F. Leadership Agenda Notes

* Lot of discussions around performance report/measures and specifically learner growth

- One of the large pieces of data that we are looking at are individual learner growth overtime and we are finding that while some learners might not be making Fall-Spring data they are making growth overtime (2-3 years at CRCS) and moving up achievement bands

* Meeting with the Charter Commission in March to share our results and make a case to them to try and revise the Performance Measures to include more longitudinal data instead of just Fall-Spring
