available to parents by early July. All food orders for August would be submitted by July 16th, 2022. Training and test runs would be complete with TEACH Public Schools staff by August 1 to assure that the school year begins with no challenges.

As service commences at each school site, various members of B4YM leadership will be on site to observe the quality, interaction, processes, and line flow. B4YM management will be available to school staff as needed to make changes to assure the highest quality service. Staff will also have a list of B4YM contact numbers and emails, to help assist with any suggestions or concerns that may arise.

A first impression is key for your students each new school year and our goal is to be a true partner to the school and keep every student engaged and enjoying your meal service.

Letter of Recommendation – Roses in Concrete Community School

February 23, 2019

To Whom It May Concern:

This year it has been a pleasure to work with Better 4 You Meals, Jonathan Diaz and his incredible team to support our meal program here at Roses in Concrete Community School. We have gone through a total of three meal vendors in the past four years and I am pleased with the level of satisfaction the partnership with Better 4 You Meals has brought to our school, students and families.

Better 4 You Meals has incredible customer service. We have invited them out to our family welcome events, back to school nights, and they are consistently showing up and showcasing their program to increase our participation. They are quick to reply to our needs and concerns. When orders need to be adjusted or any errors on our end, their team is available to support us and get us what we need correctly. They are constantly providing updates and stopping by to ensure the program is running smoothly. This is not only in concern to the food tasting good and being delivered as needed, but all the forms and records needed as part of NSLP. Better 4 You Meals is more than a vended meal provider for us, they are partners in rolling out our National School Lunch Program.

For our students, our partnership with Better 4 You Meals has given them a great food option at school for breakfast, lunch & snack. Students are participating in our meal program at a higher rate than previous year. Our families are happy that their students are eating and enjoying their meals at school. We have increased breakfast participation by 20% this year. Our students are extremely happy with Better 4 You Meals. The increase in our breakfast participation do not only benefit the students eating the breakfast but have made an impact on our playground with decrease conflict due to students being hungry at recess. All in all, it has been a win overall on our campus.

Please feel free to reach out to me if you have any questions or concerns.

Sincerely,

Leslye Salinas - Business Manager

July 12, 2018

To Whom It May Concern:

I first began working with Better 4 You Meals during the 2015/2016 school year.

Our goal in working with Better 4 You Meals (B4YM) was to have meals ready to eat that were hearty and provided some of the components of a reimbursable meal. We also wanted to increase student participation in our secondary schools where we were only serving a third of the school's enrollment due to time constraints. The students only had 30 minutes for lunch.

When my team and I met with B4YM, we were able to design our menu to offer meals that were hearty and would resonate with our student population. The Cheese Tamale and Carne Asada Fries are two favorites.

During the past school year, we begin using Better 4 You Meals exclusively in our Child and Adult Care Food Program (CACFP) to serve supper meals. This enables us to offer hot meals in addition to sandwiches, salads and shelf stable meals for supper. We saw a significant increase in student participation when we introduced hot supper meals like the BBQ Meatball Sandwich with Cheesy Mashed Potatoes.

During our most recent menu engineering session, we introduced several new items including Upside Down Chicken and Vegetable Pot Pie, Baked Ziti with Meat Sauce and Penne Alfredo with Broccoli. That is the most exciting thing about working with B4YM, designing our menu and trying new entrees.

I greatly value our menu engineering sessions that my team and I have had with Better 4 You Meals and I feel very comfortable giving a solid recommendation.

Sincerely,

Antoinette Pearce

***USDA Foods Credit (Commodities)**

All B4YM supported schools that properly file the necessary paperwork for their USDA Foods Entitlements, and order usable food items, generally receive a **monthly credit equal to about \$.30 per lunch**, taken directly off their invoice. For all schools with less than \$100,000 in total allotment, B4YM requires the joining of the California Charter School Commodities Cooperative in order to pool resources and reduce overhead and individual reporting. Total credit issued is dependent on actual usage, menu selection, and entitlements awarded. While all schools are eligible for USDA Foods Entitlements, eligibility and timing to access entitlements are based on the proper document submission and filing by the SFA. The estimated USDA Foods Credit listed above was not calculated into the meal or total cost and is displayed for reference purposes only.

Administrative Review Support

A meal vendor is often in a very unique position in regard to State Audits, Health Inspections and Internal School Audits. When looking at one typical school, they may be audited internally or by LAUSD once per year or once every couple years, have a health inspection once per semester at most, and a State audit once every three to five years. When you are a meal vendor serving hundreds of school sites every day, you are faced with some form of audit almost on a weekly basis. B4YM encounters a site-based health inspection often on a weekly basis, a few internal and/or LAUSD audits monthly, and 10 – 20 state administrative reviews yearly. Our staff is highly trained and experienced in dealing with all types of auditors and we have always helped our schools be successful.

B4YM is proud to say that none of our schools have ever received a fiscal finding regarding nutritional requirements on their State Administrative Review. Below are a few key descriptions of how we uniquely support the Admin Reviews.

- **Clarifying Questions:** Due to complexities of food service at charter schools and how different service can look from a traditional district school, some auditors have presented corrective action items in cases where clarification was needed. For example, there is often a lot of confusion around how charter schools meet and implement the requirements of Offer vs. Serve, and how they make sure that all students can receive the same or similar vegetables each day. We have often had to explain in detail via phone to the individual auditors how our menus work and the challenges that charter schools have in meeting the NSLP requirements. This has always resulted in a positive understanding and has created a good working relationship with our Nutrition Team and many State Auditors.
- **Detailed Documentation:** The nutritional analysis documents piece of the audit can consist of hundreds of documents. In the past five years, we have gone from providing printed documentation to emailing information, to now providing links to online document sharing.
- **Timelines & Documentation Turnarounds:** Generally, we request 24-48 hour notification from the SFA when they are notified of any details related to their Admin Review. This includes weeks of review, visit dates, document submission dates and more. Very frequently the SFA is provided short notice regarding their specifics and our Nutrition and Kitchen is always ready to provide support when needed. Most documentation requests can be compiled and submitted with in 10 business days.

Involvement & Support for Administrative Reviews

We understand how complex and intimidating auditors and inspectors can be. That is why we offer several ways to help schools navigate their audits and inspections.

Workshops:

Every year we offer free workshops to all our customers. Some examples are an Administrative Review workshop reviews best practices, what to expect, and common pitfalls, a National School Lunch Program Overview, and ow to Implement Offer vs. Serve.

Training:

In addition to workshops, we offer individual schools many training opportunities. Many of our staff members have come out of the charter school industry and hold expertise in various areas of the lunch program, from program implementation to reporting best practices. Our Nutrition Team is available for workshops for students, staff and parents. Schools who contract for an on-site Meal Service Aide, have an experienced team member at their service daily. Meal-Aides are given company trainings twice yearly as well as several on the job training visits by our Meal-Aide Supervisors.

Support:

B4YM has a great support team available to all our customers. Our founders and executive team are current and former charter school leaders which gives them a unique perspective to help in many situations. Each school has a designated Account Manager who is available to school staff for any need or concern they may have. Additionally, we have an extremely knowledgeable kitchen and safety staff. Our Quality Assurance Manager can help assess a school's serving area and identify potential health inspection violations.

No FSMC Related Fiscal Findings

B4YM is extremely proud of our state-of-the-art facility where we produce all our meals daily. We receive a 3-4 health inspections per year and our score has never been below a 95, in fact we regularly score 99 or 100.

Every site we serve is also subject to health inspections and often we receive great scores in the field as well. Because there are outside elements and unforeseen circumstances with vended meals there have been some instances where corrective action was needed. The following are examples of the most common.

Description of How Meals Comply with NSLP & SBP

Better 4 You Meals uses Food Based Menu Planning (FBMP) approach for all meals in accordance with NSLP and SBP guidelines established in 2012 and updated in subsequent years. Every meal that B4YM serves follows the meal pattern as outlined in Attachment I. All meal requirements such as Meat/Meat Alternative, Fruit, Vegetable, Grain, and Milk meet or exceed the standard requirements.

Below are four main dietary specifications as outlined by SBP and NSLP and the standards by which all meals served by B4YM abide.

Minimum and maximum calorie (kcal) daily averages over course of the week

	Breakfast	Lunch
• Grades K-5	350-500	550-650
• Grades 6-8	400-500	600-700
• Grades 9-12	450-600	750-850

Daily Sodium Limits SY 2014-15

• Grades K-5	≤540mg	≤1230mg
• Grades 6-7	≤6000mg	≤1360mg
• Grades 9-12	≤640mg	≤1420mg

Saturated Fats – Limit Saturated Fats

- Less than 10 percent of total calories

Trans Fats

Student Engagement & Participation for All

Better 4 You Meals is so much more than just your everyday lunch provider. We know that fun activities, special events, and on-site food preparation can help engage your scholars at a much greater level.

Therapeutic Meals

Very few meal vendors meet the unique and often challenging needs of those students who require therapeutic meals. Working with our in-house nutritionist, we create a menu plan that will be enjoyable and hopefully increase the variety of tailored offerings available to your students with the need for therapeutic meals.

Ticket 2 Wellness

Ticket 2 Wellness is B4YM's daily game to get students excited about participating in the school meal program. At the start of each month, schools are given posters announcing the T2W prize for the month. Each day, a winning ticket is taped the bottom of a meal. One lucky student will receive a ticket each day entering them into the drawing for the monthly prize. Students can receive more than one ticket per month and the more often they participate in the meal program, the greater their chances of entering the drawing. Announcing and then placing "winning" tickets under random school meals resulted in many schools increasing overall participation by over 4%.

B4YM encourages a focus on health and wellness by providing prizes that are significant, desirable and promote student physical activity and fun. Past prizes have included bicycles, skateboards, scooters, Beasts Headphones, waterproof Bluetooth speakers, Clippers & Dodgers tickets, and more.

Field Trips & Learning Opportunities

We are very proud of our kitchen and distribution facility. Schools that have attended our recent Open Houses have expressed a desire to bring their students to our facility so they can see first-hand how their food is stored, prepared, packaged, and distributed to their schools. Daily work at B4YM is a great opportunity to engage students on health, nutrition, math, engineering, technology, safety, science, and much more. We encourage you to visit your current vendor's facility and compare it to the first-rate food-only center that we operate in.

Compliance & Training Assistance

At Better 4 You Meals, we understand the many daily demands faced by school leaders. From the day you open your doors, you are often the principal, the nurse, the receptionist, the IT tech, and now the State even expects you to be a food service expert. B4YM is confident we can take at least one of those items off of your plate. We believe your main focus should be on expanding the learning and engagement opportunities for you students.

For this reason, the B4YM team is committed to supporting your school with a wide range of food compliance services, allowing you the freedom to concentrate on what's most important, educating your students. Our team is fully versed in State and Federal food program mandates and will assist you with meeting all of the day-to-day compliance obligations.

USDA Commodities

Almost every week, a B4YM team member hears a school leader say, "I've heard about commodities, but what exactly are they and how do they work?" Helping schools understand how to participate in and utilize USDA Commodities, in their meal program, is something the team at B4YM takes great pride in.

What is the USDA Commodities Program?

Every year, with funding from the Federal Government, the USDA purchases 100% American grown foods from local farmers and growers. The USDA then makes those products available to community organizations and educational institutions at drastic discounts compared to the retail market.

USDA Commodities, also known as USDA Foods, currently account for 15%-20% of all food served to schools across the country. Until recently, only large school districts with significant storage capabilities participated in the Commodities Program because the purchases are so large. Based on your enrollment and lunches served the previous year, each of your schools will be issued an amount of eligible monetary credits to purchase USDA Commodities.

How Can Charters Take Maximum Advantage of Their USDA Entitlements?

In 2011, charter school leaders throughout Southern California created a Co-Op and requested the State approve them as eligible to access USDA Commodities. The California Charter School Commodities Co-Op is available to schools statewide and they meet annually to decide what products they'd like purchased with their USDA credits.

There is no cost to join the Co-Op, so there is no up-front money needed from your school. Items are purchased on your behalf by the Co-Op and transported to your food vendor for proper storage. Your vendor then incorporates those foods into meals for your students. Your food vendor must be an approved processor of USDA Commodities and must be willing to use the commodities of your choosing. The Co-Op retains a small administrative fee for the processing and oversight to offset the costs involved in the program.

What Are the Fiscal Benefits of Using USDA Commodities?

The savings to charter schools that use commodities are huge! On average, a charter school in the Co-Op can receive enough credits to offset a significant amount of their daily lunch cost. Over an entire year, schools can reduce their total lunch costs by 6%-8%, which can be translated into your school saving about \$.20 - \$.25 per lunch per day.

Imagine you are a school of 500 students and serve 400 lunches per day. If you were participating in the USDA Commodities Charter School Co-Op you could be eligible to receive

annual credits totaling around \$14,500. Those credits would be taken right off your food vendor's invoice which helps your school's monthly cash flow output. Could your school use an additional \$14,500 per year?

What Kinds of Foods Does B4YM Make with USDA Commodities?

B4YM has become an expert in utilizing the commodities chosen by the Co-Op and turning them into meals that are extremely popular with students. Products eligible to be purchased through USDA Commodities include:

- Grilled chicken fajitas strips
- Lean ground beef & turkey
- Sliced turkey
- Sliced chicken breast
- Hamburger patties
- Fresh produce
- Frozen vegetables
- Whole grain tortillas & pasta
- Brown rice
- Low sodium cheese

Popular meals that B4YM makes with commodities food are:

- Chicken Fajitas w/ Rice & Beans
- Cheeseburgers
- Turkey & Hummus Pitas
- Rotini with Marinara Meat Sauce
- Chipotle Chicken Sandwich
- Cranberry Chicken Sandwich
- Chicken Fettuccine Alfredo
- Chicken Quesadilla
- Turkey Submarine Sandwich
- Chicken Chile Verde & Beans
- BBQ Chicken Sandwich
- Chicken & Veggie Stir-fry

What Can Your School Do with Savings from USDA Foods?

Federal and State law requires that all NLSP related reimbursements go directly to support the meal program at the school. If your school has significant cost savings from participating in the USDA Commodities Program, what can you spend those funds on? Some examples of allowable use of surplus meal funds are:

- Purchasing covered structures for the eating area
- New lunch benches
- Tables and chairs for eating area
- Serving carts for meal distribution
- Technology for operating the meal program (laptop, scanner, keypad)
- Insulated bags for food transporting
- Offsetting the cost of employees directly supporting the meal program

There are numerous ways to effectively use your surplus meal funds, but should you be unsure or question whether a purchase or use of funds is an allowable expense, we recommend that you contact the CDE for further clarification.

Commitment to Ensuring Healthy Food Options

Everyday, the Better 4 You Meals team is working tirelessly to ensure that every meal we serve is tasty, fresh, healthy, and is in line with all requirements of the Healthy, Hunger-Free Kids Act and the Let's Move Initiative of the White House. While definitely stringent, the new standards and initiatives of the USDA have placed students on a path to a healthier and more food conscience future.

Better 4 You Meals dietitians and culinary professionals have been working to develop menu strategies and systems that will help your school meet the new standards efficiently and cost-effectively, while maintaining student participation in, and satisfaction with, their school meal programs.

- Our menus feature low and non-fat dairy options; lean protein choices; access to a wide variety of fruits and vegetables; assorted whole grain products; and 100 percent fruit juice.
- We continue to reduce added fats, sugar, and salt while promoting and expand the availability of breakfast.
- Our recipes are designed to meet the nutritional standards, but also to focus on student acceptability, so students will participate in a healthy school food service program.

Expanded Vegetable & Fruit Option

In line with the USDA's initiative to increase the variety of fruits and vegetables that is offered to students, Better 4 You Meals has employed strategies to increase your student satisfaction and consumption of fresh fruit and vegetables.

- Offering a Salad Bar with a variety of fresh vegetables and salsa
- Providing Low Sodium Tajin with fresh vegetables
- Providing schools with food service tools like the Sunkist Sectionizer for easy and safe fruit cutting at the school site
- Offering schools a cut fruit and premium fruit upgrade to expand the current fruit rotation

Whole Grain Foods

All breads, pasta, tortillas, baked goods, other grain based items that Better 4 You Meals serves are Whole Grain rich and meet all USDA NSLP requirements. Whole grains contain fiber, vitamins, minerals, and antioxidants. Fiber helps children feel full longer. Whole grains may reduce the risk of several chronic diseases including coronary heart disease, and may help maintain a healthy weight.

Decreasing Sodium in All Meals

Sodium, also known as salt, is often added to foods during processing, cooking, or at the table. While the body needs some sodium, almost everyone eats more than the body needs. Too much sodium plays a role in high blood pressure, which makes it harder for the heart to do its job. By offering lower sodium versions of popular menu items and recipes at the beginning of a school year, students' tastes can change. Adding less or no salt and using tasty sodium-free alternatives, such as herbs and spices,

can help students learn to like foods with a less salty flavor. Our goal is that they will not even notice the difference!

Enjoyable & Culturally Relevant Meal Options

As the push to improve school meals grows, it's important to never lose focus that the student is the ultimate consumer of the meal. If the meal is not fresh, tasty, visually appealing, and overall enjoyable to your students, then the likelihood they will take and eat the meal decreases substantially. And those students who never take a meal or immediately throw it in the trash, the likelihood they go without food for the day or reach for the first junk food option in site rises very dramatically.

Better 4 You Meals seeks to find that allusive perfect balance of fresh, healthy, and tasty meals that speaks to the students and creates an enjoyable meal experience. Using meals that students recognize, associate good feelings with, and are interested in trying has been a significant factor in our rapid growth throughout Southern California.

We seek ways to replicate those meals that the students may have grown up with and that they love, but in a healthier version. This shows students that the extra salt, oil, fat, and grease is not needed to have a delicious meal.

Some meals that that Better 4 You Meals has recreated into a healthier version and have proven to be very popular with students include:

- Chicken chorizo & potato taco
- Baked breaded chicken nuggets
- Baked breaded orange chicken
- Baked sopes with refried beans and diced chicken breast
- Baked Pupusas with green chile and cheese
- Chicken and cheese tamales made without manteca (lard)
- Burritos in whole grain tortillas
- Whole grain rich croissants and bagels
- Whole grain breakfast coffee cake – reminiscent of the famous LAUSD coffee cake

Meal Transportation and Holding – Procedures & Equipment

Meal Transportation Procedures:

Meals are transported in fully enclosed delivery trucks or vans, which are free of odors and maintained clean at all times. Our fleet is covered by a complete pest control system that is conducted by a professional pest management company which specifically works in the food production industry. The vehicles are maintained by a Preventative Maintenance Program that is organized to prevent cross-contamination.

Specific equipment used for meal transport:

The transportation equipment may include, but is not limited to: ice chests for beverages, industrial transport tubs for items at room temperature and Cambro units (hot boxes) of various sizes. These units are used with the addition of Cam Chillers, Cam Warmers, and Ice Blankets, depending on the meal item temperature.

Additional equipment can consist of:

- Cam-Dollies
- Cam-Chillers
- Beverage Caddies
- Harnessing Equipment
- Delivery Trucks with Safety Lift-Gates
- Load Baring Bracers
- Hand Truck

Sample Holding Procedures:

Meal temperature should be taken at time of delivery and recorded on the Transportation Record. They should then be monitored once every two hours until food is served to assure that hot food is held above 135°F and cold foods are held below 41°F. Temperature control does not apply to whole fruit or packaged shelf stable items.

When meals are waiting to be served, Cambros and Coolers must be kept at least 6 inches off the ground/floor on tables, crates, hand trucks or counters. They can also be left on their Cambro Dollies.
