III. New Business (Discussion and possible action)

A. Review, Discuss, and possibly approve the purchase of a 165 LED display TV for \$52,435.00

M. St. Jean made a motion to approve the purchase of the 165 LED display TV for \$52,435.00.

C. Farthing seconded the motion.

The board **VOTED** to approve the motion.

CEO Hulet said that these displays are intended to replace the aging projectors in the gym.

Key benefits of the purchase included:

Cost Efficiency: The TVs are "open box" units, making them significantly cheaper than other display options and comparable in price to buying new projectors.

Versatility: Beyond classroom-style use, the displays can be integrated with software to serve as a digital scoreboard, replacing the current bulky unit.

Revenue Potential: The digital screens will allow the school to sell advertising and sponsorships during games and assemblies.

Urgency: The units were a limited-time offer, and the school wanted them installed in time for graduation.

Questions asked by the board members:

Is this within the budget? Yes, there are dedicated funds available for technology improvements and facility maintenance.

Why does this require a special board meeting if the amount is under the \$75,000 spending limit?

CEO Hulet has approval authority up to \$75,000 for items already line-itemed in the budget, this specific purchase was not explicitly listed. Therefore, board approval was required to move forward with the non-budgeted expense.

IV. Public Comment Opportunity #2

A. Comment #2
