II. CFO Financial Report

A. July 2023 Preliminary Financial Report

- The DE 46 (pre-audit version) was completed and filed in early August. This is our annual financial reporting that is mandated under GA Law.
- First month of the fiscal year.
- Mthly and YTD actual income = \$1.19M
- Mthly and YTD actual expense = \$1.06M
- Mthly and YD surplus = \$130,572
- Cash on Hand Days is 568
 - This is high since we have so few expenses so far this year due to it being July/Aug
 - The more realistic number and more important for tracking purposes = 55 days cash on hand for the prior 12 months. In June it was 51.
- Recommendations: 4% salary increase across the board for educators with a one-time stipend for admin/ops. This will allow TMSA to retain more teachers and is still within the bounds of the draft budget prepared by Dr. Owes. Based on the numbers we currently have at this time from Fulton County, this recommendation would leave TMSA with around \$100k or so as a projected net income
- 2023-2024 Budget is waiting for board approval and for final confirmation from Fulton County.
- John will email an updated report with cell corrections for cash on hand.

Shameka Smith made a motion to approve the July 2023 Financial Report as presented by the CFO.

Tangie Warrior seconded the motion.

The committee **VOTED** to approve the motion.

IV. Unfinished Business

A. Finance Committee Goals for 2023-2024

- Not planning to finalize the goals of the committee at this meeting. Opened the floor for recommendations.
- As a reminder: Want to have 3-5 specific and measurable goals centered around what's outlined in the strategic plan and charter as it relates to TMSA's finances.
 - Fundraising - We will support the Annual Innovation Fund however, what event will be Board sponsored? NOTE: *The Board has a line item on the budget. Currently its \$5,000. This is also where our annual dues go.*
 - Training - All Governing Board Members should have a good understanding of the school's finances and should not depend on the Treasure and Financial Committee. How do we insure this understanding?
 - Financial reports are submitted timely without errors and the budget is balanced.
- Will continue to brainstorm before finalizing.

V. New Business

A. Public Presentation of the Proposed 23-24 Budget

- Required for us to present the budget to the school community for input prior to board approval.
- In the past, this was done at a committee meeting or governing board meeting.
- Dr. Owes prefers that we do the same this year.
- Once we are ready to present the budget (waiting on final numbers from Fulton County), the Communications Director will announce to the TMSA community for that meeting.

VI. Closing Items
