Executive Director Report February 27, 2017

Academics

There have been five (5) sessions of the Math Clinic on Saturday. Twenty three (23) to thirty (30) students have attended and received Math interventions.

The program is based on mastering the basic operations and solving word problems. Most of the students except two (2) have now master subtraction of four (4) digits and had began to multiply. The upper grades are now multiplying.

Also, Monday 27th we will have an assembly called Magic Math to kick-off the math initiative provided by Brian Curry a magician that incorporates math in his presentation. In addition, we are implementing an enrichment program across the curriculum school wide. It will consist of having a word problem or an equation to solve everyday during the morning meeting.

Teachers and Staff Development

On Monday the 20th we had a whole day training in student engagement provided by Anne Swigard from Education Training Services located in Arizona. I'm please to report that teachers were pleased and learned a great deal. Some teachers are already implementing some of the strategies learned.

On Wednesday 23rd we had a crisis intervention training provided by the LIU.

Moreover, most teachers have been observed for a second time. The month of March will be allocated for post-conferences and final evaluations. Therefore, on the month of April we will be able to advance teacher's contracts.

Lastly, the office staff still needs to be evaluated including the school counselor.

Potential Enrollment

There are forty seven (47) potential students in a list comprised by siblings and non-siblings.

Oh those forty seven (47), eighteen (18) have submitted enrollment packages.

As today, I'm working on putting together a schedule of classes and the number of enrollees.

Once we have that, we will be able to estimate the number of teachers and staff needed for next year.

Parent Survey

The parent survey is completed. There were 53 responses. Overall the survey shows positively with concerns primarily about the report cards format and information. Some other concerns have been already addressed internally.

PSSA's

The school counselor and myself have met to designed the PSSA's schedule and proctors for the testing. All teachers and assistant teachers have been asked to take the proctor training.
