I. Board Priorities Update

A. Kittleberger provided any board members with the opportunity to provide commentaary, none were offered. A. Kittleberger noted that from a priority standpoint, the budget remains the major item. She requests the board to think about structure, resource allocation and notes that discussions will continue through May, with a vote in June. The search for the new executive director is progressing with the board working on different points of process and planning for this search. A. Kittleberger notes that now is not the time to step away from criticism and asks that the board keep the students as the priority, which is what drives the decisions that the board makes. The board is listening to all suggestions and is trying to address the situations as we can. She thanks all the members of the board for the great job each is doing and notes that attached to the packet is a Vida Board Member Expectations April-June 2106 for the board members review.

D. Present Draft Budget for 2016-17

L. Leonard invited Ryan Schumm of Charter Choices to share information regarding the 2016-17 budget. R. Schumm stated that the budget is about finding balance in relation to where we started this year, where we will be at the end of this year and where we want to be next year. He notes that we have had many more variables than normal throughout

this year. We are projecting a deficit of \$500,000, \$300,000 of which was planned with one-time expenses related to the modulars and increased investment in education (curriculum purchases). The remaining \$200,000 in operating deficit for this FY is due unprojected decreases in student enrollment. We currently have a 3 month fund balance, approx 17% to cover expenses if we receive no public funds, which is in line with other schools and he wishes to maintain that balance. The Finance Committee is working to present a balanced budget. We are currently at 65% of the budget for fixed costs, which will increase next year due to lease expansion to encompass the entire school. It is noted that special education costs are uncertain from year to year and that charter school funding may be cut in the future and is uncertain because state subsidies have been cut. Student enrollment represents 93% of Vida's income. The 50/50 English/Spanish language ratios make it more difficult to add students in later grades, which is why we are trying to add Kindergarten classes. Healthcare remains a large portion of the budget as well as pension payments. R. Schumm notes that the Finance Committee will continue to review the budget with the aim of a balanced budget. The board thanks R. Schumm for his presentation and his expertise. L. Leonard notes that the entire board is invited to the next Finance Committee meeting for their inclusion in budget preparation.

D. Marritz noted the Governance Committee met on 3-23-16 and their primary goal was to fill the board vacancy and the committee recommends the approval of Jeanne Arnold. J. Brandauer also noted the term of board president will end in August and the board will be discussing executive officer positions before then.

Kellett interrupted from floor adding that fees for the screeners should be considered at this time. Search Committee: All members are invited to participate as they can in the process. 2nd round interviews: candidates will complete a "job talk" and the board will invite parents/staff and provide a Q & A forum as well as invite written attendee

comments for consideration by the search committee. 4) The time frames for each step are listed in plan. 5) Screeners and search committee will determine the structured interview questions. 6) Candidate evaluation criteria may be recommended by the screeners. 7) Pre-screening of the candidates will be done by the screeners. 8) Ranking of the candidates will be completed by the screeners. 9) First round interviews will be done via phone, skype, etc. 10) Discussion and comparison of candidates: Board's responsibility and members may rotate in for interviews as they are able, but to have a core group to keep process consistent and reliable. The interviewer committee will make a recommendation to the board regarding selection of candidates for 2nd round interviews. A search committee, distinct from the interview committee, was proposed to manage search process details. The committee membership is proposed as: L. Leonard-chair, M. Rosenberger, C. Maldonado, D.
