Agenda Item: Adoption of LAUSD Conflict of Interest Code Background:

The Conflict of Interest Code establishes policies and procedures to ensure that all Board Members and designated employees of the organization act in the public interest and avoid situations where personal financial interests could conflict with their official duties. The Code is required under the California Political Reform Act (Government Code §87300 et seq.) and provides the framework for disclosure of economic interests through the filing of Statements of Economic Interests (Form 700).

Purpose:

By adopting the Los Angeles Unified School District (LAUSD) Conflict of Interest Code, the Board affirms its commitment to transparency, ethical governance, and compliance with state law. TEACH Inc. Fiscal Policies and Procedures

OVERVIEW AND GENERAL BUSINESS POLICIES

The Board of TEACH Inc. dba TEACH Public Schools, dba Get Strategic governing TEACH Academy of Technologies, TEACH Tech High School and TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary School (or "TEACH") has reviewed and adopted the following policies and procedures to ensure the most effective use of the funds of the Organization to support the mission and to ensure that the funds are budgeted, accounted for, expended, and maintained appropriately.

- The Board approves financial policies and procedures, delegate's administration of the policies and the procedures to the Executive Director/Chief Executive Officer (ED), or Director of Business Services (DBS) and reviews operations and activities on a regular basis.
- 2. The ED has responsibility for all operations and activities related to financial management. However, the Board and ED can appoint or delegate someone else to perform the responsibilities.
- 3. Financial duties and responsibilities must be separated so that no one employee has sole control authorizing transactions, recording financial transactions and custody of assets.
- 4. TEACH will maintain in effect the following principles in its ongoing fiscal management practices to ensure that:
 - a. expenditures are authorized by and in accord with amounts specifies in the board-adopted budget,
 - b. TEACH's funds are managed and held in a manner that provides a high degree of protection of the school's assets, and
 - c. all transactions are recorded and documented in an appropriate manner.

Budget Development, Oversight Calendar and Responsibilities

TEACH will develop and monitor its budget in accord with the annual budget development and monitoring calendar as specified below.

January – April

Charter Impact works with ED to review Governor's proposed state budget for the upcoming fiscal year and identify the likely range of revenues for the school's upcoming fiscal year (July 1 - June 30) based on projected enrollment. Once the revenue estimates are complete, Charter Impact and the ED develop the remainder of the budget including staffing levels, review of fixed costs and discretionary spending. Then a five-year budget projection is developed in accordance with TEACH's established strategic and growth plans.

Budget Development, Oversight Calendar and Responsibilities (continued)

May – June

Charter Impact and the ED reviews revenue projections subsequent to the Governor's annual "May Revise" budget figures, fine-tunes the upcoming fiscal year budget to accommodate any changes. This budget will include monthly cash flow projections. The Board reviews and formally adopts a budget for upcoming fiscal year before June 20. A copy of the final budget is provided to the charter-granting agency.

July – August

Books for prior fiscal year are closed by Charter Impact, all transactions are posted, and records assembled for audit.

The budget is reviewed subsequent to the adoption of the state Budget Act and

necessary adjustments are made. A copy of the revised final budget is provided to the charter-granting agency, if applicable.

September – December

The independent auditor performs audit of the closed fiscal year and prepares audit report for submission to the Audit Committee.

At the end of the first full week of school, the Executive Director, or Director of Operations reviews each of the school's actual attendance figures and notifies the Board if actual attendance is below budget projections. If needed, the school's budget is revised to match likely revenues.

The Audit Committee of the Board reviews a copy of the audit. The Executive

Director address any audit exceptions or adverse findings. Once the Board approves the audit report, it is submitted to charter-granting agency.

On a monthly basis, the ED and Board reviews current year actual versus budgeted revenues and expenditures and other financial reports as presented by Charter Impact. The Board approves any needed changes to the annual budget.

Budget Transfers

The ED may transfer up to \$50,000 from one unrestricted budget item to another without board approval but shall notify the Board of the transfer at the next regularly scheduled meeting.

Banking Arrangements

TEACH will maintain its accounts either in the County Treasury or at a federally insured commercial bank or credit union. Funds will be deposited in non-speculative accounts including federally insured savings or checking accounts or invested in non-speculative federally backed instruments or in the County's Pooled Money Investment Fund. If funds are held in accounts outside of the County Treasury, the Board must appoint and approve all individuals authorized to sign checks or warrants in accord with these policies and all checks over

\$50,000 must be signed by two authorized signatories. Charter Impact will reconcile TEACH's ledger(s) with its bank accounts or accounts in the county treasury monthly.

Record Keeping

Transaction ledgers, duplicate unsigned checks, attendance and entitlement records, payroll records, and any other necessary fiscal documents will be maintained by TEACH staff in a secure location for at least three years, or as long as required by applicable law, whichever is longer.

Appropriate back-up copies of electronic and paper documentation, including financial and attendance accounting data, will be regularly prepared and stored in a secure off-site location, separate from the school.

Charter Impact will retain electronic records at their site for a minimum of two (2) years; after which, the remaining five years will be the responsibility of the TEACH.

Property Inventory

The ED, DBS and Director of Operations and Data Systems (DOS) shall together establish and maintain an inventory of all non-consumable goods and equipment worth over \$2,000. This inventory shall include the original purchase price and date, a brief description, serial numbers, and other information appropriate for documenting the school's assets. This property will be inventoried on an annual basis and lists of any missing property shall be presented to the Board.

All non-consumable school property lent to students shall be returned to the school no later than 5 working days after end of the school year. Any excess or surplus property owned by the school may be sold or auctioned by the ED or DBS provided the ED, or DBS engages in due diligence to maximize the value of the sale or auction to the school. The sale or auction of property owned by the school with a fair market value in excess of \$2,000 shall be approved in advance by the Board.

The ED, or DBS will immediately notify Charter Impact of all cases of theft, loss,

damage, or destruction of assets.

Attendance Accounting

The Director of Operations and Data Systems will establish and maintain an appropriate attendance accounting system to record the number of days students are actually in attendance at the Schools and engaged in the activities required of them by the Schools. The annual audit will review actual attendance accounting records and practices to ensure compliance. The attendance accounting practices will be in conformance with the Charter Schools Act and the applicable California Administrative Code sections defining Charter School Average Daily Attendance. Therefore:

- 1. ADA will be computed by dividing the actual number of days of student attendance by the number of calendar days of Instruction by the School.
- 2. The School's Instructional calendar will include at least 175 days of instruction to avoid the fiscal penalty for providing fewer than 175 days of Instruction as provided by the Administrative Code regulation. The calendar must also document that the school offers an amount of annual minutes of instruction as required pursuant to applicable law.
- 3. Independent study must be pre-arranged by the student's adult guardian and the School and that the adult guardian will be required to complete and submit documentation of engagement in instructional activity to the school on forms prepared by the school. As applicable, such study shall be in full compliance with law governing independent study.

Annual Financial Audit

The Board shall annually contract for the services of an independent certified public accountant to perform an annual fiscal audit. The audit shall include, but not be limited to (1) an audit of the accuracy of school's financial statements, (2) an audit of the school's attendance accounting and revenue claims practices, and in conjunction with (1) and (2) above, review the school's internal controls over financial reporting. The audit shall be prepared in accordance with any relevant Office of Management and Budget audit circulars if TEACH spends in excess of

the amount which requires an audit. The Audit shall be completed, reviewed by the Board, and submitted to the charter-granting agency, the County Office of Education, the Office of the State Controller, and California Department of Education prior to December 15 of each year.

Required Budget and Other Fiscal Reports

The ED, DBS or DOS working in conjunction with Charter Impact, will produce and submit to the charter granting agency any and all required fiscal reports as may be required by state or federal law, or mandated by the terms of the school's charter. These include, but are not limited to, attendance reports, enrollment and other data reports required by the California Basic Education Date System, and other related data.

Property and Liability Insurance

The ED, DBS or DOS shall ensure that TEACH retains appropriate property and liability insurance coverage. Property insurance shall be obtained and address business interruption and casualty needs, including flood, fire, earthquake, and other hazards with replacement cost coverage for all assets listed in the school's Property Inventory and consumables. Premises and Board errors and omissions liability insurance shall also be obtained and kept in force at all times on a "claims made" form with a self-insured retention of no more than \$50,000 per occurrence and limit of no less than \$5 million per occurrence. The school's ED, or DBS and other staff who manage funds shall be placed under a fidelity bond.

Board Compensation

Board members may not receive compensation for their services as directors or officers. They may receive reimbursement of expenses by resolution to be just and reasonable as to the time the resolution is adopted.

Fundraising, Grant Solicitation, and Donation Recognition

All fundraising or grant solicitation activities on behalf of the school must be approved in advance by the ED. The ED shall inform the Board on any

conditions, restrictions, or compliance requirements associated with the receipt of such funds, including grants or categorical programs sponsored by the state or federal government. The Board shall be notified no later than the next regular board meeting of the award or receipt of any funds and shall approve the receipt of any grants, donations, or receipts of fundraising proceeds prior to their deposit in the school's accounts.

Contracts

Consideration will be made of in-house capabilities to accomplish services before contracting for them. Except as otherwise provided in these policies, the ED and DBS may enter into contracts and agreements not to exceed \$50,000 without Board approval, provided funds sufficient for the contract or agreement are authorized and available within the school's board- adopted budget. Contracts and agreements in excess of \$50,000 must be submitted for board approval and may be executed by the ED, or DBS or other person specifically designated by the Board after the Board has duly approved the contract or agreement. Board approval is only required if a contract is entered into that exceeds \$50,000 in value or an individual transaction exceeds the \$50,000 threshold. The \$50,000 board approval threshold does not apply to cumulative expenditures that may exceed \$50,000 in a fiscal year if no contract exists.

Office staff will keep and maintain a contract file evidencing the competitive bids obtained (if any) and the justification of need for any contracts over \$25,000. Competitive bids will be obtained where required by law or otherwise deemed appropriate and in the best interests of the school.

Written contracts clearly defining work to be performed will be maintained for all contract service providers (i.e. consultants, independent contractors, subcontractors). Contract service providers must show proof of being licensed and bonded, if applicable, and of having adequate liability insurance and worker's compensation insurance currently in effect. The ED, or DBS may also require that contract service providers list the school as an additional insured.

If the contract service provider is a sole proprietor or a partnership (including LP, and LLP), the DBS will obtain a W-9 from the contract service provider prior to submitting any requests for payments to Charter Impact.

The ED, or DBS will approve proposed contracts and modifications in writing.

Contract service providers will be paid in accordance with approved contracts as work is performed. The ED, or DBS will be responsible for ensuring the terms of the contracts are fulfilled. Potential conflicts of interest will be disclosed upfront, and the ED, or DBS and/or Member(s) of the Governing Board with the conflict will excuse themselves from discussions and from voting on the contract.

Before entering into a contract with a vendor, TEACH will use due diligence to ensure that the vendor or contractor has not been suspended by the state or county or federal agencies for any cause. In awarding contracts, consideration will be given to the contractor's integrity, compliance with public policy, a record of past performance, and financial and technical resources. TEACH will not subcontract with or award sub-grants to any person or company who is debarred or suspended. For all contracts, TEACH verifies that the vendor with whom the school intends to do business is not excluded or disqualified. 2 C.F.R. part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300. All successful contractors must provide written certification that they have not been suspended or debarred from federal projects. The DBS will be responsible for verification. Such verification may include accessing the Online federal System for Award Management (SAM) to determine whether any relevant party is subject to any suspension or debarment restrictions.

Procedure:

Before entering into a contract with a vendor, the DBS will check the potential vendor or contractor against the debarment or suspension databases. If the vendor has not been debarred or suspended, the DBS will record the date and results of the search in the Contract Log. In addition, the DBS will conduct an annual review of existing contractors for suspension or debarment annually each May and will record the results of the annual review in the Contract Log document. The Contract Log will be kept by the DBS and made available to the fiscal team. The Contract Log will note the results of the review, the date of the review, and other pertinent contract information.

PURCHASING AND VENDOR PAYMENT

Segregation of Duties

TEACH will develop and maintain purchase order forms to document the authorization of non-payroll and non-recurring expenditures. All proposed expenditures must be approved by the ED, or DBS, who will review the proposed expenditure to determine whether it is consistent with the Board-adopted budget. In the absence of a vendor invoice, TEACH will develop and maintain a check request form to document the approval of payment for specific items.

All transactions will be posted in an electronic general ledger maintained by Charter Impact. To ensure segregation of recording and authorization, the bookkeeper may not co-sign check requests for purchase orders.

General Purchasing Procedures

Purchases of individual items and services over \$50,000 must include documentation of a good faith effort to secure the lowest possible cost for comparable goods or services. The ED, or DBS shall not approve purchase orders or check requests lacking such documentation. Documentation shall be attached to all check and purchase order requests showing that at least two vendors were contacted (if appropriate) and such documentation shall be maintained for three years. Purchases in excess of \$50,000 must follow a board-approved procurement process that ensures transparency, alignment with organizational goals, and responsible use of public funds.

Competitive bidding shall be used when purchasing goods or services that are commodities or interchangeable across multiple vendors. However, competitive bidding is **not required** when the purchase:

- Involves proprietary curriculum, instructional materials, or software platforms selected based on programmatic fit;
- Is a sole-source item with no reasonable alternative;
- Relates to professional services (e.g., legal, accounting, consulting) selected based on expertise and relationship;
- Is necessary to maintain continuity of service with existing approved vendors; or

 Is required for emergency response to protect health, safety, or property.

All exceptions must be documented by the Executive Director and reported to the Board. Any single purchase or contract exceeding \$50,000 must be approved by the Board prior to execution, unless it qualifies as an emergency procurement.

The ED, or DBS may authorize expenditures and may sign related contracts within the approved budget. The Governing Board must review all expenditures. This will be done via approval of a check register which lists all checks written during a set period of time and includes check #, payee, date, and amount. The Governing Board must also approve contracts and non-budgeted expenses over \$50,000.

When approving purchases, the ED, or DBS must:

- a) Determine if the expenditure is budgeted
- b) Determine if funds are currently available for expenditures (i.e. cash flow)
- c) Determine if the expenditure is allowable under the appropriate revenue source
- d) Determine if the expenditure is appropriate and consistent with the vision, approved charter, school policies and procedures, and any related laws or applicable regulations
- e) Determine if the price is competitive and prudent.

Any individual making an authorized purchase on behalf of the TEACH must provide Charter Impact with appropriate documentation of the purchase. Individuals other than those specified above are not authorized to make purchases without pre-approval.

Individuals who use personal funds to make unauthorized purchases will not be reimbursed. Authorized purchases will be promptly reimbursed by a bank check upon receipt of appropriate documentation of the purchase.

The ED, or DBS may authorize an individual to use a school debit card to make

an authorized purchase on behalf of the school, consistent with guidelines provided by the ED, or DBS and/or Governing Board. The following provisions apply to debit card purchases:

- 1. The school card will be kept under locked supervision in the ED, or DBS's office, and authorized individuals must sign the debit card out and must return the debit card and related documentation of all purchases within 24 hours of the purchases, unless otherwise authorized by the ED, or DBS.
- 2. If receipts are not available or are "missing", the individual making the charge will be held responsible for payment.
- 3. Debit cards will bear the names of both the Schools and the ED, or DBS.

Purchase Orders

Non-recurring purchases should be accompanied by a purchase order, which must be approved by the ED, or DBS.

- 1. The ED, Principals, Directors and DBS all have the ability to generate a PO request in Procurify.
- 2. The PO is then automatically sent in Procurify to the ED, and/or DBS for approval.
- 3. Once approved, the PO is then emailed to the vendor or copied and mailed for confirmation.

Payment Authorization

All original invoices will be forwarded to the ED, or DBS via the accountspayable@teachps.org email address and synced with Procurify for approval.

1. The ED, or DBS will carefully review each invoice, attach all supporting documentation (including a PO), and verify that the specified services and/or goods were received. When receiving tangible goods from a vendor, the person designated to receive deliveries should trace the merchandise to the packing list and note any items that were not in the shipment. The

- packing list should be submitted to Charter Impact with the invoice.
- 2. Once approved by the ED, or DBS, he/she will stamp a check authorization on the invoice and complete the required information, including noting the specific budget line item that is to be charged for the specified expenditures. The invoice and supporting documentation will be sent to Charter Impact on at least a weekly basis (ED, or DBS should be aware of invoice due dates to avoid late payments). Charter Impact will then process the invoices with sufficient supporting documentation.
- 3. The ED, or DBS may authorize Charter Impact to pay recurring expenses (e.g. utilities, leases, etc.) without the ED, of DBS's formal approval (signature) on the invoice when dollar amounts fall within a predetermined range. A list of the vendors and the dollar range for each vendor must be provided to Charter Impact in writing and updated on an annual basis.

Accounts Payable Checks

The Governing Board will approve, in advance, the list of authorized signers on the school account. The ED, or DBS and any other employee authorized by the Governing Board may sign bank checks within established limitations.

- 1. Charter Impact does not use pre-printed check stock to avoid the risk of theft.
- 2. When there is a need to generate a check, the DBS will send appropriate approved documentation to Charter Impact. This is usually an approved invoice or Check Request Form.
- 3. Once approved by the ED, or DBS, Charter Impact prepares the check based on the check authorization prior to obtaining the appropriate signature(s).
- 4. The ED, or DBS or Board Treasurer will co-sign checks in excess of \$50,000 for all non-recurring items. All checks less than \$50,000 require only the signature of the ED or DBS.
- 5. Checks may not be written to cash, bearer, or petty cash. Under no circumstance will any individual sign a blank check.

- 6. Charter Impact will record the check transaction(s) into the appropriate checkbook and in the general ledger.
- 7. A copy of any impress check will be sent to Charter Impact with directions to transfer funds from the schools operating account to refresh the impress account balance to \$10,000 within 5 business days.
- 8. Charter Impact will distribute the checks and vouchers as follows:
 - a. Original mailed or delivered to payee
 - b. Duplicate or voucher attached to the invoice and filed by vendor name by a Charter Impact accountant.
 - c. Cancelled Checks maintained with the banking institution.
 - d. Voided checks will have the signature line cut out and will have VOID written in ink. The original check will be attached to the duplicate and forwarded to Charter Impact who will attach any other related documentation as appropriate.

Bank Reconciliations

Bank statements will be received directly, unopened, by a district office staff member that does not have access to cash or the authority to approve payments or electronically. This staff member then scans and emails the statement to Charter Impact (or Charter Impact may be granted view-only online access). Once the statement is received:

- Charter Impact will examine all paid checks for date, name, cancellation, and endorsement. Checks will be valid for 6th months, however any discrepancies regarding the paid checks or any checks over 90 days will be researched and if applicable deleted from the accounting system.
- 2. Charter Impact will prepare the bank reconciliation, verifying the bank statements and facilitating any necessary reconciliation.
- 3. Charter Impact will compare the reconciled bank balance to the cash in the bank account and to the general ledger, immediately reporting any discrepancies to the ED, or DBS.

CASH RECEIPT MANAGEMENT

General Procedures for Non-Governmental Cash Receipts

For all fundraising activities approved by the board, the School will establish internal controls to ensure the safeguarding of assets. The following are general procedures for recurring activities:

- 1. All fundraising activities must receive written preapproval from the Executive
 - Director/Chief Executive Officer or DBS.
 - a. All funds must be collected by the DBS and deposited into the lock box in a sealed envelope, along with any notes, forms, or other descriptions of how the funds are to be used.
 - b. The DBS and one other district staff member will jointly open the lock box to verify the cash/check amounts and sign off on the amounts received.
 - c. The lock box will be emptied at least two times per week, corresponding to days when deposits are made.
- 2. All checks will be immediately endorsed with the school deposit stamp, containing the following information: "For Deposit Only"
- 3. A deposit slip will be completed by the DBS and initialed by the ED, or Director of Operations and Data Systems for approval to deposit. The deposit slip will be duplicated and documentation for all receipts (copy of check, letter, etc.) will be attached to the duplicate deposit slip.
- 4. Deposits totaling greater than \$10,000 will be deposited within 48 hours by the designated school employee. Deposits totaling less than \$10,000 will be made weekly by the designated school employee. All cash will be immediately put into a lock box.
- 5. The duplicate deposit slip and deposit receipt will be attached to the deposit documentation and forwarded to Charter Impact to be filed and recorded weekly.

Volunteer Expenses

All volunteers will submit a purchase requisition form to the ED, or DBS for all potential expenses. Only items with prior written authorization from the ED, or DBS will be paid/reimbursed.

Returned Check Policy

A returned-check processing fee will be charged for checks returned as non-sufficient funds (NSF). Unless otherwise pre-approved by Charter Impact or the ED, or DBS, payment of the NSF check and processing fee must be made by money order or certified check.

In the event that a second NSF check is received for any individual, in addition to the processing fee, the individual will lose check-writing privileges. Payment of the NSF check, the processing fee and any subsequent payment(s) by that individual must be made by money order or certified check.

In the case of NSF checks written by parents of students, failure to pay may result in the withholding of report cards/transcripts at the end of the semester and/or school year until payment is received, unless other mutually agreeable arrangements are approved by the ED, or DBS and/or Governing Board. If unsuccessful in collecting funds owed, the school may initiate appropriate collection and/or legal action at the discretion of the ED, or DBS and/or Governing Board.

HUMAN RESOURCES AND PAYROLL

Payroll Services and Setup

Charter Impact prepares payroll checks, tax and retirement withholdings, tax statements, and to perform other payroll support functions. The ED, DBS or Director of Human Resources will establish and oversee a system to prepare time and attendance reports and submit payroll check requests. The ED, or Director of Human Resources will review payroll reports each pay period to ensure that (1) the salaries are consistent with staff contracts and personnel policies and (2) the proper tax, retirement, disability, and other withholdings have been deducted and forwarded to the appropriate authority. All staff expense reimbursements will be on checks separate from payroll checks.

Upon hiring of staff, the Director of Human Resources will be responsible for the creation of a personnel file will with all appropriate payroll-related documentation and completing or providing all of the items on the Employee Payroll Set-up/Change Form. Items include a federal I-9 form, tax withholding forms, retirement date, and an accounting of the use of sick leave.

Timesheets

All hourly employees will be responsible for completing a timesheet including vacation, sick, and holiday time (if applicable). The employee and the appropriate supervisor will sign the completed timesheet. Incomplete timesheets will be returned to the signatory supervisor and late timesheets will be held until the next pay period. No employee will be paid until a correctly completed timesheet is submitted. If an employee is unexpectedly absent and therefore prevented from working the last day of the pay period or turning in the timesheet (such as an employee calling in sick), the employee is responsible for notifying the signatory supervisor or for making other arrangements for the timesheet to be submitted. However, the employee must still complete and submit the timesheet upon return.

Overtime

Advanced approval in writing by the authorized supervisor is required for compensatory time and overtime. Overtime only applies to classified employees and is defined as hours worked in excess of eight (8) hours within a day or forty (40) hours within a week. Any hours worked in excess of an employee's regular work schedule must be pre-approved by the supervisor, unless it is prompted by an emergency. Overtime will not be granted on a routine basis and is only reserved for extraordinary or unforeseen circumstances. If a supervisor identifies a recurring need for overtime in any given position, the supervisor should immediately consult with the ED, or Director of HR for further guidance.

Payroll Processing

For hourly employees, employees must sign timesheets to verify appropriate hours worked, resolve absences and compensations, and monitor number of hours worked versus budgeted. The Principal or Director of Human Resources will

Board Approved October 21, 2025

approve these timesheets. No overtime hours should be listed on timesheets without the supervisor's initials next to the day on which overtime was worked. For school site salaried employees, employees must sign into a logbook to verify working days for accuracy. The Director of Human Resources will provide the designated school employee with any payroll-related information such as sick leave, vacation pay, and/or any other unpaid time.

For substitute teachers, the School Operations Manager (SOM) will maintain a log of teacher absences and the respective substitutes that work for them. The SOM will verify that the substitutes initial the log next to their names before they leave for the day and that teacher, upon returning back to work, initial next to their names. The ED, or DBS will notify Charter Impact of all authorizations for approved stipends.

Payroll is processed within 10 days after the period in which it is earned for hourly employees.

- 1. The signatory supervisor will submit a Payroll Summary Report of timesheets to Charter Impact for processing.
- 2. Charter Impact will prepare the payroll worksheet based on the summary report.
- 3. The payroll checks (if applicable) will be delivered to the district office. The DBS or Director of Human Resources will document receipt of the paychecks and review the payroll checks prior to distribution.

Payroll Taxes and Record Keeping

Paychex will prepare payroll check summaries, tax and withholding summaries, and other payroll tracking summaries based on the reporting submitted.

Paychex will also prepare the state and federal quarterly and annual payroll tax forms for income tax withholdings, Social Security and Medicare and submit the forms to the respective agencies on behalf of the school. Charter Impact will prepare the quarterly state returns for unemployment and disability, review the forms with the ED, or DBS, and submit the forms to the state on behalf of the school.

The designated TEACH employee will maintain written records of all full time employees' use of sick leave, vacation pay, and any other unpaid time.

- 1. The designated school employee will immediately notify the Director of Human Resources or DBS if an employee exceeds the accrued sick leave or vacation pay or has any other unpaid absences.
- 2. Records will be reconciled when requested by the employee. Each employee must maintain personal contemporaneous records.

Expense Reports

Employees will be reimbursed for expenditures within thirty (30) business days of presentation of appropriate documentation. Receipts or other appropriate documentation will be required for all expenses over five dollars and all reports must be approved by the ED, or DBS. Expenses greater than two months old will not be reimbursed.

ED, or DBS expense reports must be approved by another staff member (one of the other not receiving the reimbursement) and always be submitted to Charter Impact for processing and payment, petty cash may not be used.

Travel

Employees will be reimbursed for mileage when the activity is pre-approved by the ED, or DBS. Mileage will be reimbursed at the government-mandated rate for the distance traveled, less the distance from the employee's residence to the school site for each direction traveled. For incidental travel, mileage will only be reimbursed if the one-way mileage exceeds 10 miles.

The ED, or DBS must pre-approve all out-of-town travel. Employees will be reimbursed for overnight stays at hotels/motels when pre-approved by an administrator and the event is more than 50 miles from either the employee's residence or the school site. Hotel rates should be negotiated at the lowest level possible, including the corporate, nonprofit or government rate if offered, and the lowest rate available. Employees will be reimbursed at the established per diem rate for any breakfast, lunch, or dinner that is not included as part of the related event.

Travel advances require written approval from the ED, or DBS and receipts for all advanced funds not returned. After the trip, the employee must enter all of the appropriate information on a Travel Expense Report and submit it to the ED, or DBS for approval and then on to Charter Impact for processing. If the advance exceeds the amount of the receipts, the employee will pay the difference

immediately in the form of a check. If the advance is less than the amount of the receipts, the difference will be reimbursed to the employee in accordance with the expense report.

FINANCE AND FINANCIAL REPORTING

Monthly Reporting

Charter Impact will submit a monthly financial report including:

- a. Statement of Financial Position
- b. Budget vs. Actual Report
- c. Monthly Forecast
- d. Accounts Payable Aging
- e. Monthly Check Register

The report will be reviewed at the scheduled board meeting and action will be taken, if appropriate.

Third Party Loans

The ED, or DBS and the Board will approve all loans from third parties. In the case of a long- term loan, approval may also be required from the charter-granting agency in accordance with the terms of the charter petition and/or other lenders in accordance with the loan documents.

Once approved, a promissory note will be prepared and signed by the ED, or DBS before funds are borrowed.

Fund Balance Reserve

A cash reserve of at least 5% of the annual expenses will be maintained. Charter Impact will provide the ED, or DBS with a Statement of Financial Position monthly. It is the responsibility of the ED, or DBS and the Governing Board to understand the school's cash situation. It is the responsibility of the ED, or DBS to prioritize payments as needed.

(Ed. Code § 47605(e)(1); Ed. Code § 220.)
- Except as provided in Education Code section 47605(e)(2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or legal guardian, within this state, except that an existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that school. Preference shall be extended to pupils currently attending Charter School and pupils who reside in the Los Angeles Unified School District (also referred to herein as "LAUSD" and "District"). Preferences shall not result in limiting enrollment access for pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation, and shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment. Charter School shall comply with all provisions of the EERA and shall act independently from LAUSD for collective bargaining purposes. In accordance with the EERA, employees may join and be represented by an organization of their choice for collective bargaining purposes.

NOTE: This Charter contains specific "Federal, State and District Required Language" (FSDRL), including the *Assurances, Affirmations, and Declarations* section above. The FSDRL should be highlighted in gray within each Charter element or section. The final section of the Charter provides a consolidated addendum of the FSDRL. This intentional redundancy facilitates efficient charter petition review while ensuring ready access to the FSDRL for any given section of the Charter. To the extent that any inconsistency may exist between any provision contained within the body of the Charter and the FSDRL contained in the addendum, the provisions of the FSDRL addendum shall control.

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." (Ed. Code § 47605(c)(5)(A)(i).)

Charter School shall ensure that no student otherwise eligible to enroll in Charter School shall be denied, directly or indirectly, admission due to a disability or to Charter School's inability to provide necessary services. Charter School acknowledges that policies and procedures are in place to ensure the recruitment, enrollment, service, and retention of students with disabilities at LAUSD-authorized charter schools, including Charter School.

Prior to LAUSD Board of Education approval of an initial Charter petition, and if a renewing Charter School intends to operate as a "school of the district" for special education services, Charter School shall execute a Memorandum of Understanding ("MOU") by and between LAUSD and Charter School regarding the provision and funding of special education services consistent with applicable state law and the LAUSD Special Education Local Plan Area ("SELPA") Local Plan for Special Education and shall be considered a "public school of the District" for purposes of Special Education pursuant to Education Code section 47641(b). However, Charter School reserves the right to make written verifiable assurances that it may become an independent local educational agency (LEA) and join a SELPA pursuant to Education Code section 47641(a) either on its own or with a grouping of charter school LEAs as a consortium following the requirements of Education Code section 56195.3(b). In this instance, Charter School will execute a MOU with LAUSD on provisions of special education as a member of a non-LAUSD SELPA.

SELPA Reorganization

The Los Angeles Unified School District is approved to operate as a single-District SELPA under the provisions of Education Code section 56195.1(a). As a single-District SELPA, the District has created two charter school sections (District-operated Programs and Charter-operated Programs) under the administration of one single Administrative Unit pursuant to a reorganization plan approved by the Board of Education on January 4, 2011 (149/10-11). Full implementation of the reorganized LAUSD SELPA commenced in the 2013-2014 school year requiring all District-authorized charter schools to elect one of the three options available under the LAUSD SELPA. Prior to an option election, all District-authorized charter schools were required to participate as a school of the District under the District-Operated Programs Unit. Prior to the beginning of the 2013-2014 school year, all District-authorized charter schools, other than those that had previously executed an Option 3 Memorandum of Understanding ("MOU"), were required to execute a new MOU setting forth the LAUSD SELPA option election for the remainder of the charter petition term. The Charter-operated Program schools do not have LEA status for the purposes of special education but will function in a similar role in that each charter school will be responsible for all special education requirements, including but not limited to services, placement, due process, related services, special education classes, and special education supports. Charter schools that have elected to 43 of 234 participate in a District-operated programs option may apply for membership in the Charter-operated Program section of the SELPA. Charter schools accepted for participation in the Charter-operated Programs section receive support from a Special Education Director for the Charter-operated Programs.

Use of District's Special Education Policies and Procedures and Data Systems

All charter schools approved by the LAUSD Board of Education are bound by and must adhere to the terms, conditions and requirements of orders imposed upon the District pertaining to special education. All charter schools are required to use the District's Special Education Policies and Procedures Manual and Welligent, the District-wide web-based software system used for online Individualized Education Programs ("IEPs") and tracking of related services provided to students during the course of their education.

All charter schools are required to interface with My Integrated Student Information System (MiSiS) via a webbased Application Programming Interface (API). MiSiS is a suite of applications which is designed to capture all student data.

2. Self-Reflection for Charter School

Renewal Framework and Current Placement- Criterion 1

Under AB1505, Criterion 1 places schools into renewal categories based on performance across the California School Dashboard. A charter school is considered high-performing if all Dashboard indicators are green or blue for the past two years. A school is considered low-performing if all indicators are red or orange for two consecutive years. Schools that do not fit neatly into either definition are reviewed under Criteria 2a and 2b.

TEACH Prep does not fall neatly into either extreme category under Criterion 1. The school earned a Blue rating in the Suspension Rate Indicator from 2022–2023 through 2023–2024, with a suspension rate of 0.0% compared to the statewide average of 3.2%. At the same time, other Dashboard indicators reflected a mix of red, orange, and yellow. This mixed performance demonstrates that TEACH Prep cannot be classified as either a

high-performing or a low-performing school solely under Criterion 1. Instead, under state law, TEACH Prep advanced to Criterion 2 for further evaluation.

Criterion 2

Criterion 2 examines three specific Dashboard indicators: English Language Arts (ELA), Mathematics, and the English Learner Progress Indicator (ELPI). The state compares schoolwide results and subgroup outcomes against statewide averages. Schools where most outcomes fall below the state average may be identified as Low-Performing under Criterion 2b, particularly if numerically significant subgroups (e.g., Hispanic/Latino, Black/African American, English Learners, Students with Disabilities) show widespread performance gaps.

In the 2024 Dashboard year, TEACH Prep was formally identified as a Low-Performing charter school. This determination was based on the following:

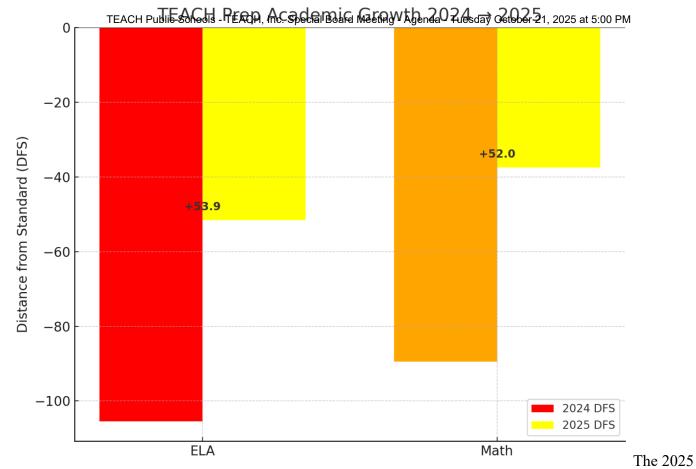

- **ELA:** Red performance level with a DFS of –105.5, compared to –13.2 statewide. None of the numerically significant subgroups (African American, Hispanic, English Learners, Socioeconomically Disadvantaged) scored above statewide averages.
- Math: Orange performance level with a DFS of -89.5, compared to -47.6 statewide. Less than a majority of subgroups performed above statewide DFS.
- **ELPI:** Orange performance level at 36.4%, below the state's 45.7%.
- **Chronic Absenteeism:** Yellow at 50%, significantly higher than the state's 18.6%.
- Suspension Rate: Blue at 0.0%, outperforming both state and district.

As a result, TEACH Prep met the threshold for Criterion 2b and was categorized as Low-Performing for renewal purposes under the 2023–2024 Dashboard.

2024-2025 Renewal Placement Shift and Verified Data

Under AB 1505, authorizers must give greater weight to measurements of academic performance, specifically the California School Dashboard and state-approved verified data. TEACH Prep's 2025 CAASPP results—state-verified assessments that feed directly into Dashboard calculations—show the school has moved out of the Low-Performing category and into the Middle-Performing track.

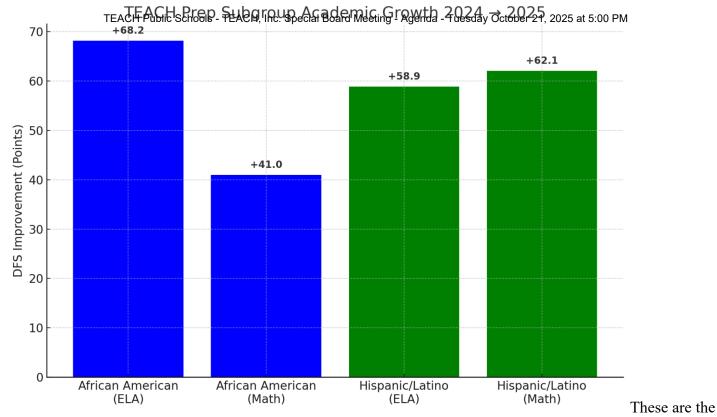

- ELA: Improved from -105.5 DFS in 2024 to -51.6 in 2025, a gain of +53.9 points. This shifts the indicator from Red to Yellow, a two-level improvement.
- Math: Improved from -89.5 DFS in 2024 to -37.5 in 2025, a gain of +52 points. This shifts the indicator from Orange to Yellow and places the school above the statewide average.

Dashboard projection, based on these results, shows Yellow status for both ELA and Math, which defines Middle-Performing placement.

Importantly, subgroup growth exceeds the overall schoolwide gains:

- African American students: +68.2 DFS in ELA, +41.0 in Math.
- Hispanic/Latino students: +58.9 DFS in ELA, +62.1 in Math.

very subgroups that triggered Criterion 2b identification in 2024, and they are now showing rapid and measurable improvement.

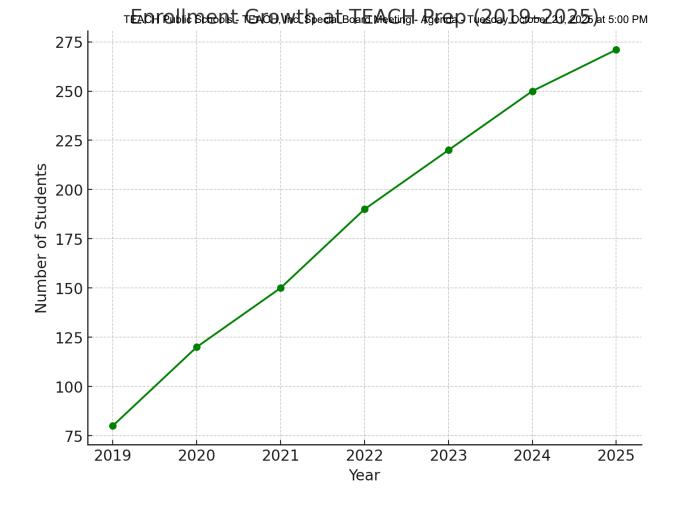

Summary of Renewal Criteria Status

- 2023–2024: Identified as Low-Performing under Criterion 2b.
- 2024–2025: Verified CAASPP data and projected Dashboard placement show Yellow in both ELA and Math.
- Current Placement: TEACH Prep qualifies for renewal under the Middle-Performing track, supported by state-verified data, demonstrated subgroup progress, and strong governance, fiscal, and operational ratings in LAUSD oversight reports.

Because placement under AB 1505 is determined by Dashboard performance, and CAASPP is the basis of Dashboard indicators, TEACH Prep's 2025 results trigger a Middle-Performing placement now. Under the law, a Middle-Performing charter may only be denied renewal if the authorizer makes specific written findings that closure is in the best interest of pupils. Far from justifying closure, the data show that TEACH Prep is making clear, convincing, and equitable progress—the precise outcome AB 1505 was designed to recognize.

Student Demographics and Community Context

TEACH was founded in 2010 by longtime Los Angeles educators Mildred Cunningham and Edith Morris. Since then, the TEACH network has grown to three schools serving grades K–12 in the Westmont/Gramercy Park community. TEACH Prep opened in 2018 and has expanded from 80 students in 2019 to 271 in 2025. Families continue to choose TEACH Prep despite nearby school options, demonstrating parent trust and community demand.

TEACH Prep serves a student population with higher needs than both LAUSD and the State. In 2024, 42.3% of students identified as Black/African American (compared to 7.4% in LAUSD and 4.9% statewide) and 56.3% as Hispanic/Latino. The proportion of English Learners was 34.6%, significantly higher than LAUSD (21.2%) and the State (18.4%). Socioeconomically disadvantaged students made up 97.1% of enrollment, compared to 84.6% in LAUSD and 62.7% statewide. Students with disabilities represented 7.0% of enrollment, lower than LAUSD (15.4%) and the State (13.7%) but higher than at the start of the current charter term. These demographics underscore that TEACH Prep is serving historically underserved populations in significant numbers.

Academic Performance in Context

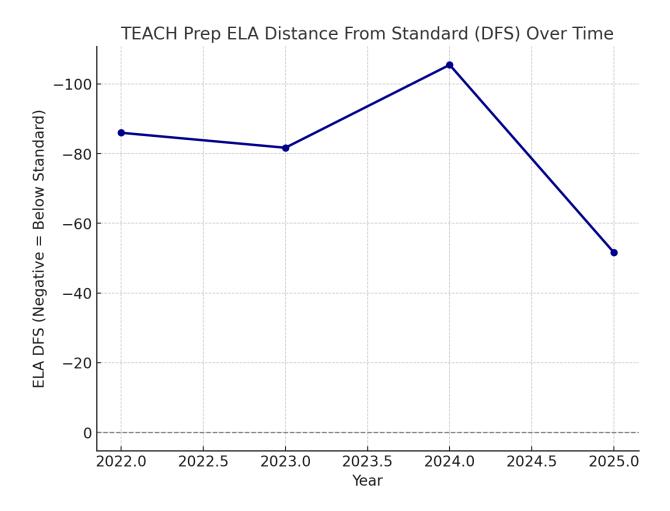

English Language Arts (ELA)

TEACH Prep's results in English Language Arts must be understood in context. In 2019, TEACH Prep only served kindergarten and first-grade students, who were not eligible for the CAASPP. For federal accountability purposes, the state assigned TEACH Prep the average ELA performance of LAUSD's third graders in 2019. This means that the steep decline visible between 2019 and 2022 is not an accurate reflection of the school's performance.

The first year that TEACH Prep's own students took the CAASPP was 2022. In that year, the average DFS in ELA was already well below the state, district, and neighboring schools. By 2024, the DFS in ELA was –105.5 for all students, compared with –28.2 in LAUSD and –13.2 in the State. Subgroup analysis shows that TEACH Prep students scored lower than LAUSD and State averages across nearly every category.

However, a key point of comparison is with Invictus Leadership Academy, the school most demographically similar to TEACH Prep. In 2024, TEACH Prep outperformed Invictus in every student subgroup except Black/African American students. This demonstrates that within the context of similarly situated schools, TEACH Prep is producing competitive results.

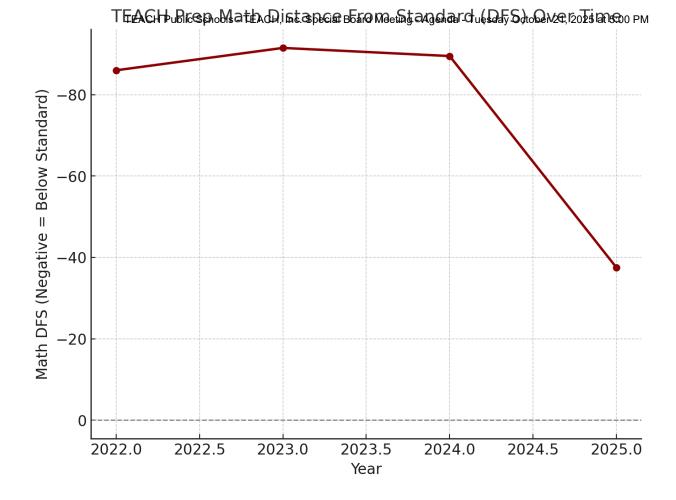

Most importantly 2025 data show that TEACH Prep's ELA DFS improved from -105.5 to -51.6, a gain of nearly 54 points in one year. This growth moves the school into the Yellow performance band, a substantial step forward toward parity with state averages.

Mathematics

As in ELA, TEACH Prep's 2019 Mathematics results were not based on its own students but on LAUSD's average third-grade results. Beginning in 2022, TEACH Prep reported its own student outcomes.

Between 2022 and 2024, Math scores remained relatively flat, shifting only slightly from –86 to –89 DFS. In 2024, the school scored below LAUSD and State averages in Mathematics for all students, with an all-student DFS of –89.5 compared with –60.4 for LAUSD and –47.6 for the State.

However, subgroup analysis reveals areas of strength. Black/African American students at TEACH Prep were closer to meeting the Math standard than peers in most neighboring schools, LAUSD, and the State. Socioeconomically disadvantaged students also performed competitively when compared to statewide averages. Across all subgroups, TEACH Prep outperformed Invictus Leadership Academy in Mathematics.

2025 shows a dramatic gain of 52 points in Mathematics, with the school moving from –89.5 to –37.5 DFS. This improvement elevates the school into the Yellow performance band and brings the Mathematics indicator above the state average.

English Learner Progress Indicator (ELPI)

TEACH Prep's English Learner Progress Indicator (ELPI) shows variation over time. In 2022, the school's ELPI was 65 percent, which was higher than LAUSD, the State, and neighboring schools. By 2024, however, the ELPI had declined to 36.4 percent, falling below peers. This dip has been identified as a focus area for intervention. The school's demonstrated ability to exceed averages in 2022 shows that it has the capacity to return to stronger outcomes in this area.

School Climate and Engagement

Chronic Absenteeism

Chronic absenteeism at TEACH Prep has improved, moving from 56 percent in 2023 to 50 percent in 2024. Although this rate remains higher than LAUSD at 23.3 percent and the State at 18.6 percent, it is lower than Invictus Leadership Academy across nearly all student subgroups. This suggests that within the high-need context that TEACH Prep serves, the school is outperforming comparable peers while still identifying absenteeism as an area of continued focus. Tiered outreach, transportation supports, and parent engagement initiatives are in place.

TEACH Prop has maintained a suspension rate of zero percent across all years of its charter term and across all student subgroups. This is an outstanding result that far surpasses LAUSD's suspension rate of 0.4 percent and the State average of 3.2 percent. It also positions TEACH Prop as a leader in safe and supportive school culture, particularly as the school serves higher percentages of high-need students than district and state peers.

Organizational Stability and Capacity

TEACH Prep's improvement is supported by a stable organizational foundation. Oversight ratings include Governance as **Proficient (3)**, Organizational Management, Programs, and Operations as **Proficient (3)**, and Fiscal Operations as **Accomplished (4)**. The FY24 independent audit confirmed financial stability. Strong fiscal and governance systems provide the foundation for sustaining academic progress.

Reflection on Improvement and Sustained Practices

The 2024–25 school year marked a true turning point for TEACH Prep. For several years, our academic outcomes in English Language Arts (ELA) and Mathematics had not met our aspirations or the needs of our students. In the summer of 2024, our staff, leadership, and community undertook a comprehensive root cause analysis to examine why our students were not achieving at the levels we knew they could. That process revealed gaps in instructional consistency, limited alignment of curriculum across grade levels, professional development that was too often disconnected from daily practice, and accountability structures that did not ensure fidelity or urgency.

Instead of treating these as isolated problems, we redesigned our approach to instruction, curriculum, professional learning, staff responsibilities, and accountability as an integrated system of reform. The results were dramatic: matched-cohort growth of +35.1 points in ELA and +29.8 points in Math, with Black/African American students growing by +68.2 DFS in ELA and +41.0 in Math, and Hispanic/Latino students gaining +58.9 DFS in ELA and +62.1 in Math. These subgroup improvements directly address the very performance gaps that led to our Criterion 2b designation, providing clear and convincing evidence of measurable increases in academic achievement for our numerically significant student groups, as required by AB1505. Just as important, these outcomes represent the first evidence of a durable system that will continue producing growth, not a one-year anomaly.

Transforming Instruction: From Coverage to Clarity

One of the most significant shifts was moving away from "coverage" teaching—where classrooms attempted to address too many standards superficially—toward clarity and focus. Teachers identified Priority Standards using endurance, leverage, and readiness filters, and these standards became the backbone of every unit. Lessons now begin with clear, student-friendly objectives, accompanied by scaffolds tailored to English Learners and students below grade level. Frequent formative assessments allow teachers to monitor progress in real time, making mid-course corrections before gaps widen. Perhaps the most impactful innovation was the introduction of Reteach and Enrich (R/E) blocks four to five times each week. In these blocks, every student participates in targeted small-group sessions designed either to reteach skills not yet mastered or to enrich learning through extension. By embedding these sessions into the daily schedule, intervention and enrichment are no longer optional or occasional—they are guaranteed for all students.

In the 2024–25 school year, the school strengthened its academic program by adding a Literacy Specialist to the elementary instructional team. This role was designed to ensure that every student acquires the foundational reading and writing skills necessary for long-term academic success. The Literacy Specialist provides direct intervention for students performing below grade level and acts as an instructional leader to improve teaching practice across classrooms. Through a combination of coaching, data-informed intervention, and collaborative planning, this position is establishing a sustainable system for literacy growth that is both equitable and aligned with the science of reading.

Schoolwide Leadership in Literacy Instruction: The Literacy Specialist serves as the anchor of the school's literacy framework, providing ongoing guidance and instructional leadership to ensure consistent implementation of research-based practices. Key responsibilities include:

- Developing and Leading a Coherent Literacy Vision: The specialist has articulated a literacy framework TEACH Public Schools TEACH, Inc. Special Board Meeting Agenda Tuesday October 21, 2025 at 5:00 PM that integrates phonemic awareness, phonics, fluency, vocabulary, and comprehension instruction across grade levels. This framework provides clear expectations for balanced literacy and structured literacy practices in every classroom.
- Instructional Coaching and Professional Learning:
 - Conducts classroom observations using evidence-based rubrics focused on reading instruction and provides actionable feedback aligned to the school's instructional priorities.
 - Leads coaching cycles with individual teachers, including co-planning lessons, modeling smallgroup instruction, and conducting post-observation reflections to refine practice.
 - Facilitates monthly professional development sessions for all K-5 teachers that focus on implementing phonics routines, using decodable texts, conducting guided reading, and incorporating explicit writing instruction.
 - o Hosts "learning labs" where teachers observe model lessons and engage in collaborative analysis of student work.
- Curriculum Alignment: The specialist ensures that classroom teachers use materials and pacing that are
 vertically aligned to the California Common Core State Standards (CCSS) for English Language Arts.
 This includes verifying that daily lessons integrate decoding and comprehension strategies and that all
 students have access to complex, grade-level texts supported by scaffolds as needed.

Data-Driven Intervention and Tiered Support: The Literacy Specialist leads the school's Multi-Tiered System of Support (MTSS) for reading. This work ensures that early identification and targeted intervention are consistent, equitable, and effective.

- Universal Screening and Assessment:
 - Coordinates benchmark literacy assessments at least three times per year using schoolwide tools such as DIBELS, i-Ready, or Fountas & Pinnell BAS.
 - Oversees the collection and analysis of formative data from classroom-based assessments to monitor ongoing skill development.
- Targeted Interventions:
 - Designs and delivers Tier 2 and Tier 3 interventions for students reading below grade level, using evidence-based programs that emphasize phonological awareness, decoding, and fluency.
 - o Provides push-in and pull-out small group sessions that directly address specific reading deficits, often three to five times weekly.
 - Supports classroom teachers in differentiating Tier 1 instruction to ensure students exiting interventions maintain growth.
- Progress Monitoring and Continuous Improvement:
 - o Maintains an intervention tracker that monitors individual student progress, facilitating timely instructional adjustments.
 - Leads grade-level data meetings after each benchmark assessment window to review literacy data, identify students who need additional support, and refine instructional strategies.
 - Uses longitudinal data to evaluate intervention effectiveness and inform adjustments to core curriculum pacing or support structures.

Building Staff Capacity and Professional Collaboration: The Literacy Specialist strengthens teacher capacity to deliver high-quality literacy instruction by cultivating a culture of professional learning and shared accountability.

- Collaborative Planning: The specialist meets regularly with grade-level teams to co-develop reading and writing lessons that integrate vocabulary, comprehension strategies, and writing in response to text.
- Model Classrooms and Peer Learning: By modeling lessons in classrooms and supporting "look-for" protocols, the specialist helps teachers align practice across grade levels, promoting continuity and coherence in instruction.
- Mentoring New Teachers: The specialist serves as a mentor for early-career teachers, ensuring they
 receive consistent support in phonics routines, balanced literacy planning, and literacy-rich classroom
 environments.

Literacy Leadership Team: The specialist facilitates a cross-grade Literacy Leadership Team composed
of teachers and administrators to ensure ongoing communication and strategic alignment of literacy
goals.

Family and Community Engagement in Literacy: Recognizing that reading growth extends beyond the school day, the Literacy Specialist has expanded family and community engagement efforts around literacy.

- Family Literacy Workshops: Hosts quarterly family nights focused on helping parents understand gradelevel reading expectations, home reading routines, and strategies to build fluency and comprehension at home.
- Communication of Progress: Develops family-friendly reports that share each student's reading level, progress toward grade-level benchmarks, and recommended at-home activities.
- Community Partnerships: Collaborates with local libraries, after-school programs, and community organizations to ensure students have access to books, reading challenges, and literacy events throughout the year.

Early Evidence of Impact: Although recently established, the Literacy Specialist has already contributed to measurable improvement in literacy instruction and student outcomes.

- Increased Teacher Consistency: Walkthrough data indicate a marked increase in the use of explicit phonics routines and small-group reading instruction in primary grades.
- Improved Student Growth: Preliminary assessment data show growth in the percentage of students meeting benchmark reading goals, particularly in grades K–2 where early decoding skills are critical.
- Reduction in Intervention Caseloads: Early literacy interventions are demonstrating success, with students exiting Tier 3 support at higher rates than in prior years.
- Greater Family Engagement: Attendance at literacy workshops and home reading participation have

Sustaining and Expanding the Work: In future years, the Literacy Specialist will continue to build a schoolwide culture of reading through systematized practices and long-term goals:

- Institutionalizing Data Cycles: Establishing a consistent, schoolwide data cycle that integrates literacy benchmarks into all professional learning community (PLC) agendas.
- Expanding Structured Literacy Practices: Supporting teachers in grades 3–5 to integrate explicit vocabulary, morphology, and comprehension strategies for complex texts.
- Curriculum Refinement: Leading the selection and implementation of an aligned writing curriculum that reinforces reading comprehension and analytical thinking.
- Mentorship and Capacity Building: Training additional teachers to serve as literacy leads in each grade-level team to sustain the work beyond a single position.
- Vertical Articulation: Collaborating with the middle school to ensure smooth transitions and continued reading growth for upper-grade students.

The Literacy Specialist represents a strategic investment in the school's mission to ensure that every child becomes a proficient, confident reader. Through coaching, data analysis, targeted intervention, and community partnership, this role has begun to transform literacy instruction from a classroom-by-classroom endeavor into a coherent, schoolwide system of continuous improvement. Over time, this work will lead to sustained increases in reading proficiency rates, improved student engagement with complex texts, and greater academic achievement across all subject areas.

Strengthening Curriculum: Building a Guaranteed Pathway

Before 2024, curriculum implementation varied across classrooms, which meant that students did not consistently have access to rigorous learning experiences. Beginning in summer 2024, our team developed a Guaranteed and Viable Curriculum (GVC), supported by pacing guides and curriculum maps across grade

levels. This shift ensured that every student, regardless of teacher assignment, experienced the same coherent, rigorous sequence of instruction. Units of study now integrate explicit language objectives, allowing English Learners to build academic language while mastering content. Diagnostic assessments such as iReady and DIBELS are embedded into planning and delivery, helping teachers anticipate areas of difficulty and design scaffolding before students fall behind. The school schedule itself was restructured to protect core instructional time, safeguarding ELA and Math blocks and guaranteeing space for R/E sessions. Every minute of instructional time is now protected, reflecting our belief that time on task is essential for achievement.

Professional Development That Fuels Change

The transformation at TEACH Prep was not driven by programs alone but by people. Professional development shifted from isolated workshops to a continuous cycle of learning. During 2024–25, staff engaged in intensive training on Marzano's high-yield strategies, data analysis protocols, and subgroup-specific supports. Teachers learned to set clear learning objectives, check for understanding systematically, and design lessons that engaged all learners. We also created professional learning communities (PLCs) that meet monthly to analyze data, regroup students, and plan interventions collaboratively. Coaching cycles provide individualized support: instructional coaches model lessons, co-teach, and deliver real-time feedback. Instructional aides and intervention staff, once peripheral, now participate in targeted training so that they too can deliver effective Tier 2 and Tier 3 supports. The result is a culture where growth is not confined to students—every adult is also a learner, refining practice in service of better outcomes.

Redefining Staff Responsibilities: Every Adult, Every Role

We recognized that true turnaround required rethinking the role of every adult on campus. Teachers are now responsible for both Tier 1 instruction and the orchestration of R/E blocks. Instructional coaches deliver Tier 3 interventions while modeling lessons and guiding data analysis with grade-level teams. Instructional aides are no longer limited to support roles; they now run small groups, manage digital learning stations, conduct progress monitoring, and provide feedback logs to teachers. Leaders—including the principal, assistant principal, and academic dean—coordinate these systems by monitoring fidelity to the GVC, scheduling and leading professional development, and ensuring that all instructional decisions are grounded in evidence. This redistribution of responsibility created a culture where every adult is directly accountable for student learning.

Building a Culture of Accountability: No Excuses, Just Results

We built systems of accountability that ensured our improvement work was not optional. Teachers are observed three times per semester, with feedback focused on instructional clarity, student engagement, and alignment to the GVC. Instructional aides submit weekly logs, while coaches document Tier 3 intervention outcomes and model lessons for every grade level. Leaders report quarterly to the Board on CAASPP and iReady growth, subgroup performance, and professional development participation. PLC documentation is reviewed to confirm that data is being used to drive instructional decisions. At the board level, members now receive regular reports that include subgroup analyses, verified data, and progress against renewal criteria, holding leadership accountable for sustaining results. These systems send a clear message: accountability is not punitive but purposeful, and improvement is non-negotiable. Every role has a feedback loop tied to student outcomes. This culture of shared responsibility has been essential in sustaining our gains.

Addressing Attendance and English Learner Progress

We also recognize that chronic absenteeism and the English Learner Progress Indicator (ELPI) remain areas requiring focused attention. Chronic absenteeism, while still elevated, has already declined with tiered outreach, transportation supports, and home visits. We are applying the same continuous improvement systems that fueled academic gains to attendance, ensuring families receive targeted interventions and incentives to promote regular attendance. Similarly, ELPI dipped in 2024, but explicit language objectives are now embedded across the GVC, bilingual support is provided during core instruction, and English Learners receive priority for afterschool tutoring and ELPAC preparation. These targeted reforms are designed to ensure that progress for English Learners accelerates just as it has for ELA and Math overall.

The breakthroughs of 2024–25 are not the end of our story but the beginning of a sustained trajectory. We know these reforms explain our dramatic growth, and we are committed to continuing and deepening them. In 2025–26 and beyond, we will refine our cycle of continuous improvement so that instructional clarity, curriculum alignment, professional learning, role accountability, and data-driven decisions remain the cornerstones of our work. These reforms were only possible because TEACH Prep is fiscally strong, with oversight ratings of Proficient in Governance and Accomplished in Fiscal Operations, ensuring the stability to sustain progress. Families are also affirming the impact of our work, as enrollment has grown from 80 students in 2019 to 271 in 2025, reflecting community trust.

The message to our authorizer and our community is simple: these are the practices that produced massive academic gains, and these are the practices we will continue to do. With urgency, coherence, and commitment, we will ensure that TEACH Prep's improvement is not temporary but enduring, that our students continue to grow at accelerated rates, and that our school remains a place where every child can achieve at the highest levels. In doing so, TEACH Prep not only meets the statutory requirements for renewal under AB1505 but also demonstrates the systems, stability, and equity-focused results that will drive sustainable success.

Conclusion

In summary, TEACH Prep's renewal status has evolved from Low-Performing under Criterion 2b in 2023–2024 to Middle-Performing under the 2024–2025 Dashboard. The school has demonstrated dramatic gains in ELA and Math, verified by independent growth measures, while serving a uniquely high-need population. Chronic absenteeism is declining, suspension rates remain at zero, and enrollment continues to grow. TEACH Prep combines equity-driven outcomes with strong governance and fiscal health, ensuring that the rapid progress achieved in 2024–2025 is not temporary but sustainable. For these reasons, TEACH Prep meets the statutory requirements for renewal under AB1505 and is positioned to continue its upward trajectory.

4. Goals and Philosophy

The following mission and vision statements continue to guide TEACH Elementary School and remain fully aligned with the needs of our targeted student population—primarily socioeconomically disadvantaged students, English learners, and those requiring additional academic and social-emotional supports—and with our comprehensive educational program.

Mission

The mission of TEACH ES is to create a high quality, innovative teaching and learning environment that focuses on literacy; integrating state-of-the-art technologies across the core curriculum to achieve academic proficiency for all students.

TEACH ES will reach students of all backgrounds by teaching the entire child which includes the social, TEACH Public Schools - TEACH, Inc. Special Board Meeting - Agenda - Tuesday October 21, 2025 at 5:00 PM physical, emotional and intellectual needs of the student. Upon graduation, the knowledge and the experiences acquired at TEACH will be effectively applied to students' daily lives. TEACH ES will create an educational environment that will foster success in the classroom as well as the community.

5. Educated Person in the 21st Century and How Learning Best Occurs

An educated person in the 21st century is a critical thinker, problem solver, and effective communicator who can adapt to a rapidly changing world. TEACH Elementary School believes that an educated person is not only proficient in literacy and core academics but also possesses social-emotional awareness, creativity, and the ability to work collaboratively across diverse settings. Our goal is to develop students who are self-motivated, competent, and lifelong learners who take ownership of their education and apply their knowledge to improve their own lives and contribute positively to their communities.

At TEACH, we believe that learning best occurs in an environment that is safe, supportive, and engaging, where high expectations are coupled with individualized support. Students learn most effectively when instruction is rigorous, relevant, and connected to real-world applications, and when they are given opportunities to explore, question, and collaborate. Learning is deepened through the integration of technology, arts, and enrichment experiences, as well as through strong social-emotional supports that foster resilience and self-confidence. By cultivating a culture of inquiry, creativity, and perseverance, TEACH ensures that students not only master essential academic skills but also develop the character and motivation to continue learning throughout their lives.

9. Curriculum

The school's TK-5 curriculum is fully aligned to the California Common Core State Standards (CA CCSS), the Next Generation Science Standards (NGSS), the California History–Social Science Framework, the California Visual and Performing Arts Standards, and the Physical Education Framework for California Schools. The curriculum is designed to ensure students develop strong foundational skills in literacy and numeracy, while also engaging in inquiry, creativity, and wellness. Instruction is differentiated to meet the needs of all students, including English Learners and students with disabilities, and is grounded in research-based practices.

English Language Arts (Core/College Preparatory)

The English Language Arts curriculum provides a balanced literacy approach, beginning with phonemic awareness, phonics, and decoding in the primary grades, and advancing to fluency, comprehension, and written expression. Students read a wide range of literature and informational texts and participate in structured academic discussions that promote critical thinking. Writing instruction includes narrative, opinion, and informative genres, aligned with the CA CCSS writing standards. Students also engage in close reading and text-based analysis, preparing them for higher-level literacy demands.

English Language Development (Core/College Preparatory)

English Learners receive daily English Language Development instruction aligned with the California ELD Standards. Instruction is designed to build proficiency in listening, speaking, reading, and writing, with a focus on academic vocabulary and discourse. Teachers integrate ELD strategies into core instruction and monitor student progress closely, ensuring English Learners advance toward full proficiency and reclassification.

Mathematics (Core/College Preparatory)

The mathematics program is aligned to the CA CCSS for Mathematics and emphasizes conceptual understanding, procedural fluency, and problem-solving. In the primary grades, instruction builds a strong foundation in number sense, operations, and place value, progressing to fractions, geometry, and multi-step problem-solving in upper elementary. Lessons emphasize reasoning and mathematical discourse, enabling students to explain their thinking and apply concepts in real-world contexts.

History–Social Science (Core/College Preparatory)

The History–Social Science curriculum is aligned with the California Framework and provides students with knowledge of communities, geography, state history, and civic values. Instruction emphasizes inquiry, analysis of primary sources, and connections to students' own experiences. Students learn about U.S. symbols, traditions, and democratic principles while also developing an understanding of cultural diversity and global interdependence.

Science (Core/College Preparatory)

Science instruction is guided by NGSS and emphasizes hands-on, inquiry-based learning. Students conduct experiments, make observations, and engage in engineering design challenges to explore physical, life, and earth sciences. The curriculum fosters curiosity and scientific reasoning by encouraging students to ask questions, gather evidence, and construct explanations.

Visual and Performing Arts (Non-Core, Non-College Preparatory)
TEACH Public Schools - TEACH, Inc. Special Board Meeting - Agenda - Tuesday October 21, 2025 at 5:00 PM
Students are provided with a rich arts program, including visual arts, drama, and music. Instruction develops creativity, self-expression, and appreciation of the arts, while reinforcing academic learning through cross-disciplinary projects. Enrichment opportunities such as orchestra and theater productions extend students' artistic experiences beyond the classroom.

Health and Physical Education (Core/College Preparatory)

The physical education curriculum is aligned to the California Physical Education Framework and emphasizes physical fitness, motor skills, and teamwork. Health education includes topics such as nutrition, safety, wellness, and decision-making. Together, these programs promote lifelong healthy habits and support students' physical and emotional well-being.

10. Intervention and Enrichment Programs

The school provides a comprehensive system of intervention and enrichment designed to meet the needs of all learners. This system ensures that students who are not yet meeting grade-level expectations receive timely and targeted support, while students performing at or above grade level are challenged and extended in their learning.

Intervention

Students are identified for intervention through multiple measures, including formative assessments, benchmark exams, teacher observations, and state assessments. Intervention supports may include:

- Small-group instruction during the school day.
- Targeted reading and math intervention using evidence-based curricula.
- After-school and Saturday academic support.
- Intersession and summer programs that provide additional instructional time for remediation.

 Progress monitoring tools are used to evaluate growth and adjust supports as needed. English Learners and students with disabilities receive additional, specialized supports consistent with their instructional needs and service plans.

Enrichment

Students performing at or above grade level are provided enrichment opportunities both during and beyond the school day. Enrichment opportunities include:

- Participation in orchestra, drama, and visual arts.
- Coding, robotics, and project-based STEM activities.
- Leadership development, service learning, and mentoring.
- Enrichment clubs and extended learning opportunities during intersession and summer. These opportunities are designed to engage student interests, build confidence, and encourage exploration beyond core academics.

Independent Study

The school offers an Independent Study (IS) program as an optional alternative instructional strategy, consistent with California Education Code. Independent Study is designed to provide students with continuity of learning when they are unable to attend in-person classes for a limited period of time.

Program Features

• Voluntary Participation: Independent Study is entirely optional. Parents/guardians may choose to return their child to in-person learning at any time.

- Assignments and Attendance: Student attendance and grades are based on the timely completion of TEACH Public Schools TEACH, Inc. Special Board Meeting Agenda Tuesday October 21, 2025 at 5:00 PM assigned work, which mirrors classroom instruction. Work is generally due within 15 school days, with an extension of up to 30 days possible with administrative approval.
- Instructional Requirements:
 - o TK-3 students receive daily live lessons with their teacher.
 - o Grades 4–8 students participate in daily check-ins and at least one weekly live lesson.
 - o Grades 9–12 students (if applicable in the future) participate in weekly live lessons.
- Check-ins and Communication: Teachers provide support through Zoom, email, or in-person meetings. If a student misses more than 10% of assigned work in a four-week period, the school develops a re-engagement plan in partnership with the family.
- **Resources and Supports:** Students in Independent Study have access to textbooks, technology devices, and internet support. The program provides English language development services, accommodations for students with disabilities (as determined by their IEP or 504 plan), and access to mental health, foster youth, and homeless student supports.

Parent/Guardian Responsibilities

Parents/guardians play an active role in supervising and supporting their child's Independent Study program. This includes ensuring the timely completion and submission of assignments, maintaining regular communication with teachers, and ensuring that school materials are returned in good condition.

Independent Study is intended as a temporary support option to keep students on track academically while maintaining the integrity of the school's instructional program. The school encourages full-time in-person attendance as the best pathway for student engagement and achievement.

16. Transitional Kindergarten

Program Overview: TEACH Preparatory elects to offer Transitional Kindergarten consistent with California Education Code and CDE Universal TK guidance. TK is the first year of a two-year kindergarten program using a developmentally appropriate, modified kindergarten curriculum aligned to the California Preschool/Transitional Kindergarten Learning Foundations.

Age Eligibility: TEACH makes TK available to all children who will have their fourth birthday by September 1 of the school year (inclusive of that date).

Early Admittance: (Case-by-Case) With parent/guardian consent and a best-interest determination by the governing body, the school may admit a child whose fifth birthday falls after the eligibility cut-off but during the same school year; such students do not generate ADA until their fifth birthday.

Class Size and Ratios: The school maintains a site-average TK class enrollment ≤24 and an average adult-to-student ratio ≥1:10 across the instructional day. Staffing is planned to meet the ratio for the full school day to the extent practicable.

Program Design

The TK program bridges early childhood education and kindergarten readiness. Instruction focuses on building foundational skills in language, literacy, mathematics, and social-emotional learning through developmentally appropriate, play-based, and inquiry-driven activities. Students engage in structured and unstructured learning opportunities that emphasize exploration, collaboration, and problem-solving.

Curricular Approach

- Early literacy instruction includes phonemic awareness, oral language development, and emergent reading and writing.
- Early numeracy activities build number sense, pattern recognition, and problem-solving through handson experiences.

21. Professional Development

Overview:

TEACH Prep provides ongoing professional development to ensure that all teachers and instructional staff have the capacity to deliver the educational program with excellence and fidelity. Professional development is aligned to the California Common Core State Standards, the school's instructional framework, and the diverse needs of our student population. The school's approach emphasizes continuous reflection, collaborative learning, and instructional improvement driven by data and student outcomes.

Professional Development Plan:

At the beginning and end of each school year, the TEACH Prep community engages in collective reflection on the school's mission and progress toward achieving its academic and organizational goals. This process identifies strengths, areas for growth, and priorities for professional learning in the upcoming year.

Before the school year begins, teachers participate in a comprehensive Pre-Service Training Program that introduces or revisits the school's instructional priorities, curriculum resources, and expectations for classroom culture. Once the school year begins, the administrative team provides weekly targeted professional development sessions covering high-leverage instructional topics such as standards-based lesson design,

differentiation for English Learners and students with disabilities, classroom management, literacy across TEACH Public Schools - TEACH, Inc. Special Board Meeting - Agenda - Tuesday October 21, 2025 at 5:00 PM content areas, and use of data to inform instruction.

Professional learning communities (PLCs) meet regularly by grade level and content area to review assessment data, analyze student work, and collaboratively plan lessons. Site leaders and instructional coaches provide individualized coaching through classroom observations, feedback cycles, and co-planning meetings to ensure that teachers receive consistent, actionable support.

Specialized professional development is provided for teachers who implement the school's unique program components—including STEM, coding and design, orchestra, and drama—ensuring high-quality, integrated learning experiences across disciplines. Training in inclusive practices, trauma-informed instruction, and culturally responsive pedagogy is woven throughout the professional development calendar.

This cycle of professional learning, coaching, and reflection builds teacher capacity, supports instructional consistency, and ensures all students receive engaging, rigorous, and equitable learning experiences.

22. Teacher Recruitment

The school recruits and retains highly qualified, credentialed teachers who are prepared to deliver the school's educational program. All teachers meet the requirements of the California Commission on Teacher Credentialing (CTC) for their teaching assignments.

Recruitment efforts include outreach to teacher preparation programs, universities, professional networks, and charter school associations, as well as use of online platforms to reach a broad pool of candidates. In selecting teachers, the school places emphasis on both credentials and alignment with the school's mission of serving a diverse student population.

New teachers are supported through orientation and mentoring to ensure successful integration into the instructional program. Ongoing coaching, professional development, and opportunities for teacher leadership support long-term growth and retention. The school also actively recruits teachers with specialized skills in innovative program areas such as STEM, coding and graphic design, orchestra, and drama, ensuring that these components are implemented with fidelity.

Through thoughtful recruitment and ongoing support, the school maintains a teaching staff that is both credentialed and deeply committed to delivering rigorous, equitable, and innovative instruction.

23. Meeting the Needs of All Students: English Learners

The charter school adopts and implements the LAUSD Master Plan for English Learners and Standard English Learners and adheres to all applicable federal and state laws regarding services for English Learners (ELs). The school provides English Learners with targeted support to ensure timely acquisition of English language proficiency and meaningful access to grade-level curriculum.

Identification of English Learners

All students enrolling in the school complete a Home Language Survey at registration. Based on results, students are assessed using the English Language Proficiency Assessments for California (ELPAC) Initial Assessment. Students identified as English Learners are placed in the school's ELD program and parents are notified in writing of placement, services, and program options, consistent with the LAUSD Master Plan.

Educational Program for English Language Acquisition

The school provides both Designated English Language Development (ELD) and Integrated ELD, in alignment with the English Language Arts/English Language Development Framework.

- Designated ELD is delivered daily by the classroom teacher or ELD specialist in targeted small groups,
 TEACH Public Schools TEACH, Inc. Special Board Meeting Agenda Tuesday October 21, 2025 at 5:00 PM
 using curriculum aligned to the California ELD Standards. Instruction focuses on listening, speaking,
 reading, and writing, with emphasis on academic vocabulary and discourse.
- Integrated ELD is provided by all teachers within core content instruction. Teachers use scaffolding, visuals, sentence frames, structured academic talk, and other strategies to ensure English Learners have meaningful access to grade-level curriculum.

Use of Assessment Results

Results of the ELPAC Initial and Summative Assessments are used to place students appropriately, monitor progress, and design targeted interventions. Teachers analyze assessment results to differentiate instruction, and progress is reviewed regularly in professional learning communities. Families are informed of results and student progress each year.

Access to the Full Curriculum

The school ensures that English Learners at all proficiency levels access the full range of curriculum, including ELA, math, science, history-social science, and enrichment. Instructional strategies include scaffolding of text and tasks, use of visuals and graphic organizers, structured oral language practice through collaborative conversations, and explicit instruction in academic vocabulary across content areas.

Annual Evaluation of the EL Program

The school annually evaluates the effectiveness of its EL program through analysis of ELPAC results, CAASPP data, reclassification rates, and internal assessments. Results are used to make adjustments to the program, guide professional development, and inform parent advisory groups.

Reclassification Process

The school follows the LAUSD Master Plan criteria for reclassification, which include:

- 1. ELPAC score demonstrating English proficiency
- 2. Teacher evaluation of curriculum mastery
- 3. Parent consultation
- 4. Comparison of student performance on state and local assessments

Reclassification criteria are applied consistently across all grade levels served by the school.

Monitoring ELs, RFEPs, and LTELs

- English Learners: Progress is monitored through formative assessments, ELPAC results, and classroom performance. Teachers adjust instruction as needed.
- RFEP Students: The school monitors reclassified students for at least four years to ensure continued academic success.
- Long-Term English Learners (LTELs) and At-Risk Students: Data is reviewed to identify students who may become LTELs. Individualized support, including intervention in literacy and academic vocabulary, is provided to accelerate progress.

By fully adopting and implementing the LAUSD Master Plan for English Learners, the school ensures that English Learners develop English proficiency in a timely manner while engaging fully in rigorous, grade-level instruction that prepares them for long-term academic success.

24. Gifted and Talented (GATE) Students and Students Achieving Above Grade Level

TEACH Prep follows LAUSD policies and procedures for the identification of gifted and talented students. Although no students have been formally identified as GATE at this time, the school has systems in place to identify students who may qualify in the future and to provide appropriate supports and enrichment to students demonstrating performance above grade level.

Identification of GATE Students

The school administers assessments and reviews multiple measures of student performance, including

standardized test scores, classroom performance, teacher recommendations, and other district-approved criteria TEACH Public Schools - TEACH, Inc. Special Board Meeting - Agenda - Tuesday October 21, 2025 at 5:00 PM. for GATE identification. Should students qualify in the future, the school will implement the required GATE program components in alignment with LAUSD's guidelines.

Educational Program for Advanced Learners

Even without formally identified GATE students, the school provides opportunities for students achieving above grade level to engage in enriched and differentiated instruction. Teachers implement strategies such as:

- Differentiated assignments that provide depth and complexity.
- Project-based learning and independent research opportunities.
- Leadership opportunities and peer mentoring.
- Access to enrichment activities in STEM, orchestra, drama, and other specialized programs.

Instructional supports are provided during the regular instructional day by classroom teachers, with additional enrichment opportunities offered through after-school, Saturday, and intersession programming.

Monitoring Progress

Classroom teachers and site administrators monitor the progress of students performing above grade level through formative assessments, benchmark data, and classroom work. This information is used to adjust instruction and ensure that students remain challenged and engaged.

Onsite Designee

The school designates the Principal (or site administrator) as the contact person for families regarding GATE identification, services, and enrichment opportunities. Families are informed that, while no students are currently formally identified as GATE, the school is committed to challenging advanced learners and will implement formal GATE services if and when students qualify.

Students Achieving Below Grade Level

Students who are not yet meeting grade-level expectations are identified through formative and benchmark assessments. Targeted supports include small-group instruction, intervention programs in reading and mathematics, after-school tutoring, Saturday sessions, and intersession remediation. Progress is monitored regularly, and supports are adjusted to ensure academic growth.

26. Socio-Economically Disadvantaged

TEACH Prep is committed to providing equitable opportunities and supports to socioeconomically disadvantaged students. Recognizing that barriers outside the classroom can impact student success, the school ensures that students from low-income backgrounds have full access to academic, social-emotional, and enrichment resources.

Identification of Students in this Group

Students are identified as socioeconomically disadvantaged based on eligibility for free or reduced-price meals, CalWORKs participation, or other indicators established by the California Department of Education. This information is collected through school registration forms and verified annually.

Meeting the Unique Needs of Students

The school provides a range of supports and services to address the unique needs of socioeconomically disadvantaged students, separate from interventions tied to academic performance. These supports include:

- **Basic Needs and Access:** Free breakfast and lunch through the National School Lunch Program; access to technology devices and internet connectivity to ensure participation in digital learning.
- Social-Emotional and Wellness Supports: Counseling, mental health services, and partnerships with community-based organizations that provide healthcare, housing resources, and social services.
- Enrichment Opportunities: Access to orchestra, drama, coding, after-school clubs, Saturday sessions, and summer programs at no cost to families. The school ensures that socioeconomically disadvantaged students are not excluded from extracurricular or enrichment activities due to financial barriers.

Monitoring Progress

The school monitors the progress of socioeconomically disadvantaged students through multiple measures, including attendance, participation in enrichment programs, engagement with family services, and social-emotional well-being indicators. Administrators and counselors track access to supports, while classroom teachers ensure that these students are fully engaged in instruction and enrichment opportunities. The school leadership team reviews data regularly to evaluate whether services are effectively addressing barriers to success and to make adjustments as needed.

By addressing the whole child and removing barriers related to socioeconomic status, the school ensures that all students—regardless of background—are supported in accessing a rigorous, equitable, and enriching educational program.

27. Students in Other Subgroups

TEACH Prep recognizes that Foster Youth and students experiencing homelessness face unique challenges that can impact their educational stability and success. In alignment with federal and state laws, the school ensures that these students receive coordinated services, support, and advocacy to promote equity and opportunity.

Identification of Students

- Foster Youth are identified through enrollment documentation and information provided by child welfare agencies.
- Students experiencing homelessness are identified through the annual housing questionnaire, enrollment forms, and staff referrals in compliance with the McKinney-Vento Homeless Assistance Act.
- The school maintains strict confidentiality in the identification process and ensures that families and guardians are supported in accessing services.

Meeting the Needs of Students

The school provides targeted supports and services to address barriers faced by Foster Youth and students experiencing homelessness, including:

- Immediate enrollment and full participation in school, even without records, in compliance with McKinney-Vento requirements.
- Priority access to after-school, intersession, and summer programming at no cost to families.
- Access to free meals, technology devices, and internet connectivity.
- Counseling and mental health services, as well as referrals to community-based organizations that provide housing, food security, medical care, and other social services.
- Coordination with child welfare workers, case managers, and shelter staff to ensure stability and continuity of educational services.
- Transportation assistance, when necessary, to support school attendance and stability.

Monitoring Progress

The school's Homeless and Foster Youth Liaison, typically a site administrator or counselor, is responsible for coordinating services, ensuring compliance, and serving as the point of contact for families and outside agencies. Progress for these students is monitored through:

- Regular review of attendance and engagement data
- Monitoring of academic progress through formative and benchmark assessments
- Collaboration among teachers, counselors, and administrators to identify additional supports as needed
- Communication with case workers and families to ensure consistency of support

Other Relevant Student Groups

The school also provides services to additional student populations that may be overrepresented in the

community, such as students in need of mental health supports or students with limited access to enrichment TEACH Public Schools - TEACH, Inc. Special Board Meeting. - Agenda - Tuesday October 21, 2025 at 5:00 PM opportunities. These students are supported through counseling, mentoring, and access to after-school and enrichment programming.

By providing coordinated supports, removing barriers, and designating clear responsibilities for oversight, the school ensures that Foster Youth, students experiencing homelessness, and other vulnerable student populations have equitable access to a rigorous academic program and the full range of enrichment opportunities

Element 2: Measurable Pupil Outcomes

Element 3: Method By Which Pupil Progress Toward Outcomes is Measured

Note: these two are together in the guidance

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." (Ed. Code § 47605(c)(5)(B).)

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." (Ed. Code § 47605(c)(5)(C).)

MEASURABLE GOALS OF THE EDUCATIONAL PROGRAM

Charter School shall meet all statewide content and performance standards and targets. (Ed. Code §§ 47605(d)(1), 60605.)

Charter School shall comply with all applicable laws and regulations related to AB 97 (2013) (Local Control Funding Formula) and AB 484 (2013), as they may be amended from time to time, including all requirements pertaining to pupil outcomes.

STANDARDIZED TESTING

Charter School agrees to comply with state requirements for participation and administration of all state-mandated tests, including computer-based assessments. Charter School shall submit and maintain complete, accurate, and up-to-date California Longitudinal Pupil Achievement Data System (CALPADS) data in accordance with the requirements of California Code of Regulations, title 5, section 861. Charter School hereby grants authority to the State of California to provide a copy of all test results directly to the District as well as Charter School. Upon request, Charter School shall submit, in the requested format (e.g., CD), a copy of the results of all state-mandated tests to the District.

Measurable Pupil Outcomes: Summative Assessment Performance Targets

These goals are the same as those described in Element 1, in accordance with Education Code Section 47605(c)(5)(A)(ii).

The "LCFF State Priorities" table in Element 1 is incorporated herein by reference.

Methods for Measuring Pupil Progress Towards Outcomes

Instructional Cycle and Assessment: All of TEACH Prep's teachers use a standards-based instructional cycle designed to ensure that teaching and learning are driven by student data and mastery of the California State Standards. The instructional cycle focuses on developing critical thinkers, readers, writers, and problem-solvers across all subject areas. The model is designed to provide coherence across grade levels and alignment between instruction, assessment, and intervention.

The TEACH instructional cycle includes the following recurring phases:

- 1. Analyze prior performance data to identify learning gaps and instructional priorities.
- 2. Establish clear, measurable learning objectives aligned with state standards.

- Plan differentiated instruction and select aligned instructional materials.
 TEACH Public Schools TEACH, Inc. Special Board Meeting Agenda Tuesday October 21, 2025 at 5:00 PM
 Deliver high-quality, standards-based instruction.
- 5. Conduct formative assessments (exit tickets, quizzes, quick checks for understanding).
- 6. Analyze assessment data collaboratively.
- 7. Provide targeted re-teaching, intervention, or enrichment.
- 8. Monitor ongoing student progress and adjust instruction.
- 9. Engage in coaching, feedback, and professional reflection.
- 10. Plan for the next instructional cycle.

The first cycle step occurs during summer planning, while all other phases are ongoing throughout the year. Teachers meet regularly in grade-level or content-area teams to analyze student work, discuss data trends, and plan re-teaching or extension lessons.

TEACH Prep aims for all students to achieve "Standard Met" or "Standard Exceeded" on the CAASPP assessments in English Language Arts (ELA) and mathematics. Fifth- and eighth-grade students also participate in the California Science Test (CAST), aligned to the Next Generation Science Standards (NGSS). Results from these assessments are analyzed to inform instructional decisions and identify needed supports or program modifications.

Data Analysis and Continuous Improvement: The TEACH Prep instructional team disaggregates and analyzes schoolwide and classroom-level data by student group—including English Learners, students with disabilities, foster youth, socioeconomically disadvantaged students, and by race/ethnicity—to monitor progress and ensure equity. Data is reviewed during:

- Weekly grade-level meetings
- Monthly leadership data reviews
- Quarterly professional development days

Parents and guardians receive progress reports each quarter, and data discussions are included in parent-teacher conferences held at least twice yearly. In addition, data summaries are shared during School Site Council and LCAP feedback meetings.

Assessment data is stored and managed through our student data systems, ensuring accessibility and accuracy. These systems allow teachers to review student performance trends, create dynamic intervention groups, and track mastery across standards.

Formative and Interim Assessments:

TEACH Prep employs a wide range of formative and interim assessments to inform instruction and support.

Initial Assessments: At the start of each year, students take baseline assessments in reading, writing, and mathematics. These initial assessments help teachers determine readiness levels and guide differentiated

Exit tickets are administered frequently to assess understanding of daily objectives. Teachers analyze results within 24 hours and provide timely feedback or reteaching. Unit assessments, aligned to the California Common Core Standards, NGSS, and English Language Development (ELD) Standards, occur at the end of instructional units to measure cumulative mastery.

Performance expectations:

Subject FACH Pul	Assessment Type	Performance Target Special Board Meeting - Agenda - Tuesday October 21, 2925 at 5:00 PM
English Language Arts	I Init Accessments	All students will demonstrate proficiency on at least 55% of
Mathematics	II Init Accecemente	All students will demonstrate proficiency on at least 50% of standards

Data from these assessments are discussed in grade-level teams and used to adjust pacing, groupings, and instructional strategies.

Standardized Testing:

TEACH Prep adheres to all state-mandated testing requirements for charter schools.

- CAASPP ELA and Math.
- English Learners complete the ELPAC annually.
- Newly enrolled students who have been in the U.S. less than twelve months and indicate Spanish on the Home Language Survey may take the Standards-Based Test in Spanish (STS).

All assessments are administered with fidelity to state testing protocols.

Progress Reporting and Grading Policy

Families are provided clear information about student growth, areas of strength, and targeted next steps.

Promotion and Retention Policies

TEACH Prep expects all students to progress through grade levels within one school year, supported by a robust system of interventions and supports. Students who are not meeting grade-level expectations are identified early through multiple data sources, including:

- Below-grade-level performance on reading/math assessments (e.g., i-Ready, DIBELS, or MAP)
- Failing grades in core subjects
- Chronic absenteeism or behavior concerns
- Below proficiency on state assessments

A Student Success and Progress Team (SSPT) meeting is convened for students at risk of retention. The team develops an intervention plan that includes parent communication, progress monitoring, and targeted academic support. Parents are notified before the end of the third quarter if their child is at risk of retention. Final retention decisions are made collaboratively by the principal, teacher(s), and family.

For students with disabilities, promotion or retention decisions are made by the Individualized Education Program (IEP) team in accordance with state and federal law.

- 4. A description of treatments and prevention methods for type 2 diabetes
- 5. A description of diabetes screening test types available

Bloodborne pathogens

The School meets state and federal standards for handling bloodborne pathogens and other potentially infectious materials in the workplace. The Board of Directors maintains a written exposure control plan designed to protect employees and students from possible infection due to contact with bloodborne viruses, including HIV and hepatitis B. Whenever exposed to blood or other bodily fluids through injury or accident, staff and students follow current medical protocols for disinfecting procedures.

Drug, alcohol, and smoke-free environment

TEACH Prep Elementary maintains a drug-free, alcohol-free, and smoke-free campus and work environment.

- Communication of Rules and Procedures: The school will provide clear written, phone, and email communication to all interested families regarding enrollment timelines, lottery rules, and procedures. Information will be available in multiple languages to reflect the community served.
- Lottery Event: If necessary, the lottery will be conducted at a publicly accessible location. The date, time, and location of the lottery will be publicly announced at least two weeks in advance. Families and community members will be invited to attend and

- observe the process. An independent witness will be present to monitor and verify the fairness of the process.
- **Fair Execution:** The lottery will be conducted by impartial staff members using a transparent randomization method. Documentation of the process will be maintained to ensure compliance.
- Waitlist Procedures: Students not offered admission will be placed on a numbered waiting list in the order their names were drawn. The waitlist will remain valid for the academic year only.
- **Notification:** Parents/guardians of students selected through the lottery or subsequently from the waitlist will be notified in writing, by phone, and by email. Notifications will include deadlines for accepting or declining enrollment. Failure to respond by the stated deadline will result in the student's seat being offered to the next student on the waitlist.
- **Documentation:** The school will document the fair execution of the lottery, including the presence of an independent witness, and maintain records available for inspection by the authorizer.

This comprehensive approach ensures that TEACH Prep's admission requirements, student recruitment strategies, and lottery procedures are equitable, transparent, and compliant with all applicable laws and LAUSD guidelines.

Students with Disabilities

The School will establish and implement policies and procedures to ensure full compliance with federal and state law regarding discipline of students with disabilities. If a student who receives or is eligible for special education is recommended for expulsion, the School will identify and

provide appropriate special education programs and services at an interim educational placement, determined in coordination with the LAUSD Division of Special Education. For students with an Individualized Education Program (IEP) or a Section 504 Plan, the School will follow all required disciplinary procedures, including IDEA and Section 504 requirements. Consistent with the School's special education memorandum of understanding with LAUSD, an IEP team will conduct a manifestation determination and consider alternative placements following the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, the administrator will convene a link determination meeting to answer: (A) whether the misconduct was caused by, or directly and substantially related to, the student's disability; and (B) whether the misconduct was a direct result of the School's failure to implement the Section 504 Plan.

Notification to District and Student Records Transfer

Upon expelling any student, the School will immediately or as soon as practicable notify the LAUSD Charter Schools Division (CSD) by submitting an expulsion packet that includes: (1) the completed Notification of Charter School Expulsion form (with required attachments); (2) documentation of the expulsion proceeding, factual findings, and evidence that School policies and procedures were followed; (3) parent/guardian notice of expulsion hearing; (4) expulsion notice to parent/guardian stating reason, term, rehabilitation plan, reinstatement eligibility date and instructions, appeal process, and enrollment options; (5) for students eligible for special education, documentation required by IDEA, including the Expulsion Analysis page of the pre-expulsion IEP; and (6) for students with Section 504 eligibility, documentation of the link determination meeting addressing the two questions above. If the student resides in a district other than LAUSD, the School will notify the superintendent of the student's district of residence within 30 days of expulsion, and will forward records to a receiving district within 10 schooldays of a request, consistent with Education Code § 49068(a)–(b).

Outcome Data

The School will gather and maintain data related to placement, tracking, and monitoring of suspensions, expulsions, involuntary removals, and reinstatements, and will make such data available to LAUSD upon request.

Rehabilitation Plans

Students expelled from the School will receive a written rehabilitation plan at the time of the expulsion order, developed by the School's governing board or designee. Terms will be reasonable and consider the weight of the offense. The plan will include a date not later than one year from the expulsion date when the student may apply for readmission. The School will inform parents/guardians in writing of processes for reinstatement and for applying to expunge the expulsion record.

Readmission

The TEACH Public Schools Board of Directors (the Board) will adopt rules establishing procedures for filing and processing readmission requests and for reviewing all expelled students for readmission. After the readmission review, the Board will readmit the student unless it finds the student has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. The procedure and the Board's decision, including findings, will be provided to the parent/guardian within a reasonable time.

Reinstatement

The Board will adopt rules establishing procedures for processing reinstatements, including review of rehabilitation plan documentation. The School is responsible for timely reinstatement upon conclusion of the expulsion period.

GUN-FREE SCHOOLS ACT

The School complies with the federal Gun-Free Schools Act.

SCHOOL CLIMATE AND STUDENT DISCIPLINE SYSTEM

The School's Student Discipline Policy supports learning in a positive, safe environment and prioritizes alternatives to suspension and expulsion whenever possible. In developing this policy, the School has reviewed Education Code § 48900 et seq. to guide offenses and procedures for suspension, expulsion, and involuntary removal. The School will annually review and, as needed, modify these policies consistent with law. All team members enforce rules fairly and consistently. This Policy and its procedures are distributed annually (e.g., in the Family Handbook) and available in print and electronic formats.

NOTICE TO FAMILIES AND RIGHTS HOLDERS

Upon enrollment, students and parents/guardians will receive written notice of discipline and involuntary removal policies and procedures, with copies available at the School office upon request. The School will ensure compliance with LAUSD policies, the School Climate Bill of Rights, and all applicable law. For the purposes of notice under this Policy, the term parent/guardian includes a homeless student's educational rights holder; a foster student's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker.

SCOPE OF EXCLUSION DURING DISCIPLINE

Suspended or expelled students are excluded from all School and School-related activities during the suspension or expulsion period unless otherwise agreed.

SCHOOL-WIDE POSITIVE BEHAVIOR INTERVENTION AND SUPPORT

The School is committed to a positive, nurturing, and safe learning environment. A Positive Behavioral Interventions and Supports (PBIS) framework will be implemented to teach and reinforce clear behavioral expectations and to recognize positive behavior through a consistent reinforcement system. Staff provide specific feedback and opportunities for students to meet expectations. Teachers employ a multi-step, consistent classroom disciplinary system. Staff receive annual training on school culture and climate.

TIERED BEHAVIOR INTERVENTION

To curtail misconduct before serious interventions are needed, the School utilizes progressive, tiered options, which may include: additional assignments; parent meetings; loss of incentives; daily conduct logs; behavior reflection sheets; study/resource teams; peer presentations; referrals to counseling, psychology, child welfare and attendance, or other support personnel; and involvement of a child welfare attendance specialist as appropriate. Corporal punishment is prohibited. Staff may use only reasonable and necessary force to protect persons or property. A School administrator or designee manages discipline referrals on a case-by-case basis, documents actions taken, sends copies home for signature, returns copies to relevant staff, and logs referrals in the School's student information system for monitoring.

RESTORATIVE PRACTICES

The School employs restorative practices to repair harm and strengthen community, including relationship building, calm corners, check-ins, community circles, positive reinforcement, reflection sheets, restorative conversations, harm circles, and logical consequences. Goals include addressing needs, building healthy relationships, reducing harmful behavior, repairing harm, resolving conflict, and accountability. Implementation is ongoing and responsive to student needs.

ALTERNATIVES TO SUSPENSION

The School will prioritize alternatives that address specific misconduct, which may include family group conferences, age-appropriate reflective statements, targeted reflection packets, and referrals to a Student Support and Progress Team (SSPT) for collaborative problem-solving and data-informed Tier 1–3 supports. Staff receive professional development on these interventions, including a structured beginning-of-year implementation period.

DATA USE

The School will monitor behavioral incident data using its student information and analytics tools to identify trends by time, location, day, student group, and behavior type, and to plan targeted interventions. Suspensions, expulsions, involuntary removals, and reinstatements will be maintained in the School's student information system and provided to LAUSD upon request.

GROUNDS FOR SUSPENSION AND EXPULSION; JURISDICTION

Students may be disciplined for acts related to School activity or attendance occurring: on School grounds; while going to or coming from School; during lunch periods on or off campus; or during, going to, or returning from a School-sponsored activity.

CATEGORY 1 OFFENSES (MANDATORY RECOMMENDATION FOR EXPULSION; ED. CODE § 48915(C))

Immediate suspension and recommendation for expulsion are required when the student:

- a) Possessed, sold, or otherwise furnished a firearm.
- b) Brandished a knife at another person.
- c) Unlawfully sold a controlled substance.
- d) Committed or attempted sexual assault or committed sexual battery as defined in § 48900(n).
- e) Possessed an explosive.

Definitions: knife includes any dirk, dagger, weapon with a fixed, sharpened blade for stabbing,

a blade longer than 3.5 inches, a locking-blade folding knife, or a razor with an unguarded blade. Firearm includes any weapon designed to expel a projectile by explosive action, its frame or receiver, any muffler or silencer, or destructive device; excludes antique firearms.

CATEGORY 2 OFFENSES (LIMITED DISCRETION; ED. CODE § 48915(A))

Suspension is required and expulsion must be recommended unless the School Leader determines expulsion is inappropriate:

- a) Causing serious physical injury, except in self-defense.
- b) Possession of any knife, explosive, or other dangerous object of no reasonable use.
- c) Unlawful possession of a controlled substance (except first offense of \leq one ounce of marijuana and lawful medications).
- d) Robbery or extortion.
- e) Assault or battery upon any school employee.

CATEGORY 3 OFFENSES (BROAD DISCRETION)

The School Leader may suspend and recommend expulsion for offenses including, but not limited to: physical injury or threats (non-serious injury); possession of ≤ one ounce of marijuana (first offense) or alcohol; property damage or theft; tobacco use; obscene acts or habitual profanity; drug paraphernalia; receiving stolen property; imitation firearm; harassment, threats, or intimidation (grades 4–8); sexual harassment (grades 4–8); hate violence (grades 4–8); terroristic threats; force or violence except in self-defense; intimidation of witnesses; simulated controlled substance sales; sale of prescription drug Soma; hazing; bullying including electronic acts.

For Categories 2 and 3, the School must determine that other means of correction are not feasible or have repeatedly failed, or that due to the nature of the act, the student's presence poses a continuing danger.

POTENTIAL DISCIPLINARY ACTIONS

Generally, suspension is imposed only when other means of correction fail; prior corrective action is not required if the student's presence presents danger to persons or property or threatens to disrupt instruction. For § 48900(a)–(e) violations and the firearm offense, out-of-school suspension may be authorized for a first offense. Expulsion for Category 3(a)–(l) offenses or Category 1(a) firearm possession may be recommended by the School Leader and must be supported by findings of a neutral administrative panel that other means are not feasible or have failed, or that the student's presence poses continuing danger.

IN-SCHOOL SUSPENSION

Where safe and appropriate, students may be assigned to a supervised in-school suspension classroom. Notice and conference requirements are the same as for out-of-school suspension. A credentialed teacher or administrator will supervise work completion and provide assistance. Students with IEPs or Section 504 Plans will continue to receive required services. Maximum days will follow applicable law (generally five days per incident for general education; cumulative limits of ten days for students with disabilities unless disciplinary change-of-placement procedures are followed).

SUSPENSION PROCEDURES

Authority: The School Leader or designee determines whether to impose suspension and the length.

Informal conference: When practicable, suspension will be preceded by an informal conference with the student, parent/guardian, and, when feasible, the referring staff member. The student will be informed of the reasons and evidence and given an opportunity to present their version and evidence. This conference may be omitted in an emergency involving a clear and present danger to life, safety, or health; in such cases, the student and parent/guardian will be offered a conference within two schooldays.

Parent/guardian notice: At the time of suspension, the School will make reasonable efforts to contact the parent/guardian by phone, email, or in person and will provide written notice in the native language stating the specific offense(s), return date, and the student's rights.

Parent/guardian conference: A conference may be held to discuss causes and duration, applicable policy, and other pertinent matters. Failure to attend will not delay reinstatement nor result in penalties for the student.

Time limits: Unless a recommendation for expulsion is made, no single suspension (in- or out-of-school) will exceed five schooldays. Total days per year will be consistent with Education Code limits (generally 20 days), and 10 days for students with disabilities absent a change in placement process.

Extension pending expulsion: Following a recommendation for expulsion, suspension may be extended after a conference if the student's presence would be disruptive or poses a threat. During suspension, the School will ensure access to instructional activities, materials, and assessments, and a means to communicate with staff.

SUSPENSION APPEALS

Within ten days of receiving suspension notice, a parent/guardian may submit a written appeal to the TEACH Public Schools Student Discipline Committee (a Board subcommittee). The Committee will conduct the appeal review and issue a final decision. A parent/guardian may submit a written objection to be included in the student's discipline record.

ACCESS TO CLASS MATERIALS AND ASSIGNMENTS DURING SUSPENSION

The School will ensure the student receives all class materials and assignments for completion during suspension and may complete remaining assignments upon return. For suspensions pending expulsion hearing, the School will coordinate daily access to materials and appropriate proctoring of exams and state testing.

EXPULSION PROCEDURES

Definition: Expulsion is the involuntary removal of a student from all TEACH Public Schools campuses and programs for a specified period for certain misconduct, used when lesser interventions have failed and/or the student's presence creates a continuing danger. Authority: The Chief Executive Officer, School Leader, or designee may recommend expulsion. Final action is taken by the Student Discipline Committee of the TEACH Public Schools Board after a hearing.

Notice of hearing: Written notice in the native language will be provided at least ten calendar days before the expulsion hearing, including the charges, hearing date/time/location, applicable rules, rights to representation, rights to inspect documents and present/cross-examine witnesses,

obligations related to disclosure upon transfer, and information about accommodations and language support.

Timeline: The hearing will occur within thirty schooldays of the offense unless postponed at the parent/guardian's request, and not fewer than ten days after notice unless waived.

Hearing body and record: A neutral and impartial administrative panel (not involved in the underlying incident) will hear the case in confidential session and make a recommendation to the Student Discipline Committee. A reasonably accurate and complete record (audio/video) will be maintained.

Special procedures for certain offenses: In cases involving sexual assault or battery, the School may use sworn declarations and other protections for complaining witnesses as permitted by law. Evidence: Technical rules of evidence do not apply; decisions must be based on substantial evidence. Hearsay alone is insufficient to support expulsion.

Decision and post-hearing: Within ten schooldays of the hearing, the administrative panel will submit findings to the Student Discipline Committee, which decides whether to approve expulsion based on substantial evidence.

Notification: Following the Committee's decision, the CEO or designee will notify the parent/guardian (and educational rights holders where applicable) of the decision, findings, rehabilitation plan, reinstatement eligibility, appeal rights, access to records, and alternative education options. The School will notify LAUSD and, if different, the district of residence of the expulsion and provide required information.

APPEAL OF EXPULSION

Parents/guardians may appeal an expulsion to the full TEACH Public Schools Board (excluding members of the Student Discipline Committee). Appeals must be submitted in writing within ten schooldays of notice of the decision and will be limited to the record of proceedings, absent narrowly defined exceptions. The Board will notify families of the appeal hearing date and issue a final decision.

POST-EXPULSION SUPPORT AND REHABILITATION

The Student Discipline Committee may suspend enforcement of an expulsion order for up to one calendar year and require completion of a rehabilitation plan tailored to the incident and student needs (e.g., attendance, academic supports, counseling, community service). The plan will include a date not later than one year from expulsion when the student may seek readmission. The School will support families in securing appropriate placement during expulsion, including coordination with the district of residence and the county office of education.

READMISSION OR ADMISSION OF PREVIOUSLY EXPELLED STUDENTS

Readmission decisions rest with the TEACH Public Schools Board. The Board will review the student's request, evidence of rehabilitation plan completion, and any information from School administration, and will determine whether the student has satisfied the plan and whether readmission would pose a safety risk or substantial disruption. Decisions will be made in closed session with appropriate reporting. Readmission is contingent upon capacity in the applicable grade level.

NOTICE TO TEACHERS

The School will notify teachers of any pupil who has engaged in or is reasonably suspected to have engaged in acts listed in Education Code § 49079 and corresponding offenses in this policy.

ADMINISTRATION AND DATA SYSTEMS

The School will use its student information system and internal data tools to document referrals, interventions, suspensions, expulsions, involuntary removals, reinstatements, and outcomes, maintaining records consistent with applicable privacy laws and making data available to LAUSD upon request.

ENGLISH LEARNERS, HOMELESS, FOSTER, AND INDIAN CHILD WELFARE ACT COMPLIANCE

All notices and proceedings will include language access and reasonable accommodations. The School will ensure that a homeless student's educational rights holder; a foster student's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker receive the same notices and have the same rights as a parent/guardian in all suspension, expulsion, involuntary transfer, and involuntary removal matters.

Element 11: Employee Retirement Systems

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." (Ed. Code § 47605(c)(5)(K).)

Charter School shall comply in a timely manner with all applicable federal and state laws and regulations, as they may change from time to time, including but not limited to Internal Revenue Code section 414(d) and related regulations, governing Charter School's participation in, and/or coverage of its staff members by, the State Teachers' Retirement System (CalSTRS), the Public Employees' Retirement System (CalPERS), and/or federal social security.

If Charter School participates in, or otherwise covers its staff members by enrolling or continuing their enrollment in, a "government plan" governed by section 414(d) (e.g., CalPERS), upon dissolution or final liquidation of Charter School, and/or its nonprofit public benefit corporation, notwithstanding any provision in Element 15 to the contrary, Charter School shall distribute its net assets in accordance with section 414(d), related regulations, and the government plan's requirements.

If Charter School participates in CalSTRS and/or CalPERS, Charter School shall continue such participation for the duration of Charter School's existence under the same CDS code, if mandated by applicable legal and retirement plan requirements.

TEACH Preparatory Elementary School shall comply with all applicable laws governing retirement systems for its employees.

Certificated Staff Members

Certificated employees (e.g., teachers, counselors, certificated administrators) shall participate in the California State Teachers' Retirement System ("CalSTRS"). The Executive Director, with support from the Director of Human Resources, shall be responsible for ensuring that appropriate arrangements for CalSTRS coverage are made and sustained. TEACH Preparatory Elementary School acknowledges that once participation in CalSTRS is elected under the assigned CDS code, such participation must continue for the duration of the School's existence.

Classified Staff Members

Classified employees shall participate in the federal Social Security system (including Medicare). The Director of Human Resources shall ensure proper arrangements for Social Security coverage are made and maintained.

Other Staff Members

All other non-certificated staff not eligible for CalSTRS shall also participate in the federal Social Security system (including Medicare), as required by law. The Director of Human Resources shall ensure proper arrangements for Social Security coverage are made and sustained.

Element 12: Public School Attendance Alternative

"The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools." (Ed. Code § 47605(c)(5)(L).)

Pupils of Charter School do not have or gain any right to admission in a particular school of any school district, or program of any school district, as a consequence of applying to or enrolling in Charter School, except to the extent that such a right is extended by the school district.

A pupil who chooses not to attend Charter School may attend a public school within the pupil's school district of residence in accordance with applicable law and that school district's policies and procedures. The pupil alternatively may seek to enroll in another charter school in accordance with applicable law and the terms of the school's charter. If LAUSD is the pupil's school district of residence, an eligible pupil may pursue an inter-district transfer, if available, in accordance with the admission, enrollment, and transfer policies and procedures of the District, as they may change from time to time.

TEACH Preparatory Elementary School shall comply with all applicable laws regarding attendance alternatives, as set forth in the FSDRL assurances.

Parents and guardians are informed, prior to enrollment, that no student is required to attend the charter school. Enrollment packets and the School's enrollment forms include clear statements of the pupil's right to attend their District school of residence or another public school within the Los Angeles Unified School District through the District's open enrollment process, subject to space and programmatic availability.

This information is communicated during the enrollment process, in outreach materials, and at orientation meetings to ensure that all families understand their public school attendance alternatives.

Element 13 – Rights of District Employees

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." (Ed. Code § 47605(c)(5)(M).)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

TEACH Preparatory Elementary School shall comply with all applicable federal and state laws regarding the rights of employees, as set forth in the FSDRL assurances.

Element 14 – Mandatory Dispute Resolution

"The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter." (Ed. Code § 47605(c)(5)(N).)

GENERAL PROVISIONS

Any claim, controversy or dispute between the District and Charter School arising out of, or relating to, this Charter, <u>except</u> for any claim, controversy or dispute related to the authorization, non-renewal, revision, and/or revocation of this Charter, ("Dispute") shall be resolved pursuant to the terms of this Element 14.

Notwithstanding any other provision of law, each party shall bear and be solely responsible for all of its own attorneys' fees, costs and expenses associated with any Dispute, including, but not limited to, any written/oral communication, meeting, Issues Conference, mediation, arbitration, administrative and/or civil action (including all levels of appeal), and no party shall be ordered to pay, or be awarded, any other party's attorneys' fees, costs or expenses in connection therewith, regardless of who may be deemed the prevailing party. Any fees, costs and expenses charged by a mediator or arbitrator (including all associated administration fees, costs and expenses) shall be shared equally by the parties regardless of the outcome or award. To that effect, any order or award of attorneys' fees, costs and/or expenses, or mediator's or arbitrator's fees, costs or expenses (including any associated administration fees, costs and expenses), issued by a mediator, arbitrator, judicial officer (including all levels of appeal) or jury in any Dispute shall be deemed invalid as a matter of law and unenforceable by one party against the other party.

The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." (Ed. Code § 47605(c)(5)(0).)

REVOCATION OF THE CHARTER

The District may revoke the Charter pursuant to the provisions set forth in the Charter Schools Act of 1992, as they may be amended from time to time. The District may revoke the Charter of Charter School if the District finds, through a showing of substantial evidence, that Charter School did any of the following:

- Charter School committed a material violation of any of the conditions, standards, or procedures set forth in the Charter.
- Charter School failed to meet or pursue any of the pupil outcomes identified in the Charter.
- Charter School failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement.
- Charter School violated any provision of law.

Prior to revocation, and in accordance with Education Code section 47607(g) and state regulations, the LAUSD Board of Education will notify Charter School in writing of the specific violation, and give Charter School a reasonable opportunity to cure the violation, unless the LAUSD Board of Education determines, in writing, that the violation constitutes a severe and imminent threat to the health or safety of the pupils. Revocation proceedings are not subject to the dispute resolution provisions set forth in this Charter.

Pursuant to Education Code section 47607.3, a charter school identified for needing assistance and provided advice and assistance from the California Collaborative for Educational Excellence based on failure to satisfy state evaluation rubrics may be subject to revocation.

CLOSURE ACTION

The decision to close Charter School, by the governing board of Charter School must be documented in a "Closure Action". A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(f)) or non-renewed by the LAUSD Board of Education and Charter School has exhausted its revocation or non-renewal administrative appeal rights pursuant to Education Code sections 47605(k) and 47607(j), or its administrative appeal rights have lapsed, or the charter school voluntarily closes at any stage of the administrative appeal process; the governing board of Charter School votes to close Charter School; or the Charter lapses.

CLOSURE PROCEDURES

The procedures for charter school closure set forth below are guided by Education Code sections 47604.32, 47605, and 47607 as well as California Code of Regulations, title 5, sections 11962 and 11962.1, and are based on "Charter Schools Closure - Requirements and Recommendations" posted on the California Department of Education website. All references to "Charter School" apply to Charter School, including its nonprofit corporation and governing board.

Designation of Responsible Person(s) and Funding of Closure

Prior to or at the time of the taking of a Closure Action by either the governing board of Charter School or the LAUSD Board of Education, the governing board of Charter School shall designate a person or persons responsible for conducting and overseeing all closure-related procedures and activities, and allocate sufficient funding for, or otherwise determine how Charter School will fund, these activities.

Notification of Closure Action

Upon the taking of a Closure Action, Charter School shall send written notice of its closure to:

- 1. The LAUSD Charter Schools Division (CSD). Charter School shall provide the CSD with written notice of (1) the person(s) designated to be responsible for conducting and overseeing all closure activities, and (2) the source, location, and management of the funding for such activities. This electronic master list shall be delivered to the CSD in the form of a CD or otherwise in accordance with District procedures.

Financial Close-Out

After receiving notification of closure, the California Department of Education (CDE) will notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of apportionments, unpaid revolving fund loans or grants, and/or similar liabilities. The CDE may ask the county office of education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final audit within six months after the closure of Charter School that includes:

- 1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
- 2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
- 3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit if it meets all of the requirements of the annual audit.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not LAUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

- 1. Preliminary budgets
- 2. Interim financial reports
- 3. Second interim financial reports
- 4. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit must identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the District Required Language provisions in Element 11 of this Charter, Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

- 1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
- 2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.

- 3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
- 4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.

If Charter School is operated as or by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for wind-up of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide LAUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

- a. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
- b. Make final federal tax payments (employee taxes, etc.)
- c. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including but not limited to final tax returns and forms (e.g., Form 990 and related Schedules).

This Element 15 shall survive the revocation, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

In the event of closure, TEACH Inc. will designate specific officers to serve as closure agents responsible for carrying out required procedures in consultation with the District. The Executive Director shall serve as the lead closure agent, supported by the Chief Legal & Organizational

Strategy Officer. These officers will ensure completion of a final audit, satisfaction of liabilities, lawful disposition of assets, and maintenance and transfer of pupil records.

Additional Provisions

FACILITIES

Charter School shall comply with all geographic and site limitations and related requirements set forth in Education Code sections 47605.1, 47602(a), and 47605(a).

District-Owned Facilities

If Charter School is using District facilities as of the date of the submission of this charter petition or takes occupancy of District facilities prior to the approval of this charter petition, Charter School shall execute an agreement provided by the District for the use of the District facilities as a condition of the approval of the charter petition. If at any time after the approval of this charter petition Charter School will occupy and use any District facilities, Charter School shall execute an agreement provided by the District for the use of the District facilities prior to occupancy and commencing use. Charter School shall implement and otherwise comply with the terms of any and all applicable facilities use agreements between Charter School and the District.

The circumstances of Charter School's occupancy of District facilities may change over time such as, but not limited to, enrollment, programs, and the conditions of facilities, and the District has a vested interest in having an agreement that is appropriate for the situation.

For a Sole Occupant Agreement or any other use agreement that is not a Proposition 39 Single Year Co-location Use Agreement or a lease issued through the Notice of Intent and bid process, the term may be co-terminous with the approved Charter, as permitted by law. Charter School and the District shall negotiate any modifications of the agreement with the goal of such amendment or new agreement being considered by the LAUSD Board of Education with the renewal of the charter petition. If Charter School and the District cannot execute an agreement in time for such to be considered by the Board of Education with the renewal of the charter petition, the approval of the renewal of the charter petition shall be conditioned upon Charter School and the District executing an amendment to the existing use agreement or a new agreement no later than May 1st or within nine (9) months of the date of the Board of Education's approval of the renewal of the charter petition. During such time period Charter School shall be permitted to remain in occupancy of the District facilities under the terms and conditions of the immediately preceding, executed use agreement; provided, that if Charter School and the District cannot agree upon and execute an amendment or new use agreement by said deadline, Charter School shall vacate the District facilities on or before June 30th of said school year.

Charter School acknowledges and agrees that occupancy and use of District facilities shall be in compliance with applicable laws and District policies for the operation and maintenance of District facilities and furnishings and equipment. Charter School shall comply with all District health, safety, and emergency procedures and requirements and shall be subject to inspection by the District's Facilities Services Division, OEHS, and other District offices in the same manner as

other LAUSD campuses. All District facilities (i.e., schools) will remain subject to those laws applicable to public schools.

In the event of an emergency, all District facilities (i.e., schools) are available for use by the American Red Cross and public agencies as emergency locations, which may disrupt or prevent Charter School from conducting its educational programs. If Charter School will share the use of District facilities with other District user groups, Charter School agrees that it will participate in and observe all District safety policies (e.g., emergency chain of information and participation in safety drills).

The use agreements provided by the District for District facilities shall contain terms and conditions addressing issues such as, but not limited to, the following:

- <u>Use</u>: Charter School will be restricted to using the District facilities for the operation of a public school providing educational instruction to public school students consistent with the terms of the Charter and incidental related uses. Separate and apart from its right as authorizer to observe and inspect any part of the charter school at any time pursuant to Education Code 47607(a)(1), the District shall have and reserves the right to inspect District facilities upon reasonable notice to Charter School.
- <u>Furnishings and Equipment</u>: The District shall retain ownership of any furnishings and equipment, including technology, ("F&E") that it provides to Charter School for use. Charter School, at its sole cost and expense, shall provide maintenance and other services for the good and safe operation of the F&E.
- <u>Leasing</u>: Use of the District facilities by any person or entity other than Charter School shall be administered by the District. The parties may agree to an alternative arrangement in the use agreement.
- Programs, Services, and Activities Outside Instructional Program; Third Party Vendors:
 - (i) Any program, service, or activity provided outside the instructional program shall be subject to the terms and provisions of the use agreement, and, additionally, may require a license, permit, or additional agreement issued by the District. The term "instructional program" is defined, per Education Code section 47612 and 5 CCR section 11960, as those required educational activities that generate funding based on "average daily attendance" and includes those extracurricular programs, services, and/or activities that students are required to participate in and do not require the payment of any consideration or fee.
 - (ii) Any program, service, or activity requiring the payment of any consideration or fee or provided by a third party vendor (defined as any person or entity other than Charter School), whether paid or volunteer and regardless of whether such may be within the instructional program, shall be subject to the terms and provisions of the use agreement and such third party vendor shall be required to obtain a license, permit, or additional agreement from the District.

- Minimum Payments or Charges to be Paid to District Arising from the Facilities:
 - (i) <u>Pro Rata Share</u>: The District shall collect, and Charter School shall pay a Pro Rata Share for facilities costs as provided in the Charter Schools Act of 1992 and its regulations. The parties may agree to an alternative arrangement regarding facilities costs in the use agreement; and
 - (ii) <u>Taxes</u>; <u>Assessments</u>: Generally, Charter School shall pay any assessment or fee imposed upon or levied on the LAUSD facilities that it is occupying or Charter School's legal or equitable interest created by the use agreement.
- <u>Maintenance & Operations Services</u>: In the event the District agrees to allow Charter School to perform any of the operation and maintenance services, the District shall have the right to inspect the District facilities, and the costs incurred in such inspection shall be paid by Charter School.
 - (i) <u>Co-Location</u>: If Charter School is co-locating or sharing the District facilities with another user, the District shall provide the operations and maintenance services for the District facilities and Charter School shall pay the Pro Rata Share. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such in the use agreement.
 - (ii) <u>Sole Occupant</u>: If Charter School is a sole occupant of District facilities, the District shall allow Charter School, at its sole cost and expense, to provide some operations and maintenance services for the District facilities in accordance with applicable laws and LAUSD's policies on operations and maintenance services for facilities and F&E. NOTWITHSTANDING THE FOREGOING, the District shall provide all services for regulatory inspections which as the owner of the real property it is required to submit, and deferred maintenance, and Charter School shall pay LAUSD for the cost and expense of providing those services. The parties may agree to an alternative arrangement regarding performance of the operations and maintenance services and payment for such services in the use agreement.
- Real Property Insurance: Prior to occupancy, Charter School shall satisfy requirements to participate in LAUSD's property insurance or, if Charter School is the sole occupant of LAUSD facilities, obtain and maintain separate property insurance for the LAUSD facilities. Charter School shall <u>not</u> have the option of obtaining and maintaining separate property insurance for the LAUSD facility IF Charter School is co-locating or sharing the LAUSD facility with another user.

Non-District-Owned Facilities

Occupancy and Use of the Site: Prior to occupancy or use of any school site or facility, Charter School shall provide the CSD with a current Certificate of Occupancy or equivalent document issued by the applicable permitting agency that allows Charter School to use and occupy the site

as a charter school. Charter School shall not exceed the operating capacity of the site and shall operate within any limitations or requirements provided by the Certificate of Occupancy and any applicable permit. Charter School may not open or operate without providing a copy of an appropriate Certificate of Occupancy to the CSD. If Charter School intends to move or expand to another facility during the term of this Charter, Charter School shall adhere to any and all District policies and procedures regarding charter material revision and non-material amendment. Prior to occupancy or use of any such additional or changed school site, Charter School shall provide an appropriate Certificate of Occupancy to the CSD for such facility. Notwithstanding any language to the contrary in this Charter, the interpretation, application, and enforcement of this provision are not subject to the Dispute Resolution Process outlined in Element 14.

Facility Compliance: Prior to occupancy or use of any non-District-owned school site and/or facility, Charter School shall ensure that the site and/or facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located, federal and state accessibility requirements (including the Americans with Disabilities Act (ADA) and Section 504), and all other applicable fire, health, and structural safety and access requirements. This requirement shall also apply to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, and notices issued by any authorized building and safety agency. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and shall promptly provide such documentation to the CSD upon request.

<u>Asbestos Management</u>: Charter School shall comply with the asbestos requirement as cited in the Asbestos Hazard Emergency Response Act (AHERA), 40 C.F.R. part 763. AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

Hold Harmless/Indemnification Provision

To the fullest extent permitted by law, Charter School does hereby agree, at its own expense, to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever, arising out of, or relating to, this Charter agreement. Charter School further agrees to the fullest extent permitted by law, at its own expense, to indemnify, defend, and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers from and against any and all claims, damages, losses and expenses including but not limited to attorneys' fees, brought by any person or entity whatsoever for claims, damages, losses and expenses arising from or relating to acts or omission of acts committed by Charter School and/or its officers, directors, employees or volunteers. Moreover, Charter School agrees to indemnify, defend and hold harmless the LAUSD and the Board of Education and their members, officers, directors, agents, representatives, employees and volunteers, for any contractual liability resulting from third party contracts with Charter School's vendors, contractors, partners or sponsors.

FISCAL MATTERS

District Oversight Costs

The District may charge for the actual costs of oversight of Charter School not to exceed 1% of Charter School's revenue, or the District may charge for the actual costs of oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

Cash Reserves

Charter School acknowledges that the recommended cash reserve is 5% of expenditures, as provided in section 15450, title 5 of the California Code of Regulations.

Third Party Contracts

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of, Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including but not limited to licensing and permit requirements as well as requirements related to protection of health and safety.

Special Education Revenue Adjustment/Payment for Services

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

Student Body Funds

Charter School shall supervise and manage any and all student body funds in a manner consistent with the provisions of Education Code sections 48930-48938. Charter School shall include and address student body funds in its financial reports, and ensure that such funds are included and addressed in Charter School's annual audit as a stand-alone item.

Charter School agrees to observe and abide by the following terms and conditions as a requirement for receiving and maintaining its charter authorization:

- Charter School is subject to District oversight.
- The District's statutory oversight responsibility continues throughout the life of the Charter and requires that the District, among other things, monitors the fiscal condition of Charter School.
- The District is authorized to revoke this Charter for, among other reasons, the failure of Charter School to meet generally accepted accounting principles or if Charter School engages in fiscal mismanagement.

Accordingly, the District hereby reserves the right, pursuant to its oversight responsibility, to audit Charter School books, records, data, processes and procedures through the District Office of the Inspector General or other means. The audit may include, but is not limited to, the following areas:

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 days' notice to Charter School. When 30 days'

notice may defeat the purpose of the audit, the District may conduct the audit upon 24-hours' notice.

Fiscal Policies and Procedures

Charter School shall establish, maintain, and implement sound fiscal policies and procedures, including but not limited to internal controls governing all financial and business-related activities.

Apportionment Eligibility for Students Over 19 Years of Age

TPES Financial Cash Flow- 2 Years.xlsx

Budget Narrative & Cash Flow Statement

Below is the financial information and narrative for the proposal of TEACH Preparatory Mildred S. Cunningham & Edith H. Morris Elementary ("TPES"). The financial statements include a 3-year pro-forma annual budget and monthly cash flow statement (the planning year (2025-26) plus 2 years of operations for 2026-27 through 2027-28 inclusive).

Students: Enrollment, Demographics and Average Daily Attendance

Revenues for TPES will largely depend on the number of students enrolled and their attendance. Average Daily Attendance (ADA) is the aggregate attendance during a reporting period divided by the number of days the school is in session during that period. ADA is used to calculate many of the revenue sources. To allow for conservatism, this budget assumes an 88% attendance rate, which is based on historical actuals. Additionally, TPES will be adding a 5th grade which is projected at 60 students in Year 1 (2026-27.)

It is planned that TPES will in 2026-27 increase enrollment to 380 with the 5th grade addition and maintain at 380 enrolled through 2027-28. The following table shows TPE's projected enrollment and ADA.

Revenues

Factoring in all revenues at the school, per-pupil funding is expected to be around \$24,263/ADA at TPES beginning in 2026-27 and to grow based on COLA each year. LCFF state revenue streams provide the largest source of funding making up about 67-68% of TES's total revenues. All revenues are monitored throughout the year as various funding estimates are refined and recalculated.

State Revenues

State Revenues are estimated based on specific programs as identified below, with the majority of funding dependent upon the annual State budget and the school's student population.

Principal Apportionment

The LCFF FCMAT calculator (FCMAT Version v26.2 released 8/1/25) was used to determine the LCFF projections for each year of the above revenue projections which are based on expected student ADA and the expected unduplicated count of students at TPES of 99%. This rate is consistent with the TPES's historical actuals.

These projections show that in Year 1, a total of \$66,880, or \$200 per ADA, of the principal apportionment ADA funding will be disbursed via the Education Protection Account. Approximately 24% of the LCFF revenues (or \$4,219 per ADA) are projected to be disbursed via In-Lieu Property Taxes (ILPT). This rate is consistent with the TPES's historical actuals.

Federal Revenues

Special Education

TPES provides special education services and will work with the L.A. Unified Charter School Special Education Local Planning Area (SELPA) to ensure resources are provided to ensure compliant, efficient and effective delivery of services. TPE's state special education funding includes general state aid of \$920/ADA in Year 0, less SELPA administrative fees. The school's projected state special ed revenue, within the "Other State Revenue" category includes Educational Related Mental Health Services (ERMHS) level 2 funding at \$65/ADA. In addition to state special education funding, the revenue projection for TPES also assumes \$255.12/ADA of federal special education funding.

Free and Reduced-Price Meal Eligibility

The federally funded National School Lunch Program provides free and reduced-price meals for lunch and breakfast to eligible students, based on parent/guardian income levels. For this budget, we assume that the percentage of our students eligible to receive federal funding reimbursements will be about 99%. Food expenses for this program are shown below in expenses; serving staff expenses are included in classified salaries and benefits as well as in contracted services.

Title Programs

TPES has included Title revenues based on historical awards which are based on the percentage of students eligible to receive free or reduced federal lunch funding.

Table D: Projected Federal Revenues

Other State Revenues

Lottery & Mandated Block Grant

Lottery funding is based upon a projection of \$273 per ADA per year. Lottery funds are mainly allocated for general purpose with approximately 30% of the funds restricted for instructional materials. Projections for the Mandate Block Grant are assumed at \$21.27/ADA for grades K-5. This funding is based on the previous year's ADA.

The Lottery funds have been included at \$273 per projected ADA.

Charter School Facility Grant (SB740)

TPES is projecting to have a FRPM Eligibility over the 55% requirement to continue to qualify for the SB740 facility grant. As a result, the budget includes SB740 funding based on the lesser of \$ \$1,471 per ADA or 75% of the budgeted lease cost. For TPES this will be \$1,471 per ADA.

Expanded Learning Opportunity Program (ELOP)

ELOP is paid for the prior year ADA and Unduplicated Pupil Percentage (UPP) and is funded to school serving students TK-5 at a rate of Unduplicated Percentage times \$2,750 times ADA. In the case of TPES that means they will receive \$912,611 ($99.24\% \times $2,750 \times 334.40$) in Year 1 (2026-27.) The slight increase thereafter is based on the three-year rolling average UPP number. ELOP funding is given to extend the learning day to 9 hours and requires the school to be open for 30 non-instructional days. This expense has been included (discussed later) in the contracted services expense category.

Prop 28 – Arts & Music in Schools Funding (AMS)

On November 8, 2022, California voters approved Proposition 28: The Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act. Funding is ongoing (i.e., allocated annually), and school districts have up to three years to spend an allocation. The funds need to increase arts education spending, not replace existing expenditures. TPES is projected to be awarded \$46,303 in both Year 1 (2026-27) and in 2027-28. TPES plans to spend the full allocation each year.

After School Education and Safety (ASES)

The After School Education and Safety (ASES) Program provides recurring funding to the Center for Advanced Learning to be used for before and after school programs. The ASES Program funds the establishment of local after school education and enrichment programs. These programs are created through partnerships between schools and local community resources to provide literacy, academic enrichment and safe constructive alternatives for students. TPES is projected to receive an annual projected amount of \$137,433 per year based on enrollment and historical actuals.

Student Services and Professional Development Block Grant (SSPDBG)

The New Student Services and Professional Development Block Grant is a one-time state allocation intended to support California school districts, charter schools, and county offices of education in enhancing student well-being and academic achievement. Funds may be used for a wide range of activities, including counseling services, mental health supports, rising costs, expanded learning programs, and professional development for educators focused on equity, inclusive practices, and learning recovery. The grant is designed to provide flexible, needs-based support, particularly for students most affected by the pandemic. This has been included in TPES's 2025-26 (Year 0) projection at \$72,736, which is \$305 per 2024-25 ADA (305*238.48).

Total Compensation - Salaries and Employee Benefits

Total compensation costs (salary and benefits) at capacity remain relatively constant at 34% of total expenditures. "Compensation" includes the salary costs of all staff, including those who work full-time and part-time, and includes all staff benefits including social security, Medicare, and workers' compensation.

TPES's teacher staffing levels are based upon enrollment projections. Ratios of Students to Certificated Teachers is expected to be slightly above 25:1 over the course of the full 2 years of operations. However, that ratio is slightly above 17:1 when including all staff who are in Student/Program support roles.

The table above lists the total projected annual employer costs for all employee benefits, on a year-by-year basis. Within employee benefits, most benefits are statutory and are determined by either state or federal mandate and are based on current rate factors. These benefits differ by type of employee (i.e. certificated or classified) and by whether they are full-time, part-time and/or hourly employees. TPES's employees participate in different combinations of STRS, Social Security, Medicare, and workers' compensation depending on position. For full-time certificated employees, who participate in the State Teachers' Retirement System (and not in the Federal Social Security system), the employer contribution is expected to remain at 19.10% per the Governor's proposed budget in 2025-26 and remains flat for all subsequent years.

Books and Supplies and Food Services

The core programming cost projections are based upon an historical per pupil allotment for instructional supplies, online curricula, project materials and some assessments. TPES will continue to provide breakfast and lunch for all students and will participate in the National Free and Reduced Lunch Program with an annual 2% COLA applied and on a per ADA basis- which accounts for the jump in Year 1.

SPED Consultants

Special Education Consultant costs include all outside service provider costs estimated at \$522,246 in Year 1 (2026-27) plus 2% COLA adjustments and increases based on population growth thereafter. This includes psychological, speech language and occupational therapy services to TPES's students with IEPs. This cost is in addition to the in-house special education positions included in the personnel costs.

Substitute Teacher

Substitute teacher costs are based on the number of full-time teachers, the number of expected absent days per year and the daily cost of an external staffing agency and historical actuals. These amounts increase each year based on the increase in the number of students and a COLA of 2% each year.

Expenses shown in the table above are based on historical actuals with an increase based on a per ADA basis where applicable and an expense COLA of 2%. We make note of items below as needed to explain our budgeting assumptions.

Management Fee

TPES is a part of the TEACH network and pays a 9.5% fee of revenue to the Charter Management Organization (CMO), which provides services at an economy of scale with 2 other charter schools to generate efficiencies.

Additionally, TPES has contracted with Charter Impact, Inc. to provide financial management services including financial reporting, accounts payable, and general accounting. Fees for these services are budgeted at 1.75% of total revenue. Charter Impact, Inc. also provides hourly based support for attendance, CALPADS and other student data needs. These fees have also been included in the Management Fee account within the budget.

Authorizer Oversight Fee

TPES has projected that it will be required to pay a fee of 1% of general purpose revenues.

Facilities Rent

TPES occupies and leases a third-party site. TPES pays for the ground lease plus the bond facility payment for the tenant improvements via the intercept method through a bond with the California School Finance Authority- CSFA. As noted above, the facility is eligible for the Charter School Facility Grant (SB740) funds based on the demographics of the school.

Cash Flow

TPES projects no cash flow issues. The year over year surpluses will allow for the school to continue to have a substantial cash reserve to protect itself against economic uncertainty and other cash flow timing pitfalls.

Ending Cash Balance

The cash balance is projected to continue to be healthy at 74.30% at the end of 2026-27 and 77.1% in 2027-28.

Revenues

Since revenues fluctuate and are received from multiple sources, accurate cash projections are vital to maintenance of a healthy financial position. The greatest cash flow challenge is correctly predicting the flow of federal and state revenue sources. California law specifies the payment schedule for State Aid funds. Although this schedule is subject to legislative and regulatory change, the California Department of Education (CDE) has committed to a 5-5-9 payment schedule. We have used this schedule to project our cash flow position for all the years projected in this petition document.

State Aid – Revenue Limit

The State Aid — Revenue Limit funds come from a combination of three sources: In Lieu Property Taxes, State Aid, and Education Protection Account. The district where the school is located pays the Charter School an In-Lieu Property Tax amount per ADA near the end of each month. State Aid is due from the state on or before the end of the month and is paid monthly from July to June on a 5-5-9 schedule. Based on the typical timing of funds coming through County Treasurer to a school bank account, we have assumed a one-month delay in the payments. The Economic Protection Account flows quarterly in September, December, March and June. Again, for conservatism, we have assumed that all receipts will be delayed to the month following their scheduled payment.

California Lottery

State Lottery Revenues are paid according to the prior year's ADA and are paid quarterly.

Expenditures

The most significant part of TPE's cost structure is staff compensation, which is generally paid evenly throughout the year except in July when most staff are not working prior to the start of the school year. Most of the curriculum costs are front-loaded to the beginning of the school year.

Fund Balance

The fund balance is expected to be above the CDE-recommended levels in each year of operations and grow to 45.2% by the end of Year 2

Table R: Statement of Fund Balance

	2025-26	2026-27	2027-28					
	Year 0	Year 1	Year 2

Ending Fund Balance	\$3,366,609	\$3,498,194	\$3,674,473					
Fund Balance (% of Expenditures)	54.7%	43.8%	45.2%					

Restricted Funding and Tracking

The budget for TPES has been built on a methodology where all restricted funding has been balanced with an offsetting expense to encumber expenses in the same year that the restricted revenue is recognized. For any multi-year funding, such as ELO-P, the school plans to recognize and expend funding in full along with each award year.

^{*} Consultants/New Positions are included in the list of designated positions and shall disclose pursuant to the broadest disclosure category in the code, subject to the following limitations:

The agency head or his or her designee may determine in writing that a particular consultant or new position, although a "designated position," is hired to perform a range of duties that is limited in scope and thus is not required to fully comply with disclosure requirements in this section. Such written determination shall include a description of the consultant's or new position's duties and, based upon that description, a statement of the extent of disclosure requirements. The agency head or his or her designee's determination is a public record and shall be retained for public inspection in the same manner and location as this conflict-of-interest code. (Gov. Code Section 81008.)
