Matt explained the process and shared that LAUSD uses the state list that typically comes out in March as the trigger for placing schools in low, middle, or high performing tiers. As such, TEACH Prep will be evaluated as a low-performing school. Matt shared that in the recent board meeting, a low performing school was granted a two year renewal, so he is hopeful considering the marked improvement in academic progress last school year. Board Member Lobdell asked about the timeline for LAUSD to evaluate the application and Matt explained they will be providing feedback, there will be a public hearing, then a vote at the February board meeting.

Matt Brown added that the team is watching the Academy's deficit very closely and he is more concerned about the larger trends over time.

G. Principal Reports

Sharon Rhee gave the Elementary Report and discussed her professional development goals for her team- aligning instruction and curriculum to standards and ensuring standards are covered and interventions are timely and effective. She shared that she has created a newsletter and highlighted activities such as the Fourth graders writing thank you notes to the custodial staff. In addition, wellness coaches are working with students to provide for their social-emotional needs.

Josh DeWeerd gave the presentation for the middle school. Josh shared the professional development goals, the focus on PBIS and literacy, attendance competitions, his newsletter, and other bright spots. He described the fieldtrips and activities that are increasing morale and a sense of belonging for students and staff.

James Cordero gave the update for the High School. James described the progress in academics and attributed that in part to their dedicated math instructional coach. He talked about his overall effort to bring more activities to the school to develop a sense of pride in the students and to build a sense of community. Those activities include sports, National honor Society, the homecoming dance, and a mentorship program for freshmen that is in development. The board asked about vacancies and Mr. Cordero listed three vacancies and his hiring strategy and timeline for filling those positions.
