**RESOLUTION OF THE BOARD OF DIRECTORS OF TEACH, INC. CONSIDERING THE CONTINUED STATE OF EMERGENCY AND CIRCUMSTANCES FOR BOARD MEETINGS BY TELECONFERENCE PURSUANT TO THE BROWN ACT**

WHEREAS, meetings of the Board of Directors (“Board”) of TEACH, Inc. (“TEACH”) are called, held, and conducted in accordance with the Ralph M. Brown Act (Govt. Code § 54950, *et seq.*) (the “Brown Act”), as applicable.

WHEREAS, on or about March 4, 2020, Governor Newsom proclaimed a state of emergency in California in response to the coronavirus (COVID-19) outbreak. The state of emergency remains active, and state and local officials recommend health and safety measures to promote social distancing.

WHEREAS, on or about March 20, 2020, Governor Newsom issued Executive Order N-29-20 to temporarily suspend certain requirements under the Brown Act which, among other things, expanded flexibility to hold meetings by teleconference during the COVID-19 pandemic. Executive Order N-29-20 expired on September 30, 2021.

WHEREAS, following the recent enactment of Assembly Bill 361 (2021), revised Section 54953(e) of the Brown Act now provides modified conditions with regards to Board member and public participation by teleconference during a state of emergency in order to maintain social distancing.

NOW, THEREFORE, this Board hereby finds, resolves and orders as follows:

Section 1. After consideration or reconsideration, as applicable, of the circumstances of the ongoing state of emergency, this Board finds that such circumstances continue to directly impact the ability of Board members to meet safely in person, and that state and local health officials continue to recommend measures to promote social distancing.

Section 2. In light of these ongoing circumstances, meetings of the Board, and its committees, if any, shall be called, held and conducted in accordance with the teleconferencing requirements of Section 54953(e)(2) of the Brown Act, rather than Section 54953(b)(3).

Section 3. This resolution shall take effect immediately upon its adoption and shall remain effective for thirty (30) days, or until this Board adopts a subsequent resolution or otherwise makes findings by majority vote in accordance with Section 54953(e)(3) to extend the effective period by another thirty (30) days. The Board may delegate, by motion or other action of the Board, its authority to make findings in accordance with Section 54953(e)(3) to a Board committee.

Section 4. The officers of this Board, the Executive Director of TEACH, or their designee(s), are individually authorized and directed to take or cause to be taken such other actions as may be required to fulfill the purposes of this resolution.

**CERTIFICATE OF ADOPTION**

I, \_\_\_\_\_, Secretary of Board of Directors of TEACH, Inc., a California nonprofit public benefit corporation, County of Los Angeles, California, hereby certify as follows:

The attached is a full, true, and correct copy of the resolutions duly adopted at a regular meeting of the Board of Directors of TEACH, Inc., which was held on \_\_\_\_\_, 2021, at which all the members of the Board of Directors had due notice and at which a quorum was present; and at such meeting such resolutions were adopted by the following vote:

- AYES:
- NOES:
- ABSTAIN:
- ABSENT:

WITNESS my hand this \_\_\_\_\_ day of \_\_\_\_\_, 2021.

# TAT - Revenue

- **State Aid-Rev: \$5.39 MM, Projected increase of \$246k-** mainly due to prior year (PY) hold harmless adjustment. Recognizing \$500k possibly more available but grant may not be fully funded. Also, due the ADA decrease (-49) vs. budget.
- **Federal Revenue: \$1.17 MM (projected increase of \$422k)-** Primarily due to \$350k increase in Other Federal monies as part of the Covid Relief funds
- **Other State Revenue: \$1.125 MM (projected to decrease by \$18k)-** Decreases due primarily to decreased ADA projection.
- **Other Local Revenue: \$10k (is a projected \$10k increase over budget)** due to a Covid rebate received (likely for payroll taxes)

## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

<p><b>SARC Overview</b></p> 	<p>By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.</p> <p>For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <a href="https://www.cde.ca.gov/ta/ac/sa/">https://www.cde.ca.gov/ta/ac/sa/</a></p> <p>For more information about the LCFF or the LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">https://www.cde.ca.gov/fg/aa/lc/</a></p> <p>For additional information about the school, parents/guardians and community members should contact the school principal or the district office.</p>
<p><b>DataQuest</b></p> 	<p>DataQuest is an online data tool located on the CDE DataQuest web page at <a href="https://dq.cde.ca.gov/dataquest/">https://dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).</p>
<p><b>California School Dashboard</b></p> 	<p>The California School Dashboard (Dashboard) <a href="https://www.caschooldashboard.org/">https://www.caschooldashboard.org/</a> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.</p>
<p><b>Internet Access</b></p>	<p>Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.</p>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	23	N/A	41	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	6	N/A	27	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**C. Engagement****State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

**2022-23 Opportunities for Parental Involvement**

TEACH Academy of Technologies will create a school culture where parents and families are embraced as partners in each child's education. One of the primary predictors of student success is parent involvement in their children's education. Parents of TEACH Academy of Technologies students are encouraged and expected to participate in their child's educational experience (ren).

TEACH Academy provides translation services and materials in the child's home language to ensure effective communication. Staff will receive ongoing training on quality parent services. TEACH Academy of Technologies will implement administrative procedures to measure parent satisfaction with school staff.

Equally important, TEACH Academy of Technologies will provide ongoing parent education classes and workshops. For example, some of the activities focus on helping parents understand how to: create a home environment that encourages learning, express high expectations for their children, and help their children form a vision for their future. Other activities will teach parents the significance of their involvement in the school.

Before admission, all parents/guardians are encouraged to a) attend an orientation; and b) sign a non-binding agreement indicating they understand the TEACH Academy of Technologies philosophy, program, targeted outcomes, and accept the responsibilities of parent involvement/partnership.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Expulsions	0.00	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

TEACH Public Schools is committed to maintaining safe and secure campuses for its pupils and staff. To that end, this Comprehensive School Safety Plan covers TEACH's policies and expectations regarding the practices of each school in maintaining the security of the physical campus, responding appropriately to emergencies, increasing the safety and protection of students and staff, and creating a safe and orderly environment that is conducive to learning.

All school employees should receive training in the Comprehensive School Safety Plan upon joining the school and should review any changes to the Plan annually. Staff members will maintain policies, practices, and procedures to physically secure and safe the campus.

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

## Professional Development

Research suggests that learning best occurs when students are actively engaged in their learning. At TEACH Academy, it will be the expectation that students are engaged in the curriculum and learning objectives at all times. Teachers are expected to continuously communicate learning objectives to all students while assessing, both formative and summative, student mastery of all concepts and state content standards. This requires that students be involved in conversations about learning objectives, instruction, and assessment. Furthermore, this student-centered approach supports a culturally relevant curriculum that connects students' interests and prior experiences. Frequent and meaningful connections with parents and engaging them in conversations about their child's education will also ensure that the academic program reflects the community's diversity being served.

As part of the curriculum design process, research-based instructional strategies for increasing student achievement will be embedded into the daily culture of the classroom. Strategies brought to light in Classroom Instruction that Teachers will utilize works (Marzano, Pickering, and Pollock) in their classrooms. These researchers have compiled teaching practices and strategies that "have a high probability of enhancing student achievement for all students in all subject areas at all grade levels" (Marzano, Pickering, Pollock, 2001). Teachers will be challenged to examine the three elements of effective pedagogy: Instructional Strategies, Management Techniques, and Curriculum Design.

We will train and support teachers using the process to develop standards-aligned assessments and project-based instructional activities at each grade level and across the content areas.

The foundational coursework, as outlined above, will use a repertoire of instructional strategies, curriculum, and materials. Instructional strategies will include:

- Direct instruction
- Research-based projects
- Cooperative group work and projects
- Inter-disciplinary approaches to curriculum
- The presentation of clearly defined "Learning Targets" for all students by all teachers
- Rubric self-assessment
- The involvement of community members and educational partners in the instructional presentation
- Computer-Assisted Blended Learning: Students will receive targeted instruction at their instructional level while in a larger class setting with computer assistance. The teacher acts as a facilitator, monitoring student progress and addressing learning pitfalls as they arise, while other students are engaged in independent learning and independent practice.

**2021-2022 School Accountability Report Card  
(Published During the 2022-2023 School Year)**

## General Information about the School Accountability Report Card (SARC)

### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary School (TEACH Prep ES) is the third school operated by TEACH Public Schools, Inc. in the Westmont/Gramercy Park community served by TEACH Academy of Technologies (grades 5-8) and TEACH Tech Charter High School (collectively, TEACH Public Schools or TEACH). TEACH Public Schools was founded by longtime Los Angeles educators Mildred Cunningham and Edith Morris, after whom our new elementary school will be named. TEACH was established with a vision of addressing the whole child's needs, building children's character, and integrating state-of-the-art technology in instruction—staff focus on forging deep, lasting connections with their students.

TEACH Public Schools' mission is to create a high-quality, innovative teaching and learning environment that focuses on literacy, integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students. Our vision is to reach students of all backgrounds by teaching the entire child, which includes the student's social, physical, emotional, and intellectual needs. Upon graduation, the knowledge and the experiences acquired at our schools will be effectively applied to their daily life. TEACH Public Schools are innovative, dynamic, creative, and educationally enriching institutions of positive-driven learning. We believe that all children can learn when taught well and given an opportunity to thrive. We adhere to the thinking of philosopher G. Givhan, "What you pay attention to grows." By looking consistently at our students and the data of our practices, our teachers and students grow in their development and to great successes in the 21st century.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**C. Engagement****State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

**2022-23 Opportunities for Parental Involvement**

One of the primary predictors of student success is parental involvement in their children's education. Parents of TEACH Prep ES students are encouraged and expected to participate in the educational experience of their child(ren). TEACH Prep ES will create a school culture where parents and families are embraced as partners in each child's education.

TEACH Prep ES provides translation services and materials in the child's home language to ensure effective communication. Staff will receive ongoing training on quality parent services. TEACH Prep ES will implement administrative procedures to measure the level of parent satisfaction with school staff.

Equally important, TEACH Prep ES will provide ongoing parent education classes and workshops. For example, some of the activities focuses on helping parents understand how to: create a home environment that encourages learning; express high expectations for their children; and helps their children form a vision for their own future. Other activities will teach parents the significance of their involvement in the school.

Prior to admission, all parents/guardians are encouraged to a) attend an orientation; and b) sign a non-binding agreement indicating they understand the TEACH Prep ES philosophy, program, targeted outcomes, and accept the responsibilities of parent involvement/partnership

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## Professional Development

At TEACH Prep ES, it will be the expectation that students are engaged in the curriculum and learning objectives at all times. Teachers are expected to continuously communicate learning objectives to all students while assessing, both formative and summative, student mastery of all concepts and state content standards. Research clearly suggests that learning best occurs when students are actively engaged in their own learning. This requires that students be involved in conversations about learning objectives, instruction, and assessment. Furthermore, this student-centered approach supports a more culturally relevant curriculum that connects with student's interests and prior experiences. Frequent and meaningful connections with parents and engaging them in conversations about their child's education will also ensure that the academic program reflects the diversity of the community being served.

As part of the curriculum design process, research-based instructional strategies for increasing student achievement will be embedded into the daily culture of the classroom. Strategies brought to light in Classroom Instruction that Works (Marzano, Pickering, and Pollock) will be utilized by teachers in their classrooms. These researchers have compiled teaching practices and strategies that "have a high probability of enhancing student achievement for all students in all subject areas at all grade levels" (Marzano, Pickering, Pollock, 2001). Teachers will be challenged to examine the three elements of effective pedagogy: Instructional Strategies, Management Techniques, and Curriculum Design.

We will train and support how teachers will use the process to develop standards-aligned assessments and project-based instructional activities at each grade level and across the content areas.

The foundational coursework, as outlined above, will use a repertoire of instructional strategies, curriculum, and materials. Instructional strategies will include:

- Direct instruction
- Research-based projects
- Cooperative group work and projects
- Inter-disciplinary approaches to curriculum
- The presentation of clearly defined "Learning Targets" for all students by all teachers
- Rubric self-assessment
- The involvement of community members and educational partners in the instructional presentation
- Computer-Assisted Blended Learning: Students will receive targeted instruction at their individual instructional level while in a larger class setting with computer assistance. The teacher acts as a facilitator, monitoring student progress and addressing learning pitfalls as they arise, while simultaneously other students are engaged in independent learning and independent practice.

## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

The innovative educational plan of TEACH Tech Charter High School (TTCHS) will provide students with a rigorous Common Core State Standards-based college preparatory program in order to prepare them to succeed in the real world through project-based learning, and internships. This approach is appropriate for TTCHS ' target population in that it provides a real-world context for learning, which in turn motivates and inspires at-risk students to apply what they have learned to solve problems. TTCHS understands the importance of utilizing research-based instructional practices to promote student achievement. In order to address how learning best occurs, faculty will be provided professional development and support in the following areas:

- Design standards-based instruction (using the Principles of Backwards Design)
- Align appropriate assessments to the Common Core State Standards
- Implement instructional activities that are aligned to standards and reflect research-based best practices

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

<b>Mathematics</b> (grades 3-8 and 11)	N/A	16	N/A	27	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

One of the primary predictors of student success is parent involvement in the education of their children. Parents of TEACH Tech Charter High School students are encouraged and expected to participate in the educational experience of their child(ren). TEACH Tech Charter High School will create a school culture where parents and families are embraced as partners in the education of each child.

## 2022-23 Opportunities for Parental Involvement

TEACH Tech Charter High School provides translation services and materials in the child's home language to ensure effective communication. Staff will receive ongoing training on quality parent services. TEACH Tech Charter High School will implement administrative procedures to measure the level of parent satisfaction with school staff.

Equally important, TEACH Tech Charter High School will provide ongoing parent education classes and workshops. For example, some of the activities focus on helping parents understand how to: create a home environment that encourages learning; express high expectations for their children; and help their children form a vision for their own future. Other activities will teach parents the significance of their involvement in the school.

Prior to admission all parents/guardians are encouraged to a) attend an orientation; and b) sign a non-binding agreement indicating they understand the TEACH Tech Charter High School philosophy, program, targeted outcomes, and accept the responsibilities of parent involvement/partnership

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

TEACH Public Schools is committed to maintaining safe and secure campuses for all of its pupils and staff. To that end, this Comprehensive School Safety Plan covers TEACH's policies and expectations regarding the practices of each school in maintaining the security of the physical campus, responding appropriately to emergencies, increasing the safety and protection of students and staff, and creating a safe and orderly environment that is conducive to learning.

All school employees should receive training in the Comprehensive School Safety Plan upon joining the school, and should review any changes to the Plan annually. Staff members will maintain policies, practices and procedures so that the campus is physically secure and safe

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Professional Development

At TEACH Tech High School, it will be the expectation that students are engaged in the curriculum and learning objectives at all times. Teachers are expected to continuously communicate learning objectives to all students while assessing, both formative and summative, student mastery of all concepts and state content standards. Research clearly suggests that learning best occurs when students are actively engaged in their own learning. This requires that students be involved in conversations about learning objectives, instruction, and assessment. Furthermore, this student-centered approach supports a more culturally relevant curriculum that connects with student's interests and prior experiences. Frequent and meaningful connections with parents and engaging them in conversations about their child's education will also ensure that the academic program reflects the diversity of the community being served.

As part of the curriculum design process, research-based instructional strategies for increasing student achievement will be embedded into the daily culture of the classroom. Strategies brought to light in Classroom Instruction that Works (Marzano, Pickering, and Pollock) will be utilized by teachers in their classrooms. These researchers have compiled teaching practices and strategies that "have a high probability of enhancing student achievement for all students in all subject areas at all grade levels" (Marzano, Pickering, Pollock, 2001). Teachers will be challenged to examine the three elements of effective pedagogy: Instructional Strategies, Management Techniques, and Curriculum Design.

We will train and support how teachers will use the process to develop standards-aligned assessments and project-based instructional activities at each grade level and across the content areas.

The foundational coursework, as outlined above, will use a repertoire of instructional strategies, curriculum, and materials. Instructional strategies will include:

- Direct instruction
- Research-based projects
- Cooperative group work and projects
- Inter-disciplinary approaches to curriculum
- The presentation of clearly defined "Learning Targets" for all students by all teachers
- Rubric self-assessment
- The involvement of community members and educational partners in the instructional presentation
- Computer-Assisted Blended Learning: Students will receive targeted instruction at their individual instructional level while in a larger class setting with computer assistance. The teacher acts as facilitator, monitoring student progress and addressing learning pitfalls as they arise, while simultaneously other students are engaged in independent learning and independent practice.

**Special Notes:**

An invoice will be issued at the time the Services are activated and payment will be due no later than the first day of the Paid Period unless Customer's payment terms extend beyond that date\*, in which case payment will be due in accordance with Customer's payment terms. All subsequent invoices will be due according to Customer's payment terms.

\*Payment terms are calculated from service activation date.

Should the customer add services and/or subscription quantities during the Free Period, the customer will be invoiced for any services ordered during the free period which shall be billed as a one-time charge for the duration of the free period starting at the time the amended services are activated. The due date for this invoice will be according to Customer's existing payment terms. Please Note: The invoice may be due prior to the end of the free period.

- Any overages for usage-based products such as Zoom Phone, Zoom Audio and Zoom Contact Center and/or any PAYGO usage during the free period will be invoiced at the contracted rates and invoiced 30 days in arrears.

**Other:**

**Named Host** - means any subscribed host who may host an unlimited number of meetings during the Term using the Service. Any meeting will have at least one Named Host. Unless Customer has purchased an extended capacity, the number of participants (participants do not require a subscription) will not exceed 300 per meeting. Named Host subscription may not be shared or used by anyone other than the individual to whom the Named Host subscription is assigned.

**Zoom EDU** subscriptions are intended for student and faculty and pedagogical interaction within a classroom environment, or the administration thereof and may not be used for any commercial purpose. Zoom EDU subscriptions may not be purchased by hospitals, medical centers, clinics, or other affiliated organizations not specifically involving student and faculty and pedagogical interactions within a classroom environment or the administration thereof.

**Translated Captions as Add-on**

Translation Named Host' means a user of Zoom Translated Captions, licensed hereunder. A Translation Named Host license may not be shared or used by anyone other than the individual to whom the Translation Named Host license is assigned. Customer may reassign licenses as needed within their account.

Country or region availability for Zoom Phone is listed on Zoom's website and is subject to change (see <https://explore.zoom.us/docs/en-us/zoomphone/global-coverage.html>).

**Fees** - The fees for the Services, if any, are described in the Order Form. The actual fees may also include overage amounts or per use charges for audio and/or cloud recording in addition to the fees in the Order, if such use is higher than the amounts described in the Order, and you agree to pay these amounts or charges if you incur them. Invoicing for Services begins on the first day that the service is available for use by the Customer and monthly thereafter for the duration Term, except for annual pre-pay option which is invoiced once in the first month of the annual term. Amendment orders will co-term with the existing subscription term end date. Invoices are pro-rated from paid period start date to base subscription end date. Purchase order, if any, issued in connection with this order should reference the above order form number. Commitments not utilized by the Customer during the month for which they are committed may not be carried forward into any subsequent month or term.

All prices shown for Zoom and Zoom Phone services are exclusive of taxes. New High School Principal! Welcome Steven Menduke

**Steven Menduke is a lifelong educator who has over a decade of experience in serving, leading, and teaching in public charter schools in south Los Angeles and Denver, Colorado. He is a passionate educator who focuses on student academic and social emotional development through support that meets each student's needs and skill sets. He is committed to dismantling systems of oppression that have led to educational inequity through actively anti-racist, trauma informed, whole person leadership. Having been on two different founding school teams, Steven is excited to revamp the school culture and commitment to excellence at TTCHS towards one that is inclusive, rigorous, and community centered. Steven attended the University of San Diego where he received his B.A. in history, and then Loyola Marymount University, where he received his M.A. in Education. He is deeply grateful to Dr. Carranza and the rest of the TEACH organization for this incredible opportunity to serve as a principal in the South Los Angeles community that he has served for years, and is close to home, and thanks you for welcoming him to the TEACH family.**
