Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at 10616 S. Western Avenue, Los Angeles.

Safety Plan Vision

TEACH Public Schools is committed to maintaining safe and secure campuses for all of its pupils and staff. To that end, this Comprehensive School Safety Plan covers TEACH's policies and expectations regarding the practices of each school in maintaining the security of the physical campus, responding appropriately to emergencies, increasing the safety and protection of students and staff, and creating a safe and orderly environment that is conducive to learning.

All school employees should receive training in the Comprehensive School Safety Plan upon joining the school, and should review any changes to the Plan annually.

CAMPUS SAFETY AND SECURITY

Each school and its staff members will maintain policies, practices and procedures so that the campus is physically secure and safe.

School seeks to create a challenging learning environment that encourages high expectations for success through development-appropriate instruction that allows for individual differences and learning styles. Our school promotes a safe, orderly, caring, and supportive environment. Each student's self-esteem is fostered by positive relationships with students and staff. We strive to have our parents, teachers, and community members actively involved on our students' learning

Safe School Planning Education Codes

200. It is the policy of the State of California to afford all persons in public schools, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, equal rights and opportunities in the educational institutions of the state. The purpose of this chapter is to prohibit acts that are contrary to that policy and to provide remedies therefor.

201. (a) All pupils have the right to participate fully in the educational process, free from discrimination and harassment.

(b) California's public schools have an affirmative obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity.

(c) Harassment on school grounds directed at an individual on the basis of personal characteristics or status creates a hostile environment and jeopardizes equal educational opportunity as guaranteed by the California Constitution and the United States Constitution.

(d) There is an urgent need to prevent and respond to acts of hate violence and bias-related incidents that are occurring at an increasing rate in California's public schools.

(e) There is an urgent need to teach and inform pupils in the public schools about their rights, as guaranteed by the federal and state constitutions, in order to increase pupils' awareness and understanding of their rights and the rights of others, with the intention of promoting tolerance and sensitivity in public schools and in society as a means of responding to potential harassment and hate violence.

(f) It is the intent of the Legislature that each public school undertake educational activities to counter discriminatory incidents on school grounds and, within constitutional bounds, to minimize and eliminate a hostile environment on school grounds that impairs the access of pupils to equal educational opportunity.

234. (a) This article shall be known, and may be cited, as the Safe Place to Learn Act.

(b) It is the policy of the State of California to ensure that all local educational agencies continue to work to reduce discrimination, harassment, violence, intimidation, and bullying. It is further the policy of the state to improve pupil safety at schools and the connections between pupils and supportive adults, schools, and communities.

234.1. The department, pursuant to subdivision (b) of Section 64001, shall monitor adherence to the requirements of Chapter 5.3 (commencing with Section 4900) of Division 1 of Title 5 of the California Code of Regulations and this chapter as part of its regular monitoring and review of local educational agencies, commonly known as the Categorical Program Monitoring process. The department shall assess whether local educational agencies have done all of the following:

(a) Adopted a policy that prohibits discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Section 422.55 of the Penal Code and Section 220 of this code, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. The policy shall include a statement that the policy applies to all acts related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent of the school district.

(b) Adopted a process for receiving and investigating complaints of discrimination, harassment, intimidation, and bullying based on any of the actual or perceived characteristics set forth in Section 422.55 of the Penal Code and Section 220 of this code, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or association with a person or group with one or more of these actual or perceived characteristics. The complaint process shall include, but not be limited to, all of the following:

(1) A requirement that, if school personnel witness an act of discrimination, harassment, intimidation, or bullying, they shall take immediate steps to intervene when safe to do so.

(2) A timeline to investigate and resolve complaints of discrimination, harassment, intimidation, or bullying that shall be followed by all schools under the jurisdiction of the school district.

(3) An appeal process afforded to the complainant should he or she disagree with the resolution of a complaint filed pursuant to this section.

(4) All forms developed pursuant to this process shall be translated pursuant to Section 48985.

(c) Publicized antidiscrimination, antiharassment, anti-intimidation, and antibullying policies adopted pursuant to subdivision (a), including information about the manner in which to file a complaint, to pupils, parents, employees, agents of the governing board, and the general public. The information shall be translated pursuant to Section 48985.

(d) Provided, incident to the publicizing described in subdivision (c), to certificated schoolsite employees who serve pupils in any of grades 7 to 12, inclusive, who are employed by the local educational agency, information on existing schoolsite and community resources related to the support of lesbian, gay, bisexual, transgender, and questioning (LGBTQ) pupils. Schoolsite resources may include, but are not limited to, peer support or affinity clubs and organizations, safe spaces for LGBTQ pupils, counseling services, staff who have received antibias or other training aimed at supporting these pupils or who serve as designated support to these pupils, health and other curriculum materials that are inclusive of, and relevant to, these pupils, online training developed pursuant to Section 32283.5, and other policies adopted pursuant to this article, including related complaint procedures. Community resources may include, but are not limited to, community-based organizations that provide support to LGBTQ pupils and their families, and physical and mental health providers with experience or training in treating or supporting these pupils.

(e) Posted the policy established pursuant to subdivision (a) in all schools and offices, including staff lounges and pupil government meeting rooms.

(f) Maintained documentation of complaints and their resolution for a minimum of one review cycle.

(g) Ensured that complainants are protected from retaliation and that the identity of a complainant alleging discrimination, harassment, intimidation, or bullying remains confidential, as appropriate.

(h) Identified a responsible local educational agency officer for ensuring school district or county office of education compliance with the requirements of Chapter 5.3 (commencing with Section 4900) of Division 1 of Title 5 of the California Code of Regulations and this chapter.

234.2. The department shall display current information, and periodically update information, on curricula and other resources that specifically address bias-related discrimination, harassment, intimidation, and bullying based on any of the actual or perceived characteristics set forth in Section 422.55 of the Penal Code and Section 220 on the California Healthy Kids Resource Center Internet Web site and other appropriate department Internet Web sites where information about discrimination, harassment, intimidation, and bullying is posted.

234.3. The department shall develop a model handout describing the rights and obligations set forth in Sections 200, 201, and 220 and the policies addressing bias-related discrimination, harassment, intimidation, and bullying in schools. This model handout shall be posted on appropriate department Internet Web sites.

234.5. The Superintendent shall post, and annually update, on the department's Internet Web site and provide to each school district a list of statewide resources, including community-based organizations, that provide support to youth who have been subjected to school-based discrimination, harassment, intimidation, or bullying, and their families. The department's Internet Web site shall also include a list of statewide resources for youth who have been affected by gangs, gun violence, and psychological trauma caused by violence at home, at school, and in the community.

32280. It is the intent of the Legislature that all California public schools, in kindergarten, and grades 1 to 12, inclusive, operated by school districts, in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and other persons who may be interested in the prevention of campus crime and violence, develop a comprehensive school safety plan that addresses the safety concerns identified through a systematic planning process. For the purposes of this section, law enforcement agencies include local police departments, county sheriffs' offices, school district police or security departments, probation departments, and district attorneys' offices. For purposes of this section, a "safety plan" means a plan to develop strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on the school campus.

32281. (a) Each school district and county office of education is responsible for the overall development of all comprehensive school safety plans for its schools operating kindergarten or any of grades 1 to 12, inclusive.

(b) (1) Except as provided in subdivision (d) with regard to a small school district, the schoolsite council established pursuant to former Section 52012, as it existed before July 1, 2005, or Section 52852 shall write and develop a comprehensive school safety plan relevant to the needs and resources of that particular school.

(2) The schoolsite council may delegate this responsibility to a school safety planning committee made up of the following members:

(A) The principal or the principal's designee.

(B) One teacher who is a representative of the recognized certificated employee organization.

- (C) One parent whose child attends the school.
- (D) One classified employee who is a representative of the recognized classified employee organization.
- (E) Other members, if desired.
- (3) The schoolsite council shall consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan.
- (4) In the absence of a schoolsite council, the members specified in paragraph (2) shall serve as the school safety planning committee.
- (c) Nothing in this article shall limit or take away the authority of school boards as guaranteed under this code.
- (d) (1) Subdivision (b) shall not apply to a small school district, as defined in paragraph (2), if the small school district develops a districtwide comprehensive school safety plan that is applicable to each schoolsite.
- (2) As used in this article, "small school district" means a school district that has fewer than 2,501 units of average daily attendance at the beginning of each fiscal year.
- (e) (1) When a principal or his or her designee verifies through local law enforcement officials that a report has been filed of the occurrence of a violent crime on the schoolsite of an elementary or secondary school at which he or she is the principal, the principal or the principal's designee may send to each pupil's parent or legal guardian and each school employee a written notice of the occurrence and general nature of the crime. If the principal or his or her designee chooses to send the written notice, the Legislature encourages the notice be sent no later than the end of business on the second regular work day after the verification. If, at the time of verification, local law enforcement officials determine that notification of the violent crime would hinder an ongoing investigation, the notification authorized by this subdivision shall be made within a reasonable period of time, to be determined by the local law enforcement agency and the school district. For purposes of this section, an act that is considered a "violent crime" shall meet the definition of Section 67381 and be an act for which a pupil could or would be expelled pursuant to Section 48915.
- (2) Nothing in this subdivision shall create any liability in a school district or its employees for complying with paragraph (1).
- (f) (1) Notwithstanding subdivision (b), a school district or county office of education may, in consultation with law enforcement officials, elect to not have its schoolsite council develop and write those portions of its comprehensive school safety plan that include tactical responses to criminal incidents that may result in death or serious bodily injury at the schoolsite. The portions of a school safety plan that include tactical responses to criminal incidents may be developed by administrators of the school district or county office of education in consultation with law enforcement officials and with a representative of an exclusive bargaining unit of employees of that school district or county office of education, if he or she chooses to participate. The school district or county office of education may elect not to disclose those portions of the comprehensive school safety plan that include tactical responses to criminal incidents.
- (2) As used in this article, "tactical responses to criminal incidents" means steps taken to safeguard pupils and staff, to secure the affected school premises, and to apprehend the criminal perpetrator or perpetrators.
- (3) Nothing in this subdivision precludes the governing board of a school district or county office of education from conferring in a closed session with law enforcement officials pursuant to Section 54957 of the Government Code to approve a tactical response plan developed in consultation with those officials pursuant to this subdivision. Any vote to approve the tactical response plan shall be announced in open session following the closed session.
- (4) Nothing in this subdivision shall be construed to reduce or eliminate the requirements of Section 32282.

32282. (a) The comprehensive school safety plan shall include, but not be limited to, both of the following:

- (1) Assessing the current status of school crime committed on school campuses and at school-related functions.
- (2) Identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include the development of all of the following:
 - (A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code.
 - (B) Disaster procedures, routine and emergency, including adaptations for pupils with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.). The disaster procedures shall also include, but not be limited to, both of the following:
 - (i) Establishing an earthquake emergency procedure system in every public school building having an occupant capacity of 50 or more pupils or more than one classroom. A school district or county office of education may work with the Office of Emergency Services and the Alfred E. Alquist Seismic Safety Commission to develop and establish the earthquake emergency procedure system. The system shall include, but not be limited to, all of the following:
 - (I) A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of pupils and staff.
 - (II) A drop procedure whereby each pupil and staff member takes cover under a table or desk, dropping to his or her knees, with the head protected by the arms, and the back to the windows. A drop procedure practice shall be held at least once each school quarter in elementary schools and at least once a semester in secondary schools.

- (III) Protective measures to be taken before, during, and following an earthquake.
- (IV) A program to ensure that pupils and both the certificated and classified staff are aware of, and properly trained in, the earthquake emergency procedure system.
- (ii) Establishing a procedure to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The school district or county office of education shall cooperate with the public agency in furnishing and maintaining the services as the school district or county office of education may deem necessary to meet the needs of the community.
- (C) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27 of Division 4 of Title 2.
- (D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.
- (E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.
- (F) The provisions of any schoolwide dress code, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel," if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. A schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.
- (G) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school.
- (H) A safe and orderly environment conducive to learning at the school.
- (I) The rules and procedures on school discipline adopted pursuant to Sections 35291 and 35291.5.
- (b) It is the intent of the Legislature that schools develop comprehensive school safety plans using existing resources, including the materials and services of the partnership, pursuant to this chapter. It is also the intent of the Legislature that schools use the handbook developed and distributed by the School/Law Enforcement Partnership Program entitled "Safe Schools: A Planning Guide for Action" in conjunction with developing their plan for school safety.
- (c) Each schoolsite council or school safety planning committee, in developing and updating a comprehensive school safety plan, shall, where practical, consult, cooperate, and coordinate with other schoolsite councils or school safety planning committees.
- (d) The comprehensive school safety plan may be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year, to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.
- (e) As comprehensive school safety plans are reviewed and updated, the Legislature encourages all plans, to the extent that resources are available, to include policies and procedures aimed at the prevention of bullying.
- (f) The comprehensive school safety plan, as written and updated by the schoolsite council or school safety planning committee, shall be submitted for approval pursuant to subdivision (a) of Section 32288.

32282.1. (a) As comprehensive school safety plans are reviewed and updated, the Legislature encourages all plans, to the extent that resources are available, to include clear guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, school counselors, school resource officers, and police officers on school campus, if the school district uses these people.

(b) The guidelines developed pursuant to subdivision (a) are encouraged to include both of the following:

(1) Primary strategies to create and maintain a positive school climate, promote school safety, and increase pupil achievement, and prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support.

(2) Consistent with paragraph (2) of subdivision (a) of Section 32282, protocols to address the mental health care of pupils who have witnessed a violent act at any time, including, but not limited to, any of the following:

- (A) While on school grounds.
- (B) While going to or coming from school.

- (D) During, or while going to or coming from, a school-sponsored activity.

32282.5. (a) The department shall electronically distribute disaster preparedness educational materials and lesson plans that are currently available to school districts and county offices of education.

(b) The department shall ensure that the disaster preparedness materials are available in at least the three most dominant primary languages spoken by English learners in California, according to the language census.

(c) The department shall coordinate with the California Emergency Management Agency to make sure that all materials are reviewed and updated annually.

32283. The Department of Justice and the State Department of Education, in accordance with Section 32262, shall contract with one or more professional trainers to coordinate statewide workshops for school districts, county offices of education, and schoolsite personnel, and in particular school principals, to assist them in the development of their respective school safety and crisis response plans, and provide training in the prevention of bullying as defined in subdivision (r) of Section 48900. The Department of Justice and the State Department of Education shall work in cooperation with regard to the workshops coordinated and presented pursuant to the contracts. Implementation of this section shall be contingent upon the availability of funds in the annual Budget Act.

32284. The comprehensive school safety plan may also include, at local discretion of the governing board of the school district and using local funds, procedures for responding to the release of a pesticide or other toxic substance from properties located within one-quarter mile of a school. No funds received from the state may be used for this purpose.

32286. (a) Each school shall adopt its comprehensive school safety plan by March 1, 2000, and shall review and update its plan by March 1, every year thereafter. A new school campus that begins offering classes to pupils after March 1, 2001, shall adopt a comprehensive school safety plan within one year of initiating operation, and shall review and update its plan by March 1, every year thereafter.

32287. If the Superintendent of Public Instruction determines that there has been a willful failure to make any report required by this article, the superintendent shall do both of the following:

(a) Notify the school district or the county office of education in which the willful failure has occurred.

(b) Make an assessment of not more than two thousand dollars (\$2,000) against that school district or county office of education. This may be accomplished by deducting an amount equal to the amount of the assessment from the school district's or county office of education's future apportionment.

32288. (a) In order to ensure compliance with this article, each school shall forward its comprehensive school safety plan to the school district or county office of education for approval.

(b) (1) Before adopting its comprehensive school safety plan, the schoolsite council or school safety planning committee shall hold a public meeting at the schoolsite in order to allow members of the public the opportunity to express an opinion about the school safety plan.

(2) The schoolsite council or school safety planning committee shall notify, in writing, the following persons and entities, if available, of the public meeting:

(A) The local mayor.

(B) A representative of the local school employee organization.

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

Mandated reporters

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. Procedure When Not in Your Own Classroom

1. Teachers should be familiar with assembly area and evacuation route designated for that classroom or area.
2. The EMERGENCY FOLDER should accompany the class and be used by the teacher, or supervising adult, to account for all students.

Earthquake Procedures

Actual Earthquake

Tremors and shaking of the earth are the signals of an earthquake. The initial shock is likely to be not more than ninety seconds duration. Emergency action to be taken when children are inside the building is:

When inside a building, stay inside: Do not run outside because you may be hit by falling debris. Drop to the floor on your knees and make the body as small as possible. Cover yourself under a desk, table or bench, in a hall, or stand against an inside wall. You should be facing away from: windows; door; glass; skylights; brick or rock faced walls; large moveable objects, such as bookcases; or outside doors and walls. With one arm, hold on to a desk leg so that it will protect your head and neck and so that the desk will not move away from covering you. Rest your head on one arm and place your other arm over the base of the head and neck. When it is safe, proceed to the assembly areas in the same manner as for Evacuation Procedures.

When outdoors, stay outside: Do not run inside because you may be hit by falling debris. Move away from buildings and overhead structures. Drop to the ground on your knees and make the body as small as possible. Face position away from: buildings, power poles and lines, trees or other overhead hazards, roads and streets, as cars may go out of control. Cover as much skin surface as possible, close your eyes, and cover your ears. If you have a book or other similar object, place it over the base of your head and neck to protect you from flying debris. When it is safe, proceed to the assembly areas in the same manner as for Evacuation Procedures.

Walking to or from school facilities: If students are walking to or from school when an earthquake occurs, they should stay away from all buildings, trees, exposed wires, or other hazards that may fall. The safest place is in the open. Students should assume "drop, cover, and hold" position until the quake is over. After the earthquake, if on the way to school facilities, continue to school. If on the way home, continue home or return to school.

Environmental Hazards

Biochemical or Chemical Release

A biological or chemical release is an incident involving the discharge of a biological or chemical substance in a solid, liquid or gaseous state. Such incidents may also include the release of radioactive materials. Common chemical threats within or adjacent to schools include the discharge of acid in a school laboratory, and overturned truck of hazardous materials in proximity of the school, or an explosion at a nearby oil refinery or another chemical plant.

The following indicators may suggest the release of a biological or chemical substance: Multiple victims suffering from:

- Watery eyes
- Twitching
- Chocking or loss of coordination
- Trouble breathing

Other indicators may include the presence of distressed animals or dead birds.

This procedure deals with three possible scenarios involving the release of biochemical substances: Scenario 1: Substance released inside a room or a building

Scenario 2: Substance released outdoors and localized

Scenario 3: Substance released in the surrounding community

It is necessary to first determine which scenario applies and then implement the appropriate response procedures listed below:

Scenario 1: Substance Released Inside a Room or Building

General Procedures

1. Evacuate the building
2. Notify Main Office/Administration
3. Turn off all fans in the area of the release; close the windows and doors, shut down the building's air handling system

IC Responsibilities

2. Call 911
3. Contact the Charter Board
4. Direct School emergency Response Team members (search and rescue team) to isolate and restrict access to potentially contaminated areas
5. Direct school Emergency Response Team members (search and rescue team) to turn off local fans in the area of the release, close the windows and doors and shut down the building's air handling system
6. Ensure person's who have come in direct contact with the hazardous substances are washed and cleaned. See First Aid Team responsibilities

First Aid Team

1. Direct or assist individuals who have come into direct contact with hazardous substances, to wash with soap and water. Do not use bleach or other disinfectants on potentially exposed skin

2. Remove and contain all contaminated clothes
3. Segregate individuals that have been contaminated “topically” by a liquid from unaffected individuals (isolation does not apply to widespread airborne releases)
4. Provide additional medical attention as needed

Threats or Disturbances

Animal disturbance

This procedure should be implemented when the presence of a dog, coyote, mountain lion or any other wild animal threatens the safety of students and staff.

General Procedures

1. Notify office and administration
2. Keep students away from the animal (return to classroom, secure all entrances to classroom, etc.)

IC Responsibilities

1. Call 911 and/or Animal Control
2. Attempt to isolate the animal from students, if it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal

Disruptive Student

General Procedures

1. At the beginning of each school year, every teacher is to develop a “Clear the Room” procedure. This procedure includes step-by-step instructions of what to do should a student begin to throw things or attack other students or staff.
2. “Clear the Room” procedures should state to which teacher the students should report.

6. Review each plan and require that the plan be practice so that students will know what to do

Teacher/Staff Responsibilities

1. In concert receiving teachers, develop the "Clear the Room" plan.
2. Develop and alternate plan for when receiving teacher is not in the room.
3. Instruct students as to their roles if plan is implemented.
4. Stay with the out-of-control student.

Rumors

1. Treat all verbal and written threats as a serious matter

2. Immediately notify the IC about the information

3. Assist in the evaluation of the threat with other staff

Trespasser in building General Procedures

1. If the unauthorized visitor remains on the school property, notify the police, or IC of the situation, and implement Lock-Down procedures

2. If the trespasser refuses to register in the office and flees the scene obtain an accurate description and inform the office

3. Should a staff member observe a trespasser on school property; treat them as if they are simply a visitor who has failed to register in the office and kindly invite them to do so. NOTE: If a staff member is uncomfortable approaching trespasser, notify the office immediately of their presence

4. Teachers should recall students in hall, lock doors, and remain with their classes at all times

Bomb Threats General Procedures

1. Evacuation route should be posted in every classroom

2. Use Bomb Threat Checklist to record information about telephone bomb threats. Listen to

the message without interrupting the caller. Write down the message, noting time of call, unusual background noises, and estimated age of caller, and try to keep the caller talking. Attempt to ascertain from the caller the type of bomb, where placed, time of detonation, and reason school has been targeted

Public Agency Use of School Buildings for Emergency Shelters

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).) GENERAL PROVISIONS

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post- expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

STUDENTS WITH DISABILITIES

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement, pending the completion of the expulsion process, to be coordinated with the LAUSD Special Education Service Center.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

A. Was the misconduct caused by, or directly and substantially related to the student's disability? B. Was the misconduct a direct result of the Charter School's failure to implement 504?

NOTIFICATION OF THE DISTRICT

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

Critical Components of Expulsion Packets

If Law Enforcement is confiscating an item of evidence, then you must take a color photo of the evidence, obtain a property receipt from the officer, and have

the officer sign the Chain of Evidence document from the Expulsion Packet prior to relinquishing the evidence to the officer.

For cases involving Drugs, Mood Altering Substances and Unauthorized Substances, proof positive of the alleged substance must be provided within the expulsion packet as evidence to support the alleged charge. Whenever possible, have Law Enforcement complete a drug/substance kit, and/or issue a property receipt, to verify status of evidence as another specific unauthorized substances. Make a concerted effort to secure a statement from the offending student prior to removal from campus by Law Enforcement.

Recommendation for Expulsion Packets submitted to TEACH Public Schools and or LAUSD must be complete and include all evidence pertaining to the case to avoid delays in

scheduling of a Pre-expulsion Conference. DO NOT return evidence to the student, parent or guardian. When possible, obtain witness signatures on administrative statements. Remove date and time stamps that have been automatically generated by electronic devices such as printers or cameras from all articles included within the expulsion packet. Completed "Notification of Charter School Expulsion" [form available from the CSD website or office], including attachments as required on the form

- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion,

rehabilitation plan, reinstatement notice with eligibility date and instructions for providing

proof of student's compliance for reinstatement, appeal process, and options for enrollment

- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-

expulsion IEP. If the student is eligible for Section 504 accommodations, documentation that Charter School

conducted a Link Determination meeting to address two questions:

A. Was the misconduct caused by, or directly and substantially related to the student's

disability?

B. Was the misconduct a direct result of Charter School's failure to implement 504 Plan?

Notwithstanding the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

OUTCOME DATA

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

REHABILITATION PLANS

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

READMISSION

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

REINSTATEMENT

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

GUN-FREE SCHOOLS ACT

Charter School shall comply with the federal Gun-Free Schools Act.

This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq., which describes the noncharter schools' list of offenses and procedures, to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as the Charter School's policy and procedures for student suspension and expulsion and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations. Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures. The notice shall state that this Policy and Procedures are available on request at the Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or the Executive Director's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Executive Director or designee.

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days of when the student was suspended, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may

be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or Executive Director's designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing. The student will have the opportunity, at the discretion of the Executive Director and/or the classroom teacher, to complete instructional activities missed due to his or her suspension and will be able to communicate with designated school staff for any questions and for evaluation of work.

D. Authority to Expel

A student may be expelled by an Administrative Panel following a hearing before it, and preceded by recommendation from the Executive Director. The Administrative Panel shall consist of at least three members who are certificated employees and neither a teacher of the pupil or a Board member of the Charter School's governing board. The Charter School's Board will appoint an Administrative Panel. The Administrative Panel may expel any student found to have committed an expellable offense.

A student and his or her parents may appeal an expulsion decision by the Administrative Panel to the Charter School's Board, which will make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. If requested by the student, and unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

The Administrative Panel will hold a hearing on the case, and will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the student makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;

6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The Administrative Panel may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel

The Executive Director or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

J. Disciplinary Records

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.

K. Right to Appeal

The pupil shall have the right to appeal an expulsion decision from the Administrative Panel to the Charter School Board. The Charter School Board's decision to expel shall be final.

L. Expelled Pupils/Alternative Education

Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

M. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA- eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

(E) Sexual Harassment Policies (EC 212.6 [b])

Employee Prohibited Unlawful Sexual Harassment

TEACH Public Schools is committed to providing a workplace that is free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. Such training will include information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment.

Other staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual

harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Executive Director. See Appendix A for the

"Harassment Complaint Form." See Appendix B for the general "Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
- Rape, sexual battery, molestation or attempts to commit these assaults and
- Intentional physical conduct that is sexual in nature, such as touching, pinching, patting,

grabbing, brushing against another's body, or poking another's body.

- Unwanted sexual advances, propositions or other sexual comments, such as:

Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.

- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.

- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate LA Leadership policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint, or reporting harassment.

TEACH Public Schools will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation. TEACH Public Schools is committed to remediating any instances where investigation findings demonstrate unlawful harassment has occurred.

Following exhaustion of the TEACH Public Schools complaint procedures outlined herein, employees who believe they have been harassed or discriminated against may contact state or federal agencies to file a complaint. Employees who wish to contact the California Department of Fair Employment and Housing (“DFEH”) may do so by calling (800) 884-1684 (or, TTY, (800) 700-2320). For more information about or from the DFEH, visit www.dfeh.ca.gov or you can contact the Fair Employment Housing Commission at www.fehc.ca.gov. Employees who wish to contact the U.S. Equal Employment Opportunity Commission (“EEOC”) may do so by calling (800) 669-4000 (or, TTY, (800) 669-6820). For more information about or from the EEOC, visit www.eeoc.gov. Both the DFEH and EEOC will investigate complaints of discrimination or harassment, and may attempt to resolve such complaints either by prosecuting, conciliating or settling the matter on the employee’s behalf. TEACH Public Schools will not retaliate against any employee who files a complaint with, or otherwise participates in an investigation, proceeding or hearing conducted by, the DFEH or EEOC.

Student Unwanted Sexual Harassment

1. Submission to such conduct is made either explicitly or implicitly a term or condition of a student’s academic status or progress.
2. Submission to or rejection of such conduct by a student is used as the basis of academic decisions affecting the individual.
3. Such conduct has the purpose or effect of unreasonably interfering with the individual’s academic performance or creating an intimidating, hostile or offensive educational environment.

It is the responsibility of TEACH Public Schools to:

1. Implement this policy through regular meetings with all administrators, ensuring that they understand the policy and its importance;
2. Make all faculty, staff, students, and parents aware of this policy and the commitment of the school toward its strict enforcement;
3. Remain watchful for conditions that create or may lead to a hostile or offensive school environment;
4. Establish practices designed to create a school environment free from discrimination, intimidation, or harassment.

5. If informed he/she is perceived as engaging in discriminatory, intimidating, harassing or unwelcome conduct, to discontinue that conduct immediately.

Complaint filing and investigation procedures

The following procedures must be followed for filing and investigating a harassment claim:

1. The student may first choose to tell the individual causing the harassment that his/her conduct is offensive and must stop. If the objectionable behavior does not cease immediately, the student must report the harassment to the Principal.
2. The student alleging harassment will be asked to complete a formal, written complaint. The claim will be investigated thoroughly, involving only the necessary parties. Confidentiality will be maintained as much as possible.
3. The investigation will include a meeting with the person alleged to have harassed, sharing with that person the nature of the allegations as well as the name of the person bringing the allegations. If appropriate, the alleged harasser will be placed on administrative leave during the course of the investigation.
4. Once the facts of the case have been gathered, the Principal, in consultation with the Superintendent, will decide what, if any, disciplinary action is warranted. The disciplinary action will relate to the nature, context, and seriousness of the harassment and can include all disciplinary actions up to and including immediate expulsion or termination.
5. If the complaint is against a non-employee or non-student, such as a parent, volunteer, or vendor, the school will take steps, within its power, to investigate and eliminate the problem.

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

TEACH TECH Charter High School Student Conduct Code

STUDENT DISCIPLINE

The fundamental belief that was operating at the creation of TEACH and its discipline structure is that one of the major functions of education is the preparation of youth for responsible citizenship. TEACH Public Schools shall foster a learning environment that reinforces self-discipline and the acceptance of personal responsibility. In addition, all TEACH schools shall work with students and families to provide a safe school environment that provides students with the opportunity to have a quality education.

The following policies and procedures are designed to guide TEACH schools and personnel in dealing with student discipline issues, while providing students and parents with a clear set of expectations regarding student behavior and an understanding of the consequences of misconduct.

As provided in TEACH charter petition, the policies and procedures for suspension and expulsion of TEACH students set forth in this document comply with the policies and procedures identified in the California Education Code. These policies and procedures will be periodically reviewed and the lists of offenses for which students are subject to suspension or expulsion will be modified as necessary.

These policies and procedures will be enforced fairly, uniformly, and consistently without regard to sex, ethnic group, religion, sexual orientation, color, race, national origin and physical or mental disability

Discipline in General

Each school should develop a process for handling, and if necessary escalating, individual cases of student misbehavior. Strategies may include but are not limited to:

- Relocating the student’s desk to a different part of the classroom;
- Assigning different or additional work appropriate to the infraction;

- Utilizing a peer mediation or student conflict resolution program;
- Individual conversation with the classroom teacher about behavior and consequences;
- Utilizing a written referral framework;
- Designating selected classrooms and teachers (typically, lead teachers or advisors) as places for “time out”;
- Referring students to the principal or a designee;
- Contacting parents/guardians; and/or
- Requiring the student to attend before/after school detention or Saturday detention;

All TEACH school employees will report unmanageable or unusual behavior of students to the school principal or designee as soon as possible. The school principal or designee shall investigate the report and exercise his or her discretion for purposes of notification of parents, legal guardians, law enforcement, or local child protection services.

Suspension

Suspension is the temporary removal of a student from class instruction for adjustment or disciplinary reasons. A suspension does not mean any of the following:

1. Reassignment to another class at the same school where the student will receive continuing instruction for the school day.
2. Referral to an advisor assigned that role by the Principal.

While on suspension from school, the student is not to loiter on or about any school grounds at any time, nor to attend any TEACH school activity at any time, no matter where such activity may be taking place. Violation may result in further disciplinary action.

Except in cases where suspension for a first offense is warranted in accordance with law, each school site shall consider suspension from school only when other means have not been successful or where the student’s presence would constitute a danger to persons or property or seriously disrupt the educational process.

Authority to Suspend:

1. A teacher may suspend a student only from his/her classroom for the day of the suspension plus the following school day. A teacher’s suspension must be related to student safety and is subject to the approval of the principal.
2. The Principal or his/her designee may suspend a student from class, classes or the school campus for a period not to exceed five school days.
3. The President or his/her designee may extend a student’s suspension pending final decision by the School Board of Directors on a recommendation for expulsion.
4. A Special Education student being considered for expulsion may be suspended for ten (10) consecutive days pending assessment and an IEP Team meeting. The suspension may also be extended pending final decision by the School Board of Directors on a recommendation for expulsion.

A pupil may not be suspended or expelled for any of the acts enumerated unless the act is related to school activity or school attendance occurring within a school under the jurisdiction of the President or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are enumerated in the section and related to school activity or attendance that occur at any time, including, but not limited to any of the following:

- While on school grounds.
- While going to or coming from school.
- During the lunch period whether on or off the campus.
- During, or while going to or coming from, a school sponsored activity.

Expulsion

Expulsion is the involuntary removal of a student from all schools and programs of TEACH for an extended period of time for acts of specified misconduct. Except for single acts of a grave nature, expulsion is used only when there is a history of misconduct, when other forms of discipline, including suspension, have failed to bring about proper conduct, or when the student's presence causes a continuing danger to other students. Final action is only taken by vote of the TEACH Board of Directors – Executive Committee ("TEACH Executive Committee").

In the event that a student is recommended for expulsion from TEACH Tech, he or she is entitled to a hearing and, among other things, advance written notice of the rights and responsibilities enumerated in Education Code section 48918. Written notice of these due process rights shall be provided at least 10 days in advance of the date set for the hearing. (Ed. Code 48918)

Expulsion proceedings for a currently identified Special Education student require additional due process procedures. TEACH will follow all due process procedures for Special Education students included in this document and in the Education Code.

While under expulsion, a student cannot enroll in another California school district without approval of that district's Board of Education. Certain expelled students may enroll only in Juvenile Court Schools, County Community Schools, or District operated Community Day Schools (AB922) during the duration of the expulsion.

The School Board of Directors, upon voting to expel a pupil, may suspend the enforcement of the expulsion order for a period of not more than one calendar year and may, as a condition of the suspension of enforcement, assign the pupil to a school, class, or program that is deemed appropriate for the rehabilitation of the pupil. The rehabilitation program to which the pupil is assigned may provide for the involvement of the pupil's parent or guardian in his or her child's education in ways that are specified in the rehabilitation program. A parent or guardian's refusal to participate in the rehabilitation program shall not be considered in the School Board of Directors determination as to whether the pupil has satisfactorily completed the rehabilitation program. (Ed. Code 48917)

Expellable Offenses:

Category I – Mandatory Expulsion

Under the mandatory provisions of Education Code 48915(c), a student who has committed one or more of the following acts must be recommended for expulsion and the School Board of Directors must expel the student.

? Possessing, selling or otherwise furnishing a firearm when an TEACH School employee verified firearm possession,

? Brandishing a knife at another person,

? Unlawfully selling a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, or

? Committing or attempting to commit a sexual assault or committing sexual battery

Category II – Mandatory Recommendation for Expulsion

Under the mandatory provision of Education Code 48915(a), a student who has committed one of the following acts of misconduct must be recommended for expulsion unless particular circumstances render it inappropriate.

? Causing serious physical injury to another person, except in self-defense;

? Possession of any knife, explosive, or other dangerous object of no reasonable use to the student;

? Unlawful possession of any controlled substance listed in Chapter 2 (Commencing with Section 11053) of Division 10 of the Health and Safety Code, except for the first offense for the possession of not more than one avoirdupois ounce of marijuana, other than concentrated cannabis;

? Robbery or extortion;

? Assault or battery upon a school employee.

Category III – Expulsion May Be Recommended

In accordance with Education Code 48915 and by direction of the California Board of Education, a student may be considered for expulsion for committing any act not listed in Category I or II and enumerated in Education Code sections 48900, 48900.2, 48900.3, 48900.4, or 48900.7.

Note: The School Board of Director's decision to expel a student for violations included in Categories II and III must be based on a finding of one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about the proper conduct.

2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others. (Ed. Code 48915(b) and 48915(e).)

Note: If the Discipline Review Board chooses not to recommend the expulsion of the student, TEACHmay, at its discretion, impose a lesser form of disciplinary action which may include assigning the student to another school or program. Such transferred students will not be permitted to re-enroll in their former school of assignment. (Ed. Code 48918(e).)

See complete Suspension/Expulsion Policy and Procedures for procedures in cases involving expulsion, requiring the extension of suspension and/or expulsion, and the appeals process.

TEACH TECH Charter High School believes that learning best occurs in an environment that consistently incorporates Character Education, and Discipline into a sound academic program. TEACH TECH Charter High School believes that all children can learn when taught well. We recognize that the ultimate objective of education is to enable students to become successful, self-directed learners. This goal is best achieved in a culture of acceptance, high expectation, encouragement, support, and positive motivation. Teachers have a responsibility to maintain a positive learning environment. Discipline is a process by which students are helped to develop an understanding of, and an appreciation for appropriate behavior toward a sound learning experience. The process includes positive behavioral interventions. Any student who interferes with their right or the right of others to learn is engaging in inappropriate behavior. Inappropriate behavior is subject to disciplinary consequences. Students engaging in inappropriate behavior, or students who have conflict with another, is subject to disciplinary consequences. Our students are taught and encouraged to manage and resolve conflict on their own through positive communication skills. If after doing so, students feel that the problem is not resolved, the conflict should be reported to the teacher.

Restorative Justice

At TEACH, we believe in working with students in order for them to repair any harm that they may have caused to others through words or actions. Students accomplish this through a cooperative process that includes all stakeholders, which can lead to a transformation of people, relationships, and communities.

Conduct Code Procedures

General disciplinary problems may result in disciplinary action by teachers and/or by the principal. The Principal has primary responsibility for defining the school's culture to ensure that student discipline is implemented in a fair, effective manner. Teachers handle discipline. Instructional aides and staff may assist with discipline. Instructional aides and school staff members will make every effort, individually, collectively, and cooperatively to help each student gain acceptable self-discipline standards. Students with repeated behavior problems are referred to the Student Success Team. This team includes the student, parent, teacher, principal and counselor. An action plan is developed to help the student develop constructive behavior patterns.

Administrative Consequences

Consequences are developed to accomplish the following:

- To stop the misbehavior.
- To help a student recognize that he/she can do things differently.
- To help a student understand what is beyond his or her control.
- To help a student learn to deal with things he/she cannot change in a more cooperative manner.

The following outlines progressive consequences for inappropriate behavior:

TPS staff member will make a written note that the report was forwarded to the Principal or administrator.

Investigations of Complaints

1. TPS treats student complaints seriously.

- a. The principal or other administrator will initiate an investigation into the incident within forty-eight (48) hours of a complaint.
- b. The principal or other administrator will conduct a thorough investigation into the facts of the incident to be completed within thirty (30) calendar days of a complaint.
- c. The principal will notify the parents of the complainant and the PCQ, if the PCQ is a student, of the reported incident, the school's intent to investigate, and the potential consequences if the complaint is substantiated.
- d. Fact-finding for the investigation will be objective and will focus on the following factors:
 - (1) The age of the complainant(s).
 - (2) The age of the person(s) whose misconduct is in the complaint (Note: children from kindergarten through grade 3 are not subject to discipline for sexual harassment, hate violence or harassment/threats/ intimidation but other age-appropriate measures may be taken).
 - (3) The nature of the misconduct (for example, questionable restriction from programs, unwelcome physical contact, property damage, threats, repeated comments, pictures or writings that are racially explicit and/or degrading).
 - (4) The number of related incidents.
 - (5) The location of the incidents.
 - (6) The identity, number and relationships of the individuals involved (for example, misconduct by a teacher who is "off duty" may have greater impact on a complainant than similar behavior by another student; a group of students' misconduct toward one complainant might be more severe than one student's misconduct toward one complainant).
 - (7) Statements of any witnesses to the incident, in writing, signed and dated by the witness(es)
 - (8) Any prior substantiated complaints
 - (9) Any other facts the investigator finds relevant (for example, a history of negative behaviors, such as teasing by the PCQ or repeated inappropriate comments by a teacher, leading up to the misconduct)
- e. The investigator will also conduct a private, confidential interview with the PCQ to get the PCQ's response to the allegations.
- f. The principal or other administrator will notify the complainant and his/her parent/guardian of the investigation's progress.
 - (1) Unless a crime or potential criminal act is involved, the complainant may request the investigation to stop at any time. Where TEACH PS is required by law to continue, or where sufficient information has been gathered to show a problem, TPS shall move forward with appropriate corrective action without the complainant's participation.
 - (2) If the complainant is a minor, the complainant's parent/guardian must be consulted if the complainant requests the investigation to stop. A conference between the complainant, parent/guardian, and school administrator, point person and/or investigator should be held to discuss the decision.
- g. The investigator has up to thirty (30) calendar days to investigate a complaint. The investigator will write a report for each complaint, to be completed and given to the site principal within three (3) school days of the completion of the investigation. This report will include:
 - (1) A description of the incident
 - (2) The complainant's claims
 - (3) The PCQ's response
 - (4) The results of the investigation's fact-finding:
 - (a) The results should include all investigated facts and evidence from the factors listed above.
 - (b) The investigator should include all documents relevant to the complaint and investigation.
 - (c) These facts and evidence will be summarized objectively.
 - (5) Conclusions based on the factual findings
 - (a) The facts will be reviewed impartially.
 - (b) The investigator will prepare a conclusion for each of the complainant's claims.
 - (c) Conclusions will be directly tied to the underlying facts supporting them.
 - (d) Conclusions will clearly state whether or not misconduct occurred.
 - (6) Recommendations for disciplinary action, see Part V below, or other reasonable, age-appropriate, specific corrective actions to end the discrimination or harassment, eliminate the hostile environment, or eliminate future discrimination or harassment.

2. TPS will maintain records of all investigations into misconduct claims.

- a. These records will be confidential.
- b. These records may be used for tracking of complaints in order to improve procedures. If used as part of a study or database, all names of parties will be removed to protect the privacy of the parties.
- c. These records may be used to substantiate claims of repeated misconduct or retaliation for reporting misconduct.

Consequences

1. The site administrator will notify the complainant, the PCQ, and their parents or legal guardians of the determination of the complaint, including consequences, within two school days of the investigator's report to the site administrator.
2. Counseling services should be offered to both the complainant and the PCQ.
3. In less severe cases, with notice to the complainant and his/her parent or guardian, the principal or County Superintendent may determine that other consequences are more appropriate. These include:

- a. A written warning
 - b. A formal written apology from the PCQ to the complainant
 - c. Transfer of the PCQ to another school class or program from a class s/he shares with the complainant, which may require an IEP review if the PCQ is a Special Education student
 - d. Detention
 - e. Community service
4. Appeal of determination of misconduct
- a. If the complaint of misconduct is substantiated and the principal or County Superintendent determines that an involuntary release to student's district of residence is appropriate, the student charged with misconduct has the opportunity to appeal this decision.
 - b. For lesser disciplinary actions, the student charged with misconduct may request a conference between the student, his/her parent or guardian and the site principal.
 - (1) The charged student has five (5) school days from the day s/he learns of disciplinary action to request this conference.
 - (2) The school will hold this conference within five (5) calendar days of the request. The complainant and his/her parent or guardian will be notified of this conference. They may also attend or provide a written statement of their concerns.
5. Unsubstantiated complaints
- a. If an investigation does not support the complaint, the complainant and the PCQ will be notified. No disciplinary action may be taken but counseling may be offered to both parties.
 - b. If an investigation determines that the misconduct claim was false and the complainant made the claim knowing it was false, the complainant is subject to discipline including suspension or involuntary release to student's district of residence.
 - c. In the event that the complainant is dissatisfied with the determination of an unsubstantiated complaint, the Target may invoke the appeal process from the complaint policy, County Board policy 7380, at whichever step the complainant feels appropriate.
 - d. In addition, for complaints of discrimination, the complainant may file a complaint at any time with the Office for Civil Rights. TPS staff shall assist the Target by providing contact information.
6. If the PCQ is a TPS staff member, refer to Personnel policies regarding employee discipline.
7. If the PCQ is a contractor or vendor, refer to Business policies regarding any available corrective measures.

Safety Plan Review, Evaluation and Amendment Procedures

How was the previous plan monitored?

The plan was monitored by administration with discussion at the PBIS team meetings, team meetings, and School Site Council meetings.

What progress was made on Component I (People and Programs)?

What does the data show?

The goal for component 1 was: Students will understand and consistently follow the behavioral expectations. This included two objectives: 1) Tier 1 and Tier 2 strategies for social emotional issues will be defined and in use. 2) 70% of students receiving Tier 2 services will indicate improvement in the area of need.

Our major focus has been on defining, teaching, and reinforcing Tier 1 expectations. To do this, the following measures have been taken in the past year:

* A PBIS team was created using categorical funds to cover release days and some extra hourly costs.

* This team revised the Tier 1 expectations to: Be honorable. Be sensible. Be safe. A matrix was created that defined these expectations in all areas of the school including classrooms, common areas, hallways, and restrooms. Signs will be designed, procured and hung in all areas of campus.

* Referral processes were reviewed and revised and presented to the staff at large.

* Classroom lessons were developed to be facilitated by teachers during SSR at the beginning of the school year and to be reinforced mid-year.

* Videos were produced to review these expectations and were shared at the beginning and mid-year during SSR.

* An initial system of positive recognition was developed including "Way To Go Wednesdays" with monthly assemblies and Postcards home.

In December, a "universal assessment" was shared with the staff to identify students exhibiting externalized and internalized signs of distress in the classroom. This assessment was consolidated to identify 5 students needing Tier 2 support. We have begun to identify appropriate interventions for some of these students. These include: Check In, Check Out for two students, (one has since enrolled at another site), a boys group, and a group to support executive functioning. These have not been in place long enough to determine impact.

What progress was made on Component II (Physical Safety)?

What does the data show?

Our physical safety goal was to ensure appropriate posting was done for emergency procedures and that these were communicated to substitutes. We have met this goal. All classrooms have emergency procedure posters. We provide guest teachers a badge, and folder containing emergency procedures and general school information such as a map of the school and bell schedule when they arrive.

Component: Creating a Caring and Connected Community

People and Programs

Goal:

Goal #1 (2018-2019) Our goal is to continue to refine Tier 1 and Tier 2 strategies for Social/Emotional Issues

Objective:

Measurable Objective (2018-2019)

1. Seventy percent of students receiving receiving Tier 2 services will show improvement in the area of need
2. Student recognition assemblies will take place a minimum of twice a year

TEACH TECH Charter High School Incident Command System

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

A.1 INCIDENT COMMANDER

Primary Dr. Monique Woodley

Alternate Shane Ellis

The Incident Commander (IC) is responsible for emergency and/or disaster operations and shall remain at the Command Post (CP) to observe and direct all operations. You are responsible to ensure the safety of students, staff and others on campus. Lead by example; your behavior and decisions set the tone for staff and students.

Start up actions:

- Obtain your personal safety equipment; i.e. hardhat, vest, clipboard with job description sheet
- Access type and scope of emergency.
- Determine threat to human life and structures.
- Implement the Emergency Operations Plan and relevant hazard specific procedures.
- Assume the duties of ALL incident positions until staff is assigned and available.
- Activate functions (assign positions) as needed. Appoint a backup or alternate for IC.
- Assign staff to initiate check-in procedures.
- Ensure that an incident organization and staffing chart is posted and arriving staff are assigned by name.
- Ensure the Incident Command Post is properly set up and ready for operation.
- Ensure that telephone and/or radio communication with other facilities are established and tested.
- In conjunction with the Planning Section Chief, develop and communicate an incident action plan with objectives and a time frame to meet those objectives.
- Open and maintain a position log.

Ongoing operational Duties:

- Continue to monitor and assess total school situation.
- View site map periodically for Search and Rescue progress and damage assessment information.
- Check with section chiefs for periodic updates.
- Reassign personnel as needed.
- Report (through communication) to School District office contact on status of students, staff and campus as needed.
- Establish contact with Los Angeles Unified School District, local law enforcement and/ or fire department and other agencies, as needed, to provide assistance and/ or to keep informed of school disaster status.
- Develop and communicate with Planning Section revised incident action plans as needed.
- In conjunction with the Public Information Officer, conduct press briefings and review media releases as required. Establish procedures for information releases and press briefings with other agencies who may be involved.
- Begin student release when appropriate. NOTE: No student should be released until student accounting is complete. Never send students home before the end of the regular school day unless directed by the Superintendent or his/her designee, except individuals on request of parent/ guardian.
- Utilize your alternate; plan and take regular breaks, 5-10 minutes per hour away from CP.
- Plan regular breaks for all staff and volunteers. Take care of your caregivers.
- Thoroughly brief relief staff upon shift change.
- If incident becomes a Unified Command, thoroughly brief your Co-Incident Commander(s).
- Release teachers as appropriate. By law, during a disaster, teachers become "disaster workers." Stagger teachers and staff appropriate release time to check on family and loved ones when possible.
- Remain on and in charge of your campus until redirected or released by the Superintendent or his/ her designee.

Closing Down:

- Authorize deactivation of sections, branches or units when they are no longer required.
- At the direction of the Superintendent or his/her designee, deactivate the entire emergency response. If the Fire Department or other outside agency calls an "All Clear," contact the district before taking any further action.
- Ensure the return of all equipment and reusable supplies to Logistics.

A.3. Public Information Officer

Primary Dr. Monique Woodley

The Public Information Officer (PIO) acts as the official spokesperson for the school site in an emergency situation. If a School District PIO is available, he/she will be the official spokesperson. A school site based PIO should only be used if the media is on campus and the district PIO is not available or forthcoming.

- Important Note- the public has the right and need to know important information related to emergencies/ disaster at the school site as soon as it is available and does not jeopardize an ongoing investigation or local and/or national security.
- News media can play a key role assisting the school in getting emergency/ disaster related information to the public and parents. Information released must be consistent, accurate and timely.

Start up Actions:

- Determine a possible “news center” site as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.

Operational Duties:

- Keep up to date on the situation
- Statements must be approved by the IC and should reflect:
 - Reassurance
 - Incident or disaster cause and time of origin
 - Size and scope of incident

progress, care being given, injuries, student release location,

etc. Do not release any names.

- Resources in use
- Best routes to school if known and appropriate

Each procedure is described in detail and utilizes the school emergency management team for emergency procedures. Not every position may need to be activated on every incident. Each incident needs to be evaluated individually with appropriate response initiated depending on the complexity.

It is important to note that school administrators are responsible for the health and safety of students and staff during an emergency. Although the following procedures refer to specific actions, school administrators must exercise discretion in implementing standardized procedures, and should consider modifications as necessary to assure the health and safety of all personnel during an emergency.

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

Assess the situation carefully yet quickly. Is there immediate danger to staff or students? Is the danger within the building or outside the building? What is the magnitude of the event?

Step Two: Identify the Level of Emergency

What is the magnitude of the event? Is it life threatening? What needs to be done immediately to protect safety while further information is gathered?

Step Three: Determine the Immediate Response Action

Do not delay in calling 911 and the District Office. It is better to have emergency responders arrive and not be needed than to delay calling them and risk injury or harm.

Step Four: Communicate the Appropriate Response Action

Communicate clearly to staff and students what they should do immediately. Activate the emergency response team at the school as needed.

Types of Emergencies & Specific Procedures

Aircraft Crash

This procedure addresses situations involving an Aircraft Crash on or in proximity to school property. If a crash results in a fuel or chemical spill on school property, refer Biological or Chemical Release. If a crash results in a utility interruption, refer to Loss or Failure of Utilities.

Procedure

1. The School Administrator will initiate appropriate Immediate Response Actions, which may include DROP, COVER and HOLD ON, SHELTER-IN-PLACE, EVACUATE BUILDING, or OFF-SITE EVACUATION.
2. If the School Administrator issues the EVACUATE BUILDING action, staff and students will evacuate the buildings using prescribed routes or other safe routes to the Assembly Area.
3. In the event of an evacuation, teachers will bring their student roster and take attendance at the Assembly Area to account for students. Teachers will notify the Assembly Area Team of missing students.
4. The School Administrator will call "911" and the Los Angeles County Sheriff and provide the exact location (e.g., building or area) and nature of emergency. The School Administrator will call the office of the District Superintendent.
5. If on school property, the Security/Facilities Team will secure the crash area to prevent unauthorized access.
6. The School Administrator will direct the Fire Suppression and HazMat Team to organize fire suppression activities until the Fire Department arrives.
7. The First Aid/Medical Team will check injuries to provide appropriate first aid.
8. Any affected areas will not be reopened until the Fire Department or County HazMat or appropriate agency provides clearance and the School Administrator issues authorization to do so.
9. The Psychological First Aid Team will convene onsite and begin the process of counseling and recovery as appropriate.
10. If it is unsafe to remain on campus, the School Administrator will initiate an OFF-SITE EVACUATION, if warranted by changes in condition.

Animal Disturbance

Intruders/ Vicious Animals

1. Call the school main office and office staff will check out the situation and take appropriate action (i.e., contact Police or animal control agency).
2. Administration should initiate a code to alert staff of a potential suspicious intruder.
3. Keep the students in the classroom until the threat is cleared.
4. Implement shelter in place if necessary; lock classroom doors and windows, move away from windows, draw curtains, remain silent.
5. Notify office of who is with you, if possible.
6. All students outside of the building are to be quietly and cautiously led into the building.
7. Wait for further instructions from administration and/or police/animal agency.

Armed Assault on Campus

Armed Assault on Campus

Armed Assault on Campus involves one or more individuals who attempt to take hostages or cause physical harm to students and staff. Guns, knives or other harmful devices may be involved.

Procedure

1. Upon first indication or armed assault, school personnel immediately call 911. School site security team are to be notified via radio or cell phone.
2. School Administrator is notified. School Administrator assures or designates a person to remain online with Police/Sheriff if safe to do so.

3. If suspect is seen, do not engage. This could generate a hostage situation. Give 911 operator a detailed description of suspect(s). If suspect is outside, try to keep suspect outside.
4. School Administrator initiates Lockdown Procedures
5. Staff keeps everyone in an area under cover and as concealed as possible. Stay behind solid walls and doors; keep away from windows.
6. If students are in class at time of Lockdown, staff will:
 - a. Explain that there is an emergency
 - b. Lock all classroom doors
 - c. Have students lie on floor, behind or underneath solid objects
 - d. Close blinds stay away from windows
 - e. Control all cell phone activity
 - f. Remain in classroom until personally advised to move by administration or law enforcement
7. If students are not in class at time of Lockdown, staff will:
 - a. Move students to nearest available safe building, without drawing attention to self or students. If doors are locked, continue to look for a safe area.
 - b. Once inside, lock doors if possible; if lock is on outside of door, attempt secure door from inside
 - c. Follow remaining steps in item 6 above
8. Staff takes steps to calm and control students, and if safe to do so, attempt to maintain separation between students and suspect(s)
9. Maintain order in all areas of assembly or shelter, await arrival of law enforcement. Be prepared for lengthy stay of 2-4 hours.
10. All Clear signal will be made by personal notification only, after consultation with Law Enforcement Administrative Personnel on scene
11. Staff is not to act upon bells or PA messages without this personal notification

Biological or Chemical Release

Chemical Spill/ Incident

If Indoors:

1. Block or rope off area – DO NOT TOUCH ANYTHING.
2. Evacuate room and TURN OFF air conditioning system.
3. Notify school office and Head Custodian of the incident - contact 911 if necessary.
4. Head Custodian should check for chemical safety data to determine clean up procedure.

If Outdoors:

1. Upon hearing of a chemical leak (usually from the fire department or other city office) the principal will determine if students should be evacuated.
2. Move away from buildings, poles and overhead wires.
3. Close doors and windows and TURN OFF air conditioning system.
4. If it is necessary to leave the site, move crosswind, never more directly with or against the wind which may carry fumes.
5. Give first aid.
6. Staff to follow the emergency procedures previously described.

A biological or chemical release is an incident involving the discharge of a biological or chemical substance in a solid, liquid or gaseous state. Such incidents may also include the release of radioactive materials. Common chemical threats within or adjacent to schools include the discharge of acid in a school laboratory, an overturned truck of hazardous materials in proximity of the school, or an explosion at a nearby oil refinery or other chemical plant. This procedure deals with three possible scenarios involving the release of biochemical substances:

Scenario 1: Substance released inside a room or a building

Scenario 2: Substance released outdoors and localized

Scenario 3: Substance released in the surrounding community

It is necessary to first determine which scenario applies and then implement the appropriate response procedures listed below:

Scenario 1: Substance Released Inside a Room or Building

General Procedures

1. Evacuate the building
2. Notify Main Office Administration
3. Turn off all fans in the area of the release; close the windows and doors, shut down the building's air handling system

IC Responsibilities

1. Signal for the building to be evacuated
2. Call 911
3. Contact the Alliance Home Office
4. Direct School Emergency Response Team members (search & rescue team) to isolate and restrict access to potentially contaminated areas
5. Direct School Emergency Response Team members (search & rescue team) to turn off local fans in the area of the release, close the windows and doors, and shut down the building's air handling system
6. Ensure persons who have come in direct contact with the hazardous substances are washed and cleaned. See First Aid Team responsibilities.
7. Complete the Biological and Chemical Release Response Checklist
8. The School, or affected areas, will not reopen until the County HazMat or appropriate agency provides clearance to do so

Teacher/Staff Responsibilities

1. Evacuate classroom in a calm and orderly fashion. Follow general evacuation procedures.
2. At the evacuation site, prepare a list of all individuals in the affected room or contaminated area; specify those who may have had actual contact with the substance. Provide this information to the IC.

First Aid Team

1. Direct or assist individuals who have come into direct contact with hazardous substances, to wash with soap and water. Do not use bleach or other disinfectants on potentially exposed skin.
2. Remove and contain all contaminated clothes
3. Segregate individuals that have been contaminated "topically" by a liquid from unaffected individuals (isolation does not apply to widespread airborne releases)
4. Provide additional medical attention as needed

Scenario 2: Substance Released Outdoors and Localized

General Procedures

1. Notify Main Office/Administration
2. Turn off all fans in the area of the release; close the windows and doors, shut down the building's air handling system

IC Responsibilities

1. Immediately direct staff to remove students from the affected areas to an area upwind from the release. If necessary, evacuate the building.
2. Call 911
3. Contact the Alliance Home Office
4. Direct School Emergency Response Team members (search & rescue team) to establish a safe perimeter around the affected area and ensure personnel do not reenter the area
5. Direct School Emergency Response Team members (search & rescue team) to turn off local fans in the area of the release, close the windows and doors, and shut down the building's air handling system
6. Ensure persons who have come in direct contact with the hazardous substances are washed and cleaned. See First Aid Team responsibilities.
7. The School, or affected areas, will not reopen until the County HazMat or appropriate agency provides clearance to do so

Teacher/Staff Responsibilities

1. Evacuate students away from the affected area, as directed by the IC
2. At the evacuation site, prepare a list of all individuals in the affected room or contaminated area; specify those who may have had actual contact with the substance. Provide this information to the IC.

First Aid Team

1. Direct or assist individuals who have come into direct contact with hazardous substances, to wash with soap and water. Do not use bleach or other disinfectants on potentially exposed skin.
2. Remove and contain all contaminated clothes
3. Segregate individuals that have been contaminated “topically” by a liquid from unaffected individuals (isolation does not apply to widespread airborne releases)
4. Provide additional medical attention as needed

Scenario 3: Substance Released in Surrounding Community

IC Responsibilities

1. Once local authorities determine a potentially toxic substance has been released to the atmosphere, initiate a Lockdown (Soft)
2. Direct all students and staff who are outside when the Lockdown (Soft) is declared to return to their classrooms or other designated space
3. Call 911 and advise them of the school’s response to the event
4. Contact the Alliance Home Office
5. Direct staff to turn off local fans, close and lock doors and windows. Consider directing staff to seal gaps under doors and windows with wet towels or duct tape. If gaps are sealed; monitor the air space in each classroom.
6. Direct School Emergency Response Team (search & rescue team) to seal vents with aluminum foil or plastic wrap and turn off sources of ignition, such as pilot lights, and shut down all buildings’ air handling systems
7. Turn on a radio or television station to monitor information concerning the incident
8. Do not declare an All Clear until the County HazMat or appropriate agency provides clearance to do so

Teacher/Staff Responsibilities

1. When directed to do so, turn off local fans, close and lock doors and windows, seal gaps under doors and windows with wet towels or duct tape. If gaps are sealed; monitor the air space.
2. Report any medical conditions or other concerns to the IC.

Bomb Threat/ Threat Of violence

Lockdown/Shooting Incident

If a shooting takes place the first priority is to shelter students and staff. On hearing shots or an announcement from Principal:

1. Teachers close and lock all classroom doors and windows immediately.
2. Teachers take roll.
3. Teachers calmly direct students to duck under their desks.
4. Principal calls 911.
5. Principal assigned person ensure students are not in the hallways or bathrooms. Students found in these areas are immediately escorted to a secure classroom or office.
6. Office personnel close and lock all office doors and windows immediately.
7. Nobody leaves their secure sites until emergency crew members escort them to safety.
8. Assigned person(s) will control and organize media.
9. Assigned person(s) will ensure that counseling services are available as soon as possible.

Bomb Threat

There are two primary ways a bomb threat may arise. One is through a phone call or written letter in which a bomb is discussed. The other is through a citing of a suspicious object. Threats should be handled quickly and efficiently as if they were real and life threatening.

If there is a phone call or written threat of a bomb on campus, the person who took the call or read the note will:

1. Notify Principal immediately.
2. Try to obtain information from the caller such as where the bomb is, where it is set to explode, what it looks like, what kind of bomb it is, why it is there and who the caller is. Note any identifying features about the caller (i.e. gender, speech patterns).

If there is a citing of a suspicious object, the person would:

1. Notify Principal immediately.
2. Do not touch the object but note any identifying features to describe it to the Principal and emergency crews.

In all cases:

1. If Principal determines to evacuate, staff follows emergency procedures previously described.
2. Before emergency crews are on campus, do not search for any bomb, or explosive. Search only for people who should be evacuated.
3. If you see any suspicious object, steer clear of it and report it to the Principal and the emergency crew chief. Follow all emergency crew and bomb squad directives.
4. Use radios, walkie-talkies and phones only if absolutely necessary as the frequencies may set off the bomb(s).

Explosion

If indoors:

1. All drop down to the floor and duck and cover.
2. Turn away from the windows.
3. Take cover under a desk or table or against an interior wall.
4. Cover head with arms or hold to the cover.
5. Hold the position until directed to the building.
6. Staff to follow the emergency procedures previously described.

If outdoors:

1. Move away from buildings, poles and overhead wires.
2. Lie down or crouch low to the ground.
3. Look out for dangers that demand movement.
4. Staff to follow emergency procedures previously described.

Death/Suicide

1. Principal will be notified in the event of a death or suicide on campus.
2. Assigned person(s) will phone 911.
3. Assigned person(s) will phone TEACH headquarters.
4. Principal will notify teachers to keep students in their classrooms until informed otherwise.
5. Assigned person(s) will control and organize media.
6. Assigned person(s) will notify relatives where the victim(s) have been taken and not divulge unnecessary details.
7. Assigned person(s) will ensure that counseling services are available as soon as possible.

Suicide Prevention

Assisting students who express suicidal wishes or engage in suicidal behaviors is essential to maintaining a safe and healthy environment for students.

1. An administrator who serves as the head of the school site shall respond to reported incidents of students expressing suicidal wishes or engaging in suicidal behaviors.
2. A preliminary assessment and referrals, as appropriate, will be completed by the designated "administrator", including a review of risk factors.
3. Parents must be informed of the student's actions or expressions of intent.

Responses to Bomb Threat is initiated upon the discovery of a suspicious package on campus grounds or receipt of a threatening phone call that present risk of an explosion.

General Procedures

1. Evacuation route should be posted in every classroom

2. Use Bomb Threat Checklist to record information about telephone bomb threats. Listen to the message without interrupting the caller. Write down the message, noting time of call, unusual background noises, and estimated age of caller, and try to keep the caller talking. Attempt to ascertain from the caller the type of bomb, location placed, time of detonation, and reason school has been targeted.

3. After caller has concluded his or her threat, hang up and immediately lift the receiver and press *69 (call trace)

4. If school has caller ID, note the number from which call was made

5. Notify Main Office Administration

6. If threat is written, place it in an envelope or plastic bag

7. Prepare media statement and flyer to inform parents

IC Responsibilities

1. Evaluate the bomb threat and determine if building evacuation is necessary

2. If threat is deemed valid:

a. Call 911 – advise building is being evacuated because of a bomb threat

b. Activate SERT

c. Turn off school bell system

d. Don't use PA system

e. Turn off all two-way radios

3. Dispatch SERT to notify each classroom of the need to evacuate the school. While completing this task, conduct a limited search of common areas of the school.

4. In consultation with police/fire officials, determine when it is safe to reenter the school

NOTE: Do not utilize the fire alarm system to evacuate the building

Teacher/Staff Responsibilities

1. Upon receipt of notification to evacuate the school, conduct a limited search of classrooms to determine if any strange or unknown objects are in the room

2. Proceed to pre-designated evacuation point with emergency back pack

3. Maintain control of students and advise SERT of any missing children

4. Do not reenter the building until directed to do so by a SERT member or someone in authority

Device Found

Upon discovery of a suspicious device, immediately send word to the IC. If the device is found in a classroom with students, immediately, but in an orderly manner, evacuate the classroom. UNDER NO CONDITION ATTEMPT TO TOUCH OR MOVE THE DEVICE.

IC Responsibilities

1. Upon notification of a device found:

a. Call 911 – advise building is being evacuated because a suspected bomb has been discovered. If possible, give a description of the device.

b. Activate the SERT

c. Turn off the school bell system

d. Turn off all two-way radios

e. Do not use the fire alarm system to evacuate the building

2. Dispatch SERT to begin the evacuation process. The order of evacuation should be:

a. Classroom in which the device is located

b. Classrooms on either side of, across the hall from, that back up to, or are directly above or below the classroom containing the device. Continue increasing the size of the evacuation until all students and staff are at a safe distance.

3. The evacuation must be conducted in an orderly and controlled manner so as not to create an unstable environment which may exacerbate the situation

4. In consultation with police/fire/bomb disposal officials, determine when it is safe to reenter the building

Teacher/Staff Responsibilities

1. Upon receipt of notification to evacuate the classroom, proceed to pre-designated evacuation location with emergency back pack

2. Maintain control of students and advise SERT of any missing or unaccounted for students

3. Do not enter the school until directed to do so by an SERT or police/fire authority

Bus Disaster

TEACH Tech Charter High School does not provide buses. In situations where buses are provided to students independent contractors are hired and responsible for student safety. TEACH PS provides the following guidelines for bus emergencies: Emergencies occur without warning and vary in their level of risk and severity. During any emergency situation bus drivers must be able to focus on all of the interrelated pieces of a particular emergency. While each situation will be different and could have many parts, the driver will need to stay focused on their responsibility and work towards providing a safe environment for all passengers regardless of their involvement in the emergency.

Use this Emergency Plan as a guide as you assess the emergency situation. It will help you determine the courses of action that will best address the threat or hazard you are facing. Bus drivers are empowered to deviate from the roles described in this plan including the order of these actions, whenever doing so is likely to reduce the risk of serious injury or death. These procedures apply to student activity trips and regular school bus routes.

Disorderly Conduct

Disorderly conduct may involve a student or staff member exhibiting threatening or irrational behavior.

Procedure

1. Upon witnessing Disorderly Conduct, staff will immediately notify the School Administrator.
2. The School Administrator will initiate the appropriate Immediate Response Actions, which may include SHELTER-IN-PLACE, LOCKDOWN, EVACUATE BUILDING or OFF-SITE EVACUATION.
3. The School Administrator will call Los Angeles County Sheriff and or other response agencies, PET Team, depending upon the assessed need and provide the exact location and nature of the incident. If determined to be appropriate, the School Administrator will call "911."
4. If an immediate threat is not clearly evident, the School Administrator or a staff member may attempt to diffuse the situation. Approach the perpetrator in a calm, non-confrontational manner and request he or she leave the campus. Avoid any hostile situations.
5. If the perpetrator is a student, an attempt should be made to notify the family. (Family members may provide useful information on handling the situation.)
6. The School Administrator will notify the District Superintendent of the situation.

Earthquake

Earthquake

If indoors:

1. DUCK or DROP to the floor on your knees and make the body as small as possible. COVER yourself under a sturdy desk, table or bench, in a hall, or stand against an inside wall.
 - a. You should be facing away from: windows; doors; glass; skylights; brick or rock faced walls; large moveable objects, such as bookcases; or outside doors and walls.
 - b. With one arm, HOLD on to a desk leg so that it will protect your head and neck and so that it will not move away from covering you; be prepared to move with it. STAY in this position for at least one minute or, in a real situation, until shaking stops. When it is safe, proceed to the assembly areas in the same manner as for Evacuation Procedures.
 - c. Rest your head on one arm and place your other arm over the base of the head and neck.
2. Turn away from windows.
3. Take cover under a desk or table or against an interior wall.
4. Cover head with arms or hold to the cover and be prepared to move with it.
5. Hold the position until the ground stops shaking.
6. When initial shaking stops, principal or office manager sounds alarms to evacuate the building.
7. Staff to follow emergency procedures previously described.

When outdoors, stay outside.

Tremors and shaking of the earth are the signals of an earthquake. The initial shock is likely to be not more than ninety seconds duration.

1. Move away from buildings and overhead wires or structures

2. Lie down or crouch low to the ground. Drop to the ground on your knees and make the body as small as possible
 - a. Face position away from: buildings, power poles and lines, trees or other overhead hazards, roads and streets, as cars may go out of control.
 - b. Cover as much skin surface as possible, close your eyes, and cover your ears. If you have a book or other similar object, place it over the base of your head and neck to protect you from flying debris.
3. When it is safe, proceed to the assembly areas in the same manner as for Evacuation Procedures
4. Look out for dangers that demand movement.
5. Be prepared to duck and cover again due to after shocks.

Staff to follow emergency procedures previously described

Walking to or from school facilities

If students are walking to or from school when an earthquake occurs, they should stay away from all buildings, trees, exposed wires, or other hazards that may fall. The safest place is in the open. Students should assume “drop, cover, and hold” position until the quake is over. After the earthquake, if on the way to school facilities, continue to school. If on the way home, continue home or return to school.

Teacher responsibilities during the evacuation

The teacher may render immediate first aid if necessary. Students with major injuries and are unable to move are to remain in the classroom (search & rescue team members or first responders will remove injured students/staff). Students with minor injuries are to be moved out of the classroom with the class.

1. Teachers check primary evacuation route for blockage and dangers such as fallen trees or electrical wires
2. If primary route is blocked, check alternate route. Do not walk under covered walkways unless absolutely necessary.
3. If both routes are blocked do not risk injury to yourself or students. Wait for help to arrive!
4. When evacuating classroom, take your emergency backpack and folder with you.
5. Check with your buddy teacher during an evacuation to ensure everyone is evacuating and assist or evacuate the class yourself if necessary
6. Door is to be left open during an earthquake disaster

Always DUCK, COVER, and HOLD when an earthquake occurs. Assess the situation and remain calm. When alerted to evacuate or have made a decision to evacuate, look for the safest route, take your emergency backpack and ID card, and escort your children to the assembly area. Check the adjacent classroom(s) and assist if necessary or evacuate the class(es). Wedge the door open if possible. Take the attendance with the Emergency Attendance Form to the evacuation site and display appropriate ‘alert card’ (Green Card = all students accounted for, Red Card = missing students and/or need assistance) from the emergency backpack.

1. Anyone who is ‘injured but mobile’ should be escorted to the assembly area
2. Anyone who is ‘severely injured and not mobile’ should be left for the search and rescue team or first responders
3. Leave all ‘dead’ where they are

All classified and support staff are to escort their students to the assembly area and return to their teacher. They will then await instruction from the IC. Office personnel are to take emergency cards, radios, and key sets with them and report to the Incident Commander for instructions.

Explosion or Risk Of Explosion

This section addresses four possible scenarios involving an explosion or risk of explosion:

Scenario 1: Explosion on school property

Scenario 2: Risk of explosion on school property

Scenario 3: Explosion or risk of explosion in a surrounding area

Scenario 4: Nuclear blast or explosion involving radioactive materials

(a nuclear blast is characterized by a sequence of intense light and heat, air pressure wave, expanding fireball, and subsequent radioactive fallout)

It is important to first determine which scenario applies and then implement the appropriate response procedures.

Scenario 1: Explosion on School Property

General Procedures

1. Call 911
2. Initiate Duck, Cover and Hold procedures
3. Consider the possibility of another imminent explosion and take appropriate action
4. After the explosion, the IC will initiate the appropriate response signal, which may include a Lockdown or Evacuation. Evacuation may be warranted in some buildings and other buildings may be used as shelter.
5. In the event of an evacuation, sound the fire alarm and everyone in the school should leave the building in a calm, orderly manner with classes led by teachers.
6. Any students separated from their classes should be incorporated into any adult-led group
7. Follow the evacuation routes established in the fire drill plan. Create a safety zone -- at least 300 feet from the building.
8. Staff without classes should monitor crosswalks or other posts to locate children that may have been separated from adult supervisors
9. Teachers should have class rosters so that each student can be accounted for once the evacuation is completed. Names of any students unaccounted for or students that have joined groups other than their own classes in the evacuation process should immediately be given to the IC.
10. The IC should formulate a list of students that could still be in danger with the assistance of other administrators or staff
11. Limit the use of electronic and motorized devices – no open flames
12. Attempt to suppress fires with extinguishers
? Note: Ensure the use of proper type of extinguishers, i.e. Class A, B or C for ordinary combustibles; Class B or C for fires involving flammable liquids; or Class C only for fires involving electrical equipment.
13. Contact the Utility company with any damage to water lines, sewers, power lines or other utilities
14. Any areas affected by the explosion will not be reopened until the City/County HazMat or appropriate agency provides clearance and authorization

Scenario 2: Risk of Explosion on School Property

General Procedures

1. Call 911
2. Determine the appropriate response signal: Lockdown (Soft) or Evacuation
3. If an evacuation is warranted, follow standard evacuation procedures in Evacuation Procedures
4. If an explosion occurs follow the procedures outlined in Bomb Threats

Scenario 3: Explosion or Risk of Explosion in Surrounding Area

General Procedures

1. The IC will initiate a Lockdown (Soft)
2. Call 911
3. Do not declare an All Clear until the appropriate authorities have given authorization to do so

Scenario 4: Nuclear Blast or Explosion Involving Radioactive Materials

General Procedures

1. The IC will initiate a Lockdown (Soft)
2. Call 911
3. Staff members should attempt to establish an adequate barrier or shielding (e.g. concrete walls, metal doors) between themselves and the source of the blast or explosion. Move students away from exterior windows.
4. After the initial blast, remove students from rooms with broken windows, extinguish fires, provide first aid, and relocate students from upper floors if possible
5. Turn off the school's main gas supply, local fans in the area, lock doors and windows, shut down all buildings' air handling systems, seal gaps under doors and windows with wet towels or duct tape, seal vents with aluminum foil or plastic wrap, and turn off sources of ignition, such as pilot lights
6. Monitor radio or television announcements and initiate further action as appropriate
7. Do not declare an All Clear until the City/County HazMat or appropriate agency provides clearance

Fire in Surrounding Area

IC will determine whether the students and staff should leave the premises, or any further action should be implemented.

Burning Clothes

If a student's or staff member's clothing catches fire, don't allow them to run! Smother the fire with a blanket, coat, rug, curtain, or other heavy fabric material. If wrapping material is not available, drop the victim to the ground and attempt to smother the fire by rolling the victim on the ground. After the fire is out treat the victim for shock (lying down, feet raised, neck supported) and cover the burned area with soaking wet cloth, sheet or blanket.

When appropriate and directed by the IC, SERT member may:

1. Turn off the gas and electricity service
2. Direct emergency vehicles to the scene
3. Make sure fire lanes are clear and gates are open

IMPORTANT: ALL SEARCH AND RESCUE, FIRE FIGHTING, OR ANY OTHER ACTIVITIES WILL CEASE IF TOXIC OR HAZARDOUS MATERIALS ARE INVOLVED. ALL PERSONNEL ARE TO EVACUATE IMMEDIATELY.

Fire on School Grounds

Fires may occur at any time in almost any structure and usually are totally unexpected. The longer a fire is undetected the more severe and dangerous it can become. A definite plan of action is needed for each occupied area to ensure that the maximum effort is made to protect the occupants and the buildings involved.

The Principal of each school shall develop a route of egress and an alternate route to be used in case of fire. These route signs shall be posted in each occupied area in a conspicuous place, preferably near the door to be used during the evacuation (place at student's eye level). Clearly identify the primary escape route.

Fire extinguishers should be used only after notifying the Fire Department and only if feasible. Fire extinguishers are intended for small fires only. In addition, the user should make sure the fire extinguisher is of the proper type for the fire before using it.

General Fire Safety

1. Ensure that all exits are clearly marked and free of clutter (this includes classroom exits)
2. Ensure the location of all fire extinguishers and pull stations is indicated on the evacuation map posted in every classroom and office.

Passage and Aisle Widths

A minimum of 36 inch free and clear passage width shall be maintained in all doorways and aisles within each classroom and office. Equipment, furniture, or materials which reduce these passageways to less than 36 inches must be relocated.

Turning off the Fire Alarm System

If for any reason it is determined that the fire alarm bell system must be silenced, a trained member of the staff must maintain a watch at the systems panel to monitor for activations of the systems detection devices. This person should have radio communications to others who can: sound an alert for evacuation if necessary; be dispatched to the area where the device has been activated to verify a fire or emergency; and to ensure that they system is not silenced and forgotten.

Fire Procedures

1. Any person discovering a fire will activate the fire alarm, call 911, evacuate the area, close doors and windows to confine the fire, or extinguish it if possible. Take your Emergency Backpack and ID card when evacuating.
2. Check with your buddy teacher during an evacuation to ensure everyone is evacuating and assist or evacuate the class yourself if necessary. All staff are to report to the assembly area and display the appropriate 'alert card' (Green Card = all students accounted for, Red Card = missing students and/or need additional assistance) in the emergency backpack.
3. The IC is to be notified immediately
4. Members of the Search Team or IC designees will report to the evacuation site before any students arrive. Team members will look for any suspicious objects or behavior (i.e. abandoned cars or objects in evacuation site) and report findings to IC. In the event of a suspicious object, team member will redirect teachers and students to alternate evacuation site.

5. The IC will form a Command Post at the evacuation site.
 - a. Direct that the necessary agency contacts be made
 - b. Teachers will immediately take roll and report any missing students to the Search Team Coordinator by using the card system. If problems exist, hold up appropriate colored card:
 - ? Red Card - Missing Students/Need Assistance
 - ? Green Card - All Students Present
6. The Search Team Coordinator will manage the reconciliation of all students and staff. The Search Team Coordinator is responsible for bringing the Visitor's Log and Early Dismissal Log (and any additional entry logs) to the evacuation site and reconciling attendance with these documents.
7. First aid is rendered as necessary
8. Use fire extinguisher if appropriate. While attempting to extinguish the fire, the user should keep a free exit path to his/her back to prevent being trapped by the fire. If one extinguisher does not put out the fire, do not go searching for additional extinguishers. Close off the area as best as possible, and exit the building immediately.
9. Access roads are kept open for emergency vehicles
10. IC in consultation with first responders will determine if students and staff should be moved to another area and/or begin the early release procedures
11. Students and staff will not return to the school building until fire department officials declare the area safe

Flooding

Flood/ Severe Weather

Warnings of severe weather are usually received via public radio or the State Warning Center. If time and conditions permit, students may be sent home. However, if the weather conditions develop during school hours, without sufficient warning, students should be held at school.

The principal will assess the situation and make an announcement over the PA or megaphone to A) evacuate, B) stay in classes or C) release students to go home.

See emergency procedures previously described for evacuation directions.

Loss or Failure Of Utilities

This procedure addresses situations involving a loss of water, power or other utility on school grounds. This procedure should also be used in the event of the discovery of a gas leak, an exposed electrical line, or a break in sewer lines.

General Procedures

1. Communicate with school administration when a power failure or loss of utilities in any part of the school building occurs.
2. Call 911 and provide them with location and nature of the emergency.
3. Inform the custodial staff of the situation.
4. Check elevators affected by the outage for stranded occupants. If there are stranded elevator passengers, a staff member should be assigned to stand outside on the nearest floor to facilitate communication with the person(s) inside.
5. Locate flashlights with batteries to use until power comes back on. Do not use candles – this can cause a fire.
6. Turn off sensitive electronic equipment such as computers, VCRs, and televisions.
7. Turn off major electric appliances that were on when the power went off. This will help to prevent power surges when electricity is restored.
8. Check the status of the fire alarm system. The system should have a secondary back up power supply and should be operating. This is important, as the cause of the electrical failure may be the result of an electrical fire condition.
9. Assess need for further assistance. Contact the appropriate utility company.
10. Consider the need for evacuation or early dismissal of the school on the basis of the time it will take to restore power to windowless areas, heat or air conditioning, meal preparation facilities, and water services.
11. Should the school be without electricity for an extended period, notify appropriate individuals/agencies (charter board, media)
12. As needed, school emergency supplies will be utilized to compensate for the loss of a utility
13. If the loss of utilities may generate a risk of explosion, such as a gas leak, refer to Explosion/Risk of Explosion section

Electrical Failure

1. Principal and/or custodian notify the electrical company.

2. Office staff and classroom teachers turn off computers and other equipment that might be damaged by a power surge when the service is restored.

Gas Line Break

1. Principal and/or custodian notify Local Gas Company.
2. Principal and/or custodian notify the Fire Department.
3. Staff to follow the emergency procedures previously described.

Water Main Break

1. Principal and/or custodian notifies the water department.
2. Custodian shuts off water.
3. Principal or notifies the police.
4. Principal determines if it is necessary to follow the emergency procedures on page 6 to evacuate students and staff.

Water Contamination

1. Instruct teachers to move students away from drinking fountains and sinks.
2. Notify school office and TEACH headquarters.
3. Have custodian turn off pressure to drinking fountains and sinks.

Motor Vehicle Crash

This procedure addresses situations involving a motor vehicle crash on or immediately adjacent to school property. If a crash results in a fuel or chemical spill on school property, refer to the Biochemical or Chemical Release section.

General Procedures

1. Based on the location and extent of the crash, the IC will declare a Lock Down – Response or evacuation
2. If an evacuation is declared, students and staff will follow standard evacuation procedures. IC will determine safest location for evacuation site.
3. Call 911
4. The IC will direct members of the School Emergency Response Team (search & rescue) will secure the area surrounding the crash to prevent unauthorized access, until the police arrive
5. The IC will direct the search & rescue team to perform fire suppression activities, if necessary, until the fire department arrives
6. The IC will direct the first aid team to check for injuries and provide appropriate first aid

Psychological Trauma

Crisis management at TEACH PS specifies actions during and subsequent to any emergency that may have a psychological impact on students and staff. Emergencies like those described above usually produce one or more of the following conditions:

- Temporary disruption of regular school functions and routines.
- Significant interference with the ability of students and staff to focus on learning.
- Physical and/or psychological injury to students and staff.
- Concentrated attention from the community and news media.

As a result of such emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been insured, attention must turn to meeting the emotional and psychological needs of students and staff.

Contact the Director of Student Services at the TEACH Tech for specific procedures relating to crisis management.

Procedure

1. The School Administrator will activate the School Psychological First Aid Team, (Principal, School Counselor, Parent/Family Coordinator, RSP Teacher) which has primary responsibility for providing necessary assistance after all types of crises.
2. The Psychological First Aid Team will assess the range of crisis intervention services needed during and following an emergency. The Team may determine the need for additional psychological support and will contact the Superintendent to request additional mental health support.
3. The Psychological First Aid Team will provide direct intervention services.
4. The Psychological First Aid Team will advise and assist the School Administrator to restore regular school functions as efficiently and as quickly as possible.
5. In performing their duties, the Psychological First Aid Team members will limit exposure to scenes of trauma.
6. The Psychological First Aid Team should isolate students demonstrating externalized behavior.
7. The Psychological First Aid Team will provide ongoing assessment of needs and follow-ups services as required for both student and staff.

Suspected Contamination of Food or Water

This procedure should be followed if site personnel report suspected contamination of food or water. This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or water supplies, or if notified of possible food/water contamination by District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees with unexplained nausea, vomiting, or other illnesses.

Procedure

1. The School Administrator will isolate the suspected contaminated food/water to prevent consumption, and will restrict access to the area.
2. The School Administrator will notify the District Office, Director of Food and Nutrition Services(Office Manager). Administrator will determine if they need to call "911."
3. The School Administrator will make a list of all potentially affected students and staff, and will provide the list to responding authorities.
4. The First Aid/Medical Team will assess the need for medical attention and provide first aid as appropriate.
5. The School Administrator will maintain a log of affected students and staff and their symptoms, the food/water suspected to be contaminated, the quantity and character of products consumed, and other pertinent information.
6. The School Administrator will notify the District Superintendent to determine necessary follow-up actions including the need to notify other potentially affected district facilities.
7. The School Administrator and the District Superintendent will confer with the County Department of Health Services before the resumption of normal operations.
8. The School Administrator will notify parents of the incident, as appropriate.

Water Contamination

1. Instruct teachers to move students away from drinking fountains and sinks.
2. Notify school office and TEACH headquarters.
3. Have custodian turn off pressure to drinking fountains and sinks.

Unlawful Demonstration or Walkout

Principal stays on site to supervise students

- Talk to students as they leave campus if this is manageable--do you understand that you will be marked absent? Do your parents know you are leaving campus and will be unsupervised?

- AP or APs, and campus supervisor(s) depending on the size of the crowd walk with students to protect their safety.
