B. Enrollment Report/Treasurer's Report/Monthly Business Report

Enrollment has fluctuated between 248 and 242 students and is presently at 244 students. Vida staff are now tracking reasons for students' departure. The most common reason for disenrollment is move to another area.

SWhite inquired about enrollment December 2015 to obtain a comparison to current levels. These data were not readily available but will be included into our enrollment reports in the future.

MDavis reported an update in the student enrollment process where this process has been streamlined. There will be a bilingual information session in February which will include presentations by parents and students in both languages.

C. December Financials

KCorcoran led a discussion on December's financials. Vida's forecasted expenditures and actual expenditures are within < 0.5% of one another. Financial losses due to enrollment under predictions continues to be absorbable based on existing rainy day funds. A continued aggressive marketing plan for student enrollment is critical.

As of 1/18/2017, reimbursement rates have not been released widely. Of district sending students to Vida, Hanover reported a 1% decrease. In general most districts state-wide have seen 1-2% increase.

SWhite initiated a discussion to assess the reasons for the difference between projected (i.e., the basis for the 2016/17 budget) and current enrollment.

Responding to a question by SWhite, KCorcoran and MDavis discussed the ramification of PSERS vs. less expensive health care services while maintaining high instructional and administrative quality.

The committee then discussed variances in spending based on the P&L statement in terms of budgeting for the next fiscal year.

SWhite commented on the challenge of budgeting based on student numbers that are not yet enrolled and the resulting uncertainties for the budgeting process. Related, KCorcoran stated that the budgeting process starts as early as February with initial discussions in Finance committee in March and the full board becoming involved in April.

Finally, Quickbooks is still not fully operational at Vida. All attendees agreed that the final tutorial ought to be scheduled ASAP.

N. McGowan left.

S. White made a motion to forward financial statement for full board approval.

J. Brandauer seconded the motion.

The committee **VOTED** unanimously to approve the motion.

The report ought to be concluded by next week (week of 1/23). JBrandauer will follow up with KCorcoran and a representative from the auditor at the earliest possible time.
